Facilities Committee SMART GOALS Draft for SY 25-26			

The ACE Facilities Committee will ensure completion of repairs and maintenance projects across the building, addressing critical areas such as patching, painting, roofing, plumbing, and electrical systems to ensure safety and functionality. These projects will be executed within the assigned budget, with progress monitored through monthly inspections and reports. Led by Davy Mize (Facilities Chair), the team will coordinate with Joellen Freeman (ED), Latner McDonald (Treasurer and Finance Chair), and contractors to secure the necessary permits and resources, ensuring all work meets compliance standards. This initiative supports the school's commitment to providing a safe and conducive learning environment. The repairs and maintenance will commence within one week of submission from the Executive Director and be completed within three weeks of the submission mentioned above, minimizing disruption to school operations.

The school will add two sixth-grade classrooms to accommodate nine students per room, meeting educational standards and supporting ACE's model. The project will adhere to a budget of \$40,000 out of pocket for ACE, excluding funds that the CSP will reimburse. Progress will be tracked through monthly financial reviews and milestones, from planning to final inspection. Led by Davy Mize (Facilities Chair), the team will coordinate with Joellen Freeman (ED), Latner McDonald (Treasurer and Finance Chair), and relevant stakeholders to secure resources and permits, ensuring the timely completion of the expansion. This initiative aligns with the school's mission to enhance educational opportunities and address the growth of its student population.
