Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Making Waves Academy	Elizabeth Martinez	emartinez@mwacademy.org
	Chief of Staff	510-227-9856

Introduction

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require a LEA to:

- Annually measure its progress in meeting the requirements of the specific LCFF priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the LCAP.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

Below are the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

The LEA annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to stakeholders and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

The LEA annually measures its progress in: (1) seeking input from parents in decision making and (2) promoting parental participation in programs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Coordination of Services for Expelled Students-County Office of Education (COE) Only (LCFF Priority 9)

The county office of education (COE) annually measures its progress in coordinating instruction as required by California EC Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Coordination of Services for Foster Youth-COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the result ts local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.	s to

Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to stakeholders and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to stakeholders and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Teachers	Number	Percent
Misassignments of Teachers of English Learners	8	13.6
Total Teacher Misassignments	8	13.6
Vacant Teacher Positions	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional	0	0
Materials for Use at School and at Home		

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The "Good Repair" Standard (Including Deficiencies and Extreme Deficiencies)	0

Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA)-Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics-Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

Making Waves Academy has worked to implement the all state standards with fidelity. We have completed the following action items. We have adopted standards aligned curriculum in all subject areas, we have implemented walkthroughs to track for fidelity to state standards, held content specific professional development for our content areas and analyze student work accordingly. The area that we are looking to build out further is connected to our Career Technical Education program, where we aim to build out comprehensive pathways. Additionally, we aim to bring Spanish to our 8th grade.

OPTION 2: Reflection Tool

Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.

Rating Scale (lowest to highest) -

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where
they can improve in delivering instruction aligned to the recently adopted academic standards and/or
curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs,
teacher pairing).

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

Recently Adopted Academic Standards and/or Curriculum Frameworks

4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest) -

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Career Technical Education			3		
Health Education Content Standards					5
Physical Education Model Content Standards					5
Visual and Performing Arts				4	
World Language					5

Support for Teachers and Administrators

5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest) -

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered				4	

Optional Narrative (Limited to 1,500 characters)

6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

Making Waves Academy has invested in professional development for our faculty. Our leadership is trained on coaching cycles and data driven instruction by our Achievement Network Coach. Our math teachers have a dynamic math coach that has supported our instructional vision. Additionally, we have a consistent practice for looking at curriculum to ensure relevancy and standards alignment. We have adopted standards aligned curriculum for all subject areas. We look forward to onboarding a math curriculum in our Upper School that supports the inquiry approach that we have adopted in our Middle School in the next two years.

Parent and Family Engagement (LCFF Priority 3)

This self-reflection tool is organized into three sections. Each section includes promising practices in family engagement:

- 1. Building Relationships between School Staff and Families
- 2. Building Partnerships for Student Outcomes
- 3. Seeking Input for Decision-making

LEAs use this self-reflection tool to reflect on its progress, successes, needs and areas of growth in family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified.

The results of the process should be used to inform the LCAP and the development process, to assess prior year goals, actions and services as well as to plan or modify future goals, actions, and services in the LCAP.

For each statement in the table below -

- 1. Identify the diverse stakeholders that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- Engage stakeholders in determining what data and information will be considered to complete the selfreflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- 3. Based on the analysis of data, identify the number which best indicates the LEA's current stage of implementation for each practice using the following rating scale (lowest to highest):
 - 1 Exploration and Research Phase
 - 2 Beginning Development
 - 3 Initial Implementation
 - 4 Full Implementation
 - 5 Full Implementation and Sustainability
- 4. Write a brief response to the prompts following each of the three sections.
- 5. Use the information from the self-reflection process to inform the LCAP and the LCAP development process, as well as the development of other school and district plans.

Building Relationships

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Building Relationships	1	2	3	4	5
1. Rate the LEA's progress in developing the capacity of staff (i.e. administrators, teachers, and classified staff) to build trusting and respectful relationships with families.				4	
2. Rate the LEA's progress in creating welcoming environments for all families in the community.				4	

	Building Relationships	1	2	3	4	5
3.	Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.				4	
4.	Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.				4	

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

Strengths: We have a plethora of opportunities for our families to become involved in our community. We have communication tools like automated telephone messages and text messages and opportunities for our families to engage with each other and the school through "Chat and Chews", open forums and monthly Saturday family meetings. We have high family participation in our ELAC Committee and School Site Council.

Improvement: We are looking forward to implementing more authentic opportunities for families to engage with each other and provide feedback loops. We want to create a culture where all families feel supported and involved in our program. We look forward to engaging with our parent wave representatives on this topic.

Building Partnerships for Student Outcomes

Rating Scale (lowest to highest) -

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Building Partnerships	1	2	3	4	5
1.	Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.				4	
2.	Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.				4	
3.	Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.				4	
4.	Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.				4	

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

Strengths: The Director of Family Engagement and School Culture hosts professional development at the beginning of the school year to launch priorities for family engagement for the school year. Teachers frequently thought partner with administration on the best approach to support families. We host a number of relevant workshops for our

families and provide information on social-emotional well-being and rigorous instruction. We train wave representatives on advocacy practices and provide opportunities for feedback loops.

Improvement: We look forward to building out practices to support family wave representatives in their roles to partner in support of our students.

Seeking Input for Decision Making

Rating Scale (lowest to highest) -

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Seeking Input	1	2	3	4	5
1.	Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.					5
2.	Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.					5
3.	Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.					5
4.	Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.				4	

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

Strengths: MWA's School Site Council is very active and an established space for input on our plans. Our School Site Council reviews and provides input on our LCAP, SPSA as well as our ELD, Intervention, SPED and GATE program. We value the partnership between the School Site Council as a critical body that informs decisions.

Improvement: Within the year of remote learning, we hosted a number of engagement events for families, however put a pause on a number of key in person events. Upon return to onsite learning, we look forward to engaging all stakeholders in planning for onsite events.

School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

- 1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
- 2. **MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
- 3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

At Making Waves Academy, we implement culture and climate surveys once a semester. The surveys are intended to get a pulse check on the student experience and inform our approach. Please see highlights below as well as our next steps:

Data:

RIGOROUS INSTRUCTION: More than 75% Wave-Makers believe that MWA is providing a rigorous
instruction that includes high academic/behavior expectations, academic challenge, and teachers not only
encourage/support but adjust to how they learn best. 80% of Wave-Makers Academy-wide agree or
strongly agree that they "feel supported to be successful in school." 69% of Wave-Makers are worried/very
worried about

"Getting Good Grades."

- SEL WELL BEING & STUDENT SUPPORT: More than 60% of Wave-Makers feel that MWA facilitates an
 environment where they feel safe, can be themselves, celebrated/praised, feel valued/important and
 supported to address and resolve harm. 70% of Wave-Makers Academy-wide agree or strongly agree that
 "when they cause harm, teachers/deans help them to make things right. 66% of Wave-Makers Academywide agree or strongly agree that "when they are harmed teachers/deans help them to address and resolve
 the issue." 42% of Wave-Makers are worried/very worried about "Not being able to be with classmates
 during distance learning."
- DIVERSITY & INCLUSION: Over 75% Wave-Makers believe that their teachers and staff treat them fairly and make them feel like they belong.
- MISSION ALIGNMENT: Over 75% Wave-Makers believe that MWA is preparing them to be successful in college & beyond, will help them achieve their life dream.
- SAFETY & SUPPORT: While only around 45% of Wave-Makers know what Restorative Justice/Practices is, over 65% of Wave-Makers believe their teachers/deans help them resolve issues and make things right. 38% of Wave-Makers are worried/very worried about "Conflict with other students/Bullying."

Meaning:

We look at anything over 70 percent as a material strength. From this data, we believe that areas of instruction, mission alignment and diversity, equity and inclusion are strengths. We have more work to do in helping our students understand our approach to restorative justice and social-emotional well-being.

Next Steps:

Follow up with Wave-Makers who answered questions that may identify they are in need of support.

Continue developing Advisory program to prioritize relationship building, peer engagement, connection and academic skill development.

Provide more alignment and training related to restorative practices, such as providing an academy-wide Restorative Practices Framework and roll out.

Review culture and climate survey results with key academy divisions to help drive plans for next year.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

- 1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)
- 2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)
- 3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)
- 4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)
- 1.) All students have access to standards aligned core classes. Our courses are A-G aligned and we work with our Upper School students directly to ensure that they are on a track to complete all A-G requirements. We use PowerSchool to track course offerings for all of our students. Our students with disabilities are closely monitored by our Director of Special Education and our English Language Learners are monitored by our ELD Coordinator.
- 2.) Our systems are strong and our students are currently enrolled in A-G approved courses. We are working to build out CTE pathways for our students.
- 3.) As we return from distance learning, we have work to do to ensure that all students are on track to passing all of their required courses. We believe that our approach to credit recovery is strong and will support us in meeting this goal.
- 4.) We look forward to onboarding more teachers to support smaller class sizes, further building out our intervention program and offering strategic small group enrichment opportunities.

Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest) -

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

	Coordinating Instruction	1	2	3	4	5
1.	Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
	Review of required outcome data.					
	 b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps. 					
	c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2.	Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3.	Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4.	Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

- 1 Exploration and Research Phase
- 2 Beginning Development
- 3 Initial Implementation
- 4 Full Implementation
- 5 Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					

	Coordinating Services	1	2	3	4	5
6.	Facilitating the coordination of post- secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7.	Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8.	Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.
