IV. Treasurer's Report

A. Approve February Financial Statements

Greg Wallis reported that he met with head of school and the accountant to review the year to date financials (July 1, 2017 – January 30, 2018). He noted that the financials all

looked in order, and will continue to work with the accountant on reclassification of some entries to make it a better tool for management. He also noted that staff submitted requests for Title 1 funding as noted receivables. The January financials were sent to each board member for review and analysis prior to the board meeting. Lastly, Greg presented a budget projection though June for adoption by the board.

K. Feeney-Caito made a motion to accept the financial report as presented.

H. Leck seconded the motion.

The board **VOTED** unanimously to approve the motion.

B. 2018-2019 Budget Assumptions

Greg Wallis also provided an update on budget assumptions for 2018-2019 that is informed by new SBA information from the district. The budget assumptions include the recommendation of Edison beginning to pay the employee portion of employee salaries comparable to IPS. There will be a preliminary budget and then a final budget.

H. Leck made a motion to Moved to accept Budget Assumptions as presented.

K. Feeney-Caito seconded the motion.

The board **VOTED** to approve the motion.

C. Employee Retirement Funds

Greg Wallis also presented an overview of the differences between what IPS pays into the Indiana Public Retirement Fund and the Teacher Retirement Fund versus the Edison contribution. IPS pays the employee portion but Edison has not been paying the employee portion but instead increased employee salaries. Edison has been paying the employer contribution all along. Following a review of the process, it is his recommendation that Edison should mirror the IPS practice of also paying the employee portion in order to maintain a competitive position.

Based on review of projections, Greg would move to approve the paying the employee portions of PERF and TERF as soon as it can be done through the government. Penny will submit a board resolution to the State of Indiana requesting such action. Projected time is 30 days or effective upon INPRS's ability to process. INPRS will not allow it to be retroactive by statute. Motion is as soon as practicable, to implement and that Edison School of the Arts will pay the employee contribution through PERF and TERF as soon as it can be.

G. Wallis made a motion to to authorize Edison to mirror the IPS practice of paying the employee portion of the PERF/TERF as soon as it can be approved by the State of Indiana.

K. Feeney-Caito seconded the motion.

The board **VOTED** to approve the motion.
