Serving Students in Grades 5 - 12

We seek to sustain an educational community where an emphasis on academic excellence is complemented by our concern for each learner's personal growth and intellectual, aesthetic, and psychological development. The curriculum is developmentally responsive – actively engaging students in learning skills in context, integrative – directing students to connect learning to daily lives, and exploratory – enabling students to discover their abilities, interests, learning styles, and ways that they can make contributions to society.

II. 2022-2023 Audit Draft

A. Drafted Audit

Bob Walker, school auditor, attended the meeting and added the following key points:

- Specialize in charter schools (over 100 a year)
- Work with SFS on internal controls

Questions from Committee Members:

- Where do the financials come from (SFS does pages 11-13 cash basis) (9-11 are financial fund statements) Pages 9-10 are designed to assist the reader. Overall the statements all show the current school year fiscal operations.

- Should we be concerned of the negative net position (pension liability is a large portion of this) There is unfunded Liability if the school closes. Normal issue with charter schools that participate in the FRS. Less than 10% of the charter schools are in FRS.
- This is the first year Walker/King doing the audit. They received supporting documents from SFS and read past audits.
- Any issues you saw that we should be aware of? Look at the fund statements to see the year by year approach (page 13)
- It's a clean opinion report, no findings or deficiencies noted. The auditing profession works to identify fraud through a framework of asking questions, test of payroll, vendor lists, etc.

Audit will require final paperwork and approval of board to be sent to District.

F. Brown made a motion to Approve the audit.

T. Brooks seconded the motion.

The committee **VOTED** to approve the motion.
