A. WHAT: Present an Overview of The Project

Committee reviewed and discussed documentation/presentation previously submitted by Lauren Iannuccilli.

Deliverables for the project:

- Dashboard of Schoolwide Goals
 - A set of common S.M.A.R.T goals, rooted in student outcomes and the school's mission, that can be tracked by the Board and leadership to evaluate success. The goals can be set forth in a dashboard for tracking outcomes in relation to targets over the next charter term.
- Action Plan
 - A set of prioritized strategies and action steps to implement in support of achieving the established goals. This would draw from and expand on the strategic plan and align with completion of the Pennsylvania Department of Education comprehensive plan.

B. WHY: Provide Rationale for the project

III. Closing Items

A. Committee Questions

What is the timeline for the project moving forward regarding goals?

- The baseline for goals can be based on the previous year's data for an interim evaluation period. Then develop S.M.A.R.T Goals for the beginning of the new 5 year Charter Renewal Cycle which starts July 2020.

Can the dashboard be connected to our current student information system for real time data on attendance, suspensions, attendance, etc?

- This options will be considered as the dashboard is being developed. It will depend upon which platform is being used.

B. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 6:40 PM.

Respectfully Submitted,
