Review academic dashboard & indicators

Midyear assessments have shown a decrease in the number of students with 2-3 grade level delays. I-Ready math data shows improvement for each grade level, with a need for further interventions for middle school students, especially 8th grade. In ELA, there has been strong growth for English Language Learners and Black students - tutoring has been a great tool for strengthening student skills. The Director of Culture and Wellness launched a survey of student sense of belonging for 3-8th grade students and the data shows that the majority of students understand what school expectations are and feel a moderate to high sense of belonging.

III. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 4:59 PM.

Respectfully Submitted,
C. Craig-Chardon
