A. New item

Matchmake the smaller list inclusive of Chaya & any other corporations where we have a relationships

i. Tier 1 (Key contact, Student engagement + \$ or in kind): Bayer Cropscience (Grant), Lenovo (Need list of 2-3 to roll on to the board) (hardware, etc.), Syngenta,

ii. Tier 2 (Established relationship - Student engagement or \$ - Want to engage deeper): Cisco (Accommodate Children), Biogen, NetApp (Chaya to engage based on idea to engage girls to get excited about Engineering), SAS (Thomas to reconnect w/ the ROI + Pamela to work w/support to understand what's top of mind)

iii. Tier 3 (Established a connection, want to pursue): GSK, RedHat (Person who owns engaging HS across the nation - Chaya to send a follow up email to attendee of the Gala, Sherida to reach out to Teresa C. on additional person), Genworth financial (Chaya has contact that reached out and they will reconnect in August), RTP Foundation (Keith Pigues to partner w/ another board member), IBM, SAS, SAP

iv. Tier 4 (Future engagement, Contact desired) - York Properties, Quintiles, BCBS, Lockheed

v. Tier 5: BASF, Credit Suisse, etc.

1) Transition of Development Committee

Putting 2 people/account - leveraging the strengths of each individual

Future of the committee going forward - Traditional roles as leaders for committees we serve

A) Carmen will be leaving the committee as she is now board chair for board, on governance and now is on the finance committee so she will step down from Development

B) Sherida volunteered for Vice-Chair for board and will move onto the Governance committee & Chair of Governance and gauge participation in Development Committee thru eoy

C) Chaya asked to be Chair of Development committee

2) RTP Rotary Plan - Pamela to Update - Wants to create an event that they sponsor to showcase the volunteerism - reach out to companies in the park - Ask them to have something toward STEM education (opening doors to students). Looking to showcase their volunteerism. Use connections that Rotary already have - pushing out to other companies (Tier 4 or Tier 5) and help us elevate the relationship to Tier 1 or Tier 2

A) Possibilities outlined via Tiers to help kickstart the initiative

B) Outline the # of students and have first pick of companies - Start with RTHS and add other STEM schools in the future

Date coincide with Science festival in April

Next Steps would be to better outline the Tier 1-5 companies and equip Pamela with the list so when discussions progress she has the list of companies to engage the Rotary.

3) Work with School Development Committee - Pamela chairs and runs the annual campaign - Strong and parents could join our committee. No firm number on how many parents join but start with 1. Recommend we spell out the reqs for engagement (Deena) Requirements - Join 2/3 of board meetings either FTF or via teleconference, Co-Chair the Yearly Gala w/ a board member, liaison between parent and board fundraising activities at school

4) PTSO (Parent Teacher Student Org) - Perhaps look at them for future engagement w/ the Development Committee
