The pricing in the Pricing Schedule above ("Pricing Schedule") reflects the monthly per-subscription fees for the applicable Service. In the event the Pricing Schedule sets forth tiered pricing, any such tiered pricing levels are based upon the Aggregate Total Number of active subscriptions of the relevant Service purchased. "Aggregate Total Number" as it relates to a subscription, is the aggregate total number of active subscriptions, purchased by the Customer executing this Order Form, commencing on the Contract Start Date of this Order Form, as measured at the time of execution of the applicable Order Form. If a single additional order raises the aggregate number of subscriptions for any Service listed in the Pricing Schedule above the threshold limits specified therein, only those subscriptions exceeding the new threshold are entitled to the reduced pricing. Only additional orders by Customer that are associated with this Order Form, for purchase of subscriptions to the same Service and edition as set forth in the Pricing Schedule, during the period commencing on the Contract Start Date and ending on the Contract End Date of this Order Form, are eligible for the applicable volume pricing levels under the Pricing Schedule. For clarity, restricted use subscriptions (those subscriptions that either have the term "Restricted Use" in the Service name, or are indicated as a Restricted Use Subscription in a Quote Special Term) are not included when determining the Aggregate Total Number of a full use subscription, and full use subscriptions are not included when determining the Aggregate Total Number of a restricted use subscription. Any price decreases shall have no effect on previously purchased subscriptions. Volume discounts do not accumulate across different Services or editions. Any renewals of the subscriptions purchased under this Order Form are not eligible for the Pricing Schedule unless expressly agreed to in writing between the parties in an applicable renewal Order Form.

Quote Special Terms
