**III. Student Recruitment, Enrollment and Retention Update**

**A. Update**

Enroll Indy results released to public 5/19.

Tracking ahead of previous years.

Interest forms- try 3 methods of contact before putting into a non-enroll pile

We do not count interest forms as enrolled since they do not always convert into scholars attending.

L. Tarble arrived.

**IV. Kitchen Renovation Project Update**

**A. Summer Construction**

Original plan was to instal the hood and fire system only and do the rest in the summer of 2023.

As we dove into the plan, we discovered items that the board of health would be looking for- grease trap and a prep sink.

If we are going to trench for a grease trap, we might as well trench for MEP as well because trenching twice does not make sense.

This will put us in a delay for opening the kitchen, but meals will be prepared offsite until the kitchen is open.

D. Fischer made a motion to Approve kitchen spending on construction and needed equipment up to \$300,000 during the summer of 2022.

D. Rosenbarger seconded the motion.

Scholar academic retention- most beneficial in kindergarten is shown in data. Any retention in other grades is taken very seriously and multiple data points are used.

3 programs brought on mid-year:

Art of Problem Solving- Honors math program. Expanding next year for upper elementary and MS. No cost to CCP

1:1 Tutoring for scholars with dyslexia. No cost to CCP
