Overall positive with accelerate kids leading feedback loop. Goal - Get total group to see the benefits by eoy. Teachers are still working hard - new space helps. Parents didn't want to ask results but preferred to be told

High level notes

- Building is silent due to new structure of the space
- Focus group w/ 12 kids - questions about being a learner - deal with people, deeper research, time management, learning how to ask questions.
- Learned to absorb and attend even during boring lectures, use resources effectively.
- Take learning to a deeper level - use the skills they are learning to use life skills across the curriculum.
- Hard - adjust to expectations - Adjust when they are not great a skill.
