Founded in 1996

Serving Students in Grades 5 - 12

We seek to sustain an educational community where an emphasis on academic excellence is complemented by our concern for each learner's personal growth and intellectual, aesthetic, and psychological development. The curriculum is developmentally responsive – actively engaging students in learning skills in context, integrative – directing students to connect learning to daily lives, and exploratory – enabling students to discover their abilities, interests, learning styles, and ways that they can make contributions to society.

Information on procedures for public comment can be found at

MEADOWS – Close to what we were accruing. Financial statements are reflecting correct information. Meadows has not been able to look at cash. She can have a better idea by next meeting. We will see results in June. FTE drives FTFP. We accrued at 10.5. Came back at 10.7. Transfer from foundation happened 1/31 and is not reflected in financials yet. It is expected to be repaid to the foundation. The assumption is that it will sit there 12, 14, or more months. It will not show up in the revenue. Everything that

gets reimbursed will be in general appropriation. Bottom line – we are performing well. Buyback happens on last payment in June.

BROWN made a motion to approve the January financials. BROOKS seconded.

Committee VOTED to approve the motion.

The committee **VOTED** to approve the motion.
