Serving Students in Grades 5 - 12

*We seek to sustain an educational community where an emphasis on academic excellence is complemented by our concern for each learner's personal growth and intellectual, aesthetic, and psychological development. The curriculum is developmentally responsive – actively engaging students in learning skills in context, integrative – directing students to connect learning to daily lives, and exploratory – enabling students to discover their abilities, interests, learning styles, and ways that they can make contributions to society.*
