

Due to the continued growth of our population, we are exploring the modification of our bell schedule to alleviate the high-volume of traffic during arrival/dismissal time.

The two variations we are looking at are:

- **Staggered dismissal (5th/6th and 7th-12th)**, start time is the same for everyone but dismissal time is different
 - These versions group 5th & 6th together, and keeps 7th-12th together
 - Grouping the schedules this way allows some opportunities for middle school students to enroll in upper school courses in the future
 - This grouping has been in place for the last 2 years
- **Full staggered schedule (5th-8th and 9th-12th)**, start/end time is earlier for 5th-8th and later for 9th-12th [per CA law](#).
 - These versions group 5th & 6th together, 7th & 8th, and finally 9-12th together

The following feedback/key limitation was incorporated into these versions:

- DTI/Marlin Hour is not popular in its current format due to the lack of curriculum
- There is some need for DTI/Marlin Hour to fulfill intervention services (SPED/ELD)
- "The day is too long" – we do have instructional minute requirements, the requirement for 5-8 is lower than 9-12. Both versions account for that and meet the instructional minute counts.
- Post-Holiday schedule causes confusion and again is not popular with teachers – I accounted for that by including schedules for the 4 day weeks
- **Key Limitation:** Due to the PowerSchool setup (there are two "schools", one is 5-8 and the other is 9-12) **each school has to have the same first period with the same start and end time**; there is no way around this in our current technical setup.

The following versions were shared with instructional leaders, select staff, and teacher leaders for feedback. A synopsis of the feedback and a recommendation will be shared with the committee for discussion.
