Executive Summary for FY 2025-26 (1st Draft) Report

April 23th, 2025

FY2025 Original Budget vs. FY2026 Original Budget Summary

As we prepared the FY2026 Original Budget, we made strategic adjustments to ensure our financial plan remains fiscally responsible while continuing to meet the needs of our students and staff. Compared with the FY2025 Original Budget, our projected expenses have been reduced by approximately **\$772,000**, representing a **2% overall decrease**. This reduction reflects our ongoing commitment to “right-sizing” the organization and prudent financial stewardship, particularly in a time of economic uncertainty.

Key drivers of this change include:

Staffing:

In FY2025, we budgeted for **169 full-time equivalents (FTEs)**. With a projected decrease in enrollment for FY2026, we carefully reassessed our staffing levels and identified an opportunity to reduce headcount by **10.5 FTEs**, or about **6%**. This adjustment results in an estimated savings of **\$1.28 million** and ensures that our staffing model remains aligned with current enrollment and long-term budget forecasts.

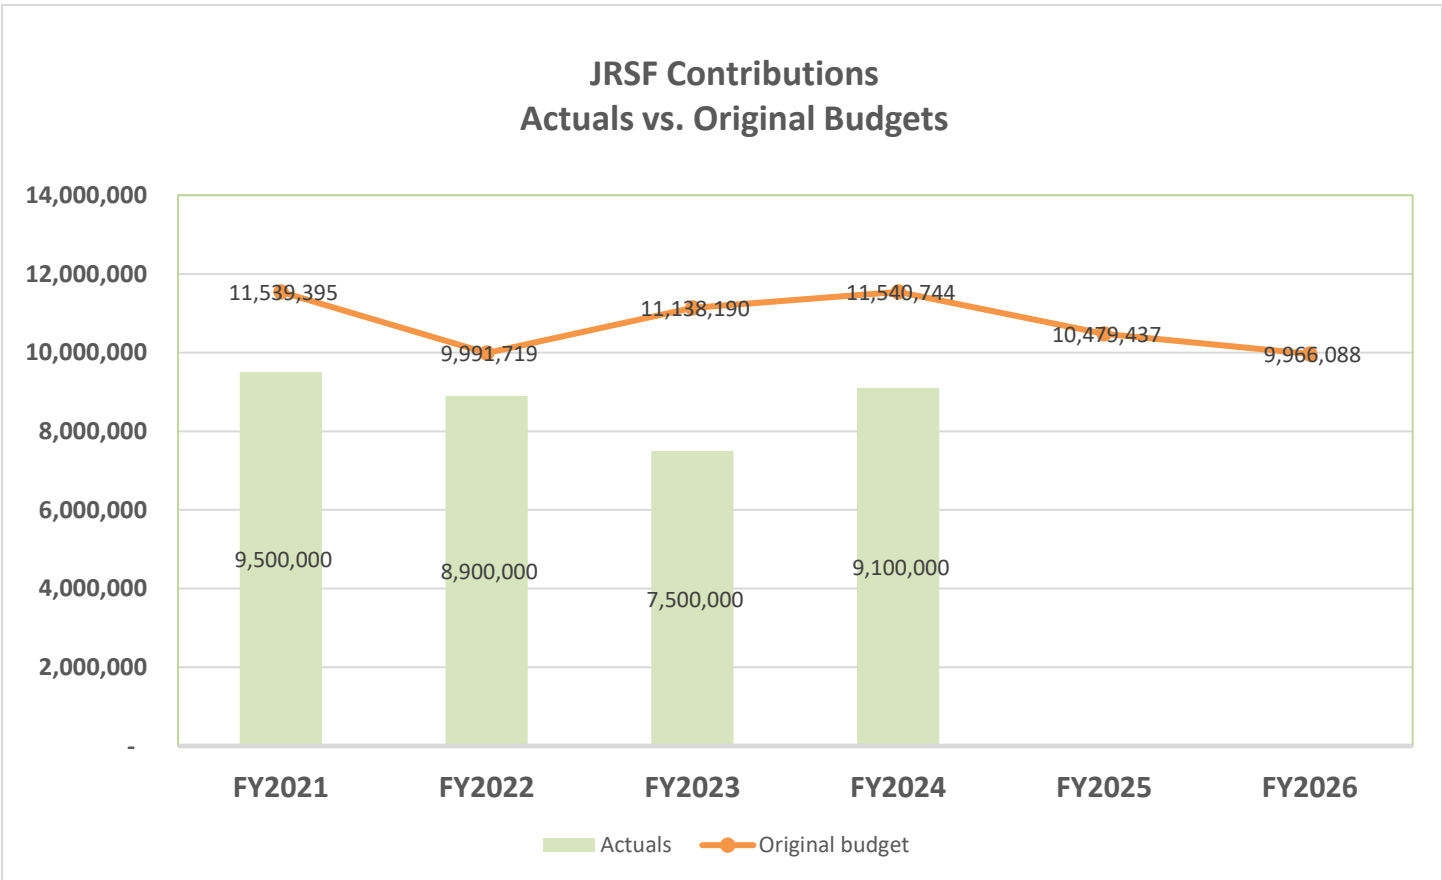

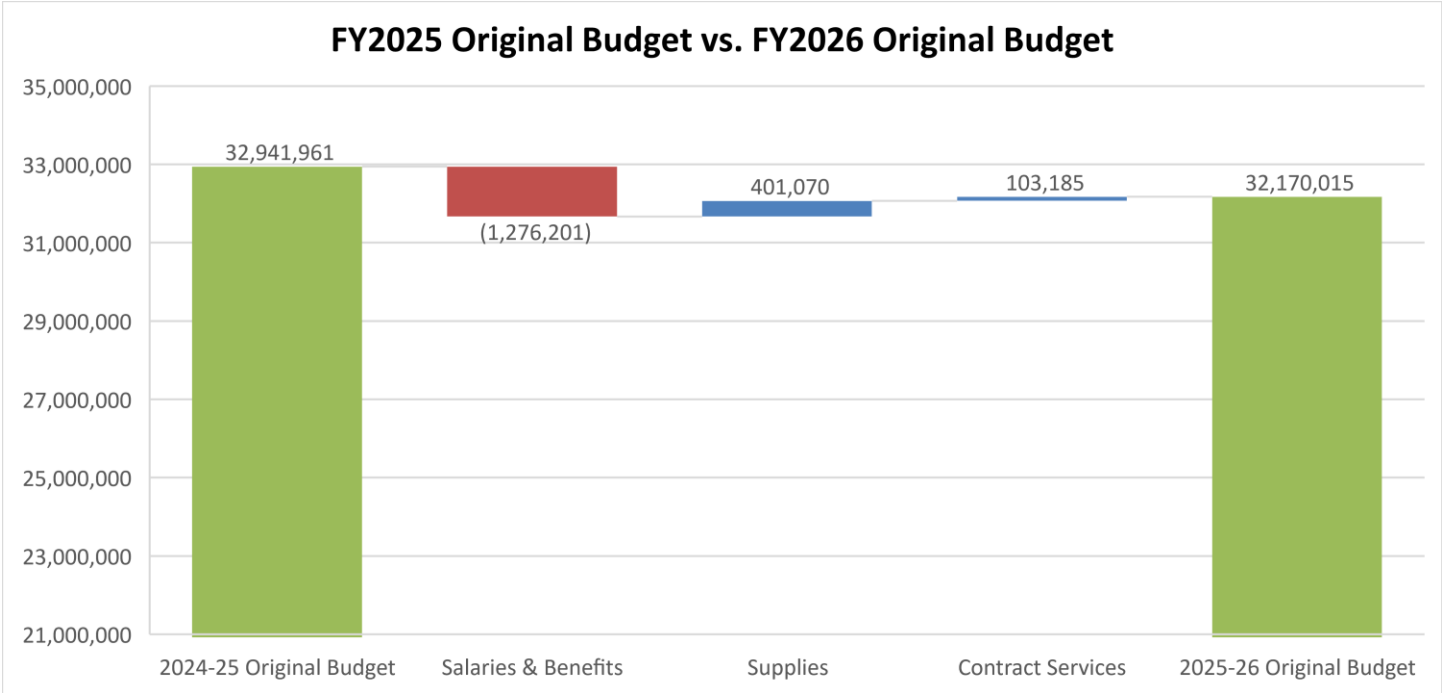

Technology Investments:

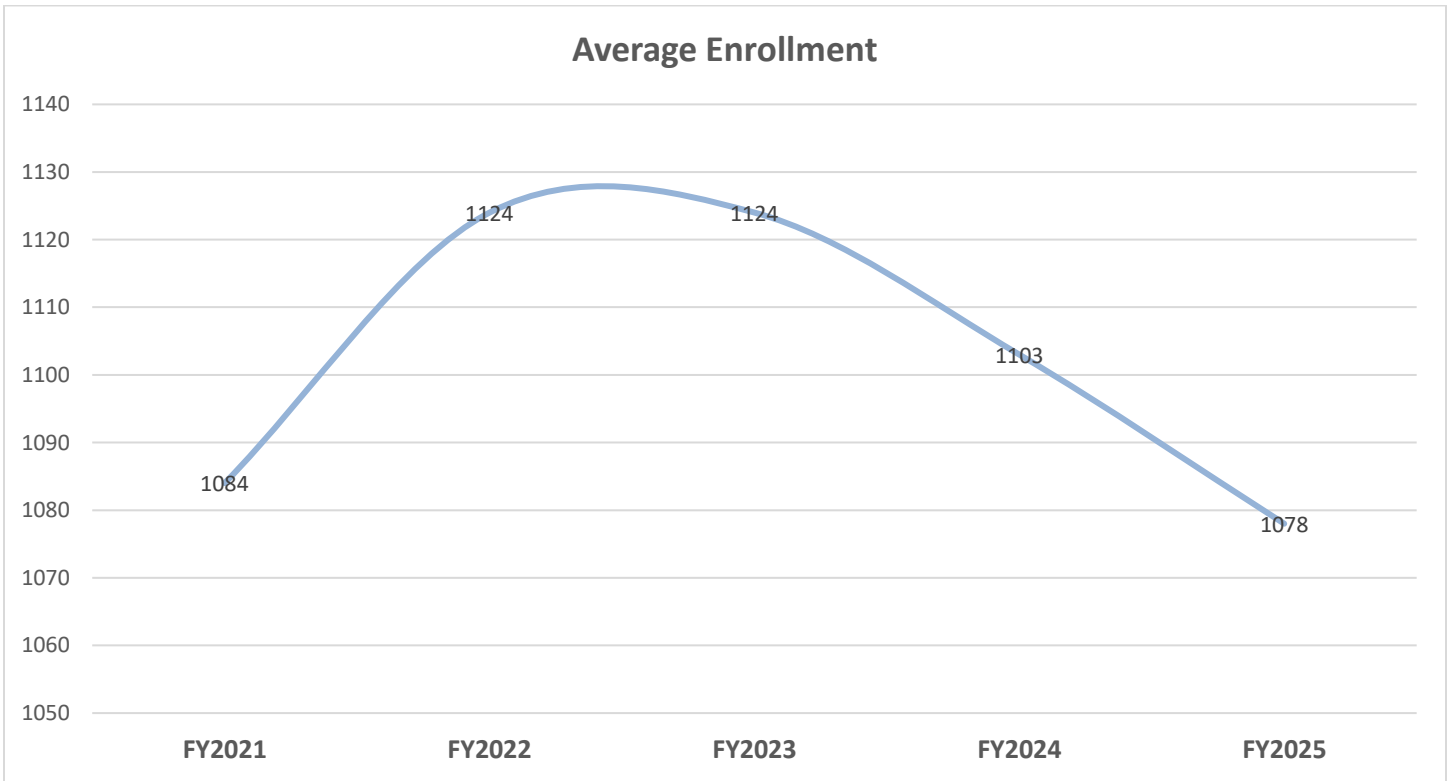

FY2026 is a planned refresh year for our student Chromebooks and network switch infrastructure, which are reaching the end of their useful life. We have allocated **\$338,000** for this technology update to maintain uninterrupted learning for our Wave-Makers and ensure the stability and security of our campus-wide internet access. To better manage long-term costs, we are shifting away from large, one-time technology purchases and moving toward a steady-state replacement model. This approach will distribute technology investments across multiple years, making them more financially sustainable and easier to absorb within future budgets.

Other Adjustments:

We also made modest increases in select areas to better align with projected needs. These include updates to core curriculum materials, restocking emergency supplies, and maintaining essential contracted services such as on-site substitutes and special education support. These combined adjustments increased the budget by approximately **\$170,000**.

Through thoughtful planning and collaboration, we were able to achieve a net savings of **\$772,000** while keeping the FY2026 budget in close alignment with the prior year. These decisions reflect our focus on sustainability and preserving the high-quality education our students deserve.

Total Compensation Update

Elizabeth Martinez

Chief Operating Officer

As you may recall, we engaged with Edgility to conduct a Total Compensation Study; the study is on track to be completed by April 30th, as planned. Phases 1 and 2 are complete; these phases included information gathering and stakeholder engagement. **Approximately 68% of our current employees responded to the survey sent out by Edgility**, they held 6 focus groups, and five 1:1s with key leaders. **The demographics of respondents reflected the diversity of our staff across: race, gender, manager/non-managers, functional areas, and roles.** The feedback phase produced a set of findings that will guide how we think about staff/faculty pay structures and our Total Value Proposition (the entire package of benefits and value that we will offer to our employees).

Additionally, Edgility provided us ratings across 3 areas: Clarity & Transparency, Fairness & Consistency, and Inclusion & Belonging on a scale of 1-5, 5 being the highest score. We received a 3.5 across all 3 areas. When compared to other organizations, there is a 0.1% difference in our ratings. **This suggests that the challenges our staff experience are present in other organizations as well AND there is room for improvement.**

Intended Direction

After careful consideration and discussion, we intend to adjust our compensation model to target “above market” salaries. In order to do this and be financially sustainable I am looking to implement the following changes:

- **Removing the Temporary Cost of Living Adjustment (\$12,000 annual) in a phased manner** (see page 2 for financial details)
 - Employees who receive a base salary adjustment exceeding \$12,000 will no longer receive the TCOLA effective July 1, those whose base salary adjustment is below \$12,000 will receive the TCOLA for one more fiscal year.
- **Changing the complimentary benefits package from the Platinum level to Gold, employees can choose to pay an up-charge to remain on Platinum plans.** The change will have minimal impact on employees but will save the organization approximately \$250,000 annually - this amount can fluctuate depending on the insurance market variations.
- **Offering paid parental leave through a continuity of wages model for a limited time.** As of now, our employees may receive some support from the state during their parental leaves but it is often capped at 60-70% of their earnings. They have to use their accrued time (vacation, sick, personal) to maintain their income at or close to 100% during their leave. My intention is to cover that income gap without requiring employees to use their accrued time.
- **Offering a limited amount of paid time off for teachers to take required exams as part of their credentialing processes.** Right now they have to use personal time (they only accrue 2 days annually) or take unpaid time off.
- **Committing to providing a living wage to all employees by instituting a wage floor.** T
- Implementing a “no negotiation” policy for new hires.

While we will discontinue some benefits, there are many that will remain in place or look different. Examples of benefits we will continue include: Tuition Remission, Student Loan Repayment Assistance, Teacher Induction Program, generous 403(b) matching, no-cost medical coverage for employees and dependants or employee and spouse, and retention recognition.

As you all know, education continues to see a decline of individuals interested in education as a career path; this is especially true for [teachers](#). This is in large part due to the demands of the work, lack of competitive pay, and rise of costs for college/credentialing programs. Oftentimes, the cost of obtaining a full teaching credential outweighs the anticipated pay. We cannot offer alternative benefits such as remote work broadly as we are a site-based school and therefore we have to be creative in the offerings we can provide. I believe the changes outlined above will make MWA stand out amongst our competitors and help us attract more talent.

Cost Indexes

Edgility recommends that salaries and geographic differentials be based on the cost to hire talent in a particular location.

Salary midpoints, salary increases and geographic differentials are based on:

Cost of Labor

Cost to hire talent in a specific location. Reflects the difference in pay for the same job in different locations.

Typically compensation is based on the cost of labor in a particular location. It is a more reliable and less volatile calculation that helps us understand the competitive nature of hiring/recruiting talent of the nearest metro market where the person lives.

The living wage is based on:

Cost of Living (COLA)

Cost of consumer goods in a specific location. Reflects the price of food, housing, transportation, taxes etc.

Cost of Living can vary greatly depending on the person, and inflation is a big area of concern for many organizations. Edgility addresses Cost of Living and inflation recommendations in "[Equity Considerations](#)".

Types of Analysis Pay

Edgility recommends that organizations examine both external market competitiveness and internal equity and that organizations lean more heavily on internal equity

Market Competitiveness

Compares where an organization's pay falls relative to the external labor market. In this step we compare each individual employee's salary to target percentiles in the external market by calculating a compa ratio

Compa Ratio = Employee Salary/ Target Market Percentile

Equity Audit

Compares where an individual employee's pay or a specific demographic group's pay falls relative to other staff or demographic groups within an organization. In this step we factor in experience (and performance data if available) to determine a salary target for each employee and then compare each individual employee's salary to each other using an adjusted compa ratio

Market Competitiveness Terminology

What do P40, P50, P60, and P75 mean?

This refers to a market pay position.

P40 is "below market." It means that 60% of similar organizations are paying more for these roles, while 40% are paying less. Organizations may target P40 due to budgetary restrictions with a goal of reaching P50 (at market) over time.

P50 is considered to be "at market." It means that 50% of organizations pay less than your organization, and 50% pay more. This is more often than not the Edgility recommendation.

P60 is "above" market. This means 60% of organizations are paying less, while 40% are paying more. Paying at P60 is a competitive space for an organization to sit; however, an organization must consider financial sustainability and how difficult it is to attract and retain top tier talent when selecting a target percentile.

P75 is very competitive. Only 25% of organizations are paying more. Consider all points for P60 above.

Market Competitiveness Terminology

What is a compa ratio?

This represents the “market competitiveness” of each salary.

Below target percentile

Compa ratio < 0.95 (less competitive)

At target percentile

Compa ratio
0.95-1.05

Above target percentile

Compa ratio > 1.05 (more
competitive)

These ratios are what we use to assess how competitive your pay is, both for unique roles and across the organization.

**Note:* We provide a range around being “at” a target percentile to address market volatility and one’s ability to grow across a salary range and still be compensated competitively.

Market Competitiveness Terminology

Example:

Employee **Current** Salary = \$70,000

Employee **Target** Salary Midpoint = \$70,000

Compa Ratio =

\$70,000 ~~\$70,000~~

= 1.00

Example:

Employee **Current** Salary = \$64,000

Employee **Target** Salary Midpoint = \$70,000

Compa Ratio =

\$64,000 ~~\$70,000~~

= 0.91

Market Competitiveness: Teachers
