*We seek to sustain an educational community where an emphasis on academic excellence is complemented by our concern for each learner's personal growth and intellectual, aesthetic, and psychological development. The curriculum is developmentally responsive – actively engaging students in learning skills in context, integrative – directing students to connect learning to daily lives, and exploratory – enabling students to discover their abilities, interests, learning styles, and ways that they can make contributions to society.*

**II. Development**

#### **A. Updates**

Tom also went over the Office of Safe Schools visit and their findings.

#### **B. IT Services Provider Contract**

Tecaba has been our third party IT solutions provider for the last two years. Tom and his team secured competitive bids as their renewal was coming up. Tom and the admin team would like to switch vendors to SNH technologies. Their proposal is slightly higher than what Tecaba was proposing, but they will be spending more time on campus. SNH had previously provided some work for the portables, and they also provided a technology safety audit recently.

M. Kerrigan made a motion to accept the proposal from SNH Technologies.

J. Ward seconded the motion.

The board **VOTED** unanimously to approve the motion.

### **III. Executive Committee**

#### **A. Legislative Support Agreement (Continuation of Services)**

K. Tucker discussed the assignment of contracts (ex. Rubin Turnbull). If the school is taking ownership of the contract, who else can help and be involved in that relationship, as we talk to Rubin Turnbull about appropriations, LCIR etc. It will be on the development agenda for June and then brought back to the board.

### **IV. Executive Director Support and Eval Committee**

#### **A. Data Collection and Goal Setting**

### **V. Finance**

#### **A. Finance Updates**

C. Brown gave a finance update to include that we are on track for a \$120 thousand surplus and the school is currently working on the budget for next year.

### **VI. Governance**

#### **A. Appeal for enrollment**

R. Kauffman passed out the admissions policy along with two applicants' information to review for appeal. A summary of information was given to include that they were selected with the Walton County preference but the lottery team and the governance committee had found that they did not meet the qualifications.

M. Kerrigan made a motion to support the governance committee's decision to deny the appeal.

D. Lilienthal seconded the motion.

The board **VOTED** to approve the motion.

Dr. Miller and J. O'Donoghue discussed Florida Virtual classes. In the past, students could take any FLVS class to help raise their GPA. It is the intent that moving forward they will only be able to take a FLVS class if it is a grad requirement that is not offered (ex. HOPE) or if a student receives a D or a F they could retake a class to replace a grade. Edgenuity is \$100 per class and FLVS is upwards of \$400 per class. There will be a process to appeal to the student excellence committee if they are denied. At the June student excellence committee, FLVS will be discussed further.

## **IX. Closing Items**

### **A. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 6:38 PM.

Respectfully Submitted,
