Deep Dive: Student Support Services Department

Connector Activity

Be prepared to share **1 word or short phrase** that stands out to you about the image below:

The Student Services and Supports Department (SSSD) is pleased to present this update on our strategic evolution toward a more equitable and proactive school environment. This report outlines our current progress, the data-driven success of our disciplinary reforms, and our vision for a school climate where every student—particularly those from our most historically underserved populations—can thrive.

Strategic Focus

The SSSD is currently prioritizing physical and psychological safety through proactive, tiered interventions. Key focus areas include:

- **Equitable Support:** Implementation of restorative practices and Social-Emotional Learning (SEL) programming.
- **Reduced Exclusionary Discipline:** A concerted effort to reduce suspension rates for non-discretionary behaviors by utilizing "Other Means of Correction."
- **Targeted Populations:** Priority support is directed toward students with IEPs, Black/African American students, and English Language Learners.

Evolution of School Climate: From Defense to Offense

The department has transitioned from a reactive, post-pandemic baseline to a proactive, stability-focused model:

- **Historical Context (Post-COVID):** Operations were characterized by "Playing Defense," focusing on learning loss, teacher retention, and managing high Tier 3 interventions and suspensions.
- **Current Status:** The school is now "Playing Offense," emphasizing stability, Tier 1 and Tier 2 interventions, and SEL capacity-building for both staff and students.

Discipline Data and Impact

Significant progress has been made in reducing exclusionary discipline:

- **Suspension Reduction:** Overall suspension rates have decreased by nearly 90% compared to the same period last year.
- **Special Populations:**
  - **Black/African American Students:** 0% suspension rate (down from 19% in 2024-25).
  - **Students with IEPs:** 3% suspension rate (down from 18% in 2024-25).
  - **Long-Term English Learners:** 3% suspension rate.
- **Restorative Success:** There have been 203 total restorative actions schoolwide, used in lieu of suspension and to resolve high-level interpersonal conflicts.

Future Strategic Initiatives

The SSSD's forward-looking agenda includes:

- **Tier 2 Expansion:** Launching Social Skills Small Groups.

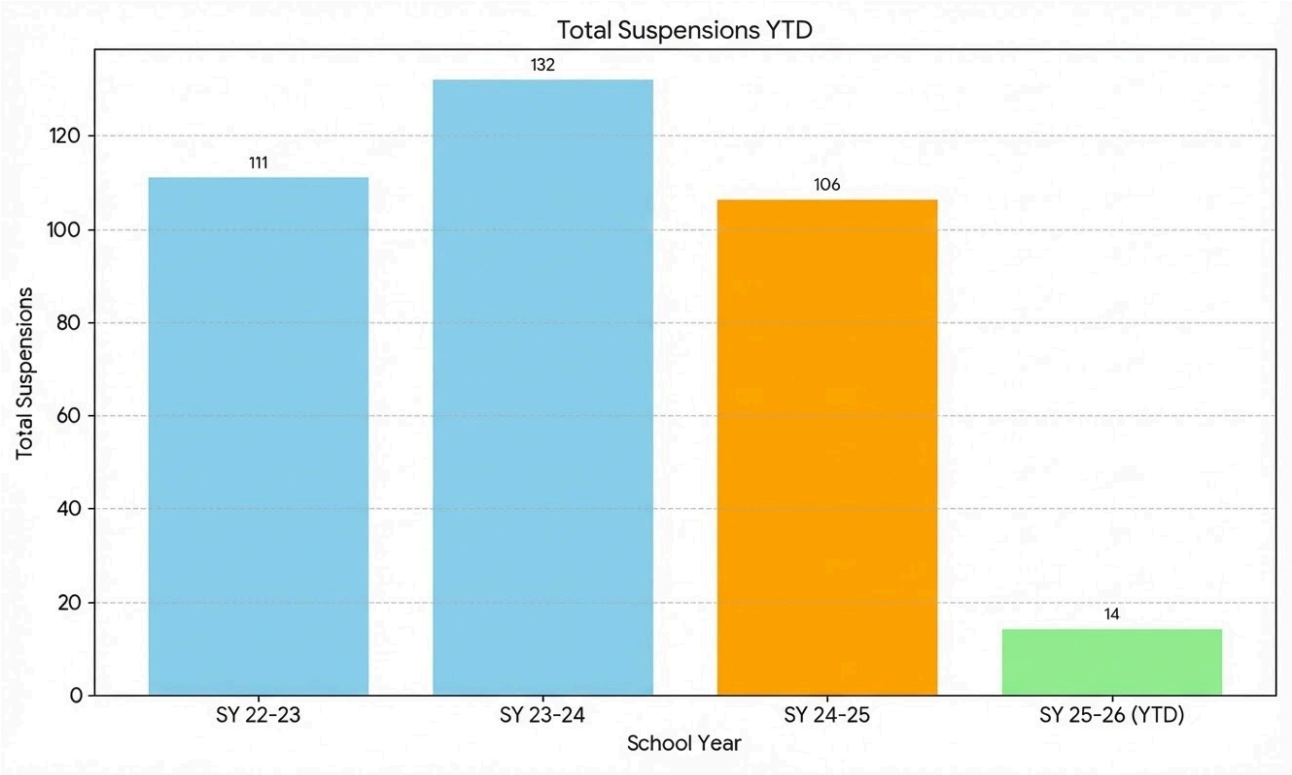

- **External Partnerships:** Exploring new mental and social service partnerships for families and students.
- **Staff Development:** Ongoing professional development in Tier 1 de-escalation and relationship-building strategies.
- **Community Engagement:** Strengthening regular engagement with parents and guardians.

Data and Analysis

The data reflected in this report—most notably the near 90% reduction in overall suspension rates—serves as a powerful validation of our commitment to "Other Means of Correction" and restorative justice. By eliminating exclusionary discipline for our Black/African American students and drastically reducing it for students with IEPs, we are not just changing statistics; we are changing the educational experience for our community. As we look toward the future, the SSSD remains focused on expanding Tier 2 social skills programming and deepening our partnerships with families and external service providers. We are no longer simply reacting to challenges; we are building a sustainable foundation of belonging and support that ensures long-term success for every student in our care.

MWA CEO Report to the MWA Board

MARCH 2026

The stretch between President's Week and Spring Break is our last sustained window of instructional focus before state testing in April — fewer disruptions, fewer competing events, and more time to go deep with students. We're encouraging faculty to stay grounded in standards-based, grade-level instruction while also creating intentional opportunities for students to engage with question types and formats they'll encounter on state assessments. Our instructional priorities remain consistent: grade-level rigor, productive struggle, and strong checking for understanding.

Coaching observations continue during this period. Ms. Bakheit and I are joining Mr. Persina and Ms. Lokhandwala on classroom observations and coaching debriefs of math and ELA teachers in both the middle and upper schools. Between now and April, we're aiming for four joint observations and debriefs — one ELA and one math observation at each division. These visits serve a dual purpose: deepening our collective understanding of the IPG tool and continuing to sharpen our shared coaching practice.

Here some highlight since the last MWA Board meeting in January:

- Field/Study Trips to an oil refinery in Martinez, Sac State, UC Davis, and the Planetarium on the Mt. Diablo College campus
- First ever club fair in the middle school - supported by the US ASB, US faculty, and Mr. Thomas
- 5th grade enrollment lottery closed with great numbers for offers of enrollment and diversity of applicants
- 2nd Progress Report of the semester shared with students and parents/guardians on 3/6/26
- Interim assessments being completed in the MS and US
- Physical Fitness test being administered to the 5th, 7th, and 9th grade classes
- ELPAC administered school-wide assessing progress and eligibility for reclassification
- Annual oversight visit from our charter authorizer scheduled for mid-March. They will observe some classes and interview students and staff.

WASC/LCAP/"Big Rocks" Glossary

- ***WASC*** (*Western Association of Schools and Colleges*) – MWA's school accreditation organization; requires renewal every 6 years and assesses a school's progress against self-identified goals
- ***LCAP*** (*Local Control Accountability Plan*) – State's accountability tool tied to priority funding
- ***"Big Rocks"*** – priorities; tasks, projects, goals, and mission critical objectives (Forbes, 1/20/21)

Big Rock Updates

Big Rock #1:
Support a successful WASC re-accreditation process.
Work with Bryann and leaders across the school to support completing critical milestones required for us in order to make sure we are as prepared as possible for a successful WASC accreditation renewal process this year.
UPDATES: • After review from members of the board, the completed Self Study Report was submitted to the WASC Visiting Committee Chair. ***WASC Accreditation Renewal:*** Visiting team is campus *April 12-15, 2026*.

Big Rock #2:
Strengthen instructional practices through coaching, particularly math and English.
Through the use of standardized coaching protocols and tools, participate, discuss, and support instructional leaders and teacher leaders towards progress on more targeted, curricular-aligned, engaging, and effective Tier 1 core instruction, particularly in math and English classes.

UPDATES:

- Our final three days of on-site capacity-building work with Instruction Partners (IP) wrapped up in February, and we came away encouraged. A strong gain on the IPG over the course of a school year is .5 points on a 4-point scale — and both ELA and math showed aggregate improvement close to or exceeding that benchmark. Across our observations, we saw more rigor, more time with text, and more consistent grade-level instruction. The momentum feels real, and our conversations with IP are beginning to reflect a shared picture of what strong instruction looks like at MWA. As we move toward the end of the year, we'll continue pressing toward one of our key goals: ***more ownership of the learning transferred to students***.

- The ILT continues to engage in classroom observations and coaching debriefs, though I want to be transparent that competing priorities have required me to scale back the number of observations I'm personally able to conduct this semester.

- We also have a new tool in our coaching toolkit: a ***camera device*** that allows us to record lessons for teachers to watch themselves teach. Videos are stored in a secure folder accessible only to the teacher and their coach — a meaningful way to deepen reflection and make coaching conversations more grounded in what's actually happening in the classroom.

Big Rock #3:

Focus on improving academic outcomes and support for vulnerable student populations.

Our annual state assessment data points to a need to focus on some of our critical subgroup of learners. The goal will be to see progress and material student achievement growth for students in these subgroups.

UPDATES:

- Tyler, our Director of Special Education, continues his work with students, families, and teachers to update IEP goals — ensuring they are clear, actionable, and reflective of each student's needs.

- We're also pleased to share that we have hired a 504 Coordinator, who will meaningfully expand Tyler's team's capacity to support students and ensure that 504 accommodations are being consistently followed across classrooms.

- Looking ahead, I'm actively exploring ways to more systematically monitor and maintain focus on the progress of our Long-Term English Learners and Students with Disabilities — building in regular touchpoints so that these students remain visible in our data conversations and receive the targeted attention they deserve.

Big Rock #4:

Supporting and seeing material progress on strategic plan initiative - increasing career exposure opportunities for MWA students.

Work with our "Portraits of a Graduate" group (select teachers, teacher leaders, and staff) to further discuss piloting various approaches to opening up more career exposure opportunities for students.

UPDATES:

- An 8th grade pilot using a ***career development curriculum*** is now underway. The pilot is designed to be informative — what we learn will shape how we structure Advisory in the upper school and Homeroom in the middle school for next year.
- With the recently announced shifts at Making Waves Education Foundation, the Steering Committee has been disbanded. Liz is now working with the ***Portrait of a Graduate workgroup*** to build consensus around how to meaningfully integrate those concepts into our practices for the coming year. She is also leading an effort to align our strategic plan, LCAP, and WASC Action Plan into a more unified framework — reducing redundancy, clarifying priorities, and allowing us to pursue our goals with greater focus and coherence.

Interim Executive Director

Elizabeth Martinez

March 2026

It's been a full and energizing start to the spring semester! Much like the momentum we felt back in August, this month has been defined by a sense of purpose and promise as we look toward the future of Making Waves Academy. During recent campus walkthroughs, the energy is palpable—from the high-stakes excitement of our enrollment lottery to the deeply thoughtful conversations happening across the campus. We are seeing the consistency and joy that are the hallmarks of this community, and it is truly everything we want for our Wave-Makers and staff.

Strategic Plan Update (Appendix A)

As we look toward the horizon of our next chapter, I am thrilled to present a first look at our Draft Strategic Plan—a roadmap designed with the same intentionality and heart that defines our daily work at Making Waves Academy. This document represents a refined strategic trajectory for our community, bridging our ambitious 10-year vision with a concrete three-year strategy and a focused one-year operational plan. It is a blueprint that honors our history while boldly charting a path toward our new "North Star."

Middle School Enrollment Lottery: A Growing Vote of Confidence (Appendix B)

The vibrancy of our community is perhaps most evident in the results of our Middle School enrollment lottery. We are thrilled to share that applications increased year-over-year, reflecting a continued demand for an MWA education. ***Total applications grew by 5.1%, the first increase in total applications since 2019.***

We saw particularly energizing growth in our 7th-grade applications, which rose by an impressive 14.5%. Additionally, ***our outreach efforts have yielded a more diverse applicant pool, including a 2% increase in African-American applicants and offers of enrollment for this demographic doubled.*** This tremendous effort from our team increases the probability for a student body that is more reflective of the diversity of our broader community.

Staff Intent to Return SY26-27: A Strong and Stable Foundation (Appendix C)

Just as we celebrated a smooth start to the school year, ***our retention outlook for 2026–27 remains remarkably stable and high.*** In a testament to our evolving team culture, ***93% of our eligible staff have indicated they definitely plan to return next year.*** An additional 5% reported they are likely to return. ***Notably, 100% of our Central Office team has committed to returning, providing the steady "behind-the-scenes" leadership that makes our work possible.***

Our staff remains highly engaged, and their feedback is helping us plan proactively for the year ahead. ***The most consistent theme among staff indicating "likely" or expressing conditional return relates to the phase-out of the temporary cost-of-living adjustment***. Several staff members shared that the removal of the COLA stipend may influence their financial planning once formal compensation letters are issued. A smaller number of comments referenced credentialing timelines, graduate study, visa status, or role clarity. ***These appear individualized rather than systemic and are being addressed through direct follow-up.***

Most importantly, there were no broad concerns raised regarding school mission, leadership direction, or team culture. We are heading into the final stretch of the school year with so much gratitude and joy. Whether it is welcoming new families through the lottery or ensuring our veteran staff feel supported and heard, we are doing this work together with a clear sense of direction. ***We have much to accomplish, but with this level of community and staff commitment, the future of MWA has never looked brighter.***

Background on Application Process (optional read)

Families apply to enroll at Making Waves Academy through an online application tool called ***"Enroll WCC"*** (WCC stands for West Contra Costa). Enroll WCC provides one application process for families to apply to one or more charter school options located in West Contra Costa. Some families apply to only one charter school while others check the box to apply to multiple schools.

If schools receive more applications than spots available, they are required by law to run a lottery process. After the lotteries are conducted, families who were offered enrollment have the choice to either accept, decline or request to be added to the waitlist. If families are not selected during the lottery, they are automatically placed on the waiting list.

  - YTD average Burn: $2.6M
  - Budgeted average burn: $2.7M

  - Revenue:
    - **$477K over budget**, due to the timing of a couple of government grants received.
  - Expense:
    - **$471K under budget** in salaries and benefits due to unfilled positions and a workers' compensation audit refund.
    - **$10K under budget** in supplies, largely due to timing of invoices.
    - **$220K over budget** in contract services, primarily related to the following:
      - Contracted substitute teachers (partially offset by staffing vacancies)
      - Additional Special Education services
      - PG&E utility true-up charges
      - Legal fees related to a Board-initiated investigation

Monthly Performance: January 2026

  - **$2.75M** for MWA - "School"
  - **$372K** for MWA Central Office
- On a monthly basis, consolidated expenditures were modestly **over budget**, primarily due to the timing of invoice receipt.
  - MWA – "School":
    - $3.6K (0%) under budget, reflecting performance largely in line with expectations.
  - MWA Central Office:
    - $9K (2%) over budget, driven mainly by PTO accruals and contracted services.

Year-to-Date Performance: (July 2025-January 2026)

MWA - "School" YTD Budget to Actuals

            a) 2 teachers
        ii. Recruitment for 7 additional FTE positions has been paused pending labor market conditions and ongoing right-sizing efforts.

    - ***Supplies:*** $5K savings, from timing of invoices received.

    - ***Contracted Services:*** $195K over budget, primarily due to utility true-ups, increased Special Education services, and contracted substitute teachers. The increased substitute teacher costs are partially offset by salary savings from vacancies. These variances will be monitored and addressed during the 2nd Interim Budget process.

MWA Central Office YTD Budget to Actuals

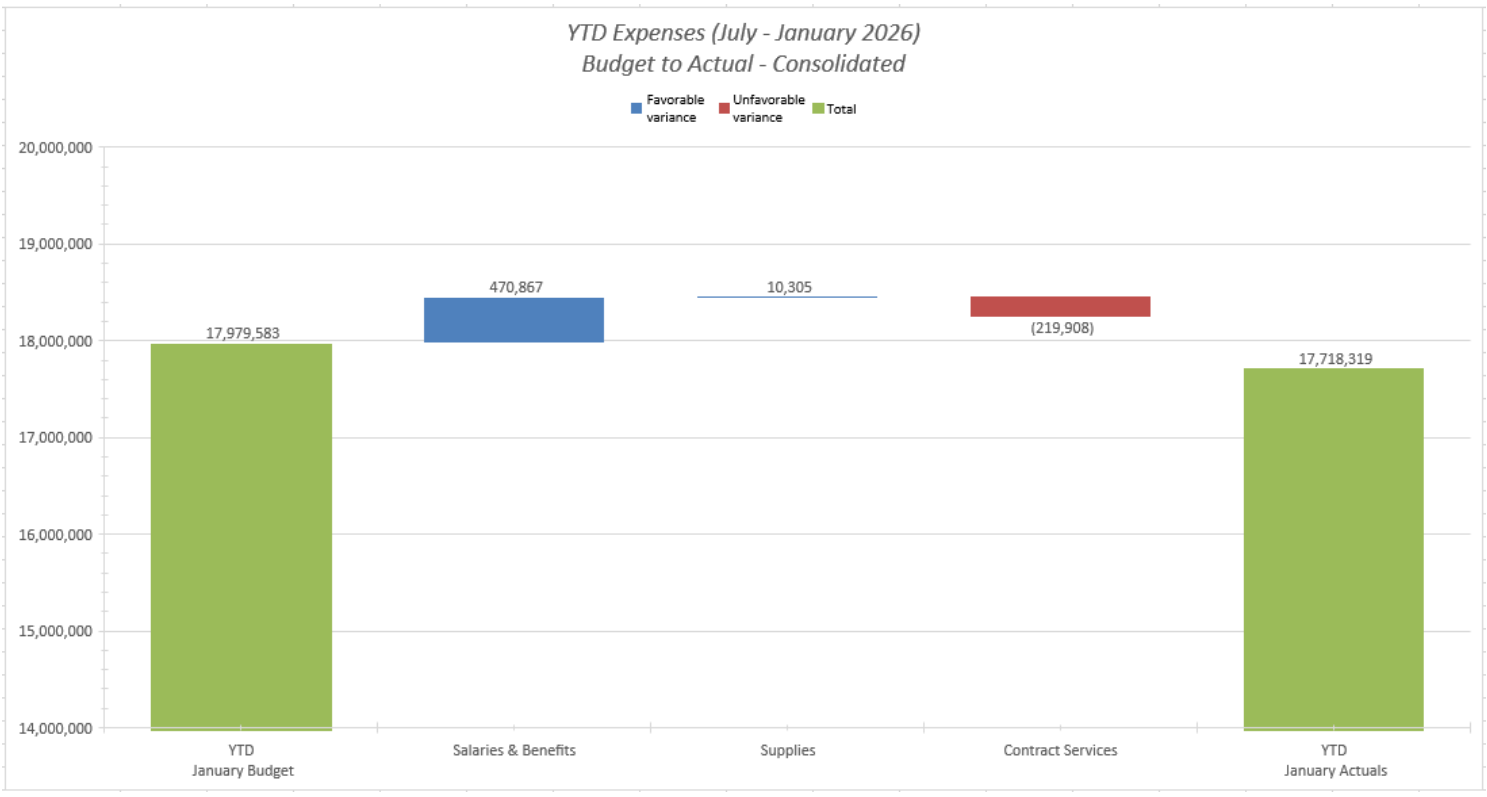

1. ***Salaries & Benefits:*** $9K over budget, due to slightly higher health insurance costs related to age-band adjustments.

2. ***Supplies & Contract Services:*** $20K over budget, primarily related to increased participation in tuition reimbursement/student loan repayment program and a board-initiated investigation by YM&C.

2.1 Orders. To request Service at a Service Location(s), Customer may request from Comcast a Sales Order or SOW. If Customer wishes to move forward with the provision of the requested Service(s), Customer shall sign and return the Sales Order or SOW to Comcast. For purposes of Sales Orders, upon Customer's signature of the Agreement, the Sales Order will become binding, subject to an engineering review. SOWs shall not become binding unless and until executed by both Parties. Each Sales Order or SOW submitted by Customer may be subject to an engineering review which will determine whether and to what extent the Network must be extended, built, or upgraded in order to provide the ordered Services. After any such engineering review, Comcast will provide Customer written notification in the event Service installation at any Service Location will require an additional non-recurring installation fee ("Custom Installation Fee" or "Construction Charges"). Notwithstanding anything to the contrary contained in this Article 2.1, Customer shall have thirty (30) days from receipt of such notice to reject the Custom Installation Fee and terminate the affected Service Location(s). In addition to the foregoing, if Comcast's cost of installing the applicable Services (including any applicable construction costs) increases following Customer's acceptance of the Custom Installation Fee such that Comcast's internal rate of return for the applicable Services is unacceptable to Comcast, as reasonably determined by Comcast, then (i) Comcast may increase the monthly recurring charge or Custom Installation Fee, as agreed to by Customer or (ii) if Customer does not agree to such increase, Comcast may terminate the applicable Services to the affected Service Location upon ten (10) days' notice to Customer, without penalty.

2.2 Access. To deliver Services to Customer, Comcast may require access, right-of-way, conduit, and/or common room space within and/or outside each Service Location and facility containing the Service Location ("Access"). Within each Service Location and facility containing the Service Location, Customer shall be solely responsible for securing and maintaining such Access as Comcast may require to deliver the Services. In the event that Customer fails to secure or maintain such Access, Comcast (i) may upon thirty (30) days' prior written notice cancel or terminate Service at such Service Location and such termination shall be subject to applicable Termination Charges and (ii) shall be excused from its obligations with respect to the Service(s) at such Service Location (including any obligation to issue service credits) until such time as Customer provides Comcast with the necessary Access. If Comcast is unable to secure or maintain Access outside a particular Service Location or facility and associated property containing the Service Location, which Access is needed to provide Services to such Service Location, Customer or Comcast may cancel or terminate Service at such Service Location, without further liability beyond the termination date, upon a minimum thirty (30) days' prior written notice to the other party.

2.3 Hazardous Materials. If the presence of asbestos or other hazardous materials exists or is detected at a Service Location or within the building where the Service Location is located, Comcast may immediately stop providing and/or installing Services until such materials are removed. Customer shall be responsible for any additional expense incurred by Comcast as a result of encountering, or in the avoidance of, hazardous materials.

2.4 Equipment.

A. Comcast Equipment. Comcast may, in its sole discretion, remove or change Comcast Equipment; provided that any such removal or change does not cause a material degradation in the Services. Customer shall not move, disconnect, attempt to repair, or otherwise tamper with any Comcast Equipment or permit others to do so, and shall not use the Comcast Equipment for any purpose other than as authorized by the Agreement. Customer shall (i) provide an adequate environmentally controlled space and such electricity as may be required for installation, operation, and maintenance of the Comcast Equipment and (ii) be responsible for damage to, or loss of, Comcast Equipment caused by its acts or omissions, or by fire, theft, or other casualty at the Service Location(s), unless caused by the gross negligence or willful misconduct of Comcast. Any maintenance provided by Comcast for the Comcast Equipment under this Agreement shall be at Customer's cost to the extent it is related to causes other than the ordinary and proper use of the Comcast Equipment. Upon termination or expiration of this Agreement and/or any Sales Order or SOW, Customer shall be responsible for the return of all applicable Comcast Equipment. Until such time as the Comcast Equipment is returned to Comcast, Comcast may continue to invoice Customer for the monthly fee applicable to such Comcast Equipment. If any returned Comcast Equipment has been damaged and/or destroyed other than by Comcast or its agents, normal wear and tear excepted, Comcast may, in its sole discretion, invoice Customer for the manufacturer's list price of such Comcast Equipment or the cost of repair.

B. Customer-Provided Equipment. Unless otherwise set forth in an SOW, Customer shall have sole responsibility for providing maintenance, repair, operation, and replacement of all Customer-Provided Equipment, inside telephone wiring, and other Customer equipment and facilities on the Customer's side of the Demarcation Point. "Demarcation Point" means the point of interconnection between the Network and Customer-Provided Equipment located at a Service Location. Neither Comcast nor its employees, Affiliates, agents, or contractors shall (i) have any obligation to install, operate, or maintain Customer-Provided Equipment or (ii) be liable for any damage, loss, or destruction to Customer-Provided Equipment, unless caused by the gross

negligence or willful misconduct of Comcast. Customer-Provided Equipment shall at all times be compatible with the Network. Except as otherwise provided in an SOW, Customer shall be responsible for the payment of service charges for visits by Comcast's employees or agents to a Service Location when the service difficulty or trouble report results from Customer-Provided Equipment or facilities provided by a party not contracted by Comcast.

2.5 Network; Intellectual Property.

A. The Network is and shall remain the property of Comcast regardless of whether installed within, upon, overhead, above, or underground at or near the Service Location and shall not be considered a fixture or an addition to the land or the Service Location(s) located thereon. Customer agrees that it shall take no action that directly or indirectly impairs Comcast's title to the Network, or any portion thereof, or exposes Comcast to any claim, lien, encumbrance, or legal process, except as otherwise agreed in writing by the parties. Nothing in this Agreement shall preclude Comcast from using the Network for services provided to other Comcast customers, it being understood that, with respect to any Ethernet Services, the access circuit between a Service Location and the applicable Comcast Network gateway switch shall be solely used to provide the applicable Ethernet Services to Customer.

B. Title and intellectual property rights to (i) the Services and (ii) any computer software or code provided by Comcast to use the Services, including, but not limited to, associated documentation, and all updates thereto ("Licensed Software") are, in each case, owned by Comcast, its agents, suppliers, or Affiliates or their licensors or otherwise by the owners of such material. The copying, redistribution, bundling, or publication of the Services, in whole or in part, without the express prior written consent of Comcast or other owner of such material, is prohibited.

C. The Agreement provides no right to use any party's or its Affiliates' trademarks, service marks, or trade names, or to otherwise refer to the other party in any marketing, promotional, or advertising materials or activities.

2.6 License Grant. If Customer requires the use of Licensed Software from Comcast in order to use the Services, Customer shall have a nonexclusive, nontransferable, and limited license to use such Licensed Software in object code only and solely to the extent necessary to use the applicable Service during the corresponding Service Term. Customer may not claim title to, or an ownership interest in, any Licensed Software (or any derivations or improvements thereto), and Customer shall execute any documentation reasonably required by Comcast, including, without limitation, end-user license agreements, for the Licensed Software. Customer shall not: (i) copy the Licensed Software (or any upgrades thereto or related written materials) except for emergency back-up purposes or as permitted by the express written consent of Comcast; (ii) reverse engineer, decompile, or disassemble the Licensed Software; (iii) sell, lease, license, or sublicense the Licensed Software; or (iv) create, write, or develop any derivative software or any other software program based on the Licensed Software. Customer acknowledges that the use of Service may periodically require, and consents to Comcast's provision of, updates and/or changes to the Licensed Software resident in the Comcast Equipment or Customer Provided-Equipment ("Updates"). Comcast may perform such Updates remotely or on-site, at Comcast's sole discretion. Customer hereby consents to, and shall provide free Access for, such Updates. If Comcast has agreed to provide Updates, Comcast will be excused from the applicable performance criteria and credits, and any and all liability and indemnification obligations regarding the applicable Service to the extent resulting from Customer's failure to allow Comcast to install any Updates.

ARTICLE 3. BILLING AND PAYMENT

3.1 Charges; Changes to MRC; Taxes.

A. Customer agrees to pay all charges associated with the Services, including, but not limited to, any fees or payment obligations in connection with the Services imposed by governmental or quasi-governmental bodies, or by Comcast, in connection with the sale, installation, use, or provision of the Services (e.g., applicable franchise fees, right of way fees, and Universal Service Fund charges) regardless of whether Comcast or its Affiliates pay the fees directly or are required or permitted by law to collect them from Customer. Any failure on the part of Customer to be ready to receive Service, or any refusal on the part of Customer to receive Service, shall not relieve Customer of its obligation to pay charges for any Service that is otherwise available for use. For the avoidance of doubt, Comcast shall not be responsible for any purchases made by Customer or its end users while using the Services.

B. With respect to each Sales Order, Comcast may, upon thirty (30) days' prior written notice to Customer (or such longer period as may be required by law), modify the monthly recurring service charges applicable to (i) Ethernet and Internet Services at any time after the expiration of the initial Service Term and (ii) any other services at any time. Customer acknowledges and agrees that such notice requirement may be satisfied by including notice of a monthly recurring service charge modification(s) in a Customer invoice. Customer shall have thirty (30) days from receipt of any such notice to cancel the applicable Service without liability for Termination Charges. Should Customer fail to cancel within such timeframe, Customer shall be deemed to have accepted the modified Service pricing. Notwithstanding anything to the contrary contained in this Article 3.1 (B), Comcast may modify equipment charges upon notice to Customer.

C. Except to the extent Customer provides a valid tax exemption certificate prior to the delivery of Service, Customer shall be responsible for the payment of any and all applicable local, state, and federal taxes or fees (however designated). Customer shall also be responsible to pay any taxes that become applicable retroactively.

D. For the avoidance of doubt, the Estimated Service Commencement Date identified on the cover page to this Agreement is an estimate only and does not obligate Comcast to deliver the Service(s) by any specific date.

3.2 Payment Terms; Disputes.

A. Except as otherwise indicated herein or in a PSA, Comcast will invoice Customer in advance on a monthly basis for all monthly recurring charges and fees arising under the Agreement. All other charges will be billed monthly in arrears, including without limitation, certain usage-based charges. Payment is due within thirty (30) days after the invoice date. If a Service Commencement Date is not the first day of a billing period, Customer's first monthly invoice shall include any pro-rated charges for the Services from the Service Commencement Date to the start of the next billing period. Except to the extent otherwise prohibited by law, Customer will be assessed a service charge up to the full amount permitted under applicable law for any check or other instrument used to pay for the Services that has been rejected by the bank or other financial institution. Subject to Customer's right to dispute charges in accordance with Article 3.2(B), any payment not made when due will be subject to a late charge equal to (i) 1.5% per month or (ii) the highest rate allowed by law, whichever is lower. If Comcast is required to use a collection agency or attorney to collect any amount owed by Customer or any unreturned Comcast Equipment, Customer agrees to pay all reasonable costs of collection or other action. No acceptance of partial payment(s) by Comcast shall constitute a waiver of any rights to collect the full balance owed under the Agreement.

B. If Customer disputes any portion of an invoice, Customer shall pay the undisputed portion of the invoice and submit a written claim, including all substantiating documentation, to Comcast for the disputed amount of the invoice by the invoice due date. The parties shall negotiate in good faith to resolve any billing dispute submitted by Customer pursuant to this Article 3.2(B). Under no circumstances may Customer submit a billing dispute to Comcast later than ninety (90) days following the invoice date.

3.3 Credit Approval and Deposits. Delivery of Services may be subject to credit approval. Customer authorizes Comcast to make inquiries and to receive information about Customer's credit history from others and to enter this information in Customer's records. Comcast, in its sole discretion, may deny the Services based upon an unsatisfactory credit history. Subject to applicable regulations, Comcast may require Customer to make a deposit as a condition to Comcast's provision of the Services.

3.4 E-Rate Funding.

A. Comcast makes no representations, guarantees or warranties with respect to the eligibility or ineligibility of the Services or any Service component for federal E-Rate support or for other governmental and quasi-governmental telecommunications/internet discounts or entitlements (collectively, "E-Rate Funding"). Customer expressly acknowledges and agrees that it is responsible for ensuring that Comcast is paid one hundred percent (100%) of all non-recurring charges ("NRC(s)"), monthly recurring Service charges ("MRC(s)") and other amounts required under this Agreement in accordance with the payment intervals specified herein. Unless and until the Customer has received, or has been designated as a recipient of, E-Rate Funding for the Services, Customer may not withhold or offset any such amounts on the basis of its anticipated receipt of E-Rate Funding, except as otherwise set forth below. In the event that the Customer has received, or has been designated as a recipient of, E-Rate Funding for the Services, Customer may choose to either (1) pay Comcast in full for the Services (the "BEAR Method"), or (2) receive discounted bills from Comcast (the "SPI Method").

B. BEAR Method. If Customer chooses to utilize the BEAR Method, the Customer must utilize the applicable customer-initiated reimbursement process relative to such E-Rate Funding. Comcast shall have no obligation to discount or pro-rate its invoices or to take other action to process such E-Rate Funding, except to the extent specifically required by law and regulation, or except as otherwise set forth above or below. Notwithstanding this, Comcast will reasonably assist Customer in the completion of any portions of the FCC Form 472 which, as a matter of law or regulation, are required to be completed by the service provider.

C. SPI Method. If Customer chooses to utilize the SPI Method, the following terms shall apply:

(i) Comcast shall have no obligations under this Agreement to provide discounted bills (i) until (1) Customer provides Comcast the copy of the Notification and Acceptance of Form(s) 486 from the Universal Service Administrative Company, Schools and Libraries Division ("SLD"), approving Customer's eligibility for E-Rate Funding or (2) Comcast is otherwise able to confirm, to its satisfaction, that Customer has received SLD's acceptance of the applicable Form(s) 486 ((1) and (2) collectively, "Form 486 Approval Confirmation") and (ii) Customer has indicated in the Comcast E-Rate Election Portal

(the "E-Rate Election Portal") that Customer is electing the SPI Method and provided such other information as required in the E-Rate Election Portal. For the avoidance of doubt, Comcast shall provide Customer with a link to the E-Rate Election Portal following the Form 486 Approval Confirmation. Notwithstanding the foregoing or anything to the contrary contained in this Agreement, Comcast shall have no obligation to provide discounted bills if Customer does not provide the information required by the E-Rate Election Portal (including that Customer is electing the SPI Method) within ninety (90) days of Comcast providing customer with a link to the same.

(ii) Customer is required to pay Comcast the non-discounted portion of all NRC(s), MRC(s), and other amounts required under this Agreement in accordance with the payment interval specified in this Agreement. Customer also must reasonably assist Comcast in completing the Service Provider Invoice Form (FCC Form 474) and obtaining full payment of the discount amount from the Universal Service Administrative Company or other E-Rate fund administrator or administrative entity. SLD periodically conducts audits of Comcast monthly invoices in connection with the reimbursements that SLD has been asked to provide to Comcast. In connection with such audits, SLD will contact the applicable Comcast customer and request that the customer certify, in writing, that it has received the services at the rates specified in the applicable invoice (an "Invoice Certification Request"). If (i) Customer receives an Invoice Certification Request from SLD and (ii) the service and rate information to which Customer is being asked to certify is accurate, Customer shall provide the requested certification to SLD no later than seven (7) days after receiving the Invoice Certification Request (the "Certification Period"); provided, that, if Customer request an extension from SLD and SLD grants such request, then Customer shall provide the requested certification prior to the expiration of the extension period (the "Extended Certification Period"). If (i) Customer receives an Invoice Certification Request from SLD, (ii) the service and rate information to which Customer is being asked to certify is accurate and (iii) Customer fails to provide the requested certification to SLD prior to the expiration of the Certification Period or, if applicable, the Extended Certification Period, Customer shall (1) be liable for any amounts that SLD does not reimburse to Comcast for the applicable invoice(s) and (2) pay such amounts to Comcast within thirty (30) days of being invoiced for the same.

(iii) Notwithstanding anything to the contrary contained in 3.2(B), if Customer notifies Comcast, in writing, that there has been an error in applying the funding discounts for a given funding year (a "Funding Error Notice"), the parties shall cooperate and negotiate in good faith to resolve such error; provided, that, Customer must provide Comcast with the Funding Error Notice prior to the Invoice Deadline Date for the applicable funding year or, to the extent applicable, the Extended Invoice Deadline Date. If Customer has not provided Comcast with a Funding Error Notice prior to the Invoice Deadline Date for the applicable funding year or, to the extent applicable, the Extended Invoice Deadline Date, Customer shall (i) have no right to dispute a funding error for the applicable funding year regardless of whether such error was caused by Comcast and (ii) be fully responsible for any invoiced charges for the applicable funding year (even if no funding discount was applied). "Invoice Deadline Date" shall mean, with respect to a given funding year, the later of (i) the last day of such funding year (i.e., June 30; for example, if the funding year is 2024, the last day of such funding year will be June 30, 2025) and (ii) to the extent Customer has timely received the Form 486 Approval Confirmation, 120 days after the SLD approval date of the Form 486. If Customer, at least 10 days prior to the expiration of an Invoice Deadline Date, notifies Comcast, in writing, that it is requesting an extension of such Invoice Deadline Date, then such Invoice Deadline Date shall be extended by 120 days, which shall be referred to herein as an "Extended Invoice Deadline Date".

(iv) It is Customer's responsibility to review its invoices and confirm that the invoiced amounts are correct and accurately account for any funding discounts that should have been applied. If Customer identifies an invoice that does not accurately apply (or does not apply) the expected discounted rate, Customer may, subject to the terms and conditions of Section 3.4(c)(iii), deliver a Funding Error Notice to Comcast.

D. If during the term of this Agreement, Customer fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of the Agreement succeeding the first fiscal period, Customer may elect to (i) continue to receive Services under this Agreement, in which case Customer shall remain bound by the terms and conditions set forth hereunder and remain responsible for all NRC(s) and MRC(s), as set forth in the Agreement or applicable Sales Order(s), for the remaining term applicable thereto, irrespective of E-Rate Funding status, or, (ii) terminate this Agreement or Sales Order(s) upon written notice as of the beginning of the fiscal year for which funds are not appropriated or otherwise made available. The effect of termination of the Agreement or Sales Order(s) hereunder will be to discharge both Comcast and the Customer from future performance of the Agreement. However, Comcast shall be reimbursed for any and all unpaid NRC(s), any unpaid past due balance(s), and any additional costs already incurred by Comcast in conjunction with this Agreement. Customer shall notify Comcast in writing within thirty (30) days of fiscal budget denial indicating funds may not be available for the continuation of the Agreement for each succeeding fiscal period beyond the first year. In no event shall Comcast initiate construction of the Network until proof of funding has been received, in whole or in part, based on 100% Customer-furnished funds or partially reimbursed funds by the SLD.

3.5 California Teleconnect Fund and E-Rate Funding. The following provision applies to California entities looking to obtain California Teleconnect Fund and E-Rate Funding and is in lieu of Section 3.4 herein. Comcast makes no representations or warranties with respect to the eligibility or ineligibility of the Services or any Service component for federal e-rate support or for other governmental and quasi-governmental telecommunications/internet discounts or entitlements (collectively, "E-Rate Funding" and/or "California Teleconnect Fund"). Customer expressly understands and agrees that it is responsible for ensuring that Comcast is paid one hundred percent (100%) of all non-recurring charges ("NRC(s)"), monthly recurring Service charges ("MRC(s)") and other amounts required under this Agreement in accordance with the payment intervals specified therein. Customer may not withhold or offset any such amounts on the basis of its actual or anticipated receipt of E-Rate Funding, except as otherwise set forth below. In the event that the Customer has received, or has been designated as a recipient of, E-Rate Funding for the Services, Customer will utilize the applicable customer-initiated reimbursement process relative to such E-Rate Funding. Comcast shall have no obligation to discount or pro-rate its invoices or to take other action to process such E-Rate Funding, except to the extent specifically required by law and regulation, or except as otherwise set forth above or below. In accordance with the "CPUC Admin Letter 10b", Comcast shall apply the CTF discount after applying any Federal E-Rate discount, if applicable. E-Rate eligible Customers must elect the E-Rate SPI reimbursement method in order to receive CTF funding. Notwithstanding this, Comcast will complete and process the FCC Form 474, which, as a matter of law or regulation, is required to be completed by the service provider. In the event that the Parties have expressly amended this Agreement in writing to permit E-Rate Funding to be applied in the form of discounts to, or a pro-ration of, Customer's invoices, Comcast shall have no obligations under this Agreement until Customer provides Comcast the copy of the Notification and Acceptance of Form(s) 486 from the Universal Services Administrative Company, Schools and Libraries Division ("SLD"), approving Customer's eligibility for E-Rate Funding. If during the Service Term of this Agreement Customer fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of the Agreement succeeding the first fiscal period, Customer may elect to (i) continue to receive Services under this Agreement, in which Customer shall remain bound by the terms and conditions set forth hereunder and remain responsible for all NRC and MRC, as set forth in the Sales Order Form(s) attached hereto, for the remaining term of the Agreement, irrespective of E-Rate Funding status, or, (ii) terminate this Agreement upon written notice as of the beginning of the fiscal year for which funds are not appropriated or otherwise made available. The effect of termination of the Agreement hereunder will be to discharge both Comcast and the Customer from future performance of the Agreement. However, Comcast shall be reimbursed for any and all unpaid NRC, any unpaid MRC or past due balance(s), and any additional costs already incurred by Comcast in conjunction with this Agreement. Customer shall notify Comcast in writing within thirty (30) days of fiscal budget denial indicating funds may not be available for the continuation of the Agreement for each succeeding fiscal period beyond the first year. In no event shall Comcast initiate construction of the Network until proof of funding has been received, in whole or in part, based on 100% Customer-furnished funds or partially reimbursed funds by the SLD.

3.6 Cybersecurity Pilot Program Funding

A. The parties acknowledge and agree that (i) the FCC established a three-year pilot program to support cybersecurity services and equipment for eligible schools and libraries (collectively, the "Cybersecurity Pilot Program"), (ii) the Cybersecurity Pilot Program will be funded via unused E-Rate funds from prior funding years and will be modeled closely after the E-Rate and Emergency Connectivity Fund ("ECF") programs and (iii) despite the foregoing, the Cybersecurity Pilot Program is not part of the E-Rate program.

B. Comcast makes no representations, guarantees or warranties with respect to the eligibility or ineligibility of the Services or any Service component for federal Cybersecurity Pilot Program support or for other governmental and quasi-governmental telecommunications/internet discounts or entitlements (collectively, "Cybersecurity Funding"). Customer expressly acknowledges and agrees that it is responsible for ensuring that Comcast is paid one hundred percent (100%) of all non-recurring charges ("NRC(s)"), monthly recurring Service charges ("MRC(s)") and other amounts required under this Agreement in accordance with the payment intervals specified herein. Unless and until the Customer has received, or has been designated as a recipient of, Cybersecurity Funding for the Services, Customer may not withhold or offset any such amounts on the basis of its anticipated receipt of Cybersecurity Funding, except as otherwise set forth below. In the event that the Customer has received, or has been designated as a recipient of, Cybersecurity Funding for the Services, Customer may choose either (1) the BEAR Method, or (2) the SPI Method.

C. BEAR Method. If Customer chooses to utilize the BEAR Method, the Customer must utilize the applicable customer-initiated reimbursement process relative to such Cybersecurity Funding. Comcast shall have no obligation to discount or pro-rate its invoices or to take other action to process such Cybersecurity Funding, except to the extent specifically required by law and regulation, or except as otherwise set forth above or below. Notwithstanding this, Comcast will reasonably assist Customer in the completion of any portions of the FCC Form 472 (or the equivalent FCC Form for the Cybersecurity

Pilot Program) which, as a matter of law or regulation, are required to be completed by the service provider.

D. SPI Method. If Customer chooses to utilize the SPI Method, the following terms shall apply:

(i) Comcast shall have no obligations under this Agreement to provide discounted bills (i) until (1) Customer provides Comcast with sufficient evidence, as determined by Comcast in its reasonable discretion, that the SLD has approved Customer's eligibility for Cybersecurity Funding or (2) Comcast is otherwise able to confirm, to its satisfaction, Customer's eligibility for Cybersecurity Funding and (ii) Customer has notified Comcast, in such manner as required by Comcast, that Customer is electing the SPI Method and provided such other information as reasonably required by Comcast in connection with such election; provided, that, notwithstanding the foregoing or anything to the contrary contained in this Agreement, Comcast shall have no obligation to provide discounted bills if Customer does not provide the information required by Comcast within ninety (90) days of Comcast requesting such information.

(ii) Customer is required to pay Comcast the non-discounted portion of all NRC(s), MRC(s), and other amounts required under this Agreement in accordance with the payment interval specified in this Agreement. Customer also must reasonably assist Comcast in completing the Service Provider Invoice Form (FCC Form 474 or the equivalent FCC Form for the Cybersecurity Pilot Program) and obtaining full payment of the discount amount from the Universal Service Administrative Company or other Cybersecurity Pilot Program fund administrator or administrative entity. SLD may periodically conducts audits of Comcast monthly invoices in connection with the reimbursements that SLD has been asked to provide to Comcast. In connection with such audits, SLD will contact the applicable Comcast customer and request that the customer certify, in writing, that it has received the services at the rates specified in the applicable invoice (an "Invoice Certification Request"). If (i) Customer receives an Invoice Certification Request from SLD and (ii) the service and rate information to which Customer is being asked to certify is accurate, Customer shall provide the requested certification to SLD no later than seven (7) days after receiving the Invoice Certification Request (the "Certification Period"); provided, that, if Customer request an extension from SLD and SLD grants such request, then Customer shall provide the requested certification prior to the expiration of the extension period (the "Extended Certification Period"). If (i) Customer receives an Invoice Certification Request from SLD, (ii) the service and rate information to which Customer is being asked to certify is accurate and (iii) Customer fails to provide the requested certification to SLD prior to the expiration of the Certification Period or, if applicable, the Extended Certification Period, Customer shall (1) be liable for any amounts that SLD does not reimburse to Comcast for the applicable invoice(s) and (2) pay such amounts to Comcast within thirty (30) days of being invoiced for the same.

(iii) Notwithstanding anything to the contrary contained in 3.2(B), if Customer notifies Comcast, in writing, that there has been an error in applying the funding discounts for a given funding period (a "Cybersecurity Funding Error Notice"), the parties shall cooperate and negotiate in good faith to resolve such error; provided, that, Customer must provide Comcast with the Cybersecurity Funding Error Notice prior to the Cybersecurity Invoice Deadline Date for the applicable funding period or, to the extent applicable, the Cybersecurity Extended Invoice Deadline Date. If Customer has not provided Comcast with a Cybersecurity Funding Error Notice prior to the Cybersecurity Invoice Deadline Date for the applicable funding period or, to the extent applicable, the Cybersecurity Extended Invoice Deadline Date, Customer shall (i) have no right to dispute a funding error for the applicable funding period regardless of whether such error was caused by Comcast and (ii) be fully responsible for any invoiced charges for the applicable funding people (even if no funding discount was applied). "Cybersecurity Invoice Deadline Date" shall mean, with respect to a given funding period, the later of (i) the last day of such funding period and (ii) such other date as may be agreed upon by the parties in writing. If Customer, at least 10 days prior to the expiration of a Cybersecurity Invoice Deadline Date, notifies Comcast, in writing, that it is requesting an extension of such Cybersecurity Invoice Deadline Date, then such Invoice Deadline Date shall be extended by 90 days, which shall be referred to herein as a "Cybersecurity Extended Invoice Deadline Date".

(iv) It is Customer's responsibility to review its invoices and confirm that the invoiced amounts are correct and accurately account for any funding discounts that should have been applied. If Customer identifies an invoice that does not accurately apply (or does not apply) the expected discounted rate, Customer may, subject to the terms and conditions of Section 3.5(c)(iii), deliver a Cybersecurity Funding Error Notice to Comcast.

E. If during the term of this Agreement, Customer fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of the Agreement succeeding the first fiscal period, Customer may elect to (i) continue to receive Services under this Agreement, in which case Customer shall remain bound by the terms and conditions set forth hereunder and remain responsible for all NRC(s) and MRC(s), as set forth in the Agreement or applicable Sales Order(s), for the remaining term applicable thereto, irrespective of Cybersecurity Funding status, or, (ii) terminate this Agreement or Sales Order(s) upon written notice as of the beginning of the fiscal year for which funds are not appropriated or otherwise made available. The effect of termination of the Agreement or Sales Order(s) hereunder will be to discharge both Comcast and the Customer from future performance of the

Agreement. However, Comcast shall be reimbursed for any and all unpaid NRC(s), any unpaid past due balance(s), and any additional costs already incurred by Comcast in conjunction with this Agreement. Customer shall notify Comcast in writing within thirty (30) days of fiscal budget denial indicating funds may not be available for the continuation of the Agreement for each succeeding fiscal period beyond the first year. In no event shall Comcast initiate construction of the Network until proof of funding has been received, in whole or in part, based on 100% Customer-furnished funds or partially reimbursed funds by the SLD.

ARTICLE 4. TERM & TERMINATION

4.1 Sales Order Term. Upon the expiration of the Service Term applicable to a Sales Order, each Service Term shall automatically renew for successive periods of one (1) month each (each, a "Renewal Term"), not to exceed twelve (12) months unless prior written notice of non-renewal is delivered by either party to the other at least thirty (30) days before the expiration of the Service Term or the then current Renewal Term. To the extent the initial Service Term or a Renewal Term applicable to a Sales Order extends beyond the expiration date of the term of the Agreement, such Sales Order shall continue to be governed by the terms and conditions of the Agreement. The term of the Agreement commences on the Effective Date and continues for the time set forth on the Service Agreement (E-Rate, CTF & Cybersecurity Pilot Program) Cover Page.

4.2 Termination for Convenience. Notwithstanding any other term or provision in this Agreement, Customer shall have the right, in its sole discretion, to terminate any or all Sales Order(s) or SOW(s) at any time, upon thirty (30) days' prior written notice to Comcast (subject to applicable Termination Charges).

4.3 Termination for Cause.

A. If either party is in material breach of the Agreement and the breach continues unremedied for thirty (30) days after written notice of default, the other party may terminate for cause any Sales Order or SOW materially affected by the breach. In addition to its other remedies, if the Customer is in breach of a payment obligation and fails to make payment in full within thirty (30) days after written notice of default, Comcast may suspend the Service(s) under the affected Sales Order(s) or SOW(s).

B. Subject to applicable law, either party may terminate a Sales Order or SOW immediately upon notice to the other party if the other party has become insolvent as defined under the U.S. Bankruptcy Code, institutes or has instituted against it any bankruptcy, reorganization, debt arrangement or assignment for the benefit of creditors, other proceeding under any bankruptcy or insolvency law or dissolution, receivership, or liquidation proceeding (and if such proceeding is instituted against it, such proceeding is not dismissed within sixty (60) days).

C. Comcast may terminate any Sales Order and/or the Agreement immediately if Customer or its employees, agents, or representatives threaten, harass, or use vulgar or inappropriate language toward Comcast personnel.

4.4 Effect of Expiration/Termination of a Sales Order or SOW. Upon the expiration or termination of a Sales Order or SOW for any reason, Comcast (i) shall disconnect the applicable Service and (ii) may assess and collect from Customer applicable Termination Charges (unless the Service is terminated by Customer pursuant Article 4.3 above). Termination by either party of a Sales Order or SOW does not waive any other rights or remedies that it may have under this Agreement.

ARTICLE 5. LIMITATION OF LIABILITY; DISCLAIMER OF WARRANTIES

5.1 Limitation of Liability.

A. THE AGGREGATE LIABILITY OF COMCAST AND ITS AGENTS, SUPPLIERS, AND LICENSORS FOR ANY AND ALL LOSSES, DAMAGES, AND CAUSES OF ACTION ARISING OUT OF THE AGREEMENT, INCLUDING, BUT NOT LIMITED TO, THE PERFORMANCE OF SERVICE, AND NOT OTHERWISE LIMITED HEREUNDER, WHETHER IN CONTRACT, TORT, OR OTHERWISE, SHALL NOT EXCEED DIRECT DAMAGES EQUAL TO THE SUM TOTAL OF PAYMENTS MADE BY CUSTOMER TO COMCAST DURING THE THREE (3) MONTHS IMMEDIATELY PRECEDING THE EVENT FOR WHICH DAMAGES ARE CLAIMED. THIS LIMITATION SHALL NOT APPLY TO INDEMNIFICATION OBLIGATIONS.

B. NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY INCIDENTAL, INDIRECT, SPECIAL, COVER, PUNITIVE, OR CONSEQUENTIAL DAMAGES, WHETHER OR NOT FORESEEABLE, OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, ANY LOSS OF REVENUE, LOSS OF USE, LOSS OF BUSINESS, OR LOSS OF PROFIT WHETHER SUCH ALLEGED LIABILITY ARISES IN CONTRACT OR TORT; PROVIDED, THAT, THE FOREGOING LIMITATION SHALL NOT LIMIT CUSTOMER'S LIABILITY FOR CHARGES OWED FOR THE SERVICES, FOR ANY EQUIPMENT OR SOFTWARE PROVIDED BY COMCAST, OR FOR TERMINATION CHARGES.

C. NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THE AGREEMENT, IN NO EVENT SHALL THE AGGREGATE LIABILITY OF COMCAST AND ITS AGENTS, SUPPLIERS, AND LICENSORS UNDER THIS AGREEMENT FOR ALL INDEMNIFICATION OF INTELLECTUAL PROPERTY CLAIMS UNDER SECTION 6.1(i) OF THESE GENERAL TERMS AND CONDITIONS EXCEED THE GREATER OF (I) ONE (1) MILLION DOLLARS ($1,000,000) AND (II) THE SUM TOTAL OF PAYMENTS MADE BY CUSTOMER DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE DATE ON WHICH THE INTELLECTUAL PROPERTY CLAIM FIRST AROSE.

5.2 Disclaimer of Warranties.

A. TO THE MAXIMUM EXTENT ALLOWED BY LAW, COMCAST EXPRESSLY DISCLAIMS ALL EXPRESS, IMPLIED, AND/OR STATUTORY WARRANTIES, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NONINFRINGEMENT. Without limiting the generality of the foregoing, and except as otherwise identified in a PSA or SOW, Comcast does not warrant that the Services, Comcast Equipment, or Licensed Software will be uninterrupted, error-free, or free of latency or delay, or that the Services, Comcast Equipment, or Licensed Software will meet Customer's requirements, or that the Services, Comcast Equipment, or Licensed Software will prevent unauthorized access by third parties. Customer acknowledges and agrees that the Services are not fail-safe and are not designed or intended for use in situations requiring fail-safe performance or in which an error or interruption in the Services could lead to severe injury to business, persons, property, or environment.

B. Notwithstanding anything to the contrary contained in the Agreement, in no event shall Comcast and its agents, suppliers, and licensors be liable for any loss, damage, or claim arising out of or related to: (1) content or data received or distributed by Customer or its users through the Services; (2) any act or omission of Customer, its users, or third parties not under the control of Comcast; (3) interoperability, interaction, or interconnection of the Services with applications, equipment, services, or networks provided by Customer or third parties not under the control of Comcast; or (4) loss or destruction of any Customer hardware, software, files, or data resulting from any virus or other harmful feature or from any attempt to remove it. Customer is solely responsible for backing up its data, files, and software prior to the installation of Service and at regular intervals thereafter.

5.3 Exclusive Remedies. Customer's sole and exclusive remedies are as expressly set forth in the Agreement. In those states where Customer's remedies cannot be so limited, the liability of Comcast is limited to the maximum extent permitted by law.

ARTICLE 6. INDEMNIFICATION

6.1 Comcast's Indemnification Obligations. Subject to Sections 5.1(B) and 5.1(C) and any other limitations contained in the Agreement, Comcast shall indemnify, defend, and hold harmless Customer, its Affiliates and their respective employees, directors, officers, and agents from and against all damages, liabilities, losses, and expenses (including reasonable attorneys' fees) arising out of a claim or demand by a third party ("Claims") incurred as a result of (i) infringement of U.S. patent or copyright law based solely on Comcast Equipment or Licensed Software; provided, that, Comcast shall have no liability for any claim of infringement arising from: (a) Comcast's compliance with any designs, specifications, or instructions of Customer; (b) modification or alteration of the Licensed Software or Comcast Equipment by Customer or a third party without the prior knowledge and written approval of an authorized officer of Comcast; (c) use of the Licensed Software or Comcast Equipment in a way not authorized in writing by an authorized officer of Comcast; and/or (d) Customer's failure to use an updated version of the Licensed Software or Comcast Equipment which has been provided, or made available, to Customer and (ii) damage to tangible personal property or real property, and personal injuries (including death) to the extent caused by the gross negligence or willful misconduct of Comcast while working on the Service Locations. For purposes of this Article 6.1, any claims by any end-user of the Services shall not be included in the definition of Claims.

6.2 Customer's Indemnification Obligations. Subject to Section 5.1(B), Customer shall indemnify, defend, and hold harmless Comcast and its agents, suppliers, and licensors from any and all Claims arising on account of or in connection with Customer's and its users' use or sharing of the Service provided under the Agreement, including with respect to: (i) any content received or distributed by Customer or its users through the Service; (ii) libel, infringement of copyright, or unauthorized use of trademark, trade name, or service mark arising out of communications via the Service; (iii) patent infringement arising from Customer's combining or connection of Customer-Provided Equipment to use the Service; and (iv) damage arising out of the gross negligence or willful misconduct of Customer.

6.3 Indemnification Procedures. To the extent a party may be entitled to indemnification under this Agreement (an "Indemnified Party"), such Indemnified Party shall (i) promptly notify the other party (the "Indemnifying Party") in writing of any pending or threatened Claim that gives rise to a right of indemnification (an "Action") and (ii) cooperate in every reasonable way to facilitate the defense or settlement of such Action. The Indemnifying Party shall assume the defense of any Action with counsel selected by the Indemnifying Party. The Indemnified Party may employ its own counsel in any such case

and shall pay such counsel's fees and expenses. The Indemnifying Party shall have the right to settle any Action; provided, however, that to the extent that such settlement requires the Indemnified Party to take or refrain from taking any action or purports to obligate the Indemnified Party, then the Indemnifying Party shall not settle such Action without the prior written consent of the Indemnified Party, which consent shall not be unreasonably withheld, conditioned, or delayed.

ARTICLE 7. CONFIDENTIAL INFORMATION AND PUBLICITY

7.1 Disclosure and Use. All Confidential Information disclosed by either party shall, during the term of the Agreement and for two (2) years after the expiration or termination thereof (or such longer period as may be required by law), not be disclosed to any third party without the disclosing party's express written consent. Notwithstanding the foregoing, such information may be disclosed (A) to the receiving party's employees, Affiliates, and agents who have a need to know for the purpose of performing under this Agreement, using the Services, and rendering the Services (provided that in all cases the receiving party shall take appropriate measures prior to disclosure to its employees, Affiliates, and agents designed to protect against unauthorized use or disclosure) or (B) as otherwise authorized by this Agreement. Each party's confidentiality obligations hereunder shall not apply to information that: (A) is already known to the receiving party without a pre-existing restriction as to disclosure; (B) is or becomes publicly available without fault of the receiving party; (C) is rightfully obtained by the receiving party from a third party without restriction as to disclosure or is approved for release by written authorization of the disclosing party; or (D) is developed independently by the receiving party without use of the disclosing party's Confidential Information. Each party agrees to treat all Confidential Information of the other in the same manner as it treats its own proprietary information, but in no case using less than a reasonable degree of care. If either party is required to disclose Confidential Information pursuant to a judicial order or other compulsion of law, such party shall be permitted to make such disclosure provided that it: (a) limits the disclosure to only that information which is required to be disclosed by such order or legal requirement, (b) if permitted, provides the disclosing party with prompt notice of such order or legal requirement, and (c) reasonably assists the disclosing party in obtaining a protective order, if requested and at the disclosing party's expense.

7.2 Publicity. Neither party shall issue any publication or press release relating to, or otherwise disclose the existence of, the terms and conditions of any contractual relationship between Comcast and Customer without the prior written consent of the other party; provided that this restriction will not prohibit Comcast from making internal announcements related to the completion and existence of the contractual relationship contemplated herein.

7.3 Remedies. Notwithstanding any other Article of this Agreement, the non-breaching party shall be entitled to seek equitable relief to protect its interests pursuant to this Article 7, including, but not limited to, injunctive relief.

ARTICLE 8. PROHIBITED USES; COMCAST POLICIES

8.1 Prohibited Uses; Comcast Policies. Customer is prohibited from using, or permitting the use of, any Service (i) for any purpose in violation of any law, rule, regulation, or policy of any government authority; (ii) in violation of the Comcast Acceptable Use Policy ("AUP") available on the Website; (iii) for any use as to which Customer has not obtained all required government approvals, authorizations, licenses, consents, or permits; or (iv) to interfere unreasonably with the use of Comcast service by others or the operation of the Network. Customer is responsible for the compliance of its users with the provisions of the Agreement. Customer acknowledges and agrees that use of the Services, including by Customer, its Affiliates, and any users, shall be subject to the AUP. Notwithstanding anything to the contrary contained in Section 4.3, Comcast reserves the right to act immediately and without notice to (a) terminate or suspend the Agreement and/or any Services if Comcast determines that such use or information is in violation of this Article 8.1 and such termination will constitute a termination for cause and (b) terminate or suspend the Services in the event of fraudulent use of the Services. Customer acknowledges and agrees that Comcast is not obligated to detect or report unauthorized or fraudulent use of the Services to Customer.

8.2 Privacy Policy. Comcast will comply with the Comcast Privacy Policy ("Privacy Policy") which is available at the Website. Comcast is not responsible for any information provided by Customer to third parties and Customer assumes all privacy and other risks associated with providing personally identifiable information to third parties via the Services.

8.3 Prohibition on Resale. Customer may not sell, resell, sublease, assign, license, sublicense, share, provide, or otherwise utilize in conjunction with a third party (including, without limitation, in any joint venture or as part of any outsourcing activity) the Services or any component thereof. For the avoidance of doubt, this prohibition includes Customer bundling the Services with any services or components of Customer that are then sold to end users of any kind.

8.4 Monitoring. Comcast shall have no obligation to monitor postings or transmissions made in connection with the Services, however, Customer acknowledges and agrees that Comcast and its agents shall have the right to monitor any such postings and transmissions from time to time and to use and disclose them in accordance with this Agreement, and as

otherwise required by law or government request. Comcast reserves the right to refuse to upload, post, publish, transmit or store any information or materials, in whole or in part, that, in Comcast's sole discretion, is unacceptable, undesirable or in violation of this Agreement.

ARTICLE 9. MISCELLANEOUS TERMS

9.1 Force Majeure. Neither party nor its Affiliates shall be liable to the other party for any delay, failure in performance, loss, or damage to the extent caused by force majeure conditions such as acts of God, fire, explosion, power blackout, cable cuts, acts of regulatory or governmental agencies, unforeseeable third party actions, or other causes beyond the party's reasonable control, except that Customer's obligation to pay for Services provided under the Agreement shall not be excused. Changes in economic, business, or competitive condition shall not be considered force majeure events.

9.2 Assignment or Transfer. Customer shall not assign any right, obligation, or duty, in whole or in part, nor any other interest hereunder, without the prior written consent of Comcast, which shall not be unreasonably withheld. Any assignment in violation of this provision shall be deemed null and void. All obligations and duties of either party hereunder shall be binding on all successors in interest and permitted assigns of such party.

9.3 Notices. Except as otherwise identified herein, any notice sent pursuant to the Agreement shall be deemed given and effective when sent by e-mail (confirmed by certified mail), or when delivered by overnight express or other express delivery service, in each case, to the following addresses (or to such other addresses as a party may designate by written notice to the other party): (i) with respect to Customer, to the address set forth on any Sales Order; or (ii) with respect to Comcast, to: Vice President of Sales Operations (Comcast Business), One Comcast Center, 1701 JFK Blvd., Philadelphia, PA 19103, with a copy to Legal_Notices@comcast.com. Alternatively, Customer may send termination notice to Comcast through the Comcast disconnection portal found at the following URL: https://business.comcast.com/landingpage/disconnect (as the same may be updated by Comcast from time-to-time).

9.4 Amendments; Changes to the Agreement.

A. The Agreement may not be amended except by a written agreement executed by the parties; provided, that, notwithstanding the foregoing, Comcast may change or modify the PSAs, and any related policies (including the AUP and Privacy Policy) from time to time ("Revisions") by posting such Revisions to the Website. The Revisions are effective upon posting to the Website. Customer will receive notice of any Revisions in the next applicable monthly invoice. Customer shall have thirty (30) calendar days from the invoice notice of such Revisions to provide Comcast with written notice that the Revisions adversely affect Customer's use of the Service(s). If, after such notice, Comcast is able to verify such adverse effect but is unable to reasonably mitigate the Revisions' impact on such Services, then Customer may terminate the impacted Service(s) without further obligation (including Termination Charges) to Comcast beyond the termination date. This shall be Customer's sole and exclusive remedy for any Revisions. Customer acknowledges and agrees that terms or conditions contained in any Customer purchase order, or similar Customer order form (regardless of whether executed by Comcast), or restrictive endorsements or other statements on any Customer form of payment, shall be void and of no force or effect. Without limitation to the foregoing, if (i) Customer requires Comcast to execute a Customer purchase order or other Customer order form for a Service or as a condition to receiving payment for the same and (ii) Comcast executes such purchase order or Customer order form, Customer acknowledges and agrees that (1) Comcast's execution is solely for the purpose of assisting Customer in satisfying its internal procurement requirements and (2) any terms and conditions contained in such purchase order or Customer order form shall be null and void and of no force or effect.

B. The parties acknowledge that the respective rights and obligations of each party as set forth in this Agreement are based on applicable law and regulations as they exist on the date of the Agreement's execution. The parties agree that in the event of any legislative, regulatory, or judicial order, rule, or regulation, or decision in any arbitration or other dispute resolution proceeding, or other legal or regulatory action that materially affects the provisions of this Agreement or the economic terms of the Agreement, Comcast may, by providing written notice to the Customer, require that the affected provisions of the Agreement be renegotiated in good faith. If Customer refuses to enter such renegotiations, or the parties are unable to reach resolution on new Agreement terms, Comcast may, in its sole discretion, terminate this Agreement, in whole or in part, upon sixty (60) days' written notice to Customer.

9.5 Tariffs. Notwithstanding anything to the contrary in the Agreement, Comcast may be required to file with regulatory agencies tariffs for certain Services. In such event, the terms set forth in the Agreement may, under applicable law, be superseded by the terms and conditions of the tariffs. Without limiting the generality of the foregoing, in the event of any inconsistency between the Agreement and applicable Sales Orders on one hand, and the relevant tariffs on the other hand, the rates and other terms set forth in the Agreement and applicable Sales Orders will be treated as individual case-basis arrangements to the maximum extent permitted by law. If Comcast voluntarily or involuntarily cancels or withdraws a tariff under which a Service is provided to Customer, the Service will thereafter be provided pursuant to the Agreement and the terms and conditions contained in the tariff immediately prior to its cancellation or withdrawal. In the event that Comcast is required by a governmental authority to modify a tariff under which Service is provided to Customer in a manner that is material and adverse to the Customer, the Customer may terminate the applicable Sales Order upon a

minimum thirty (30) days' prior written notice to the other party, without further liability.

9.6 Compliance with Laws. Each of the Parties agrees to comply with all local, state and federal laws and regulations and ordinances applicable to such Party in the performance of its respective rights and obligations under this Agreement.

9.7 Consent to Communications from Comcast. Customer acknowledges and agrees that Comcast or third parties acting on Comcast's behalf may call or text Customer at any telephone number that Customer provides to Comcast or that Comcast issues to Customer and may do so for any purpose relating to Customer's account and/or the Services which Customer purchased. Customer expressly consents to receive such calls and texts and agrees that these calls and texts are not unsolicited. Customer acknowledges and agrees that these calls and texts may entail the use of an automatic telephone dialing system and/or artificial or prerecorded messages. Customer may not opt-out of receiving certain communications pertaining to Customer's account, including but not limited to communications regarding emergencies, fraud or other violations of law, security issues, and harm caused to the Network. Message frequency depends on Customer's activity with the Services. Message and/or data rates may apply.

9.8 Entire Understanding; Construction; Survival; Headings; No Waiver. The Agreement supersedes all prior agreement between the parties with respect to its subject matter and constitutes a complete and exclusive statement of the terms of the agreement between the parties with respect to the subject matter hereof. In the event that any portion of the Agreement is held to be invalid or unenforceable, the parties shall replace the invalid or unenforceable portion with another provision that, as nearly as possible, reflects the original intention of the parties, and the remainder of the Agreement shall remain in full force and effect. The rights and obligations of either party that by their nature would continue beyond the termination or expiration of the Agreement shall survive termination or expiration of the Agreement. The article headings used herein are for reference only and shall not limit or control any term or provision of this Agreement or the interpretation or construction thereof. No failure by either party to enforce any right(s) hereunder shall constitute a waiver of such right(s). The Agreement may be executed in counterpart copies. Each party represents and warrants that the persons who execute the Agreement on its behalf are duly authorized to do so.

9.9 Choice of Law. This Agreement shall be governed by, and construed and interpreted in accordance with the laws of the State of Delaware without regard to its conflict of laws principles. Any claim or controversy arising out of or relating to this Agreement shall be brought exclusively in federal or state court located in Dover, Delaware and the parties hereby consent to personal jurisdiction and venue in such court. Both parties hereby waive any right to a trial by jury.

9.10 No Third-Party Beneficiaries; Independent Contractors. Except as otherwise specifically set forth herein, this Agreement does not expressly or implicitly provide any third party (including users) with any remedy, claim, liability, reimbursement, cause of action, or other right or privilege. The parties to this Agreement are independent contractors. Neither party is an agent, representative, or partner of the other party. Neither party shall have any right, power, or authority to enter into any agreement for, or on behalf of, or incur any obligation or liability of, or to otherwise bind, the other party. This Agreement shall not be interpreted or construed to create an association, agency, joint venture, or partnership between the parties or to impose any liability attributable to such a relationship upon either party. Each party acknowledges and agrees that any interpretation of this Agreement may not be construed against a party by virtue of that party having drafted the provisions.

9.11 Export Law and Regulation. Customer acknowledges that any products, software, and technical information (including, but not limited to, services and training) provided pursuant to the Agreement may be subject to U.S. export laws and regulations. Customer agrees that it will not use distribute, transfer, or transmit the products, software, or technical information (even if incorporated into other products) except in compliance with U.S. export regulations and this Agreement.

Executive Letter

For more than a decade, IT Management Corporation (ITMC) has been a trusted technology partner to public sector and educational institutions throughout California. Since our founding in 2009, ITMC has focused on helping K–12 school districts and government organizations successfully navigate the evolving technology landscape while meeting operational, budgetary, and compliance requirements.

As cloud computing, mobility, and digital learning environments continue to evolve, ITMC was established as a next-generation IT solutions provider. Our vision is to bring together experienced technology professionals and engineers to thoughtfully plan, design, and deploy best-in-class solutions that align with each customer's unique objectives and financial constraints. This approach enables our clients to build reliable, scalable, and future-ready infrastructure without compromising quality or performance.

ITMC is deeply committed to serving the public sector. We make it easier for school districts and government agencies to adopt leading-edge technologies by leveraging approved purchasing vehicles and proven processes that save both time and money. Our services span the full lifecycle of IT projects, including network assessment, planning and design, implementation, project management, documentation, voice and data consulting, convergence, training, and ongoing technical support for both new and existing environments.

Why IT Management Corporation

With more than 20 years of IT project management experience, Mr. Arman Eghbali, President of ITMC, has supported numerous school districts across Northern California. ITMC was founded with the mission of helping public sector organizations maximize the value of their IT investments through thoughtful design, disciplined execution, and long-term partnership.

Our work is guided by core principles that define how we serve our customers:

Vendor-agnostic, standards-based solutions designed to meet each district's specific needs

Plan, deploy, and manage IT environments with the same care and accountability we would expect for our own organization.

Comprehensive documentation and knowledge transfer to empower customers to manage and maintain their infrastructure confidently

Today, ITMC has grown to nearly five offices across California, with our headquarters located in Silicon Valley and a team of approximately 35 employees. Our staff brings over a decade of hands-on experience working with the E-Rate program, positioning ITMC as a knowledgeable and reliable partner for E-Rate-funded initiatives.

ITMC has extensive experience navigating the E-rate funding process and a deep understanding of the unique operational, budgetary, and compliance requirements of educational and government organizations. We are committed to delivering high-quality, reliable solutions without compromise—never taking shortcuts in design, implementation, or support.

With over two decades of experience in advanced IT services and more than 900 clients in our portfolio, ITMC has successfully partnered with numerous California school districts to address complex technical challenges and deliver measurable results.

Key Considerations for ITMC's Service Approach

ITMC is not a typical service provider—we consider ourselves a long-term service partner. Our customer service philosophy, proven performance, technical expertise, and comprehensive service offerings differentiate us in the marketplace. Throughout this proposal, we provide examples of our ability to deliver the requested services and maintain successful, long-standing customer relationships. We encourage the District to consider the following benefits of ITMC's approach:

- ✓ **E-rate Expertise to Maximize Funding**
  ITMC brings deep E-rate knowledge and experience to help districts maximize eligible funding. Where applicable, we provide guidance throughout the E-Rate process, including planning, documentation support, and compliance alignment for E-Rate eligible products and services.

- ✓ **Personalized, Dedicated Account Management**
  Each ITMC customer is assigned a dedicated Customer Success Manager (CSM) who remains engaged throughout the duration of the contract. The CSM works closely with district leadership and technical staff to understand goals, priorities, and evolving needs.

- ✓ **Commitment to Customer Satisfaction**
  ITMC is fully accountable for the solutions we deliver. Our objective is 100% customer satisfaction, and we do not consider a project complete until it meets both technical requirements and customer expectations.

- ✓ **Reliable, On-Time Project Delivery**
  ITMC has a proven track record of meeting or exceeding project timelines. Whether supporting a small number of sites or a large, multi-campus deployment, we have the personnel, processes, and project controls in place to deliver with confidence and consistency.

MENDOCINO-LAKE COMMUNITY COLLEGE DISTRICT
YOUR COMMUNITY YOUR COLLEGE YOUR SUCCESS

May 10, 2022

To Whom it May Concern:

I have been a customer of **IT Management Corporation** for 7 years, in two of my professional roles. I served as the Director of Technology Services for the Berryessa Union School District (BUSD) from 2015 through 2019. I've been in my current role as the Director of Information Technology for the Mendocino-Lake Community College District since 2019.

IT Management completed several large projects for me when I worked for Berryessa Union School District including 700 phones of hosted VoIP through their 101 Voice affiliate, Axis security cameras with NVRs, CAT 6A re-cabling district-wide, and a districtwide network upgrade with Ruckus/Brocade switches and access points.

Having worked in the technology for many years and being involved in many projects, I have been amazed at how smooth projects have gone with IT Management. Their teams are very professional, detail-oriented and they take the time to plan the implementations thoroughly and account for potential challenges that can arise. They were very proactive in monitoring our systems. For example, if one of our sites had a network issue and our telephones dropped registration, they would call me and ask if there was anything they could do to assist before I even had the opportunity to contact them.

In my current role, they were the selected vendor for a complete "forklift" network replacement which replaced all firewalls, core switches, distribution switches, and wireless access points (APs) at our main campus and three satellite centers. IT Management engineered and deployed several point-to-point wireless connections to provide wireless access for our athletic fields where cable solutions were cost prohibitive. They provided all design, engineering, and implementation services for the new network. The AP replacement included Ruckus Cloudpath for onboarding and pulling new CAT 6A cables to all locations to support mGig 2.5 Gbps connections.

As part of the project, they utilized spectrum analyzers and Ekahau wireless survey applications to optimize and maximize the APs coverage and scale for a better student campus experience. We're in the process of implementing their post-installation recommendations for improving Wi-Fi capacity and coverage. They implemented Ruckus Analytics to give our team an in-depth view of the wired and wireless infrastructure to simplify administration and use its AI capabilities to identify issues in the network before we hear any user complaints.

IT Management did a great job for us on this project during the middle of a pandemic with all the extra complexity from personnel and supply chain issues that arose. Our staff and students see the vast improvement to our district network daily.

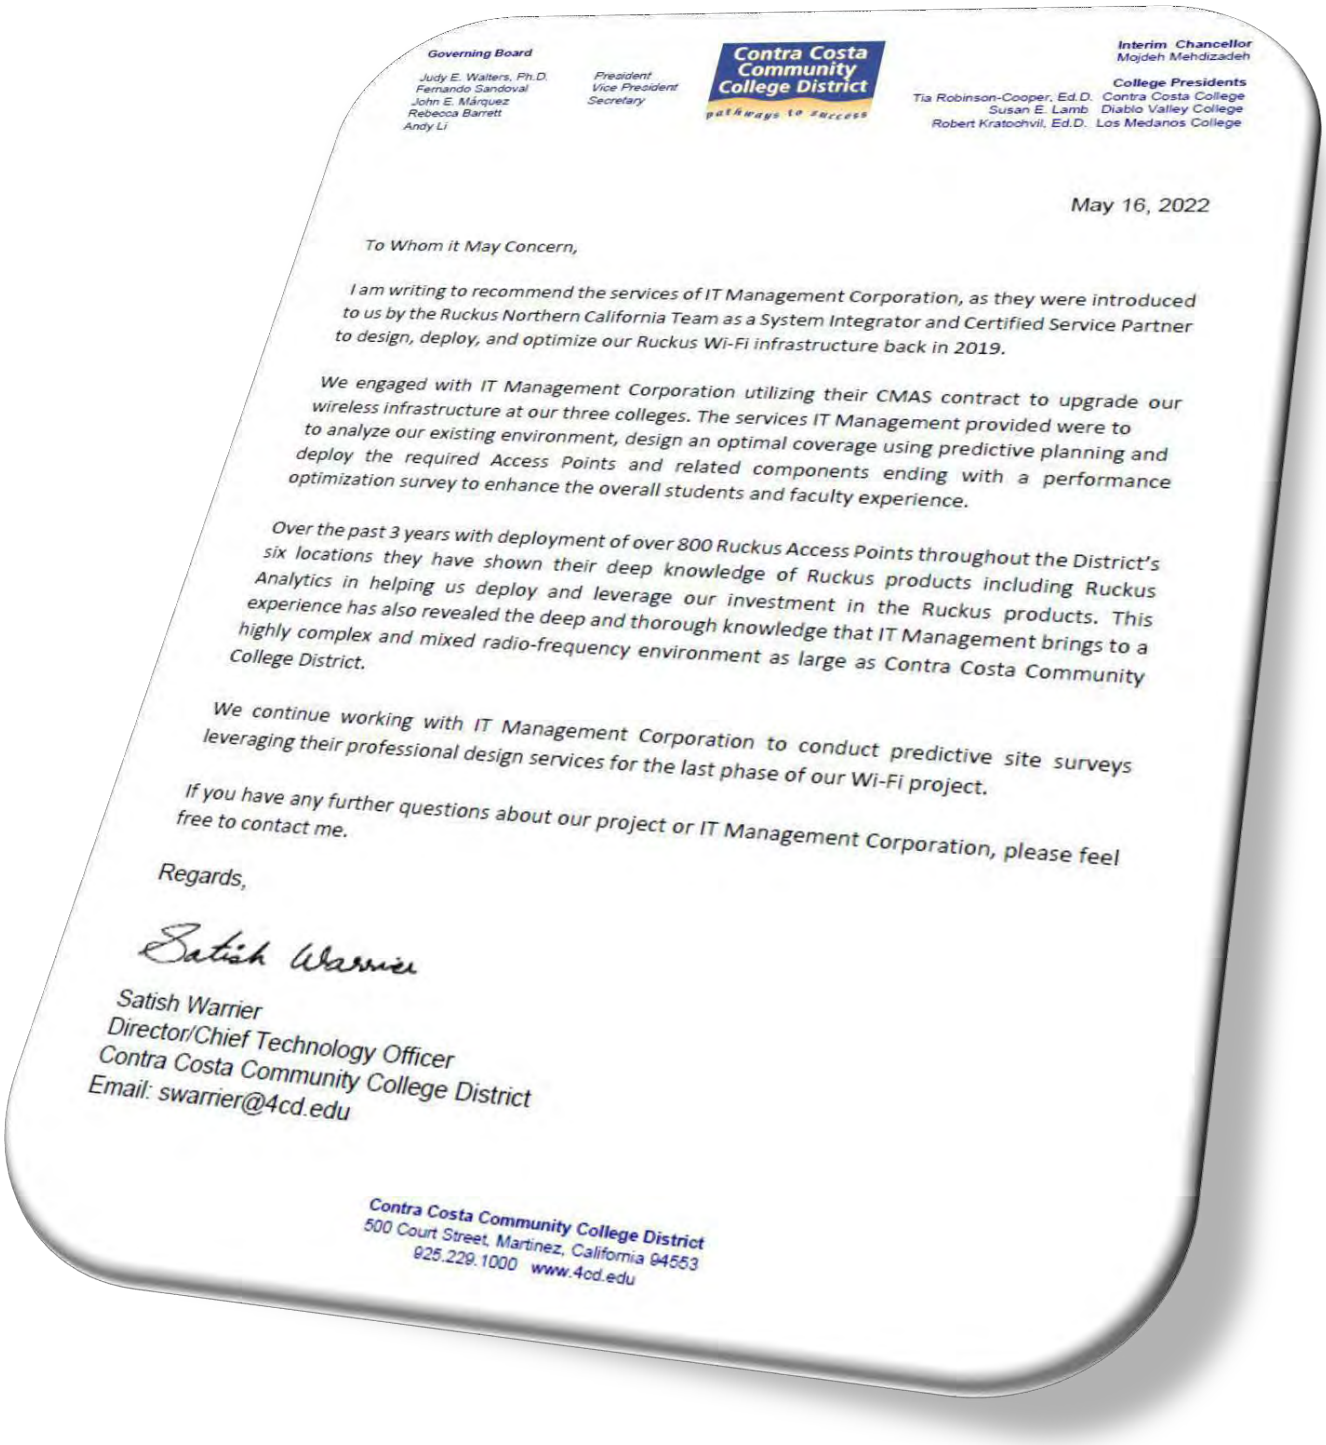

We worked with IT Management on the creation of 30 hybrid classroom carts that we've used to support faculty in their HyFlex instruction. They were able to get the units we needed during challenging times when every other college and K-12 school was trying to do the same thing. Our faculty and students have made good use of those units.

IT Management has done great work for me on all the projects where I've used them. Their extensive experience working in education helps them to understand our unique needs and challenges. I strongly recommend them and would not hesitate to utilize them for any future network or Wi-Fi projects.

Please feel free to contact me if you have any questions or would like to discuss my experience with IT Management further.

To Whom it May Concern,

I am writing to recommend the services of IT Management Corporation, as they were introduced to us by the Ruckus Northern California Team as a System Integrator and Certified Service Partner to design, deploy, and optimize our Ruckus Wi-Fi infrastructure back in 2019.

We engaged with IT Management Corporation utilizing their CMAS contract to upgrade our wireless infrastructure at our three colleges. The services IT Management provided were to to analyze our existing environment, design an optimal coverage using predictive planning and deploy the required Access Points and related components ending with a performance optimization survey to enhance the overall students and faculty experience.

Over the past 3 years with deployment of over 800 Ruckus Access Points throughout the District's six locations they have shown their deep knowledge of Ruckus products including Ruckus Analytics in helping us deploy and leverage our investment in the Ruckus products. This experience has also revealed the deep and thorough knowledge that IT Management brings to a highly complex and mixed radio-frequency environment as large as Contra Costa Community College District.

We continue working with IT Management Corporation to conduct predictive site surveys leveraging their professional design services for the last phase of our Wi-Fi project.

If you have any further questions about our project or IT Management Corporation, please feel free to contact me.

Evergreen School District
From strong roots grow bright futures

5/17/2022

To Whom It May Concern,

This is a recommendation of IT Management Corporation. ITM is a high quality, highly skilled company for network and systems design, implementation, and other related services. Evergreen School District, with 9,200 students and over 16 elementary and middle schools, has been working very successfully with ITM on multiple projects over the last four years. Some of these projects have been competitively bid such as our E-Rate Network Switches and Wireless Infrastructure Upgrade. Other projects have been awarded to them based on various publicly available purchasing vehicles.

We have utilized and contracted with ITM to deploy over 450 Ruckus Access Points and 80 Ruckus L2/L3 Switches, and we are more recently underway with them to deploy an additional 300 Access points. Over the Christmas Holidays of 2021, ITM's cloud based UCaaS services named 101VOICE, were implemented District-wide to serve over 1,000 VoIP handsets to replace the previous service provider.

In all our engagements and experience with the company, the ITM team has conducted themselves professionally and adhered to all District requirements. They worked collaboratively with our district IT staff to find the best solution for the District to meet or exceed industry standards, while working within our budget and timeline.

When it comes to working with technology VARs, we have had the experience to work with other VARs in the past. I strongly recommend ITM for its expertise in technology, professionalism, compliance with regulations, and their proven experience in the educational environment.

In case you have any questions or you need any clarifications, please let me know.

To Whom It May Concern:

I am writing to enthusiastically recommend ITMC for their outstanding work on our school district's recent network switch project.

ITMC provided exceptional service from start to finish. They not only supplied the necessary network switches but also handled the entire installation process and provided valuable engineering support. Throughout the project, their team demonstrated exceptional professionalism, courtesy, and excellent communication. They were also willing to work with our timeline and working hours, and they were knowledgeable and helpful with the e-rate procurement process.

Due to current economic conditions, including fluctuations in tariffs, supply chain disruptions, and manufacturer pricing adjustments, ITMC cannot guarantee product pricing for more than 30 days from the date of the quote. While service and labor pricing for U.S.-based personnel may remain stable, hardware and third-party product prices are subject to change until shipment from the manufacturer or distributor. As a result, the quote expiration only reflects items that are within ITMC controls and does not include hardware and products manufactured by others since they can change their price at any time.

Recommendation: Customers are advised to include a 10–15% contingency in their purchase orders and budgets to accommodate potential price increases due to pricing volatility and tariffs. This will allow them to cover all or a portion of the cost increase.

9. No-Hire Provision

- **Non-Solicitation:** During the term of any project engagement with ITMC, and for a period of twelve (12) months following the completion or termination of said engagement, the customer agrees not to directly or indirectly solicit, recruit, hire, or retain (in any capacity—employee, contractor, or consultant) any personnel of ITMC who are currently or were previously assigned to the project.
- **Purpose:** This provision is intended to protect the investment ITMC makes in recruiting, training, and retaining its personnel, and to prevent disruption to its business operations.
- **Breach Consequences:** Any violation of this provision may subject the customer to a liquidated damages fee equivalent to 50% of the annualized compensation of the employee or contractor solicited or hired, as a reasonable estimate of the resulting harm.

Second Interim Budget Reports

Purpose: Vote

FY2026 2nd Interim Budget - Central Office.pdf

Executive Summary for FY 2025-26 2nd Interim Report

FY2026 Preliminary Budget vs. FY2026 1st Interim Budget Summary

The FY26 2nd Interim Budget reflects updated enrollment assumptions, refined revenue estimates, and expenditure true-ups based on year-to-date activity. These updates ensure the budget remains aligned with current operating conditions while maintaining a balanced financial plan.

Enrollment & Revenue Adjustments:
Enrollment projections were reduced by 8 students (from 1,003 to 995) to maintain a conservative planning approach and provide a fiscal buffer, resulting in a decrease to LCFF funding. We currently have 996 students enrolled. Federal and state revenues were updated to reflect revised grant utilization and eligible expenditures across programs, including Title programs, Educator Effectiveness, A-G Completion, Lottery, and Proposition 28.

To partially offset these reductions, we identified additional expenses to tag to restricted funds such as Learning Recovery, Child Nutrition, and other state funding sources. Overall, total revenues decreased by approximately $119,143 (-0.4%).

Staffing & Compensation Updates:
Personnel costs were refined to reflect updated salary, overtime, and stipend projections, along with position changes and salary true-downs since the First Interim, including a net reduction of one position. Benefit projections were also updated to reflect lower workers' compensation costs resulting from their audit refund and adjustments to retirement contributions, while health insurance costs increased modestly due to age-band premium changes.

Supplies & Contracted Services Adjustments:
Programmatic expenses were adjusted based on operational needs and spending trends. Special education costs increased due to higher service needs and contracted support required to meet student requirements. Legal expenses also increased related to a board-initiated investigation, and student food costs rose with higher participation.

Offsetting these increases, spending on curriculum, professional development, and other discretionary services was reduced to maintain overall budget balance. Overall, total expenditures decreased by approximately $119,143 (-0.4%).

Overall
The FY26 2nd Interim Budget reflects continued refinement of assumptions and disciplined fiscal management. Conservative enrollment forecasting, ongoing monitoring of staffing and benefits, and adjustments to program spending support a balanced budget while addressing cost pressures — particularly in special education. These updates strengthen the reliability of our financial projections and support ongoing fiscal stability.

    i. Enrollment projections were reduced from 1003 to 995 students (8 student decrease), to conservatively forecast and maintain a fiscal buffer.
- $317K decrease in other federal and state revenues to reflect the updated enrollment figures and refine timelines for eligible expenditures:
    i. $12K decrease in Title I – IV
    ii. $159K decrease in Educator Effectiveness & A-G Completion Grants
    iii. $67K decrease in State Lottery & Student Support Discretionary Block Grant

- $290K increase in Other State Revenues from additional eligible expenses identified for each program:
    i. $102K increase in Child Nutrition Grants & Prior year revenue
    ii. $165K increase in Learning Recovery Emergency Block Grant
    iii. $23K increase in ELOP & Parcel Tax
- $14K decrease in Interest income due to rates maintaining and keeping operating reserves at a minimum
- $29K decrease in Unrestricted contribution - projecting very minimal donations coming in from now till the end of the year

2. ***Expenses***

- *$295K* reduction in *salary & stipends:*
    - Updated projections reflect average salary, overtime, and stipend trends across all departments.

Statement of Work - Tax Exempt Returns and Filings

This agreement constitutes a statement of work ("SOW") under the master service agreement ("MSA") dated October 9, 2023, or any superseding MSA, made by and between CliftonLarsonAllen LLP ("CLA," "we," "us," and "our") and Making Waves Academy ("you," "your," or "the organization"). The purpose of this SOW is to confirm our understanding of the scope of services, responsibilities, limitations, and related terms of our engagement for the year ended June 30, 2026.

Our responsibility to you
We will prepare the entity's federal and state returns and filings as defined herein in accordance with the applicable tax laws. We will use our judgment in resolving questions where the law is unclear, and where there is reasonable authority, we will resolve questions in your favor whenever possible.

We will not audit or otherwise verify the accuracy or completeness of the information we receive from you for the preparation of the returns and filings, and our engagement cannot be relied upon to uncover errors or irregularities in the underlying information.

Your responsibilities
It is your responsibility to provide us with all of the information needed to prepare complete and accurate returns and filings. We will have no obligation to prepare the returns and filings until you have provided such information to us. It is your responsibility to comply with all foreign jurisdiction filing requirements. We have no obligation to prepare returns for foreign jurisdictions.

CLA requires that you provide information 60 days prior to the filing deadline. If you provide information after that date, we may be unable to complete the return(s) by the original filing deadline and may need to file an extension. If an extension is filed and information is not provided by 60 days prior to the extended filing deadline, we may be unable to complete your return(s) by the extended due date. Failure to timely file your return(s) or to file for an extension can result in penalties which can be substantial.

The United States Supreme Court ruled in South Dakota versus Wayfair that physical presence is no longer required to establish nexus for sales tax. This ruling may have broad implications, even beyond sales tax, as to where an entity is subject to tax. Please note that if the entity had a taxable presence in more than one jurisdiction, such as an employee or agent within the jurisdiction, any tangible property owned or rented within the jurisdiction, or if the entity exceeds any applicable economic nexus thresholds, the entity, its owners, or related entities may be subject to state or local income, sales, use, franchise, or gross receipts tax in that jurisdiction depending upon the particular facts. It is the entity's responsibility, not CLA's, to

determine if assistance is needed in deciding whether the entity, its owners, or related entities may be liable for income, sales, use, franchise, or gross receipts tax, or have a filing requirement in the various state or local jurisdictions.

It is important for you to identify any ownership OR signature authority over a foreign bank account or other foreign financial assets which includes but is not limited to foreign: stocks, mutual funds, partnerships, bonds, retirement accounts, estates, trusts, annuities, swaps, and derivatives. Failure to disclose penalties can be significant, starting at $10,000 and can be upwards of 50 percent of the value of the asset. Please provide account statements if you have any foreign account ownership or signature authority. Note that these rules do not apply to foreign investments held by U.S. mutual funds. In addition, ownership in a foreign business entity (association, corporation, disregarded entity, or partnership) could trigger additional U.S. foreign informational reporting requirements. These reporting requirements require the disclosure of ownership, financial information, and related-party transactions. Failure to properly disclose ownership, related-party transactions, and the required information could trigger a penalty of up to $25,000 penalty per filing. We cannot be held responsible if you fail to identify or provide such information to us.

For all nonattest services we may provide to you, including these tax services, management agrees to assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, and/or experience to understand and oversee the services; evaluate the adequacy and results of the services performed; and accept responsibility for the results of the services. Management is also responsible for ensuring that your data and records are complete and that you have received sufficient information to oversee the services. You are responsible to carefully review the returns and filings that we prepare on your behalf before they are signed and submitted to tax authorities. We will advise you with regard to tax positions taken in the preparation of the returns and filings, but the responsibility for the returns and filings remains with you.

Section 174 capitalization requirement

For tax years beginning after December 31, 2021, research and experimental (“R&E”) expenditures under Internal Revenue Code Section 174 were required to be capitalized and amortized. The legislation referred to as the “One Big Beautiful Bill Act” (the “Act”), signed on July 4, 2025, modified these rules.

The Act reinstated the ability to fully expense domestic R&E expenditures for tax years beginning after December 31, 2024. Unamortized domestic R&E expenditures from 2022 through 2024 can be deducted in 2025. Alternatively, they can be deducted ratably in 2025 and 2026. Additionally, small business taxpayers may elect to deduct such unamortized expenditures for tax years 2022 through 2024 on amended income tax returns if filed by July 4, 2026. Note that amending prior year tax returns may reduce previously claimed research and development tax credits and result in other impacts to prior year tax liabilities.

The Act did not change the treatment of foreign R&E expenditures. Therefore, such expenditures must continue to be identified, capitalized, and amortized over 15 years.

We are available to model and analyze the impacts of each option available to you under the Act. Such services, if requested, will be covered under a separate SOW.

Beneficial ownership information reporting
Under the Corporate Transparency Act (CTA), foreign entities (non-US entities) doing business in the U.S. are required to report information to the Financial Crimes Enforcement Network (FinCEN) as to their beneficial ownership. It is your responsibility to prepare and submit any BOI report to FinCEN that is required under the CTA. In addition, certain states may have beneficial ownership disclosure requirements for foreign and domestic entities. We have no obligation to identify any filing requirements or provide any services related to BOI reporting.

Tax examinations
All returns and filings are subject to potential examination by the IRS and state taxing authorities. In the event of an examination, we will be available, at your request, to assist or represent you. Services in connection with tax examinations are not included in our fee for preparation of your returns and filings. Our fee for such services will be billed to you, along with any direct costs.

Record retention
You are responsible for retaining all documents, records, canceled checks, receipts, or other evidence in support of information and amounts reported on your returns and filings. These items may be necessary in the event a taxing authority examines or challenges your returns or filings. These records should be kept for at least seven years. Your copy of the returns and filings should be retained indefinitely.

If carryover item(s) exist (e.g., capital loss, net operating loss, tax credits, etc.), you should retain the supporting records related to the carryover item(s) until the item has either been utilized (and the statute of limitations associated with the year of utilization has expired) or the carryforward period has expired.

In preparing the returns and filings, we rely on your representation that you understand and have complied with these documentation requirements. You are responsible for the proper recording of transactions in the books of accounts, for the safeguarding of assets, and for the substantial accuracy of your financial records.

All of the records that you provide to us to prepare your returns and filings will be returned to you after our use. Our working papers, including any copies of your records that we chose to make, are our property and will be retained by us in accordance with our established records retention policy. This policy states, in general, that we will retain our working papers for a period of seven years. After this period expires, our working papers and files will be destroyed. Furthermore, physical deterioration or catastrophic events may shorten the time our records are available. The working papers and files of our firm are not a substitute for your records.

Tax consulting services
This statement of work also covers tax consulting services that may arise for which you seek our consultation and advice, both written and oral, that are not the subject of a separate statement of work. These additional services are not included in our fees for the preparation of the federal and state returns and filings. Our fee for such services will be billed to you, along with any direct costs.

We will base our tax analysis and conclusions on the facts you provide to us, and will not independently verify those facts. We will review the applicable tax law, tax regulations, and other tax authorities, all of which are subject to change. At your request, we will provide a memorandum of our conclusions. Written

Unless we are separately engaged to do so, we will not continuously monitor and update our advice for subsequent changes or modifications to the tax law and regulations, or to the related judicial and administrative interpretations.

Statement of Work - Audit Services

This agreement constitutes a statement of work ("SOW") under the master service agreement ("MSA") dated October 9, 2023, or superseding MSA, made by and between CliftonLarsonAllen LLP ("CLA," "we," "us," and "our") and Making Waves Academy ("you," "your," or "the entity"). We are pleased to confirm our understanding of the terms and objectives of our engagement and the nature and limitations of the services CLA will provide for the entity as of and for the year ended June 30, 2026.

Derrick DeBruyne is responsible for the performance of the audit engagement. Per Education Code Section 41020(f)(2), there is a limit of six consecutive years for any firm where the principal of the audit and the reviewing principal have been the same in each of those years. This is the second consecutive year Derrick DeBruyne will be the engagement principal.

Scope of audit services
We will audit the financial statements of Making Waves Academy, which comprise the financial statements identified below, and the related notes to the financial statements (collectively, the “financial statements”) as of and for the year ended June 30, 2026.

The statement of financial position and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

The statement of financial position, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

We will also evaluate and report on the presentation of the supplementary information accompanying the financial statements in relation to the financial statements as a whole.

Nonaudit services
We will also provide the following nonaudit services:

· Preparation of data collection form

· Preparation of your financial statements and the related notes.

· Preparation of the supplementary information.

· Preparation of schedule of expenditures of federal awards.

· Preparation of adjusting journal entries, as needed.

· Preparation of the informational tax returns.

Audit objectives

The objectives of our audit of the financial statements are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Our audit will be conducted in accordance with U.S. GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the 2025-2026 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel (State Audit Guide). Those standards require us to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Our audit will include tests of your accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express opinions and render the required reports.

Our audit will be conducted in accordance with U.S. GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the 2025-2026 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel (State Audit Guide). Those standards require us to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Our audit will include tests of your accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express opinions and render the required reports.

We will also perform procedures to enable us to express an opinion on whether the supplementary information (as identified above) accompanying the financial statements is fairly stated, in all material respects, in relation to the financial statements as a whole.

The objectives of our audit also include:

- Reporting on internal control over financial reporting and on compliance with the provisions of laws,

regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.

- Reporting on internal control over compliance related to major programs and expressing an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance.

- Reporting on internal control over compliance related to major programs and expressing an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We will issue written reports upon completion of our audit of your financial statements and compliance with requirements applicable to major programs.

We will provide an opinion (or disclaimer of opinion) on compliance with requirements described in the 2025-26 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel. The State Compliance report will include a paragraph that states that the purpose of the report over compliance is to express an opinion on compliance with the types of requirements described in the 2025-26 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting; however, that the audit does not provide a legal determination of the entity’s compliance.

The state compliance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Audit Guide.

Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph to our auditors' report, or if necessary, withdraw from the engagement. If our opinions on the financial statements or compliance are other than unmodified, we will discuss the reasons with you in advance. If circumstances occur related to the condition

of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements or material noncompliance caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming an opinion on the financial statements or an opinion on compliance, we retain the right to take any course of action permitted by professional standards, including declining to express opinions or issue reports, or withdrawing from the engagement.

It is our understanding that our auditors' report will be included in your annual report which is comprised of Local Education Agency Organization Structure and that your annual report will be issued concurrent with the financial statement audit. Our responsibility for other information included in your annual report does not extend beyond the financial information identified in our opinion on the financial statements. We have no responsibility for determining whether such other information is properly stated and do not have an obligation to perform any procedures to corroborate other information contained in your annual report. We are required by professional standards to read the other information and consider whether a material inconsistency exists between the other information and the financial statements because the credibility of the financial statements and our auditors' report thereon may be undermined by material inconsistencies between the audited financial statements and other information. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Auditor responsibilities, procedures, and limitations

We will conduct our audit in accordance with U.S. GAAS, the standards for financial audits contained in *Government Auditing Standards*, the Uniform Guidance, and the State Audit Guide.

Those standards require that we exercise professional judgment and maintain professional skepticism throughout the planning and performance of the audit. As part of our audit, we will:

• Identify and assess the risks of material misstatement of the financial statements and material noncompliance, whether due to fraud or error, design and perform audit procedures responsive to those risks, and evaluate whether audit evidence obtained is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement or a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of the entity and its environment, including the system of internal control, relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.

• Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the amounts and disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

• Conclude, based on our evaluation of audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

Although our audit planning has not been concluded and modifications may be made, we have identified the following significant risk(s) of material misstatement as part of our audit planning:

• Management Override of Controls

• Revenue Recognition

There is an unavoidable risk, because of the inherent limitations of an audit, together with the inherent limitations of internal control, that some material misstatements or noncompliance may not be detected, even though the audit is properly planned and performed in accordance with U.S. GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State Audit Guide. Because we will not perform a detailed examination of all transactions, material misstatements, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity, may not be detected. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not require auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management and those charged with governance of any material errors, fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management and those charged with governance of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a single audit.

Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting fraud or errors that are material to the financial statements and to preventing and detecting misstatements resulting from noncompliance with provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify deficiencies, significant

deficiencies, or material weaknesses in internal control. However, we will communicate to you in writing significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identify during the audit that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, the Uniform Guidance, and the State Audit Guide.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the entity's compliance with the provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

We will include in our report on internal control over financial reporting and on compliance relevant information about any identified or suspected instances of fraud and any identified or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements that may have occurred that are required to be communicated under *Government Auditing Standards*.

The Uniform Guidance and State Audit Guide requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with state and federal statutes, regulations, and the terms and conditions of federal awards that may have a direct and material effect on each of the entity's major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "OMB Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on each of the entity's major programs. The purpose of these procedures will be to express an opinion on the entity's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance and the State Audit Guide.

We will evaluate the presentation of the schedule of expenditures of federal awards accompanying the financial statements in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the schedule to determine whether the information complies with U.S. GAAP and the Uniform Guidance, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the schedule to the underlying accounting records and other records used to prepare the financial statements or to the financial statements themselves.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Management responsibilities

Our audit will be conducted on the basis that you (management and, when appropriate, those charged with governance) acknowledge and understand that you have certain responsibilities that are fundamental to the conduct of an audit.

You are responsible for the preparation and fair presentation of the financial statements and the schedule of

expenditures of federal awards in accordance with U.S. GAAP. Management is also responsible for identifying all federal awards received, understanding and complying with the compliance requirements, and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received) in accordance with the requirements of the Uniform Guidance.

Management's responsibilities include the selection and application of accounting principles; recording and reflecting all transactions in the financial statements; determining the reasonableness of significant accounting estimates included in the financial statements; adjusting the financial statements to correct material misstatements; and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is responsible for compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs. Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are responsible for the design, implementation, and maintenance of effective internal control, including internal control over compliance, relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including evaluating and monitoring ongoing activities and safeguarding assets to help ensure that appropriate goals and objectives are met; and that there is reasonable assurance that government programs are administered in compliance with compliance requirements.

You are responsible for the design, implementation, and maintenance of internal controls to prevent and detect fraud; assessing the risk that the financial statements may be materially misstated as a result of fraud; and for informing us about all known or suspected fraud affecting the entity involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for implementing systems designed to achieve compliance with applicable laws and regulations and the provisions of contracts and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; identifying and ensuring that the entity complies with applicable laws, regulations, contracts, and grant agreements, including compliance with federal statutes, regulations, and the terms and conditions of federal awards applicable to the entity's federal programs; and informing us of all instances of identified or suspected noncompliance whose effects on the financial statements should be considered.

You are responsible for taking timely and appropriate steps to remedy any fraud; noncompliance with provisions of laws, regulations, contracts, or grant agreements; or abuse that we may report. Additionally,

as required by the Uniform Guidance and State Audit Guide, it is management's responsibility to evaluate and monitor noncompliance with federal and state statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings; and to follow up and take prompt corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review.

You are responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, including amounts and disclosures, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters, and for the accuracy and completeness of that information (including information from within and outside of the general and subsidiary ledgers), and for ensuring management information and financial information is reliable and properly reported; (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance; (3) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the State Audit Guide; and (4) unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.

You agree to inform us of events occurring or facts discovered subsequent to the date of the financial statements that may affect the financial statements.

You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is fairly presented in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

Management is responsible for the preparation and fair presentation of other supplementary information in accordance with U.S. GAAP. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. You agree to provide us written representations related to the presentation of the supplementary information.

Management is responsible for the preparation of other information included in your annual report. You agree to provide the final version of such information to us in a timely manner, and if possible, prior to the date of our auditors' report. If the other information included in your annual report will not be available until after the date of our auditors' report on the financial statements, you agree to provide written representations indicating that (1) the information is consistent with the financial statements, (2) the other information does not contain material misstatements, and (3) the final version of the documents will be provided to us when available, and prior to issuance of the annual report by the entity, so that we can complete the procedures required by professional standards. Management agrees to correct material inconsistencies that we may identify. You agree to include our auditors' report in any document containing financial statements that indicates that such financial statements have been audited by us.

Management is responsible for providing us with a written confirmation concerning representations made by you and your staff to us in connection with the audit. During our engagement, we will request information and explanations from you regarding, among other matters, the entity's operations, internal control, future plans, specific transactions, and accounting systems and procedures. The procedures we will perform during our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the representations that we receive in the representation letter and otherwise from you. Accordingly, inaccurate, incomplete, or false representations could cause us to expend unnecessary effort or could cause a material fraud or error to go undetected by our procedures. In view of the foregoing, you agree that we shall not be responsible for any misstatements in the entity's financial statements that we may fail to detect as a result of misrepresentations made to us by you.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies to us of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the "Audit objectives" section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or other engagements or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Responsibilities and limitations related to nonaudit services

For all nonaudit services we may provide to you, management agrees to assume all management responsibilities; oversee the services by designating an individual, preferably within senior management, who possesses suitable skill, knowledge, and/or experience to understand and oversee the services; evaluate the adequacy and results of the services; and accept responsibility for the results of the services. Management is also responsible for ensuring that your data and records are complete and that you have received sufficient information to oversee the services.

Use of financial statements

Should you decide to include or incorporate by reference these financial statements and our auditors' report(s) thereon in a future private placement or other offering of equity or debt securities, you agree that we are under no obligation to re-issue our report or provide consent for the use of our report in such a

registration or offering document. We will determine, at our sole discretion, whether we will re-issue our report or provide consent for the use of our report only after we have performed the procedures we consider necessary in the circumstances. If we decide to re-issue our report or consent to the use of our report, we will be required to perform certain procedures including, but not limited to, (a) reading other information incorporated by reference in the registration statement or other offering document and (b) subsequent event procedures. These procedures will be considered an engagement separate and distinct from our audit engagement, and we will bill you separately. If we decide to re-issue our report or consent to the use of our report, you agree that we will be included on each distribution of draft offering materials and we will receive a complete set of final documents. If we decide not to re-issue our report or decide to withhold our consent to the use of our report, you may be required to engage another firm to audit periods covered by our audit reports, and that firm will likely bill you for its services. While the successor auditor may request access to our workpapers for those periods, we are under no obligation to permit such access.

If the parties (i.e., you and CLA) agree that CLA will not be involved with your official statements related to municipal securities filings or other offering documents, we will require that any official statements or other offering documents issued by you with which we are not involved clearly indicate that CLA is not involved with the contents of such documents. Such disclosure should read as follows:

> CliftonLarsonAllen LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. CliftonLarsonAllen LLP also has not performed any procedures relating to this offering document.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website or submitted on a regulator website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information in the electronic site with the original document.

We may issue preliminary draft financial statements to you for your review. Any preliminary draft financial statements should not be relied on or distributed.

Engagement administration and other matters

We expect to begin our audit on approximately April 1, 2026.

We expect to issue our reports within the regulatory time frame, unless unforeseen problems are encountered.

We understand that your employees will prepare all confirmations, account analyses, and audit schedules we request and will locate any documents or invoices selected by us for testing. A list of information we expect to need for our audit and the dates required will be provided in a separate communication.

At the conclusion of the engagement, we will complete the auditor sections of the electronic Data Collection Form SF-SAC and perform the steps to certify the Form SF-SAC and single audit reporting package. It is

management's responsibility to complete the auditee sections of the Data Collection Form. We will create the single audit reporting package PDF file for submission; however, it is management's responsibility to review for completeness and accuracy and electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be electronically submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the entity; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing confidential or sensitive information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of CLA and constitutes confidential information. However, we may be requested to make certain audit documentation available to regulatory bodies pursuant to authority given to it by law or regulation. If requested, access to such audit documentation will be provided under the supervision of CLA's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to those regulators. The regulators may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of seven years after the report release date or for any additional period requested by a regulator. If we are aware that a federal or state awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Professional standards require us to be independent with respect to you in the performance of these services. Any discussion that you have with our personnel regarding potential employment with you could impair our independence with respect to this engagement. Therefore, we request that you inform us prior to any such discussions so that we can implement appropriate safeguards to maintain our independence and objectivity. Further, any employment offers to any staff members working on this engagement without our prior knowledge may require substantial additional procedures to ensure our independence. You will be responsible for any additional costs incurred to perform these procedures.

Our audit engagement ends on delivery of our signed report. Any additional services that might be requested will be a separate, new engagement. The terms and conditions of that new engagement will be governed by a new, specific SOW for that service.

Government Auditing Standards require that we make our most recent external peer review report publicly available. The report is posted on our website at www.CLAconnect.com/Aboutus/.

Fees

Our professional fee is $32,650.00. We will also bill for expenses (including travel, report production, word processing, postage, internal and administrative charges, etc.) plus a technology and client support fee of five percent (5%) of all professional fees billed. This estimate is based on anticipated cooperation from your

personnel and their assistance with locating requested documents and preparing requested schedules. If the requested items are not available on the dates required or are not accurate, the fees and expenses will likely be higher. Our invoices, including applicable state and local taxes, will be rendered as work progresses and are payable on presentation.

There is a ten percent withholding clause per Education Code 14505.

Bill to be mailed on	**Amount to be billed**
Upon execution of the SOW	one-third of our professional fees
Upon the commencement of substantive procedures	one-third of our professional fees
Issuance of draft report(s)	one-third of our professional fees

Estimated fees based on the 2025-26 State Audit Guide dated July 1, 2025.

Unexpected circumstances
We will advise you if unexpected circumstances require significant additional procedures resulting in a substantial increase in the fee estimate.

Changes in accounting and audit standards
Standard setters and regulators continue to evaluate and modify standards. Such changes may result in new or revised financial reporting and disclosure requirements or expand the nature, timing, and scope of the activities we are required to perform. To the extent that the amount of time required to provide the services described in the SOW increases due to such changes, our fee may need to be adjusted. We will discuss such circumstances with you prior to performing the additional work.

Agreement
We appreciate the opportunity to provide the services described in this SOW related to the MSA. All terms and provisions of the MSA shall apply to these services. If you agree with the terms of this SOW, please sign below to indicate your acknowledgement and understanding of, and agreement with, this SOW.

Amendment to Academic Calendar 2025-26

Section: V. Action Items
Item: E. Amendment to Academic Calendar 2025-26
Purpose: Vote
Submitted by: Elizabeth Martinez
Related Material: MWA 2025_26 Academic Calendar _0304426.pdf

BACKGROUND:

After seeking feedback from leaders and faculty, I made the decision to make the following change to the academic calendar.

- **Restore Monday, March 30th as an instructional day and instead;**
- **close the school on Friday, April 3rd in observance of Cesar Chavez Day**

Why?

After reviewing the academic calendar for the remainder of the year, I noticed that we were scheduled to be off on Monday, March 30th, the week before Spring Break. Not sure how this slipped by me when we approved the calendar.

Making this change helps us better align with Spring Break and make it less choppy and we get to start our Spring Break a day early.

RECOMMENDATION:

We recommend the board approves the amendment to the 2025-26 Academic Calendar.

I. Opening Items

A.

Record Attendance

B. Call the Meeting to Order

Alicia Malet Klein called a meeting of the Finance Committee of Making Waves Academy to order on Wednesday Mar 4, 2026 at 10:02 AM.

C. Public Comment

No public comment.
Introduced guest Michelle Giacomini who is working on a project with Ken to create a report for co-founder and major donor Regina Scully.

II. Finance

A. Second Interim Review

The committee noted that the school remains overall under budget, with a revenue decrease tied to lower ADA offset by expense reductions from unfilled positions. Increased special education contracted services, a one-time legal expense, and higher meal participation costs absorbed much of the savings.

The Finance Advisory Committee agreed to recommend the second interim budget for board approval.

B. Cash Flow Discussion

The committee reviewed the school's cash balance commitments and will discuss further at the next meeting. A year-over-year comparison of restricted funds shows a significant reduction this year due to focused efforts to draw down those balances.

C. Miscellaneous

Upcoming projects include finalizing the second interim budget by March 16, presenting it to the board on March 9, continuing budget right-sizing analysis, and beginning development of next year's budget.
