If you have questions about the board agenda and materials or you are in need of disability-related accommodations, please contact:

Si tiene preguntas sobre la agenda y materiales de la junta o necesita adaptaciones relacionadas con la discapacidad, comuníquese con:

Edeson Beredo eberedo@mwacademy.org.

Agenda

	Purpose	Presenter	Time
I. Opening Items			10:30 AM
Opening Items			
A. Record Attendance and Guests		Alicia Klein	5 m
B. Call the Meeting to Order		Alicia Klein	1 m
II. WASC Advisory Committee Annual Review Meeting			10:36 AM
A. Opening Comments	Discuss	Alton B. Nelson Jr.	10 m
Introductions, context setting, and review of the agenda and revised format to this meeting.			
B. WASC Updates	Discuss	Alton B. Nelson Jr. & Tameka Jackson	30 m

We will review parts of and answer any questions related to the WASC progress to goals report and the newly proposed, 3-year LCAP/WASC Plan. We will also review the Mid-Cycle Visit Report from last spring, discussing any updates, progress, and key

	Purpose	Presenter	Time
takeaways we should continue to track through the end of our WASC cycle. We are in year 4 of a 6-year cycle.			

- | | | | |
|---|---------|---------------------|------|
| C. Newly Proposed LCAP/WASC Three-Year Plan Review | Discuss | Alton B. Nelson Jr. | 30 m |
|---|---------|---------------------|------|

Review, orientation, discussion, and questions about the WASC/LCAP Three Year Plan and goals and metrics within the plan?

Tameka, Eric, Zachary, Arika, Carrera, and Bryann contribute here.

- | | | | |
|--|---------|---------------------|------|
| D. Discussion of Approach to Meetings | Discuss | Alton B. Nelson Jr. | 30 m |
|--|---------|---------------------|------|

We will discuss and come to agreement on a proposal to combine the spring CIRAC and WASC committee meetings. We will also discuss what it would look like to show progress in our next full cycle review within the next 18-21 months.

- | | | | |
|--|--|--|------|
| E. Exit Tickets - Evaluation of the Meeting | | | 10 m |
|--|--|--|------|

III. Closing Items			12:26 PM
---------------------------	--	--	-----------------

- | | | | |
|--------------------------|---------|--|------|
| A. Public Comment | Discuss | | 10 m |
|--------------------------|---------|--|------|

Public Comment

- In Public Comment for Special Committee Meetings, members of the public may address the Board regarding **any item that has been described in the notice for this meeting.**
 - **Presentations are limited to two minutes each**, or a total of ten minutes for all speakers, or the two-minute limit may be shortened.
- In accordance to the Brown Act, the MWA Board may listen to comments, but can neither discuss nor take action on the topics presented. Members of the board are very limited in their response to statements or questions by persons commenting on items not on the agenda.
- **Speakers may submit a request to speak before 9:00 AM on the day of the board meeting or use the raise hand function during the public comment sections of the meeting.**
 - **If you would like to send your request to speak prior to the meeting, please email your request to mmoloney@mwacademy.org in English or Spanish.**

	Purpose	Presenter	Time
<ul style="list-style-type: none"> ◦ <i>During the meeting, we will call your name and you should use the "raise hand" feature to identify yourself.</i> • Under SB1036 the minutes from this meeting will omit student and parent names and other directory information, except as required by judicial order or federal law. If a parent/ legal guardian wishes a name be included, one must inform the board prior to their public comment. 			

Comentario público

- En los Comentarios Públicos para las Reuniones del Comité Especial, los miembros del público pueden dirigirse a la Junta con respecto a cualquier tema que se haya descrito en el aviso de esta reunión..
 - ***Las presentaciones están limitadas a dos minutos cada una.***, o un total de diez minutos para todos los oradores, o se puede acortar el límite de dos minutos.
- De acuerdo con la Ley Brown, la Junta de MWA puede escuchar comentarios, pero no puede discutir ni tomar medidas sobre los temas presentados. Los miembros de la junta están muy limitados en su respuesta a declaraciones o preguntas de personas que comentan sobre temas que no están en la agenda.
- ***Los oradores pueden enviar una solicitud para hablar antes de las 9:00 a. m. del día de la reunión de la junta o usar la función de levantar la mano durante las secciones de comentarios públicos de la reunión.***
 - ***Si desea enviar su solicitud para hablar antes de la reunión, envíe su solicitud por correo electrónico a mmoloney@mwacademy.org en inglés o español.***
 - ***Durante la reunión, lo llamaremos por su nombre y debe usar la función "levantar la mano" para identificarse.***
- Según la SB1036, las actas de esta reunión omitirán los nombres de los padres y los estudiantes y otra información del directorio, excepto según lo exija una orden judicial o la ley federal. Si un padre/tutor legal desea que se incluya un nombre, debe informar a la junta antes de su comentario público.

Item: B. WASC Updates
Purpose: Discuss
Submitted by: Alton B. Nelson Jr.
Related Material: WASC-LCAP Goals Progress Report - May 2024.pdf
Making Waves Summary-Mid-cycle-Visit-Committee Report (4).pdf
WASC Committee Presentation - Spring 2024_TJ Final.pdf

BACKGROUND:

This Progress Report shows progress to goals in the 3 WASC goal areas as well as the 8 LCFF priority areas (LCAP related). Because we continue to plan to merge both the WASC and LCAP, this will be the last year using these particular metrics and actions.

2023-24 is year 3 of a 3-year LCAP cycle. Later on in the meeting, we will discuss any questions about and highlight key changes in the NEW LCAP/WASC combined plan that will begin a new 3-year plan that starts in the fall of 2024.

The key terminology to track in this report is "Little to no progress", "Some progress", and "Material progress". The metrics and goals are listed along with a brief explanation on the far right column,

Finally, we have all found this current plan rather cumbersome and hard to use. The new plan has fewer metrics and actions, and they are designed to take longer to achieve over time (3 years).

WASC Measurable outcome	LCAP Goal	LCAP Desired Outcome for 23-24	WASC Progress to Goals, 2023-24	WASC Progress to Goals notes, reflections, and EVIDENCE for 2023-24
<p>1.1: By 2023 CA Dashboard, all students will annually increase their math DFS by a minimum of 9 points to achieve low performance level and color rating of yellow as reflected on the math indicator.</p>	<p>8- Academic Growth</p>	<p>Original: MATH: 50% for Middle School and 70% for Upper School pass the SBAC and have GPAs above 2.5</p> <p>Revised: MATH: 30% for the Middle School and 50% for the Upper School pass the SBAC and have GPAs above 2.7.</p>	<p>Material Progress</p>	<p>In 2023, math DFS increase of 21.9 points and a color rating of yellow. Met the goal.</p>
<p>1.2: By 2023 CA Dashboard, all students will annually increase their English DFS by a minimum of 6.45 points to achieve high performance level and color rating of green as reflected on the English indicator. (Other Pupil Outcomes)</p>	<p>8- Academic Growth</p>		<p>Material Progress</p>	<p>In 2023, English DFS increase of 11.9 points and a color rating of yellow. Met the goal.</p>
<p>1.3: By 2023 CA Dashboard, African American students will annually increase their math DFS by a minimum of 3 points to achieve low performance level and color rating of yellow as reflected on the math indicator. (Other Pupil Outcomes)</p>	<p>8- Academic Growth</p>		<p>Material Progress</p>	<p>In 2023, African American students increased their DFS in math by 14.2 points and a color rating of orange. Partially met the goal.</p>
<p>1.4: By 2023 CA Dashboard, African American students will annually increase their English DFS by a minimum of 9 points to achieve low performance level and color rating of yellow as reflected on the English indicator. (Other Pupil Outcomes)</p>	<p>8- Academic Growth</p>	<p>ENGLISH: 70% for the Middle School and 80% for the Upper School pass the SBAC and have GPAs above 2.7.</p>	<p>Material Progress</p>	<p>In 2023, African American students increased their DFS in English by 10.6 points and a color rating of yellow. Met the goal.</p>

<p>1.5: By 2023 CA Dashboard, SPED students will annually increase their math DFS by a minimum of 3 points to achieve very low performance level and color rating of orange as reflected on the math indicator.</p>	<p>8- Academic Growth</p>		<p>Little to No Progress</p>	<p>In 2023, students with disabilities increased their DFS in math by 20.1 points and a color rating of orange. Met the goal.</p>
<p>1.6: By 2023 CA Dashboard, SPED students will annually increase their English DFS by a minimum of 3 points to achieve very low performance level and color rating of orange as reflected on the English indicator.</p>	<p>8- Academic Growth</p>		<p>Material Progress</p>	<p>In 2023, students with disabilities saw a decrease in their DFS in English by -6.8 points and a color rating of red. Did not meet either goal.</p>
<p>1.7: Refine and follow with fidelity the plan for checking for proper teacher credentialing during the recruitment and selection process as well as developing an annual credential review schedule. (Conditions of Learning)</p>	<p>1- Basic Conditions</p>	<p>100% of teachers are credentialed, appropriately assigned, and making adequate progress toward their credential pathway.</p>	<p>Material Progress</p>	<p>Based on ongoing support and monitoring, HR provides to all educators that have not reached their clear credential, 51 teachers, 36 lacked full credentials this school year. However, with 4 no longer employed at MWA, HR focused on 32 teachers. By May 2024, 28% (9 teachers) will be recommended for intern or preliminary credentials, while 22% (7 teachers) will complete their first year in the TIP program. Additionally, 13% (4 teachers) are expected to finalize the TIP program and receive a Clear credential recommendation. The remaining 12 teachers will continue to follow a personalized teacher plan aligned with their progress and permit eligibility. During this LCAP cycle, HR has refined and strengthened its systems to support teachers who are working towards becoming fully credentialed. While we did not meet our goal of having 100% of teachers fully credentialed and properly assigned, we have seen progress in decreasing teacher misassignments (18% 2020-21; 15.6% 2021-22).</p>
<p>1.8: Ensure materials for core classes are on the State Adopted List and meet the criteria for state approved materials. (Conditions of Learning)</p>	<p>1- Basic Conditions</p>	<p>Standards-aligned, culturally responsive curriculum in all content areas.</p>	<p>Material Progress</p>	<p>100% of students have access to standards-aligned curriculum and materials in all subjects (2023 SARC). Met the goal.</p>
<p>1.9: Ensure facilities meet safety and maintenance criteria set forth by federal, state, and local regulations. (Conditions of Learning)</p>	<p>1- Basic Conditions</p>	<p>Original: Buildings remain in good repair. Revised: Maintain all facilities systems rated "Good"; overall rating of "Exemplary" on FIT.</p>	<p>Material Progress</p>	<p>95.81% for the middle school ("Good") 95.97% for the upper school ("Good") (Aug 2023 FIT). Met the goal.</p>

<p>1.10: Implement a plan to allow for ongoing scheduled training and monitoring of core day and intervention faculty with respect to the use of instructional strategies that allow for our English Language Learner students to better access content knowledge, while also addressing any skills in need of development. (State Standards)</p> <p>1.11: Implement a progress monitoring protocol for systematic and ongoing data generation and review of English Proficiency for English Learner students including regular review of progress in the English Language Proficiency</p>	<p>2- Academic Standards</p>	<p>Original: All staff are coached regularly on implementation of ELD professional development.</p> <p>Revised: All appropriate staff delivering ELD support are evaluated and meet expectations for proficient instruction and support.</p>	<p>Material Progress</p>	<p>Students and parents were provided with EL progress reports that allowed them to track their progress towards reclassification at different points in the year. Teachers were also provided with EL data and aligned designated supports. With an ELPI rating of 59.7% MWA met and exceeded our goal. There is still room for improvement in this action, leading to it being somewhat effective. We will continue next year with additional time for teachers to update plans along with EL students. Designated ELD teachers were provided ongoing professional development sessions to support curricular implementation. ELD PLC attendance has been 75%. Regarding integrated ELD, staff were provided with EL profiles and PD regarding strategies around academic vocabulary instruction. Likewise, teachers were evaluated regarding their use of vocabulary strategies, and were also monitored via WAAG submission. These actions were somewhat effective: Teachers were observed utilizing various vocabulary strategies, and the designated ELD curriculum was used with fidelity.</p>
<p>1.12: Maintain and deepen the current level of parent involvement through intentional and mission-aligned opportunities for involvement. (Parent Involvement)</p>	<p>3- Family Partnerships</p>	<p>Original: "Strong" family participation. We hope to see increased participation in family engagement events.</p> <p>Revised "Strong" parent participation (80% or more families participate in family meetings.) We hope to see increased participation in family engagement events.</p>	<p>Some Progress</p>	<p>Parent Participation in Events: Back to School Day 36 Saturday Parent Meetings-18 Parent Education Workshops-11 ELAC-11 LCAP-9 Advisor Family Conferences-7 (MWA School Climate Survey for Families-February 2023)</p>
	<p>3- Family Partnerships</p>	<p>80% of parents participate in survey. 60% of parents share a high satisfaction rating.</p>	<p>Some Progress</p>	<p>89% of parents agree/strongly agree that MWA is responsive to questions and concerns. 87% of parents feel satisfied with opportunities for parent participation and input at Making Waves Academy. (Climate Survey FEB 2023).</p>

<p>1.13: Academically engage our Middle School students and support them social-emotionally to encourage 90% or higher annual retention rates, particularly the 8th grade retention rate at MWA and matriculation to the Upper School. (Pupil Engagement)</p>	<p>5- Student Engagement</p>	<p>Original: 90% or more 8th graders matriculate to upper school Revised: 95% or more 8th graders matriculate to upper school</p>	<p>Material Progress</p>	<p>95% of 8th graders remained to start 9th grade in 2023-24 at MWA. We exceeded the original goal and met the revised goal.</p>
<p>1.14: Academically engage our Upper School students and support them social-emotionally to encourage 90% or higher annual retention rates and a 5% or less dropout rate. (Pupil Engagement)</p>	<p>4- College and Career Readiness</p>	<p><1%</p>		<p>Awaiting final numbers after the end of the school year.</p>
<p>1.14: Academically engage our Upper School students and support them social-emotionally to encourage 90% or higher annual retention rates and a 5% or less dropout rate. (Pupil Engagement)</p>	<p>5- Student Engagement</p>	<p>Original: 90% retention rate in upper school Revised: 96% retention rate in upper school</p>		<p>Awaiting final numbers after the end of the school year.</p>
<p>1.15: 80% or more of students will "Meet" or "Exceed" the standard on the CA standardized tests for Science in 5th, 8th, and 10th grades and in the content specific courses in high school; the overall GPA average by grade level for students in Science is 2.5. (Other Pupil Outcome)</p>	<p>8- Academic Growth</p>	<p>Original: SCIENCE: 50% for the Middle School and 70% for the Upper School pass the SBAC and have GPAs above 2.5. Revised: SCIENCE: 30% for the Middle School and 50% for the Upper School pass the CAST and have GPAs above 2.7.</p>	<p>Some Progress</p>	<p>Awaiting final results for the spring 2024 assessments.</p>

<p>1.16: 80% or more of students will “Meet” or “Exceed” the standard on the CA standardized tests for Social Science in 8th and in the content specific courses in high school; the overall GPA average by grade level for students in Social Science is 2.5. (Other Pupil Outcomes)</p>	<p>8- Academic Growth</p>	<p>Original: SOCIAL SCIENCE: 50% for the Middle School and 70% for the Upper School pass the SBAC and have GPAs above 2.5. Revised: Average Social Studies/History GPAs above 2.7</p>		<p>Awaiting final results for the spring 2024 assessments.</p>
<p>1.17: Students will meet various goals for physical education through their Health and Wellness courses in both the Middle School and Upper School such as: 100% of students will enroll in and pass their required Health and Wellness course; 95% or more will take their grade level respective Physical Fitness Test; 90% or more of students will pass their corresponding CA Physical Fitness Exam. (Other Pupil Outcomes)</p>	<p>8- Academic Growth</p>	<p>PHYSICAL FITNESS: 90% or more will pass the annual Physical Fitness Test and have GPAs above 2.5.</p>		<p>Awaiting final results for the spring 2024 assessments.</p>
<p>1.18 100% of students will take Visual Art courses in both the Middle School and Upper School; every student will meet criteria for their work to be shown or displayed within the classroom or in public spaces such as the hallways or office.</p>	<p>7- Course Access</p>		<p>Little to No Progress</p>	<p>Students took visual arts in both divisions of the school and some work was shown in the hallways but not consistently in both divisions.</p>

<p>1.19: Develop and adopt a plan for expanding Career Technical Education (CTE) opportunities with 100% of students having options to take courses aligned to CTE standards. (Other Pupil Outcomes)</p>	<p>7- Course Access</p>	<p>Original: 10% or more will be enrolled in CTE designated courses Revised: 30%</p>	<p>Little to No Progress</p>	<p>Working through options for expanded CTE courses to start in 2025-26.</p>
<p>1.19: Develop and adopt a plan for expanding Career Technical Education (CTE) opportunities with 100% of students having options to take courses aligned to CTE standards. (Other Pupil Outcomes)</p>	<p>4- College and Career Readiness</p>	<p>5% of CTE participants in an academic year reach CTE completer status</p>	<p>Little to No Progress</p>	<p>Working through options for expanded CTE courses to start in 2025-26.</p>
<p>2.1: By the 2023 CA Dashboard, all students will annually perform at a graduation rate of 95.0% or greater to maintain the very high performance level and color rating of blue, as reflected on the graduation rate indicator. (Pupil Achievement)</p>	<p>4- College and Career Readiness</p>	<p>Original: 95% or higher Revised: 4-year graduation rate: 95% 5-year graduation rate: 98%</p>	<p>Some Progress</p>	<p>90.9% graduation rate and a color rating of Green.</p>
<p>2.2: By the 2023 CA Dashboard, all students will annually increase their college preparedness rate by 3.0% to achieve the very high performance level of 70.0% or greater identified as "prepared" and color rating of blue as reflected on the College and Career Readiness Indicator.</p>	<p>4- College and Career Readiness</p>	<p>70%</p>	<p>Some Progress</p>	<p>54.7% prepared. 35.8% approaching prepared. 2022-23 is the first year the college preparedness rates returned on the Dashboard after the pandemic and closure year.</p>

<p>2.3 To reclassify the majority of ELs by the end of their 8th grade year and meet annual reclassification goals towards the larger reclassification goal.</p>	<p>2- Academic Standards</p>	<p>Original: 80% reclassification rate by 8th grade 20% annual reclassification rate (all grades) Revised: 65% of ELs reclassified by 8th grade. 20% annual reclassification rate (all grades)</p>	<p>Some Progress</p>	<p>33% of the current 8th grade (2023-24) reclassified. There are 32 remaining 8th graders classified as ELs (with 16 have reclassified). Additional ELPAC results will occur in May 2024 which could result in additional reclassifications.</p>
<p>2.4: 95% or more of students taking the Early Assessment Program (EAP) exam and 75% or more of students scoring at or above the passing mark for the English and math portions of the exam. (Pupil Achievement)</p>	<p>4- College and Career Readiness</p>	<p>Math EAP: 30% ELA EAP: 70%</p>	<p>Some Progress</p>	<p>We have met participation rate goals. Scores dropped in 2021 and rose considerably in 2022, though not back to pre-pandemic levels. In ELA we are close to the 75% goal, in math we are far from it (and were never close to this number even pre-pandemic).</p>
<p>2.5: 55% or more of students taking the AP Exam pass them with scores of 3 or higher. (Pupil Achievement)</p>	<p>4- College and Career Readiness</p>	<p>Original: AP Pass rate: 80% Revised: AP pass rate: 30%</p>	<p>Material Progress</p>	<p>42% of students passed their AP exams with a score of 3 or higher in 2022-23.</p>
<p>2.6: 100% of students are enrolled in courses at the Middle School that meet the state criteria for "course access" and at the Upper School (high school) that meet and/or exceed MWA graduation requirements (consistent with UC/CSU required entrance requirements) through offering a viable but varied set of differentiated courses. (Course Access)</p>	<p>7- Course Access</p>	<p>100% of students are enrolled in courses at the middle school that meet the state criteria for "course access" and at the upper school (high school) that meet and/or exceed MWA graduation requirements (consistent with A-G requirements for UC/CSU eligibility) through offering a viable but varied set of differentiated courses.</p>	<p>Material Progress</p>	<p>CSU eligible 84/85 (98%) UC eligible 49/85 (57%) (2023-24)</p>

<p>3.1: By the 2023 CA Dashboard, suspension rates of African American, Latino and SPED students will decrease at an annual rate of 5.7%, 1.9% and 4.55% respectively to achieve a blue level. (School Climate)</p>	<p>6- School Climate</p>	<p>< 5% (overall and in both divisions)</p>	<p>Some Progress</p>	<p>African American suspension rates decreased by 1.5% (orange), Latino (Hispanic) suspension rates increased by 3.4% (red), and SWD suspension rates increased by 9.2% (red).</p>
<p>3.2: By the 2023 CA Dashboard, chronic absenteeism for Black/African American students will decrease annually by 5% to achieve a green level. Latino students will decrease annually by 1.5% to achieve a green level. (Pupil Engagement)</p>	<p>5- Student Engagement</p>	<p>15.50%</p>	<p>Material Progress</p>	<p>African American chronic absenteeism rates decreased by 36.8% (orange), Latino (Hispanic) suspension rates decreased by 42.8% (yellow), and SWD suspension rates decreased by 34%% (orange).</p>
<p>3.3: Maintain an ADA of 96% or higher. (Pupil Engagement)</p>	<p>5- Student Engagement</p>	<p>97% ADA</p>	<p>Material Progress</p>	<p>ADA of 94.15 as of 4/12/24.</p>

<p>3.4: Expand site-based SARB process to include additional community members to provide support to students struggling with attendance. This can include advisors, core-day teachers, or other staff members. (Pupil Engagement)</p>	<p>5- Student Engagement</p>		<p>Material Progress</p>	<p>Communications on student attendance and the importance of attendance have been shared through an attendance packet created and distributed during back to school, as well as through flyers that were posted around the school and information shared on ParentSquare and daily calls to families of students with unexcused absences. Communication directly to parents of unverified absences, tardy to school, and cuts for their students are also shared via ParentSquare. Family communications are also conducted. SART Letters are sent to students who meet the truancy threshold bi-weekly and SART meetings are held with families of truant students. Criteria for perfect attendance certificates established and perfect attendance certificates are distributed to students during Homeroom (middle school) and Advisory (upper school). Certificates have also been created for students who were not perfect attendance but were present every day. Students have been excited about these forms of recognition, especially in the Middle School. Students continuously receive ADA information from a CEO dashboard that is shown daily on TVs throughout the school as a way to visibly track how attendance rates shift.</p>
<p>3.5: Implement a number of social-emotional, Advisory, and classroom based strategies, and faculty/staff trainings that can contribute to possibly curtailing and limiting the number of SUSPENSIONS. (School Climate)</p>	<p>5- Student Engagement</p>		<p>Some Progress</p>	<p>The Student Support Team, with support from the social worker, have significantly increased the number of restorative conversations among students. There has been inconsistent use of the Nearpod SEL curricular tool to deliver lessons for students. These uneven and inconsistent efforts are making some impact but the overall suspension rates, while trending lower than last year, are still pretty high. There has been substantive progress but there is still a way to go to achieve more material progress.</p>
<p>3.6: Implement a number of social-emotional, Advisory, and classroom based strategies, and faculty/staff trainings that can contribute to possibly curtailing and limiting the number of expulsions. (School Climate)</p>	<p>5- Student Engagement</p>		<p>Some Progress</p>	<p>Similar to above statement on suspensions. The increase in the number of students participating in clubs in the middle and upper school divisions has contributed to more opportunities for students to engage in meaningful activities. And, there is still lots of progress to be made to help avoid expulsions. Through April 2024 we have expelled 2 students.</p>

<p>3.7: Measure student and parent responses with respect to safety and connectedness with a goal of 80% or more of our students and parents feeling that MWA is safe, that they feel a strong connection to the mission, and that they feel seen and heard.(School Climate)</p>	<p>6- School Climate</p>	<p>Measure student and parent responses with respect to safety and connectedness with a goal of 80% or more of our students and parents feeling that MWA is safe, that they feel a strong connection to the mission, and they feel seen and heard.</p>	<p>Material Progress</p>	<p>[Survey participation level: US (54%) MS (56%)] Parents (88.9%) indicated that they feel the school is safe on the School Climate Survey. US (43%) & MS (52%) students Parent average over all grades (17.6%) indicate that there is a sense of connectedness on the MWA campus. 89% of parents agree/strongly agree that MWA is responsive to concerns and questions. 87% of parents feel satisfied with opportunities for parent participation and input at Making Waves Academy. Met the goal but a little more than half of the community participated in the survey.</p>

Date of Visit – March 30, 2023

Visiting Committee Members

Nancy Brownell, WASC Vice President
Educational Partnerships

SUMMARY

Key information about Making Waves Academy (MWA)

The school was founded as a 5th-8th grade public charter school in the fall of 2007, expanded to include a 9th-12th grade “upper school” division in the fall of 2011 and in operation for 16 years. Current enrollment is 648 middle schoolers (grades 5-8) and 482 high school students. Students attending MWA are called “Wave-Makers.” MWA is based on an earlier entity, the Making Waves Education Program (founded in 1989). Making Waves began as an afterschool and summer program for 5th-12th graders along with providing college coaching and financial support. MWA operates as a 501(c)(3) corporation and receives support from Making Waves Foundation (MWF), also a 501(c)(3).

MWA’s charter is up for renewal next school year; the next charter term will be 2024 to June 2029. The school is in year 6 of 8 of a student enrollment expansion plan, offering enrollment to 168 students for fifth grade (versus 112 students) for the last six school years. However, the school is pausing the enrollment expansion for the next few years, reverting back to accepting 112 fifth graders to better develop and implement school goals to meet student learning needs.

The demographics of MWA are comparable to West Contra Costa Unified School District (WCCUSD) serving students in Richmond. The majority of students come from elementary schools with high poverty enrollments in Richmond and surrounding cities. Current school demographics follow:

	A.A. / Black	Asian	Hispan. / Latinx	Native Amer.	Pac. Islidr.	White	Female	Male
<i>MS (5-8) Division</i>	61	17	530	1	7	14	330	318
<i>US (9-12) Division</i>	35	10	423	5	2	7	245	237
<i>Total</i>	96	27	953	6	9	21	575	555

Dashboard Data

- 11th grade showed considerable gains when compared to last year’s data though still in the low performance level, approaching some pre-covid levels, especially in ELA. This wave of students (20th Wave) has shown growth on ELA SBA since 2017.
- Middle school scores declined from last year (with the exception of 7th, which increased in ELA and math, and 5th which had small gains in ELA and larger gains in science). 7th grade students (24th Wave) had the highest percentage of proficient students in the middle school, in both ELA and math, with a notable increase in their 6th grade performance data.
- 2021-22 Reclassification Rate, 11% (internal numbers), 49.8% making progress towards English language proficiency, ELPI up 5 points from 2019 (had been 44.8%)
- College-going rate continues to be a strength of MWA, with over 80% of graduates enrolling in college each year, the majority in 4-year universities and a graduation rate of 87.4% for 2022

Significant Developments

There were leadership transitions during and after the 2021-2022 school year, most of the school leaders transitioned out of MWA, in part due to the return to in-person learning, staff moving to other cities and states, and general concerns about living in the bay area.

ACS WASC Mid-cycle Visiting Committee Summary Report

Staffing transitions fall into three categories: 1) concerns about COVID before the school year started, 2) the seeming “heavier lift” of school with more restrictions (masks and no large group meetings) and less capacity with more people out on a daily basis with COVID or other health related reasons increasing the need for some leaders and faculty to cover for teachers who were out, and 3) the desire to work in a different environment that allowed for remote work options.

Curricular coherence is unevenly practiced at the school and has been impacted by COVID; curriculum was delivered online during the distance learning year as teachers adapted curriculum to meet students’ needs. Some teachers were adapting the curricular materials so much that they tended to lose the coherence of the standards as well as the pacing needed to ensure students had opportunities to learn the material before being assessed on SBA. Given the school team’s analysis of student and staff needs, changes for 2023-24 are already in motion as they transition to setting a curricular scope and sequence and pacing guide collaboratively developed by teachers and leadership to better assess teacher efficacy and pace with respect to student learning needs, curriculum fidelity aligned with state standards and common assessments. Given the turnover in teachers and the number of new teachers, there is a need to increase instructional and curricular fidelity and vertical and horizontal articulation of content and learning goals.

The adoption of the 90-minute block schedule across the school (classes meeting 2-3 times per week versus 4-5 times per week) is another mitigating factor that has impacted curriculum implementation and coherence. Instructional planning and pacing are different if classes are meeting less often, and instructional pacing impacted a student’s ability to demonstrate mastery and proficiency on end-of-the year state assessments.

The LCAP was developed with input and/or meaningful consultation with families including families that speak languages other than English, and participation from school and central office administrators including special education administrators, faculty, students, school leaders, other educators and staff. At LCAP engagement events community members reviewed metrics, worked on identifying needs, proposed actions to meet those needs and suggested potential revisions to current and proposed LCAP actions from the greater school community.

Progress Since Last Visit

1. Math curriculum is not congruent with California content standards as evidenced by SBA scores. Access to data and student learner outcomes needs to be increased. Standards-based grading practices need to be implemented and AP passing rates need improvement.
 - The school team continues to monitor math instructional priorities given the ongoing impact of COVID on mathematics skill development for many students. The school is now using Smarter Balanced Interim Assessment Blocks (IABs) to better monitor student progress during the school year. Use of formative data continues to be a priority and with teacher turnover and levels of experience, ongoing professional learning has and continues to be a priority along with additional instructional coaching. Standards-based grading practices were moved lower on school priorities given the impact of COVID but are still of interest moving forward. While increasing AP test scores is important to the school team, there is a greater focus on increasing students’ enrollment in AP classes to increase rigor and college going experiences and expectations.
2. Expansion of CTE pathway programs and AP offerings is needed to further support college and career readiness.
 - As a smaller school, CTE options include a Health Sciences Pathway and increased information on the kinds of postsecondary options are available. However, completion of courses meeting A-G requirements continues to be the school priority.
3. There is a lack of fidelity for data-informed instruction observed throughout humanities classrooms, so it is recommended that MWA proactively respond to the assessment data provided. As self-identified in the self-study, the school desires to ground itself in an “instructional philosophy and approach to better align our practices with math instruction.”

ACS WASC Mid-cycle Visiting Committee Summary Report

- School leadership and many teachers understand standards ensure better accountability – holding teachers and schools responsible for what goes on in the classrooms. The practice of aligning learning to standards also helps ensure that a higher level of learning is attained, guides teachers in the process of assessment and helps keep them on track. The school team is in a curriculum revision process to better align and implement curricular, instructional, assessment and multi-tiered system goals to increase vertical and horizontal learning, content expectations and student success. Given the teacher turnover, there is an acknowledgement by leadership that revising curricula, implementing a clear scope and sequence and pacing guides across the grades and increasing coaching and professional learning are needed. Multi-tiered support systems are most effective when curricula, instruction and assessment are aligned and implemented with fidelity.

The Leadership Team understands the goal of alignment is to make curricula, instruction, and assessment work toward the same ends, increased student success. Their current and ongoing work emphasizes the interactive nature of curricula, instruction and assessment and their connectedness. For example, in addition to curricula driving instruction and assessment, it is possible that instruction can provide feedback for improving curricula and refining the format of formative assessments. Similarly, assessment can identify weaknesses in instruction that can be corrected and detect gaps in curricula that can be filled. These priorities are guiding the school team's implementation expectations for teachers and staff.

4. The school should also ensure that its grading practices reflect the rigor of the state standards and expectations of statewide assessments.
 - More equitable grading and assessment can be a lever for creating stronger teacher-student relationships and more caring, engaging classrooms, and improve achievement for all students, particularly those historically underserved. The school team understands the value of equity-based grading and its alignment with MWA's holistic approach to educating students through rigorous instruction, academic intervention, meals, access to mental health services, socio-emotional development, and robust college counseling and college access services. Current grading practices and needed revisions continue to be an ongoing conversation across the school.
5. An area of growth for school culture and support for student personal and academic growth is the establishment of an on-site interpreter, whose sole purpose is to support the school with correspondence between families.
 - The school team continues to implement varied strategies to communicate with students and families in multiple languages.
6. The challenge around high turnover rate of teachers is an area that the school leadership needs to address. The school seems to be in the early stages of addressing the issue of teacher turnover as part of a reorganization and the hiring of a senior school director.
 - Leader and teacher turnover continues to challenge the school team. The 2022-23 school year had fewer personnel changes and the school continues to monitor teacher goals for staying at the school along with additional coaching and mentoring to increase their knowledge, skills and sense of belonging. Additionally the school team strives to cultivate a collaborative culture where members of the school community work together effectively and are guided by their common purpose. All members of the community—teachers, administrators, students and their families—share a common vision of what the school should be like.
7. The school should ensure student and teacher culture and practices from the middle and the upper schools are aligned. For example, consistency of enforcing student uniform expectations will help teachers meet their baseline professional expectations.
 - Staff transitions continue to impact this area for growth but consistency of school expectations and a more robust PBIS system is in development.

Schoolwide Strengths

1. The MWA community collectively strives to establish a strong school culture and systems of support that will ultimately promote academic success of all students.
2. Students, parents, administrators, teachers, and support staff are aligned with the mission and vision of the school and work collaboratively to implement common goals.
3. Leadership and teachers use a variety of strategies and resources to create an equity-centered learning environment with active engagement in learning by all students as a school goal.
4. Teachers provide learning opportunities that extend beyond the textbook and classroom, strengthen students' depth of knowledge, and prepare them for college and careers.
5. Curriculum is aligned to the UCOP A-G requirements and career-readiness standards including AP course offerings, a CTE Health pathway and other course offerings.
6. The implementation of an inclusion model that considers the "race, gender, academic achievement, ELD and IEP status" of all students as they are placed in each classroom roster demonstrates how the lens of diversity, equity, and inclusion inform decisions.
7. Data analysis practices continue to guide decisions and inform instruction while the school team strives to increase the use of formative assessment strategies across the school.

Growth Areas for Continuous Improvement: The visiting committee concurs with the school's identified areas for growth:

1. Support for All Learners: Develop and refine vertically aligned programs to support all learners.
2. College and Career Readiness: Refine holistic support for college and career readiness that builds all students' capacity for graduation and success beyond high school.
3. Diversity, Equity, & Inclusion: Create a safe, inclusive, and high-performing environment for all students and adults that are informed through the lens of diversity, equity, and inclusion.

Additional Growth Areas for Continuous Improvement identified by the visiting committee:

1. Leadership Team and teachers continue to develop and implement the goals of curricula, instruction, assessment and multi-tiered systems alignment to increase teachers' understanding of how to identify key concepts and skills, highlight important content, reflect on student understandings and misunderstandings, and create lessons to ensure student success at the next level of learning.
2. The school team needs to continue to implement communication strategies across the school community to maintain healthy relationships among the students, teachers and staff, and parents and to continue to increase trust, transparency, and listening to both promote the school mission and goals and to strengthen the collaborative school culture.

- MWA leadership drawing input from staff to reflect on progress

MWA LCAP/WASC Three Year Goals Report

- Orientation to new integrated LCAP/WASC three-year goals

Making Waves Summary-Mid-cycle-Visit Committee Report Spring 2023* ***(OPTIONAL)**

- WASC Visiting Committee (person), Nancy Brownell's summary of key takeaways from talking with various community members, reading the report, and talking with leadership

Key Takeaways - Visit Committee Report

Progress Since the Last Visit

Visit Takeaway Comments	Updates Since Mid-Cycle Visit
<p>Curriculum. Key areas of focus where more progress is needed:</p> <ul style="list-style-type: none"> ● Math & CTE/AP offerings ● Data informed instruction in humanities ● Common best-practice school-wide practices ● Leadership setting common goals to increase student success 	<ul style="list-style-type: none"> • Carnegie learning math in upper school, implemented 23-24 • Emphasis on greater training and support for existing curriculum – Springboard (ELA 6-11) & Open Up (math 5-8) • Pre-service training and pacing guides provided by consultants / curriculum providers; pacing tracked monthly • New positions for on-site support added: a) Math intervention (AY 22-23), b) Math Lead (upper school – AY 23-24), c) Instructional Coach (AY 23-24), d) Fishtank ELA (5th grade) added AY 23-24 • AY 23-24: Added AP Environmental Science, AP Computer Science, and electives • Developed Instructional Playbook for all teachers with 10 core strategies • Implemented Weeks-at-a-Glance (WaaGs, aka – weekly lesson plans) to improve teacher preparation and use of bell-to-bell practices • Aligned MS and US assessment calendars with, at minimum, two cycles of Interim Assessment Blocks (IABs), and start/end of year growth assessment (Math: MAP NWEA; Reading: STAR)
<p>Teaching & learning. Grading practices and level of rigor</p>	<p>Observation and coaching cycles aligned with The New Teacher Project (TNTP) teaching and IPG tool (for ELA and Math) provided for a foundation to increase the level of rigor by providing direct feedback and data to instructors.</p>
<p>Staffing. Low teacher retention rate</p>	<p>Expanded work of Culture & Climate Committee with staff from middle and upper school, as well as central office</p>
<p>Divisional Alignment. Student and teacher culture and practices (e.g. uniform expectations.</p>	<p>All staff PD, held almost every Friday has been whole-school; expectations for WaaGs, syllabi, pacing, Morning Huddle, et al. are uniform between divisions.</p>

Key Takeaways - Visit Committee Report

Additional progress areas Since the Last Visit

Visit Takeaway Comments	Updates Since Mid-Cycle Visit
<p>Leadership & Teachers</p> <ul style="list-style-type: none"> Continue to work towards achieving the goals associated with Goal 1. 	<ul style="list-style-type: none"> Revamped evaluation process based on TNTP rubric domains PD-aligned to evaluation rubric Instructional Partners consulting around Instructional Practice Guide (IPG) for math and ELA Instructional coaching provided to all teachers
<p>Communication</p> <ul style="list-style-type: none"> Develop communication strategies that increase trust, transparency, and listening Connected to strengthening a collaborative school culture and health relationships among students, teachers, staff, and parents 	<ul style="list-style-type: none"> Parent/Guardians /Community Bloomz Pilot AY22-23 ParentSquare implemented schoolwide AY23-24 Parent Talks provided 2x per month (Zoom) AY23-24 3 Parent workshops, in addition to Back-to-School Event 2 Conference days – one in fall and one in Spring on a Saturday Faculty Culture & Climate committee provided a mid-year survey to all staff Morning Huddle provided daily, in-person with electronic follow-up for those on duty or who are absent Principal 1:1's with faculty and staff

Key Takeaways - School Progress Report

Dashboard Indicators

Indicator Areas	Progress	Comments
<i>SBAC Data</i>	Flat/Improvement	MS mostly net flat; material improvement for 11th grade
<i>CAST Data</i>	Overall Improvement	5 th & 8th grade drop (-3%), 11th (24%) & 12 th grade(19%) increase
<i>ELPAC Data</i>	Flat/Slight improvement	Despite COVID, no material impact
<i>Reclassification Rates</i>	Improvement	Overall improvement; 2023 will see more gains
<i>College & Career Readiness</i>	Solid	1 st year published since before the pandemic
<i>Graduation Rates</i>	Improvement	Still down from 2020 but higher than 2021 & 2022
<i>Advance Placement</i>	Improvement	More access and improvement in AP Test score pass rates
<i>Chronic Absenteeism</i>	Improvement	Better ADA (94%) but still a material and persistent % absent

Key Takeaways - Visit Committee Report

Major Student Learner Needs Progress

Visit Takeaway Comments	Updates Since Mid-Cycle Visit
<i>Math</i>	<ul style="list-style-type: none"> In 2023, math Distance from Standard (DFS) had an increase of 21.9 points. Increase of IAB Near Start and Above Standard from Feb 2024 from Oct 2023 in upper school (2023-2024)
<i>Chronic Absenteeism</i>	<ul style="list-style-type: none"> 19.2% (as of 3/27) Absences are still down from previous year.
<i>Suspensions</i>	<ul style="list-style-type: none"> 11% (as of March 14, 2024)
<i>Graduation Rates</i>	<ul style="list-style-type: none"> 4-Year Graduation Rate: 96.9% 5-Year Graduation Rate: 90.9% (2023-24) A-G completion - 89%(2022-23)"

Questions and Answers

Are there any questions about the detailed LCAP/WASC progress report?

What are your questions about the new, 3-year LCAP/WASC goals – format, approach, and goals/metrics?

Discussion - Approach to Future Meetings

Any initial thoughts on how you would like to hear about progress or what you would like to learn more about for the next 2-3 meetings?

Initial Thoughts

- Discussion of curriculum adoption progress and fidelity progress
- Emphasis on math intervention progress and math instruction
- Emphasis on ELD progress towards reclassification

Proposed Process Pivot

Historical	Proposed Future Meetings
<ul style="list-style-type: none">● <u>Annual</u> spring committee meeting● <u>Leads</u> for each goal area participates● Roughly <u>equal time</u> to discuss goals● Review <u>progress to goals</u> in some form of a “progress tracker”	<ul style="list-style-type: none">● ONE <u>Annual</u> spring committee meeting that combines the CIRAC and WASC Committees● <u>Read</u> progress reports <u>before mtg</u>● Use <u>in-person time</u> to discuss overall success and challenges● <u>Target high priority focus areas</u> for discussion such as math achievement growth, college access education, and community climate.

Q & A - Visit Committee Report in 2025-26

- *What would be real progress or evidence of progress to address the items identified in the areas of curriculum, teaching and learning, staffing, and divisional alignment?*
- *What would real progress and evidence of progress look like for leaders and teachers working collaboratively and effectively together to get real learning and development outcomes for our students?*
- *What would real progress and evidence of progress look like in the area of communication and trust building among all groups within the school?*

Coversheet

Newly Proposed LCAP/WASC Three-Year Plan Review

Section: II. WASC Advisory Committee Annual Review Meeting
Item: C. Newly Proposed LCAP/WASC Three-Year Plan Review
Purpose: Discuss
Submitted by: Alton B. Nelson Jr.
Related Material: MWA 2024-25 LCAP.pdf

BACKGROUND:

This is the new plan that will begin in the fall of 2024-24. The 2024-25 school year will be Year 1 of a 3-year plan.

We are not spending a lot of time on this to review every detail in the plan. The idea here it to orient you to the plan, point any key features or goals, and answer any questions.

This would be a good place to dig in and ask questions about the goals in terms of if they are ambitious enough.

Learn. Graduate. Give Back.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Making Waves Academy	Alton B. Nelson, Jr. Chief Executive Officer	anelson@mwacademy.org 510-262-1511

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Making Waves Academy (MWA), founded in 2007, is a 5th through 12th grade public charter school in Richmond, CA, authorized by the Contra Costa County Board of Education. MWA’s mission is to rigorously and holistically prepare students to gain acceptance to and graduate from college, to ultimately become valuable contributors to the workforce and to their communities. Our mission was established in an effort to address the disparity in educational opportunity that exists between urban and suburban youth.

Our aim is for all of our students ("Wave-Makers") to earn their high school diplomas and be eligible for college admission. While MWA celebrates the multiple college and career pathways our Wave-Makers embark upon, historically, 90% or more gain admission to college (around 70% or so enroll in four-year colleges and about 20%-25% enroll in community colleges). Our high school graduation requirements are aligned with California’s “a-g” required courses for college admissions criteria. To this end, we provide students and families with access to a variety of academic and holistic support services that include, art, athletics, parent education opportunities, social-emotional education and support, and college and career counseling.

The student demographics of MWA include a majority of students from socioeconomically disadvantaged households, students who qualify for Free and Reduced Priced Meals (FRPM), a majority “students of color”, a high percentage of incoming English Learners, and a small but material percentage of students with disabilities and learning differences.

MWA received its six year Western Association of Schools and Colleges (WASC) accreditation renewal beginning in fall of 2020, and successfully completed its mid-cycle visit review in March 2023. Our primary goals for serving our students are formed through the WASC process and approved by the MWA Board. Per our approved WASC Action Plan we merged our LCAP and WASC school-wide goals.

Our WASC/LCAP goals are as follows:

1. Support for All Learners: Develop and refine vertically aligned programs to support all learners.

2. College and Career Readiness: Refine holistic support for college and career readiness that builds all students capacity for graduation and success beyond high school.
3. Diversity, Equity and Inclusion: Create a safe, inclusive and high performing environment for all students and adults that are informed through the lens of diversity, equity and inclusion.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The 2022-23 school year marked MWA's second full year of in-person learning since the school closure related to the COVID pandemic. Many challenges related to student and staff-readiness for in-person learning persisted through the 2022-23 school year. Examples of challenges include: overall school safety, the social emotional well-being of students and staff, the level of rigor and engagement in the classroom, and level of connection with parents and one another. As a result, our focus going into the 2023-2024 school year has been on establishing some normalcy in our instructional practices and routines, school safety, and strengthening communication with parents.

When we look at our performance on the CA State Dashboard and when we analyze local data, we saw improvements across the board for all subgroups. While there is still work to be done, some of the consistency in practices showed up in our outcomes on the most recent CA CA State Dashboard. Successes included gains in English and math, in aggregate, over the previous year, and an increase in our high school graduation rates. When compared to the local district, we saw the biggest improvement in chronic absenteeism, the strongest improvement in English learner progress (ELPI), one of the highest rates of preparedness on the college and career indicator, one of the strongest ELA results for Black or African American students, and one of the biggest improvements for math among our English Learners.

Two areas of challenge were our overall suspension rates as well as suspension rates for Students With Disabilities. While the data shows this as an area of concerns, a review of our suspension data shows that students were suspended for major school infractions (possession and/or distribution of drugs, possession of weapons, fighting, and discriminatory/racist language and acts). When our data was disaggregated by subgroup, we saw that Students with Disabilities were suspended at a higher rate when compared to General Education students. As a result, MWA became eligible for (and is receiving) Differentiated Assistance through the Santa Clara County Office of Education.

At the start of the year, we worked to create a plan to move towards a Multi-Tiered Systems of Support (MTSS) model. We identified the behaviors and data we would track to figure out which students to place into different levels of tiered support along with what proactive interventions and supports we could put in place to support students before their behaviors resulted in potential suspensions. We were able to hire two Deans of Restorative Practices who could help students (and staff) learn some tools to make better decisions involving conflict and have restorative conferences with anyone they harmed.

Members of the school team are attending the differentiated assistance meetings, bringing in and reviewing data, making adjustments to existing plans, and hearing about what peer schools are doing. The group that has received the lowest performance levels are our Students with Disabilities. We continue to move towards ways of bringing more of the academic interventions and supports into the core day classrooms, in addition to some pull-out services. The Principal, Dr. Jackson, continues to identify and make time in the professional

development schedule for training, coaching, and discussion.

Although we saw growth, the school made significant progress by implementing standards-based instruction. This included ensuring fidelity to the curriculum, creating pacing guides, and establishing scope and sequence aligned with standards.

In combining and aligning our LCAP goals with our WASC goals, our hope is to more efficiently plan, execute, and deliver by focusing on a few big picture, school-wide goals (WASC) and intentionally aligning the eight LCAP area goals within the WASC goals.. Merging these goals together has resulted in fewer but broader goals overall, but it has also created goals that are more aligned, integrated, and reflective of the deeper work we are wanting to do in order to achieve and make meaningful progress on both our LCAP and WASC goals.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on MWA's 2022-2023 data on the California Dashboard, MWA was identified as a school needing Differentiated Assistance in two areas:

- 1) Suspension rates for Students with Disabilities (SWD), SWD were suspended at a higher rate than general education students
- 2) Academic Performance (ELA/Math) for Students with Disabilities (SWD), SWD performed lower on state assessments than general education students

Through the Differentiated Assistance (DA) process and with support from the Santa Clara County Office of Education

(SCCOE) MWA is:

- 1) Has identified its strengths, weaknesses and root causes in the areas named above.
- 2) Conducted a deep data dive of MWA's local and state data to identify root causes of the problem.
- 3) Conducting Empathy Interviews with a small group of students and faculty in Spring 2024 to validate and/or inform changes to the identified root causes.
- 4) Formulating and conducting small action plans to test our theories on the root causes.
- 5) Formulating, implementing and assessing actions during the 2024-2025 school year.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

MWA was not identified for Comprehensive Support and Improvement, making this section not applicable.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

MWA was not identified for Comprehensive Support and Improvement, making this section not applicable.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

MWA was not identified for Comprehensive Support and Improvement, making this section not applicable.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
<p>October 5, 2023</p> <p>LWG (LCAP Internal Working Group with Principal, Assistant Principals, College and Career Readiness team, Student Services team, deans, ELD Coordinator, Registrars, CEO (Superintendent), COO, and compliance team)</p>	<p>Meeting via Zoom Agenda shared ahead of time.</p> <p>Topic - Introductory Meeting Reviewed the purpose for the LCAP, faculty roles, responsibilities, and timeline for creating the LCAP.</p> <p>Engagement: Discussion of how different roles within the school (with a focus on Principal, Assistant Principals, College and Career Readiness team, Student Services team, deans, ELD Coordinator, Registrars) interact with the LCAP. Prepared Working Group for parent engagement.</p>
<p>November 30, 2023</p> <p>LCAP AG (LCAP Advisory Group with majority parents of low-income and English Learner students)</p>	<p>Meeting via Zoom (Meeting was held after school hours to enable more parent participation.) Agenda (English and Spanish) Posted to the MWA website 72 hours in advance of the meeting. Meeting reminders sent out to parents before meeting.</p> <p>Topic - Present Updates/Receive input on Goals 1, 3, 5, and 6 : Reviewed current progress in metrics and actions related to Goal 1 (Basic conditions), Goal 3 (Family Partnerships), Goal 5 (Student Engagement), and Goal 6 (School Climate). Reviewed how these goals align with school' WASC Goals.</p> <p>Engagement: Meeting materials were provided in both English and Spanish. A Spanish interpreter was present for the entire meeting. Group gave space for parents to engage with comments, questions, and feedback during the meeting verbally, during the meeting in the Zoom chat function, as well as through comments in a Google Form survey.</p>
<p>January 4, 2024</p> <p>LWG (LCAP Internal Working Group with Principal, Assistant Principals, College and Career Readiness team, Student Services team, deans, ELD Coordinator, Registrars, CEO (Superintendent), COO, and compliance team)</p>	<p>Meeting via Zoom Agenda shared ahead of time</p> <p>Topic - Mid-Year Status Check: Reviewed current metrics and progress towards all LCAP goals.</p>

Engagement:

Reviewed feedback from LCAP Advisory Group (Parent) meeting and discussed how to continue soliciting and incorporating educational partner feedback from these meetings. Shared information out in 5-minute recaps of how goals have been progressing, with additional in-depth details available for a deeper dive into each goal. Information for this status check was collected action-by-action including feedback from:

- Goal 1 (Basic Conditions) with information from CEO (Superintendent), Director of HR, Director of Operations, Principal, Assistant Principals, Director of New Teacher Development & Support, Middle School Activities Coordinator, and Director of Applied Technology.,
- Goal 2 (Academic Standards) with information from Principal, Assistant Principal, ELD Coordinator, and Math Content Coordinator.
- Goal 3 (Family Partnerships) with information from Principal, Assistant Principals, ELAC Chair, Chief Instructional Officer, Chief Operations Officer, Compliance and Data systems Administrator, Operations Manager, Manager of Compliance, and Director of Operations.
- Goal 4 (College and Career Readiness) with information from Compliance and Data Systems Administrator, Associate Director of Academic Advising, Associate Director of College and Careers, CCC Community Members, Student Activities Coordinators, College and Career Coordinator, and Upper School Student Activities Coordinator.
- Goal 5 (Student Engagement) with information from Chief Operations Officer, Registrar, Registrar's office, Compliance and Data Systems Administrator, Deans, Student Activities Coordinators, Athletics Director, and Sprots Psychologist.
- Goal 6 (School Climate). with information from Deans, Director of Compliance, Registrar's office, Compliance and Data Systems Administrator, Social Workers, AP of Student Support, Chief Operations Officer, and Director of Operations.
- Goal 7 (Course Access) with information from Assistant Principal, Principal, Director of Academic Advising, Assistant Director of CCC, Director of CCC, and Director of Operations.
- Goal 8 (Academic Growth) with information from Principals, Assistant Principals, Compliance and Data Systems Administrator, DCDA, Director of Academic Support Services, Intervention Service Coordinator, Director of Applied Technology, and Director of Special Education.

<p>January 19, 2024</p> <p>LWG (LCAP Internal Working Group with Principal, Assistant Principals, College and Career Readiness team, Student Services team, deans, ELD Coordinator, Registrars, CEO (Superintendent), COO, and compliance team)</p>	<p>Meeting in-person Agenda shared ahead of time</p> <p>Topic - Finalizing the Mid-Year Update: Using Status Check, finalized information for the Mid-Year Update</p> <p>Engagement: School faculty/staff compiled information made available for the Status Check into a comprehensive document detailing MWA's overall progress towards our 2022-23 LCAP goals to be shared in the January Board Meeting. Collected information from Finance about where our expenditures were to monitor our financial progress as well.</p>
<p>January 29, 2024</p> <p>Shared Mid-Year Update with Making Waves Academy Board during a public board meeting</p>	<p>Meeting in-person and available via Zoom Agenda and materials (English and Spanish) Posted to the MWA website 72 hours in advance of the meeting. Meeting reminders sent out to parents before meeting.</p> <p>Topic - Presented LCAP Mid-Year Update to the board and shared materials publicly: Included were: Current metrics, progress towards goals, and mid-year expenditures. Gather further feedback, specifically as to how LCAP progress aligned with over-all school actions.</p>
<p>February 1, 2024</p> <p>LCAP AG (LCAP Advisory Group with majority parents of low-income and English Learner students)</p>	<p>Meeting via Zoom (Meeting was held after school hours to enable more parent participation.) Agenda (English and Spanish) Posted to the MWA website 72 hours in advance of the meeting. Meeting reminders sent out to parents before meeting.</p> <p>Topic - Present Updates/Receive input on Goals 2, 4, 7, and 8: Reviewed current progress in metrics and actions related to Goal 2 (Academic Standards), Goal 4 (College and Career Readiness), Goal 7 (Course Access), Goal 8 (Academic Growth). Reviewed how these goals align with the school's WASC Goals.</p> <p>Engagement: Meeting materials were provided in both English and Spanish. A Spanish interpreter was present for the entire meeting. Group gave space for parents to engage with comments, questions, and feedback during the meeting verbally, during the meeting in the Zoom chat function, as well as through</p>

	<p>comments in a Google Form survey.</p>
<p>February 8, 2024</p> <p>LWG (LCAP Internal Working Group with Principal, Assistant Principals, College and Career Readiness team, Student Services team, deans, ELD Coordinator, Registrars, CEO (Superintendent), COO, and compliance team)</p>	<p>Meeting in-person Agenda and materials shared ahead of time</p> <p>Topic - 2024-25 LCAP Action Drafting: Working with Parents to draft new LCAP Goals and Actions</p> <p>Engagement: Reviewed requirements for the new LCAP, shared goals and educational partners involved in each goal, began drafting actions for each goal. School staff crafted goals specific to their area of focus in alignment with needs they have been seeing and directly engaging with all year long.</p>
<p>March 14, 2024</p> <p>SELPA Consultation</p>	<p>Meeting via Zoom</p> <p>Topic - Consultation on how to meet the needs of our disabled students Discussed our DA (Differentiated Assistance) for our students with disabilities related to suspension rates and Math/ELA achievement. The Superintendent (CEO), Director of SPED, and SELPA contact discussed how we support our students with disabilities, and how we can improve these supports.</p>
<p>March 14, 2024</p> <p>LWG (LCAP Internal Working Group with Principal, Assistant Principals, College and Career Readiness team, Student Services team, deans, ELD Coordinator, Registrars, CEO (Superintendent), COO, and compliance team)</p>	<p>Meeting in-person Agenda shared ahead of time</p> <p>Topic - Metrics tracked by the LCAP and incorporating additional educational partner feedback: Discussed how to incorporate feedback from various educational partners and metrics into new drafted actions to monitor and track progress</p> <p>Engagement: Discussed metrics that would need to be included in the LCAP, where these metrics are at, and where we want them to be at the end of the 3-year cycle. Discussion of why certain metrics are important. Discussed incorporating new metrics that can help track specific new goals (namely associated with actions 3.2 and 3.4 from the 2024-25 LCAP). Spoke on what other feedback will be received from various educational partners, including Parents, Parents of Els, Faculty, Staff, and students. Discussed how this will be documented, and how this would vary from years prior as to best meet our partners where the are now. Encouraged Working Group members to continue eliciting this feedback from other faculty, staff, parents, and students.</p>

<p>March 15, 2024</p> <p>MWA Staff and Faculty Professional Development Session</p>	<p>Meeting in-person (Session was held during regularly scheduled PD) Agenda and materials shared ahead of time.</p> <p>Topic - Feedback on drafted actions: Shared initial drafts of new actions with faculty and staff. Gave an overview of what the LCAP is, why we do it, and what some of the requirements are.</p> <p>Engagement: Participants were presented with the drafted actions (from Upper School Assistant Principal, Director of College and Career Counseling, and Assistant Principal of Student Support) and were given the chance to have open dialogue with their peers. Feedback was given verbally to a single representative for each goal who was present to explain the different actions. Feedback was also given via survey where participants rated each action for quantitative feedback, and commented on the goal and actions themselves for more qualitative feedback.</p>
<p>March 21, 2024</p> <p>LCAP AG (LCAP Advisory Group with majority parents of low-income and English Learner students)</p>	<p>Meeting via Zoom (Meeting was held after school hours to enable more parent participation.) Agenda (English and Spanish) Posted to the MWA website 72 hours in advance of the meeting. Meeting reminders sent out to parents before meeting. .</p> <p>Topic - Feedback on drafted actions Shared initial drafts of new actions with faculty and staff. Gave an overview of what the LCAP is, why we do it, and what some of the requirements are.</p> <p>Engagement: Participants were presented with the drafted actions (from Principal, Director of College and Career Counseling, and Assistant Principal of Student Support) and were given the chance to have open dialogue with their peers. Feedback was given verbally to the group as a whole, leading to insightful dialogue. Feedback was also given via survey where participants rated each action for quantitative feedback, and commented on the goal and actions themselves for more qualitative feedback.</p>
<p>March 25, 2024</p> <p>Official LCAP Council (Student group. Students grades 5-12 invited. Students grades 6-12 joined)</p>	<p>Meeting in-person</p> <p>Topic - Feedback on drafted actions Shared initial drafts of new actions with students. Gave an overview of what the LCAP is and why it's important.</p>

	<p>Engagement: Students were "Sworn-in" as a part of the Official LCAP Council. Participants were presented with the drafted actions (from Upper School Assistant Principal, Director of College and Career Counseling, and Assistant Principal of Student Support) and were given the chance to have open dialogue with their peers and school leaders to better understand the actions. Feedback was given verbally to a single representative for each goal who was present to explain the different actions. Feedback was also given via survey where participants rated each action for quantitative feedback, and commented on the goal and actions themselves for more qualitative feedback. Students reported that they would like to continue being able to give feedback on official matters like this.</p>
<p>March 26, 2024</p> <p>ELAC Parent Group (English Learner Advisory Committee where all English Learner Parents are invited to attend)</p>	<p>Meeting via Zoom (Meeting was held after school hours to enable more parent participation.) Meeting reminders sent out to parents before meeting. .</p> <p>Topic - Feedback on drafted actions Shared initial drafts of new actions with faculty and staff. Gave an overview of what the LCAP is, why we do it, and what some of the requirements are.</p> <p>Engagement: Participants were oriented to the LCAP before we began. Participants were presented with the drafted actions (from Principal, Director of College and Career Counseling, and Assistant Principal of Student Support) and were given the chance to have open dialogue with their peers. Feedback was given verbally to the group as a whole, leading to insightful dialogue. Feedback was also given via survey where participants rated each action for quantitative feedback, and commented on the goal and actions themselves for more qualitative feedback.</p>
<p>March 15-29, 2024</p> <p>Feedback Survey Shared Broadly</p>	<p>Feedback surveys detailing drafted LCAP actions were shared multiple times through ParentSquare, various feedback sessions (LCAP AG, Staff PD, Official LCAP Council, ELAC Group), and through email.</p> <p>Goal 1: 90 Respondents 69% Faculty/Staff 19% Parents 12% Students</p>

	<p>Goal 2: 97 Respondents 67% Faculty/Staff 21% Parents 11% Students</p> <p>Goal 3: 95 Respondents 65% Faculty/Staff 23% Parents 12% Students</p>
<p>April 16, 18, and 19, 2024</p> <p>LCAP Expenditure Meetings (LCAP Working Groups with Principal, Assistant Principals, College and Career Readiness team, Student Services team, deans, ELD Coordinator, and finance team)</p>	<p>Meetings in-person 3 Separate meetings -- One per LCAP Goal</p> <p>Topic - LCAP Expenditures and Allocating LCFF Funding</p> <p>Engagement: School leaders and personnel discussed previously established LCAP goals and what would be needed to carry out the accompanying actions. Essential personnel were discussed, along with time requirements needed from different positions to accomplish these actions. These personnel included All Teachers, AP Teachers, CTE Teacher, Principal, APs, Social Workers, CCC Team, Student Services, Compliance, and more.</p>
<p>May 6, 2024</p> <p>MWA Board Approval at MWA Board Meeting</p>	<p>**This will be updated after May 6</p>
<p>May 9, 2024</p> <p>LCAP AG (LCAP Advisory Group with majority parents of low-income and English Learner students)</p>	<p>**This will be updated after May 9</p>
<p>June 10, 2024</p> <p>MWA Board Approval at MWA Board meeting</p>	<p>**This will be updated after June 10</p>

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Throughout the entire school year, MWA leaders have met with our LCAP Advisory group, a majority of the members are parents of English Learners and Low-Income students. These meetings have focused on keeping parents apprised on progress towards MWA's past 8 LCAP goals, and how these goals align to our WASC Goals. Over the course of the year we explicitly aligned the goals in our LCAP and WASC in

partnership with the LCAP Advisory group in preparation of condensing our LCAP goals in this year's creation of a new LCAP. As we aligned these goals and updated this parent group on our progress, we also collected parental input on their perception of our progress and feedback on how to better serve our student population.

In tandem with this parent group, MWA also has an internal LCAP Working Group made up of various school leaders and personnel. Over the course of this past year, our LCAP Working Group has shifted as our LCAP goals have become more condensed. Rather than continuing to meet as one large group, and as we got further into the goal drafting process, we were able to break this group into smaller, more focused groups. These groups directly align with our LCAP/WASC Goals, each group has a goal owner and they are joined by other staff members who will support the implementation of the goals starting in 2024-25. the following members:

Goal 1: Support for all Learners

(Principal, Assistant Principals, Lead Teacher Representative, ELD Coordinator, Content Lead Representative.)

Goal 2: College and Career Readiness

(College and Career Counseling Team)

Goal 3: Diversity, Equity, and Inclusion

(Assistant Principal of Student Support, Deans, and Social Worker)

In December, at a public board meeting, MWA leaders reported on our progress towards our 2023-204 LCAP goals detailing what our metrics were at the time, what actions we had taken, and where our expenditures for each action were at.

Once our new Goals and Action were drafted, MWA released comprehensive surveys detailing our intentions for the 2024-25 LCAP and released these surveys to the community (staff and parents). While these surveys were active, we also hosted several sessions, facilitated by goal owners, where educational partners had an opportunity to see/hear the draft goals as well as provide feedback in real time. These sessions were held during regularly scheduled staff PD, after school via Zoom, and after school on-campus to best meet accessibility needs for our various educational partners.

As a result of feedback on the current LCAP, MWA also formed an Official LCAP Council made up of students who were sworn in to accept responsibility for contributing to our 2024-25 LCAP drafting process. These students spoke on our drafted 2024-25 LCAP goals with peers as well as school leadership. These council members have indicated that they would like to continue having additional council meetings as we go into next year as they felt they have been able to make an impact on school decisions through this opportunity.

We received 282 responses through our surveys on MWA's LCAP Goals and Actions from Faculty/Staff, Parents, and Students. As a result of all of this feedback, the following updates have been made to the Goals, Actions, and Metrics:

All Actions:

All surveyed groups (Faculty/Staff, Parents, and Students) indicated that support for specific student groups is needed and appropriate. As

such, all goals have been updated to include more specific references to student groups that the individual actions will be geared towards supporting.

-

Goal 1: Support for All Learners

Action 1.1 - Enhancing Instructional Capacity and Professional Growth

No major changes implemented.

Action 1.2 - Strengthening Tier 1 Instruction and Differentiation

Faculty/Staff indicated that they are interested in learning how to better incorporate standards into lesson plans. We have kept this heavy focus.

Action 1.3 - Enhancing Progress Monitoring and Data Analysis

Faculty/Staff indicated that they are excited about learning how to better analyze and utilize student data. All surveyed groups (Faculty/Staff, Parents, and Students) indicated that they are interested in an increased focus on student data. Next year students will also be shown performance data to help them set and achieve personal goals. Provided more definition of student groups that data analysis will be focused on.

Action 1.4 - Improve Academic Outcomes for Special Education Students

After receiving educational partner feedback, Goal 1 Action 4 "Improve Academic Outcomes for Special Education Students" has been added to MWA's LCAP. All surveyed groups (Faculty/Staff, Parents, and Students) indicated an appreciation for differentiated approaches to educating various student groups. Faculty/Staff and Parents in particular advocated for differentiated support for students with disabilities. This, coupled with CA State Dashboard data on Math and ELA performance for students with disabilities, has led MWA to create this action.

Action 1.5 - Enhancing the Learning Environment for English Learners through Staff PD

After receiving educational partner feedback, Goal 1 Action 5 "Enhancing the Learning Environment for English Learners through Staff PD" has been added to MWA's LCAP. All surveyed groups indicated support for specific student groups is needed and Faculty/Staff indicated an appreciation for additional teacher supports for meeting student needs. With ELs making up 81% of our student population, learning for specific supports related to our ELs is appropriate. This, coupled with LCAP required actions, has led MWA to create this action.

Action 1.6 - Language Acquisition Program

After receiving educational partner feedback, Goal 1 Action 6 "Language Acquisition Programs" has been added to MWA's LCAP. All surveyed groups indicated support for specific student groups is needed and Faculty/Staff and parents showed an interest in EL reclassification rates. With ELs making up 81% of our student population, learning for specific supports related to our ELs is appropriate. On the CA State Dashboard, MWA's English Learner Progress Indicator statistics are indicated to exceed state scores by over 10%. To continue this progress, coupled with LCAP required actions, has led MWA to create this action.

-

Goal 2: College and Career Readiness

Action 2.1 - Vertically Aligned Systems for Seamless College and Career Support
No major changes implemented.

Action 2.2 - College and Career Pathway Scope and Sequence

All surveyed groups (Faculty/Staff, Parents, and Students) indicated that they were excited for college and career readiness initiatives to begin earlier in the education process at MWA i.e. grades 5-8. MWA will carry this intention over into the next 3 years by implementing college and career readiness beginning in middle school.

Faculty/Staff and Parents indicated a strong want for more college and career readiness opportunities to happen outside of MWA through experiences like field trips. A focus on providing these opportunities has been added, along with metric 2.13 (Number of Field Trips) -- with the goal of having at least one such field trip per grade a year.

Action 2.3 - Graduation Pathways

Students indicated a need for support in the transition process from middle school to the upper school. More attention has been paid to this point after receiving student feedback. Much like Goal 2 Action 2, a focus on field trips has also been added to this action. In addition, MWA has increased the focus on Community Engagement as well.

-

Goal 3: Diversity, Equity, and Inclusion

Action 3.1 - Student Support Services for Students that are Suspended

Faculty/Staff and Parents both indicated a strong interest in increasing communications to parents. A larger focus has been geared towards supporting this communication. Similarly to Goal 2 Action 2 and Goal 2 Action 3, a stronger focus has also been included in community engagement.

Action 3.2 - Integrated Family Engagement

Students indicated a want for more student-inclusion in decision making and engagement. Signage created by students has been given a larger focus and included in metric 3.15 (Engagement Events: Promoted). More specifications on how the school will engage families has also been added, as per Parent requests.

Action 3.3 - SWD Suspension Rate Reduction

No major changes implemented.

Action 3.4 - Increase in School Connectedness

Similarly to Goal 2 Action 2, Goal 2 Action 3, Goal 3 Action 1, and Goal 3 Action 2, a bigger emphasis has been added to student experiences

when it comes to field trips. This action also has a new focus on bringing more experiences to the MWA campus by bringing in external contractors that are representative of our student population.

-

***The above changes that were made to MWA's LCAP will be reflected in a written response from our CEO Alton Nelson to the larger MWA community, beginning with the LCAP Advisory Group on May 9.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	<p>Support for All Learners: Develop and refine vertically-aligned programs to support all learners.</p> <p>This includes differentiated instruction for English Learners, Foster Youth, Low Income students, and Special Education Students. As well as supporting teachers in delivering this instruction.</p> <p>The progress of this goal will be monitored through EL Reclassification rates, English Learner Progress Indicators, test scores and GPAs. We will ensure this goal is being carried out through teacher attendance in professional development and ELD PLC attendance.</p>	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

MWA believes that to support all learners, basic requirements must be met and exceeded in the areas of credentials, facilities, and instructional materials. For all students to be successful, they must be taught by teachers who have cleared all of the requirements to teach in the state of California, the facilities have to be free of hazards/unsafe conditions, and all students should have access to the materials they need to obtain a robust and rigorous education. (Action 1.1; Metrics 1.1, 1.2, 1.3, and 1.4)

While basic conditions are critical to student success, implementation of academic standards and academic growth are the top priority. We believe that tracking metrics in these areas will allow us to monitor the extent to which we provide support for all learners including our Critical Learner Groups. When we analyze our data by cohort, we are able to see a clear pattern of academic improvement. Students who enter MWA in the 5th grade and stay with us through graduation demonstrate gains in their Math and ELA scores. We believe that aligning our programs across all grades will further increase the gains our students demonstrate. Additionally, the alignment will further support our tiered support for English Learners and Students with Disabilities. (Actions 1.1, 1.2, 1.3, 1.4, and 1.5; Metrics 1.2, 1.4, 1.9, 1.10, 1.11, 1.12, 1.13, and 1.14)

Historically, the CA State Dashboard data and local data have informed us that some of our students are not demonstrating enough academic progress, particularly in math for all grades and in English for 5th-8th grades. When we have looked at this data by subgroup, we have not seen as much progress with our African American students, Students with Disabilities, and English learners. Our 11th graders, historically,

have done very well on the SBAC and our seniors have had strong high school graduation rates and college readiness rates. On the SBAC, our Latino subgroup of students have been a top performing subgroup in comparison to other Latino students across the state in the 11th grade. Our English Learner reclassification data has, for the most part, been historically better than average. When we looked at the overall data, as a whole school and by subgroups and grade levels, we wanted to create a goal that acknowledged that although we have a continuum of learners with different needs, our goal is for ALL of our learners to make material progress every year academically. When we ask our educational partners, they have stressed the importance of getting their children reclassified before they start high school so that they can have access to more curriculum and more learning. Our educational partners have also stressed wanting the students who are not working at grade level proficiency to be provided support so that they can get caught up as soon as possible. Our Board of Directors have asked us to make more material progress in math outcomes as evidenced by our SBAC math scores. Given the Dashboard and local data as well as the feedback from educational partners, we think it's important that our goal reflects a commitment to all subgroups of our learners (that are also reflected in the CA State Dashboard). (Actions 1.5 and 1.6; Metrics 1.6, 1.7, 1.8, 1.9, and 1.10)

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	Teacher credentials and assignments % of total teachers credentialed and properly assigned (LCFF Priority 1A)	58.32% (22-23)			75%	
1.2	Instructional Materials As indicated by the CA School Dashboard's "Basics: Teachers, Instructional Materials, Facilities" Local Indicator (LCFF Priority 1B)	Instructional Materials requirement on CA State Dashboard: Standard Met See Local Indicators on State Dashboard for in-depth analysis			Instructional Materials requirement on CA State Dashboard: Standard Met See Local Indicators on State Dashboard for in-depth analysis	

1.3	Facilities FIT inspection (LCFF Priority 1C)	Middle School: 95.81% ("good") Upper School: 95.97% ("good") (Aug 2023)			Middle School: 97% ("good") Upper School: 97% ("good")	
1.4	Adopted standards are implemented (LCFF Priority 2A)	Implementation of Academic Standards requirement on CA State Dashboard: Standard Met See Local Indicators on State Dashboard for in-depth analysis			Implementation of Academic Standards requirement on CA State Dashboard: Standard Met See Local Indicators on State Dashboard for in-depth analysis	
1.5	% of Teachers Who Participate in PD	87%			95%	
1.6	ELD PLC Attendance training and progress monitoring (LCFF Priority 7B)	ELD PLC Attendance: 75% School-wide PD sessions on vocabulary strategies			ELD PLC Attendance: 85%	
1.7	EL Reclassification Rate (LCFF Priority 4F)	**Will be updated before Board Adoption in June 18%, on track to hit goal of 20% by EOY (AY 23-24)			25%	
1.8	ELPI Percent of EL students	59.70% (2022-23)			63%	

	making progress via ELPI measure (LCFF Priority 4E)					
1.9	CAASPP Scores: English English GPA (LCFF Priority 4A, 7A, and 8)	Schoolwide CAASPP 44% Meeting / Exceeding Standard (2022-23) GPA Middle School: 2.8 Upper School: 2.34 (2022-23)			Schoolwide CAASPP 55% Meeting / Exceeding Standard GPA Middle School: 3.0 Upper School: 3.0	
1.10	CAASPP Scores: Math Math GPA (LCFF Priority 4A, 7A, and 8)	Schoolwide CAASPP 21% Meeting / Exceeding Standard (2022-23) GPA Middle School: 2.74 Upper School: 2.47 (2022-23)			Schoolwide CAASPP 25% Meeting / Exceeding Standard GPA Middle School: 2.8 Upper School: 3.0	
1.11	CAASPP Scores: Science Science GPA (LCFF Priority 4A, 7A, and 8)	Schoolwide CAASPP 20.95% Meeting / Exceeding Standard (2022-23) GPA Middle School: 2.93 Upper School: 2.51 (2022-23)			Schoolwide CAASPP 25% Meeting / Exceeding Standard GPA Middle School: 3.0 Upper School: 3.0	
1.12	GPA for Social Science (LCFF Priority 4A, 7A,	Middle School: 3.4 Upper School: 3.1 (2022-23 S2)			Middle School: 3.0 Upper School: 3.0	

	and 8)					
1.13	World Language GPA (LCFF Priority 4A, 7A, and 8)	3.12 (2022-23 S2)			3.0	
1.14	Health and Wellness Physical Fitness Test (PFT) scores Health and Wellness GPA (LCFF Priority 4A, 7A, and 8)	PFT 5th, 7th, 9th and all required grades have participated. GPA Middle School: 3.58 Upper School: 3.35 (2022-23)			PFT 5th, 7th, 9th and all required grades have participated. GPA Middle School: 3.5 Upper School: 3.3	

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Enhancing Instructional Capacity and Professional Growth	<p>1. Professional Development Calendar:</p> <ul style="list-style-type: none"> a. Create a yearly plan for teacher training including specialized learners (Gate, SPED, English Learners, Foster Youth, Low Income students, etc.) <ul style="list-style-type: none"> i. Ensure plan is equipped with professional development sessions specifically geared towards ELs. b. Focus on helping teachers understand grade-level standards, reading fluency. c. Offer training on analyzing data effectively disaggregated by specialized groups (English Learners, Foster Youth, Low Income Students, etc.). <p>2. Observation Schedule:</p> <ul style="list-style-type: none"> a. Set up a monthly plan for observing teaching practices including the implementation of Individual Education Plans (IEP). b. Provide feedback to teachers c. Make sure feedback matches the teaching and learning schedule. <p>3. State Standards Integration:</p> <ul style="list-style-type: none"> a. Include state standards in teacher observations and lesson plans. b. Help teachers feel confident in teaching according to these standards. c. Ensure lessons align with our educational goals for unduplicated students. 	\$456,399.00	Yes
1.2	Strengthening Tier 1 Instruction and Differentiation	<p>1. Research-Based Unit Plans:</p> <ul style="list-style-type: none"> a. Make sure teachers use a research-based format for their lesson plans. <ul style="list-style-type: none"> i. Use research based-formats and methodologies when creating lessons for language acquisition programs for ELs. b. Cite standards, success criteria, IEP accommodations, and modifications. c. Aim for consistency and alignment with educational standards. 	\$1,557,510.00	Yes

		<p>2. Meetings led by Instructional Leaders:</p> <ul style="list-style-type: none"> a. Organize regular meetings between teachers and Instructional Leadership Team members. b. Review work from students that are at-risk, Long-Term English Language Learners, EL, and SPED. c. Share strategies to help students improve. d. Encourage teamwork and sharing of successful teaching methods. 		
1.3	Enhancing Progress Monitoring and Data Analysis	<p>1. Data Analysis Skills for Teachers:</p> <ul style="list-style-type: none"> a. Teach teachers how to analyze student assessment data, including formative and summative data. b. Help them adjust teaching methods based on this data. c. Make sure adjustments fit within the teaching and learning cycle. <p>2. Disaggregated Assessment Data:</p> <ul style="list-style-type: none"> a. Separate assessment data to track different student groups. b. Include English Learners, LTELs, students with disabilities, race/ethnicity groups, and income groups. c. Ensure everyone gets the support they need in regards to literacy and numeracy skills. d. Work to close achievement gaps between different student groups. <ul style="list-style-type: none"> i. Including differences for English Learners, LTELs, students with disabilities, race/ethnicity groups, and income groups. 	\$1,159,107.00	Yes
1.4	Improve Academic Outcomes for Special Education Students	<p>1. Students with disabilities will annually increase their English DFS in English and Math by a minimum of 3 points to achieve a color rating of orange as reflected on the English & Math indicators on the CA State Dashboard.</p> <p>2. MWA administers Interim Assessment Benchmarks (IABs) two times before the annual CAASPP administration.</p> <ul style="list-style-type: none"> i. Teachers have an opportunity to analyze their data from the IABs as a 	\$655,337.00	No

		<p>way to inform their instruction.</p> <p>ii. The data will also be shared with Special Education teachers so that they can provide additional support as needed based on the student's performance on the exams.</p>		
1.5	Enhancing the Learning Environment for English Learners Through Staff PD	<p>1. Intentionally add time into the PD scope and sequence to provide training on strategies to support integrated ELD instruction .</p> <p>i. Continue to provide separate PD sessions specifically geared towards designated ELD teachers .</p> <p>2. As the majority of instruction occurs primarily in integrated classrooms, all teachers will receive support on how to scaffold instruction specifically for ELs</p> <p>3. Provide PD to teachers focused on how to support ELs build reading skills.</p> <p>i. Focus on supporting LTELs in the upper school with reading.</p>	\$330,960.00	Yes
1.6	Language Acquisition Program	<p>1. Ensure all teachers have access to standards aligned curriculum in learning spaces which supports ELs</p> <p>2. Designated eld teachers will continue utilizing the Structured English Immersion Program as our Language Instruction Program (LIP) to support ELs and LTELs in English language acquisition.</p>	\$89,988.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	<p>College and Career Readiness: Refine holistic support for college and career readiness that build all students' capacity for graduation and success beyond high school.</p> <p>This will focus on English Learners, Low-Income, African-American Youth, Special Education, Foster Youth.</p> <p>The progress of this goal will be monitored through graduation rates, AP pass rates, students prepared for college, CTE pathway completion, CCI, EAP, UC and CSU eligibility, pathway and student meetings, and dropout rates. The foundation for this goal is built by ensuring that students have access to a broad course of study.</p>	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

MWA's data for College and Career Readiness has historically been high. Like most schools, we saw a decline in our data during the COVID-19 pandemic but our outcomes remain strong.

For this goal, it was most relevant to track our College and Career Readiness and Course Access metrics. Our mission is to prepare all of our students to engage in an appropriately rigorous post-secondary pathway. We know that not all students want to pursue higher education and we want to ensure that they are all college-eligible when they leave MWA. (Actions 2.1, 2.2, and 2.3; Metrics 2.1, 2.2, 2.3, 2.6, 2.7, 2.8, 2.10, 2.12 and 2.13)

Given our historical and persistent success in this area as demonstrated by our Dashboard data, we think it is important to continue to reflect upon and refine our practices. How can we further prepare our students to be more prepared for college and career? What skills can we help them develop that will allow them success beyond high school? Again, given our strong data in the areas of high school graduation rates and college and career readiness, we thought it was important to continue to evolve and adapt to any new challenges that would deter ongoing success in this area. Beyond being a place for academic and social-emotional learning, the ultimate measure of readiness, from a post-

secondary perspective, is our students' success in college and in an early career. These two areas set the early stage for their careers and their lives for well into the future. (Actions 2.1, 2.2, 2.3 and 2.13; Metrics 2.1, 2.3, 2.4, 2.9, 2.10, 2.11)

Measuring and Reporting Results

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Vertically Aligned Systems for Seamless College and Career Support	<p>1. Improving Support for Intersectional Critical Learning Groups:</p> <ul style="list-style-type: none"> a. Make sure different school departments work well together to help students who need extra support in intersecting critical learning groups (English Learners, Low-Income, African-American Youth, Special Education, Foster Youth). b. This helps ensure that all students receive comprehensive support, mentally, physically, and academically. c. Having regular meetings will help address specific needs and create systematic practices. d. This approach fosters continued connections and norms that benefit all students, particularly those in intersectional critical learning groups. <p>2. Evaluating College and Career Readiness:</p> <ul style="list-style-type: none"> a. Look at how well students are prepared for college and careers. b. Check how well the school is helping students from intersectional backgrounds get ready for college and careers. c. Use this information to make sure the school's plans and partnerships are working well. 	\$975,741.00	Yes
2.2	College and Career Pathway Scope and Sequence	<p>1. College and Career Readiness Workshops:</p> <ul style="list-style-type: none"> a. Focus on improving college and career readiness for MWA students, staff, and families. 	\$2,127,225.00	Yes

		<p>b. CCC (College and Career Center) will organize workshops and field trips to help everyone understand what it means to be college and career ready.</p> <p>c. These workshops aim to address any learning gaps and strengthen the college and career-oriented mindset within the MWA community and the community surrounding our unduplicated students (English Learners, Low-Income, Foster Youth).</p> <p>d. Intentionally implement college and career readiness skills earlier on with a focus on the Middle School and 9th grade for all students, including unduplicated student groups (English Learners, Low-Income, Foster Youth).</p>		
<p>2.3</p>	<p>Graduation Pathways</p>	<p>1. Early Preparation:</p> <p>a. Focus on preparing students early and meeting state standards.</p> <p>b. A-G course access for all critical learner groups (English Learners, Low-Income, African-American Youth, Special Education, Foster Youth)</p> <p>c. Provide these students with opportunities to complete the California Minimum High School Graduation Requirements and earn a diploma, such as credit recovery or a fifth year of instruction.</p> <p>d. Ensure students have the chance to pursue postsecondary education, training, employment, and community participation provided through opportunities such as community engagement and field trips.</p> <p>e. Ensuring MS students have access to transitioning students in the Upper School to look forward to their own transition</p> <p>2. Support for State Requirements:</p> <p>a. Assess pathways outlined in AB104 and SB141 to ensure compliance.</p> <p>i. SB114's focus is on creating alternate pathways for students with disabilities to access the core curriculum and earn a high school diploma.</p> <p>ii. AB104 allows exemptions for students in their third or fourth year of high school who aren't on track to graduate in four years.</p>	<p>\$937,754.00</p>	<p>Yes</p>

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	<p>Diversity, Equity, and Inclusion: Create a safe, inclusive, and high-performing environment for all students and adults that are informed through the lens of diversity, equity, and inclusion.</p> <p>We will work with students and families to build a sense of connectedness and safety while working to decrease the number of students who are suspended through holistic supports, specifically for English Learners, Low-Income, Foster Youth, and SPED students.</p> <p>The progress of this goal will be monitored through suspension, expulsion attendance, chronic absenteeism and retention rates. We will support increasing diversity, equity, and inclusion on our campus by increasing parent participation, student participation, professional development for staff focused on specific student groups, and events.</p>	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

One of our core values is community; MWA was founded on the belief that diversity, equity and inclusion are a critical part of learning. In June 2022, the Making Waves Education Foundation installed two monuments to name MWA a Campus for Equity in Education in honor of our founders as a way to recognize their commitment and impact. The campus naming is consistent with the founder’s vision for Richmond, our students, and their families – a school in the community that can be an example of what it means to provide students with the kind of educational opportunities all students in our country deserve – no matter their family’s race/ethnicity, income, zip code, or background. In the context of the learning environment, we believe family partnerships, student engagement, and school climate are directly connected to a student's sense of belonging which can deeply impact their ability to learn. (Actions 3.2 and 3.4; Metrics 3.5, 3.6, 3.7, 3.8, 3.11, 3.14, 3.16, 3.16)

We believe that strong partnerships with parents is incredibly valuable and we want to continue monitoring our efforts on that front. An engaged parent can be one of the most effective levers to engage our students. This is especially true for students who require additional support (SPED, EL, socio-economically disadvantaged, chronically absent etc.). (Action 3.2; Metrics 3.5, 3.6, 3.7, and 3.8)

CA State Dashboard data has told us that historically we have had high suspension rates, specifically with our English Learners, Latino, students with disabilities, and low-income student groups. While our internal data shows that these suspensions have happened due to major offenses, we strive to reduce the number of these incidents through training student support. Our suspension rates for students with disabilities has qualified us for Differentiated Assistance, leading us to give addition focus to this student group. We will be using PBIS (Positive Behavior Interventions and Supports) to promote positive behavior, as well as training staff to better understand disabilities as to create an environment that can holistically support our students. (Actions 3.1 and 3.3; Metrics 3.3, 3.4, 3.9, and 3.10)

Lastly, we want all of our students to feel safe so they continue coming to school. This starts by creating an inclusive environment that prioritizes learning and student success. If students do not feel safe, they will have a very difficult time accessing their education. (Action 3.4; Metrics 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 3.13, 3.13)

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

3.1	Student Support Services for Students that are Suspended	<p>1. Student Support Services for Suspended Students:</p> <ul style="list-style-type: none"> a. Focus on students not getting needed support for behavior issues leading to repeated problems and negative feelings, especially for unduplicated student groups (English Learners, Low-Income, Foster Youth). b. Review suspension data and talk with students to better understand their needs. <ul style="list-style-type: none"> i. Give special attention to the data behind why English Learners, Hispanic, and Socioeconomically Disadvantaged students have higher suspension rates ii. Give special attention to the talking with English Learners, Hispanic, and Socioeconomically Disadvantaged students to better understand their needs c. Target skills like self-control, emotional identification, and anxiety reduction. <ul style="list-style-type: none"> i. Bring in external community engagement to support students in learning these skills. d. Provide support while students participate, keeping families updated and offering learning resources. e. Improve communication between schools and families. f. Address tough topics at home and build a stronger educational support 	\$813,767.00	Yes

		network for students.		
3.2	Integrated Family Engagement	<p>1. Engaging Families with Consistent Accessible Opportunities:</p> <p>a. Ensure families have regular and easy chances to join in with the school community, including families of unduplicated student groups (English Learners, Low-Income, Foster Youth).</p> <p>b. Ask families what they're interested in and what they need through a survey.</p> <p>c. Plan workshops, field trips, and community engagement that families will like and find useful in supporting their students.</p> <p>d. Put workshop dates on the school calendar and tell families about them through signs and the parent portal.</p> <p>e. Update signs, the parent portal, and other things to talk better with families.</p> <p>f. This way, the school wants to make sure families and the school work well together and feel connected.</p>	\$522,409.00	Yes
3.3	SWD Suspension Rate Reduction	<p>1. Reducing Suspension Rates for Students with Disabilities:</p> <p>a. Find out why students with disabilities are suspended often.</p> <p>b. Use PBIS (Positive Behavior Interventions and Supports) to promote good behavior and make the school welcoming for everyone.</p> <p>c. Set clear behavior rules, reward good behavior, and help students who might get suspended.</p> <p>d. Train staff on understanding disabilities, managing behavior, calming situations down, and talking well with students who have disabilities.</p> <p>e. Make sure families and the school work together to help each student.</p>	\$435,054.00	No
3.4	Increase in School Connectedness	<p>1. Building a Supportive Environment:</p> <p>a. Create a school where students, including unduplicated student groups (English Learners, Low-Income, Foster Youth), feel valued and connected.</p> <p>b. Assess the current environment through interviews, student groups, and surveys to find strengths, weaknesses, and areas for improvement.</p>	\$675,327.00	Yes

- c. Encourage positive interactions with team-building activities, peer support groups, and projects.
- d. Embrace diversity by celebrating different cultures, languages, and traditions through events and activities.
- i. This includes bringing in external contractors who best represent our unduplicated students to build this community awareness and connection.

2. Community Involvement

- a. Give students a voice in decision-making, including unduplicated student groups (English Learners, Low-Income, Foster Youth).
- b. Involve families by organizing workshops and opportunities for them to participate.
- c. Create experiences for unduplicated students outside of the classroom and MWA to community build through field trips that value exposure to diverse cultures and experiences.
- d. By doing this, MWA aims to make students feel connected, supported, and empowered to succeed socially and academically in a positive and inclusive environment for our unduplicated student groups (English Learners, Low-Income, Foster Youth) and all students.

<p>1.5</p>	<p>Action: Enhancing the Learning Environment for English Learners Through Staff PD</p> <p>Need: This goal was created to ensure that English Learners are being provided with instruction and support that best meets their needs. MWA is made up of), making it imperative that teachers have the knowledge and skills to provide our students with best-in-class supports to prepare them for their future.</p> <p>Scope: Schoolwide</p>	<p>Improve instructional coaching and professional development opportunities for educators to best support the needs of ELs.</p> <p>This action is provides school-wide as 20% of our students are ELs and all classrooms are integrated classrooms so all teachers will benefit from these PD sessions.</p>	<p>1.7 (EL reclassification rate), 1.8 (ELPI), 3.10 (PD Sessions - Critical Learner Groups)</p>
<p>1.6</p>	<p>Action: Language Acquisition Program</p> <p>Need: In 2023 MWA had 53.4% of English Learners progress at least one ELPI level, and is currently on track to meet our EL reclassification rate goal that we set in our last LCAP. Because of this, we will continue using methods that we have found to be successful. We will continue having this as a focus in our LCAP as 20% of MWA students are ELs.</p>	<p>Continue providing standards aligned curriculum specifically for designated ELs from CA approved materials list.</p>	<p>1.7 (EL reclassification rate), 1.8 (ELPI)</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>***This statistic will be updated once end of year data is available.</p> <p>Scope: LEA-wide</p>		
<p>2.1</p>	<p>Action: Vertically Aligned Systems for Seamless College and Career Support</p> <p>Need: Practices are in place to best serve our MWA students/critical learner groups (English Learners, Low-Income, African-American Youth, Special Education, Foster Youth). However, there is strong need for other departmental involvement in order to serve the "whole student" efficiently. MWA Departments should work in partnership with the CCC Department to provide seamless support to MWA students/critical learning groups (English learners, Low-Income, African-American Youth, Special Education, Foster Youth). pertaining to their college and career readiness and post-secondary success needs.</p> <p>Scope: LEA-wide</p>	<p>Develop and implement a systematic partnership agreement within MWA to address and identify the college and career readiness and post-secondary needs of critical learning groups (English Learners, Low-Income, African-American Youth, Special Education, Foster Youth). Additionally, continue to update the practices to ensure that MWA students' specific needs are met.</p> <p>This action is provided on a school-wide basis as MWA has an unduplicated student population of 85%. Providing these services to the school as a whole ensures that this action reaches all of our English Learners, Foster Youth, and Low Income students.</p>	<p>2.3 (Graduation Rate), 2.4 (Drop-Out Rate), 2.6 (EAP), 2.7 (CCI), 2.12 (Access to a Broad Course of Study)</p>
<p>2.2</p>	<p>Action: College and Career Pathway Scope and Sequence</p> <p>Need: MWA is known for its college and career going</p>	<p>Develop and implement a strategic plan that encompasses the development of a scope and sequence that addresses the implementation of age appropriate college and career readiness curriculum for critical learning groups (English learners, Low-Income, African-American Youth,</p>	<p>2.1 (CTE Enrollment and completion), 2.6 (EAP), 2.7 (CCI), 2.8 (US and CSU Eligibility), 2.10 (Post-Secondary Planning), 2.11 (Number of Field Trips)</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>culture and the desire for all students to be college and career ready. However, an important component is needed in order to support the idea of this culture. MWA's goal is to develop an age-appropriate curriculum and rigorous course of study through access to courses that will allow the students (English Learners, Foster Youth, Low Income students) to develop a comprehensive and distinct understanding behind the meaning of being college ready and/or career ready. Part of this implementation will also involve fully educating and supporting MWA staff in delivering content that is relevant to MWA's four pillars. This will also aid in educating families of English Learners, Foster Youth, Low Income students on the importance of college and career readiness and the part they play in their student's success.</p> <p>Scope: LEA-wide</p>	<p>Special Education, Foster Youth) starting in the Middle School grades through Upper School grades.</p> <p>This action is provided on a school-wide basis as MWA has an unduplicated student population of 85%. Providing these services to the school as a whole ensures that this action reaches all of our English Learners, Foster Youth, and Low Income students.</p>	
<p>2.3</p>	<p>Action: Graduation Pathways</p> <p>Need: MWA's goal is to refine the approach to supporting individual graduation pathway plans for critical learning groups (English Learners, Low-Income, African-American Youth, Special Education, Foster Youth), starting in the 9th grade. These plans will more closely track and monitor the progress towards high school graduation and the development of post-secondary plans in order to align with the</p>	<p>Strengthen and refine existing plan to better serve MWA students in critical learning groups (English Learners, Low-Income, African-American Youth, Special Education, Foster Youth) and as a whole as they move through the graduation process.</p> <p>This action is provided on a school-wide basis as MWA has an unduplicated student population of 85%. Providing these services to the school as a whole ensures that this action reaches all of our English Learners, Foster Youth, and Low Income students.</p>	<p>2.1 (CTE Enrollment and completion), 2.2 (A-G Completion), 2.3 (Graduation Rate), 2.5 (AP Pass Rate), 2.7 (CCI), 2.11 (Number of Field Trips), 2.12 (Access to a Broad Course of Study)</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>college and career readiness mission and vision.</p> <p>Scope: LEA-wide</p>		
<p>3.1</p>	<p>Action: Student Support Services for Students that are Suspended</p> <p>Need: Students that are suspended are not receiving necessary supports/interventions to address future behavior concerns. On the CA State Dashboard, our suspension rate is in the red and has been shown to increase +2.7%. The specific student groups in the red that are addressed here are: English Learners, Hispanic, and Socioeconomically Disadvantaged students.</p> <p>Scope: LEA-wide</p>	<p>Refer students that have been suspended to Student Support Services to be placed on Tier 2 or 3 with targeted skills to be taught in various formats with a focus on critical learning groups and unduplicated student groups (English Learners, Low-Income, Foster Youth).</p> <p>This action is provided on a school-wide basis as MWA has an unduplicated student population of 85%. Providing these services to the school as a whole ensures that this action reaches all of our English Learners, Foster Youth, and Low Income students.</p>	<p>3.1 (Chronic Absenteeism Rate), 3.2 (Average Daily Attendance), 3.3 (Suspension Rate), 3.4 (Expulsion Rate), 3.12 (8th Grade Retention Rates), 3.13 (Upper School Retention Rates), 2.13 (Field Trips)</p>
<p>3.2</p>	<p>Action: Integrated Family Engagement</p> <p>Need: Families (including those of English Learners, Foster Youth, and Low-Income students) lack consistent and accessible opportunities to engage with the school community, resulting in limited participation and a sense of disconnection.</p>	<p>Develop and implement a comprehensive plan for family workshops that is based on surveyed interests, establishes a regular and consistent set of events, and that are promoted effectively to all parents, guardians, and families of our unduplicated student groups (English Learners, Low-Income, Foster Youth).</p> <p>This action is provided on a school-wide basis as MWA has an unduplicated student population of 85%. Providing these services to the school as a whole ensures that this action reaches all of our</p>	<p>3.1 (Chronic Absenteeism Rate), 3.2 (Average Daily Attendance), 3.7 (Parent Participation), 3.8 (Number of Parents who Participate in Workshops), 3.9 (PD Sessions: Partnering with Families), 3.12 (8th Grade Retention Rates), 3.13 (Upper School Retention Rates), 3.14 (Engagement Events: Master Calendar),</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide	English Learners, Foster Youth, and Low Income students.	3.15 (Engagement Events: Promoted), 2.13 (Field Trips)
3.4	<p>Action: Increase in School Connectedness</p> <p>Need: According to the Student Climate Survey given in February 2024, 47% of students schoolwide feel a school connectedness resulting in students not feeling valued, respected, nor engaged in their learning. As 85% of our student population is considered to be unduplicated, this feedback is indicative of needing to address this with our English Learners, Foster Youth, and Low-Income students.</p> <p>Scope: LEA-wide</p>	<p>Achieve a school atmosphere that increases school connectedness based on School Climate Survey results, assessment of current environment, while fostering student voice and leadership for our unduplicated student groups (English Learners, Low-Income, Foster Youth).</p> <p>This action is provided on a school-wide basis as MWA has an unduplicated student population of 85%. Providing these services to the school as a whole ensures that this action reaches all of our English Learners, Foster Youth, and Low Income students.</p>	3.5 (School Climate Survey: Safety), 3.6 (School Climate Survey: Connectedness), 3.10 (PD: Interventions for Students with Disabilities), 3.11 (Student Input), 3.12 (8th Grade Retention Rates), 3.13 (Upper School Retention Rates), 3.16 (Student vs. Staff Demographics), 2.13 (Field Trips)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

MWA does not have any limited actions in this LCAP cycle. 84.36% of MWA students count as Unduplicated Students, so contributing actions are provided LEA-Wide to best support all unduplicated students and other critical learning groups regardless of race/ethnicity, income-level,

English proficiency, foster youth status, gender, ability, etc..

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Making Waves Academy, a single-school LEA, has a high concentration of unduplicated pupils (English learners, low-income students, and foster youth): 84.36%. As such we receive the concentration grant and the newer concentration grant “add on.” We will utilize the additional concentration grant add-on funding to increase the number of staff providing direct services to students, through the hiring of a new Social Worker and a new Upper School Dean. While social workers will be spending the majority or their time supporting Goal 3 Action 1 (Student Support Services for Students that are Suspended), they will also spend a considerable amount of time on Goal 3 Action 2 (Integrated Family Engagement), Goal 3 Action 3 (SWD Suspension Rate Reduction), and Goal 3 Action 4 (Increase in School Connectedness). A small part of their time will be dedicated towards supporting Goal 2 (College and Career Readiness) as a whole. Deans will be spending their time in a similar way, however they will be spending significantly more time supporting with Goal 3 Action 4 (Increase in School Connectedness).

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);

- **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.*

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> • Enter the metric number.
Metric
<ul style="list-style-type: none"> • Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.
Baseline
<ul style="list-style-type: none"> • Enter the baseline when completing the LCAP for 2024–25.

- Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
- Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
- Indicate the school year to which the baseline data applies.
- The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.

- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

- **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic

Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
