2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Making Waves Academy (MWA) is a public charter school authorized by the Contra Costa County Office of Education (CCCOCOE) and is listed as the "District Contact". MWA serves 5th-12th grades. MWA is located in Richmond, CA, an area served by the West Contra Costa County Unified School District (WCCUSD). Therefore, WCCUSD data is used throughout the report in charts that compare MWA to the "District" and the State. MWA opened in the fall of 2007 and graduated its first class of 12th graders in the spring of 2015.

With roots firmly planted in the Richmond community since the inception of the Making Waves Education Program (MWEP) in 1989, MWA fulfills the promise of public schools with a rigorous, college-preparatory curriculum, psychological services, social-emotional development, academic support, and transportation. The vision is grounded in our five Core Values: Community, Resilience, Respect, Responsibility, and Scholarship. The mission is: "MWA is committed to rigorously and holistically preparing students to gain acceptance to and graduate from college to ultimately become valuable contributors to the workforce and their communities.

Richmond is a diverse community with a population consisting of 22% African American, 40% Hispanic or Latino, 17% White (Not of Hispanic or Latino Descent), 15% Asian, .3% Native American, .5% Native Hawaiian and Other Pacific Islander, 6% other. The demographics of MWA are comparable to West Contra Costa Unified School District (WCCUSD). At MWA, 8% of the population is African American and 86% are Hispanic or Latino, 77% of students qualify for free and reduced lunch. English Language Learners make up 24% of the school's population.

MWA recognizes that schools with higher proportions of students from economically distressed communities require additional resources to compensate for the challenges they face. MWA invests in our students by providing resources to support students' social-emotional well-being and academic development. To support the structure of our core day and enrichment programs, the typical school day is from 8:30am – 2:55pm for 5th-6th grades and 8:30am -- 3:30pm for 7th-12th grades. Extended day programming exist in the middle school and most academic intervention occurs during a Differentiated Tier Instruction period embedded within the academic school day. The master schedule accommodates student participation in interscholastic athletics, clubs, field lessons, and academic support, as well as teacher planning and collaboration time.

2022-23 School Overview

At MWA, instructional activities are aligned to California Common Core Standards. The MWA curriculum includes language arts, math, science, history/social science, health and wellness, second languages, music, fine and performing arts and social emotional education. MWA Upper School courses in grades nine through twelve follow the California State A-G requirements, which emphasize college-readiness. The upper school also offers Advanced Placement (AP) courses in math and history. For four out of the last six years MWA has been recognized by Innovate Public Schools as one of the top performing high schools in the Bay Area in the subjects of English and Math.

MWA's aim is to prepare 100% of our students to be college-ready while also honoring and supporting our students' pursue their hopes and dreams by gaining admission to a variety of post-secondary education options. Historically, about 95% of our students go on to college – with about 70% or more gaining admission to colleges and universities and another 25% or so attending community college.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The school participates in regular inspection and maintenance of the facility. Due to school closures due to the COVID-19 pandemic, the facilities had not been in regular use for over a year. However the facilities team used the time during the school closure to work on general maintenance and improvements in order for the facilities to be in excellent conditions once in person instruction resumed. Now that students are back on campus we have seen general wear and tear in the facilities, but the team continues to monitor and address issues as they occur or are reported.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

All students at Making Waves Academy may participate in our Career Technical Education (CTE) pathway in Health Science and Medical Technology, which, pursuant to Education Code Section 51226, is comprised of career-themed courses that are aligned to the model curriculum standards for the State of California and satisfy high school graduation requirements and admissions requirements for University of California and California State Universities. All courses within the pathway are offered onsite and are sequenced as follows: Introduction to Health Science (introductory course), Medical Terminology (concentrator course), and Advanced Patient Care (capstone course).

Making Waves Academy ensures the delivery of a robust CTE program that is responsive to community needs and is aligned to the ten eligibility requirements of the Career Technical Education Incentive Grant (CTEIG): (1) quality curriculum and instruction; (2) career exploration; (3) student support; (4) system alignment; (5) industry partnerships; (6) after school and extended day opportunities; (7) regional and local labor market demands; (8) industry certification or employment; (9) skilled faculty; (10) data and evaluation. Eric Becker, Assistant Principal of the Upper School, serves as the primary representative for CTE at Making Waves Academy.

In accordance with our institutional goals, CTE at Making Waves Academy remains committed to developing and offering career pathways that are aligned with academic courses, support academic achievement, and address the needs of all learners, including those unique to defined special populations of students.

Our Career Technical Education (CTE) program is compliant with our school nondiscrimination policy.

MWA does not discriminate against any student or employee on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, citizenship, immigration status, religion, religious affiliation, sexual orientation, or any other characteristic that is contained in the definition of hate crimes in the California Penal Code.

MWA adheres to all provisions of federal law related to students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 ("ADA"), and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA").

MWA is committed to providing a work and educational atmosphere that is free of unlawful harassment under Title IX of the Education Amendments of 1972 (sex); Titles IV, VI, and VII of the Civil Rights Act of 1964 (race, color, or national origin); The Age Discrimination in Employment Act of 1967; The Age Discrimination Act of 1975; the IDEIA; and Section 504 and Title II of the ADA (mental or physical disability). MWA also prohibits sexual harassment, including cyber sexual bullying, and harassment based upon pregnancy, childbirth or related medical conditions, race or ethnicity, religion, religious affiliation, creed, color, immigration status, gender, gender identity, gender expression, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation. MWA does not condone or tolerate harassment of any type, including discrimination, intimidation, or bullying, including cyber sexual bullying, by any employee, independent contractor or other person with which MWA does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender. MWA will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted. The lack of English language skills will not be a barrier to admission or participation in MWA's programs or activities. MWA prohibits retaliation against anyone who files a complaint or who participates in a complaint investigation.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report any act of such misconduct to the Coordinator: Dean of Students, 4123 Lakeside Drive Richmond, CA 94806 Ph. (510) 262-1511. Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 5	86	100	99	100	100
Grade 7	96	96	94	93	97
Grade 9	92	91	91	91	91

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Making Waves Academy (MWA) actively works to involve parents in their children's education in meaningful ways. Parents serve as appointed members of our MWA Board, and as elected parent leaders to the English Learner Advisory Committee. Parents are also the majority of participants in our LCAP Advisory Group, which reviews progress on our LCAP goals and advises on the creation of the new LCAP. These governance groups meet monthly and information regarding the dates, times and locations can be found at the front office of both the middle school and upper school, by calling (510) 262-1511, and by visiting our website at makingwavesacademy.org. The greater parent community is encouraged to participate in these meetings along with general parent meetings sessions and workshops.

Making Waves Academy regularly performs outreach to families to keep them informed of their students' academic progress, opportunities for involvement, and upcoming events via written and electronic communication, parent meetings, and automated telephone messages. Parents are invited to attend three Saturday meetings throughout the school year, during which families discuss and learn about educational opportunities, curriculum, student performance and building a healthy and safe school culture & climate. In addition, Making Waves Academy offers parents opportunities to volunteer their time or donate items to contribute to our community and school events. Donations of any kind can be facilitated by contacting the front office at (510) 262-1511.

Opportunities for parents to be involved include: Participating on the English Language Advisory Committee, participating in the LCAP Advisory Group, serving on the MWA School Board, participating in the WASC and LCAP engagement sessions, attending Saturday Parent Meetings, chaperoning study trips, managing or supporting classroom events, grade-level events or school-wide events. Annual events which parents support (limited or virtual during Covid-19 pandemic) are as follows: Lunar New Year celebration, Dia de Los Muertos celebration, 8th grade graduation, My Very Own Library initiative, National History Day and Science Fairs, Saturday Parent Meetings, English Learner reclassification ceremony graduation, Black/African American Student Achievement Initiative, managing or supporting grade-level or classroom fundraisers, helping to prepare family mailings, organizing special events (e.g. a carnival or talent show), assisting with school-sponsored charitable projects (e.g. the annual food bank & toy drives), providing traffic control for arrival, dismissal, parent meetings and other events, participating in parent feedback surveys, referring families to the lottery process, participating in Back to School Day orientation events by providing parents and families with an overview of school courses and supplemental program curricula), and participating in student led advisory family conferences.

Parents are also employed at the school in a variety of support positions such as our Food Services Coordinator, Office Administrator, and Campus Supervisors. MWA also provides a Parent Engagement Center as a central location for parents to receive information regarding social services, on-campus volunteer opportunities and community involvement. At this time, due to Covid-19, the Parent Engagement Center is closed.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Making Waves Academy School Emergency Response Plan (updated February 2022) meets the requirements of the State of California and the County of Contra Costa. This plan identifies MWA responsibilities associated with natural disaster, human caused emergencies, and technological incidents. It includes but is not limited to:

Campus:

- Visitors sign in at the office, submit to a basic & brief background screening process, and wear a visitor identification badge while on campus
- All staff and students wear lanyard with ID while on campus
- Students are supervised before school, during recesses, lunch breaks, and during dismissal and planned after-school activities

Classroom:

- Evacuation routes are posted in all classrooms
- Each classroom has a first aid kit and an evacuation bucket/supply kit
- Each classroom and office has an emergency information folder which includes emergency guides and protocols

Staff:

- The Academy has 8 (eight) full time campus supervision positions and a Facilities & Safety Coordinator, supervised by the Facility & Safety Manager
- All staff receive first aid and CPR certification every two years
- All staff are trained on emergency procedures

COVID Response:

- Face masks required at all times indoors
- COVID testing for all students and staff prior to start of school and return from breaks
- Increased air ventilation

Additionally:

- Fire drills are held monthly for all grades
- Earthquake drills are held bi-monthly
- Shelter in Place, Lockdown and Evacuation drills are held 1-2 times annually
- Student emergency information cards are completed annually
- We have basic emergency response supplies, including food and water

Professional Development

The Professional Development Program at Making Waves Academy has been developed to target key areas for staff learning in a comprehensive and differentiated way. Our Professional Development pedagogy for faculty centers on the "4Rs": Relationships, Relevance, Rigor and Results. This year, we continue to prioritize: 1. dynamic, data driven instruction, 2. cultivating 21st century teachers and scholars and 3. implementing restorative practices.

Professional Development and opportunities for faculty to collaborate and share their practice in content and grade level teams, as well as in Professional Learning Communities (PLCs), occurs regularly throughout the school year, during professional development time, common planning time, and after school. The selection of topics and their frequency is determined, in part, through an analysis of student achievement data, observational data, and staff survey results. Professional Development takes place formally in a 1.5 hour window each Friday afternoon throughout the school year and for the two weeks before school starts each summer. Additionally, there are three all-day professional development sessions scheduled to align with the beginning of each new quarter. Teachers receive individualized support from their content and grade level leads, Academic Intervention Services Coordinators, as well as from the Academic Instruction Team, who observes formally and informally across the year and provides written and verbal feedback with each observation.

Making Waves Academy also provides comprehensive professional development for our mid-level leaders. Examples include Content Leads, Grade Level Leads, Lead Teachers, and Coordinators. They receive ongoing professional development through regularly scheduled Professional Learning Communities (PLCs) meetings. This group also receives ongoing support and training in the areas of social-emotional learning and cultural competency.

Additionally, both faculty and staff are encouraged to attend off-site, virtual, Professional Development opportunities in the forms of conferences, seminars and external school site visits. Our goal for faculty and staff is to attend at least one off-site Professional Development opportunity each year.

This table displays the number of school days dedicated to staff development and continuous improvement.
