A. Brief update, purely visionary idea

- Proposal to formalize design-based research; Begin to develop research kit of tools - roll it out to other schools. Helps in better readiness of students. Prepare students appropriately

- Introduce Digital Learning to schools abroad. Doral, FI has started distance learning. Way to bring US expertise and expand in Latin America and other regions like India and Africa. Requirements: 6 courses for students to take online which will result in a US Diploma. Don't have to go to an American College to get this Diploma. Can get into European Universities with these courses (US History; English Literature); 15,000 students enrolled through the Doral program. Make curriculum available to more needy students globally. Infuse revenue raised back to RTHS. Tentative and optimistic timeline to implement - Fall 2019. Likelihood it could be moved over to 2020.
