Sponsor representative Dr. Jeffrey Jaroscak presented the following report to the board. Please note that due to the coronavirus school closure and the board's desire to conduct its meetings as expeditiously as possible, Dr. Jaroscak's report was delivered via email ahead of the meeting:

As of today we have seen a slight increase in communications from ODE, but still not a great deal of guidance in terms of reopening. Schools boards are really left to make the decision about reopening. There has been more guidance in terms of special education. At this point we are focused on the August 21 Remote Learning Plan deadline and making sure that our school submit the proper forms.

You should have received the August Governing Authority Update. It contains information regarding site visits going forward. We will conduct site visit remotely for the near future. I am in the midst of sending meeting invitations to directors at this time. The "site visits" will begin on August 17.

We conducted the annual statewide meeting last week. We had over 300 participants. Although we are just going through session evaluations, the response seems to be positive.
