Ms. Veccia showed information on test scores that showed that MPA's test averages were greater than state average, including high school courses. She stated that the school conducted a successful New Family Orientation last month and presented a list of staff activities.

B. Special Education Services

B. Veccia recommends renewing the agreement with TES for the 2016-17 school year. We receive intervention services through them, Mrs. Turk, and other services including school psychologist, PT, OT, and speech and language services. Mrs. Turk works with MPA full-time - other services as needed.

* ADP Rep Brian McCarthy arrived late.

Discussion was had regarding breadth and cost of agreement. Board Members asked questions regarding what services are used, questions fielded by Amber Oxley. Expect 8-12 incoming students to need services. B. Veccia stated that they expect that funding will keep pace with required services. MPA has received federal funds to help offset cost of contract in the past, but that wasn't processed properly last year. Ms. Oxley reported a separate line item for TES contract and services and for Dr Rimm's office's services. Director Harrison questioned whether some of Dr. Rimm's services as well as Reading Interventions had the federal funds applied correctly. A. Oxley reported that doesn't appear to be the case. Director Hamilton raised concerns regarding contract coverage and impending gap in costs to cover services. Director McFarland asked about the scope of Mrs. Turk's services and time spent doing what functions. Director Harrison asked if contract with TES specifies that Beth Turk is our Intervention Specialist. If she leaves, what recourse would we have? Mrs. Veccia responded that there is a verbal agreement to have Mrs. Turk remain at MPA. Mrs. Veccia stated that Beth Turk is a large part of recommendation to renew but other TES people are also good. Unclear if we can request only Ms. Turk in writing.

Amanda Ross made a motion to Authorize Beverley Veccia to execute TES Agreement. Kelly Nelson seconded the motion.

The board **VOTED** unanimously to approve the motion.

Transcripts for candidates not yet received. Director McFarland stated that it is important that teachers' have substantive knowledge so transcript review is important. Important part about learning about teacher. Mrs. Veccia reported using a very thorough process. Director Nelson indicated that the transcript is a tool to help Board be consistent. There should be a policy to get everyone's transcript. But in general, defer to Bev and leadership team. Board reports that there is a clear policy that already lists these requirements.

Director Ross indicated that the Personnel policy says candidates need to bring transcripts to interview, but not that they have to have them prior to offering a position. Director Harrison clarified that the current policy requires transcripts are presented in advance and made available. That fact leads to that being a requirement prior to the offer being extended. Mrs. Veccia asked if the Board would approve the hires and she will request the transcripts to use as a tool to ensure they are the right fit before finalizing the employment. Board agreed, but in the future requests that the policy be followed in the appropriate order to all materials are available prior to the recommendation.

S. McFarland made motion to hire Sean Makinster as a teacher for the 2016-17 school year at an annual salary of \$34k. F. HamiltonSr. seconded the motion. The Board VOTED unanimously to approve the motion.

3. Jessica Smith (\$500) and Cella Gallager (\$250) for work as National History Day leaders.
4. Elizabeth Klipfell (\$150).
5. Katie Theiss annual salary adjusted to \$42,890 based on achieving her gifted endorsement.

K. Nelson seconded the motion. The Board VOTED unanimously to approve this motion.

Director Harrison questioned why these stipends were coming late instead of coming out of last fiscal year's budget. At this point the funds will come out of THIS year's budget, meaning there is less to work with for this year's activities.

The staff and Board congratulate Mrs. Theiss on her achievement,

agreement contains a parameter indicating a cost not to exceed. Director Hamilton inquired where the money is going to come from since this was not a planned expenditure and was covered by staff members in the past. Ms. Oxley responded that it comes from the Development budget line from half from capital campaign and half from operations. Director Harrison reminded the team that the plans for other expenditures that were part of the original funding request will now be decreased by that amount and asked what the impact would be if the decision was delayed until next month so the outstanding questions could be resolved.
