B. Annual Counseling Team Report

Heidi Youseph, College and Career Counselor presented highlights from each school regarding some of her work.

- Elementary School - the 5th graders had a presentation from EWU, and they were all given sweatshirts.
- Middle School - students attended a Future Ready event at the HUB (job fair concept) and were able to tour the WSU medical facilities in Spokane.
- High School - she helped manage the North Palouse Industry Fair that we hosted on Freeman's campus.

Stacey Rawson, K-8 Counselor presented that their counseling team continues to meet students at all levels. Stacey coordinates small groups for Tier 2 counseling, which is more than the basic all student counseling presence in classrooms throughout the year. This can be for academic, behavioral, social or emotional needs as requested by staff or parents. She manages the crisis response needs as well, and unfortunately, we've had more CPS reports this school year than typical years.

Kaela Holm, High School Counselor presented that her focus continues to be on CCR, SEL and academic support. All three counselors have full time interns supporting their work for this school year, which has made a tremendous difference. It's allowed Kaela to do more academic check-ins with students. As a result, we have only 11 failed classes right now and are on track for a 99% graduation rate. Working on final details to get to the finish line.

They presented a one-page FSD Comprehensive School Counseling Program document.
