Greg Wallis stated that he met with Nathan Tuttle and Brian Anderson, the Edison accountant the previous week. He noted that after reviewing the available financial information, that all looked in order and there was nothing out of the ordinary at this point in the year. He added that there is a need to reformat some of the reporting materials and also a need to update the 5-year projections. Motion to accept the Treasurer's Report made by Ernest, 2nd by Ted Givens. Motion approved, no objections.

IV. Board Reports

A. Facilities Report

No report

B. Governance Report

Ernest led a brief discussion about adding new members to the board. The consensus was there was no need for additional board members at this time and that it will be revisited at the end of the school year. This will be part of Tanya's responsibilities as Chair of Governance.

V. Head of School, CEO Reports

A. Head of School Report

Nathan Tuttle began with the declaration that “We continue to be finding our rhythm at Edison.” He noted that the school is fully staffed, and that many of the students from last year had returned. He also provided an update on the past month’s review of what other Innovation Schools are providing on their websites. Specifically, he looked at board documents, agendas, minutes etc. Based on that review, Edison is ahead of the other Innovation schools but we still have to make more progress. Specifically, we need to manage the Board On Track web portal better in-order to improve board access and public access to approved materials, and staff needs to decide which policies, procedures and handbooks need to be uploaded onto the web portal. He committed to making progress on this each month with the help of Tanya as Chair of Governance.

B. Academic's Reports

Amy Berns began her report with an overview of the evaluation process for staff members. There are walk-throughs, which are more of an informal observation, that last 2-5 mi. There are 3 categories for us to track different items such as students collaborating, active engagement, individualized instruction, teachers at desk etc. This then provides us data to look at to see if there are building-wide trends or specific areas to focus on with individual teachers. Teachers receive actionable feedback and can respond to their observations.

C. Advancement & Engagement Reports

Penny Guthrie began by reporting that enrollment is officially 597 students. All classrooms are full to capacity. Penny also provided an update on the new Enroll Indy initiative for merging the enrollment practices of area schools. Penny also coordinates the Parent Teacher Organization (PTO). Their meetings are always the 3rd Tuesdays of every month. They are held in the library. The parents are discussion a cookie dough fundraiser; plans for managing the garden; and after school clubs. Parents really want after school clubs.

Henry Leck supported the parent idea for after school clubs, and he has discussed his ideas with Amy Berns. He also mentioned that CICF is working on a \$65,000 grant and \$25,000 is ear marked for serving underserved children. Music for all would get funding and then hire the Children's Choir to provide staff for groups possibly drumming, theatre, choir etc.

VI. Unfinished Business

A. Student Handbook Update

B. Board Handbook Update

Ernest will update the handbook and then pass it out to Tonya.

VII. New Business

A. After School Clubs

Henry and Amy are working on a proposal for after school clubs. There will be a proposal at the November 14th board meeting. Amy will be sending out a survey to the teachers to determine who would be willing to volunteer and what clubs they would be interested in. A survey will also be given to the students to find out students interests.

Henry spoke with someone regarding different ideas for clubs such as a VIP club which would be an inclusive club (very important person), animal welfare, project groups who make things and donate the items, scout troops, stem groups, robotics, craft club, environmental club, spell bowl, chess, minecraft and geo-caching as ideas.

Looking at one day a week either Monday, Tuesday or Thursday from 2:30-5:15pm.
