GENERAL INFORMATION

Letter From The CEO

Welcome to the 2026-2027 School Year!

Hi Camino Nuevo Familia,

My name is Adriana Abich, and I am deeply honored to serve as the Chief Executive Officer (CEO) of Camino Nuevo Charter Academy. More than a title, this role is a privilege—one that allows me to work alongside an incredible team of educators who are wholeheartedly committed to seeing your children thrive.

Thank you for trusting us with your student's educational journey. As a parent myself, I understand the weight of the decision you have made. Choosing a school isn't just about academics—it's about choosing a community that will nurture, challenge, and uplift your child. For over 25 years, Camino Nuevo has been more than a school; it has been a home for learning, growth, and opportunity. Your voices, hopes, and dreams for your children are at the heart of everything we do, and your partnership in this work has pushed us to grow as a charter school network.

In just the last few years, we've achieved extraordinary things together. Our students have made significant growth in SBAC testing, outperforming the state's performance for English Learners, and increased our Average Daily Attendance (ADA) post-COVID, because families and staff members alike are committed to this journey. Our success isn't just measured by numbers—it's built on the relationships we cultivate, inspiring us to grow and improve together.

I wholeheartedly believe that our partnership is key to unlocking your student's fullest potential. When we unite as a school, family, and community, we become a powerful force that empowers our students to embrace challenges, grow, and achieve their dreams. By working together, we're not just supporting our students in the classroom, we're igniting their passion to learn and hold themselves up.

This handbook is made in collaboration with our families. As you read through this, you will find essential policies, procedures, and practices that support the education of every student at Camino Nuevo. I encourage you and your student to review this handbook together so we can continue to create the best conditions for learning - both in school and at home. We ask that you support their learning at home by ensuring they:

Come to school, daily, and arrive on time ready to learn. Every day counts, and being present sets the foundation for academic growth.

Help them complete all homework assignments. By reinforcing what they've learned in class, we help them take ownership of their education.

Have the opportunity to read daily. Developing a love for reading improves literacy skills and fosters curiosity of the world around them.

Share their school experiences with you. This allows you to track their progress and stay informed of their academic journey.

Are encouraged to seek help when needed. Your student is always welcome to reach out for any support they need.

I look forward to seeing you at school events, community gatherings, and in the hallways of our campuses. Camino Nuevo is more than just a school; it's a family. And families stand together. Thank you for your continued trust, partnership, and support. I can't wait to see what we will accomplish together.

With gratitude,

Adriana Abich, Chief Executive Officer of Camino Nuevo Charter Academy

About Camino Nuevo Charter Academy

Who We Are

Camino Nuevo Charter Academy (CNCA) is a network of high-performing public charter schools in Los Angeles, California. Our schools educate students through a comprehensive approach that prepares them for success from early childhood through high school, in college, and in life. Each CNCA school provides a college preparatory education enriched with a full range of student and family support services. We offer a continuum of care connected to the specific needs and demands of the neighborhoods we serve–including a dual language program option.

Students have access to college-preparatory classes, mental health services, and high-quality enrichment opportunities in the arts and sciences. Students at Camino Nuevo Charter Academy also benefit from our college readiness program, as well as scholarships to support their college education, and they receive continued support from us as Alumni.

Our Mission

Camino Nuevo Charter Academy's mission is to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity towards the world around them.

Our Anchor Values

Anchor Values are an important part of our community. Anchor values are values that guide our decisions, our actions, and our connections. Anchor Values help us create a culture of excellence and belonging.

At Camino Nuevo Charter Academy, we practice the following five Anchor Values:

Excellence: We take responsibility for our students and staff achieving consistently outstanding results.

Equity: We recognize and value the individuality and experiences of all students and respond to their unique academic, emotional, psychological, and social needs.

Community: We are rooted in our community's richness and in the cultural and environmental context where our students and families live.

Innovation: We continuously learn, are curious, and implement new ideas, perspectives, and evidence-based methods in our work.

Joy: We build and maintain positive relationships that foster happiness and fulfillment among students, staff and families.

Belonging: We cultivate a culture in which all Camino students, staff, parents, and stakeholders feel welcomed, heard, included, respected, and appreciated.

Our History

In 1992, Dr. Philip Lance began working with residents of the MacArthur Park community to find ways to address the severe economic and social needs of the area. Dr. Philip Lance connected with residents by hosting mass on the grass, a simple religious service right in MacArthur Park.

In 1993, the collective efforts that grew from these gatherings led to the formation of Pueblo Nuevo Development, a nonprofit community development corporation founded by Dr. Philip Lance in the MacArthur Park neighborhood west of downtown Los Angeles. Pueblo Nuevo Development was a vehicle to create economic opportunities for residents of the MacArthur Park neighborhood. Several organizations and businesses grew out of this effort, including a thrift store and a worker-owned janitorial company.

In 2000, Dr. Philip Lance teamed up with Paul Cummins, the founder of several successful schools, to open Camino Nuevo Charter Academy with support from the community. Together, they built a school that offered children a safe learning environment and emphasized language immersion and the arts.

Today, Pueblo Nuevo Development – now the Pueblo Nuevo Education and Development Group (PNEDG) – supports the seven Camino Nuevo campuses that serve about 3,200 students from Transitional Kindergarten through 12th. PNEDG provides resources to enrich the experiences and services offered to the students, families, and alumni of Camino Nuevo Charter Academy.

The Camino Nuevo Way: Continuum of Care

At Camino Nuevo, we focus on addressing students' comprehensive needs to ensure that each student is healthy, supported, engaged and challenged –an approach that sets the stage for long-term student success. Our Continuum of Care supports early childhood education, high quality TK-12 college pathways, college completion support, and authentic family engagement. These supports develop students' social-emotional and cultural capital, build critical thinking skills, and empower students to succeed in college and careers. In an effort to support the shared aspirations of the community and desire for each student to thrive and succeed in life, Camino Nuevo provides students with supports to ensure their basic health, human, and social needs are met. Comprehensive

services include case management, mental health counseling, parent leadership development, health education and social services referral.

Family Engagement: Families as Partners in Education Program

At Camino Nuevo, we value the strengths and gifts that diverse families contribute, and believe that learning must be relevant and contextual. Our Families as Partners program engages the whole family in the learning process in order to support our students' social, emotional, and intellectual development. Our goal is to create the strongest possible partnership between home and school in order to increase student achievement and success. We strongly believe that students will find greater levels of academic success when their home and school share similar values about learning, develop a positive relationship, and work together to build a strong partnership. To ensure the development of authentic and productive relationships, Camino Nuevo offers a variety of opportunities for families to be involved both in the classroom and at the school level. We further demonstrate our commitment to forging genuine partnerships with all families by offering high-quality family services, including a comprehensive family workshop program and health case management for families in need.

Support Services for Students and Families

Each Camino Nuevo school offers coordinated support services for students and families as well as meaningful ways for parents/guardians to get involved in the school community. Workshops and training sessions are offered to build on the capacity of our families. Parents/guardians are involved in leadership positions through their active participation in Site Based Council (SBC), English Learner Advisory Committee (ELAC), Parent Community Leaders Committee and other school specific committees. These opportunities offer parents/guardians targeted training that empowers and motivates them to seek personal and professional growth opportunities for themselves while advocating for a quality education and life for their students. To find out how to get involved, or for more information, please contact the Student & Family Services Coordinator at your campus.

CNCA Schools are Safe Zones for Immigrant Students and Families

Camino Nuevo Charter Academy is a welcoming community for all students, families, and team members. We stand with our immigrant students and their families and firmly believe that the safest and most beneficial place for our students is a classroom where they can learn alongside their peers and work towards a bright future. This means that:

Students and their families who are fearful of deportations and are looking for help can find support and resources at CNCA campuses, including on-site counseling and referrals to agencies that offer assistance on immigration matters;

In accordance with Plyler v. Doe decision, CNCA will continue to enroll students regardless of their immigration status; families will not be asked to provide proof of legal immigration status;

CNCA does not collect, request, or share information about citizenship or immigration status;

CNCA will cooperate with appropriate agencies to make sure that immigration enforcement efforts do not take place at or near school sites;

For more information please see Response to Immigration Enforcement Policy, BP 5145.13 on the school website.

Age of Majority

CNCA encourages all students who are at least 18 years of age or older to be knowledgeable about any legal consequences that may occur based upon their decisions and actions. For more information on changes to a student's legal status and obligations upon reaching the age of 18, please download a copy of "When You Become 18, A Survival Guide for Teenagers", which is available at https://drive.google.com/file/d/1CZyH3gz0PKtjgw_8rmcOSC3VcMq0V8PF/view?usp=sharing

Emergency Cards

Every family/guardian must fill out a new emergency card or confirm the information on the existing emergency sheet every school year before classes begin. These must be turned into the main office. Please fill out a new emergency card immediately at any point during the year if any of the following information changes:

- Home address
- Home, cell, work telephone numbers
- Doctor's phone number

- People who are authorized to be contacted in case of an emergency
- Telephone numbers of people to be contacted in case of an emergency
- Custodial Arrangements

Families/guardians are asked to provide complete information regarding the custodial care and visitation rights of their student(s). Upon request, the parent/guardian(s) shall furnish to the school principal a copy of any relevant court order so as to ensure the safety and welfare of the respective student. The parent/guardian(s) shall have a continuing duty to apprise the school of any changes in the custodial care of the student and of the issuance of any court order restricting or prohibiting parental or third party access to the child.

No Pets on Campus

For health and safety reasons, pets aside from service animals are not allowed on campus (unless prior arrangements have been made with the classroom teacher or administration and permission has been granted). A “service animal” is defined by the ADA as “a DOG that has been individually trained to do work or perform tasks for an individual with a disability.” Pets providing emotional support, comfort, companionship or well-being are NOT recognized as service animals under ADA regulations and CA health & safety codes. Classroom pets are allowed under the direct supervision of the classroom teacher.

Lost and Found

Anything left or found unattended will be considered a lost item. Any items found on campus will be taken to the Lost and Found. The Lost and Found will be cleaned out every two weeks. Items not claimed will be donated or discarded. All items brought to school should be clearly labeled with the student’s name.

Gender Identity & Bathroom Access

State laws require that all public schools, including charter public schools, allow students to use restrooms and locker rooms "consistent with their gender identity." Gender identity is defined as a person’s gender-related identity, appearance or behavior, whether or not different from that traditionally associated with the person’s physiology or assigned sex at birth. Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender. CNCA prohibits discrimination on the basis of any protected characteristic defined in state law, including sex, sexual identity, sexual orientation, and transgender status.

Dispute Resolution/General Complaint Procedures

CNCA is committed to resolving concerns and complaints in a manner in which all parties feel respectfully heard and understood. If you have a concern regarding any aspect of the school's program including the performance of an employee, please speak with or write to the program supervisor. If an issue is not resolved, CNCA offers the following procedures for all members of our community to use when filing a formal complaint. In all cases, CNCA prohibits retaliation against complainants. CNCA will attempt to keep information about complainants confidential, except where it is necessary or appropriate to disclose it or investigate a situation that has occurred.

With limited exceptions, CNCA has the discretion to not investigate anonymous complaints. If you believe you have a complaint that relates to sexual harassment, discrimination, or an unlawful situation is not addressed in a manner that you are satisfied with, direct the concern in the same manner to the Principal or Assistant Principal. You may leave a written message in the main office or complete a General Complaint Form which is available in the main office and in the "Forms" section of this handbook.

If the complaint involves a person, please contact that staff member to set up a mutually agreeable time to discuss the complaint in a productive, solution-oriented manner. If it is a general concern, not involving a specific person, please address your concern to the school's operations manager.

If your concern is still unresolved, please contact the principal or administrative designee to set up a mutually agreed upon time. Complaints resolved at this level do not need to proceed further in the process.

If after speaking with the principal, your concern remains unresolved, please use the Formal Complaint Form to detail your formal complaint in writing. For these written complaints, the principal or designee shall consider all the facts and arrive at a resolution of the complaint.

If the complainant is dissatisfied with the resolution arrived at by the principal or designee or if the complaint is with the principal, the complainant may direct their complaint in writing to the CEO. The CEO will determine if the matter can be handled at the CEO/Principal level – or – if the issue needs to be taken to the CNCA Board of Directors Grievance Committee.

In this case, the CEO will work with the Board Chair or a designated board committee to make determinations about how to resolve the matter. If needed, the CEO will meet with the complainant to discuss the facts and circumstances of which the complaint is based to help solve the problem. The determinations of the CNCA Board of Directors Grievance Committee are final.

A copy of the General Complaint Form is located within the "Forms" section of this handbook.

Other Complaint Procedures (UCP, Title IX, Bullying)

CONDUCT EXPECTATIONS AND DISCIPLINE

Attendance Policy and Procedures

Attendance is a critical component of your child's success at Camino Nuevo. Daily and consistent attendance ensures key learning experiences and information are not missed. However, if an absence occurs for any reason, the school must be notified on the day of the absence, a note of verification of absence must be sent after the absence, and all class work and homework missed must be made up by a date agreed upon with the teacher. It is the responsibility of the student and family to ask teachers (at an appropriate time) for assignments on the day of the student's return to school. Absence notes must be turned in within 10 calendar days of the absence. No notes will be accepted after the last day of the calendar month in which the absence occurred. Any student who has been absent from school will be marked absent as they have missed those instructional minutes.

    b. A healthcare provider's note of illness will be accepted for any reported absence. When a student has had fourteen (14) absences in the school year for illness verified by methods listed in #1-#3 above without a healthcare provider's note, any further absences for illness must be verified by a healthcare provider.

Insofar as class participation is an integral part of students' learning experiences, parents/guardians and students shall be encouraged to schedule medical appointments during non-school hours.

Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency.

Early Release from School

In case of an emergency during the school day, your child will only be released into the custody of those people who you have previously identified on the emergency card. Proof of identity will be required.

Those NOT identified on the emergency card can only pick up a student if the parent or guardian has provided a handwritten and signed note to the school notifying the school of this person's identity and proof of identification.

No student may be picked up from school within 15 minutes prior to dismissal.

Leaving the School During the Day

Students may not leave school grounds once they arrive at school, unless they are leaving to attend an internship or with written parent /guardian permission. If you must pick up your child for an appointment during the school day, please send a note to the office in advance. When picking up students early, the parent/guardian or authorized adult will be asked to complete an early dismissal form, and the office will notify the teacher to send the student to the office for departure. Families/guardians may not enter the classroom before the class has been dismissed without prior approval from the teacher or the main office.

Shortened and Minimum Days

For various purposes, shortened days are scheduled throughout the school year. Please refer to the current academic calendar in order to determine which days students will be released early from school. Additional shortened days may be scheduled. Families will be notified of these days through Parent Square, parent/family meetings and/or monthly informative bulletins. A reminder notice or call will be provided the week before a scheduled minimum day.

Tardy Procedures

Students must be present in class by the start of the school day, and at the start of each subsequent class period. Students who arrive late will be considered tardy and must report to the office to receive a tardy pass before entering the classroom. Students who are more than 30 minutes tardy will be marked absent for that period. Consequences for being tardy/absent may include loss of Dean's List points, recess or after school reflection, and/or referral to the School Attendance Review Team (SART).

Tardiness – EC 48260 (a)

Students should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. A student is considered tardy when they are not present in their assigned classroom or instructional area at the scheduled start time of the school day or class period. If a child is late, the child should bring a note from home to the school office. Excessive tardiness disrupts instruction and impacts student learning.

Process for Addressing Truancy

1. Each of the first two (2) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by school designee. The student's classroom teacher may also call home.

2. Each of the third (3rd) and fourth (4th) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by a school designee. In addition, the student's classroom teacher may also call home and/or the Charter School may send the parent an e-mail notification. In addition, upon reaching three (3) unexcused absences or unexcused tardies over 30 minutes in a school year, the parent/guardian will receive "**Truancy Letter #1 – Truancy Classification Notice**" from the Charter School notifying the parent/guardian of the student's "Truant" status. This letter must be signed by the parent/guardian and returned to the Charter School. This letter shall also be accompanied by a copy of this Attendance Policy. This letter, and all subsequent letter(s) sent home, shall be sent by Certified Mail, return receipt requested, or some other form of mail that can be tracked. This letter shall be re-sent after a fourth (4^{th}) unexcused absence.

3. Upon reaching five (5) unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive "**Truancy Letter #2 – Habitual Truant Classification Notice and Conference Request**," notifying the parent/guardian of the student's "Habitual Truant" status and a parent/guardian conference will be scheduled to review the student's records and develop an intervention plan/contract. In addition, the Charter School will consult with a school counselor regarding the appropriateness of a home visitation and/or case management.

4. Upon reaching six (6) unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive a "**Truancy Letter #3 – Referral to SART Meeting"** and the student will be referred to a Student Success Team (SST) and the School Attendance Review Team (SART), as described below.

2. If the conditions of the SART plan are not met, the student may incur additional administrative action up to and including disenrollment from the Charter School, consistent with the Involuntary Removal Process described below.

3. If a student is absent ten (10) or more consecutive school days without valid excuse and the student's parent/guardian cannot be reached at the number or address provided in the registration packet and does not otherwise respond to the Charter School's communication attempts, as set forth above, the student will be in violation of this Policy and the SART plan (if any) and may be subject to disenrollment in compliance with the Involuntary Removal Process described below. If the student is disenrolled after the Involuntary Removal Process has been followed, notification will be sent within thirty (30) days to the student's last known school district of residence.

4. Any documentation received by the Charter School regarding a student's enrollment and attendance at another public or private school (i.e., CALPADS report) shall be deemed evidence of a **voluntary** disenrollment and shall not trigger the Involuntary Removal Process below.

5. For all communications set forth in this process, the Charter School will use the contact information provided by the parent/guardian in the registration packet. It is the parent's or guardian's responsibility to update the Charter School with any new contact information.

School Attendance Review Team Process

The School Attendance Review Team ("SART") panel will be composed of administrators, teachers, counselors, and/or student services staff; these meetings may also be called attendance SSTs. The SART panel will discuss the absence problem with the student's parent/guardian to work on solutions, develop strategies, discuss appropriate mental health support and other supportive services for the student and student's family, and establish a plan to resolve the attendance issue.

1. The SART panel shall direct the parent/guardian that no further unexcused absences or tardies can be tolerated.

2. The parent/guardian shall be required to sign the plan formalizing the agreement by the parent/guardian to improve the child's attendance or face additional administrative action. The plan will identify the corrective actions required in the future, and indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the plan:

    a. Parent/guardian to attend school with the child for one day
    b. Student retention
    c. After school detention program
    d. Required school counseling
    e. Loss of field trip privileges
    f. Loss of school store privileges
    g. Loss of school event privileges
    h. Mandatory Saturday school
    i. Required remediation plan as set by the SART
    j. Notification to the County District Attorney

3. Notice of action recommended by the SART will be provided in writing to the parent/guardian.

Process for Students Who Are Not in Attendance at the Beginning of the School Year

When a student is not in attendance on the first five (5) days of the school year, the Charter School will attempt to reach the student's parent/guardian on a daily basis for each of the first five (5) days to determine whether the

student has an excused absence, consistent with the process outlined in this policy. If the student has a basis for an excused absence, the student's parent/guardian must notify the Charter School of the absence and provide documentation consistent with this policy. However, consistent with process below, students who are not in attendance by the sixth (6th) day of the school year due to an unexcused absence will be disenrolled from the Charter School roster after following the Involuntary Removal Process described below, as it will be assumed that the student has chosen another school option.

1. Students who are not in attendance on the first (1st) day of the school year will be contacted by phone to ensure their intent to enroll in the Charter School.

2. Students who have indicated their intent to enroll but have not attended by the third (3rd) day of the school year and do not have an excused absence will receive a letter indicating the student's risk of disenrollment.

3. Students who have indicated their intent to enroll but have not attended by the fifth (5th) day of the school year and do not have an excused absence will receive a phone call reiterating the content of the letter.

4. Students who are not in attendance by the sixth (6th) day of the school year and do not have an excused absence will receive an Involuntary Removal Notice and the CDE Enrollment Complaint Notice and Form. The Charter School will follow the Involuntary Removal Process described below, which includes an additional five (5) schooldays for the parent/guardian to respond to the Charter School and request a hearing before disenrollment.
5. The Charter School will use the contact information provided by the parent/guardian in the registration packet.

6. Within thirty (30) calendar days of disenrollment, the Charter School will send the student's last known school district of residence a letter notifying it of the student's failure to attend the Charter School.

7. Any documentation received by the Charter School regarding a student's enrollment and attendance at another public or private school (i.e., CALPADS report) shall be deemed evidence of a voluntary disenrollment and shall not trigger the Involuntary Removal Process below.

Involuntary Removal Process

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of the Charter School's intent to remove the student ("Involuntary Removal Notice"). The Involuntary Removal Notice must be provided to the parent or guardian no less than five (5) schooldays before the effective date of the proposed disenrollment date.

The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder. The Involuntary Removal Notice shall include:

1. The charges against the student
2. An explanation of the student's basic rights including the right to request a hearing before the effective date of the action
3. The CDE Enrollment Complaint Notice and Form

The hearing shall be consistent with the Charter School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the Charter School's suspension and expulsion policy.

Upon a parent's or guardian's request for a hearing, the Charter School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder and shall include a copy of the Charter School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing, the student will be disenrolled effective the date of the hearing.

If as a result of the hearing the student is disenrolled, notice will be sent to the student's last known school district of residence within thirty (30) calendar days.

A hearing decision not to disenroll the student does not prevent the Charter School from making a similar recommendation in the future should student truancy continue or re-occur.

Student Use of Technology Policy

CNCA finds that new technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. The Charter School offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. CNCA intends that technological resources provided by the Charter School be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Definitions

- *"Educational purpose"* means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

- *"Inappropriate use"* means a use that is inconsistent with an educational purpose or that is in clear violation of this Policy and the Acceptable Use Agreement.

Approved Use of Charter School Technology

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of an educational purpose. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

Notice and Acceptable Use Agreement

The Charter School shall notify students and parents/guardians about authorized uses of Charter School computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and the student's parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able to exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence.

To reinforce these measures, the school shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall monitor students while they are using CNCA computers, laptops, or tablets to

access the internet or online services on a CNCA campus and may have teacher aides, student aides, and volunteers assist in this monitoring. Parents/guardians are required to supervise and monitor their child's use of CNCA equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

The school designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The school designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to

respond when subjected to cyberbullying.[1] Students are expected to follow safe practices when using Charter School technology.

CNCA advises students:

1. To never share passwords, personal data, or private photos online.
2. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
3. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.

---

[1] "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils, directed toward one or more pupils that has or can be reasonably predicted to have one or more of the following effects:

- Placing a reasonable pupil or pupils in fear of harm to that pupil's or those pupil's person or property.
- Causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health.
- Causing a reasonable pupil to experience substantial interference with his or her academic performance.
- Causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the school.

As used in connection with "bullying," an "electronic act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site, including, but not limited to:
  - Posting to or creating a "burn page" (i.e., an Internet Web site created for the purpose of bullying).
  - Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects of bullying. To create a "credible impersonation" means to (knowingly and without consent) impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
  - Creating a false profile for the purpose of having one or more of the effects of bullying. A "false profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
- An act of cyber sexual bullying. The term "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects of bullying. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act. The term "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

4. To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the IT Department or designee shall block access to such sites on Charter School computers with Internet access.

TheIT Department shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

Beacon Alerts

CNCA is dedicated to promoting safe internet practices among all students. The integration of GoGuardian Beacon alerts serves as a critical component of our school's safety response strategy. These alerts are designed to detect warning signs, enabling timely notification of designated staff to intervene should a student exhibit behavior such as accessing inappropriate content or expressing thoughts of self-harm or suicide online. This system equips knowledgeable school personnel with pertinent information regarding the student's search and email history, facilitating an assessment of potential risks to both the student and the school environment. Appropriate response protocols are activated to address any identified threats, instances of violence, or self- harm.

Telephone Use

The office phone is for use in an emergency only. Leaving lunch or money at home or arranging for a ride does not constitute an emergency. However, if there is a special need or problem, permission to use the phone may be

granted from an administrator only. Students will not be called out of class to receive telephone calls. Emergency phone messages will be delivered to a student's class.

Personal Electronics and Non-School Related Property

AB 3216 amends Education Code Section 48901.7 to require school districts (including charter schools) to restrict cell phone use. Personal electronic devices including but not limited to: cell phones, MP3 players, tablets, portable video game systems, Meta glasses and headphones may not be used during school hours without permission. If electronic devices are misused, the device(s) may be confiscated and locked up until the end of the day under teacher discretion. Property not related to the school's programs (e.g. iPods, CDs, card collections, portable sound systems, etc.) may not be brought to school. If you are not sure, please ask. Such items as referenced here but not limited to those listed may be confiscated. The school does not assume any responsibility for lost or stolen items.

Meta glasses and/or smart glasses with cameras/microphones are treated as restricted or prohibited devices during the school day—especially if used for recording or communication.

Rationale for Collecting Cell Phones:

- Minimization of Distractions: Cell phones can often be a source of distraction during classes, potentially impacting students' concentration and academic performance.
- Promotion of Social Interaction: By limiting cell phone use during school hours, we encourage students to engage more actively in face-to-face social interactions, promoting healthier peer relationships.
- Ensuring Student Safety: Monitoring and restricting cell phone use helps in maintaining a safe and secure environment within the school premises.

Liability and Responsibility:

No Assumption of Liability: While we take every precaution to ensure the safety and security of students' belongings, including cell phones, during their time at school, school sites, CNCA's Home Support Office, Pueblo Nuevo Education and Development Group and its boards of directors assume no liability or responsibility for any damage, loss, or theft that may occur to students' cell phones while they are in our custody. This includes but is not limited to damage due to accidents, theft, or any other unforeseen circumstances.

Parental Responsibility: It is the responsibility of parents/guardians to ensure that students' cell phones are adequately protected with a sturdy case and insured against loss, damage, or theft.

School Uniform Policy

Why does Camino Nuevo Charter Academy have uniforms?

CNCA's mission is to educate students in a college-preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them. Part of this education is teaching all students to make a good impression. Our top reasons for asking our students to wear uniforms are:

There are many other schools in the area where our schools are located. For safety reasons, we want to be able to identify our students at a glance.

The clothing we wear indicates our purpose. When we go to the beach, we wear swimsuits. When we go to a wedding, we put on our best clothes. At CNCA, we dress for learning.

School uniforms put the focus on learning, not fashion. Uniforms can also reduce bullying and teasing. Please support our mission by taking our uniform seriously and wearing it with pride.

Uniform items should be no larger/smaller than one size of the student's clothing size.

Out of uniform consequences may include:

1st offense – Verbal warning

2nd offense – Parent/Guardian phone call

3rd offense – Parent/Guardian meeting

A student may also be loaned a school-issued uniform if they arrive at school out of uniform. All school issued uniform attire must be washed and returned to the school site. Upon the return of school-issued uniforms, students will be given their non-uniform compliant items back.

The CNCA high school uniform is:

- Light gray CNCA polo shirt* (students may also wear any "Tigers" or DAL specific shirt
- Black bottoms – pants, shorts, skirts, skorts, or jumpers (bottoms must be of appropriate length, no more than 3 inches above the knee). No leggings, sweatpants, or basketball shorts for bottoms are allowed.
- Only closed-toe footwear (Crocs, sandals, slides, birkenstocks are not allowed)

The CNCA TK – 8th grade uniform is:

- Dark gray CNCA polo shirt*

School site personnel retain the discretion to decide what is considered distracting attire.

- I will treat personnel and school property with respect.
- I will help create and maintain a positive and safe environment.
- I will come to school prepared for learning.
- I will act responsibly and accept the consequences for my actions.
- I will help everyone in this school feel capable, connected, and valued.
- I will connect and contribute to the community and the world around me.
- I will honor the character pillars and strive to make my community a safe, healthy learning environment for all.

Consequences for negative behavior choices may include:

- Verbal warning

- Reflection
- Parent/Guardian phone call/meeting
- Behavior Contract
- Community Service
- Home visit
- Classroom suspension/In-school suspension
- Suspension
- Expulsion
- Reflection or Service Hours
- An administrator or teacher may assign lunchtime/afterschool reflection or service hours to students who do not meet school-wide expectations.

Afterschool reflection and service assignments may vary depending on the disciplinary concern. Families will be notified at least 24 hours before a student is assigned after school reflection or service time.

Loss of Special Event Day Privileges

Dean's List, or other platforms may be used to document and communicate student behavior at school. School administrators may use student scores to determine special event day privileges. Please be sure to check your student's Dean's List report regularly. Failure to meet and demonstrate school-wide expectations may result in the loss of special privileges.

Dean's List and Behavior Reports

It is important that students, families, and schools have indicators of student progress and interactions on a regular basis. Teachers and staff at Camino Nuevo schools may utilize Dean's List, or other platforms to record student behavior and expressions of school values such as responsibility. At the beginning of the year, look for communication from your school regarding the frequency of this reporting and how you can access the information. Behavior may be tied to school rewards such as free dress, special privileges, or reflections on behavior. We encourage praise and at-home consequences in response to student interactions at school. This data

is used to tell us how students are doing individually, in groups, and school-wide. Encouraging and promoting positive behavior is vital for student success. You may ask the main office or the school administration if you are not receiving this information or if you have any questions or concerns.

Discipline Policy

At CNCA, we believe that by demonstrating respect for each other, we can create a safe, caring, and cooperative environment that promotes learning and celebrates the uniqueness of all individuals. CNCA believes that all students have the right to learn. No student has the right to behave in ways that infringe upon the rights of others. We recognize the primary role of parents/guardians and families as the first and best teachers of their children. We also recognize the partnership that needs to exist between home and school. Our discipline policy is designed to encourage students to learn and demonstrate acceptable behaviors because student behavior is a key component of school culture and sets the foundation for academic achievement.

We expect all students to conduct themselves in a respectful manner toward teachers/staff, classmates, and the property of others. Students will be treated and spoken to respectfully and with care. With a focus on community building, it is our goal that every student possesses or gains a clear understanding of how their actions may affect others. While our larger goal is to discourage misbehavior preemptively, when it occurs, we use missteps as opportunities for learning and reflection. Schools have developed behavior expectations, procedures, and policies that are consistent with a positive and restorative discipline model in which we use both kindness and firmness to co-create relationships that include both care and accountability.

Systematic positive praise, reinforcement of desired behaviors, and community building structures are coupled with fair and equitable consequences for students who do not adhere to schoolwide expectations.

CNCA's approach to discipline includes strategies such as teaching school rules, developing social-emotional skills, reinforcing appropriate school behavior, using effective classroom management, implementing positive behavior support strategies, and tracking discipline data to ensure that rules and consequences are being applied fairly to all students.

Classroom Expectations

CNCA teachers develop classroom management plans appropriate for the age and grade level that they teach in order to help students understand and integrate school and classroom rules and agreements into their daily activities. To set up a positive and well-structured classroom, there are three types of language related to behavior management that we ask all staff to utilize when responding to misbehavior: 1) positive reinforcement, 2) reminding students of expectations and community agreements, 3) redirecting misbehavior. The classroom management system and behavior plan will be communicated to and discussed with the students and families in the first weeks of school. Please discuss behavior expectations with your student and feel free to contact their teacher at any time.

Responses to Misbehavior and Student Discipline Policy

CNCA's ultimate priority is to maintain the physical and emotional safety of all members of the community. Teachers take a proactive approach: setting clear expectations, reinforcing positive behavior, redirecting

misbehavior, and teaching conflict resolution skills. In response to misbehavior that infringes on the safety of our community, we aim to have a discipline system focused on being restorative rather than one with punitive consequences.

When behavior is disruptive, disrespectful and/or unsafe, students should expect a consequence or response from teachers/administration. School consequences for misbehavior may include but are not limited to: loss of privileges, a one-on-one student meeting, parent/guardian contact, behavior incident report, parent/guardian conference, in/out of school suspension, intervention service referrals, restitution and/or a billing for damaged or lost school property, and/or an SST meeting. Consistent with Education Code 48904, schools will notify families in writing before withholding records or grades for alleged misconduct resulting in damage or loss. Schools may also hold restorative circles or conferences to resolve discipline concerns. These conferences may include administrators, teachers, students, parents/guardians, and others who have a vested interest in the school community. The aim of these conferences is to identify harms, needs, and obligations to repair harm done toward people, property, and the institution.

Serious misbehavior is met with consequences such as in-school or out-of-school suspension and/or expulsion. Parents/guardians shall be notified prior to suspensions and are asked to come to school for an informal suspension conference, which may include the Principal and/or the Principal's designee, teacher(s), and the student. At the suspension conference, an individual behavior plan may be developed for the student.

At all times the law ultimately guides and helps to dictate what CNCA schools do to ensure a safe/orderly environment for all members of the CNCA community. Please note that in the case of any discrepancy between the CNCA Family Handbook and the individual school charter, the charter petition language supersedes in determining school policy. An updated copy of each school site’s LAUSD authorized Charter Agreement can be accessed via the individual school webpage online or by requesting a copy from the main office. Please take time to discuss the discipline portion of CNCA’s Family Handbook with your student and contact the school administration with any questions or concerns you may have.

Student Searches

School officials may search an individual student, the student's property, or district property under the student's control when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law or school rules. Random student searches can be conducted as long as these random searches are based on special, school-wide needs such as ensuring school safety and should be truly random.

Restorative Justice

CNCA uses restorative practices as an approach to resolve conflict and heal harm. Restorative justice seeks the root cause behind individual and group behaviors instead of treating the behavior as an isolated symptom or judging students as good or bad based on isolated incidents. These practices assume that all students are worthy and deserving, that behavior is learned, and that a specific incident is an extension of some other issue needing resolution.

Traditional Approach	Restorative Approach
What rule was broken?	What harm occurred and how has it impacted our relationships?
Who broke it?	What needs and obligations have arisen from that harm?
How do we punish them?	What harm occurred and how has it impacted our relationships?

Restorative Practices may include affective statements, community-building circles, small impromptu conferences, and establishment of classroom agreements or norms.

Student Suspension and Expulsion

CNCA has developed student suspension and expulsion procedures in accordance with all applicable laws protecting the constitutional and statutory rights of students generally (i.e. right to due process), and of students with exceptional needs and other protected classes of students. Practices and considerations for student suspension and expulsion can be found in the section below; ultimately, the school site principal and/or their designee has discretion over student discipline procedures including student suspension and recommendations for expulsion. Students who present a real or alleged threat to the health and safety of others, including but not limited to verbally or physically aggressive behavior may be immediately suspended and later recommended for expulsion by the principal and/or their designee. A student may be suspended or expelled for any of the acts enumerated in this section and related to school activity or school attendance that occur at any time, including, but not limited to, any of the following:

- While on school grounds
- While going to or coming from school
- During the lunch period, whether on or off campus
- During or while going to or coming from a school-sponsored activity

The school administration may implement alternative consequences to suspension as appropriate. CNCA has developed a formal and structured process called Off-Campus Corridor Program (OCP) designed to provide an alternative to traditional suspension. It provides one-on-one support from a substitute teacher. This approach introduces the student to a different environment where the student can thrive by offering an enrichment opportunity and time for reflection at a designated CNCA hosting site.

Mandatory Recommendation to Expel

The principal will immediately suspend and recommend a student's expulsion if he or she determines that the student committed any of the following acts (Education Code 48915):

- Possessing, selling, or furnishing a firearm.
- Brandishing a knife at another person.
- Unlawfully selling a controlled substance as listed in Chapter 2 (commencing with section 11053) of Division 10 of the Health and Safety Code
- Committing or attempting to commit a sexual assault or committing a sexual battery as defined in subdivision (n) of Education Code 48900 or committed a sexual battery as defined in Section 243.4 of the Penal Code.
- Possession of an explosive.

All recommendations for expulsions must be reviewed by the CEO.

Offenses Subject to Limited Principal Discretion to Recommend Expulsion

A student is recommended for expulsion if the principal determines that the student committed one or more of the following acts, **unless** the principal or CEO determine that the expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

- Causing serious physical injury to another person, except in self-defense.
- Possession of a knife or other dangerous object of no reasonable use to the pupil.
- Unlawful possession of any controlled substance listed in Chapter 2 (commencing with section 11053) of Division 10 of the Health and Safety Code, except for the possession of over-the-counter medication for use by the student for medical purposes or medication prescribed for the student by a physician.
- Robbery or extortion.

- Assault or battery upon any school employee as defined in Penal Code Sections 240 and 242.

All recommendations for expulsion must be reviewed by the CEO.

a) Caused, attempted to cause, or threatened to cause physical injury to another person.
b) Willfully used force or violence upon the person of another, except in self-defense.

As used in this section, “school property” includes, but is not limited to, electronic files and databases.

For a pupil subject to discipline under this section, a superintendent or principal is encouraged to provide alternatives to suspension or expulsion, using a research-based framework with strategies that improve behavioral and academic outcomes, that are age appropriate and designed to address and correct the pupil’s specific misbehavior as specified in Section 48900.5.

It is the intent of the Legislature that alternatives to suspensions or expulsions be imposed against any pupil who is truant, tardy, or otherwise absent from school activities.

It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

Student Free Speech and Freedom of Expression Policy

Students have a right to freedom of speech and may participate in political or free speech activities while on school campus. Students may distribute literature reflective of their views and opinions. Students may assemble on campus during non-instructional time to discuss their views and opinions and may participate in peaceful demonstrations on campus during non-instructional periods. Students may exercise these rights as long as their speech, expression, or conduct is not obscene, lewd, libelous, slanderous, does not incite students to destroy property or inflict injury upon any person, or cause a substantial disruption to school. California law permits school site administrators to establish reasonable parameters for those students who wish to exercise their free speech rights on campus or during the school day. School site administrators may impose restrictions on the time, place, and manner of speech or activities in order to maintain a safe and peaceful campus for all students and CNCA employees.

Students who fail to follow the directive of school site administrators or CNCA policy concerning demonstrations, assemblies, sit-ins, etc., may be disciplined. Students who voluntarily leave the school campus or the classroom during a demonstration will be directed to return to the campus or classroom.

A student's refusal to adhere to this directive will result in the recording of an other absence. Once students are off campus, school site administrators do not have a legal obligation to protect the safety and welfare of the students. If the student demonstration or walk-out causes a disruption to the general public, local law enforcement may respond to the situation. CNCA has no control over how local law enforcement will handle the situation. While CNCA recognizes and respects a student's freedom of speech rights, CNCA employees shall not promote, endorse, or encourage students to participate in any demonstration, distribution of materials, assembly, sit-in, or walk-out during work hours or while serving as an agent or representative of CNCA. For further information, please contact your student's school Principal.

Harassment, Intimidation, Discrimination, And Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. any combination of those characteristics, or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. Charter School school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom Charter School does business, and all acts of Charter School's Board of Directors ("Board") in enacting policies and procedures that govern Charter School.

Charter School complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Bullying and Cyberbullying Prevention Procedures

Charter School has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures
Charter School advises students:

5. To never share passwords, personal data, or private photos online.
6. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
7. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
8. To consider how it would feel receiving such comments before making comments about others online.

Charter School informs its employees, students, and parents/guardians of Charter School’s policies regarding the use of technology in and out of the classroom. Charter School encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education
Charter School employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

Charter School’s bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

Charter School informs Charter School employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

Charter School annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other Charter School employees who have regular interaction with students.

Charter School informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by Charter School and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

Charter School encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for Charter School's students.

Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the

greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by Charter School on a case-by-case basis.

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response
Upon receipt of a report or complaint of misconduct prohibited by this Policy, the designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the designee will not reveal confidential information related to other students or employees.

If the complaint is against the Executive Director, a non-employee Board member who is not the Board Chair or a parent/guardian of a student at Charter School will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences
Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment.

Right of Appeal
Should a complainant find Charter School's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of Charter School's decision or resolution, submit a written appeal to the Chair of the Charter School Board, who will serve as the decision maker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Title IX Policy Prohibiting Discrimination On The Basis Of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Camino Nuevo Charter Academy ("Charter School") to address sex discrimination, including but not limited to sexual harassment, occurring within Charter School's education program or activity.

Charter School does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[3]

This Policy applies to conduct occurring in Charter School's education programs or activities including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom Charter School does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the Charter School Title IX Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by Charter School.

Prohibited Sexual Harassment

Under Title IX, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- An employee of Charter School conditioning the provision of an aid, benefit, or service of Charter School on an individual's participation in unwelcome sexual conduct;

- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Charter School's education program or activity; or

- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education,

[3] Charter School complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through Charter School.

Examples of conduct that may fall within the Title IX or the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:
    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in Charter School's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that Charter School investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in Charter School's education program or activity.

Party means a complainant or respondent.

Respondent means a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to Charter School's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Charter School's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of Charter School ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Margarita Domingo, Vice President of Human
Resources, 3435 W Temple St. Los Angeles, CA 90026 Phone: (213) 417-3410

The Coordinator is responsible for coordinating Charter School's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to Charter School, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within Charter School's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual.

Response to Sexual Harassment

Charter School will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

Charter School's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in Charter School's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Charter School will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair Charter School's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

Charter School has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with Charter School's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

Charter School requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by Charter School to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Charter School will treat complainants and respondents equitably. Charter School presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

Charter School may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Charter School allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by Charter School, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

Charter School will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence.[4] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

Charter School must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in Charter School's education program or activity; or
- Did not occur against a person in the United States.

Charter School may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by Charter School;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent Charter School from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable Charter School policy.

Notice of the Allegations

[4] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- Charter School's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that Charter School prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

Charter School may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with Charter School's policies.

Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under Charter School's Title IX grievance procedures, Charter School may offer an informal resolution process to the parties. Charter School will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, Charter School will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and

- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than thirty (30) business days. Charter School has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless Charter School obtains that party's voluntary, written consent to do so for these grievance procedures; and
- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, Charter School will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decision maker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the

answers, and allow for additional, limited follow-up questions from each party. The decision maker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within twenty (20) business days after Charter School sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- The findings of facts supporting the determination;
- The conclusions regarding the application of Charter School's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that Charter School provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of Charter School's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Chair of the Charter School Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

The complainant and respondent may only appeal from a determination regarding responsibility or Charter School's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decision maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decision maker for the appeal will not be the same person as the Coordinator, the investigator or the initial decision maker.

The decision maker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within fifteen (15) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by Charter School.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

Charter School will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Professional Boundaries: Staff/Student Interaction Policy

CNCA recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of PROHIBITED actions (corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Unacceptable Staff/Student Behaviors (Violations of this Policy)

(a) Giving gifts to an individual student that are of a personal and intimate nature.

INSTRUCTIONAL AND EXTRACURRICULAR PROGRAMS

Report Cards, Grades, and Credit Recovery

The CNCA academic year is divided into two semesters. Families will get a report card at the end of each semester and progress reports at the end of the first and third quarters of the year. Report cards may be mailed home or given directly to students or families/guardians during family conferences. If you need a copy of your student's progress report or report card, please visit the main office.

PowerSchool Parent Portal: Access Your Student Grades

PowerSchool is a student information system that runs on a cloud-based vendor hosted server. PowerSchool uses the Internet to facilitate student information management and communication among school administrators, teachers, families, and students.

PowerSchool's Parent Portal provides parents/guardians confidential and real time access to information tied to their child(ren), such as grades. Please contact your school directly for login information and account creation instructions as PowerSchool links are specific to each school. Your school will verify your identity before giving you an account to help protect student data and privacy. Once you have created an account, be sure to store your username and password in a secure manner.

Letter Grades

Camino Nuevo uses a grading system called "standards based grading," where grades are given based on students' proficiency on core standards for each class. This grading system uses a 4-point scale. Middle and high school

students will receive a letter grade on their report cards, whereas elementary school students will receive the numerical equivalent.

4-Point Scale	Approximate Letter Grade Equivalency
4	A
3	B
2	C
1	F
0	No Grade

Incomplete and Fail Policy (High School)

Grades of Incomplete will not be issued automatically. “Incomplete” (I) grades are issued under extreme circumstances that must have prior approval from the school site principal and the respective course teacher. A student who receives an Incomplete must demonstrate evidence of standards proficiency for that course within 15 days from the first day in the subsequent term/semester. In rare circumstances, the school site principal may provide written approval of a time period of longer than 15 days. If the student does not complete coursework and does not successfully pass the class within 15 days of receiving the initial Incomplete, the grade will become an F.

Intervention Credit Recovery (High School)

Students who fail A-G classes must retake those courses to meet minimum graduation requirements. Fails will stay on students’ historical transcripts and be included in their GPA, along with the grade for the repeated credit. Students with a history of incompletes or fails will be scheduled in classes that meet their current and historical credit needs. For students who require additional opportunities for credit recovery, they may do so by retaking the course through Edgenuity (online course remediation system) during the school day and / or attending school or Options for Youth during the summer. Students with current I’s and F’s are required to attend service learning, academic, and college trips and may not stay back to get caught up on work.

Recognition and Awards

Awards and individual recognition may be provided to students throughout the year for academic and nonacademic achievements.

Student Athlete Academic Guidelines

Athletes must have a current term grade point average (GPA) of 2.5 and all grades of "C" or better. Students with a GPA lower than a 2.5 or an "F" in any course are not allowed to participate in practices or games until they meet GPA and grade requirements.

Student-Athlete Responsibilities:

- Comply with the Family Handbook and code of conduct.
- Follow behavior guidelines established by school and coach/advisor.
- Meet expectations of all classes.
- Abstain from using any illegal substances; including but not limited to drugs and alcohol.

Academic Integrity Policy

As a community of scholars and in support of lifelong learning, it is the expectation of CNCA that all students produce and furnish their own academic work. "Work" is defined as any assignment, task, homework, quiz, test, standardized assessment, or project submitted via hard copy, electronically, or otherwise. Alleged academic dishonesty of any kind will be reviewed and consequences will be developed by the teacher(s) of the course and/or an administrator at the school site.

In order to avoid academic misconduct or dishonesty, students should refrain from the following actions and behaviors: copying the work of another student, allowing others to copy from their work, plagiarizing (using the work of another without providing a reference or crediting work to the originating party), joking about cheating, falsifying/forging information, and/or misrepresenting the parties who performed academic work.

In cases where a student has been found responsible for academic misconduct, consequences may include (but are not limited to): a failing grade on the assignment, a proctored opportunity to re-do the academic work, a failing grade in the course, educational projects, or other corrective or restorative consequences as determined by the teacher and administration.

Curricular Requirements

CNCA aims to educate all students, so they are prepared to attend a four-year college or university after high school. Upon graduation all Camino Nuevo students will have met acceptance requirements for both the 9

University of California system campuses (schools such as UCLA, UC San Diego, UC Irvine, etc.) and the 23 California State University system campuses (schools such as Cal State Long Beach, Cal State LA, CSU San Luis Obispo etc.). Per CNCA's mission and vision, all high school students will demonstrate college readiness by applying to a college or university during their senior year, even if they do not plan to attend college after graduation.

Additionally, students are expected to fulfill campus requirements, which include, but are not limited to four years of College Seminar (our College and Career Readiness courses)) as well as extracurricular activities such as internships and service learning opportunities. In the graduation plan included in the high school section, some students may take classes at a different grade level than the one identified on the table. Camino Nuevo is aware that no two students are the same and actual requirements will depend on each student's needs.

LGBTQ & Social Studies Curriculum

The California Board of Education unanimously approved a history and social studies curriculum that includes prominent LGBT (Lesbian/Gay/Bisexual/Transgender) figures and milestones—from the Stonewall riots of 1969 to the legalization of same-sex marriage in 2015—for public school students. Education Code Section 60040 directs governing boards to only adopt instructional materials that "accurately portray the cultural and racial diversity of our society." That section already included a number of groups, and was amended by Senate Bill 48, "The LGBTQ History Bill" to include all of those in Section 51204.5: "a study of the role and contributions of both men and women, Native Americans, African Americans, Mexican Americans, Asian Americans, Pacific Islanders, European Americans, lesbian, gay, bisexual, and transgender Americans, persons with disabilities, and members of other ethnic and cultural groups, to the economic, political and social development of California and the United States of America, with particular emphasis on portraying the role of these groups in contemporary society." As a reminder Senate Bill 48 prohibits charter and alternative schools from engaging in discrimination per Section 235 of the Education Code.

Alternative Education Project (Animal Dissection)

Alternative Education Projects may be assigned as a substitute for animal dissection, most commonly occuring in a science course. Any pupil with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, must inform his or her teacher of the objection. Objections must be substantiated by a note from the pupil's parent or guardian.

A pupil who chooses to refrain from participation in an education project involving the harmful or destructive use of an animal may receive an alternative education project, if the teacher believes that an adequate alternative education project is possible. The teacher may work with the pupil to develop and agree upon an alternative education project so that the pupil may obtain the knowledge, information, or experience required by the course of study in question. (Education Code 32255 – 32255.6.)

College Admission Requirements and Higher Education Information

The State of California offers community colleges, California State Universities (CSU), Universities of California (UC), and private/independent colleges and universities as postsecondary options for students who wish to continue their education after high school.

In order to attend a community college, a student need only be a high school graduate or 18 years of age. A student may also transfer to a CSU, UC or private institution after attending a community college. In order to attend a CSU or UC, a student must have taken specific high school courses (referred to as the "A-G" courses), have the appropriate grades and have graduated from high school. Admission requirements for private/independent colleges and universities will vary.

For more information on college admission requirements, please refer to the following webpages:

www.cccco.edu - This is the official website of the California Community College system. It offers links to all of the California Community Colleges.

www.assist.org - This interactive site provides course transfer information for students planning to transfer from a California Community College to a CSU or UC.

https://www2.calstate.edu/apply - This website provides information to students and their families on the CSU system, an online application, and links to all CSU campuses.

www.universityofcalifornia.edu - This website provides information regarding admissions, an online application, and links to all UC campuses.

https://aiccu.edu/ - This website lists 80+ independent, nonprofit colleges and universities in California.

https://achieve.lausd.net/GPS - This website provides resources to help students plan, prepare, and persist for postsecondary success. It provides information for students, families, educators, and community members. It is designed to support college and career readiness in middle and high schools, persistence into and through college, and build capacity for postsecondary readiness.

Students may also explore career options through career technical education. These are programs and classes that are specifically focused on career preparation and/or preparation for work. The programs and classes are integrated with academic courses and support academic achievement. Students can learn more about career technical education by referring to the following webpage: www.cde.ca.gov/ds/si/rp.

Students may meet with a school counselor to choose courses at their school that will meet college admission requirements or enroll in career technical education courses, or both. (Education Code 51229.) Students may take college courses from Los Angeles City College (LACC) through a dual enrollment partnership with the college. These courses count towards general education requirements in college, and some A-G requirements. To participate in dual enrollment courses, students must have at least a 2.5 GPA and demonstrate strong academic progress. Students may not have any "F" grades in A–G courses during the current or previous academic term. These expectations are in place to ensure students are academically prepared to successfully participate in dual enrollment courses.

As part CNCA's commitment to foster a strong college going culture and ensure that all students graduate prepared for college and career opportunities, students in grades 9-12 have access to CaliforniaColleges.edu. This statewide online platform is designed to support students with college and career planning.

Californiacolleges.edu offers tools that allow students to explore careers, create academic plans, track college admissions requirements, and submit college and financial aid applications. To provide students and families with direct access to these tools and resources, the school may share limited student information with the California College Guidance Initiative (CCGI), the organization that operates Californiacolleges.edu.

Standards-Based Promotion Policy

CNCA has developed a standards-based promotion policy in accordance with Assembly Bill 1626 (AB 1626), Education Code 48070.5(1)(d). Students in grades K-12 are required to meet minimum identified criteria in order to be promoted to the next grade. This policy mandates retention for K-12 students not meeting identified criteria unless the regular classroom teacher recommends promotion on the Retention Candidate Review form or the summer school teacher recommends promotion at the end of summer school/intersession. Also included in the policy are the criteria for retention and mandatory summer school/intersession/intervention program.

Multiple measures must be used to determine promotion in all grades. These measures include academic progress reports, grades, attendance, and teacher recommendation. In addition, this policy provides for early and systematic parent/guardian notification when students are at risk of not meeting promotion standards. Students enrolled in TK are not eligible for retention and will be promoted to Kindergarten. The policy states that an appeal process must be implemented when parents/guardians disagree with the promotion determination of a student. A complete copy of the policy is available upon request.

Retention Appeal Policy

The term "retention" means repeating an academic year of school. When students in grades K-12 have not acquired the academic skills needed for the next grade, the school may recommend retention in order to support their progress and development.

The parent/guardian may disagree with the retention determination. If the parent/guardian disagrees, they are entitled to an appeal meeting. Upon request for information, the principal/designee shall explain the appeal process and provide the parent(s)/guardian(s) with a form to request a site-level appeal.

High School Retention Policy

Camino Nuevo High School tracks progress toward graduation requirements very carefully. If a student is not on track toward graduation at the end of a given year of high school, and it is not mathematically possible for them to make up the credits required to graduate on time, they will be retained.

Homework Policy

CNCA believes homework helps students deepen their understanding of what they learn in class and build the study habits needed for college. Students should expect homework to be assigned regularly, often on a daily basis. However, homework will not always be graded. Because homework is meant to provide practice and help students develop strong study habits, it is not always graded for accuracy. Teachers may use different systems to assign and track homework. Families should contact the teacher directly if they have questions about the grading or homework policy.

Concerns

If a student's homework is consistently too difficult, families should contact the teacher. Homework should be challenging but still possible for students to complete.

If a family cannot help with homework at home, consider seeking support through after school programs or tutoring.

If a student does not have the necessary supplies at home, families should contact the teacher for assistance.

Advanced Placement Fees

Eligible high school students may receive financial assistance to cover the costs of the advanced placement examination fees. (Education Code 52242.)

Language Acquisition Programs

The California Department of Education (CDE) requires schools to provide information to parents or legal guardians on the available languages and language acquisition programs at the school. Camino Nuevo Charter Academy offers the following language acquisition programs:

Structured English Immersion (SEI) program: This option is available at Castellanos in grades TK-4, Cisneros in grades K-5, Kayne Siart in grades TK-5, and at all 6-12 schools. If you choose this option your child will be placed in a classroom that uses mostly English for instruction.

Dual Language program: This option is available in grades TK-5 at Cisneros, Burlington, and Castellanos. If you choose this option, your child will be placed in a classroom that uses English and Spanish for instruction.

Description of Program Options and Goals for English Learners

A description of the language acquisition programs provided at Camino Nuevo Charter Academy is listed below. Please select the program that best suits your child.

Structured English Immersion (SEI) Program: A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered English Language Development and access to grade level academic subject matter content.

Dual Language Program: A language acquisition program that provides language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. This program begins in TK/K and will continue to fifth grade.

As long as there is availability, any interested family may choose to enroll their student in the Dual Language Program in grades TK-1. However, in order to ensure student success with increasing language and grade-level standards demands, we reserve the right to enroll 2nd-5th grade students in the Structured English Immersion program if they do not meet the following requirements

Previous enrollment in a Dual Language, Bilingual, or Spanish only classroom OROral proficiency in Spanish as evidenced by the ability to hold a conversation in Spanish at or near grade-level standards and basic skills in Spanish reading.

Requesting a Language Acquisition Program

Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible, and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards. (Education Code 306(c).)

Camino Nuevo Charter Academy commits to ensuring that English learners develop English proficiency and achieve parity with their monolingual peers. CNCA is also committed to helping our students develop bilingualism and biliteracy, as demonstrated by the implementation of our Dual Language programs. Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (Education Code 310(a).)

CNCA will investigate the feasibility of implementing such a program. Within 10 days of reaching this threshold, CNCA will notify the school community of the parents' request of a language acquisition program in writing. Within 60 calendar days of reaching this threshold, CNCA will determine whether it's possible to implement the requested language acquisition program and provide notice, in writing, to the school community.

Future decisions about beginning language acquisition programs will be made based on a variety of factors and through consultation with CNCA teachers and administrators, as well as other community stakeholders. Both practical considerations (e.g. availability of bilingual educators) and ideological considerations (e.g., the desire of the local community for students to participate in the program) will be examined as decisions are made in a collaborative, thoughtful process. This process will also involve PreK-12 vertical articulation, ensuring that programming is aligned and coherent across grade levels. Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. If interested in a different program from those listed above, please contact your school administrator to ask about the process.

Parents of English learners have a right to decline or opt their children out of the CNCA's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. (20 USC 6318(c)(A((vii).) However, LEAs remain obligated to provide the student meaningful instruction (5 CCR 11302) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time.

For a copy of the full policy and the administrative regulation please visit www.caminonuevo.org in the "Board Policies" section or request a copy at the school's main office.

Standardized Testing

In the spring semester, CNCA administers the California Assessment of Student Performance and Progress (CAASPP). The CAASPP system was established in January 2014 replacing the Standardized Testing Reporting (STAR) program. The primary purpose of the CAASPP assessment system is to assist teachers, administrators, and pupils and their parents by promoting high-quality teaching and learning through the use of a variety of assessment approaches and item types. http://www.cde.ca.gov/ta/tg/ca/.

CAASPP is comprised of the following assessments:

Computer-based Smarter Balanced summative assessment for English–language arts (ELA) and mathematics in grades 3-8 and grade 11. Additional details about this test can be found at http://www.smarterbalanced.org/.

California Alternative Assessments (CAAs) for ELA, mathematics in grades 3-11 and science, available for grades five, eight, and twelve are administered to students who meet CAAs requirements.

The California Science Test (CAST) based on the California Next Generation Science Standards (NGSS) administered to students in grades 5 and 8, and 12.
http://www.caaspp.org/administration/about/science/

You can help ensure your child's success on both of these important assessments. Please support your child in the following ways:

- Make sure they are on time and present every day of testing

- Encourage them to try their best, take their time, and work carefully
- Set early bedtimes to ensure plenty of sleep each night
- Provide a nutritional breakfast each morning
- Limit TV, computer, cell phones, and video games during testing

Parents will be notified of their pupil's participation in the CAASPP assessment system. (Education Code 60604.) A parent's or a guardian's written request to school officials to excuse his or her child from any or all parts of the assessments administered pursuant to Education Code 60615 shall be granted.

School-Wide Assessment

Students are assessed in all content areas multiple times throughout the year. Teachers regularly collect assessment data in order to target each student's individual needs. The results from these assessments, as well as teachers' observations of student progress, are synthesized into mid-semester progress reports, which are distributed in November and April. Final semester report cards are distributed in February and June.

English Language Proficiency Assessments for California (ELPAC)

State and federal law require that local educational agencies administer a state test of English language proficiency (ELP) to eligible students in transitional kindergarten through grade twelve. The California Department of Education (CDE) administers the ELPAC as the state ELP assessment. The ELPAC is aligned with the 2012 California English Language Development Standards. It consists of two separate ELP assessments: one for the initial identification of students as English learners (ELs), and a second for the annual summative assessment to measure a student's progress in learning English and to identify the student's level of ELP. The ELPAC will be administered for the purpose of initial identification only from July 1 to June 30, and within the first 30 days of a student's enrollment in a California public school. The summative ELPAC will be administered from February 1 to May 31.

To find more information about the ELPAC, please contact your child's teachers or contact the school office. Additional information can be found at: https://www.cde.ca.gov/ta/tg/ep/

Physical Fitness Test

State law required schools to administer the Physical Fitness Test (PFT) annually to all students in grades 5, 7 and 9. The state-designated PFT is the FITNESSGRAM. It is a set of tests designed to evaluate health related fitness and to assist students in establishing lifetime habits of regular physical health. Teachers are responsible for preparing students to do their best on the test by providing instruction and appropriate practice in the skills and abilities that are tested. Students are tested between February and May.

Parents/guardians should see that their students participate in a regular program of physical activity and nutrition. The complete test measures student performance in the following areas:

- Aerobic capacity
- Body composition
- Muscular strength, endurance and flexibility

Books/School Materials

Students will be issued books and materials necessary for classroom instruction. These books are the responsibility of the student to whom they were issued. Students should cover the issued textbooks and write their names in the designated areas. Damaged or lost books including books from the school library must be replaced by students and families. Unpaid textbook replacement fees may result in a student's loss of privileges to participate in extracurricular activities and school-sponsored events. The school may also hold a student's records until fees have been cleared.

Substitute Teachers

In the event that a teacher is absent, every effort will be made to secure a substitute teacher for the day. If a substitute teacher is not available, students will be assigned to other classrooms for the day.

Student Success Team (SST)

The Student Success Team is a process to identify specific student needs and determine interventions to support students who are struggling in the classroom. Based on students' needs (academics, behavioral), the team comes together to create individualized, high quality interventions that will be implemented and progress monitored for 2 Pre-SST cycles (4-6 weeks each), then 2 SST cycles (4-6 week), if there is not sufficient progress during the Pre-SST cycles.

The Student Success Team (SST) will develop an intervention plan for referred students with specific identified needs related to academics or behavior. A team of individuals, that at a minimum includes the parent/guardian, teacher, and an administrator (but may also include the student, Student & Family Services Coordinator, interventionist, outside support agency representative, or school psychologist if appropriate), meets within three weeks of the referral submission date to discuss the student's background, strengths, and areas of need. In consideration of the success rate of previous interventions and the academic/behavioral needs, the team implements at least 2-3 research-based, aligned interventions that are aimed toward attainment of the goal. Clear timelines and a delegation of responsibilities are also determined. The school administrator monitors and observes to ensure fidelity of implementation.

A follow-up SST meeting is typically held within six weeks. If gradual progress is made, the SST celebrates data-supported progress and commits to continued progress monitoring as needed. If there is limited progress or no progress made, the SST re-convenes to analyze data and modify the SST plan accordingly. Within six weeks, a follow-up SST meeting is held. If gradual progress continues to be made, then the SST celebrates data-supported progress and commits to continued progress monitoring as needed. If progress is not made, then an SST

administrator compiles recommendations on related instructional supports based on the SST recommendations. The SST administrator will then consult the Central Special Education team to consider a referral for a formal special education evaluation or a 504 plan.

After School Program

Camino Nuevo has partnerships with multiple vendors to provide students with rich after school experiences in both enrichment and academic support.

Afterschool Program Operational Requirements

Afterschool Program grantees (CNCA) are required to operate programs a minimum of 15 hours per week and at least until 6 p.m., beginning immediately upon conclusion of the regular school day. Programs must plan to operate every regular school day during the regular school year. According to the California Department of Education (CDE) Expanded Learning Division Section 8483(a)(1): Every afterschool component of a program established pursuant to this article shall commence immediately upon the conclusion of the regular school day, and operate a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day. Every after school component of the program shall establish a policy regarding reasonable early daily release of pupils from the program.

Education code allows the grantee to develop a policy for the reasonable late arrival and early daily release of pupils from before and after school care programs based on local needs. However, the use of the late arrival and early release policies should be the exception and not the rule.

Afterschool Program Attendance

It is a grant requirement that elementary school pupils participate in the full day of the program every day and that pupils in middle school attend a minimum of nine hours a week and three days a week to accomplish program goals. Priority for enrollment of pupils in middle school shall be given to pupils who attend daily.

California Mathematics Placement Policy for Students Entering 9th Grade

Camino Nuevo Charter Academy is committed to providing a “fair, objective, and transparent” mathematics placement policy for all students entering 9th grade. In preparation for the 2025-2026 school year, we have developed criteria and protocols for accurately evaluating and placing students in appropriate mathematics courses that will best support our commitment and vision for ALL students to be college and career ready. We will consider the following multiple objective academic measures of pupil performance to inform student placement:

- Standardized statewide mathematics assessment score based upon CAASPP achievement levels: standard exceeded, standard met, standard nearly met, and standard not met in grade 8.
- Results from the i-Ready diagnostic assessment (administered BOY, MOY, and EOY during their 8th grade year and within the first three weeks of school in their 9th grade year) to ensure accurate student placement and permit re-evaluation of individual student progress.

- End of course exam, summative assessment grade measuring student mastery on state-adopted standards with a grade of C or above, and demonstrating sufficient preparation for the next in sequence mathematics course.
- Final math grade on the end of the year official report card.
- Teacher recommendation based upon classroom assessments, grades, and habits of mind.
- For students receiving special education services, the final mathematics placement will be determined by the student's IEP team.

In addition, at the end of the school year, all current Camino Nuevo 8th grade students will receive a letter that explains the recommended math course their child should take upon entering high school in the 2025-2026 school year. This letter will include i-Ready Diagnostic data from the 2024-2025 school year (BOY, MOY, EOY), their score on the CAASPP (if available), and the math class recommendation from their teacher.

If a parent/guardian would like for his/her child's mathematics placement to be reconsidered, the following steps are in place:

- Per parent/guardian's formal request, site administration may make available the outcomes from the objective multiple performance measures listed above.
- Per parent/guardian's formal request, site administration will allow the student to take the end of course, final summative assessment. Based on the results of this assessment, site administration may reconsider the student's math placement.

Parent/guardian may also request a waiver requesting his/her child be placed in the next course in sequence. However, such a request would be against the professional recommendation of the site administration. By signing the waiver, the parent/guardian will acknowledge and accept responsibility for requested placement.

Our Mathematics Placement Policy will be posted on our organization's website and will be addressed by each Middle and High School site at the beginning and end of each school year.

[5]Culmination Policy/Senior Contract (High School)

Families and senior students will be required to sign a contract indicating that they understand that in order to graduate, senior students must adhere to the following requirements/expectations:

- [6]Meet all A-G requirements with grades of C or better with an equivalent of 170 A-G credits, 30 elective credits, 20 Seminar Credits, 40 service hours, 1 internship, and have completed four 4-year college applications.
- No suspensions during 1st and/or 2nd semester (If suspended, seniors MUST go through the senior appeals process for consideration of reinstatement of senior privileges.)
- No more than 5 Tier 2 Referrals per semester or an excessive amount (10 or more) of Tier 1 Referrals (or a combination of the two).
- No more than 10 tardies per semester. Seniors have the opportunity to make up to four tardies by attending a 4-hour Saturday school session. This option is available up to two times per semester.
- No more than 5 unexcused full day absences or 30 unexcused period absences per semester. Seniors have the opportunity to make up one full day of absence per month by attending a 4-hour Saturday school session
- All textbooks, computer equipment must be returned to school and/or pay any replacement costs for lost items.
- ZERO instances of the possession/use of fighting, drugs, alcohol, weapons or exhibiting excessively disruptive behavior of any kind
- Attend ALL scheduled graduation rehearsals on time

Senior Activities Academic Policy

A diploma will be issued for any student meeting all graduation requirements. All requirements are necessary for a student to participate in the graduation ceremony or to attend Grad Night or any other senior event; participation in all culmination activities is at the discretion of the site principal. If a student believes they should be able to participate, they may appeal to school administration in order to potentially participate in the culmination ceremony only.

[5] The Senior Culmination Policy and Senior Contract are subject to annual review and may be modified to reflect updates in school procedures or requirements. Any changes will be communicated to families in a timely manner.

[6] In lieu of A-G requirements, newcomers who qualify under CNCA's Newcomer Policy are eligible to graduate by fulfilling the state of California's minimum graduation requirements. Students with an IEP who qualify for the California Alternate Assessments ("CAA") who complete State Standards–aligned coursework meeting the California Department of Education's minimum coursework requirements are eligible for an Alternate Diploma, as specified in Section 51225.3 of the Education Code. Other students with an IEP may also qualify and will be determined on a case-by-case basis – final approval is required by the CAO.

Field Trips

Learning is a natural process that transcends the walls of a classroom. As part of CNCA's rigorous academic program, extracurricular real-world, hands-on experiences outside of the classroom complement theoretical foundations laid inside the classroom. Experiential learning activities help students connect learning at school to a variety of social and cultural experiences outside of school, as well as expand their career exploration. Finding new and innovative approaches to engage students who struggle in the traditional classroom or lack access to these opportunities is key to CNCA's mission to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

Field trips are an important way to enhance student learning. They offer an opportunity to experience something that may be new and exciting. In order to participate in a field trip, all students must have a completed permission slip with a parent/guardian signature in three (3) spaces. Field trip slips without the required signatures will not be valid. Field trip permission slips will be sent home before the trip and must be filled out by a parent or legal guardian. Some recurring trips (i.e. to the park or library) will have one field trip slip for the entire school year.

When necessary, parent chaperones will be asked to attend field trips. The required chaperone-to-student ratio is 1:10. This means there must be 1 adult for every 10 students.

Volunteer chaperones must be approved by the teacher and administrator before the trip and must fit the following criteria:

- Be at least 21 years old
- Be the mother, father, or legal guardian of a student in the grade level where the field trip is happening
- Be physically able to do the job
- Be able to work well and get along with students, teachers, and other parents
- Provide proof of a current TB test
- Attend the latest school site chaperone training (inquire in the main office for training information)
- Follow respective procedures as mentioned under the Volunteer Policy
- No younger siblings or other family members may attend

If the number of parents/guardians interested in chaperoning is larger than the number of chaperones needed for a field trip, a lottery should be conducted in order to determine the parents/guardians that will be assigned as field trip chaperones. Parents/guardians who are not invited to be chaperones cannot meet their student at the field trip site. If a parent/guardian chooses to do this, their child may not be invited to future field trips. Only assigned chaperones should attend student field trips. All students must depart from the school with their group and assigned chaperone and return with their group and chaperone.

As a chaperone, parents will be asked to supervise a small group of students, helping them learn and making sure they behave appropriately. Chaperones should remain with their assigned students at all times and ensure that all students follow the expectations set forth by the teacher in charge of the trip. They must also always show appropriate and professional behavior. Chaperones should refrain from talking on cell phones and texting while supervising and taking pictures of students (other than their own) and uploading them online, as this violates the privacy of students and/or families.

In case of an emergency on a field trip, parent chaperones should remain calm and act quickly to ensure the safety of all students. They should immediately notify the lead teacher or staff member and follow the emergency plan outlined prior to the trip. Chaperones should keep students together, account for everyone in their assigned group, and move them to a safe location, if necessary. If medical attention is needed, they should call 911 and administer basic first aid only if they are trained to do so. It is important that chaperones avoid spreading panic, communicate clearly with students, and wait for further instructions from school staff or emergency personnel.

Students serve as ambassadors for our school. A student may be excluded from a field trip for problematic behavior, including discipline incidents, and/or a discretionary decision from the school principal. Furthermore, any student having been disciplined for theft, drugs, weapons, or misconduct during a previous field trip in the previous year may be required to have a parent/guardian chaperone for every field trip until the end of the current school year.

In addition, all staff and chaperones are responsible for ensuring students, staff, and chaperones abide by all school policies and procedures, including the Education Code, from the trip's beginning to end. Staff and chaperones are required to immediately communicate any violation of these policies to the school leader and/or administrator of the trip.

Overnight Field Trips

All overnight field trips will require one site administrator to attend, students and staff will be held accountable for violations of school and organizational policies, and the Education Code from the trip's beginning to the end. A pupil shall be permitted to use facilities and accommodations consistent with their gender identity irrespective of the gender listed on the pupil’s records. Accommodations for overnight trips will be discussed with parents/guardians prior to the trip date. Overnight field trips are only allowed for students in grades 6 through 12.

Extracurricular and Co-curricular Activities (BP 6145)

Adopted by the CNCA Governing Board on June 13, 2017

The CNCA Board recognizes that extracurricular and co-curricular activities enrich the educational and social development and experiences of students. CNCA shall encourage and support student participation in extra/co-curricular activities without compromising the integrity and purpose of the educational program. Extracurricular activities have all of the following characteristics:

- The program is supervised or financed by CNCA.
- Students participating in the program represent CNCA.
- Students exercise some degree of freedom in either the selection, planning, or control of the program.

The program includes both preparation for performance and performance before an audience or spectators.

Extracurricular activities are not part of the regular school curriculum, are not graded, do not offer credit, and do not take place during classroom time. Co-curricular activities are programs that may be associated with the curriculum in a regular classroom. For a copy of the full policy please visit www.caminonuevo.org in the "Board Policies" section or request a copy at the school's main office.

Competitive Athletics (BP 6145.2)

Adopted by the CNCA Governing Board on September 12, 2017

The CNCA Board recognizes that athletic programs constitute an integral component of the educational program and helps to build a positive school climate. The athletic program also promotes the physical, social, and emotional well-being and character development of participating students. The athletic program shall be designed to meet students' interests and abilities and shall be varied in scope to attract wide participation.

All athletic teams shall be supervised by qualified coaches to ensure that student athletes receive appropriate instruction and guidance related to safety, health, sports skills, and sportsmanship. Athletic events shall be officiated by qualified personnel.

The CNCA athletic programs shall be free from discrimination and discriminatory practices prohibited by state and federal law. Equipment, supplies, game and practice schedules, budgets, coaching travel allowances, facilities, publicity, support services and tutoring offered to teams are to be equivalent between male and female teams.

The CNCA Chief Executive Officer or designee shall ensure that equivalent athletic opportunities are provided for males and females to be proportionate to their respective enrollments.

For a copy of the full policy please visit www.caminonuevo.org in the "Board Policies" section or request a copy at the school's main office.

Student Organizations (BP 67145.5)

Adopted by the CNCA Governing Board on June 13, 2017

Student organizations have an important place in the educational program because, when properly organized and operated, they:

- Extend and reinforce the instructional program.
- Give students practice in democratic self-government.
- Build student morale and a spirit of positive support for the school.
- Honor outstanding student achievement.
- Provide wholesome social and recreational activities.

Student clubs may be recognized as authorized school organizations if they are organized at the school, sponsored by school personnel, composed completely of current student body members, hold the majority of their meetings at school and have a democratic plan for the selection of members. Organizational activities shall not conflict with the authority and responsibilities of school officials.

Clubs shall not be sponsored by any political organization. Membership must be open to all students. All student clubs will have equal access to facilities and a fair opportunity to meet.

All clubs are directly under the control of school authorities. Each club must be approved by the principal and a faculty advisor must attend each meeting or activity.

Off campus clubs or organizations not directly under the control of school authorities may not conduct activities on campus without the advance written approval of the CEO, or designee, nor may the name of the school be used without such permission.

For a copy of the full policy please visit www.caminonuevo.org in the "Board Policies" section or request a copy at the school's main office.

STUDENT HEALTH, WELLNESS, AND SAFETY

Hygiene

It is very important that your child come to school healthy and clean. This means that they brush their teeth every day and bathe on a regular basis. With older students and changes in their bodies, body odor can become an issue. Please teach and remind older students of positive hygiene habits. Students are very active, and we live in a warm environment, please do not hesitate to provide your child antiperspirant/deodorant. When students come to school unclean, others notice. This can lead to teasing and avoidance by other students. Please do everything possible so that your child can have positive social relationships.

Sleep

It is very important for your child to get the appropriate amount of sleep. Students are growing and need to be well rested before they come to school. When a student is going through a growth spurt, they require more sleep than normal. Kindergarten through 12th grade students generally require anywhere from 8 to 12 hours of sleep nightly. Young adults require at least eight hours of sleep each night. Please help your child get the right amount of sleep so that they arrive at school each day ready to be their best selves!

Illness

If your student is ill, please call and inform the office on the day of the absence. For your child's safety and the protection of others please do not send them to school sick. If your child complains of feeling sick at school, depending on the severity, you may be contacted to pick up your child from school. If at all possible try to get a copy of the homework your child missed during their absence.

Birthdays and Celebrations

Campuses may make special arrangements for events during the school year for holidays or observances. If you wish to participate, please make arrangements with the school's main office to ensure alignment with the Wellness Policy.

If you would like to celebrate a student's birthday during school, please contact the school's main office in advance to make arrangements. CNCA encourages non-food celebration items, but if you would like to bring a food item, please see the Wellness Policy. Parents are welcome on campus to observe; however, requests must be made in advance and approved by a school administrator. They must follow all guidelines set forth in the visitor policy. If you are planning to have a birthday party at home, please make arrangements outside of school. Copies of the wellness policy are available from the school's office or on the CNCA website.

Sports Physical Examination

Each student in grades 9 through 12 planning to participate in school athletics must pass a comprehensive physical examination by a licensed health provider. Written proof of a physical examination provided by a physician or the health department must be presented to the school office and/or designated school administrator.

Mandated Health Screenings

School-based health screenings are designed to identify potential concerns with vision, hearing, or physical development that may impact a student's ability to learn. Early identification allows families to follow up with a healthcare provider for further evaluation and support.

In accordance with California state law, Camino Nuevo Charter Academy provides certain health screenings to support student well-being and ensure that all students are able to fully access their learning.

Required Screenings

Students may participate in the following screenings at designated grade levels or upon initial enrollment:

- Vision Screening – Conducted upon school entry and in grades such as kindergarten (or first grade), 2nd, 5th, and 8th grade
- Hearing Screening – Conducted upon school entry and in grades such as kindergarten (or first grade), 2nd, 5th, 8th, and in some cases high school grades
- Scoliosis Screening – Typically conducted for female students in 7th grade and male students in 8th grade, as required by California Education Code

Additional screenings may be conducted for:

- New students enrolling in the school
- Students referred by staff or families due to concerns

These screenings are conducted by qualified personnel (such as credentialed school nurses or trained staff) and are provided at no cost to families.

Parent/Guardian Notification and Opt Out

Families will be notified prior to any screening. Parents/guardians have the right to opt out of any mandated screening by submitting a written request to the school. In place of school-based screening, families may provide documentation from a licensed healthcare provider showing that the screening has been completed.

Follow Up and Referrals

If a potential concern is identified during a screening, families will be notified and encouraged to seek follow-up care with a healthcare provider. The school may provide resources or referrals to support access to care when needed.

Health and Medical Conditions

The school office and designated administrator must be notified if a student with a medical or health condition requires accommodations at school in order to participate in the educational program. The school administrator will arrange to meet with the parent/guardian and necessary school staff to develop an accommodation plan for the student's medical condition. Students with diabetes, severe asthma and allergies should have an accommodation plan at the school.

Allergies

Please alert us to any allergies your student may have and provide medication (if necessary) to prevent a serious allergic reaction. This includes allergies to plants, animals, foods, medicines and other substances.

Communicable Diseases

Communicable disease inspections will be conducted periodically. A student suspected of having a communicable disease will be removed from school until guidelines for readmission are met.

Lice

Outbreaks of lice in Los Angeles are very common. The school follows preventative routines. These routines include periodic head checks and disinfecting of all necessary areas in the school. If you discover that anyone in your family has lice, please notify the school immediately. If it is discovered that your child has lice eggs and/or lice in his/her hair, they will be sent home. Previously, Camino Nuevo employed a “no-nit” policy; however, there “is no evidence that a no-nit policy prevents or shortens lengths of outbreaks”(Pollack et al., 2000, Williams et al., 2001). The CDPH Division of Communicable Disease Control, the Center for Disease Control and the American Academy of Pediatrics, are all opponents of no-nit policies as they are not based on “objective science and should be discontinued” (Mumcuoglu, 2007). Therefore, the CDPH recommends that children should not be excluded from the classroom based on finding head lice or nits.

Ringworm

Ringworm is an infectious disease characterized by scaling or cracking of the skin. In severe cases vesicular lesions appear on various parts of the body. Students with ringworm will be sent home and require a doctor’s note indicating that the ringworm is not contagious to readmit.

Chickenpox

An effort will be made to notify Parent/Guardians about school exposure to chickenpox. The Parent/Guardian of a student for whom chickenpox presents a particular hazard should contact the school to facilitate communication. Students at risk include those with conditions affecting the immune system and those receiving certain drugs for the treatment of leukemia or organ transplants.

Other Illnesses

A student returning to school with sutures, casts, crutches, brace(s), or a wheelchair must have a physician’s written permission to attend school and must comply with any safety procedures required by the school administration. A student returning to school following a serious or prolonged illness, injury, surgery, or other hospitalization, must have written permission by the health care provider to attend school, including any recommendations regarding physical activity.

An excuse (less than 10 weeks) from a physical education class may be granted to a student who is unable to participate in a regular or modified curriculum for a temporary period of time due to illness or injury. A parent/guardian’s written request for an excuse will be accepted for up to five days: thereafter, a written request is needed from the student’s health care provider.

A current Emergency Information card must be on file at the school so that parents/guardians can be notified promptly in case of an accident or illness involving their student.

Chronic Conditions

For your child’s safety, the school must be aware of any special needs your child may have, such as asthma, allergies, or any other persistent medical conditions. You are required to notify the office and your child’s teacher.

Treatment of School-Related Injuries

It is the policy of the school to treat minor injuries (scrapes, paper cuts, bumps, etc.) with ice packs, cold compresses, or adhesive bandages as needed. Parents/guardians will be notified about minor injuries at the discretion of the administration. When confronted with more serious injuries/illnesses, school staff will contact parents/guardians, and, if required, transport the student to the nearest hospital emergency department or call 911. It is the responsibility of the parents/guardians to update school medical and emergency information. Please see the CNCA Emergency Card for more information about emergency medical treatment for students.

When to Keep Your Child Home

If your child exhibits any of the following symptoms, please keep them home.

- A fever of 101 or higher
- Vomiting
- Loose bowel movements
- Pain
- Difficulty breathing
- Runny nose with thick yellow or green discharge
- Open or draining sores
- Severe coughing
- Rash or hives
- Pink eye or conjunctivitis
- Lice, ringworm or other contagious conditions

The determination to send a student home will be made using the “keep home” criteria. Parents or legal guardians will be notified by telephone of the nature of the illness and will be asked to pick up the student.

If your child becomes seriously injured at school, you will be contacted and the school will administer emergency first aid and complete an accident report for you to share with your child’s physician. Other injuries will be communicated via an incident/accident report that will be sent home with the student at the end of the school day.

Medications at School

Students may not carry or use medication on campus without written consent from a parent/guardian and qualified healthcare provider. A student who needs to take medication during school hours must have a statement

to this effect on file at the school signed and prescribed by a California licensed medical doctor and also signed by the parent/legal guardian. Parents/guardians may obtain a "Request for Medication to be Taken During School Hours" form in the main office.

Self-administration of medications may be permissible by special arrangement with the school administrator and if allowed by the qualified healthcare provider.

Administration of Prescribed Medication

In order for a pupil to be assisted by a school nurse or other designated school personnel, CNCA shall obtain both a written statement from the physician detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken and a written statement from the parent, foster parent, or guardian of the pupil indicating the desire that CNCA assist the pupil in the matters set forth in the statement of the physician.

In order for a pupil to carry and self-administer prescription auto-injectable epinephrine or asthma inhaler, CNCA shall obtain both a written statement from the physician or surgeon detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine or asthma inhaler, and a written statement from the parent, foster parent, or guardian of the pupil consenting to the self-administration, providing a release for the school nurse or other designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing CNCA and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication pursuant to this paragraph.

The written statements specified in this subdivision shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes.

A pupil may be subject to disciplinary action pursuant to Section 48900 if that pupil uses auto-injectable epinephrine in a manner other than as prescribed.

All medications are stored in secure, easily accessible locations within the school office or nurse's station. In the event of a medical emergency, trained school personnel—including office staff—are authorized to administer EpiPen. All designated staff members must complete annual training to ensure they are prepared to respond quickly and effectively in the event of a severe allergic reaction. We encourage parents to keep their child's emergency medication and health information up to date with the front office staff at the start of each school year.

Use of Ridesharing Services

Popular ridesharing services, such as Uber or Lyft, do not allow minors to ride unless they are accompanied by an adult. CNCA staff members will not arrange for nor assist any student in taking such a service unless they are accompanied by their parent, guardian, or designated emergency contact person.

Mandated Reporting

In California, certain professionals are considered “child care custodians,” and they are required to report suspected child abuse and/or neglect. California Penal Code Section 11166 requires any student care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse or neglect to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Under this law, CNCA employees are mandated reporters who will follow appropriate steps to report any such possible neglect or abuse. Mandated reporters are required to follow the law, and the failure to do so can subject the reporter to liability. Suspected child abuse reports are confidential as to the identity of the employee making such a report. CNCA also has an obligation to cooperate and participate in any process that is triggered by the Department of Child and Family Services, law enforcement agency or peace officer to assure the safety of our children.

Responding to Emergencies

In the event that there is an emergency, parents/guardians should remember that schools are among the safest buildings in the community. By law, California public schools are built to a higher standard, called the Field Act; therefore, schools will generally not sustain the same damage as residential or commercial buildings. Schools also have extensive Fire Life Safety Systems that include fire alarms and sprinkler systems designed to protect students and staff. In general, schools will respond to emergencies by moving students to the safest possible location. During fires or earthquakes, students will be moved out of the classroom to a safe assembly area, usually the playground or parking lot. The school implements regular emergency drills to ensure that all members of the school community know the plan. Teachers will review emergency preparedness procedures with the students during the first month of school.

As part of our commitment to safety and inclusion, our school district ensures that students with Individualized Education Programs (IEPs) are provided with appropriate accommodations during emergency drills. These accommodations may include individualized evacuation plans for students with mobility or sensory needs, additional adult support to offer guidance and reassurance, and the use of communication tools like visual schedules or social stories to help prepare students and reduce anxiety. In some cases, alternative methods of participation may be used if a full drill could negatively impact a student’s well-being. These supports are carefully planned in collaboration with the leadership team at each site and the SPED team to ensure they can participate in drills in a way that is both safe and supportive.

In the event of a school emergency, CNCA follows a structured reunification process to safely and efficiently reunite students with their families. Parents will be notified of the reunification location via ParentSquare and must bring a photo ID for check-in. Only individuals listed on the student’s emergency contact form will be allowed to pick up the child. Staff will verify identities, escort students to a secure reunification area, and provide support as needed. Parents are urged to wait for pickup instructions to ensure everyone's safety and efficient reunification.

During a threat of violence, students will be sheltered in a locked classroom away from anything that can hurt them. During an emergency when the campus must be protected, parents/guardians will not be able to pick up

their students until the school campus is declared to be safe by the Police, Sheriff's Department, or other official city or county agency. Parents/guardians need to understand that the students are being sheltered in a secure place for their safety and will be released only when it is safe to do so.

Every CNCA campus has a Comprehensive School Safety Plan (CSSP) that describes all of the school's safety procedures and safety related policies. A copy of the CSSP is available on the school's web page or a physical copy can be requested from the school's main office.

Access to Mental Health Services

The Jeri Weiss Mental Health Program at Camino Nuevo Charter Academy offers a wide range of free mental health services to the charter network's uninsured children and their families, helping them overcome social and emotional challenges and regain the focus and motivation to succeed in school and in life. During Distance Learning, we provided telehealth services through secure and confidential video and telephone sessions. Through the program, students and their families can receive individual, family, and group therapy for a variety of emotional and mental health challenges, such as anxiety, depression, and trauma. The mental health clinicians also work closely with school staff, providing them with tools and strategies to best support students who are struggling. By folding mental health services into the school day, more students will be able to get the help they need and realize their academic goals. We also partner with, and offer referrals to community-based agencies when a student needs a higher level of care, in order to meet the mental health needs of our students and families. To access mental health services at your school, please reach out to the Family Services Coordinator or leave a message at the front office and a mental health clinician will reach out to you to discuss mental health needs.

Students will have access to a school therapist if they are experiencing a crisis during school hours. Students are encouraged to seek support if they feel dysregulated and need a safe space to process feelings. Parents who do not want their child to meet with a school therapist should reach out to their school leadership team.

Suicide & Self-Harm Prevention

When a child is in the midst of a suicidal crisis, experiencing severe anxiety, or difficulty regulating their feelings, it's crucial to prioritize their safety and well-being above all else. In some cases, immediate intervention by a therapist may be necessary to provide the support and guidance needed to navigate such challenging circumstances. While parental consent is typically sought for therapeutic interventions involving minors, there are instances where immediate action is required to ensure the child's safety and stability. School therapists are trained to handle such situations with care and professionalism, acting in the best interest of the child's immediate welfare. You can be confident that they will work closely with you to guarantee that your child receives the support and assistance they need to get through tough times.

Protecting the health and well-being of all our students is of utmost importance to CNCA. Suicide is the second leading cause of death among 10-24 year-olds (behind accidents) in the United States (CDC 2016). This alarming statistic leads us to create and implement a policy to help staff feel more confident in intervening with a student

they believe to be at risk. Studies have also shown that LGBTQ youth are up to four times more likely to attempt suicide than their non-LGBTQ peers.

Assembly Bill 2246 requires the governing board or body of a local educational agency, as defined, that serves pupils in grades 7 to 12, inclusive, to, before the beginning of the 2017–18 school year, adopt a policy on pupil suicide prevention, as specified, that specifically addresses the needs of high-risk groups.

Assembly Bill 1767: Effective July 1, 2020, this bill requires the governing board or body of a local educational agency that serves pupils in kindergarten and grades 1 to 6, inclusive, to adopt, and update as prescribed, a policy on pupil suicide prevention that specifically addresses the needs of high-risk groups. The bill requires this policy to be age appropriate and delivered and discussed in a manner that is sensitive to the needs of young pupils.

In response to these needs, the CNCA Board has adopted a suicide and self-harm prevention policy which will help to protect all students through the following steps:

Students will learn about recognizing and responding to warning signs of suicide and self-harm in friends, using coping skills, using support systems, and seeking help for themselves and friends. This will occur in all health classes and/or during I-connect, community circles, council sessions, etc.

When a student is identified as being at risk, they will be assessed by a school-employed mental health professional who will work with the student and help connect them to appropriate local resources.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, CNCA created an in-house Suicide Prevention Crisis Team (“SPCT”) consisting of administrators, mental health professionals, relevant staff, parents, and middle and high school students. The SPCT includes the following individuals:

1. Jeannette Sandoval - Director of Student Experience
2. Alex Barillas - Director of Mental Health

To ensure the SPCT reflects the student body’s perspective, CNCA will designate a volunteer student representatives to provide consultative insights:

CNCA designates the following employees to act as the primary and secondary Suicide Prevention Liaisons to lead the SPCT:

- Alex Barillas, Director of Mental Health
- Jeannette Sandoval: Director of Student Experience
- Jessica Cuellar: VicePresident of Student & Family Supports

Students will have access to national resources which they can contact for additional support, such as:

- National Suicide Prevention Lifeline/Suicide Crisis Lifeline:
  - Call or Text “988”
  - Call 1-800-273-8255
- National Domestic Violence Hotline: Call 1-800-799-7233
- Crisis Text Line: Text “HOME” to 741741
- Teen Line: Text “TEEN” to 839863
- Trevor Project: Text “START” to 678678
- Trans Lifeline: 1-877-565-8860
- Local suicide prevention hotline telephone number

All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff member if they, or a friend, are feeling suicidal or are engaging in self-harm. Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.

For a more detailed review of this policy, please ask your Student & Family Services Coordinator for a copy of the full suicide prevention policy***. A copy is also available on our website www.caminonuevo.org in the “Board Policies” section.***

Emergency Preparedness Drills

The school has developed a school emergency plan which is designated to ensure the safety of your student(s) and all the staff. This plan is updated annually to ensure that emergency response procedures and resources meet industry best practices. The school implements monthly emergency drills to ensure that all members of the school community know the plan. Teachers will review emergency preparedness procedures with the students during the first month of school. A copy of the school’s emergency plan is available on each campus’ webpage.

As part of our commitment to safety and inclusion, our school district ensures that students with Individualized Education Programs (IEPs) are provided with appropriate accommodations during emergency drills. These accommodations may include individualized evacuation plans for students with mobility or sensory needs, additional adult support to offer guidance and reassurance, and the use of communication tools like visual schedules or social stories to help prepare students and reduce anxiety. In some cases, alternative methods of participation may be used if a full drill could negatively impact a student’s well-being. These supports are carefully planned in collaboration with the leadership team at each site and the SPED team to ensure they can participate in drills in a way that is both safe and supportive.

Dismissal After Emergency

In the event of a school emergency, CNCA follows a structured reunification process to safely and efficiently reunite students with their families. Parents will be notified of the reunification location via ParentSquare and must bring a photo ID for check-in. Only individuals listed on the student's emergency contact form will be allowed to pick up the child. Staff will verify identities, escort students to a secure reunification area, and provide support as needed. Parents are urged to wait for pickup instructions to ensure everyone's safety and efficient reunification.

Integrated Pest Management (IPM) Policy

This policy outlines a widely accepted approach to pest management that results in effective suppression of pests while minimizing human health and environmental hazards. CNCA shall provide written notification with specified information on pesticides to all school staff and parents/guardians if any are applied. A 24-hour advance notification will be sent to parents/guardians prior to any pest treatment. (Education Code 48980.3.)

SCHOOL-PARENT COMPACT

The School-Parent Compact is a set of shared commitments between the school and the family. The goal of the compact is to create the strongest possible partnership between home, school, and student in order to increase academic achievement and success.

CNCA distributes a school-parent compact to all parents/guardians of Title I students. The compact, which has been jointly developed with parents/guardians, outlines how parents/guardians, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents/guardians of Title I students.

- The school's responsibility to provide high-quality curriculum and instruction
- The ways parents/guardians will be responsible for supporting their children's learning
- The importance of ongoing communication between parents/guardians and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents/guardians to volunteer and engage in their child's class; and opportunities to observe classroom activities.

In addition, parents/guardians are encouraged to complete 15 "Family Participation" hours per family, per site. Attendance at in-person and/or virtual workshops, parent meetings and school activities count toward Family Participation hours. However, donations are not equivalent to Family Participation hours. Another way to meet the Family Participation hours compact is to attend an educational community event (i.e. book fair, college fair) and by completing city college classes, taking your student to the public library or by enrolling in other community-based education programs. A maximum of six hours of educational community events will count toward the 15 Family Participation hours pledge.

For a copy of the full and detailed policy of your school, please visit www.caminonuevo.org in the "Board Policies" section, request a copy at the school's main office, or contact your Student & Family Services Coordinator or designee.

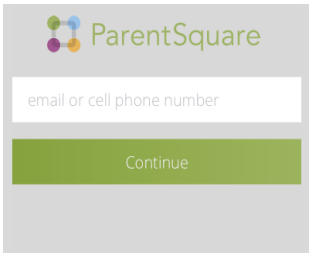

School and Family Communication

Camino Nuevo uses Parent Square as the primary form of communication with families. Parent Square is a communication platform designed to help streamline all communication with families related to school events, conferences sign-ups, parent workshops, fundraisers, Family Participation hours tracking, calendar, parent bulletin, etc. It is important that communication is a continuous process. To stay informed of all meetings and events, please check the school website, Parent Square, and monthly calendar/newsletter regularly. CNCA frequently provides notices, correspondence, and important flyers.

Downloading the mobile app is the easiest way to receive all posts, events, sign up requests, photos, and files. Users can enable app notifications when a message is posted. Parent Square allows you to change your language setting if you would like to get posts in a different language.

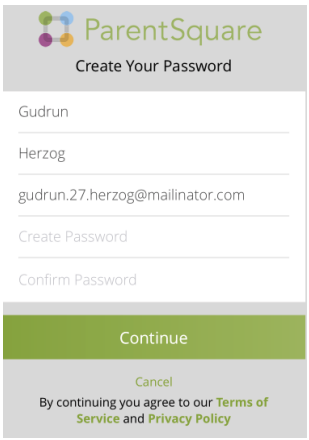

CNCA asks all families to download the Parent Square app. and register by following these steps:

1. Go to the Apple Store or Google Store, search for the "Parent Square" app, and download it to your phone. You can also scan the QR codes below:
2. Open the ParentSquare App.
3. Enter your email or cell phone number. The email and/or cell phone number should match what is in your school's information system or database.

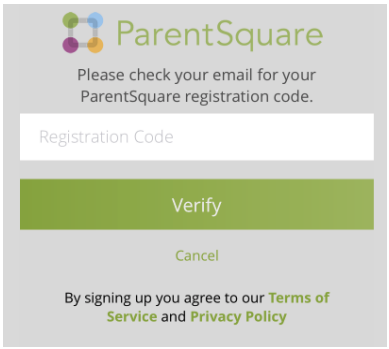

4. Tap “Continue.”

5. Create your password and confirm your password.

6. You will receive a registration code via email or text. Enter your registration code sent by Email or Text and tap “Verify.”

You can contact a teacher or an administrator by:

- Sending a direct message via Parent Square.
- Calling the school and leaving a message so someone can return your call.
- Making an appointment.
- Writing a note.
- Visiting during "office hours." When available, teachers will meet with families according to the order of arrival.

If you need to speak to an administrator, please call the school office. If someone is not available to speak to you immediately, please send a direct message via Parent Square or leave a message, and someone will return your call. If you need to speak to someone about an issue that may take more than five minutes, please make an appointment with the appropriate person. This is the best way that you will get undivided attention.

If you are not receiving communication from the school via Parent Square, please contact the office or the Student & Family Services Coordinator.

If you need to communicate with your child during school, call the office and leave a message. That message will be given to the student. A student will be summoned from class to take your call only if it is an emergency. Please make all carpool or after school pick up arrangements with your child before the start of the school day.

Addressing School-Based Concerns

At Camino Nuevo, our goal is to create the strongest possible partnership between home, school, and student in order to increase academic achievement and success. Therefore, when a parent/guardian has a concern, we want to ensure that we do everything we can to address that concern in a timely manner.

When parents/guardians have a concern regarding their student, they should share their concern with the person directly related to it. All school staff can be contacted via email or Parent Square. Parents/guardians can also visit the school office and schedule an appointment to meet with the person they are trying to reach. If parents/guardians reach out to someone regarding a concern and do not hear back from them within two (2) business days, they should reach out to them again before moving along to that person’s supervisor.

It is important to keep in mind that staff will make every effort to respond as soon as possible to family communications. However, the workday sometimes precludes immediate responses. Additionally, staff may need some time to collect needed information before responding. We thank you for your patience and understanding as we work to resolve the matter as quickly as possible.

It is also important to remember that most questions and concerns are quickly addressed by communicating directly with the staff member closest to the situation. As you move further from the person present for an

incident, the staff is less directly involved and usually needs additional time to research the concern before they can provide an answer.

Volunteering at School: Parent Involvement Policy

Various opportunities for parent engagement and support are provided at CNCA. Parents/guardians are welcomed to volunteer at times that best work for them. Opportunities for their engagement and participation can take place in the morning, during the school day, after school, at school events, on a daily, weekly, or monthly basis, and in the areas they feel comfortable in. All parents/guardians are welcome and encouraged to be part of our school community and if language is a barrier, we provide the necessary support to make sure everyone is included.

All volunteers must attend a parent volunteer orientation at their school and have filled out a volunteer application prior to starting any volunteer work. Volunteers who serve as field trip chaperones are required to provide proof of a negative TB test. Volunteers who have 16 hours or more of contact with children per month or 32 hours per year must be fingerprinted.

Ways to Participate

Become a School Instructional Support Volunteer

Throughout the school year, opportunities will arise for you to volunteer in your child's classroom, in the school, and for special events. CNCA welcomes and strongly encourages your engagement as parents/guardians to volunteer in the life of our schools and welcomes your participation as a volunteer.

In order to become an instructional volunteer, you must follow these procedures:

- Arrange with the classroom teacher the dates and times you will be in the classroom.
- Have a current volunteer application on file.
- Before entering the classroom, you must sign in with the office, display your identification tag at all times, and wait until the classroom teacher gives you instructions.
- Have a current TB test on file (no more than four years old). Volunteers must have written documentation of tuberculosis clearance on file at the school prior to beginning an assignment.
- Fingerprinting by the Department of Justice (DOJ) is required for mentors, one-on-one tutors and non-employee volunteer coaches.

Participate in School Governance or Special Committees

Each school site has several leadership committees for families that meet either in-person and/or virtually. Some of those committees are:

- English Learner Advisory Committee (ELAC) - required committee:
    - Each campus with 21 or more English learners has this committee. This committee is responsible for advising the principal and staff on programs and services for English learners. In addition, ELAC assists the school in the development of the school's needs assessment, and brainstorms ways to make parents/guardians aware of the importance of regular school attendance.

- Site Based Council (SBC) - required committee:

    - This committee serves as an advisory council to the school site principals. Elections of parent representatives and other community members are held each school year by the third week of September. Nomination forms for parent/guardian and community members shall be distributed at each school site and sent home to families. New members and alternates shall be installed by the October meeting. The committee is responsible for reviewing policies and the Local Control Accountability Plan (LCAP) goals goals (i.e. School Safety Plan, share resources available to support students and & families, the Parent Involvement Policy, Spring and Winter Consolidated Applications, LCAP goals and the Retention and Culmination policy).

- Parent Community Leaders Committee - Enrollment Support:

    - This committee promotes the school in the surrounding communities. Participating parents become school ambassadors to represent the school in the community. Members of this team are charged with promoting the school (i.e. community walks, outreach, canvassing with flyers, etc.) and generating interest about the school while promoting enrollment.

Participate in Family Workshops (in-person and/or virtually)

Various family workshops, school special events, and activities will be held during the school year. Attending workshops and school activities will count towards your Family Participation hours.

Families should keep track and record their Family Participation hours directly in the Parent Square app. For more information on how to track your hours, please see the “Tracking of Family Participation Hours” section below.

General Volunteer Guidelines

Classroom and student work is always confidential. Please do not discuss student concerns with anyone except the teacher or principal. Keep in mind the following expectations when volunteering at CNCA:

- Try not to compare students within the classroom.
- Since there are as many methods as there are teachers, please do not compare different methods of teaching. There is no defined best way to teach.

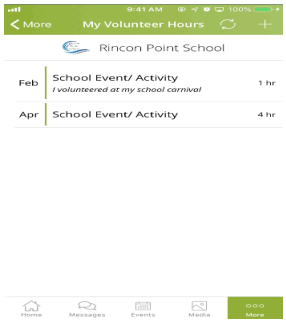

- Work positively for the good of the school.
- Constructive criticism should be directed only to the supervising teacher or school administrator.
- When you are volunteering in the classroom, please remember that you are doing so under the direction of the teacher.
- Don’t compare one student with another; think of your child as their own person.
- Ask questions! If something is unclear, please ask for clarification. If you have any questions about volunteer policies and procedures please contact your school’s Student & Family Services Coordinator.

Tracking of Family Participation Hours

All Family Participation hours need to be entered into the Parent Square App. Parents/guardians are asked to enter their Family Participation hours after every meeting/event that they attend. Parents/guardians are encouraged to complete 15 Family Participation hours per family/per school. Hours can be accrued by attending family workshops, Cafecitos, parent-teacher conferences, school events, school committee meetings, and classroom activities. **Volunteering is encouraged but not mandatory. No student will be denied continued admission or otherwise penalized for a family’s inability to volunteer.**

To track your hours in the Parent Square app, follow the steps below:

From the home page click on "More" in the bottom menu. Then, click "volunteer hours" at the bottom of the page.

Click the "+" sign in the top right corner to add your volunteer hours.

Input the month you volunteered, the activity you performed, and the amount of time that you volunteered. You can also add in a description if you'd like (i.e. title of workshop: “Abriendo Puertas #1).

4. Click "save" in the top right corner when you are finished and your volunteer hours will be recorded.

Student & Family Services Coordinators or designees can answer questions regarding opportunities to volunteer, how to register for Parent Square, and how to track your volunteer hours.

Parent-Teacher Conferences

Formal and informal conferences are one way that you as the parent/guardian can stay informed of the progress of your child in school. You may set up an appointment to meet with a teacher whenever you feel it is necessary. Mandatory formal conferences will take place at least twice per year. These usually take place after the first quarter, the end of the first semester, and the third quarter grading period.

ParentSquare simplifies the process of scheduling parent-teacher conferences. All parents must download the Parent Square app and register by entering your email or cell phone number. The email and/or cell phone number should match the information given to your school during enrollment.

All conference sign-ups are going to be scheduled via Parent Square. Families receive an email, message or app notification, depending on their user settings, with a link to access the conference schedule. Parents/guardians who signed up receive a reminder before the event.

Parent/Teacher conferences will be held on shortened days and minimum days. If you cannot attend your scheduled conference, contact the teacher(s) and reschedule. In order to get the most out of a formal conference, you should be on time and may want to:

- Have questions prepared
- Take a moment to write down questions and concerns that you wish to discuss at the conference.
- Take notes during the meeting
- Share any relevant information
- If there are some stressful factors in your child's life, you may wish to mention them at the conference. It is helpful for a teacher to know what may be influencing a student's attitude, behavior, or performance.

Classroom and School Visitation and Removal Policy

While CNCA encourages parents/guardians and interested members of the community to visit our schools and observe the educational program under Education Code 49091.10, CNCA also endeavors to create a safe environment for students and staff. Therefore, parents/guardians and other visitors must adhere to the following policy in order to maximize the safety of the students and minimize the disruption to the educational environment.

Parents/guardians and other visitors, including children who are not students of CNCA, shall not loiter on the school premises, including the parking lot and outside of school buildings. The parking lot shall be used for picking up and dropping off students, and for conducting school business. Parents/guardians and other visitors are expected to leave the campus premises upon the conclusion of any business matters or after dropping their student off at school.

If a Parent/guardians wishes to visit CNCA to observe the educational program, the visitor must adhere to the following procedures, which have been developed to minimize interruption of the instructional program and ensure the safety of students and staff pursuant to California Penal Code Section 627 et seq.

Visits during school hours should first be arranged at least one day in advance either by phone or in writing. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least three days in advance. Parents/guardians seeking to visit a classroom during school hours must first obtain approval of the classroom teacher and the Principal or designee.

All visitors shall register with the front office immediately upon entering any school buildings or grounds during regular school hours. When registering, the visitor is required to provide his/her name, purpose for entering school grounds and proof of identity. For purposes of school safety and security, the Principal or designee may create a visible means of identification for visitors while on school premises.

The Principal or designee may refuse to register an outsider if he or she has a reasonable basis for concluding that the visitor's presence or acts would disrupt the school, its students, its teachers, or its other employees; would result in damage to property, or would result in the distribution or use of unlawful or controlled substances.

The Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is a reasonable basis for concluding that the visitor's presence on school grounds would interfere or is interfering with the peaceful conduct of the activities of the school, or would disrupt or is disrupting the school, its students, its teachers or its other employees.

The Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or revoked, promptly leave school grounds. When a visitor is directed to leave, the Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements, he/she will be guilty of a misdemeanor.

Any visitor that is denied registration or has his/her registration revoked may request a hearing before the Principal or the CNCA senior management on the propriety of the denial or revocation. The request shall be in writing, shall

state why the denial or revocation was improper, shall give the address to which notice of hearing is to be sent, and shall be delivered to either the Principal or CNCA senior management within five days after the denial or revocation. The Principal or CNCA senior management shall promptly mail a written notice of the date, time, and place of the hearing to the person who requested the hearing. A hearing before the Principal shall be held within seven days after the Principal receives the request. A hearing before the CNCA senior management shall be held within 30 days after the receipt of the request.

The Principal or designee shall seek the assistance of the police in dealing with or reporting any visitor in violation of this policy.

Penalties

Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to $500.00 or imprisonment in the County jail for a period of up to six (6) months or both.

Further conduct of this nature by the visitor may lead to the school's pursuit of a restraining order against such visitor which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of three (3) years.

Parents/Guardian, Visitors, and Staff Code of Conduct

The purpose of the Parent & Staff Code of Conduct is to provide a mutual understanding to all parents/guardians and visitors to our school about conduct expectations while on school property, at school events and when interacting with employees and/or students.

In order to create an optimal environment for student learning, Camino Nuevo requests all members of our community adhere to these guidelines.

Teachers, administrators, staff, and parents/guardians must work together for the benefit of all students.

All parents/guardians and visitors, as well as all members of the school community, deserve to be treated with respect.

Prohibited Behaviors

In order to provide a peaceful and safe school environment, Camino Nuevo bans the following behaviors by parents/guardians and visitors:

- Abusive, threatening, profane or harassing communication, either in person, by e-mail or text/voicemail/phone or other written or verbal communication.

- Disruptive behavior that interferes or threatens to interfere with school operations, including the effective operation of a classroom, an employee's office or duty station, a campus lobby, or school grounds, including sporting events, parking lots, and car-pickup.
- Threatening to do bodily harm to a school employee, visitor, fellow parent/guardian, or student.
- Damaging or destruction of school property.
- Defamatory, offensive, or derogatory comments regarding the school or school staff made publicly to others.

Any concerns that you may have regarding these matters must be made through the appropriate channels so they can be dealt with fairly, appropriately, and effectively for all.

Consequences

Depending upon the severity of the incident, parents/guardians or visitors may be ejected from or otherwise banned from campus and participation in school-sponsored events under the criminal trespass laws.

In situations involving lesser infractions or where remediation is viable, a warning will be provided, either verbal or in writing, prior to the filing of trespass and issuance of a formal ban. Should a parent/guardian or visitor fail to heed the direction issued in the warning, a ban or other restrictions designed to deter the conduct will follow.

No restriction, however, will prevent the parent/guardian from working collaboratively with the school to meet the child's educational needs, nor will a parent/guardian be excluded from a child's IEP meeting.

Five Ways You Can Make a Difference

As a parent/guardian you are your child's first teacher. Even while your child is in school, you still teach them important lessons every day. Research shows that when families and schools work together, students do better.

Here are some suggestions from the Parent Institute on ways you can make a difference in your child's education, particularly in the early years. These activities don't cost money. They don't require training. All they require is your effort.

1) Read to your student child every day. Long after children learn to read for themselves, they love this special time with you. Kids who are read to will want to read on their own.
2) Join your school's parent/guardian leadership committees. When families and schools work together, schools improve.
3) Volunteer. The more help parents/guardians give teachers, the more time teachers can spend with students. If you have a full-time job, you can still help. Ask your student's teacher or Student & Family Services Coordinator what you can do.
4) Let your children know school is important. Ask about their homework. Attend school events and monthly parent meetings or workshops. Talk about how you use what you learned in school in your daily life.

5) Recognize your child's special gifts. Each student has special talents. Perhaps the most important thing you can do is help your child see how he or she is special. That boosts confidence and sets the stage for learning.

Personal Growth Opportunities

Throughout the year the school may offer educational opportunities solely for the continuing education of parents/guardians and families. Such opportunities may include classes on parenting, health topics, communication, mental health, job training, domestic violence, and ESL. Cal Grant Program Notice

The Charter School is required by state law to submit the Grade Point Average ("GPA") of all high school seniors by Oct. 1 of each year, unless the student (if the student is 18 years of age or older) or parent/guardian (for those under 18 years of age) opt-out. Students currently in eleventh (11th) grade will be deemed a Cal Grant applicant, unless the student (or parent/guardian, if the student is under 18 years of age) has opted out by or before February 1.

Annual Notice regarding Dual Enrollment and International Baccalaureate (IB) Course Offerings

California Education Code § 48980.6 requires schools to notify parents and guardians of students in grades 7–12 each year about any Dual Enrollment or International Baccalaureate (IB) courses offered.

At Camino Nuevo Charter Academy (CNCA), we are committed to ensuring that all students graduate college and are career-ready. As part of this commitment, CNCA's Dalzell Lance High School offers opportunities for students to take Dual Enrollment courses in partnership with one of our local community colleges.

Dual enrollment allows high school students to enroll in college-level classes while still in high school. Students can earn both high school and college credit for the same course. These opportunities help students explore college-level academics, gain confidence in higher education, and get a head start on their postsecondary goals.

Dual Enrollment Courses

- Who is Eligible:

  -CNCA high school students (grades 9–12)

- Partner College:

  -Los Angeles City College (LACC)

- Examples of Dual Enrollment Courses:

US History, US Government, Sociology, Psychology, and other general education courses that fall within various areas of the Cal-GETC pattern.

International Baccalaureate (IB) Courses

At this time, CNCA schools do not offer International Baccalaureate (IB) courses. If CNCA begins offering IB programs in the future, parents and guardians will be notified accordingly.

For more information or questions about Dual Enrollment opportunities, please contact Elizabeth Nicho, Director of College and Career Success at elizabeth.nicho@caminonuevo.org.

Graduation Ceremony Attire Policy

Education Code Section 35183.1 allows students to wear traditional tribal regalia or recognized items of religious or cultural significance as an adornment during graduation ceremonies and related school events. Students and families determine what qualifies as religious or cultural significance.

An “adornment” is something worn with or attached to the traditional cap and gown, but it does not replace the cap and gown.

The school will not require pre-approval for students to wear these items and will not require a student to wear a cap if it interferes with the selected adornment.

The school may prohibit any item that is likely to cause a substantial disruption or interfere with the ceremony.

Campus Search and Seizure

The Charter School recognizes and has determined that the occurrence of incidents which may include the possession of firearms, weapons*, alcohol, controlled substances, or other items of contraband prohibited by law or Charter School rules and regulations, jeopardizes the health, safety and welfare of students and Charter School employees.

The California Constitution requires that all students and staff of public schools have the inalienable right to attend campuses which are safe, secure, and peaceful. As such, Charter School has adopted a Policy outlining the reasonable search of students and their property, student use areas, and/or student lockers and the seizure of illegal, unsafe, unauthorized or contraband items and materials through a search based upon reasonable suspicion.

Student lockers, including P.E. lockers are school property and remain at all times under the control of the Charter School. Students shall assume full responsibility for the security of their lockers. Student lockers may not be used to store illegal, unauthorized, or contraband materials. The acceptance and use of locker facilities on school campus by any student shall constitute consent by the student to the search of such locker facilities by authorized school personnel and/or law enforcement. Inspections of lockers may be conducted by school personnel and/or law enforcement through the use of trained dogs.

A student’s personal cell phone, smartphone, or other personal electronic device shall not be searched by school officials without a warrant, the student's consent, or a legitimate emergency, unless the device is lost or abandoned. An emergency is any situation involving danger of death or serious physical injury to any person, that requires access to the information located or reasonably believed to be located on the electronic device. If the Charter School has a good faith belief that the device is lost, stolen, or abandoned, the Charter School may only access electronic device information in order to attempt to identify, verify, or contact the owner of the device.

The Charter School is not prohibited from seizing/confiscating a student’s personal electronic device, without searching its contents, if the student’s use or possession of the private electronic device is in violation of Charter School rules or regulations.

*In alignment with guidance from the California Department of Education, a “weapon” at school is not limited to just guns or knives. While laws specifically name items such as firearms, knives, explosives, and imitation weapons, they also include any “dangerous object” that could cause harm. This means that everyday items may be considered weapons if they are used to threaten, hurt or injure someone. Examples: firearms (real guns), knives (including specific blade types), explosives, BB guns / pellet guns, tasers / stun guns, dirks, daggers, ice picks, imitation firearms (toy guns, airsoft guns, replica firearms), etc. School staff will use judgment based on the situation, and possession of any weapon or dangerous object may result in serious disciplinary, including suspension or expulsion.

Cancer Prevention Act

Students in the state are advised to adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices (ACIP) of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papillomavirus (HPV) immunization before admission or advancement to the eighth grade level of any private or public elementary or secondary school.

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade. Kids who wait until later to get their first dose of HPV vaccine may need three doses.

HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks.

Concussion/Head Injuries

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Because the Charter School has elected to offer an athletic program, we must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until the athlete is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete’s parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any

symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away. Signs of concussion may be observed by parents/guardians or may be reported by the student.

Signs Observed by Parents

• Appears dazed or stunned • Forgets an instruction, is confused about an assignment or position, or is unsure of the game, score, or opponent • Moves clumsily • Answers questions slowly • Loses consciousness (even briefly) • Shows mood, behavior, or personality changes • Can't recall events prior to or after a hit or fall.

Symptoms Reported by Teens

• Headache or "pressure" in head • Nausea or vomiting • Balance problems or dizziness, or double or blurry vision • Bothered by light or noise • Feeling sluggish, hazy, foggy, or groggy • Confusion, or concentration or memory problems • Just not "feeling right," or "feeling down"

All CNCA athletic coaches are trained annually on concussion safety. All students participating in extracurricular athletics must have a release form signed by a parent/guardian on file with the school. If a student is suspected to have experienced a concussion, they will be removed immediately from the activity and will not be allowed to return to the activity unless cleared by a medical professional.

1. A description of type 2 diabetes.
2. A description of the risk factors and warning signs associated with type 2 diabetes.

The Charter School will provide an information sheet regarding type 1 diabetes to the parent or guardian of a student when the student is first enrolled in elementary school, pursuant to Education Code Section 49452.6. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of type 1 diabetes.
2. A description of the risk factors and warning signs associated with type 1 diabetes.

3. A recommendation that parents or guardians of students displaying warning signs associated with type 1 diabetes should immediately consult with the student's primary care provider to determine if immediate screening for type 1 diabetes is appropriate.
4. A description of the screening process for type 1 diabetes and the implications of test results.
5. A recommendation that, following a type 1 diagnosis, parents or guardians should consult with the pupil's primary care provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

A copy of the information sheet regarding type 1 diabetes is available at: https://www.cde.ca.gov/ls/he/hn/type1diabetes.asp. Please contact the office if you need a copy of this information sheet or if you have any questions about this information sheet.

Dangers of Synthetic Drugs

The illicit use and abuse of synthetic drugs represents an emerging and ongoing public health threat in California. The fentanyl crisis specifically, has impacted communities across the state, leading to a sharp increase in fentanyl poisonings and deaths in recent years. This notice aims to address the crisis with a preventative approach ensuring students and families are educated on the deadly consequences of recreational drug use.
A synthetic drug is a drug with properties and effects similar to a known hallucinogen or narcotic but having a slightly altered chemical structure, especially such a drug created in order to evade existing restrictions against illegal substances. Synthetic drugs include but are not limited to synthetic cannabinoids ("synthetic marijuana," "Spice," "K2"), methamphetamines, bath salts, and fentanyl.

The California Department of Public Health ("CDPH") has expounded on the extreme danger of drugs laced with fentanyl. Illicit fentanyl can be added to other drugs to make them cheaper, more powerful, and more addictive. Illicit fentanyl has been found in many drugs, including heroin, methamphetamine, counterfeit pills, and cocaine. Fentanyl mixed with any drug increases the likelihood of a fatal overdose. Furthermore, it is nearly impossible to tell if drugs have been laced with fentanyl without additional testing, because fentanyl cannot be seen, smelled, or tasted when used as a lacing agent. Social media platforms may be used as a way to market and sell synthetic drugs, such as fentanyl.

Additional information regarding fentanyl from the CDPH's Substance and Addiction Prevention Branch can be found here.

This also includes a "pupil participating in a newcomer program," as defined in Education Code section 51225.2, as that section read on January 1, 2023, who was enrolled in the Charter School before January 1, 2024. The Charter School may, in its discretion, also extend the rights in Education Code sections 51225.1 and 51225.2 to a "pupil participating

For a foster youth who is an individual with exceptional needs as defined in Education Code section 56026, "school" as used in the definition of "school of origin" includes a placement in a nonpublic, nonsectarian school as defined in Education Code section 56034, subject to the requirements of Education Code section 56325.

- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.

- *"Partial coursework satisfactorily completed"* includes any portion of an individual course, even if the student did not complete the entire course.

Within this notice, foster youth, former juvenile court school students, a child of a military family, a currently migratory child, and a newcomer pupil will be collectively referred to as "Foster and Mobile Youth." Within this notice, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a "parent/guardian" or "ERH."

Foster and Mobile Youth Liaison: The Executive Director or designee designates the following staff person as the Liaison for Foster and Mobile Youth:

Kimberly Plaza, Director of Family Engagement & Advocacy at the Home Support Office
- Yesenia Rivas at Castellanos and Eisner
- Lilian Ramirez at Kayne Siart
- Jazmin Romero at Burlington
- Citlali Castillo at Dalzell Lance

The Foster and Mobile Youth Liaison's responsibilities include but are not limited to the following:

1. Ensuring and facilitating the proper educational placement, enrollment in school, and checkout from school of foster children.

2. Assisting foster children when transferring from one school to another school in ensuring proper transfer of credits, records and grades.

School Stability: The Charter School will work with foster youth and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a foster youth, currently migratory child or child of a military family seeking reenrollment in the Charter School as the student's school of origin (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy). If a dispute arises regarding a foster youth's request to remain in the Charter School as the school of origin, the foster youth has the right to remain in the Charter School pending the resolution of the dispute. The Charter School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the Charter School (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the child's status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.

2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on non school days, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

High School Graduation Requirements: Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and newcomer pupils who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, may be used, whichever will qualify the student for the exemption. For a newcomer pupil, enrollment in grade 11 or 12, based on the average age of students in the third or fourth year of high school, may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the parent/guardian, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.

2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt

the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated.

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of Foster and Mobile Youth.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's additional graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Consult with the student and the student's ERH regarding the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.

2. Consult with the student, and the ERH for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.

3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the student's ERH.

5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide the pupil the option of remaining in school for a fifth (5^{th}) year to complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and their ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.

2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education.

3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the pupil transfers between schools, or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, Charter School shall reevaluate eligibility;
2. Provide written notice to the pupil, the pupil's ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and the pupil's ERH of the pupil's options to:
    i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**

ii. Upon agreement with the pupil's ERH, stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the pupil's ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements: Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this notice, "pupil category" means the categories of pupils identified in the "Definitions" section of this Policy, above.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Student Records: When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency ("LEA"), the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational recordkeeping needs of Foster and Mobile Youth.

The Charter School shall not lower a foster youth's grades as a result of the student's absence due to a verified court appearance, related court ordered activity, or a change in the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student

made by a county or placing agency, the grades and credits of the pupil will be calculated as of the date the student left the Charter School.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parent/guardian consent. Students who are 16 years of age or older or have finished 10th grade may access their own school records.

Discipline Determinations: If the Charter School intends to extend the suspension of any foster youth pending a recommendation for expulsion, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation for expulsion is discretionary, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

Complaints of Noncompliance: A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Availability of Complete Policy: For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the main office.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: https://www.cde.ca.gov/sp/hs/

Housing Questionnaire: Charter School shall administer a housing questionnaire for purposes of identifying homeless children and youth. Charter School shall ensure that the housing questionnaire is based on the best practices developed by the CDE. Charter School shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at Charter School. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in English, and if fifteen (15) percent or more of the students enrolled at Charter School speak a single primary language other than English, it shall also be written in the primary language. The questionnaire shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. Charter School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

School Stability: The Charter School will work with homeless students and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a homeless student's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Homeless students have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a homeless student seeking re enrollment in the Charter School as the student's school of origin (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy). The Charter School will also immediately enroll any homeless student seeking to transfer to the Charter School (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous

school).

Homeless students have the right to remain in their school of origin following the termination of the child's status as a homeless student as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.

2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to homeless students. Notwithstanding any other law, if the homeless student will be moving during an intersession period, the pupil's parent, guardian, educational rights holder, Indian custodian[17] in the case of an Indian child, or, if none of the preceding are applicable, an accompanied homeless student themselves shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on non school days, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

High School Graduation Requirements: Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for pupils with significant gaps in school attendance, the pupil's age as compared to the average age of pupils in the third or fourth year of high school may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder ("ERH"), and the School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional

[17] "Indian custodian" means any Indian person who has legal custody of an Indian child under tribal law or custom or under State law or to whom temporary physical care, custody, and control has been transferred by the parent of such child. *Section 1903 of Title 25 of the United States Code*

graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.

2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a homeless student who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer homeless.

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's additional graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Consult with the student and the student's ERH regarding the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.

2. Consult with the student, and the ERH for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.

3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the student's ERH.

5. Consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a homeless student **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide the pupil the option of remaining in school for a fifth (5^{th}) year to complete the statewide coursework requirements. Charter School shall consult with the homeless student and the student's ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.

2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education.

3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a homeless student is **not** eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, Charter School shall reevaluate eligibility;

2. Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation , based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and the ERH of the pupil's options to:
    1. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**
    2. Upon agreement with the ERH, stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements: Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School

shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Complaints of Noncompliance: A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Availability of Complete Policy: For any homeless student who enrolls at the Charter School, a copy of the Charter School's complete policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the main office.

English Learners

The Charter School is committed to the success of its English Learners and support will be offered both within academic classes and in supplemental settings for students who need additional support for English language learning. The Charter School will meet all applicable legal requirements for English Learners as they pertain to annual notification to parents, student identification, placement, program options, English Learners and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding English Learners and the rights of students and parents.

Information Regarding Financial Aid

Pursuant to California Education Code § 51225.8, the Charter School shall ensure that each student receives information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or, if applicable, the California Dream Act Application (CADAA), at least once before the student enters grade 12. This information shall include, but is not limited to, the types of documentation and information required to complete the application, applicable deadlines, and the importance of timely submission. A paper copy of either application will be provided upon request.

The FAFSA form and additional information are available at:
https://studentaid.gov/h/apply-for-aid/fafsa

The California Dream Act Application and additional information are available at:
https://dream.csac.ca.gov/landing

Pursuant to California Education Code § 51225.7, the Charter School shall ensure that each student in grade 12 does one of the following prior to graduation:

1. Completes and submits a FAFSA to the United States Department of Education or, if the student is exempt from paying nonresident tuition pursuant to Education Code section 68130.5, a CADAA to the California Student Aid Commission;
2. Submits a signed opt-out form; or is otherwise exempt as permitted by law.

The Charter School shall notify students and their parents/guardians of this requirement, the benefits of applying for financial aid, and the option to opt out, and shall provide appropriate support and resources to assist students in completing the application.

Human Trafficking Prevention

California has the highest number of incidents of human trafficking in the U.S., and all students may be vulnerable. The Charter School believes it is a priority to inform our students about (1) the prevalence, nature of and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance, and (2) how social media and mobile device applications are used for human trafficking.

In accordance with the California Healthy Youth Act, the Charter School will provide age-appropriate instruction on the prevention of human trafficking, including sexual abuse, assault, and harassment. You have the right to excuse your child from all or part of the instruction on the prevention of human trafficking. An opt-out form is available at the main office for your convenience. Your consent for this instruction is NOT required. If we do not receive a written request to excuse your child, your child will be included in the instruction.

Information and materials for parents/guardians about the curriculum and resources on prevention of human trafficking and abuse, including sexual abuse, assault, and harassment are available on Charter School's website for your review.

For information on how to share this with your children and other safety resources, visit the National Center for Missing & Exploited Children's KidSmartz website: https://www.kidsmartz.org/ParentTips

Immunizations

Pursuant to the California Health and Safety Code and the California Code of Regulations, children must provide proof of having received required immunizations (shots) before they can attend school unless they meet the requirements for an exemption. Immunization records are required for all incoming students. Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. To ensure a safe learning environment for all students, the Charter School follows and abides by the health standards set forth by the state of California. The immunization status of all students will be reviewed periodically. Those

students who are not in compliance with the State requirements must be excluded from attendance until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the Charter School.

These required immunizations include:

Child's Grade	List of shots required to attend school
TK/K-12 Admission	Diphtheria, Tetanus and Pertussis (DTaP) - Five (5) doses Polio - Four (4) doses Measles, Mumps, and Rubella (MMR) - Two (2) doses Hepatitis B (Hep B) - Three (3) doses Varicella (chickenpox) – Two (2) doses **NOTE:** Four doses of DTaP are allowed if one was given on or after the fourth birthday. Three doses of DTaP meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday (also meets the 7th-12th grade Tdap requirement.) One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement for DTaP. Three doses of Polio are allowed if one was given on or after fourth birthday. MMR doses must be given on or after the first birthday. Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines.
Entering 7th Grade	Tetanus, reduced Diphtheria, and acellular Pertussis (Tdap) - One (1) dose **NOTE:** In order to begin 7th grade, students who had a valid personal belief exemption on file with a public or private elementary or secondary school in California before January 1, 2016 must meet the requirements listed for grades K-12 as well as requirements for 7th grade advancement. At least one dose of pertussis-containing vaccine is required on or after the 7th birthday.

Involuntary Removal Process

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays before the effective date of the action ("Involuntary Removal Notice"). The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder. The Involuntary Removal Notice shall include the charges against the student and an explanation of the student's basic rights including the right to request a hearing before the effective

date of the action. The hearing shall be consistent with the Charter School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the Charter School's suspension and expulsion policy.

Upon parent/guardian request for a hearing, the Charter School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall include a copy of the Charter School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If the parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the student will be disenrolled effective the date of the hearing.

If, as a result of the hearing, the student is disenrolled, notice will be sent to the student's last known school district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent the Charter School from making a similar recommendation in the future should student truancy continue or reoccur.

Mandated Health Screenings

In accordance with California Department of Education requirements, schools conduct routine health screenings to support student learning and well-being. These screenings include vision and hearing assessments for students in state-required grade levels and for new enrollees. The purpose is to identify potential health concerns that may impact a student's ability to learn. Parents/guardians will be notified if screening results indicate a possible concern and are encouraged to follow up with a healthcare provider. Parents/guardians may opt out of these screenings by submitting a written request to the school.

Lost or Damaged School Property

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, the Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, the Charter School will

provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

Mental Health Services

The Charter School recognizes that when unidentified and unaddressed, mental health challenges can lead to poor academic performance, increased likelihood of suspension and expulsion, chronic absenteeism, student attrition, homelessness, incarceration, and/or violence. Access to mental health services at the Charter School and in our community is not only critical to improving the physical and emotional safety of students, but it also helps address barriers to learning and provides support so that all students can learn problem-solving skills and achieve in school and, ultimately, in life. The following resources are available to your child:

The Charter School shall not encourage a student currently attending Charter School to disenroll or transfer to another school based on any of the aforementioned reasons except in cases of expulsion and suspension or involuntary removal in accordance with the Charter School's charter and relevant policies.

The Charter School does not request nor require student records prior to a student's enrollment.

The Charter School shall provide a copy of the California Department of Education Complaint Notice and Form to any parent, guardian, or student over the age of 18 at the following times: (1) when a parent, guardian, or student over of the age of 18 inquires about enrollment; (2) before conducting an enrollment lottery; and (3) before disenrollment of a student.

The Charter School is committed to providing an educational atmosphere that is free of unlawful harassment under Title IX of the Education Amendments of 1972 (sex); Titles IV, VI, and VII of the Civil Rights Act of 1964 (race, color, or national origin); The Age Discrimination Act of 1975; the IDEIA; and Section 504 and Title II of the ADA (mental or physical disability).

The Charter School also prohibits sexual harassment, including cyber sexual bullying, and harassment based upon pregnancy, childbirth or related medical conditions, race, religion, religious affiliation, creed, color, immigration status, gender, gender identity, gender expression, national origin or ancestry, physical or mental disability, medical

condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation.

The Charter School does not condone or tolerate harassment of any type, including discrimination, intimidation, or bullying, including cyber sexual bullying, by any employee, independent contractor or other person with which the Charter School does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender.

Pursuant to California law and the California Attorney General's guidance to K-12 schools in responding to immigration issues ("Guidance"), Charter School provides equal access to free public education, regardless of a student's or their parent's or guardian's immigration status or religious beliefs. The complete Guidance, including *Appendix G – Know Your Rights* can be reviewed via the following link:

Opioid Information Sheet

The Charter School annually provides each athlete with an Opioid Factsheet for Patients published by the Centers for Disease Control and Prevention. The athlete and, if the athlete is 17 years of age or younger, the athlete's parent or guardian shall sign a document acknowledging receipt of the Opioid Factsheet for Patients and return that document to the Charter School before the athlete initiates practice or competition. Students enrolled in transitional kindergarten or kindergarten in a public school or while enrolled in first grade if the student was not previously enrolled in kindergarten in a public school are required to present proof of having

received an oral health assessment completed by a dental professional that was performed within 12 months before the student's initial enrollment in a public school. Please contact the main office if you have questions about this requirement.

Parent and Family Engagement Policy

Camino Nuevo Charter Academy aims to provide all students in our school a significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). Camino Nuevo Charter Academy staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success. A copy of our complete Policy is available upon request in the main office.

Physical Examinations and Right to Refuse

A parent/guardian having control or charge of any child enrolled in the Charter School may file annually with the Executive Director a written and signed statement stating that the parent/guardian will not consent to a physical examination of the child. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall be sent home and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist.

Pregnant and Parenting Students

The Charter School recognizes that pregnant and parenting students are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting student is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the student's physician, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. The Charter School will ensure that absences from the student's regular school program are excused until the student is able to return to the regular school program.

Upon return to school after taking parental leave, a pregnant or parenting student will be able to make up work missed during the pregnant or parenting student's leave, including, but not limited to, makeup work plans and reenrollment in courses. Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in the Charter School if it is necessary in order for the student to be able to complete any graduation requirements, unless the Charter School determines that the student is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting students may be filed under the Uniform Complaint Procedures ("UCP") of the Charter School. The complaint may be filed in writing with the compliance officer:

Home Support Office
3435 W. Temple St.

Safe Storage of Firearms

The purpose of this notice is to inform and to remind parents and legal guardians of all students at the Charter School of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this notice spells out California law regarding the storage of firearms. Please take some time to review this notice and evaluate your own personal practices to assure that you and your family are in compliance with California law:

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.
    - The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.

- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.

The county or city may have additional restrictions regarding the safe storage of firearms. Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

School Bus and Passenger Safety

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety. A copy of the complete Policy is available upon request at the main office.

School Safety Plan and Asbestos Management Plan

The Charter School has established a Comprehensive School Safety Plan. The Plan is available upon request at the Home Support Office.

The Charter School has also established an Asbestos Management Plan. The Plan is available upon request at the Home Support Office.

Section 504

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of the Charter School. Any student who has an objectively identified disability which substantially limits a major life activity, including, but not limited to learning, is eligible for accommodations by the Charter School. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Executive Director. A copy of the Charter School's Section 504 policies and procedures is available upon request at the main office.

Sexual Health Education

The Charter School offers comprehensive sexual health education to its students in grades 7-12. A parent or guardian of a student has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent ("opt-out") process. The Charter School does not require active parental consent ("opt-in") for comprehensive sexual health education and HIV prevention education. Parents and guardians may:

- Inspect written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education.
- Excuse their child from participation in comprehensive sexual health education and HIV prevention education in writing to the Charter School.
- Be informed whether the comprehensive sexual health or HIV/AIDS prevention education will be taught by Charter School personnel or outside consultants. When the Charter School chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV/AIDS prevention education, be informed of:
    - The date of the instruction
    - The name of the organization or affiliation of each guest speaker
- Request a copy of Education Code sections 51930 through 51939.

Anonymous, voluntary, and confidential research and evaluation tools to measure students' health behaviors and risks (including tests, questionnaires, and surveys containing age-appropriate questions about the student's attitudes concerning or practices relating to sex) may be administered to students in grades 7-12. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must state their request in writing to the Charter School.

A student may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on student health behaviors and risks if the Charter School has received a written request from the student's parent or guardian excusing the student from participation. An alternative educational activity shall be made available to students whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

Special Education /Students with Disabilities

We are dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. The Charter School provides special education instruction and related services in accordance with the Individuals with Disabilities Education Improvement Act ("IDEA"), Education Code requirements, and applicable policies and procedures of the [SELPA/AUTHORIZER]. These services are available for special education students enrolled at the Charter School. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. The Charter School collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

Pursuant to the IDEA and relevant state law, the Charter School is responsible for identifying, locating, and evaluating children enrolled at the Charter School with known or suspected disabilities to determine whether a

need for special education and related services exists. This includes children with disabilities who are homeless or foster youth. The Charter School shall not deny nor discourage any student from enrollment solely due to a disability. If you believe your child may be eligible for special education services, please contact the main office.

State Testing

The Charter School shall annually administer required state testing to the applicable grades (e.g., the California Assessment of Student Performance and Progress ["CAASPP"].) Notwithstanding any other provision of law, a parent's or guardian's written request to Charter School officials to excuse their child from any or all parts of the CAASPP shall be granted. Upon request, parents have a right to information on the level of achievement of their student on every State academic assessment administered to the student.

Student Records, including Records Challenges, Directory Information, and CCGI Notice

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 5 business days after the day the Charter School receives a request for access. Parents or eligible students should submit to the Charter School Executive Director or designee a written request that identifies the records they wish to inspect. The Charter School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

   Parents or eligible students who wish to ask the Charter School to amend a record should write the Charter School's Executive Director or designee, clearly identify the part of the record they want changed and specify why it should be changed. If the Charter School decides not to amend the record as requested by the parent or eligible student, the Charter School will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. If the Charter School decides to amend the record as requested by the parent or eligible student, the Executive Director must order the correction or the removal and destruction of the information and inform the parent or eligible student of the amendment in writing.

3. The right to provide written consent before the Charter School discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

   One exception, which permits disclosure without consent, is disclosure to Charter School officials with legitimate educational interests. A Charter School official is a person employed by the Charter School as an

administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Charter School's Board of Directors. A Charter School official also may include a volunteer, consultant, vendor, or contractor outside of the Charter School who performs an institutional service or function for which the Charter School would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, therapist, or contracted provider of digital educational platforms and/or services; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another Charter School official in performing their tasks. A Charter School official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Upon request, the Charter School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Note that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

    Student Privacy Policy Office
    U.S. Department of Education
    400 Maryland Avenue, SW
    Washington, DC 20202

5. The right to request that the Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

FERPA permits the disclosure of PII from a student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to Charter School officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the Charter School to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A Charter School may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student to the following parties:

1. Charter School officials who have a legitimate educational interest as defined by 34 C.F.R. Part 99;

2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, the Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. The Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at the parent's or eligible student's last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, the Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for a hearing;
3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
5. Organizations conducting certain studies for the Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F);
6. Accrediting organizations in order to carry out their accrediting functions;
7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or non related extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by the Charter School for students and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by the Charter School; and/or
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceedings conducted by the Charter School with respect to that alleged crime or offense. The Charter School discloses the final results of the disciplinary proceeding regardless of whether the Charter School concluded a violation was committed.

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. The Charter School may disclose the personally identifiable information that it has designated as directory information without a parent's or eligible student's prior written consent. The Charter School has designated the following information as directory information:

1. Student's name
2. Student's address
3. Parent's/guardian's address
4. Telephone listing
5. Student's electronic mail address
6. Parent's/guardian's electronic mail address
7. Photograph/video
8. Date and place of birth
9. Dates of attendance
10. Grade level
11. Participation in officially recognized activities and sports
12. Weight and height of members of athletic teams
13. Degrees, honors, and awards received
14. The most recent educational agency or institution attended
15. Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

If you do not want the Charter School to disclose directory information from your child's education records without your prior written consent, you must notify the Charter School in writing at the time of enrollment or re-enrollment.

A copy of the complete Policy is available upon request at the main office.

Please note that data collected and reported by Charter School to the California Longitudinal Pupil Achievement Data System ("CALPADS"[18]) pursuant to state law, will be shared with the California College Guidance Initiative ("CCGI"[19]) and will:

1) Be used to provide pupils and families with direct access to online tools and resources.
2) Enable a pupil to transmit information shared with the CCGI to both of the following:
   a. Postsecondary educational institutions for purposes of admissions and academic placement.
   b. The Student Aid Commission for purposes of determining eligibility for, and increasing uptake of, student financial aid.

[18] CALPADS is a database maintained by the CDE which consists of pupil data from elementary and secondary schools relating to, among other things, demographic, program participation, enrollment, and statewide assessments data.

[19] CCGI is an authorized provider of an institutional service to all California local educational agencies and part of the state's efforts to make college-going a more streamlined experience for students. The CCGI currently receives enrollment data for all public-school students enrolled in grades six through twelve from the California Department of Education ("CDE").

Please visit the CCGI website at CaliforniaColleges.edu to access resources that help students and their families learn about college admissions requirements.

Surveys About Personal Beliefs

Unless the student's parent/guardian gives written permission, a student will not be given any test, questionnaire, survey, or examination containing any questions about the student's, or the student's parents' or guardians' personal beliefs or practices in sex, family life, morality, or religion.

Teacher Qualification Information

As the Charter School receives Title I federal funds through the Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by the Every Student Succeeds Act ("ESSA"), all parents/guardians of students attending the Charter School may request information regarding the professional qualifications of classroom teachers and/or paraprofessionals, including at a minimum:

1. Whether the student's teacher:
    a. Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
    b. Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
    c. Is teaching in the field of discipline of the certification of the teacher; and
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Upon request, the Charter School will provide the information to the parents/guardians in a timely manner. Parents/guardians may contact Yedid Ruvalcaba [213-417-3400] to obtain this information.

Tobacco-Free Schools

Ample research has demonstrated the health hazards associated with the use of tobacco products, including smoking and the breathing of secondhand smoke. The Charter School provides instructional programs designed to discourage students from using tobacco products. The Charter School's Governing Board recognizes that smoking and other uses of tobacco and nicotine products constitute a serious public health hazard and are inconsistent with the goals of the Charter School to provide a healthy environment for students and staff.

In the best interest of students, employees, and the general public, the Board therefore prohibits the use of tobacco products at all times on Charter School property and in Charter School vehicles. This prohibition applies to all employees, students, visitors, and other persons at school or at a school-sponsored activity or athletic event. It applies to any meeting on any property owned, leased, or rented by or from the Charter School.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. Smoking or use of any tobacco-related product is also prohibited within 250 feet of the youth sports event in the same park or facility where a youth sports event is taking place. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

The Executive Director or designee shall inform students, parents/guardians, employees, and the public about this policy. All individuals on Charter School premises share in the responsibility of adhering to this policy. Additionally, the Charter School will post signs stating "Tobacco use is prohibited" prominently at all entrances to school property.

Uniform Complaint Procedure (“UCP”)

The Charter School is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. The Charter School shall investigate and seek to resolve complaints using policies and procedures known as the Uniform Complaint Procedure (“UCP”) adopted by our Governing Board for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation, or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any Charter School program or activity. Unlawful discrimination includes, but is not limited to, noncompliance with Education Code section 243(a) or 244(a).

2. Complaints alleging a violation of state or federal law or regulation governing the following programs:

    - Accommodations for Pregnant, Parenting or Lactating Students;

3. Complaints alleging noncompliance with laws relating to pupil fees. A student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity. A pupil fee includes, but is not limited to, all of the following:

   - A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.
   - A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.
   - A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

   Complaints of noncompliance with laws relating to pupil fees may be filed with the Executive Director or the Compliance Officer identified below.

4. Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or Local Control and Accountability Plans ("LCAP") under Education Code sections 47606.5 and 47607.3, as applicable. If the Charter School adopts a School Plan for Student Achievement ("SPSA") in addition to its LCAP, complaints of noncompliance with the requirements of the SPSA under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under the UCP.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints regarding state preschool health and safety issues in local educational agencies exempt from licensing are governed by 5 C.C.R. sections 4690-4694, except as otherwise indicated. The Charter School is operating the following preschool programs as exempt from licensing pursuant to Health and Safety Code section 1596.792(o)

and corresponding Title 5 health and safety regulations. The Charter School is operating the following preschool programs pursuant to Title 22 licensing requirements.

Complaints other than complaints relating to pupil fees must be filed in writing with the following Compliance Officer:

Vice President of Operations
Home Support Office
3435 W. Temple St.
Los Angeles, CA 900226
213-417-3400

Only complaints regarding pupil fees, LCAP, or noncompliance with Education Code section 243 or 244 may be filed anonymously and only if the anonymous complainant provides evidence or information leading to evidence to support an allegation of noncompliance with the respective applicable laws.

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. All other complaints under the UCP shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Charter School's Board of Directors approved the LCAP or the annual update was adopted by the Charter School.

The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and the Charter School's UCP Policy. The Compliance Officer shall provide the complainant with a final written investigation report ("Decision") within sixty (60) calendar days from the Charter School's receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal the Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if the Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with the Charter School, a copy of the Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. The Charter School failed to follow its complaint procedures.

2. Relative to the allegations of the complaint, the Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.

3. The material findings of fact in the Charter School's Decision are not supported by substantial evidence.

4. The legal conclusion in the Charter School's Decision is inconsistent with the law.

5. In a case in which the Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

A complainant who appeals the Charter School's Decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

Complaints alleging noncompliance with Education Code section 243 or 244 may be filed with the SSPI directly, and the SSPI may directly intervene without waiting for an investigation by the Charter School. The complainant shall present the SSPI with evidence that supports the basis for the direct filing and why immediate action is necessary.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If the Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, the Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 C.C.R. § 4622.

A copy of the UCP shall be available upon request free of charge in the main office. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.

School Meals and Student Wellness

Pursuant to California law, the Charter School shall make available a nutritionally adequate breakfast and a nutritionally adequate lunch free of charge and with adequate time to eat, during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one (1) free breakfast meal and one (1) free lunch meal during each school day. This shall apply to all pupils in kindergarten through grade twelve (12).

Applications for school meals are included in the first day packets to all families and can also be obtained on the Charter School website and in the main office. All families are encouraged to complete the application form. Completed application forms can be returned to the main office. Income eligibility guidelines for federally funded free and reduced-price meals are available at: https://www.cde.ca.gov/ls/nu/rs/

Based on a parent/guardian's annual earnings, a parent/guardian may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you a parent/guardian does not owe federal taxes, they must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov.

A parent/guardian may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its website at www.ftb.ca.gov.

Charter School shall allow students, teachers, and staff to bring and carry water bottles. Water bottles may be excluded from libraries, computer labs, science labs, and other places where it is deemed dangerous to have drinking water. Charter School may develop additional policies regarding the types of water bottles that may be carried.

Charter School adheres to all applicable requirements regarding placement and maintenance of water bottle refilling stations on campus.

Charter School shall encourage water consumption through promotional and educational activities and signage that focus on the benefits of drinking water and highlight any water bottle filling stations that are located on campus.

A copy of the complete Wellness Policy, which includes the Charter School's meal charge policy, is available upon request at the Home Support Office. The Charter School also maintains a School Wellness Policy pursuant to state and federal requirements.

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, Charter School is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: https://www.usda.gov/sites/default/files/documents/ad-3027.pdf, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

Charter School is an equal opportunity provider.

Use of Student Information Learned from Social Media

The Charter School complies with all federal, state, and local guidelines regarding the gathering and/or maintenance of information about any enrolled student obtained from social media in the student's educational record. The Charter School gathers student information from social media. Such information shall be maintained in the Charter School's records with regard to the student and shall be destroyed within one (1) year after a student turns 18 years of age or within one (1) year after the student is no longer enrolled in the Charter School, whichever occurs first. A non-minor student or a student's parent or guardian may access the student's records for examination of the information, request the removal of information or corrections made to information gathered or maintained by the Charter School by contacting the Executive Director.

Workplace Readiness Week and Work Permits

The week of each year that includes April 28 shall be known as "Workplace Readiness Week." All public high schools, including charter schools, shall annually observe that week by providing information to students on their rights as workers.

Beginning August 1, 2024, any minor seeking the signature of a Charter School verifying authority on a Statement of Intent to Employ a Minor and Request for a Work Permit-Certificate of Age will be issued, before or at the time of receiving the signature of the verifying authority, a document clearly explaining basic labor rights extended to workers. An infographic explaining these rights is available at:
https://laborcenter.berkeley.edu/wp-content/uploads/2024/05/Know-Your-Rights-FINAL.pdf

Updates on New Laws

Expulsion Rehabilitation & Readmission

If a student is expelled, the school will provide a written rehabilitation plan with clear expectations and supports (such as counseling, academic help, or behavior services) to help the student prepare to return. The school will review progress before the end of the expulsion period and generally readmit students who meet requirements and do not pose a safety risk. Families will be informed of all steps, timelines, and their right to request review.

Harassment, Intimidation, Discrimination & Bullying

CNCA prohibits all forms of bullying, harassment, discrimination, and intimidation, including online (cyberbullying). This includes behavior that makes students feel unsafe, targeted, or unable to learn. The school investigates reports promptly, protects student privacy, and does not allow retaliation. Students who engage in this behavior may face disciplinary action. Families are encouraged to report concerns immediately.

Response to Immigration Enforcement

CNCA protects all students' privacy, safety, and access to education regardless of immigration status. The school does not collect immigration information and only releases student records when required by a valid court order or

warrant. If immigration officers come to campus, staff follow strict procedures and notify administration immediately. The school supports families and connects them to resources when needed.

Smartphone Use Policy

To support learning and well-being, students are not allowed to use smartphones or any personal electronic devices during the school day unless specifically permitted. Devices must be stored off and away if brought to school. Devices include but are not limited to cell phones, MP3 players, Meta glasses/Smart glasses, tablets, portable video game systems, and headphones etc. These may not be used during school hours without permission. Exceptions include instructional use, medical needs, IEP/504 accommodations, or emergencies. Devices may be confiscated if misused. The school is not responsible for lost or damaged devices.

Response to Threats & School Safety

CNCA takes all threats seriously to ensure a safe school environment. Any threat or concerning behavior should be reported immediately to staff. The school investigates quickly, assesses risk, and takes appropriate action, which may include safety measures, counseling support, family contact, or law enforcement involvement when necessary. Students may face discipline and supportive interventions.

Graduation Cultural Adornments

CNCA affirms students' right to wear cultural, religious, or identity-based adornments at graduation and related ceremonies without requiring prior approval, ensuring students may fully express their identity as long as it does not disrupt the event or create safety concerns.

Referral Protocols for Addressing Pupil Behavior Health Concerns

If a student shows signs of distress or behavioral health concerns, staff will identify the need early and connect the student to appropriate support in a timely and caring manner. Families will be informed and involved throughout the process, and the school will provide or coordinate services through school-based supports and/or community providers. All concerns are taken seriously, and student safety is our top priority.

Parent Involvement

Camino Nuevo Charter Academy is committed to partnering with families to support student success. In accordance with Title I federal requirements, each CNCA campus has developed a Parent Involvement Policy that outlines how families can participate in their child's education, including opportunities to engage in school planning and decision-making, access information about curriculum and assessments, and collaborate with staff through the School-Parent Compact. This policy is reviewed and updated annually with input from parents and then approved by our Board of Directors. A copy is available at each school's main office and is sent to all families at the start of each school year via ParentSquare.

This handbook provides a summary of key policies and procedures intended to support families and students. It does not contain the full text of all school or organizational policies. For complete and most up-to-date policy information, please contact the Home Support Office or visit our website at https://www.caminonuevo.org/apps/pages/policies

Acceptable Use of Technology Agreement

The Charter School believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
    a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
    b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.
2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.
3. **Protection Measures.** While the Charter School is able to exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff, employees, officers, directors or volunteers shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. The student and parent/guardian agree not to hold the Charter School or any Charter School staff, employees, officers, directors or volunteers

responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. They also agree to indemnify and hold harmless the Charter School, Charter School staff, employees, officers, directors and volunteers for any damages or costs incurred. Parents/guardians are required to supervise and monitor their child's use of CNCA equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any CNCA equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate Charter School policy or local law. These include but are not limited to:
    a. Playing games or online gaming.
    b. Downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.
    c. Installing software on Charter School equipment without the permission of a teacher or other authorized Charter School staff person.
    d. Downloading, viewing or sharing inappropriate content, including pornographic, defamatory or otherwise offensive material.
    e. Conducting any activity that is in violation of Charter School policy, the student code of conduct or local, state or federal law.
    f. Engaging in any activity that is harmful to other student(s), including the use of technology to harass, intimidate, bully or otherwise disrupt the educational process.
    g. Conducting for-profit business.
    h. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.
    i. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.
    j. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.

Title I School-Level Parental Involvement Policy
Camino Nuevo Charter Academy #3 (Castellanos/Eisner)

Camino Nuevo Charter Academy #3 has developed a written Title I parental involvement policy with input from Title I parents. This policy was developed through consultation with the Site-Based Council and in our Annual Title 1 Parent Meeting. The policy was distributed to parents of Title I students via our online platform (Parent Square) and printed copies are also available upon their request in our main office. The policy describes the means for carrying out the following Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].

Parental Involvement in the Title I Program

To engage parents in the Title I program at Camino Nuevo Charter Academy #3, the following practices have been established:

- The school convenes an annual meeting to inform parents of Title I students about Title I requirements, parents' rights to participate in the Title I program, and other additional information relevant to Title I.
  At the beginning of each school year, the school holds virtual and in-person parent meetings where the Family Services Coordinator shares updates for the school year with families. During this meeting, the leadership team shares programmatic opportunities, and parents are encouraged to get involved for the upcoming year.

- The school offers a flexible schedule of meetings for Title I parents, including morning and afternoon sessions as needed. These meetings are a combination of in-person and virtual formats, depending on the topic, nature, and activity involved.
  Parent meetings are scheduled at various times to accommodate the diverse needs of parents. As requested by families, our meetings are conducted in both in-person and virtual formats—via Google Meets—to address the varying needs of our families as best as possible.

- The school engages parents of Title I students in the planning process in an organized, continuous, and timely manner.
  During our School Site Council (SBC) meetings, the Principal solicits feedback from parents and teachers regarding which programs and services they value most, and which areas they would like to see emphasized in the school's funding plan. Title I parents who are members of the ELAC (English Language Advisory Committee) also participate in the LCAP monitoring and review

process by offering recommendations at the end of the school year in support of English Learner (EL) students and the curriculum.

- The school provides parents of Title I students with timely information regarding Title I programs.
  Parents receive bi-weekly newsletters via Parent Square. Each site has their own dedicated virtual office hour twice a month with the Family Services Coordinator and our school hosts a monthly hybrid "Cafécito" with Leaders". All these spaces and announcements aim to notify families about any changes, school events, workshops, and upcoming meetings or activities for parents, as well as to provide a platform for parents to bring matters of concern to the administration.

- The school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to reach.
  This information is shared during "Back-to-School Night," which takes place between August - September of each new school year. Parents are invited to meet directly with teachers to learn about assessments, the curriculum, and expectations. Additionally, during first-trimester conferences, teachers provide information during their meetings with parents regarding the curriculum, assessments, and proficiency levels. They also share strategies that can be adopted at home so that parents and teachers can work together to support students' academic achievement. Throughout the school year, parents of Title I students are invited to attend academic workshops (Mathematics, Reading, etc.) to build their capacity to support their children's learning at home.

- Upon request, the school offers parents of Title I students opportunities to participate in decisions related to their children's education. Parents of Title I students also have the opportunity—upon request—to observe their child's class in order to support their academic growth and learn directly about the classroom environment and the teacher's instructional approach.
  Parents of Title I students have access to this opportunity through our School Council. The Council meets monthly and offers parents the chance to participate in decision-making, raise concerns, or request a private meeting with the school principal. Parents do not need to be members of the Council to request private meetings, provide feedback, or observe their children's classes.

***The policy should be updated periodically to meet the evolving needs of both parents and the school. If the school has a process for involving parents in the planning and design of school programs, the school may*

use that process if it includes adequate representation of parents of Title I children. [20 USC 6318 Section 1118(c)(3)]

Families are invited to engage in the school community and in the academic life of their children at different levels. We understand that each family has different needs and that their level of involvement is going to vary. For this reason, our school offers a wide range of volunteer opportunities where families can choose the most convenient way to participate and get involved in the school community. Before, during, and after school opportunities are available. Another way to reach out to families who find it challenging to come to school is through home visits. Home visits are encouraged as a tool to establish a connection with families and offer support when coming to school becomes difficult.

En asociación con los consejos escolares, Camino Nuevo Charter Academy desarrolló la política. Cada año, CNCA también recopila comentarios de los padres para informar cualquier revisión de la política que pueda ser necesaria. Ha distribuido la política a los padres de estudiantes de Título I. La política describe los medios para llevar a cabo los siguientes requisitos de participación de los padres del Título I [20 USC 6318 Sección 1118(a)-(f) inclusive].

Participación de los padres en el programa Título I

Para involucrar a los padres en el programa Título I en Camino Nuevo Charter Academy, Campus Kayne Siart, se han establecido las siguientes prácticas:

- La escuela convoca una reunión anual para informar a los padres de estudiantes de Título I sobre los requisitos de Título I y sobre el derecho de los padres a participar en el programa de Título I. Al comienzo del año escolar, la escuela lleva a cabo reuniones de orientación para padres donde el director revisa las oportunidades de participación para los padres y comparte elementos esenciales de los marcos de enseñanza utilizados en las aulas. Board Summary

The Consolidated Application is used by the California Department of Education to distribute funds from various Federal programs to county offices, school districts, and charter schools throughout California. Every local educational agency (LEA) certifies the Spring Release data collections to document participation in Federal programs under the Every Student Succeeds Act (ESSA) and provide assurances that the LEA will comply with the legal requirements of each program.

This spring data collection for the 2026-27 application must be submitted by June 30, 2026, to request or decline participation in the federal programs listed below.

The Winter Release of the application, to be certified around February 2027, will contain each school's FY25-26 entitlements for each funded program. Program entitlements are determined by formulas contained in the laws that created the programs.

8. FIDUCIARY OBLIGATIONS. The governing board for each Party has reviewed the scope of services and compensation provided in this Agreement in good faith, and in a manner in which they believe to be in the best interests of their respective organizations, and with such care, including reasonable inquiry, as an ordinary prudent person in a like position would use under similar

circumstances, and have determined that the services contained herein are in the best interests of CNCA, and that the compensation to be paid by CNCA to PN-EDG for said services is fair and reasonable.

9. HEADINGS. The descriptive headings of the sections and paragraphs of this Agreement are inserted for convenience only, are not part of this Agreement, and do not in any way limit or amplify the terms or provisions of this Agreement.

10. ASSIGNMENT. No Party shall assign this Agreement, any interest in this Agreement, or its rights or obligations under this Agreement without the express prior written consent of the other Party hereto. This Agreement shall be binding on, and shall inure to the benefit of, the Parties and their respective permitted successors and assigns.

11. ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between the Parties with respect to the subject matter contained herein and supersedes all agreements, representations and understandings of the Parties with respect to such subject matter made or entered into prior to the date of this Agreement.

12. AMENDMENTS. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing by both Parties. The Parties anticipate additional services to be provided and negotiated directly by designees of the CNCA and PN-EDG boards.

13. WAIVER. No waiver of any provision of this Agreement shall constitute, or be deemed to constitute, a waiver of any other provision, nor shall any waiver constitute a continuing waiver. No waiver shall be binding unless executed in writing by the Party making the waiver.

14. CONTROLLING LAW. This Agreement shall be governed by and interpreted under the laws of the State of California.

15. ENFORCEMENT. If any provision of this Agreement is invalid or contravenes California law, such provision shall be deemed not to be a part of this Agreement and shall not affect the validity or enforceability of its remaining provisions, unless such invalidity or unenforceability would defeat an essential business purpose of this Agreement.

16. DISPUTE RESOLUTION. If there is any dispute or controversy between the Parties arising out of or relating to this Agreement, the Parties agree to confidentially meet in good faith to discuss a mutually amicable resolution to the dispute. If informal efforts at dispute resolution are not successful, the Party with the complaint will give written notice of the failure to resolve the dispute to the other Party. The Parties agree that, within thirty (30) days of the date of written notice of the failure to resolve the dispute despite good faith efforts, they will again meet with a mutually agreeable mediator for non-binding mediation in good faith, with each of the principal Parties present. If the Parties are still

unable to come to a resolution within thirty (30) days of the external mediation, the dispute will be arbitrated in Los Angeles County, California, before a retired California state or federal court judge under the Comprehensive Arbitration Rules of JAMS. The arbitrator, and not any federal, state, or local court or agency, shall have the exclusive authority to fully and finally resolve any dispute relating to the interpretation, applicability, enforceability, or formation of this Agreement, including, but not limited to, any claim that all or any part of this Agreement is void or voidable, as well as any dispute as to the arbitrability of any such claims. The arbitration proceedings set forth and any arbitration award that results from those proceedings shall be confidential, unless disclosure is otherwise required by law or judicial decision. Please note, by agreeing to this binding arbitration provision, the Parties waive certain important rights and protections that otherwise may have been available if the dispute were determined by a court of law in a proceeding governed by judicial procedures, including the right to a jury trial and to appeal. An arbitration award is final and subject to a limited right of appeal, and arbitration may not include procedures, such as discovery, typically available in a judicial proceeding.

17. ATTORNEYS' FEES. In the event any action at law or in equity or other proceeding is brought to interpret or enforce this Agreement, or in connection with any provision of this Agreement,

the prevailing Party shall be entitled to its reasonable attorneys' fees and other costs reasonably incurred in such action or proceeding.

18. AUTHORITY TO CONTRACT. Each Party warrants to the other that it has the authority to enter into this Agreement, that it is a binding and enforceable obligation of said Party, and that the undersigned has been duly authorized to execute this Agreement.

19. COUNTERPARTS. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one instrument. A faxed,.pdf, or other electronic copy of the fully executed original version of this Agreement shall have the same legal effect as an executed original for all purposes.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.

THE EVOLVING RISK REALITY FOR CHARTER SCHOOLS

What every school leader needs to know and do

Rising Claims | Increasing Complexity | Greater Accountability

What strengthens one school strengthens us all.

Protecting **Schools.** Promoting **Safety.** Customizing **Insurance.**

California Charter Schools Joint Powers Authority • Not-for-Profit

A MESSAGE FROM OUR CEO

Thuy Wong, MPH ARM-P
President & CEO

The challenges facing California's charter schools are not new, but they are becoming more complex, more costly, and more difficult to navigate alone.

Across the education landscape, schools are experiencing rising claim severity, increasing litigation pressures, workforce challenges, and growing operational expectations. At the same time, school leaders continue carrying the responsibility of creating safe, supportive environments where students and staff can thrive.

In today's environment, informed leadership matters more than ever.

As a member-owned, not-for-profit JPA, CharterSAFE was built on a simple belief: what strengthens one school strengthens us all. Through collaboration, shared responsibility, and proactive risk management, our members help create a stronger and more resilient pool together.

This report is designed to provide perspective on the evolving risk environment, highlight emerging trends impacting charter schools, and reinforce the importance of prevention, preparedness, and partnership.

While the environment continues to change, CharterSAFE remains focused on long-term stability, strong member advocacy, and practical support that helps schools move from awareness to action.

Safety is not a checkbox. It is a promise to students, staff, and school communities.

We are proud to stand alongside our members in protecting what makes learning possible.

Mission and Membership

As an insurance pooling JPA, CharterSAFE's mission is to serve as a steward-guardian of school safety by providing our charter school members with a strong understanding of school hazards and approach to risk management.

As a result, members will have a safe and secure environment that promotes a focus on teaching, learning, and student outcomes.

Safeguarding 829 school sites.

- Rural to urban communities
- Classroom-based to Flex-based
- Start-ups to large charter management organizations (CMOs)

What's Changed

The Risk Environment Has Fundamentally Changed

While these trends present real challenges, they also reinforce the importance of proactive leadership, strong operational practices, and collaborative partnership. Schools that prioritize prevention, preparedness, and informed decision making are better positioned to navigate today's increasingly complex environment.

Across California and the broader education system, recent data shows:

- **Childhood sexual assault (CSA) losses or claims reaching billions statewide**
- **Nuclear verdicts increasing significantly in size and frequency**
- **Insurance markets tightening, with fewer options and higher costs**
- **Workers compensation costs are rising due to sharp increase to medical costs and increasing litigation trends**
- **Wildfires in California remain a forefront concern**

This is leading to insurance markets tightening, with fewer options and higher costs.

Even as the initial filing window for AB 218 has closed, claims continue due to extended statutes of limitations, meaning **exposure remains active for years to come**.

At the same time, broader litigation trends are accelerating costs. Increased legal advertising, third-party litigation funding, and shifting jury sentiment are driving what is often referred to as **"social inflation,"** significantly increasing the cost of claims.

> *CharterSAFE has done an incredible job at taking care of their members. We have been partnered with them many years and will continue our partnership.*
>
> —Bay Area Charter School Leader

What This Means for School Leaders

- Risk is no longer isolated, it is **systemic and long-term**
- Losses are becoming **larger, more complex, and more expensive**
- Prevention and operational discipline are now **as critical as coverage itself**

Top Risks

The Risks Leaders Should Be Focused on Right Now

1. Childhood Sexual Assault (CSA)

CSA remains the most significant driver of financial loss across the education system.

- Long-tail exposure claims can emerge decades later
- Legislative changes have expanded both scope and duration of liability
- Public agencies across California are facing unprecedented financial pressure tied to CSA claims

While traditional school districts have the option of receivership, charter schools only have the option to close.

Leadership Focus:

Strengthen prevention, reinforce reporting culture, and ensure staff understand boundaries and responsibilities.

Safety culture is strengthened when prevention becomes part of everyday operations, not just annual compliance activities.

2. Employment & Workforce Risk

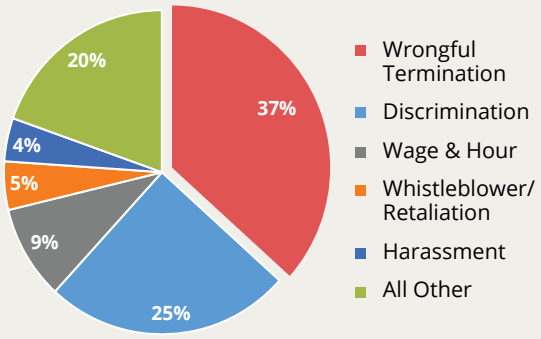

Employment-related claims are increasing in both frequency and severity.

- Wrongful termination, discrimination, and employee disputes
- Often include uninsurable costs such as penalties and back pay
- Can create both financial and reputational impact

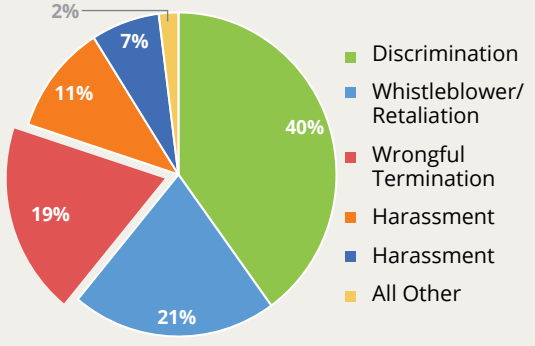

Leadership Focus:

Maintain consistent HR practices, documentation, and leadership training.

Top Cause of Employment Claims- Charter Schools

Top Causes of Employment ClaimTraditional Public Schools

Employment-related claims continue to rise across education, but charter schools experience a notably higher percentage of wrongful termination claims compared to traditional public schools. This reinforces the importance of consistent HR practices, documentation, leadership training, and early engagement when workplace concerns arise. In defense of the school, please remember to document everything and that even at-will employees would like to know legitimate reasons for termination. It reduces claims and claims cost.

3. Property & Catastrophic Risk

Property-related losses continue to rise due to environmental and operational factors.

- Wildfires, severe weather, and infrastructure-related failures
- Undervalued or poorly maintained properties can lead to significant uncovered losses

Leadership Focus:

Ensure accurate valuations, maintain facilities, and align operational practices with risk expectations.

Despite one of California's most challenging wildfire environments in recent years, CharterSAFE maintained stable property rates and continued broad coverage protections for members through proactive market strategy, long-term planning, and strong carrier partnerships.

4. The Hidden Driver: Litigation Trends

Beyond individual claims, broader legal trends are reshaping the risk environment:

- Jury outcomes increasingly favor plaintiffs
- Litigation funding as an investment class is accelerating claims activity
- Large verdicts have increased significantly over the past decade

Executive Insight:

This is not a temporary spike, it is a structural shift in how claims are evaluated and resolved

2026-2027 Material Changes to Memorandum of Coverage (MOC)

Below is a highlight of material changes to the MOC. Please refer to the 2026-2027 MOC for complete details of all coverages.

GENERAL CONDITIONS – Item 7

Added language: **CCS JPA** may consult with the **NAMED MEMBER** regarding settlement; however, such consultation shall not limit, delay, or impair **CCS JPA's** exclusive settlement authority, inclusive of all deductibles.

Impact: The addition of this statement provides an avenue for members to voice their input into settlement considerations. While not required, it provides a collaborative approach in seeking all viewpoints before reaching final settlement in claims. CCSJPA still has final decision on all claim settlements.

SECTION IV -CHILDHOOD SEXUAL ASSAULT, CHILD ABUSE OR NEGLECT LIABILITY – INSURING AGREEMENT – Item 2

Revised language: A **CLAIM**, or **SUIT** arising out of **CHILDHOOD SEXUAL ASSAULT, CHILD ABUSE OR NEGLECT** will be deemed first made against a **COVERED PARTY** during the **PERIOD OF COVERAGE** and reported to **CCS JPA** as required by the reporting condition shown in SECTION IV CONDITIONS., Coverage will then be available for the **COVERED PARTIES,** the **CHARTERING AUTHORITY**, and any lender qualifying as an **ADDITIONAL COVERED PARTY** under this MOC to the extent coverage is not otherwise excluded or limited.

Impact: Clarifies that a "claim or suit" needs to be reported to the CCS JPA as required by the reporting conditions to trigger this coverage. A claim or suit includes claims for damages. While an incident is precautionary reporting that may require some level of investigation for future reference in the event a claim or suit is pursued in the future, an incident is not qualified as a claim being made. Please refer to the new coverage below as it relates to investigations of an alleged incident.

CharterSAFE
BE SAFE • FEEL SAFE

SECTION XIII – INVESTIGATION COVERAGE

NEW Coverage: Subject to exclusions conditions and limits further outlined in the MOC.

CCS JPA in its sole discretion agrees, subject to the MOC limitations, terms, conditions, and exclusions:

A. To pay the expense of an investigation of facts or circumstances of a reported incidence that may give rise to a **CLAIM** or **SUIT** involving any actual or alleged **CHILDHOOD SEXUAL ASSAULT, CHILD ABUSE OR NEGLECT**, against the **NAMED MEMBER**. This coverage applies only:

1. before a **CLAIM** or **SUIT** based on such facts or circumstances commences against the **NAMED MEMBER**; and

2. if the facts or circumstances occur during the **PERIOD OF COVERAGE**.

Coverage under this SECTION XIII will cease upon the presentation of a **CLAIM** or commencement of a **SUIT** against the **NAMED MEMBER** involving the facts or circumstances under investigation. **NAMED MEMBER** shall immediately notify **CCS JPA** of any such **CLAIM** made or **SUIT** brought against it. Upon completion of the investigation under this coverage Section, or the commencement of a covered **CLAIM** or **SUIT**, **CCS JPA** will handle the matter under the appropriate coverage Section of this MOC.

B. Investigation Expenses

In the event of the investigation of facts or circumstances covered by this Section XIII, **CCS JPA** shall:

1. have the right to select legal counsel, the investigator, or other expert of its own choosing to conduct and/or oversee the investigation.

2. pay all expenses it incurs to investigate, including fees and expenses of an investigator, legal counsel, or other expert or consultant of **CCS JPA's** choosing, and as determined necessary by **CCS JPA**, subject to the Limits of Coverage provided below.

Impact: Coverage under an insurance policy is typically triggered when there is a claim for

damages. The addition of this coverage allows CCSJPA members to submit incidents that warrant an investigation to preserve facts and evidence that may give rise to future claims. These investigations have a $25,000 limit per incident and $50,000 annual aggregate.

WORKERS' COMPENSATION and EMPLOYERS LIABILITY DEFINITIONS – Item 7

Revised language:

7. EMPLOYEE means a natural person performing work which renders the **NAMED MEMBER** liable under the **WORKERS' COMPENSATION LAW** of the State of California which is the state of the injured **EMPLOYEE's** normal employment, for **BODILY INJURY** or occupational disease sustained by such person. EMPLOYEE also includes students participating in authorized work experience education, work study, or vocational education programs of the **NAMED MEMBER**, but solely to the extent such students are deemed **EMPLOYEES** of the **NAMED MEMBER** for purposes of Workers' Compensation pursuant to California Education Code sections 51768 and 51769.

Impact: Further defined an "employee" to include students participating in authorized work experience education programs qualified under California Education Code Sections 51768 and 51769. This allows qualified paid students to be covered under workers' compensation for work related injuries.

PROPERTY

4. REAL AND PERSONAL PROPERTY, BUSINESS INTERRUPTION AND EXTRA EXPENSE

Revised language: Several changes have been made in the property policy - Item 4, sections B, C, D and E. Please refer to the property policy, available via the member portal, for complete language. Key highlights include:

B. Business Interruption: Loss of ADA Funding

Impact: Clarifies that coverage for loss of ADA funding applies only when the loss results from and during the school's inability to re-open due to a covered loss should

there be no other recourse, including but not limited to hold harmless in budget trailer bills.

C. Business Interruption: Loss of Other Income

Impact: This coverage provides loss of other income resulting from a business interruption. Loss of other income is adjusted for actual loss during the period of restoration.

D. Business Interruption: Insured's Loss of Rental Income

Impact: Provides loss of rental income resulting from a covered loss that occurs for the period of restoration.

E. Business Interruption: Landlord's Loss of Rental Income

Impact: Covers landlord's loss of rental income resulting from a covered loss resulting to damage to real property from a covered loss. This coverage is limited to the obligation to insure the rental income of the landlord from the insured only to the extent required by the insured in a written lease agreement. The agreement must be executed before the date of the loss.

Expanded Learning Opportunities
Program Plan

1—Safe and Supportive Environment
Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the school site or off campus. If not on site, describe where in the community it will be and how students will be supported to get there.

Our ELO-P program is structured to provide a safe and supportive environment for our students that meets their developmental, physical, and social-emotional needs. Our program will incorporate elements such as adequate space indoors and outdoors for program services. Indoor areas used for the program will have adequate heat and light, room for storing belongings, and be equipped with materials to enhance learning opportunities. Recreational equipment will be plentiful and safe and under a safety review each quarter, or more often if needed to ensure safety of youth served. All program staff will be trained in safety, first aid, and trauma-informed learning practices as part of their onboarding.

Since our afterschool program is located on our campus, we consider the afterschool program an extension of our school day and structure it as such. Offering the program on-site minimizes transportation barriers that could otherwise impact students who would not be able to participate. To enhance student learning we may offer enrichment field trips for students; transportation to and from offsite locations will be provided as part of the program.

Additionally, staff will complete incident reporting training to ensure that all safety or other incidents are documented and communicated to appropriate supervisory and/or school staff, and families. The program will clearly document and communicate all incidents that impact safety through written reports and email and telephone records. Our program will maintain an easily accessible and up-to-date record of all students participating in the program with current emergency contacts for program activities and field trips. It will align to the school safety procedures already in place, including for emergency and safety drills. Program staff will work with school staff to conduct required safety drills each year.

2—Active and Engaged Learning
Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

The proposed activities will promote positive youth development through a focus on holistic skill-building, social/emotional learning, and group work to foster positive social development and seek to create a community of responsible citizens through leadership opportunities.

The proposed activities focus on English Language Arts, Math, STEM, Youth Development, and Arts & Enrichment with the ultimate goal of closing the opportunity gap that too often exists between the low-income students we serve and their higher-income peers.

We seek to create opportunities for students to receive support with their core content from the previous school year. We will be leveraging the highest priority content and re-engage students in meaningful, non-routine ways to support mastery and preparedness for the upcoming school year. Input from school staff and administrators ensure alignment with the regular school year to best enhance students' academic achievement and positive youth development over the summer.

To promote student engagement and retention, we will incorporate student input in the planning of educational literacy and enrichment activities with intention towards Social and Emotional Learning (SEL) as students engage in the SEL competencies: self-awareness, social awareness, relationship skills, responsible decision making and self-management. By promoting youth voice in program design and active learning activities, we ensure that activities align with student interests to bolster engagement and promote student buy-in into activities.

The program will offer academic, enrichment, and recreational activities along with a nutritious meal/snack. We strive to create a program that reflects and aligns with the needs and wishes of our school community.

Possible Academic Enrichment activities based on school need include:

- Homework Assistance
- Academic Tutoring - Math, Reading and ELD
- Chess
- Visual Arts
- Music
- Mindfulness
- Gardening
- Ceramics
- Folklorico
- Nutrition and Cooking
- STEM
- Robotics
- Outdoor Education
- Recreational Components include:
    - Aerobic exercise and physical fitness/nutrition education
    - Team Sports: (i.e.: flag football, basketball, soccer, volleyball, drill, cheer)

In addition to its ELO-P enrichment and academic support programming, Camino Nuevo Charter Academy may offer an Attendance Recovery (AR) program in conjunction with ELO-P, consistent with Education Code Section 46211. AR is a voluntary, supplementary program designed to provide eligible students with additional opportunities to engage in instruction outside of the regular school day. Students who participate in AR engage in educational activities and standards-aligned content that is substantially equivalent to their regular instructional program, which may include one-on-one or small group tutoring. AR sessions may

be offered before or after school, on weekends, or during intersession periods. Participation in AR is always voluntary and does not restrict a student's access to the full range of ELO-P services. AR and ELO-P are operated as distinct programs, and student participation in each is clearly differentiated and documented separately.

3—Skill Building
Describe how the program will provide opportunities for students to experience skill building.

In our program, we will offer academic enrichment, including the arts, physical fitness, and social/emotional learning opportunities to foster academic achievement, health, and community engagement. Academic tutoring is provided for each student based on their needs and supports achievement in English Language Arts and Mathematics. Tutoring is based on academic needs and in consultation with school data, teachers, parents and students. The program provides small group tutoring.

Enrichment services will be driven by the needs and interests of students and their overall academic success. Our enrichment services provide students with the opportunity to build skills and have experiences not otherwise included during the school day. Enrichment supports retention by engaging students in fun, interesting activities; while promoting thought-provoking discussion, and building cooperative skills that will contribute to future success. Our program will support students in building skills such as foundational math and literacy skills, critical thinking, project management, organizational skills, and social-emotional management and regulation. They gain these skills through participation in enrichment activities that are driven by student interest and need to accelerate skill building through high engagement.

4—Youth Voice and Leadership
Describe how the program will provide opportunities for students to engage in youth voice and leadership.

Camino Nuevo's afterschool program has actively involved students in designing academic, enrichment, and physical education services offered in the program. This has been done through ongoing solicitation of input to gauge social, emotional, and academic needs and strengths of students. Students, partner staff, and school staff have completed needs assessments that discuss need for programs as well as preferences for programming directly informed by views of students themselves. Camino Nuevo staff have participated in planning meetings using this feedback and other data points to determine the key student leadership activities to be provided. This is a high priority for the program, and the expanded learning program will welcome school-related extracurricular activities in the afterschool hours as discussed below and set aside a space for youth leadership activities. Here, students can share viewpoints, concerns, and interests and implement leadership activities.

In addition, Camino Nuevo conducts regular student surveys at the middle and end of the school year to obtain feedback and make improvements to our services. We use the nationally standardized Panorama Survey to gain input on the student experience, school climate, and student engagement. Data obtained from the survey helps us make adjustments to our

instructional practices and extracurricular programs, including providing guidance to our afterschool program partners when new priorities or needs are identified. We have used the data gathered over the last school year to inform the design of our ELO-P program and program priorities.

Camino Nuevo will work with program staff and students to establish and review program elements. Expanded learning staff will work with educational partners to develop youth-led projects. Expanded learning staff will survey all youth enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students will take an active role in the design of clubs and enrichment groups targeting interests and needs as determined in these surveys.

The expanded learning program will coordinate with school extracurricular activities to help students develop leadership skills and provide a forum for student involvement outside of the regular school day. Students will have opportunities to lead event planning for social activities to foster community at the school, such as Movie Night, cultural celebrations, and community fairs. They also will take a leading role in campus beautification projects that they plan and execute from start to finish.

Students will take enrichment field trips and engage in projects that build upon what they learn through these trips. Student voice will inform these field trips.

5—Healthy Choices and Behaviors
Describe how the program will provide opportunities for students to engage in healthy choices and behaviors. Describe how students will be served nutritious meals and/or snacks during the ELO-P hours of programming.

Our ELO-P health and wellness programs will align directly with Camino Nuevo's wellness services and California, LAUSD, and national best practices for health and wellness. All programming offered promotes the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community. Camino Nuevo's wellness programming emphasizes socioemotional and physical health, both of which are supported through healthy practices and program activities. Healthy practices and program activities include the following:

- **Physical Activity:** Students have the opportunity to participate in a wide variety of physical activity during expanded learning hours. Activities include a focus on high student interest activities such as dance, aerobics, weight lifting, yoga, Zumba, and interactive games and sports.

- **Nutrition Education:** Students participate in nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities.

Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students work as a team to read nutrition labels, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

Healthy eating patterns in childhood and adolescence promote optimal childhood health, growth, and intellectual development; prevent immediate health problems; and may prevent long-term health problems (CDC 2020). Through nutrition education, students learn about planning meals to meet Federal MyPlate guidelines which include a focus on benefits of whole grains and dangers of soda consumption (more at MyPlate.gov). All nutrition education supports the practices established during the school day in accordance with federal school meal programs and with best practices set forth through the 2015-2020 US Dietary Guidelines for Americans and HealthyPeople 2020 national objectives. Programming also complies with Healthy Eating and Physical Activity (HEPA) standards set by the National Afterschool Association (NAA).

Camino Nuevo reinforces these healthy practices by maintaining partnerships with various health and wellness organizations. For example, we have partnered with the LA84 Foundation for donations of physical activity equipment, which students were able to take home and use to supplement in- and after-school physical education activities. We also work with various community organizations to promote health and wellness for our students, including the Bresee Foundation through their LAFC Scholars partnership and Didi Hirsch for mental health services. We also provide school-based mental health services as a core school service to reinforce mental and socioemotional health for our students.

The program will provide healthy meals each day in accordance with the program schedule that follow USDA school meal guidelines. For example, if a snack is offered then the snack would typically consist of a fresh fruit and a whole grain item such as baked crackers.

6—Diversity, Access, and Equity
Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

The program implemented at Camino Nuevo will predominantly serve Latino students and families, as well as diverse students from other backgrounds that include white, African American, and Asian-American. We will work with our partners to maintain a very strong commitment to diversity and celebration of student cultures that is a foundational feature of Camino Nuevo and the expanded learning program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for high school success and postsecondary opportunities. The program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level,

national origin, physical ability, sexual orientation and/or gender identity and expression. Orientation and ongoing professional development services provided quarterly will include diversity, equity, and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) will explicitly express this commitment to diversity and equity in all services. This commitment will be further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners - both in the physical environment and online. Program staff and partners will actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs. In response to those student and family needs, we will deliver services to meet those needs. These could include family workshops as appropriate in order to prepare families to meet the needs of their students.

A fundamental point will be the opportunities given to students and families in the program as well as staff to share experiences from their diverse experiences and backgrounds. This will include services such as specific planning for high school success and postsecondary opportunities and college from the perspective and knowledge base of low-income students who in many cases would be the first in their family to attend college. Enrichment opportunities, guided by students themselves, will embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. A sampling of programming could include art classes, music production, service learning projects, and STEM projects like Robotics. In art classes students could explore the roots of the Latino experience in the City of LA and elsewhere by studying neighborhood murals and potentially creating murals at their own school site. During the summer students could visit museums like the Museum of Latin American Art or La Plaza De Cultura Y Artes to be exposed to the rich Latino art displayed throughout the city. As part of our programming we could also curate a children's book library that includes books by diverse authors with diverse character representations aligned to our Ethnic Studies Program that will further enrich student learning. Staff members could engage students in interactive read alouds each day and students could also be encouraged to read independently and explore their interests. Other possibilities include music classes that allow students to explore cultural influences and signposts in digital creation of music. During Service Learning projects students could plan and implement projects such as a neighborhood clean-up/beautification that encourages them to embrace their unique backgrounds and understand strengths that they bring to projects to make their neighborhood a better place. STEM projects (such as Robotics) and mentorship opportunities provided to students will allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships with groups such as Latinas in STEM.

We have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It will be a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program. As part of our student and parent surveys conducted twice yearly at the beginning and end of each program year, the program will gather additional information regarding students with disabilities, English Language Learners, and other students with

potential barriers to better understand needs and implement services to meet these needs. This will include students who have been truant, suspended, or expelled, and we will serve them in the program to help improve their academic achievement and attendance. Our partners will draw from best practices developed from their experience serving at-risk youth, using proven research based interventions to re-engage youth in academics and prepare for their futures. Camino Nuevo also holds expertise in this area and will work closely with our partners to ensure the program design meets the needs of our students.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, staff, and counselors to recruit and enroll these students, with site staff training of partners to better understand student skills, needs, and best practice supports. We utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square, personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times.

Camino Nuevo has a high proportion of English Language Learners and a strong need for services to support these students in the out of school hours. According to *English Language Learners: Becoming Fluent in Afterschool* (2011), afterschool programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and read-alouds. Homework help will be provided each day and documented in journals. This is a critical need at schools like Camino Nuevo with high EL populations, as students often lack support to complete work at home.

CNCA's expanded learning programs will provide access and opportunities to students with disabilities by ensuring that our programs are accessible to all students. We will do this by employing an Expanded Learning MTSS coordinator who will develop appropriate supports and scaffolds for students with disabilities to ensure that all programming is accessible to all students.

7—Quality Staff
Describe how the program will provide opportunities for students to engage with quality staff.

Camino Nuevo ensures that all staff members who directly supervise/teach pupils meet minimum requirements of their position by confirming all credential requirements prior to onboarding. To further confirm, Camino Nuevo administrators are involved in the interviewing process for internal ELOP program staff and will confirm eligibility.

Camino Nuevo will work with our partners to ensure that the selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is critical. The program will recruit tutors with at least two years of college experience. Camino Nuevo will hire a Director of Expanded Learning to oversee the management of our program. This position will require a BA degree, demonstrated leadership experience and experience in school programming/teaching. In addition, CNCA will

also hire district-level Expanded Learning Coordinators to manage programming at each of our school sites. The requirements for this position include a BA degree, and demonstrated success working with students and families in an academic or recreational setting. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired.

The Director of Expanded Learning will design and guide staff development in support of expanded learning. The district level Expanded Learning Coordinators will manage and support their school site team with the implementation of the program and staff development. Recruitment is led by Camino Nuevo's Human Assets Team, working with the Director of Expanded Learning, the Expanded Learning Coordinators and Site Leaders. Staff will have clear titles and responsibilities, and receive a competitive salary.

Camino Nuevo Charter Academy will make it a priority to employ personnel who have succeeded in overcoming barriers of circumstances such as those found in the surrounding communities we serve. They bring to their task an understanding of challenges and rewards of growing up in predominantly Latino and low-income communities. All job postings and descriptions will emphasize preference for local hires and specify skills, such bilingual language abilities, that support hiring of personnel similar to students served in the program.

Camino Nuevo Charter Academy will provide ongoing professional development to our expanded learning staff in areas relevant to their role which may include training in any of the following areas: curriculum implementation, classroom culture, MTSS systems, family communication, educator well-being, content knowledge and SEL. These PDs will be offered on a regular cadence through weekly PDs as well as full-day PDs as needed in order to ensure that our staff have the necessary knowledge and skills to engage and meet the needs of all students.

When Attendance Recovery (AR) is offered in conjunction with ELO-P, AR sessions are supervised by certificated employees of Camino Nuevo Charter Academy, consistent with the requirements of Education Code Section 46211(f). Certificated supervisors of AR maintain the required student-to-staff ratios: no more than 10 students per certificated staff member for Transitional Kindergarten and Kindergarten, and no more than 20 students per certificated staff member for grades 1 through 12. These supervision requirements apply to all AR sessions, including any sessions offered in a commingled setting alongside ELO-P.

8—Clear Vision, Mission, and Purpose
Describe the program's clear vision, mission, and purpose.

Camino Nuevo Charter Academy's mission is to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

Aligned with this, Camino Nuevo will offer an Expanded Learning Opportunities Program for students in TK-6 (priority) and 7th and 8th in collaboration with the afterschool ASES program open to all TK - 8 students. All of our free Expanded Learning programs will are designed to support the following purposes:

- Exceptional academic support programs to serve diverse learners in their growth and achievement of grade level standards and beyond
- Enriching Arts programs that offer students exposure and access to visual and performing arts
- Athletic programs focused on developing physical skills needed to participate and excel in a variety of sports
- STEM programs that will help our students become creators and innovators who can build foundational 21st century skills needed to compete in the global marketplace

Our vision is for our schools to offer a safe Expanded Learning environment where student leadership and student voice are valued and appreciated. This environment will foster a community of growth and learning in all of our focus areas and support students' positive development as students, scholars, and social justice leaders. The below chart expands upon our program goals as related to this vision.

9—Collaborative Partnerships
Describe the program's collaborative partnerships. Local educational agencies are encouraged to collaborate with non-LEA entities to administer and implement ELO-P programs.

Camino Nuevo has an MOU to provide our base afterschool services with Woodcraft Rangers. The Woodcraft Rangers team works collaboratively with school administrators, school personnel and families to gather feedback, design programming and implement high-quality afterschool programming.

In addition, we work closely alongside our sister foundation, Pueblo Nuevo Education &

Development Group, to provide additional enrichment activities and wraparound supportive services. Pueblo Nuevo and Camino Nuevo work together to deliver a continuum of programs and services to help increase educational equity and expand educational opportunities for students. Their programming priorities include expanding access and fostering success in higher education through our Camino through College program; providing learning opportunities in the arts and sciences that enrich students' lives; providing school-based mental health and wraparound services to support our students and families; and, engaging authentically with our families and partners to strengthen communities. They will continue to provide these services during our ELO-P program.

10—Continuous Quality Improvement
Describe the program's Continuous Quality Improvement plan.

Camino Nuevo will use a robust combination of measures to gauge student success in programming. At their roots, analyzed measures of student success are grounded in the Quality Standards for Expanded Learning in California as defined by the California Department of Education (CDE). These quality standards rely on the following success measures to ensure

that our program adheres to quality improvement standards and reflects a culture of continuous growth necessary to support students.

CNCA has an internal Knowledge Management Team that will support with data tracking and reporting. Tracked measures of student success could include school attendance, parent and student satisfaction, and academic improvement. To enhance accountability and data-driven best practices, CNCA will use a number of data tracking and monitoring procedures. CNCA will collect attendance data, conduct site visits, and program monitoring and technical assistance routinely. Attendance data is collected on a weekly basis by the Site Supervisor.

Camino Nuevo also tracks and reports student participation in Attendance Recovery (AR) separately from both regular school day attendance and ELO-P participation, consistent with Education Code Section 46211(d)(3). AR attendance records, including documentation of each student's participation time, are maintained by the supervising certificated teacher and made available for review during the annual audit process. AR data is incorporated into the LEA's broader continuous quality improvement process to monitor the program's effectiveness in supporting students who have experienced absences and to ensure ongoing compliance with all applicable statutory requirements.

Surveys will be administered annually. Feedback garnered through this process is used to make improvements to the program for the following academic year to ensure that the program structure is meeting the needs of the community. In designing the program for success, we analyze academic achievement on a school wide basis by looking at CDE proficiency scores for English Language Arts (ELA) and mathematics and demographics for enrolled students (including free and reduced priced lunch enrollment, ethnicity, and gender) to determine program and school specific needs. This data is used to tailor the Program Plan and ELO-P activities to reflect the specific academic and cultural needs of the student base. Moreover, in an effort to ensure that all programming is an extension of the school day, ELO-P staff may meet with school administrators on a monthly basis to gain an understanding of both general needs and needs specific to the individual students

These measures of student success are coherent with the instructional day and the overarching goals of the program. All of the programming offered through Expanded Learning services act as an extension of the school day. Activities are in line with the priorities of the school and reflect the academic and cultural needs of the student base. Teachers and administrators are incorporated into the site activity planning process to ensure that our students continue to learn and grow during their time in Expanded Learning.

Camino Nuevo is committed to maintaining a data-driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. This quality improvement process creates a framework of clear expectations and a shared vision of quality among multiple educational partners. This sets forth a cycle of continuous quality improvement which is based on three steps: 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies, 2) Planning, which allows the program to use data to generate and implement an action plan for quality improvement, and 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed allowing for ongoing rapid quality improvement. More than these steps, our vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever- changing base. Our program will establish a clearly defined continuous quality improvement plan that includes: 1) outcomes improvement goals and action steps, 2) a timeline with dates for action steps and quality improvement discussions, 3) feedback from staff, youth, parents, and partners, 4) description of the information or data needed to assess quality, and 5) clear description of the responsibilities for each person on the improvement team. This plan is used as the guiding document to facilitate continuous quality improvement in the after school program. Results of annual assessments will be used to make improvements to the program design to meet the needs of the students and families at Camino Nuevo, allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management
Describe the plan for program management.

Our overarching goal is that we work to ensure that our students are *college ready, college bound*. Our after school program partnership is established to focus on college preparation through academic and enrichment supports. CNCA plans to partner with our ELO-P program provider to close gaps in academic achievement and motivate our students to succeed.

Program operations are overseen by the Director of Expanded Learning. The Chief Academic Officer directly oversees the Director of Expanded Learning, who supervises Expanded Learning Coordinators across the network. Expanded Learning Coordinators oversee all school-based Youth Leaders.

- Chief Academic Officer: responsible for ensuring support for the Director of Expanded Learning.
- Director of Expanded Learning: responsible for program oversight, staff supervision, partnerships across the network of CNCA schools; responsible for program evaluation and quality improvement data analysis; and ensuring grant compliance.
- Expanded Learning Coordinators: responsible for on-site program administration and oversight, including supervising staff such as Academic Enrichment Instructors.
- Director of Knowledge Management: responsible for tracking and reviewing attendance data; provides regular reports and compliance assurance on programs across all sites, collaborate with Director of Expanded Learning
- Director of Finance and Business Services: responsible for maintaining budgets and fiscal reporting.

The Director of Expanded Learning and the Expanded Learning Coordinators will be responsible for managing relationships with school personnel. Monthly meetings between the Director of Expanded Learning and Expanded Learning Coordinator and school administration ensure schools are informed about expanded learning activities and permit continuation of projects and learning from the regular school day to the expanded learning program. Administrators advise the Director and Expanded Learning coordinators monthly about areas

where support is needed. Teachers will be hired for teaching roles in the program to further strengthen links.

CNCA is committed to meeting all reporting expectations for this grant. Currently, quarterly expenditure reports are submitted for each of our existing afterschool grants. These reports adhere to California school accounting standards and demonstrate that no less than 85% of the program's expenditures are for direct services to students. An annual independent financial audit of the books and records of CNCA will be conducted for each fiscal year. The books and records of CNCA will be kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit will employ generally accepted accounting procedures. The CNCA audit shall be conducted in accordance with applicable provisions with the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide including a Single Audit, previously known as OMB circular A-133.

Budget

Provide your budget for the program including cost-share items. The LEA is required to ensure all costs charged to the program are reasonable, necessary, and allowable in accordance with applicable statutes, regulations, and program plans for the Expanded Learning Opportunities Program. How does this budget reflect the needs of students and families within the community?

Below is a table reflecting the overall budget for the 24-25 school year.

FY23-24 Carryover	$806,968.66
FY24-25 Award	$1,229,854.76
Staffing	$389,699.71
Supplies	$282,900.00
Operating Services	$971,506.00
Total Costs	**$1,644,105.71**

This budget reflects the ways in which we leverage our expanded learning programming to meet the needs of students and families through the services that this budget makes possible. We utilize the expanded learning staff to administer programming, especially our internally run academic enrichment program that targets students who are performing below grade level in reading and math, as well as students who are at risk of becoming LTELs. We provide targeted academic services for these students through robust and high quality small group instruction. Our internal staff also facilitate a variety of student interest enrichment clubs that are directly responsive to the expressed interests and needs of our students. Our internal staffing also provides students with access to sports and physical fitness activities. The supplies that we purchase ensure that our staff have everything they need in order to facilitate the various academic and enrichment program elements that they oversee. Our operating costs allow us to partner with organizations who provide direct services to students as well as professional development for our staff. These services ensure that we are able to meet the needs of families for extended care for students.

Camino Nuevo Charter Academy may use a portion of ELO-P funds to support the operation of Attendance Recovery (AR), consistent with Education Code Section 46120(d)(3)(B). ELO-P funds used for AR are applied only when AR is offered at the same time and on the same school site as ELO-P programming, and when all requirements of EC Section 46211 are met. All expenditures of ELO-P funds in support of AR are necessary, reasonable, and allowable, and are documented in accordance with applicable statutes, regulations, and audit requirements. The Director of Expanded Learning and the Director of Finance and Business Services maintain oversight of all AR-related expenditures as part of the LEA's standard budget monitoring process.

Provide a detailed description of how the LEA will ensure the proper implementation of the above elements.

Camino Nuevo Charter Academy has a robust system for fiscal accountability to ensure that all budget spending is in accordance with the allowable expenses. Budgets are developed by the Director of Expanded Learning in response to the needs of students and families. Those budgets are board approved annually as part of the school budgets. Budgets are monitored through monthly meetings between the Director of Expanded learning and the Director of Finance and Business Services. All purchase documentation is reviewed by the Director of Expanded Learning and our partners at ExEd to ensure that all purchases have the required documentation to support them. Budgets are reviewed on an ongoing basis and adjusted to ensure that the needs of students are consistently met throughout the year. The Director of Expanded Learning meets regularly with school leadership teams to ensure that the budgets are in accordance with the needs of the school site.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.
ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

CNCA is committed to ensuring all afterschool programming is managed and assessed as a single, comprehensive offering for our students. As stated above, the leadership structure for afterschool programming is singular, meaning that all staff involved will lead on-site programming regardless of the funding stream. We will have dedicated personnel to provide comprehensive oversight and aligned quality controls for all site programs. The guidelines for student selection and participation in afterschool programming will remain fluid, with no restrictions on participating in programming from different funding streams. To further the programs' unification, offerings will be complementary and not duplicative, allowing students a variety of interests to explore.

Transitional Kindergarten and Kindergarten
Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil

to-staff member ratio of no more than 10 to 1. (EC Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

One of our top priorities in developing this program is to ensure that all staff are fully qualified to address the developmental needs of students, including our youngest TK pupils. This includes recruitment of individuals pursuing early elementary education or child development certificates, which will begin in the spring. Our recruitment efforts will need to be intensified for staff at the transitional kindergarten and kindergarten levels, in order to maintain the required pupil to staff ratio of 10 to 1. We will intentionally staff our program to maintain the required ratios. In addition, Camino Nuevo has prior experience offering a high-quality, CSPP program. We will use the lessons learned from this program to inform the staffing and design of our ELO-P program for our youngest learners.

Camino Nuevo is currently revamping our vision and curriculum for TK in order to align with the state's shift to increased TK access. We have a TK Committee, composed of primary and preschool teachers and administrators, who are meeting on a bimonthly basis to set the vision, determine academic and socio-emotional benchmarks, and align resources and schedules to those. This committee is also determining the ongoing professional development plan for all educators serving TK students, including those brought on through the ELO-P program.

Our vision for TK, which will apply to both in-school and supplemental programs, is:

At Camino Nuevo Charter Academy, transitional kindergarten is the start of a powerful 10-year learning journey in our TK-8 schools. We believe that every child is capable of learning and that children learn best when engaged in joyful experiences that promote curiosity, including inquiry and play. Educators individualize learning for the TK student by gathering all types of data, including getting to know the children, their families, and their funds of knowledge in order to bring them into the classroom. We know the power of community-school partnerships and seek to make the school a safe place for all families and children. In order to do all of this well, TK educators must be lifelong learners and innovators in order to design TK curriculum that aligns to the developmental needs of our students, meets them where they are and helps them realize their full academic and socio-emotional potential.

Offer and provide access

Describe how your LEA will offer ELO-P to their pupils and families using culturally and linguistically effective/appropriate communication channels. Describe how your LEA will provide access to the ELOP by describing the enrollment process. Include distribution of the form, signature process, and how the forms are stored. Will transportation be provided?

In order to ensure that all students and families have access to our expanded learning programming, we utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square,

personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times. Our enrollment process includes families filling out an application. Once their application has been submitted, families are notified via phone call and parent square message of their completed enrollment. Physical forms are centrally stored and digital records are maintained of all enrolled students as well as a log of communication with families throughout the enrollment process. Enrollment and recruitment materials are available in both English and Spanish and our family communication platform, ParentSquare, will translate family communication and school communication into the family's preferred language.

Transportation will be provided to all off-site programming.

Field Trips

Field trips for entertainment purposes are not allowable. However, field trips can be a valuable educational and enrichment experience for youth. Field trips should be connected to the academic or enrichment program and provide an educational experience from which students can grow academically or culturally.

ELO-P funding can only be used for educational field trips that are coordinated and provided by the ELO-P. The educational field trips should be directly connected to the academic or enrichment components of the ELO-P. ELO-P funding cannot be used for field trips provided or coordinated by the core instructional day. ELO-P Field trips must follow ELO-P program requirements, such as maintaining ratios, and ensuring staff meet the minimum requirements for an instructional aide based on district policies. The LEA should also follow local policies and procedures related to field trips.

Describe the purpose of the field trip and learning outcomes intended. Include the specific knowledge and skills students will develop. Include the field trip location and its educational significance. Include the anticipated date(s), duration of the trip, grade level(s) participating, and transportation arrangements.

Camino Nuevo Charter Academy serves traditionally under-resourced communities. Our students do not have access to many experiences and spaces in Southern California and beyond. Our field trip experiences are intended to give access to students to spaces they might not otherwise have access to. Through these experiences, they will broaden their educational and cultural understanding of the area they live in as well as begin to be able to envision themselves in other places outside of their own community. These are experiences that their peers in more affluent communities have access to through their families. Our intent in our field trip program is give our students equitable experiences of the world to their more affluent counterparts. Camino Nuevo Charter Academy will offer a variety of enrichment field trips throughout the year to students in all grade levels. These field trips may include: museums, sporting events, musical performances, outdoor spaces, recreational activities, college campuses, and other locations to meet the interests and needs of our students. In addition to these experiences being culturally and academically enriching, students will build their confidence in embodying diverse spaces that differ from their day-to-day experiences. They will learn to collaborate and cooperate with their peers in participating in a variety of enrichment

activities. They will extend their learning beyond their on-site program, and see real life examples of what they are learning about. Our field trips will occur throughout the year during non-instructional times, such as after school or on non-instructional days. Transportation will be provided to all off-site field trips.

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). Also, submit a sample schedule for a minimum nine-hour summer or intersession day.

Expanded Learning Opportunities
Program Plan

1—Safe and Supportive Environment
Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the school site or off campus. If not on site, describe where in the community it will be and how students will be supported to get there.

Our ELO-P program is structured to provide a safe and supportive environment for our students that meets their developmental, physical, and social-emotional needs. Our program will incorporate elements such as adequate space indoors and outdoors for program services. Indoor areas used for the program will have adequate heat and light, room for storing belongings, and be equipped with materials to enhance learning opportunities. Recreational equipment will be plentiful and safe and under a safety review each quarter, or more often if needed to ensure safety of youth served. All program staff will be trained in safety, first aid, and trauma-informed learning practices as part of their onboarding.

Since our afterschool program is located on our campus, we consider the afterschool program an extension of our school day and structure it as such. Offering the program on-site minimizes transportation barriers that could otherwise impact students who would not be able to participate. To enhance student learning we may offer enrichment field trips for students; transportation to and from offsite locations will be provided as part of the program.

Additionally, staff will complete incident reporting training to ensure that all safety or other incidents are documented and communicated to appropriate supervisory and/or school staff, and families. The program will clearly document and communicate all incidents that impact safety through written reports and email and telephone records. Our program will maintain an easily accessible and up-to-date record of all students participating in the program with current emergency contacts for program activities and field trips. It will align to the school safety procedures already in place, including for emergency and safety drills. Program staff will work with school staff to conduct required safety drills each year.

2—Active and Engaged Learning
Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

The proposed activities will promote positive youth development through a focus on holistic skill-building, social/emotional learning, and group work to foster positive social development and seek to create a community of responsible citizens through leadership opportunities.

The proposed activities focus on English Language Arts, Math, STEM, Youth Development, and Arts & Enrichment with the ultimate goal of closing the opportunity gap that too often exists between the low-income students we serve and their higher-income peers.

We seek to create opportunities for students to receive support with their core content from the previous school year. We will be leveraging the highest priority content and re-engage students in meaningful, non-routine ways to support mastery and preparedness for the upcoming school year. Input from school staff and administrators ensure alignment with the regular school year to best enhance students' academic achievement and positive youth development over the summer.

To promote student engagement and retention, we will incorporate student input in the planning of educational literacy and enrichment activities with intention towards Social and Emotional Learning (SEL) as students engage in the SEL competencies: self-awareness, social awareness, relationship skills, responsible decision making and self-management. By promoting youth voice in program design and active learning activities, we ensure that activities align with student interests to bolster engagement and promote student buy-in into activities.

The program will offer academic, enrichment, and recreational activities along with a nutritious meal/snack. We strive to create a program that reflects and aligns with the needs and wishes of our school community.

Possible Academic Enrichment activities based on school need include:

- Homework Assistance
- Academic Tutoring - Math, Reading and ELD
- Chess
- Visual Arts
- Music
- Mindfulness
- Gardening
- Ceramics
- Folklorico
- Nutrition and Cooking
- STEM
- Robotics
- Outdoor Education
- Recreational Components include:
    - Aerobic exercise and physical fitness/nutrition education
    - Team Sports: (i.e.: flag football, basketball, soccer, volleyball, drill, cheer)

In addition to its ELO-P enrichment and academic support programming, Camino Nuevo Charter Academy may offer an Attendance Recovery (AR) program in conjunction with ELO-P, consistent with Education Code Section 46211. AR is a voluntary, supplementary program designed to provide eligible students with additional opportunities to engage in instruction outside of the regular school day. Students who participate in AR engage in educational activities and standards-aligned content that is substantially equivalent to their regular instructional program, which may include one-on-one or small group tutoring. AR sessions may

be offered before or after school, on weekends, or during intersession periods. Participation in AR is always voluntary and does not restrict a student's access to the full range of ELO-P services. AR and ELO-P are operated as distinct programs, and student participation in each is clearly differentiated and documented separately.

3—Skill Building
Describe how the program will provide opportunities for students to experience skill building.

In our program, we will offer academic enrichment, including the arts, physical fitness, and social/emotional learning opportunities to foster academic achievement, health, and community engagement. Academic tutoring is provided for each student based on their needs and supports achievement in English Language Arts and Mathematics. Tutoring is based on academic needs and in consultation with school data, teachers, parents and students. The program provides small group tutoring.

Enrichment services will be driven by the needs and interests of students and their overall academic success. Our enrichment services provide students with the opportunity to build skills and have experiences not otherwise included during the school day. Enrichment supports retention by engaging students in fun, interesting activities; while promoting thought-provoking discussion, and building cooperative skills that will contribute to future success. Our program will support students in building skills such as foundational math and literacy skills, critical thinking, project management, organizational skills, and social-emotional management and regulation. They gain these skills through participation in enrichment activities that are driven by student interest and need to accelerate skill building through high engagement.

4—Youth Voice and Leadership
Describe how the program will provide opportunities for students to engage in youth voice and leadership.

Camino Nuevo's afterschool program has actively involved students in designing academic, enrichment, and physical education services offered in the program. This has been done through ongoing solicitation of input to gauge social, emotional, and academic needs and strengths of students. Students, partner staff, and school staff have completed needs assessments that discuss need for programs as well as preferences for programming directly informed by views of students themselves. Camino Nuevo staff have participated in planning meetings using this feedback and other data points to determine the key student leadership activities to be provided. This is a high priority for the program, and the expanded learning program will welcome school-related extracurricular activities in the afterschool hours as discussed below and set aside a space for youth leadership activities. Here, students can share viewpoints, concerns, and interests and implement leadership activities.

In addition, Camino Nuevo conducts regular student surveys at the middle and end of the school year to obtain feedback and make improvements to our services. We use the nationally standardized Panorama Survey to gain input on the student experience, school climate, and student engagement. Data obtained from the survey helps us make adjustments to our

instructional practices and extracurricular programs, including providing guidance to our afterschool program partners when new priorities or needs are identified. We have used the data gathered over the last school year to inform the design of our ELO-P program and program priorities.

Camino Nuevo will work with program staff and students to establish and review program elements. Expanded learning staff will work with educational partners to develop youth-led projects. Expanded learning staff will survey all youth enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students will take an active role in the design of clubs and enrichment groups targeting interests and needs as determined in these surveys.

The expanded learning program will coordinate with school extracurricular activities to help students develop leadership skills and provide a forum for student involvement outside of the regular school day. Students will have opportunities to lead event planning for social activities to foster community at the school, such as Movie Night, cultural celebrations, and community fairs. They also will take a leading role in campus beautification projects that they plan and execute from start to finish.

Students will take enrichment field trips and engage in projects that build upon what they learn through these trips. Student voice will inform these field trips.

5—Healthy Choices and Behaviors
Describe how the program will provide opportunities for students to engage in healthy choices and behaviors. Describe how students will be served nutritious meals and/or snacks during the ELO-P hours of programming.

Our ELO-P health and wellness programs will align directly with Camino Nuevo's wellness services and California, LAUSD, and national best practices for health and wellness. All programming offered promotes the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community. Camino Nuevo's wellness programming emphasizes socioemotional and physical health, both of which are supported through healthy practices and program activities. Healthy practices and program activities include the following:

- **Physical Activity:** Students have the opportunity to participate in a wide variety of physical activity during expanded learning hours. Activities include a focus on high student interest activities such as dance, aerobics, weight lifting, yoga, Zumba, and interactive games and sports.

- **Nutrition Education:** Students participate in nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities.

Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students work as a team to read nutrition labels, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

Healthy eating patterns in childhood and adolescence promote optimal childhood health, growth, and intellectual development; prevent immediate health problems; and may prevent long-term health problems (CDC 2020). Through nutrition education, students learn about planning meals to meet Federal MyPlate guidelines which include a focus on benefits of whole grains and dangers of soda consumption (more at MyPlate.gov). All nutrition education supports the practices established during the school day in accordance with federal school meal programs and with best practices set forth through the 2015-2020 US Dietary Guidelines for Americans and HealthyPeople 2020 national objectives. Programming also complies with Healthy Eating and Physical Activity (HEPA) standards set by the National Afterschool Association (NAA).

Camino Nuevo reinforces these healthy practices by maintaining partnerships with various health and wellness organizations. For example, we have partnered with the LA84 Foundation for donations of physical activity equipment, which students were able to take home and use to supplement in- and after-school physical education activities. We also work with various community organizations to promote health and wellness for our students, including the Bresee Foundation through their LAFC Scholars partnership and Didi Hirsch for mental health services. We also provide school-based mental health services as a core school service to reinforce mental and socioemotional health for our students.

The program will provide healthy meals each day in accordance with the program schedule that follow USDA school meal guidelines. For example, if a snack is offered then the snack would typically consist of a fresh fruit and a whole grain item such as baked crackers.

6—Diversity, Access, and Equity
Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

The program implemented at Camino Nuevo will predominantly serve Latino students and families, as well as diverse students from other backgrounds that include white, African American, and Asian-American. We will work with our partners to maintain a very strong commitment to diversity and celebration of student cultures that is a foundational feature of Camino Nuevo and the expanded learning program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for high school success and postsecondary opportunities. The program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level,

national origin, physical ability, sexual orientation and/or gender identity and expression. Orientation and ongoing professional development services provided quarterly will include diversity, equity, and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) will explicitly express this commitment to diversity and equity in all services. This commitment will be further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners - both in the physical environment and online. Program staff and partners will actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs. In response to those student and family needs, we will deliver services to meet those needs. These could include family workshops as appropriate in order to prepare families to meet the needs of their students.

A fundamental point will be the opportunities given to students and families in the program as well as staff to share experiences from their diverse experiences and backgrounds. This will include services such as specific planning for high school success and postsecondary opportunities and college from the perspective and knowledge base of low-income students who in many cases would be the first in their family to attend college. Enrichment opportunities, guided by students themselves, will embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. A sampling of programming could include art classes, music production, service learning projects, and STEM projects like Robotics. In art classes students could explore the roots of the Latino experience in the City of LA and elsewhere by studying neighborhood murals and potentially creating murals at their own school site. During the summer students could visit museums like the Museum of Latin American Art or La Plaza De Cultura Y Artes to be exposed to the rich Latino art displayed throughout the city. As part of our programming we could also curate a children's book library that includes books by diverse authors with diverse character representations aligned to our Ethnic Studies Program that will further enrich student learning. Staff members could engage students in interactive read alouds each day and students could also be encouraged to read independently and explore their interests. Other possibilities include music classes that allow students to explore cultural influences and signposts in digital creation of music. During Service Learning projects students could plan and implement projects such as a neighborhood clean-up/beautification that encourages them to embrace their unique backgrounds and understand strengths that they bring to projects to make their neighborhood a better place. STEM projects (such as Robotics) and mentorship opportunities provided to students will allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships with groups such as Latinas in STEM.

We have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It will be a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program. As part of our student and parent surveys conducted twice yearly at the beginning and end of each program year, the program will gather additional information regarding students with disabilities, English Language Learners, and other students with

potential barriers to better understand needs and implement services to meet these needs. This will include students who have been truant, suspended, or expelled, and we will serve them in the program to help improve their academic achievement and attendance. Our partners will draw from best practices developed from their experience serving at-risk youth, using proven research based interventions to re-engage youth in academics and prepare for their futures. Camino Nuevo also holds expertise in this area and will work closely with our partners to ensure the program design meets the needs of our students.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, staff, and counselors to recruit and enroll these students, with site staff training of partners to better understand student skills, needs, and best practice supports. We utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square, personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times.

Camino Nuevo has a high proportion of English Language Learners and a strong need for services to support these students in the out of school hours. According to *English Language Learners: Becoming Fluent in Afterschool* (2011), afterschool programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and read-alouds. Homework help will be provided each day and documented in journals. This is a critical need at schools like Camino Nuevo with high EL populations, as students often lack support to complete work at home.

CNCA's expanded learning programs will provide access and opportunities to students with disabilities by ensuring that our programs are accessible to all students. We will do this by employing an Expanded Learning MTSS coordinator who will develop appropriate supports and scaffolds for students with disabilities to ensure that all programming is accessible to all students.

7—Quality Staff
Describe how the program will provide opportunities for students to engage with quality staff.

Camino Nuevo ensures that all staff members who directly supervise/teach pupils meet minimum requirements of their position by confirming all credential requirements prior to onboarding. To further confirm, Camino Nuevo administrators are involved in the interviewing process for internal ELOP program staff and will confirm eligibility.

Camino Nuevo will work with our partners to ensure that the selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is critical. The program will recruit tutors with at least two years of college experience. Camino Nuevo will hire a Director of Expanded Learning to oversee the management of our program. This position will require a BA degree, demonstrated leadership experience and experience in school programming/teaching. In addition, CNCA will

also hire district-level Expanded Learning Coordinators to manage programming at each of our school sites. The requirements for this position include a BA degree, and demonstrated success working with students and families in an academic or recreational setting. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired.

The Director of Expanded Learning will design and guide staff development in support of expanded learning. The district level Expanded Learning Coordinators will manage and support their school site team with the implementation of the program and staff development. Recruitment is led by Camino Nuevo's Human Assets Team, working with the Director of Expanded Learning, the Expanded Learning Coordinators and Site Leaders. Staff will have clear titles and responsibilities, and receive a competitive salary.

Camino Nuevo Charter Academy will make it a priority to employ personnel who have succeeded in overcoming barriers of circumstances such as those found in the surrounding communities we serve. They bring to their task an understanding of challenges and rewards of growing up in predominantly Latino and low-income communities. All job postings and descriptions will emphasize preference for local hires and specify skills, such bilingual language abilities, that support hiring of personnel similar to students served in the program.

Camino Nuevo Charter Academy will provide ongoing professional development to our expanded learning staff in areas relevant to their role which may include training in any of the following areas: curriculum implementation, classroom culture, MTSS systems, family communication, educator well-being, content knowledge and SEL. These PDs will be offered on a regular cadence through weekly PDs as well as full-day PDs as needed in order to ensure that our staff have the necessary knowledge and skills to engage and meet the needs of all students.

When Attendance Recovery (AR) is offered in conjunction with ELO-P, AR sessions are supervised by certificated employees of Camino Nuevo Charter Academy, consistent with the requirements of Education Code Section 46211(f). Certificated supervisors of AR maintain the required student-to-staff ratios: no more than 10 students per certificated staff member for Transitional Kindergarten and Kindergarten, and no more than 20 students per certificated staff member for grades 1 through 12. These supervision requirements apply to all AR sessions, including any sessions offered in a commingled setting alongside ELO-P.

8—Clear Vision, Mission, and Purpose
Describe the program's clear vision, mission, and purpose.

Camino Nuevo Charter Academy's mission is to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.
Aligned with this, Camino Nuevo will offer an Expanded Learning Opportunities Program for students in TK-6 (priority) and 7th and 8th in collaboration with the afterschool ASES program open to all TK - 8 students. All of our free Expanded Learning programs will are designed to support the following purposes:

- Exceptional academic support programs to serve diverse learners in their growth and achievement of grade level standards and beyond
- Enriching Arts programs that offer students exposure and access to visual and performing arts
- Athletic programs focused on developing physical skills needed to participate and excel in a variety of sports
- STEM programs that will help our students become creators and innovators who can build foundational 21st century skills needed to compete in the global marketplace

Our vision is for our schools to offer a safe Expanded Learning environment where student leadership and student voice are valued and appreciated. This environment will foster a community of growth and learning in all of our focus areas and support students' positive development as students, scholars, and social justice leaders. The below chart expands upon our program goals as related to this vision.

9—Collaborative Partnerships
Describe the program's collaborative partnerships. Local educational agencies are encouraged to collaborate with non-LEA entities to administer and implement ELO-P programs.

Camino Nuevo has an MOU to provide our base afterschool services with Woodcraft Rangers. The Woodcraft Rangers team works collaboratively with school administrators, school personnel and families to gather feedback, design programming and implement high-quality afterschool programming.

In addition, we work closely alongside our sister foundation, Pueblo Nuevo Education &

Development Group, to provide additional enrichment activities and wraparound supportive services. Pueblo Nuevo and Camino Nuevo work together to deliver a continuum of programs and services to help increase educational equity and expand educational opportunities for students. Their programming priorities include expanding access and fostering success in higher education through our Camino through College program; providing learning opportunities in the arts and sciences that enrich students' lives; providing school-based mental health and wraparound services to support our students and families; and, engaging authentically with our families and partners to strengthen communities. They will continue to provide these services during our ELO-P program.

Other partners may include:

10—Continuous Quality Improvement
Describe the program's Continuous Quality Improvement plan.

Camino Nuevo will use a robust combination of measures to gauge student success in programming. At their roots, analyzed measures of student success are grounded in the Quality Standards for Expanded Learning in California as defined by the California Department of Education (CDE). These quality standards rely on the following success measures to ensure

that our program adheres to quality improvement standards and reflects a culture of continuous growth necessary to support students.

CNCA has an internal Knowledge Management Team that will support with data tracking and reporting. Tracked measures of student success could include school attendance, parent and student satisfaction, and academic improvement. To enhance accountability and data-driven best practices, CNCA will use a number of data tracking and monitoring procedures. CNCA will collect attendance data, conduct site visits, and program monitoring and technical assistance routinely. Attendance data is collected on a weekly basis by the Site Supervisor.

Camino Nuevo also tracks and reports student participation in Attendance Recovery (AR) separately from both regular school day attendance and ELO-P participation, consistent with Education Code Section 46211(d)(3). AR attendance records, including documentation of each student's participation time, are maintained by the supervising certificated teacher and made available for review during the annual audit process. AR data is incorporated into the LEA's broader continuous quality improvement process to monitor the program's effectiveness in supporting students who have experienced absences and to ensure ongoing compliance with all applicable statutory requirements.

Surveys will be administered annually. Feedback garnered through this process is used to make improvements to the program for the following academic year to ensure that the program structure is meeting the needs of the community. In designing the program for success, we analyze academic achievement on a school wide basis by looking at CDE proficiency scores for English Language Arts (ELA) and mathematics and demographics for enrolled students (including free and reduced priced lunch enrollment, ethnicity, and gender) to determine program and school specific needs. This data is used to tailor the Program Plan and ELO-P activities to reflect the specific academic and cultural needs of the student base. Moreover, in an effort to ensure that all programming is an extension of the school day, ELO-P staff may meet with school administrators on a monthly basis to gain an understanding of both general needs and needs specific to the individual students

These measures of student success are coherent with the instructional day and the overarching goals of the program. All of the programming offered through Expanded Learning services act as an extension of the school day. Activities are in line with the priorities of the school and reflect the academic and cultural needs of the student base. Teachers and administrators are incorporated into the site activity planning process to ensure that our students continue to learn and grow during their time in Expanded Learning.

Camino Nuevo is committed to maintaining a data-driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. This quality improvement process creates a framework of clear expectations and a shared vision of quality among multiple educational partners. This sets forth a cycle of continuous quality improvement which is based on three steps: 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies, 2) Planning, which allows the program to use data to generate and implement an action plan for quality improvement, and 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed allowing for ongoing rapid quality improvement. More than these steps, our vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever- changing base. Our program will establish a clearly defined continuous quality improvement plan that includes: 1) outcomes improvement goals and action steps, 2) a timeline with dates for action steps and quality improvement discussions, 3) feedback from staff, youth, parents, and partners, 4) description of the information or data needed to assess quality, and 5) clear description of the responsibilities for each person on the improvement team. This plan is used as the guiding document to facilitate continuous quality improvement in the after school program. Results of annual assessments will be used to make improvements to the program design to meet the needs of the students and families at Camino Nuevo, allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management
Describe the plan for program management.

Our overarching goal is that we work to ensure that our students are *college ready, college bound*. Our after school program partnership is established to focus on college preparation through academic and enrichment supports. CNCA plans to partner with our ELO-P program provider to close gaps in academic achievement and motivate our students to succeed.

Program operations are overseen by the Director of Expanded Learning. The Chief Academic Officer directly oversees the Director of Expanded Learning, who supervises Expanded Learning Coordinators across the network. Expanded Learning Coordinators oversee all school-based Youth Leaders.

- Chief Academic Officer: responsible for ensuring support for the Director of Expanded Learning.
- Director of Expanded Learning: responsible for program oversight, staff supervision, partnerships across the network of CNCA schools; responsible for program evaluation and quality improvement data analysis; and ensuring grant compliance.
- Expanded Learning Coordinators: responsible for on-site program administration and oversight, including supervising staff such as Academic Enrichment Instructors.
- Director of Knowledge Management: responsible for tracking and reviewing attendance data; provides regular reports and compliance assurance on programs across all sites, collaborate with Director of Expanded Learning
- Director of Finance and Business Services: responsible for maintaining budgets and fiscal reporting.

The Director of Expanded Learning and the Expanded Learning Coordinators will be responsible for managing relationships with school personnel. Monthly meetings between the Director of Expanded Learning and Expanded Learning Coordinator and school administration ensure schools are informed about expanded learning activities and permit continuation of projects and learning from the regular school day to the expanded learning program. Administrators advise the Director and Expanded Learning coordinators monthly about areas

where support is needed. Teachers will be hired for teaching roles in the program to further strengthen links.

CNCA is committed to meeting all reporting expectations for this grant. Currently, quarterly expenditure reports are submitted for each of our existing afterschool grants. These reports adhere to California school accounting standards and demonstrate that no less than 85% of the program's expenditures are for direct services to students. An annual independent financial audit of the books and records of CNCA will be conducted for each fiscal year. The books and records of CNCA will be kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit will employ generally accepted accounting procedures. The CNCA audit shall be conducted in accordance with applicable provisions with the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide including a Single Audit, previously known as OMB circular A-133.

Budget

Provide your budget for the program including cost-share items. The LEA is required to ensure all costs charged to the program are reasonable, necessary, and allowable in accordance with applicable statutes, regulations, and program plans for the Expanded Learning Opportunities Program. How does this budget reflect the needs of students and families within the community?

Below is a table reflecting the overall budget for the 24-25 school year.

FY23-24 Carryover	$402,050.11
FY24-25 Award	$1,186,797.00
Staffing	$408,934.05
Supplies	$173,000.00
Operating Services	$846,403.00
Total Costs	**$1,428,337.05**

This budget reflects the ways in which we leverage our expanded learning programming to meet the needs of students and families through the services that this budget makes possible. We utilize the expanded learning staff to administer programming, especially our internally run academic enrichment program that targets students who are performing below grade level in reading and math, as well as students who are at risk of becoming LTELs. We provide targeted academic services for these students through robust and high quality small group instruction. Our internal staff also facilitate a variety of student interest enrichment clubs that are directly responsive to the expressed interests and needs of our students. Our internal staffing also provides students with access to sports and physical fitness activities. The supplies that we purchase ensure that our staff have everything they need in order to facilitate the various academic and enrichment program elements that they oversee. Our operating costs allow us to partner with organizations who provide direct services to students as well as professional development for our staff. These services ensure that we are able to meet the needs of families for extended care for students.

Camino Nuevo Charter Academy may use a portion of ELO-P funds to support the operation of Attendance Recovery (AR), consistent with Education Code Section 46120(d)(3)(B). ELO-P funds used for AR are applied only when AR is offered at the same time and on the same school site as ELO-P programming, and when all requirements of EC Section 46211 are met. All expenditures of ELO-P funds in support of AR are necessary, reasonable, and allowable, and are documented in accordance with applicable statutes, regulations, and audit requirements. The Director of Expanded Learning and the Director of Finance and Business Services maintain oversight of all AR-related expenditures as part of the LEA's standard budget monitoring process.

Provide a detailed description of how the LEA will ensure the proper implementation of the above elements.

Camino Nuevo Charter Academy has a robust system for fiscal accountability to ensure that all budget spending is in accordance with the allowable expenses. Budgets are developed by the Director of Expanded Learning in response to the needs of students and families. Those budgets are board approved annually as part of the school budgets. Budgets are monitored through monthly meetings between the Director of Expanded learning and the Director of Finance and Business Services. All purchase documentation is reviewed by the Director of Expanded Learning and our partners at ExEd to ensure that all purchases have the required documentation to support them. Budgets are reviewed on an ongoing basis and adjusted to ensure that the needs of students are consistently met throughout the year. The Director of Expanded Learning meets regularly with school leadership teams to ensure that the budgets are in accordance with the needs of the school site.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.
ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

CNCA is committed to ensuring all afterschool programming is managed and assessed as a single, comprehensive offering for our students. As stated above, the leadership structure for afterschool programming is singular, meaning that all staff involved will lead on-site programming regardless of the funding stream. We will have dedicated personnel to provide comprehensive oversight and aligned quality controls for all site programs. The guidelines for student selection and participation in afterschool programming will remain fluid, with no restrictions on participating in programming from different funding streams. To further the programs' unification, offerings will be complementary and not duplicative, allowing students a variety of interests to explore.

Transitional Kindergarten and Kindergarten
Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil

to-staff member ratio of no more than 10 to 1. (EC Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

One of our top priorities in developing this program is to ensure that all staff are fully qualified to address the developmental needs of students, including our youngest TK pupils. This includes recruitment of individuals pursuing early elementary education or child development certificates, which will begin in the spring. Our recruitment efforts will need to be intensified for staff at the transitional kindergarten and kindergarten levels, in order to maintain the required pupil to staff ratio of 10 to 1. We will intentionally staff our program to maintain the required ratios. In addition, Camino Nuevo has prior experience offering a high-quality, CSPP program. We will use the lessons learned from this program to inform the staffing and design of our ELO-P program for our youngest learners.

Camino Nuevo is currently revamping our vision and curriculum for TK in order to align with the state's shift to increased TK access. We have a TK Committee, composed of primary and preschool teachers and administrators, who are meeting on a bimonthly basis to set the vision, determine academic and socio-emotional benchmarks, and align resources and schedules to those. This committee is also determining the ongoing professional development plan for all educators serving TK students, including those brought on through the ELO-P program.

Our vision for TK, which will apply to both in-school and supplemental programs, is:

At Camino Nuevo Charter Academy, transitional kindergarten is the start of a powerful 10-year learning journey in our TK-8 schools. We believe that every child is capable of learning and that children learn best when engaged in joyful experiences that promote curiosity, including inquiry and play. Educators individualize learning for the TK student by gathering all types of data, including getting to know the children, their families, and their funds of knowledge in order to bring them into the classroom. We know the power of community-school partnerships and seek to make the school a safe place for all families and children. In order to do all of this well, TK educators must be lifelong learners and innovators in order to design TK curriculum that aligns to the developmental needs of our students, meets them where they are and helps them realize their full academic and socio-emotional potential.

Offer and provide access

Describe how your LEA will offer ELO-P to their pupils and families using culturally and linguistically effective/appropriate communication channels. Describe how your LEA will provide access to the ELOP by describing the enrollment process. Include distribution of the form, signature process, and how the forms are stored. Will transportation be provided?

In order to ensure that all students and families have access to our expanded learning programming, we utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square,

personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times. Our enrollment process includes families filling out an application. Once their application has been submitted, families are notified via phone call and parent square message of their completed enrollment. Physical forms are centrally stored and digital records are maintained of all enrolled students as well as a log of communication with families throughout the enrollment process. Enrollment and recruitment materials are available in both English and Spanish and our family communication platform, ParentSquare, will translate family communication and school communication into the family's preferred language.

Transportation will be provided to all off-site programming.

Field Trips

Field trips for entertainment purposes are not allowable. However, field trips can be a valuable educational and enrichment experience for youth. Field trips should be connected to the academic or enrichment program and provide an educational experience from which students can grow academically or culturally.

ELO-P funding can only be used for educational field trips that are coordinated and provided by the ELO-P. The educational field trips should be directly connected to the academic or enrichment components of the ELO-P. ELO-P funding cannot be used for field trips provided or coordinated by the core instructional day. ELO-P Field trips must follow ELO-P program requirements, such as maintaining ratios, and ensuring staff meet the minimum requirements for an instructional aide based on district policies. The LEA should also follow local policies and procedures related to field trips.

Describe the purpose of the field trip and learning outcomes intended. Include the specific knowledge and skills students will develop. Include the field trip location and its educational significance. Include the anticipated date(s), duration of the trip, grade level(s) participating, and transportation arrangements.

Camino Nuevo Charter Academy serves traditionally under-resourced communities. Our students do not have access to many experiences and spaces in Southern California and beyond. Our field trip experiences are intended to give access to students to spaces they might not otherwise have access to. Through these experiences, they will broaden their educational and cultural understanding of the area they live in as well as begin to be able to envision themselves in other places outside of their own community. These are experiences that their peers in more affluent communities have access to through their families. Our intent in our field trip program is give our students equitable experiences of the world to their more affluent counterparts. Camino Nuevo Charter Academy will offer a variety of enrichment field trips throughout the year to students in all grade levels. These field trips may include: museums, sporting events, musical performances, outdoor spaces, recreational activities, college campuses, and other locations to meet the interests and needs of our students. In addition to these experiences being culturally and academically enriching, students will build their confidence in embodying diverse spaces that differ from their day-to-day experiences. They will learn to collaborate and cooperate with their peers in participating in a variety of enrichment

activities. They will extend their learning beyond their on-site program, and see real life examples of what they are learning about. Our field trips will occur throughout the year during non-instructional times, such as after school or on non-instructional days. Transportation will be provided to all off-site field trips.

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). Also, submit a sample schedule for a minimum nine-hour summer or intersession day.

Expanded Learning Opportunities
Program Plan

1—Safe and Supportive Environment
Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the school site or off campus. If not on site, describe where in the community it will be and how students will be supported to get there.

Our ELO-P program is structured to provide a safe and supportive environment for our students that meets their developmental, physical, and social-emotional needs. Our program will incorporate elements such as adequate space indoors and outdoors for program services. Indoor areas used for the program will have adequate heat and light, room for storing belongings, and be equipped with materials to enhance learning opportunities. Recreational equipment will be plentiful and safe and under a safety review each quarter, or more often if needed to ensure safety of youth served. All program staff will be trained in safety, first aid, and trauma-informed learning practices as part of their onboarding.

Since our afterschool program is located on our campus, we consider the afterschool program an extension of our school day and structure it as such. Offering the program on-site minimizes transportation barriers that could otherwise impact students who would not be able to participate. To enhance student learning we may offer enrichment field trips for students; transportation to and from offsite locations will be provided as part of the program.

Additionally, staff will complete incident reporting training to ensure that all safety or other incidents are documented and communicated to appropriate supervisory and/or school staff, and families. The program will clearly document and communicate all incidents that impact safety through written reports and email and telephone records. Our program will maintain an easily accessible and up-to-date record of all students participating in the program with current emergency contacts for program activities and field trips. It will align to the school safety procedures already in place, including for emergency and safety drills. Program staff will work with school staff to conduct required safety drills each year.

2—Active and Engaged Learning
Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

The proposed activities will promote positive youth development through a focus on holistic skill-building, social/emotional learning, and group work to foster positive social development and seek to create a community of responsible citizens through leadership opportunities.

The proposed activities focus on English Language Arts, Math, STEM, Youth Development, and Arts & Enrichment with the ultimate goal of closing the opportunity gap that too often exists between the low-income students we serve and their higher-income peers.

We seek to create opportunities for students to receive support with their core content from the previous school year. We will be leveraging the highest priority content and re-engage students in meaningful, non-routine ways to support mastery and preparedness for the upcoming school year. Input from school staff and administrators ensure alignment with the regular school year to best enhance students' academic achievement and positive youth development over the summer.

To promote student engagement and retention, we will incorporate student input in the planning of educational literacy and enrichment activities with intention towards Social and Emotional Learning (SEL) as students engage in the SEL competencies: self-awareness, social awareness, relationship skills, responsible decision making and self-management. By promoting youth voice in program design and active learning activities, we ensure that activities align with student interests to bolster engagement and promote student buy-in into activities.

The program will offer academic, enrichment, and recreational activities along with a nutritious meal/snack. We strive to create a program that reflects and aligns with the needs and wishes of our school community.

Possible Academic Enrichment activities based on school need include:

- Homework Assistance
- Academic Tutoring - Math, Reading and ELD
- Chess
- Visual Arts
- Music
- Mindfulness
- Gardening
- Ceramics
- Folklorico
- Nutrition and Cooking
- STEM
- Robotics
- Outdoor Education
- Recreational Components include:
    - Aerobic exercise and physical fitness/nutrition education
    - Team Sports: (i.e.: flag football, basketball, soccer, volleyball, drill, cheer)

In addition to its ELO-P enrichment and academic support programming, Camino Nuevo Charter Academy may offer an Attendance Recovery (AR) program in conjunction with ELO-P, consistent with Education Code Section 46211. AR is a voluntary, supplementary program designed to provide eligible students with additional opportunities to engage in instruction outside of the regular school day. Students who participate in AR engage in educational activities and standards-aligned content that is substantially equivalent to their regular instructional program, which may include one-on-one or small group tutoring. AR sessions may

be offered before or after school, on weekends, or during intersession periods. Participation in AR is always voluntary and does not restrict a student's access to the full range of ELO-P services. AR and ELO-P are operated as distinct programs, and student participation in each is clearly differentiated and documented separately.

3—Skill Building
Describe how the program will provide opportunities for students to experience skill building.

In our program, we will offer academic enrichment, including the arts, physical fitness, and social/emotional learning opportunities to foster academic achievement, health, and community engagement. Academic tutoring is provided for each student based on their needs and supports achievement in English Language Arts and Mathematics. Tutoring is based on academic needs and in consultation with school data, teachers, parents and students. The program provides small group tutoring.

Enrichment services will be driven by the needs and interests of students and their overall academic success. Our enrichment services provide students with the opportunity to build skills and have experiences not otherwise included during the school day. Enrichment supports retention by engaging students in fun, interesting activities; while promoting thought-provoking discussion, and building cooperative skills that will contribute to future success. Our program will support students in building skills such as foundational math and literacy skills, critical thinking, project management, organizational skills, and social-emotional management and regulation. They gain these skills through participation in enrichment activities that are driven by student interest and need to accelerate skill building through high engagement.

4—Youth Voice and Leadership
Describe how the program will provide opportunities for students to engage in youth voice and leadership.

Camino Nuevo's afterschool program has actively involved students in designing academic, enrichment, and physical education services offered in the program. This has been done through ongoing solicitation of input to gauge social, emotional, and academic needs and strengths of students. Students, partner staff, and school staff have completed needs assessments that discuss need for programs as well as preferences for programming directly informed by views of students themselves. Camino Nuevo staff have participated in planning meetings using this feedback and other data points to determine the key student leadership activities to be provided. This is a high priority for the program, and the expanded learning program will welcome school-related extracurricular activities in the afterschool hours as discussed below and set aside a space for youth leadership activities. Here, students can share viewpoints, concerns, and interests and implement leadership activities.

In addition, Camino Nuevo conducts regular student surveys at the middle and end of the school year to obtain feedback and make improvements to our services. We use the nationally standardized Panorama Survey to gain input on the student experience, school climate, and student engagement. Data obtained from the survey helps us make adjustments to our

instructional practices and extracurricular programs, including providing guidance to our afterschool program partners when new priorities or needs are identified. We have used the data gathered over the last school year to inform the design of our ELO-P program and program priorities.

Camino Nuevo will work with program staff and students to establish and review program elements. Expanded learning staff will work with educational partners to develop youth-led projects. Expanded learning staff will survey all youth enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students will take an active role in the design of clubs and enrichment groups targeting interests and needs as determined in these surveys.

The expanded learning program will coordinate with school extracurricular activities to help students develop leadership skills and provide a forum for student involvement outside of the regular school day. Students will have opportunities to lead event planning for social activities to foster community at the school, such as Movie Night, cultural celebrations, and community fairs. They also will take a leading role in campus beautification projects that they plan and execute from start to finish.

Students will take enrichment field trips and engage in projects that build upon what they learn through these trips. Student voice will inform these field trips.

5—Healthy Choices and Behaviors
Describe how the program will provide opportunities for students to engage in healthy choices and behaviors. Describe how students will be served nutritious meals and/or snacks during the ELO-P hours of programming.

Our ELO-P health and wellness programs will align directly with Camino Nuevo's wellness services and California, LAUSD, and national best practices for health and wellness. All programming offered promotes the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community. Camino Nuevo's wellness programming emphasizes socioemotional and physical health, both of which are supported through healthy practices and program activities. Healthy practices and program activities include the following:

- **Physical Activity:** Students have the opportunity to participate in a wide variety of physical activity during expanded learning hours. Activities include a focus on high student interest activities such as dance, aerobics, weight lifting, yoga, Zumba, and interactive games and sports.

- **Nutrition Education:** Students participate in nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities.

Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students work as a team to read nutrition labels, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

Healthy eating patterns in childhood and adolescence promote optimal childhood health, growth, and intellectual development; prevent immediate health problems; and may prevent long-term health problems (CDC 2020). Through nutrition education, students learn about planning meals to meet Federal MyPlate guidelines which include a focus on benefits of whole grains and dangers of soda consumption (more at MyPlate.gov). All nutrition education supports the practices established during the school day in accordance with federal school meal programs and with best practices set forth through the 2015-2020 US Dietary Guidelines for Americans and HealthyPeople 2020 national objectives. Programming also complies with Healthy Eating and Physical Activity (HEPA) standards set by the National Afterschool Association (NAA).

Camino Nuevo reinforces these healthy practices by maintaining partnerships with various health and wellness organizations. For example, we have partnered with the LA84 Foundation for donations of physical activity equipment, which students were able to take home and use to supplement in- and after-school physical education activities. We also work with various community organizations to promote health and wellness for our students, including the Bresee Foundation through their LAFC Scholars partnership and Didi Hirsch for mental health services. We also provide school-based mental health services as a core school service to reinforce mental and socioemotional health for our students.

The program will provide healthy meals each day in accordance with the program schedule that follow USDA school meal guidelines. For example, if a snack is offered then the snack would typically consist of a fresh fruit and a whole grain item such as baked crackers.

6—Diversity, Access, and Equity
Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

The program implemented at Camino Nuevo will predominantly serve Latino students and families, as well as diverse students from other backgrounds that include white, African American, and Asian-American. We will work with our partners to maintain a very strong commitment to diversity and celebration of student cultures that is a foundational feature of Camino Nuevo and the expanded learning program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for high school success and postsecondary opportunities. The program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level,

national origin, physical ability, sexual orientation and/or gender identity and expression. Orientation and ongoing professional development services provided quarterly will include diversity, equity, and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) will explicitly express this commitment to diversity and equity in all services. This commitment will be further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners - both in the physical environment and online. Program staff and partners will actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs. In response to those student and family needs, we will deliver services to meet those needs. These could include family workshops as appropriate in order to prepare families to meet the needs of their students.

A fundamental point will be the opportunities given to students and families in the program as well as staff to share experiences from their diverse experiences and backgrounds. This will include services such as specific planning for high school success and postsecondary opportunities and college from the perspective and knowledge base of low-income students who in many cases would be the first in their family to attend college. Enrichment opportunities, guided by students themselves, will embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. A sampling of programming could include art classes, music production, service learning projects, and STEM projects like Robotics. In art classes students could explore the roots of the Latino experience in the City of LA and elsewhere by studying neighborhood murals and potentially creating murals at their own school site. During the summer students could visit museums like the Museum of Latin American Art or La Plaza De Cultura Y Artes to be exposed to the rich Latino art displayed throughout the city. As part of our programming we could also curate a children's book library that includes books by diverse authors with diverse character representations aligned to our Ethnic Studies Program that will further enrich student learning. Staff members could engage students in interactive read alouds each day and students could also be encouraged to read independently and explore their interests. Other possibilities include music classes that allow students to explore cultural influences and signposts in digital creation of music. During Service Learning projects students could plan and implement projects such as a neighborhood clean-up/beautification that encourages them to embrace their unique backgrounds and understand strengths that they bring to projects to make their neighborhood a better place. STEM projects (such as Robotics) and mentorship opportunities provided to students will allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships with groups such as Latinas in STEM.

We have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It will be a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program. As part of our student and parent surveys conducted twice yearly at the beginning and end of each program year, the program will gather additional information regarding students with disabilities, English Language Learners, and other students with

potential barriers to better understand needs and implement services to meet these needs. This will include students who have been truant, suspended, or expelled, and we will serve them in the program to help improve their academic achievement and attendance. Our partners will draw from best practices developed from their experience serving at-risk youth, using proven research based interventions to re-engage youth in academics and prepare for their futures. Camino Nuevo also holds expertise in this area and will work closely with our partners to ensure the program design meets the needs of our students.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, staff, and counselors to recruit and enroll these students, with site staff training of partners to better understand student skills, needs, and best practice supports. We utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square, personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times.

Camino Nuevo has a high proportion of English Language Learners and a strong need for services to support these students in the out of school hours. According to *English Language Learners: Becoming Fluent in Afterschool* (2011), afterschool programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and read-alouds. Homework help will be provided each day and documented in journals. This is a critical need at schools like Camino Nuevo with high EL populations, as students often lack support to complete work at home.

CNCA's expanded learning programs will provide access and opportunities to students with disabilities by ensuring that our programs are accessible to all students. We will do this by employing an Expanded Learning MTSS coordinator who will develop appropriate supports and scaffolds for students with disabilities to ensure that all programming is accessible to all students.

7—Quality Staff
Describe how the program will provide opportunities for students to engage with quality staff.

Camino Nuevo ensures that all staff members who directly supervise/teach pupils meet minimum requirements of their position by confirming all credential requirements prior to onboarding. To further confirm, Camino Nuevo administrators are involved in the interviewing process for internal ELOP program staff and will confirm eligibility.

Camino Nuevo will work with our partners to ensure that the selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is critical. The program will recruit tutors with at least two years of college experience. Camino Nuevo will hire a Director of Expanded Learning to oversee the management of our program. This position will require a BA degree, demonstrated leadership experience and experience in school programming/teaching. In addition, CNCA will

also hire district-level Expanded Learning Coordinators to manage programming at each of our school sites. The requirements for this position include a BA degree, and demonstrated success working with students and families in an academic or recreational setting. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired.

The Director of Expanded Learning will design and guide staff development in support of expanded learning. The district level Expanded Learning Coordinators will manage and support their school site team with the implementation of the program and staff development. Recruitment is led by Camino Nuevo's Human Assets Team, working with the Director of Expanded Learning, the Expanded Learning Coordinators and Site Leaders. Staff will have clear titles and responsibilities, and receive a competitive salary.

Camino Nuevo Charter Academy will make it a priority to employ personnel who have succeeded in overcoming barriers of circumstances such as those found in the surrounding communities we serve. They bring to their task an understanding of challenges and rewards of growing up in predominantly Latino and low-income communities. All job postings and descriptions will emphasize preference for local hires and specify skills, such bilingual language abilities, that support hiring of personnel similar to students served in the program.

Camino Nuevo Charter Academy will provide ongoing professional development to our expanded learning staff in areas relevant to their role which may include training in any of the following areas: curriculum implementation, classroom culture, MTSS systems, family communication, educator well-being, content knowledge and SEL. These PDs will be offered on a regular cadence through weekly PDs as well as full-day PDs as needed in order to ensure that our staff have the necessary knowledge and skills to engage and meet the needs of all students.

When Attendance Recovery (AR) is offered in conjunction with ELO-P, AR sessions are supervised by certificated employees of Camino Nuevo Charter Academy, consistent with the requirements of Education Code Section 46211(f). Certificated supervisors of AR maintain the required student-to-staff ratios: no more than 10 students per certificated staff member for Transitional Kindergarten and Kindergarten, and no more than 20 students per certificated staff member for grades 1 through 12. These supervision requirements apply to all AR sessions, including any sessions offered in a commingled setting alongside ELO-P.

8—Clear Vision, Mission, and Purpose
Describe the program's clear vision, mission, and purpose.

Camino Nuevo Charter Academy's mission is to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.
Aligned with this, Camino Nuevo will offer an Expanded Learning Opportunities Program for students in TK-6 (priority) and 7th and 8th in collaboration with the afterschool ASES program open to all TK - 8 students. All of our free Expanded Learning programs will are designed to support the following purposes:

- Exceptional academic support programs to serve diverse learners in their growth and achievement of grade level standards and beyond
- Enriching Arts programs that offer students exposure and access to visual and performing arts
- Athletic programs focused on developing physical skills needed to participate and excel in a variety of sports
- STEM programs that will help our students become creators and innovators who can build foundational 21st century skills needed to compete in the global marketplace

Our vision is for our schools to offer a safe Expanded Learning environment where student leadership and student voice are valued and appreciated. This environment will foster a community of growth and learning in all of our focus areas and support students' positive development as students, scholars, and social justice leaders. The below chart expands upon our program goals as related to this vision.

9—Collaborative Partnerships
Describe the program's collaborative partnerships. Local educational agencies are encouraged to collaborate with non-LEA entities to administer and implement ELO-P programs.

Camino Nuevo has an MOU to provide our base afterschool services with Woodcraft Rangers. The Woodcraft Rangers team works collaboratively with school administrators, school personnel and families to gather feedback, design programming and implement high-quality afterschool programming.

In addition, we work closely alongside our sister foundation, Pueblo Nuevo Education &

Development Group, to provide additional enrichment activities and wraparound supportive services. Pueblo Nuevo and Camino Nuevo work together to deliver a continuum of programs and services to help increase educational equity and expand educational opportunities for students. Their programming priorities include expanding access and fostering success in higher education through our Camino through College program; providing learning opportunities in the arts and sciences that enrich students' lives; providing school-based mental health and wraparound services to support our students and families; and, engaging authentically with our families and partners to strengthen communities. They will continue to provide these services during our ELO-P program.

10—Continuous Quality Improvement
Describe the program's Continuous Quality Improvement plan.

Camino Nuevo will use a robust combination of measures to gauge student success in programming. At their roots, analyzed measures of student success are grounded in the Quality Standards for Expanded Learning in California as defined by the California Department of Education (CDE). These quality standards rely on the following success measures to ensure

that our program adheres to quality improvement standards and reflects a culture of continuous growth necessary to support students.

CNCA has an internal Knowledge Management Team that will support with data tracking and reporting. Tracked measures of student success could include school attendance, parent and student satisfaction, and academic improvement. To enhance accountability and data-driven best practices, CNCA will use a number of data tracking and monitoring procedures. CNCA will collect attendance data, conduct site visits, and program monitoring and technical assistance routinely. Attendance data is collected on a weekly basis by the Site Supervisor.

Camino Nuevo also tracks and reports student participation in Attendance Recovery (AR) separately from both regular school day attendance and ELO-P participation, consistent with Education Code Section 46211(d)(3). AR attendance records, including documentation of each student's participation time, are maintained by the supervising certificated teacher and made available for review during the annual audit process. AR data is incorporated into the LEA's broader continuous quality improvement process to monitor the program's effectiveness in supporting students who have experienced absences and to ensure ongoing compliance with all applicable statutory requirements.

Surveys will be administered annually. Feedback garnered through this process is used to make improvements to the program for the following academic year to ensure that the program structure is meeting the needs of the community. In designing the program for success, we analyze academic achievement on a school wide basis by looking at CDE proficiency scores for English Language Arts (ELA) and mathematics and demographics for enrolled students (including free and reduced priced lunch enrollment, ethnicity, and gender) to determine program and school specific needs. This data is used to tailor the Program Plan and ELO-P activities to reflect the specific academic and cultural needs of the student base. Moreover, in an effort to ensure that all programming is an extension of the school day, ELO-P staff may meet with school administrators on a monthly basis to gain an understanding of both general needs and needs specific to the individual students

These measures of student success are coherent with the instructional day and the overarching goals of the program. All of the programming offered through Expanded Learning services act as an extension of the school day. Activities are in line with the priorities of the school and reflect the academic and cultural needs of the student base. Teachers and administrators are incorporated into the site activity planning process to ensure that our students continue to learn and grow during their time in Expanded Learning.

Camino Nuevo is committed to maintaining a data-driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. This quality improvement process creates a framework of clear expectations and a shared vision of quality among multiple educational partners. This sets forth a cycle of continuous quality improvement which is based on three steps: 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies, 2) Planning, which allows the program to use data to generate and implement an action plan for quality improvement, and 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed allowing for ongoing rapid quality improvement. More than these steps, our vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever- changing base. Our program will establish a clearly defined continuous quality improvement plan that includes: 1) outcomes improvement goals and action steps, 2) a timeline with dates for action steps and quality improvement discussions, 3) feedback from staff, youth, parents, and partners, 4) description of the information or data needed to assess quality, and 5) clear description of the responsibilities for each person on the improvement team. This plan is used as the guiding document to facilitate continuous quality improvement in the after school program. Results of annual assessments will be used to make improvements to the program design to meet the needs of the students and families at Camino Nuevo, allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management
Describe the plan for program management.

Our overarching goal is that we work to ensure that our students are *college ready, college bound*. Our after school program partnership is established to focus on college preparation through academic and enrichment supports. CNCA plans to partner with our ELO-P program provider to close gaps in academic achievement and motivate our students to succeed.

Program operations are overseen by the Director of Expanded Learning. The Chief Academic Officer directly oversees the Director of Expanded Learning, who supervises Expanded Learning Coordinators across the network. Expanded Learning Coordinators oversee all school-based Youth Leaders.

- Chief Academic Officer: responsible for ensuring support for the Director of Expanded Learning.
- Director of Expanded Learning: responsible for program oversight, staff supervision, partnerships across the network of CNCA schools; responsible for program evaluation and quality improvement data analysis; and ensuring grant compliance.
- Expanded Learning Coordinators: responsible for on-site program administration and oversight, including supervising staff such as Academic Enrichment Instructors.
- Director of Knowledge Management: responsible for tracking and reviewing attendance data; provides regular reports and compliance assurance on programs across all sites, collaborate with Director of Expanded Learning
- Director of Finance and Business Services: responsible for maintaining budgets and fiscal reporting.

The Director of Expanded Learning and the Expanded Learning Coordinators will be responsible for managing relationships with school personnel. Monthly meetings between the Director of Expanded Learning and Expanded Learning Coordinator and school administration ensure schools are informed about expanded learning activities and permit continuation of projects and learning from the regular school day to the expanded learning program. Administrators advise the Director and Expanded Learning coordinators monthly about areas

where support is needed. Teachers will be hired for teaching roles in the program to further strengthen links.

CNCA is committed to meeting all reporting expectations for this grant. Currently, quarterly expenditure reports are submitted for each of our existing afterschool grants. These reports adhere to California school accounting standards and demonstrate that no less than 85% of the program's expenditures are for direct services to students. An annual independent financial audit of the books and records of CNCA will be conducted for each fiscal year. The books and records of CNCA will be kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit will employ generally accepted accounting procedures. The CNCA audit shall be conducted in accordance with applicable provisions with the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide including a Single Audit, previously known as OMB circular A-133.

Budget

Provide your budget for the program including cost-share items. The LEA is required to ensure all costs charged to the program are reasonable, necessary, and allowable in accordance with applicable statutes, regulations, and program plans for the Expanded Learning Opportunities Program. How does this budget reflect the needs of students and families within the community?

Below is a table reflecting the overall budget for the 24-25 school year.

FY23-24 Carryover	$918,152.42
FY24-25 Award	$1,308,856.52
Staffing	$521,264.33
Supplies	$179,703.45
Operating Services	$961,137.00
Total Costs	**$1,662,104.78**

This budget reflects the ways in which we leverage our expanded learning programming to meet the needs of students and families through the services that this budget makes possible. We utilize the expanded learning staff to administer programming, especially our internally run academic enrichment program that targets students who are performing below grade level in reading and math, as well as students who are at risk of becoming LTELs. We provide targeted academic services for these students through robust and high quality small group instruction. Our internal staff also facilitate a variety of student interest enrichment clubs that are directly responsive to the expressed interests and needs of our students. Our internal staffing also provides students with access to sports and physical fitness activities. The supplies that we purchase ensure that our staff have everything they need in order to facilitate the various academic and enrichment program elements that they oversee. Our operating costs allow us to partner with organizations who provide direct services to students as well as professional development for our staff. These services ensure that we are able to meet the needs of families for extended care for students.

Camino Nuevo Charter Academy may use a portion of ELO-P funds to support the operation of Attendance Recovery (AR), consistent with Education Code Section 46120(d)(3)(B). ELO-P funds used for AR are applied only when AR is offered at the same time and on the same school site as ELO-P programming, and when all requirements of EC Section 46211 are met. All expenditures of ELO-P funds in support of AR are necessary, reasonable, and allowable, and are documented in accordance with applicable statutes, regulations, and audit requirements. The Director of Expanded Learning and the Director of Finance and Business Services maintain oversight of all AR-related expenditures as part of the LEA's standard budget monitoring process.

Provide a detailed description of how the LEA will ensure the proper implementation of the above elements.

Camino Nuevo Charter Academy has a robust system for fiscal accountability to ensure that all budget spending is in accordance with the allowable expenses. Budgets are developed by the Director of Expanded Learning in response to the needs of students and families. Those budgets are board approved annually as part of the school budgets. Budgets are monitored through monthly meetings between the Director of Expanded learning and the Director of Finance and Business Services. All purchase documentation is reviewed by the Director of Expanded Learning and our partners at ExEd to ensure that all purchases have the required documentation to support them. Budgets are reviewed on an ongoing basis and adjusted to ensure that the needs of students are consistently met throughout the year. The Director of Expanded Learning meets regularly with school leadership teams to ensure that the budgets are in accordance with the needs of the school site.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.
ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

CNCA is committed to ensuring all afterschool programming is managed and assessed as a single, comprehensive offering for our students. As stated above, the leadership structure for afterschool programming is singular, meaning that all staff involved will lead on-site programming regardless of the funding stream. We will have dedicated personnel to provide comprehensive oversight and aligned quality controls for all site programs. The guidelines for student selection and participation in afterschool programming will remain fluid, with no restrictions on participating in programming from different funding streams. To further the programs' unification, offerings will be complementary and not duplicative, allowing students a variety of interests to explore.

Transitional Kindergarten and Kindergarten
Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil

to-staff member ratio of no more than 10 to 1. (EC Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

One of our top priorities in developing this program is to ensure that all staff are fully qualified to address the developmental needs of students, including our youngest TK pupils. This includes recruitment of individuals pursuing early elementary education or child development certificates, which will begin in the spring. Our recruitment efforts will need to be intensified for staff at the transitional kindergarten and kindergarten levels, in order to maintain the required pupil to staff ratio of 10 to 1. We will intentionally staff our program to maintain the required ratios. In addition, Camino Nuevo has prior experience offering a high-quality, CSPP program. We will use the lessons learned from this program to inform the staffing and design of our ELO-P program for our youngest learners.

Camino Nuevo is currently revamping our vision and curriculum for TK in order to align with the state's shift to increased TK access. We have a TK Committee, composed of primary and preschool teachers and administrators, who are meeting on a bimonthly basis to set the vision, determine academic and socio-emotional benchmarks, and align resources and schedules to those. This committee is also determining the ongoing professional development plan for all educators serving TK students, including those brought on through the ELO-P program.

Our vision for TK, which will apply to both in-school and supplemental programs, is:

At Camino Nuevo Charter Academy, transitional kindergarten is the start of a powerful 10-year learning journey in our TK-8 schools. We believe that every child is capable of learning and that children learn best when engaged in joyful experiences that promote curiosity, including inquiry and play. Educators individualize learning for the TK student by gathering all types of data, including getting to know the children, their families, and their funds of knowledge in order to bring them into the classroom. We know the power of community-school partnerships and seek to make the school a safe place for all families and children. In order to do all of this well, TK educators must be lifelong learners and innovators in order to design TK curriculum that aligns to the developmental needs of our students, meets them where they are and helps them realize their full academic and socio-emotional potential.

Offer and provide access

Describe how your LEA will offer ELO-P to their pupils and families using culturally and linguistically effective/appropriate communication channels. Describe how your LEA will provide access to the ELOP by describing the enrollment process. Include distribution of the form, signature process, and how the forms are stored. Will transportation be provided?

In order to ensure that all students and families have access to our expanded learning programming, we utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square,

personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times. Our enrollment process includes families filling out an application. Once their application has been submitted, families are notified via phone call and parent square message of their completed enrollment. Physical forms are centrally stored and digital records are maintained of all enrolled students as well as a log of communication with families throughout the enrollment process. Enrollment and recruitment materials are available in both English and Spanish and our family communication platform, ParentSquare, will translate family communication and school communication into the family's preferred language.

Transportation will be provided to all off-site programming.

Field Trips

Field trips for entertainment purposes are not allowable. However, field trips can be a valuable educational and enrichment experience for youth. Field trips should be connected to the academic or enrichment program and provide an educational experience from which students can grow academically or culturally.

ELO-P funding can only be used for educational field trips that are coordinated and provided by the ELO-P. The educational field trips should be directly connected to the academic or enrichment components of the ELO-P. ELO-P funding cannot be used for field trips provided or coordinated by the core instructional day. ELO-P Field trips must follow ELO-P program requirements, such as maintaining ratios, and ensuring staff meet the minimum requirements for an instructional aide based on district policies. The LEA should also follow local policies and procedures related to field trips.

Describe the purpose of the field trip and learning outcomes intended. Include the specific knowledge and skills students will develop. Include the field trip location and its educational significance. Include the anticipated date(s), duration of the trip, grade level(s) participating, and transportation arrangements.

Camino Nuevo Charter Academy serves traditionally under-resourced communities. Our students do not have access to many experiences and spaces in Southern California and beyond. Our field trip experiences are intended to give access to students to spaces they might not otherwise have access to. Through these experiences, they will broaden their educational and cultural understanding of the area they live in as well as begin to be able to envision themselves in other places outside of their own community. These are experiences that their peers in more affluent communities have access to through their families. Our intent in our field trip program is give our students equitable experiences of the world to their more affluent counterparts. Camino Nuevo Charter Academy will offer a variety of enrichment field trips throughout the year to students in all grade levels. These field trips may include: museums, sporting events, musical performances, outdoor spaces, recreational activities, college campuses, and other locations to meet the interests and needs of our students. In addition to these experiences being culturally and academically enriching, students will build their confidence in embodying diverse spaces that differ from their day-to-day experiences. They will learn to collaborate and cooperate with their peers in participating in a variety of enrichment

activities. They will extend their learning beyond their on-site program, and see real life examples of what they are learning about. Our field trips will occur throughout the year during non-instructional times, such as after school or on non-instructional days. Transportation will be provided to all off-site field trips.

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). Also, submit a sample schedule for a minimum nine-hour summer or intersession day.

Expanded Learning Opportunities
Program Plan

1—Safe and Supportive Environment
Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the school site or off campus. If not on site, describe where in the community it will be and how students will be supported to get there.

Our ELO-P program is structured to provide a safe and supportive environment for our students that meets their developmental, physical, and social-emotional needs. Our program will incorporate elements such as adequate space indoors and outdoors for program services. Indoor areas used for the program will have adequate heat and light, room for storing belongings, and be equipped with materials to enhance learning opportunities. Recreational equipment will be plentiful and safe and under a safety review each quarter, or more often if needed to ensure safety of youth served. All program staff will be trained in safety, first aid, and trauma-informed learning practices as part of their onboarding.

Since our afterschool program is located on our campus, we consider the afterschool program an extension of our school day and structure it as such. Offering the program on-site minimizes transportation barriers that could otherwise impact students who would not be able to participate. To enhance student learning we may offer enrichment field trips for students; transportation to and from offsite locations will be provided as part of the program.

Additionally, staff will complete incident reporting training to ensure that all safety or other incidents are documented and communicated to appropriate supervisory and/or school staff, and families. The program will clearly document and communicate all incidents that impact safety through written reports and email and telephone records. Our program will maintain an easily accessible and up-to-date record of all students participating in the program with current emergency contacts for program activities and field trips. It will align to the school safety procedures already in place, including for emergency and safety drills. Program staff will work with school staff to conduct required safety drills each year.

2—Active and Engaged Learning
Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

The proposed activities will promote positive youth development through a focus on holistic skill-building, social/emotional learning, and group work to foster positive social development and seek to create a community of responsible citizens through leadership opportunities.

The proposed activities focus on English Language Arts, Math, STEM, Youth Development, and Arts & Enrichment with the ultimate goal of closing the opportunity gap that too often exists between the low-income students we serve and their higher-income peers.

We seek to create opportunities for students to receive support with their core content from the previous school year. We will be leveraging the highest priority content and re-engage students in meaningful, non-routine ways to support mastery and preparedness for the upcoming school year. Input from school staff and administrators ensure alignment with the regular school year to best enhance students' academic achievement and positive youth development over the summer.

To promote student engagement and retention, we will incorporate student input in the planning of educational literacy and enrichment activities with intention towards Social and Emotional Learning (SEL) as students engage in the SEL competencies: self-awareness, social awareness, relationship skills, responsible decision making and self-management. By promoting youth voice in program design and active learning activities, we ensure that activities align with student interests to bolster engagement and promote student buy-in into activities.

The program will offer academic, enrichment, and recreational activities along with a nutritious meal/snack. We strive to create a program that reflects and aligns with the needs and wishes of our school community.

Possible Academic Enrichment activities based on school need include:

- Homework Assistance
- Academic Tutoring - Math, Reading and ELD
- Chess
- Visual Arts
- Music
- Mindfulness
- Gardening
- Ceramics
- Folklorico
- Nutrition and Cooking
- STEM
- Robotics
- Outdoor Education
- Recreational Components include:
    - Aerobic exercise and physical fitness/nutrition education
    - Team Sports: (i.e.: flag football, basketball, soccer, volleyball, drill, cheer)

In addition to its ELO-P enrichment and academic support programming, Camino Nuevo Charter Academy may offer an Attendance Recovery (AR) program in conjunction with ELO-P, consistent with Education Code Section 46211. AR is a voluntary, supplementary program designed to provide eligible students with additional opportunities to engage in instruction outside of the regular school day. Students who participate in AR engage in educational activities and standards-aligned content that is substantially equivalent to their regular instructional program, which may include one-on-one or small group tutoring. AR sessions may

be offered before or after school, on weekends, or during intersession periods. Participation in AR is always voluntary and does not restrict a student's access to the full range of ELO-P services. AR and ELO-P are operated as distinct programs, and student participation in each is clearly differentiated and documented separately.

3—Skill Building
Describe how the program will provide opportunities for students to experience skill building.

In our program, we will offer academic enrichment, including the arts, physical fitness, and social/emotional learning opportunities to foster academic achievement, health, and community engagement. Academic tutoring is provided for each student based on their needs and supports achievement in English Language Arts and Mathematics. Tutoring is based on academic needs and in consultation with school data, teachers, parents and students. The program provides small group tutoring.

Enrichment services will be driven by the needs and interests of students and their overall academic success. Our enrichment services provide students with the opportunity to build skills and have experiences not otherwise included during the school day. Enrichment supports retention by engaging students in fun, interesting activities; while promoting thought-provoking discussion, and building cooperative skills that will contribute to future success. Our program will support students in building skills such as foundational math and literacy skills, critical thinking, project management, organizational skills, and social-emotional management and regulation. They gain these skills through participation in enrichment activities that are driven by student interest and need to accelerate skill building through high engagement.

4—Youth Voice and Leadership
Describe how the program will provide opportunities for students to engage in youth voice and leadership.

Camino Nuevo's afterschool program has actively involved students in designing academic, enrichment, and physical education services offered in the program. This has been done through ongoing solicitation of input to gauge social, emotional, and academic needs and strengths of students. Students, partner staff, and school staff have completed needs assessments that discuss need for programs as well as preferences for programming directly informed by views of students themselves. Camino Nuevo staff have participated in planning meetings using this feedback and other data points to determine the key student leadership activities to be provided. This is a high priority for the program, and the expanded learning program will welcome school-related extracurricular activities in the afterschool hours as discussed below and set aside a space for youth leadership activities. Here, students can share viewpoints, concerns, and interests and implement leadership activities.

In addition, Camino Nuevo conducts regular student surveys at the middle and end of the school year to obtain feedback and make improvements to our services. We use the nationally standardized Panorama Survey to gain input on the student experience, school climate, and student engagement. Data obtained from the survey helps us make adjustments to our

instructional practices and extracurricular programs, including providing guidance to our afterschool program partners when new priorities or needs are identified. We have used the data gathered over the last school year to inform the design of our ELO-P program and program priorities.

Camino Nuevo will work with program staff and students to establish and review program elements. Expanded learning staff will work with educational partners to develop youth-led projects. Expanded learning staff will survey all youth enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students will take an active role in the design of clubs and enrichment groups targeting interests and needs as determined in these surveys.

The expanded learning program will coordinate with school extracurricular activities to help students develop leadership skills and provide a forum for student involvement outside of the regular school day. Students will have opportunities to lead event planning for social activities to foster community at the school, such as Movie Night, cultural celebrations, and community fairs. They also will take a leading role in campus beautification projects that they plan and execute from start to finish.

Students will take enrichment field trips and engage in projects that build upon what they learn through these trips. Student voice will inform these field trips.

5—Healthy Choices and Behaviors
Describe how the program will provide opportunities for students to engage in healthy choices and behaviors. Describe how students will be served nutritious meals and/or snacks during the ELO-P hours of programming.

Our ELO-P health and wellness programs will align directly with Camino Nuevo's wellness services and California, LAUSD, and national best practices for health and wellness. All programming offered promotes the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community. Camino Nuevo's wellness programming emphasizes socioemotional and physical health, both of which are supported through healthy practices and program activities. Healthy practices and program activities include the following:

- **Physical Activity:** Students have the opportunity to participate in a wide variety of physical activity during expanded learning hours. Activities include a focus on high student interest activities such as dance, aerobics, weight lifting, yoga, Zumba, and interactive games and sports.

- **Nutrition Education:** Students participate in nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities.

Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students work as a team to read nutrition labels, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

Healthy eating patterns in childhood and adolescence promote optimal childhood health, growth, and intellectual development; prevent immediate health problems; and may prevent long-term health problems (CDC 2020). Through nutrition education, students learn about planning meals to meet Federal MyPlate guidelines which include a focus on benefits of whole grains and dangers of soda consumption (more at MyPlate.gov). All nutrition education supports the practices established during the school day in accordance with federal school meal programs and with best practices set forth through the 2015-2020 US Dietary Guidelines for Americans and HealthyPeople 2020 national objectives. Programming also complies with Healthy Eating and Physical Activity (HEPA) standards set by the National Afterschool Association (NAA).

Camino Nuevo reinforces these healthy practices by maintaining partnerships with various health and wellness organizations. For example, we have partnered with the LA84 Foundation for donations of physical activity equipment, which students were able to take home and use to supplement in- and after-school physical education activities. We also work with various community organizations to promote health and wellness for our students, including the Bresee Foundation through their LAFC Scholars partnership and Didi Hirsch for mental health services. We also provide school-based mental health services as a core school service to reinforce mental and socioemotional health for our students.

The program will provide healthy meals each day in accordance with the program schedule that follow USDA school meal guidelines. For example, if a snack is offered then the snack would typically consist of a fresh fruit and a whole grain item such as baked crackers.

6—Diversity, Access, and Equity
Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

The program implemented at Camino Nuevo will predominantly serve Latino students and families, as well as diverse students from other backgrounds that include white, African American, and Asian-American. We will work with our partners to maintain a very strong commitment to diversity and celebration of student cultures that is a foundational feature of Camino Nuevo and the expanded learning program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for high school success and postsecondary opportunities. The program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level,

national origin, physical ability, sexual orientation and/or gender identity and expression. Orientation and ongoing professional development services provided quarterly will include diversity, equity, and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) will explicitly express this commitment to diversity and equity in all services. This commitment will be further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners - both in the physical environment and online. Program staff and partners will actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs. In response to those student and family needs, we will deliver services to meet those needs. These could include family workshops as appropriate in order to prepare families to meet the needs of their students.

A fundamental point will be the opportunities given to students and families in the program as well as staff to share experiences from their diverse experiences and backgrounds. This will include services such as specific planning for high school success and postsecondary opportunities and college from the perspective and knowledge base of low-income students who in many cases would be the first in their family to attend college. Enrichment opportunities, guided by students themselves, will embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. A sampling of programming could include art classes, music production, service learning projects, and STEM projects like Robotics. In art classes students could explore the roots of the Latino experience in the City of LA and elsewhere by studying neighborhood murals and potentially creating murals at their own school site. During the summer students could visit museums like the Museum of Latin American Art or La Plaza De Cultura Y Artes to be exposed to the rich Latino art displayed throughout the city. As part of our programming we could also curate a children's book library that includes books by diverse authors with diverse character representations aligned to our Ethnic Studies Program that will further enrich student learning. Staff members could engage students in interactive read alouds each day and students could also be encouraged to read independently and explore their interests. Other possibilities include music classes that allow students to explore cultural influences and signposts in digital creation of music. During Service Learning projects students could plan and implement projects such as a neighborhood clean-up/beautification that encourages them to embrace their unique backgrounds and understand strengths that they bring to projects to make their neighborhood a better place. STEM projects (such as Robotics) and mentorship opportunities provided to students will allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships with groups such as Latinas in STEM.

We have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It will be a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program. As part of our student and parent surveys conducted twice yearly at the beginning and end of each program year, the program will gather additional information regarding students with disabilities, English Language Learners, and other students with

potential barriers to better understand needs and implement services to meet these needs. This will include students who have been truant, suspended, or expelled, and we will serve them in the program to help improve their academic achievement and attendance. Our partners will draw from best practices developed from their experience serving at-risk youth, using proven research based interventions to re-engage youth in academics and prepare for their futures. Camino Nuevo also holds expertise in this area and will work closely with our partners to ensure the program design meets the needs of our students.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, staff, and counselors to recruit and enroll these students, with site staff training of partners to better understand student skills, needs, and best practice supports. We utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square, personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times.

Camino Nuevo has a high proportion of English Language Learners and a strong need for services to support these students in the out of school hours. According to *English Language Learners: Becoming Fluent in Afterschool* (2011), afterschool programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and read-alouds. Homework help will be provided each day and documented in journals. This is a critical need at schools like Camino Nuevo with high EL populations, as students often lack support to complete work at home.

CNCA's expanded learning programs will provide access and opportunities to students with disabilities by ensuring that our programs are accessible to all students. We will do this by employing an Expanded Learning MTSS coordinator who will develop appropriate supports and scaffolds for students with disabilities to ensure that all programming is accessible to all students.

7—Quality Staff
Describe how the program will provide opportunities for students to engage with quality staff.

Camino Nuevo ensures that all staff members who directly supervise/teach pupils meet minimum requirements of their position by confirming all credential requirements prior to onboarding. To further confirm, Camino Nuevo administrators are involved in the interviewing process for internal ELOP program staff and will confirm eligibility.

Camino Nuevo will work with our partners to ensure that the selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is critical. The program will recruit tutors with at least two years of college experience. Camino Nuevo will hire a Director of Expanded Learning to oversee the management of our program. This position will require a BA degree, demonstrated leadership experience and experience in school programming/teaching. In addition, CNCA will

also hire district-level Expanded Learning Coordinators to manage programming at each of our school sites. The requirements for this position include a BA degree, and demonstrated success working with students and families in an academic or recreational setting. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired.

The Director of Expanded Learning will design and guide staff development in support of expanded learning. The district level Expanded Learning Coordinators will manage and support their school site team with the implementation of the program and staff development. Recruitment is led by Camino Nuevo's Human Assets Team, working with the Director of Expanded Learning, the Expanded Learning Coordinators and Site Leaders. Staff will have clear titles and responsibilities, and receive a competitive salary.

Camino Nuevo Charter Academy will make it a priority to employ personnel who have succeeded in overcoming barriers of circumstances such as those found in the surrounding communities we serve. They bring to their task an understanding of challenges and rewards of growing up in predominantly Latino and low-income communities. All job postings and descriptions will emphasize preference for local hires and specify skills, such bilingual language abilities, that support hiring of personnel similar to students served in the program.

Camino Nuevo Charter Academy will provide ongoing professional development to our expanded learning staff in areas relevant to their role which may include training in any of the following areas: curriculum implementation, classroom culture, MTSS systems, family communication, educator well-being, content knowledge and SEL. These PDs will be offered on a regular cadence through weekly PDs as well as full-day PDs as needed in order to ensure that our staff have the necessary knowledge and skills to engage and meet the needs of all students.

When Attendance Recovery (AR) is offered in conjunction with ELO-P, AR sessions are supervised by certificated employees of Camino Nuevo Charter Academy, consistent with the requirements of Education Code Section 46211(f). Certificated supervisors of AR maintain the required student-to-staff ratios: no more than 10 students per certificated staff member for Transitional Kindergarten and Kindergarten, and no more than 20 students per certificated staff member for grades 1 through 12. These supervision requirements apply to all AR sessions, including any sessions offered in a commingled setting alongside ELO-P.

8—Clear Vision, Mission, and Purpose
Describe the program's clear vision, mission, and purpose.

Camino Nuevo Charter Academy's mission is to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.
Aligned with this, Camino Nuevo will offer an Expanded Learning Opportunities Program for students in TK-6 (priority) and 7th and 8th in collaboration with the afterschool ASES program open to all TK - 8 students. All of our free Expanded Learning programs will are designed to support the following purposes:

- Exceptional academic support programs to serve diverse learners in their growth and achievement of grade level standards and beyond
- Enriching Arts programs that offer students exposure and access to visual and performing arts
- Athletic programs focused on developing physical skills needed to participate and excel in a variety of sports
- STEM programs that will help our students become creators and innovators who can build foundational 21st century skills needed to compete in the global marketplace

Our vision is for our schools to offer a safe Expanded Learning environment where student leadership and student voice are valued and appreciated. This environment will foster a community of growth and learning in all of our focus areas and support students' positive development as students, scholars, and social justice leaders. The below chart expands upon our program goals as related to this vision.

9—Collaborative Partnerships
Describe the program's collaborative partnerships. Local educational agencies are encouraged to collaborate with non-LEA entities to administer and implement ELO-P programs.

Camino Nuevo has an MOU to provide our base afterschool services with Woodcraft Rangers. The Woodcraft Rangers team works collaboratively with school administrators, school personnel and families to gather feedback, design programming and implement high-quality afterschool programming.

In addition, we work closely alongside our sister foundation, Pueblo Nuevo Education &

Development Group, to provide additional enrichment activities and wraparound supportive services. Pueblo Nuevo and Camino Nuevo work together to deliver a continuum of programs and services to help increase educational equity and expand educational opportunities for students. Their programming priorities include expanding access and fostering success in higher education through our Camino through College program; providing learning opportunities in the arts and sciences that enrich students' lives; providing school-based mental health and wraparound services to support our students and families; and, engaging authentically with our families and partners to strengthen communities. They will continue to provide these services during our ELO-P program.

Other partners may include:

10—Continuous Quality Improvement
Describe the program's Continuous Quality Improvement plan.

Camino Nuevo will use a robust combination of measures to gauge student success in programming. At their roots, analyzed measures of student success are grounded in the Quality Standards for Expanded Learning in California as defined by the California Department of Education (CDE). These quality standards rely on the following success measures to ensure

that our program adheres to quality improvement standards and reflects a culture of continuous growth necessary to support students.

CNCA has an internal Knowledge Management Team that will support with data tracking and reporting. Tracked measures of student success could include school attendance, parent and student satisfaction, and academic improvement. To enhance accountability and data-driven best practices, CNCA will use a number of data tracking and monitoring procedures. CNCA will collect attendance data, conduct site visits, and program monitoring and technical assistance routinely. Attendance data is collected on a weekly basis by the Site Supervisor.

Camino Nuevo also tracks and reports student participation in Attendance Recovery (AR) separately from both regular school day attendance and ELO-P participation, consistent with Education Code Section 46211(d)(3). AR attendance records, including documentation of each student's participation time, are maintained by the supervising certificated teacher and made available for review during the annual audit process. AR data is incorporated into the LEA's broader continuous quality improvement process to monitor the program's effectiveness in supporting students who have experienced absences and to ensure ongoing compliance with all applicable statutory requirements.

Surveys will be administered annually. Feedback garnered through this process is used to make improvements to the program for the following academic year to ensure that the program structure is meeting the needs of the community. In designing the program for success, we analyze academic achievement on a school wide basis by looking at CDE proficiency scores for English Language Arts (ELA) and mathematics and demographics for enrolled students (including free and reduced priced lunch enrollment, ethnicity, and gender) to determine program and school specific needs. This data is used to tailor the Program Plan and ELO-P activities to reflect the specific academic and cultural needs of the student base. Moreover, in an effort to ensure that all programming is an extension of the school day, ELO-P staff may meet with school administrators on a monthly basis to gain an understanding of both general needs and needs specific to the individual students

These measures of student success are coherent with the instructional day and the overarching goals of the program. All of the programming offered through Expanded Learning services act as an extension of the school day. Activities are in line with the priorities of the school and reflect the academic and cultural needs of the student base. Teachers and administrators are incorporated into the site activity planning process to ensure that our students continue to learn and grow during their time in Expanded Learning.

Camino Nuevo is committed to maintaining a data-driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. This quality improvement process creates a framework of clear expectations and a shared vision of quality among multiple educational partners. This sets forth a cycle of continuous quality improvement which is based on three steps: 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies, 2) Planning, which allows the program to use data to generate and implement an action plan for quality improvement, and 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed allowing for ongoing rapid quality improvement. More than these steps, our vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever- changing base. Our program will establish a clearly defined continuous quality improvement plan that includes: 1) outcomes improvement goals and action steps, 2) a timeline with dates for action steps and quality improvement discussions, 3) feedback from staff, youth, parents, and partners, 4) description of the information or data needed to assess quality, and 5) clear description of the responsibilities for each person on the improvement team. This plan is used as the guiding document to facilitate continuous quality improvement in the after school program. Results of annual assessments will be used to make improvements to the program design to meet the needs of the students and families at Camino Nuevo, allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management
Describe the plan for program management.

Our overarching goal is that we work to ensure that our students are *college ready, college bound*. Our after school program partnership is established to focus on college preparation through academic and enrichment supports. CNCA plans to partner with our ELO-P program provider to close gaps in academic achievement and motivate our students to succeed.

Program operations are overseen by the Director of Expanded Learning. The Chief Academic Officer directly oversees the Director of Expanded Learning, who supervises Expanded Learning Coordinators across the network. Expanded Learning Coordinators oversee all school-based Youth Leaders.

- Chief Academic Officer: responsible for ensuring support for the Director of Expanded Learning.
- Director of Expanded Learning: responsible for program oversight, staff supervision, partnerships across the network of CNCA schools; responsible for program evaluation and quality improvement data analysis; and ensuring grant compliance.
- Expanded Learning Coordinators: responsible for on-site program administration and oversight, including supervising staff such as Academic Enrichment Instructors.
- Director of Knowledge Management: responsible for tracking and reviewing attendance data; provides regular reports and compliance assurance on programs across all sites, collaborate with Director of Expanded Learning
- Director of Finance and Business Services: responsible for maintaining budgets and fiscal reporting.

The Director of Expanded Learning and the Expanded Learning Coordinators will be responsible for managing relationships with school personnel. Monthly meetings between the Director of Expanded Learning and Expanded Learning Coordinator and school administration ensure schools are informed about expanded learning activities and permit continuation of projects and learning from the regular school day to the expanded learning program. Administrators advise the Director and Expanded Learning coordinators monthly about areas

where support is needed. Teachers will be hired for teaching roles in the program to further strengthen links.

CNCA is committed to meeting all reporting expectations for this grant. Currently, quarterly expenditure reports are submitted for each of our existing afterschool grants. These reports adhere to California school accounting standards and demonstrate that no less than 85% of the program's expenditures are for direct services to students. An annual independent financial audit of the books and records of CNCA will be conducted for each fiscal year. The books and records of CNCA will be kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit will employ generally accepted accounting procedures. The CNCA audit shall be conducted in accordance with applicable provisions with the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide including a Single Audit, previously known as OMB circular A-133.

Budget

Provide your budget for the program including cost-share items. The LEA is required to ensure all costs charged to the program are reasonable, necessary, and allowable in accordance with applicable statutes, regulations, and program plans for the Expanded Learning Opportunities Program. How does this budget reflect the needs of students and families within the community?

Below is a table reflecting the overall budget for the 24-25 school year.

FY23-24 Carryover	$149,231.62
FY24-25 Award	$879,896.56
Staffing	$353,435.30
Supplies	$106,000.00
Operating Services	$564,050.00
Total Costs	**$1,023,485.30**

This budget reflects the ways in which we leverage our expanded learning programming to meet the needs of students and families through the services that this budget makes possible. We utilize the expanded learning staff to administer programming, especially our internally run academic enrichment program that targets students who are performing below grade level in reading and math, as well as students who are at risk of becoming LTELs. We provide targeted academic services for these students through robust and high quality small group instruction. Our internal staff also facilitate a variety of student interest enrichment clubs that are directly responsive to the expressed interests and needs of our students. Our internal staffing also provides students with access to sports and physical fitness activities. The supplies that we purchase ensure that our staff have everything they need in order to facilitate the various academic and enrichment program elements that they oversee. Our operating costs allow us to partner with organizations who provide direct services to students as well as professional development for our staff. These services ensure that we are able to meet the needs of families for extended care for students.

Camino Nuevo Charter Academy may use a portion of ELO-P funds to support the operation of Attendance Recovery (AR), consistent with Education Code Section 46120(d)(3)(B). ELO-P funds used for AR are applied only when AR is offered at the same time and on the same school site as ELO-P programming, and when all requirements of EC Section 46211 are met. All expenditures of ELO-P funds in support of AR are necessary, reasonable, and allowable, and are documented in accordance with applicable statutes, regulations, and audit requirements. The Director of Expanded Learning and the Director of Finance and Business Services maintain oversight of all AR-related expenditures as part of the LEA's standard budget monitoring process.

Provide a detailed description of how the LEA will ensure the proper implementation of the above elements.

Camino Nuevo Charter Academy has a robust system for fiscal accountability to ensure that all budget spending is in accordance with the allowable expenses. Budgets are developed by the Director of Expanded Learning in response to the needs of students and families. Those budgets are board approved annually as part of the school budgets. Budgets are monitored through monthly meetings between the Director of Expanded learning and the Director of Finance and Business Services. All purchase documentation is reviewed by the Director of Expanded Learning and our partners at ExEd to ensure that all purchases have the required documentation to support them. Budgets are reviewed on an ongoing basis and adjusted to ensure that the needs of students are consistently met throughout the year. The Director of Expanded Learning meets regularly with school leadership teams to ensure that the budgets are in accordance with the needs of the school site.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.
ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

CNCA is committed to ensuring all afterschool programming is managed and assessed as a single, comprehensive offering for our students. As stated above, the leadership structure for afterschool programming is singular, meaning that all staff involved will lead on-site programming regardless of the funding stream. We will have dedicated personnel to provide comprehensive oversight and aligned quality controls for all site programs. The guidelines for student selection and participation in afterschool programming will remain fluid, with no restrictions on participating in programming from different funding streams. To further the programs' unification, offerings will be complementary and not duplicative, allowing students a variety of interests to explore.

Transitional Kindergarten and Kindergarten
Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil

to-staff member ratio of no more than 10 to 1. (EC Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

One of our top priorities in developing this program is to ensure that all staff are fully qualified to address the developmental needs of students, including our youngest TK pupils. This includes recruitment of individuals pursuing early elementary education or child development certificates, which will begin in the spring. Our recruitment efforts will need to be intensified for staff at the transitional kindergarten and kindergarten levels, in order to maintain the required pupil to staff ratio of 10 to 1. We will intentionally staff our program to maintain the required ratios. In addition, Camino Nuevo has prior experience offering a high-quality, CSPP program. We will use the lessons learned from this program to inform the staffing and design of our ELO-P program for our youngest learners.

Camino Nuevo is currently revamping our vision and curriculum for TK in order to align with the state's shift to increased TK access. We have a TK Committee, composed of primary and preschool teachers and administrators, who are meeting on a bimonthly basis to set the vision, determine academic and socio-emotional benchmarks, and align resources and schedules to those. This committee is also determining the ongoing professional development plan for all educators serving TK students, including those brought on through the ELO-P program.

Our vision for TK, which will apply to both in-school and supplemental programs, is:

At Camino Nuevo Charter Academy, transitional kindergarten is the start of a powerful 10-year learning journey in our TK-8 schools. We believe that every child is capable of learning and that children learn best when engaged in joyful experiences that promote curiosity, including inquiry and play. Educators individualize learning for the TK student by gathering all types of data, including getting to know the children, their families, and their funds of knowledge in order to bring them into the classroom. We know the power of community-school partnerships and seek to make the school a safe place for all families and children. In order to do all of this well, TK educators must be lifelong learners and innovators in order to design TK curriculum that aligns to the developmental needs of our students, meets them where they are and helps them realize their full academic and socio-emotional potential.

Offer and provide access

Describe how your LEA will offer ELO-P to their pupils and families using culturally and linguistically effective/appropriate communication channels. Describe how your LEA will provide access to the ELOP by describing the enrollment process. Include distribution of the form, signature process, and how the forms are stored. Will transportation be provided?

In order to ensure that all students and families have access to our expanded learning programming, we utilize a variety of methods for outreach and recruitment in order to ensure that we are able to reach all families, including our parent messaging platform, Parent Square,

personal phone calls, family meetings both virtual and in-person, mailing out resources, handing out materials to students and tabling during arrival/dismissal times. Our enrollment process includes families filling out an application. Once their application has been submitted, families are notified via phone call and parent square message of their completed enrollment. Physical forms are centrally stored and digital records are maintained of all enrolled students as well as a log of communication with families throughout the enrollment process. Enrollment and recruitment materials are available in both English and Spanish and our family communication platform, ParentSquare, will translate family communication and school communication into the family's preferred language.

Transportation will be provided to all off-site programming.

Field Trips

Field trips for entertainment purposes are not allowable. However, field trips can be a valuable educational and enrichment experience for youth. Field trips should be connected to the academic or enrichment program and provide an educational experience from which students can grow academically or culturally.

ELO-P funding can only be used for educational field trips that are coordinated and provided by the ELO-P. The educational field trips should be directly connected to the academic or enrichment components of the ELO-P. ELO-P funding cannot be used for field trips provided or coordinated by the core instructional day. ELO-P Field trips must follow ELO-P program requirements, such as maintaining ratios, and ensuring staff meet the minimum requirements for an instructional aide based on district policies. The LEA should also follow local policies and procedures related to field trips.

Describe the purpose of the field trip and learning outcomes intended. Include the specific knowledge and skills students will develop. Include the field trip location and its educational significance. Include the anticipated date(s), duration of the trip, grade level(s) participating, and transportation arrangements.

Camino Nuevo Charter Academy serves traditionally under-resourced communities. Our students do not have access to many experiences and spaces in Southern California and beyond. Our field trip experiences are intended to give access to students to spaces they might not otherwise have access to. Through these experiences, they will broaden their educational and cultural understanding of the area they live in as well as begin to be able to envision themselves in other places outside of their own community. These are experiences that their peers in more affluent communities have access to through their families. Our intent in our field trip program is give our students equitable experiences of the world to their more affluent counterparts. Camino Nuevo Charter Academy will offer a variety of enrichment field trips throughout the year to students in all grade levels. These field trips may include: museums, sporting events, musical performances, outdoor spaces, recreational activities, college campuses, and other locations to meet the interests and needs of our students. In addition to these experiences being culturally and academically enriching, students will build their confidence in embodying diverse spaces that differ from their day-to-day experiences. They will learn to collaborate and cooperate with their peers in participating in a variety of enrichment

activities. They will extend their learning beyond their on-site program, and see real life examples of what they are learning about. Our field trips will occur throughout the year during non-instructional times, such as after school or on non-instructional days. Transportation will be provided to all off-site field trips.

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). Also, submit a sample schedule for a minimum nine-hour summer or intersession day.

GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on July 1, 2026, between, Camino Nuevo Charter Academy hereinafter referred to as the local educational agency ("LEA"), and New Mediscan II, LLC dba Cross Country Education (nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 *et seq* and within the professional scope of practice of each provider's license,

certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract. Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures provided at the start of the contract unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30th. In the event the contract negotiations are not agreed to by June 30th, the most recently executed Master Contract will remain in effect for 90 days. (Title 5 California Code of Regulations section 3062(d)) No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

This Master Contract includes each ISA and they are incorporated herein by this reference. This Master Contract supersedes any prior or contemporaneous written or oral understanding or agreement. This Master Contract may be amended only by written amendment executed by both parties.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include a roster of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA.

6. INDIVIDUAL SERVICE AGREEMENT ("ISA")

When provided by the LEA, this Agreement shall include an ISA developed for each student to whom CONTRACTOR is to provide special education and/or related services. An ISA shall only be issued for students enrolled with the approval of the LEA pursuant to Education Code section 56366 (a)(2)(A). An ISA may be effective for more than one contract year provided that there is a concurrent Master Contract in effect. In the event that this Master Contract expires or terminates, CONTRACTOR, shall continue to be bound to all of the terms and conditions of the most recent executed ISAs between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students.

Any and all changes to a student's educational placement/program provided under this Master Contract and/or an ISA shall be made solely on the basis of a revision to the student's IEP or by written agreement between the parent and LEA. At any time during the term of this Master Contract, a student's parent, CONTRACTOR, or LEA may request a review of a student's IEP subject to all procedural safeguards required by law.

Unless otherwise provided in this Master Contract, the CONTRACTOR shall provide all services specified in the IEP unless the CONTRACTOR and the LEA agree otherwise in the ISA. (California Education Code sections 56366(a) (5) and 3062(e)). In the event the CONTRACTOR is unable to provide a specific service at any time during the life of the ISA, the CONTRACTOR shall notify the LEA in writing within five (5) business days of the last date a service was provided. CONTRACTOR shall provide any and all subsequent compensatory service hours awarded to student as a result of lack of provision of services while student was served by the NPS/A.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code. CONTRACTOR shall adhere to all LEA requirements concerning changes in placement.

Disagreements between LEA and CONTRACTOR concerning the formulation of an ISA or the Master Contract may be appealed to the County Superintendent of Schools of the County where the LEA is located, or the State Superintendent of Public Instruction pursuant to the provisions of California Education Code section 56366(c) (2).

G. For any claims related to the services performed in connection with this Master Contract, the CONTRACTOR's insurance coverage shall be the primary insurance with respect to the LEA, its subsidiaries, officials and employees. LEA shall indemnify and hold CONTRACTOR and its Board Members, administrators, employees, agents, attorneys, and subcontractors ("CONTRACTOR Indemnitees") harmless against all liability, loss, damage and expense (including reasonable attorneys' fees and costs) resulting from or arising out of this Master Contract or its performance, to the extent that such loss, expense, damage or liability was proximately caused by the negligent or willful act or omission of LEA, including, without limitation, its agents, employees, subcontractors or anyone employed directly or indirectly by it (excluding CONTRACTOR and/or any CONTRACTOR Indemnitees).

LEA represents that it is self-insured in compliance with the laws of the State of California, that the self-insurance covers LEA employees acting within the course and scope of their respective duties and that its self-insurance covers the LEA's indemnification obligations under this Master Contract.

17. INDEPENDENT CONTRACTOR

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

18. SUBCONTRACTING

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. Furthermore, when CONTRACTOR enters into subcontracts for the provision of special education and/or related services (including, but not limited to, transportation) for any student, CONTRACTOR shall cause each subcontractor to procure and maintain insurance during the term of each subcontract. Such subcontractor's insurance shall comply with the provisions of Section 15. Each subcontractor shall furnish the LEA with original endorsements and certificates of insurance effecting coverage required by Section 15. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. The endorsements are to be on forms as required by the LEA. All endorsements are to be received and approved by the LEA before the subcontractor's work commences. The Commercial General Liability and Automobile Liability policies shall name the LEA/SELPA and the LEA Board of Education as additional insured.

As an alternative to the LEA's forms, a subcontractor's insurer may provide complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by this Master Contract. All Certificates of Insurance must reference the name of the school or agency submitting the certificate, indication if NPS or NPA, and the location of the school or agency submitting the certificate. In addition, all subcontractors must meet the requirements as contained in Section 44 Clearance Requirements and Section 45 Staff Qualifications of this Master Contract.

19. CONFLICTS OF INTEREST

CONTRACTOR shall provide to LEA upon request a copy of its current bylaws and a current list of its Board of Directors (or Trustees), if it is incorporated. CONTRACTOR and any member of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict of interest pursuant to California Education Code section 56042 and Government Code Section 1090 including, but not limited to, employment with LEA, provision of private party assessments and/or reports, and attendance at IEP team meetings acting as a student's advocate. Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request

parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

20. NON-DISCRIMINATION

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of gender, nationality, national origin, ancestry, race, color, ethnicity, ethnic group affiliation, religion, age, marital status, pregnancy or parental status, sex, sexual orientation, gender, gender identity or expression, physical or mental disability, genetic information or any other classification protected by federal or state law or the perception of one or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics.

21. FREE AND APPROPRIATE PUBLIC EDUCATION (FAPE)

The LEA shall provide CONTRACTOR with a copy of the IEP including the Individualized Transition Plan (hereinafter referred to as "ITP") of each student served by CONTRACTOR. CONTRACTOR shall provide special education and/or related services (including transition services) to each student within the NPS/A consistent with the student's IEP and as specified in the ISA. If CONTRACTOR is a NPS, CONTRACTOR shall not accept a student if it cannot provide or ensure the provision of the services outlined in the student's IEP. If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the student's enrollment under the terms of this Master Contract). LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR may charge a student's parent(s) for services and/or activities not necessary for the student to receive a free appropriate public education after: (a) written notification to the student's parent(s) of the cost and voluntary nature of the services and/or activities; and (b) receipt by the LEA of the written notification and a written acknowledgment signed by the student's parent(s) of the cost and voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

22. GENERAL PROGRAM OF INSTRUCTION

All NPA services shall be provided consistent with the area of certification specified by CDE Certification and as defined in California Education Code section 56366 *et seq*...

When CONTRACTOR is a NPA and/or related services provider, CONTRACTOR's general program of instruction and/or services shall utilize evidence-based practices and be consistent with LEA and CDE guidelines and certification, and provided as specified in the student's IEP and ISA. The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. CONTRACTOR shall immediately notify LEA in writing if no parent, guardian or adult caregiver is present. CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. CONTRACTORS providing Behavior Intervention services must have a trained behaviorist or trained equivalent on staff. It is understood that Behavior Intervention services are limited per CDE Certification and do not constitute as an instructional program.

When CONTRACTOR is a NPA, CONTRACTOR shall not provide transportation nor subcontract for transportation services for students unless the LEA and CONTRACTOR agree otherwise in writing.

23. INSTRUCTIONAL MINUTES

When CONTRACTOR is a NPA and/or related services provider, the total number of minutes per school day provided by CONTRACTOR shall be specified in the student's ISA developed in accordance with the student's IEP.

24. CALENDARS

When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide direct services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide Direct services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for Direct services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment for Direct Services. It is specifically understood that Direct services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service

provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR. LEA understands and agrees that Indirect services may be performed on days and times the LEA is not in session.

25. DATA REPORTING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate software, user training and proper internet permissions to allow adequate access.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, upon request, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA agrees to the CONTRACTOR's provided forms for such data including, but not limited to, invoicing, attendance reports and progress reports. The CONTRACTOR may approve use of LEA's forms at their discretion.

26. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

27. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition

services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings constitutes Indirect service billable hour(s).

28. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code section 49005, *et seq.*, 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and it's implementing regulations. If the IEP team determines that a student's behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies ***require*** a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. If the student's IEP does not contain a BIP, an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained personnel as a limited emergency intervention;
6. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
7. an intervention that precludes adequate supervision of the individual;
8. an intervention that deprives the individual of one or more of his or her senses.

CONTRACTOR shall comply with Education Code section 49005.8. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places his or her body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Place a pupil in a facedown position with the pupil's hands held or restrained behind the pupil's back.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

29. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of his or her IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is billable as an indirect service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of

placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

30. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

31. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to parents at least four (4) written progress reports/report cards. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA and LEA student's parent(s) quarterly.

CONTRACTOR shall complete academic or other evaluations of the student five (5) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

32. PARENT ACCESS

CONTRACTOR providing services off-campus as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall

be provided to the LEA prior to the start of off-campus services, including written and signed authorization in emergency situations. The parent shall inform the LEA of any changes of caregivers and provide written authorization for emergencies. The adult caregiver cannot also be an employee or volunteer associated with the NPA service provider.

All problems and/or concerns, both verbal and written, reported to pupil's parents shall also be provided, in writing, to the LEA.

33. MONITORING

The State Superintendent of Public Instruction ("Superintendent"), through the delegated monitoring activities to the California Department of Education (CDE), shall monitor CONTRACTOR'S facilities, the educational environment, and the quality of the educational program, including the teaching staff, the credentials authorizing service, the standards-based core curriculum being employed, and the standard focused instructional materials used on a three-year cycle, as follows: (1) CONTRACTOR shall complete a self-review in year one; (2) the Superintendent shall conduct an onsite review in year two; and (3) the Superintendent shall conduct a follow-up visit in year three.

CONTRACTOR hereby agrees that CONTRACTOR's employees and volunteers shall not come in contact with students, in-person or virtually, until CDOJ and FBI clearance are ascertained. CONTRACTOR shall certify in writing to LEA that none of its employees, and volunteers, unless CONTRACTOR determines that the volunteers will have no direct contact with students, or subcontractors who may come into contact with students have been convicted of a violent or serious felony as those terms are defined in California Education Code section 44237(h), unless despite the employee's conviction of a violent or serious felony, he or she has met the criteria to be eligible for employment pursuant to California Education Code section 44237 (i) or (j). This Exhibit governs the collection, use, disclosure, storage, retention, and destruction of data shared under the Avance teacher residency program. Any use beyond the stated residency program evaluation purposes outlined in this Exhibit requires separate written authorization by the Parties.

1. Purpose:
The Parties intend the sharing of data described in this Exhibit to support long-term implementation of the residency program, including research and evaluation focused on continuous improvement and educational equity. The purpose of this Exhibit is to outline the scope and conditions under which limited data may be shared between the Parties to support: compliance with Commission on Teacher Credentialing ("CTC") reporting requirements; continuous improvement and sustainability of the Avance Residency Los Angeles Consortium's teacher residency program; internal evaluation of resident preparation, mentor practice, and program outcomes; and research, analysis, and longitudinal study related to teacher preparation, educator development, and educational equity in collaboration with our university partner, Loyola Marymount University (LMU).

2. Scope of Data to Be Shared:
To the extent such data is collected and maintained by Partner School, and as permitted by applicable law, Partner School shall, upon request, provide to CNCA, as Grant Lead Agency, de-identified staff data, de-identified student data, and/or aggregated data only, including the following:

- i-Ready assessment results or comparable interim benchmark assessments
- California Assessment of Student Performance and Progress (CAASPP) result
- Other benchmark or summative assessments administered consistently by Partner School

B. **Student Attendance and Belonging** Aggregate student attendance data for mentor/resident classrooms during the residency year and, where applicable, for resident graduates once serving as teachers of record in comparison with school or network grade level, including:

- Aggregate student belonging, climate, culture, or engagement survey results

C. **Resident Graduate Outcomes:** Aggregate and/or de-identified data related to resident outcomes including:

- Residency completion
- Placement and employment within the Consortium
- Retention of resident graduates compared to other teachers with similar years of experience and credential pathways
- Resident graduate attendance rates in comparison with other staff attendance rates

3. Use of Data
Data shared pursuant to this Exhibit shall be used solely for the following purposes: grant reporting and compliance with CTC requirements; internal program evaluation and continuous improvement and sustainability; informing program design, mentor development, and resident supports; and research, analysis, and longitudinal study related to teacher preparation, educator development, and educational equity. Data shall not be used for individual employee evaluation, discipline, or employment decisions.

Data shared under this Exhibit shall be used solely for the purposes expressly described herein and for no other purpose unless separately authorized in writing by the Parties. If a particular project conducted under this Exhibit requires additional legal review, institutional approval, or human subjects review, the Parties shall cooperate in good faith to document and satisfy those requirements before the relevant project begins.

4. Confidentiality and Data Security
All data shared under this Exhibit shall be handled in compliance with applicable federal and state laws, including the Family Educational Rights and Privacy Act (FERPA).

No personally identifiable student information shall be shared pursuant to this Exhibit. To the extent data is aggregated, Partner School shall ensure that reporting groups are sufficiently large to prevent the identification of individual students.

CNCA shall maintain reasonable administrative, technical, and physical safeguards to protect data received and shall limit access to authorized personnel with a legitimate programmatic and educational need to know.

5. Ownership
All underlying student and staff data remain the property of Partner School or the originating entity. Nothing in this Exhibit transfers ownership of data to CNCA.

6. Term
Data sharing under this Exhibit shall remain in effect for the term of the MOU and may continue for a reasonable period thereafter solely for purposes of completing grant reporting, audits, and internal longitudinal evaluation of residency outcomes, unless otherwise terminated by mutual written agreement of the Parties.

Service Hours & Internship Policy

Purpose

As part of our commitment to preparing students to graduate fully college and career-ready, students pursuing the A–G Graduation track are expected to complete the following milestones:

- [1]40 Hours of documented service/volunteer work – Encouraging meaningful community engagement and the development of leadership skills.

- [2]One (1) Internship Experience & Reflection (Minimum 30 Hours) – Providing hands-on, real-world experience and the opportunity to reflect on professional growth and career exploration.

Internships and service hours play a critical role in preparing students for life after high school. These experiences help students build the academic, professional, and personal skills that colleges and employers look for. They are especially valuable for first-generation students who may have limited access to professional networks or career exposure. Through these experiences, our goal is to provide students with:

1. Real-World Experience - Students gain hands-on exposure to workplaces, careers, and professional environments—helping them understand what different careers are actually like.

2. Career Exploration - Internships and volunteer work help students discover their interests, strengths, and possible career paths early, leading to more informed postsecondary decisions.

3. Skill Development - Students develop essential skills such as communication, collaboration, problem-solving, and time management, among other skills that will support their personal and professional development in college and beyond.

4. College Admissions Advantage - Colleges value students who demonstrate leadership, commitment to community, and real-world involvement. Service hours and internships make applications stronger and more competitive.

5. Community Engagement - Volunteer service helps students develop empathy, responsibility, and a sense of belonging.

Requirement Integrity

These requirements are designed to ensure students are well prepared for life beyond high school by promoting meaningful real-world experiences, strengthening essential professional skills, and supporting overall postsecondary readiness. Therefore, completion of these requirements is expected of all students pursuing the A–G Graduation track. A high school diploma will not be issued until all graduation requirements have been met, including service hours and an internship. Any requests for modifications, substitutions, or exceptions must be submitted before the start of the second semester of the student's senior year and will be reviewed and formally approved by the Director of College and Career Success in consultation with the Chief Academic Officer. This process helps maintain consistency, equity, and fidelity to our shared commitment to preparing every student for success in college, career, and beyond.

[1] Students who enroll at Dalzell Lance High School after 9th grade will need to complete a total of 10 service hours per school year. For example, if a student enrolls in the eleventh grade, he or she will be required to complete 20 hours of service/volunteer work.
[2] Students who enroll at Dalzell Lance High School after 9th grade are exempt from completing an internship.

Camino Nuevo Charter Academy
Dalzell Lance Campus

Service/Volunteer Hours

Service hours provide students with meaningful opportunities to give back to their communities, develop leadership skills, and explore personal interests. Students may volunteer with any local nonprofit organization during their free time—including after school, weekends, and school breaks. Common examples include schools, shelters, environmental groups, hospitals, community centers, and faith-based organizations. Students may not receive payment for volunteer service, and hours may not be completed at a for-profit business.

Helping family members, such as caring for siblings, completing housework, or assisting with a family business, will not meet the service/volunteer requirement. All service hours must be documented on a service log sheet. Students may pick up and submit service log sheets at the college center at any time. Although students are encouraged to find their preferred organization to complete this requirement, opportunities from external organizations are also shared with students and families via Student + ParentSquare, Google Classroom, and the College Center. External service hour opportunities are shared for informational purposes; however, CNCA does not sponsor, endorse, or supervise them.

To remain on track to complete the requirement, students are expected to complete at least 10 hours of service per year. All 40 required hours must be submitted no later than the **4th Friday in May** of senior year to ensure eligibility for graduation. Students who do not meet this requirement by the deadline will not be eligible to participate in commencement. Students who choose to go above and beyond the 40-hour requirement will be honored with a special recognition during the Senior Reception Ceremony.

Procedures for Submission & Verification

To ensure transparency, accuracy, and accountability, the following procedures will be enforced:

- All 40 service hours must be completed and submitted for verification by the **4th Friday in May** of senior year.
- Service log sheets must be fully completed and submitted to the on-site Internship and Service Hour Coordinator for official recordkeeping. All logs must include valid contact information for the individual verifying hours.
- The Internship and Service Hour Coordinator reserves the right to verify all submitted service hours and address any inconsistencies as needed.

Camino Nuevo Charter Academy
Dalzell Lance Campus

Internship Requirement

Internships provide students with valuable opportunities to gain hands-on experience in fields related to their future career interests. For students who are still exploring potential career paths, internships serve as a great way to discover passions, build skills, and explore different industries.

Internships can be completed at any point during a student's high school career. During sophomore year, students will work closely with CNCA's Internship and Service Hour Coordinator to identify opportunities that align with their individual interests and career goals. Popular fields include law, healthcare, technology, business, and education. Internship programs recommended by CNCA through an established partnership with a particular organization must maintain a current, approved vendor certification.

Students may also fulfill the requirement by completing a college course with a grade of "C" or higher. Some external internship programs provide payment, though most are unpaid. Part-time jobs may also count toward internship hours, provided that the student completes at least 30 hours. Verification of employment must be submitted as a pay stub or an official letter from the employer on company letterhead confirming the dates of employment and total hours worked.

Upon completion of an internship, students are required to submit a brief reflection. This reflection encourages students to analyze their experience, evaluate alignment with career goals, and consider next steps. Proof of internship completion, along with the reflection, must be submitted no later than the **4th Friday in May** of senior year to ensure graduation eligibility. Students who do not meet this requirement by the deadline will not be eligible to participate in commencement.

Procedures for Submission & Verification

To ensure transparency, accuracy, and accountability, the following procedures will be enforced:

- Verification of internship completion (including reflection) must be submitted to the Internship and Service Hour Coordinator on or before the **4th Friday in May** of senior year.
- Credit will not be awarded for partly completed internships. An internship must be completed in full to obtain credit.
- [3]Student-initiated internship programs must be pre-approved by the Internship and Service Hour Coordinator. Approval ensures that programs include a meaningful career component and meet the minimum requirement of 30 hours.

[3] Student-initiated internship sites may be submitted for pre-approval; however, approval does not constitute sponsorship, endorsement, supervision, or oversight by CNCA.

Saul will be attending LA Trade-Technical College (LATTC) this fall, where he plans to major in Electrical Construction and Maintenance. Saul chose this path because the electrical trade immediately caught his attention as a hands-on career that would allow him to build valuable skills, earn a strong living, and begin his career quickly.

Saul knew early on that a traditional four-year university pathway was not the right fit for him. Instead, he wanted a career path that aligned with his personal goals and definition of success. Watching his parents work long hours inspired him to think differently about his future. While he deeply values their sacrifices, Saul hopes to create a life that includes both financial stability and a healthy work-life balance, allowing him to spend meaningful time with his future family.

Through LATTC, Saul is taking a direct path toward a high-demand career while building the foundation for his long-term dream of owning his own business one day.

CSU

Andres has chosen to attend California State University, Long Beach this coming fall. Although he was accepted to several California State University campuses, he ultimately selected CSULB because of its strong Criminology program and the sense of belonging he felt each time he visited campus. Andres was especially drawn to the university's vibrant campus culture and the many opportunities available for students to get involved both academically and socially.

Having already completed 30 college credits through dual enrollment, Andres is excited to fully immerse himself in the college experience beyond the classroom. He looks forward to building new connections, engaging in campus life, and continuing to grow both personally and professionally. With a clear vision for his future, Andres plans to earn his degree in Criminology before pursuing law school, where he hopes to become a criminal defense attorney and advocate for others through the legal system.

UC

Cindy is heading to her dream school, UCLA, this fall as a Political Science major, and she could not be more excited. Her acceptance to UCLA represents years of determination and unwavering commitment to her goals. Although she had several college options to choose from, including Pitzer College, where she was offered a full-ride scholarship, Cindy chose the university she had envisioned herself attending for years.

Cindy's journey is especially inspiring. She arrived in the United States from Oaxaca during her sophomore year of high school knowing very little English. From the moment she enrolled at DAL, she embraced every challenge with courage and perseverance. With the support of English language services and her own relentless work ethic, Cindy built her confidence and academic skills. By 11th grade, she was officially reclassified as fluent in English.

Today, Cindy is incredibly proud of how far she has come. Her hard work has earned her recognition far beyond college admissions. In addition to being being a Camino scholarship recipient, she also earned a $40,000 scholarship from Best Buy. She plans to save part of her scholarship funds as she prepares for the next chapter of her educational journey. Her ambitious goals are to attend either Harvard Law School or Princeton University as she works toward a future in law and leadership.

Private School

Diana Perez will be attending Pomona College this fall, where she plans to major in Political Science as she pursues her long-term goal of attending law school. Diana's connection to Pomona College began through the PAYS summer program, where she had the opportunity to experience campus life firsthand. Through that experience, she quickly felt connected to the campus community, the surrounding area, and the welcoming environment that Pomona College offered.

Her decision was further solidified after receiving a great financial aid package from Pomona College, along with the CNCA scholarship, which will help support her educational journey. Diana has always been passionate about understanding political conflict and global issues, especially challenges impacting developing countries and underserved communities. She enjoys staying informed about world events and hopes to pursue a career where she can advocate for equity, justice, and meaningful social change through the legal field.

CSU Direct Admission

New partnership starting in the 26-27 school year

The CSU Direct Admission Program offers automatic admission to 16 participating campuses for eligible California high school seniors

- Students know which CSU's will grant them admission before even starting the application
- Allows for earlier, more efficient planning
  - Students use their 4 app waiver for campuses where they have been accepted to
  - Knowing that acceptance is secured, students will have time to plan for postsecondary options earlier, making the 4-year route more attainable

College and Career Readiness in Middle School

Beginning in the 2026–2027 school year, middle school students will have access to college and career readiness lessons through CCGI

Goal: To create an aligned TK–12 college and career readiness pipeline, ensuring students receive consistent messaging and support throughout their educational journey.

- Lessons will focus on key areas such as self-awareness, goal setting, career exploration, college knowledge, financial literacy, study skills, and high school planning.
- By starting this work in middle school, we aim to increase student engagement, improve high school readiness, and strengthen postsecondary outcomes for all students.

Jose Soto, Ed.D.
Executive Director
Division of Special Education
Los Angeles Unified School District
333 South Beaudry Ave, 17th Floor
Los Angeles, CA 90017

Dear Dr. Soto,

Charter schools participating in Los Angeles Unified School District (LAUSD) Special Education Local Plan Area (SELPA) Charter Operated Programs: Option 3 ("COP3") are committed to the work of building strong, sustainable special education programs for students with disabilities in Los Angeles. That work depends on a productive relationship with LAUSD's Division of Special Education and Charter Operated Programs team, and we are grateful for the ongoing collaboration that makes this possible.

COP3 now encompasses more than 200 charter schools serving over 13,000 students with disabilities, including approximately 2,500 students with extensive support needs. Over the past decade, the COP3 model has enabled significant development of charter school special education infrastructure, including the implementation of at least 115 new charter school programs for students with disabilities, representing demonstrated commitment to ensuring that families across Los Angeles have access to high-quality programs regardless of the school they choose.

We also recognize that special education arrangements within the LAUSD SELPA may change at the discretion of the Board and Division of Special Education. Charter schools must therefore preserve the ability to exit the SELPA should that determination serve the best interests of their students. Please accept this letter as formal notification that the undersigned charter schools reserve the right to exit the LAUSD SELPA effective July 1, 2027.

This letter is not binding and serves the administrative purpose of providing one-year advance notice of intent to exit the SELPA. Should the charter schools determine that continued participation in the LAUSD SELPA best serves their students, they will remain for the 2027–28 academic year.

We look forward to our continued partnership on behalf of all students and families.

Sincerely

LCFF Priority 1

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities

Camino Nuevo is dedicated to providing an exceptional education for all students and we do that through employing, growing and retaining highly effective educators. To do this, we offer multiple alternative credentialing pathways, all fully compliant with state credentialing requirements. The data presented in this report misrepresents the teachers with alternative credentials as less effective than those with traditional preparation.

We urge the state to reconsider how credentialing data is displayed to accurately reflect the qualifications and contributions of all our teachers. Camino Nuevo will continue to ensure that all educators in our classrooms meet all state credentialing requirements.

Camino Nuevo Charter Academy has prioritized the implementation of aligned curriculum in ELA, Math, and ELD for all applicable students in all grades. For Next Generation Science Standards, we have prioritized the roll-out of aligned curriculum in grades K-12. For History and Social Science, we completed a multi-year partnership with the UCLA History and Geography Project to create and implement aligned curriculum for grades 6-12. We have also sponsored curriculum creation projects to build standards-aligned History/Social Science units and lessons for grades K-5. All K-5 grades also receive science and social studies content integrated throughout our knowledge building language arts curriculum.

1 – Exploration and Research

2 – Beginning Development

3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating
Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	3
Rate the LEA's progress in creating welcoming environments for all families in the community.	4
Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	3

Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. **Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.**
    a. CNCA has full-time and bilingual Student and Family Services Coordinators at each school that are guided and supported by the Director of Family Engagement and Advocacy at the Home Support Office for alignment and consistency across the program.
    b. A fully implemented common communication platform called Parent Square is used to allow for two-way communication between staff and families. The platform has a variety of features, which includes the capability for posting information, collecting survey/poll responses, sending messages to a targeted audience, and allowing direct messages. Our communication platform can automatically translate information into more than one hundred languages to support efficient communication. Schools can choose a default second language so that the majority of the second language population does not have to explicitly make that choice. Families who desire a language different from English or the school's default second language can select their own language from their accounts page.
    c. Professional development sessions are held for staff on how to build meaningful relationships with families.
    d. Coaching sessions are held with teachers on how to communicate with families and work alongside them to support student achievement.
    e. Case management and referrals are done for families in need of social services, mental health, medical services, housing resources, etc.
    f. Families have an array of volunteer opportunities to choose from to support the classroom/teacher and/or the school.
    g. Sites host school events and classroom activities where families can attend and interact with staff.
    h. Schools ensure an inclusive and friendly environment where all families feel comfortable, heard and welcome.

2. **Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.**

It is necessary for schools to create more opportunities for teachers, school leaders, classified staff, and families to collaborate and get to know each other. Professional development for teachers and classified staff continues to be a priority to emphasize that family engagement is everyone's responsibility.

3. **Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.**

To improve engagement of underrepresented families, schools will have readily available translators, when in need, for meetings. They will also reach out to families who are underrepresented through home visits. Home visits are encouraged as a tool to establish a connection with families and offer support when engaging with the school becomes difficult. Schools will also always seek to host social events where all family's cultures are represented and valued.

Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

1 – Exploration and Research

2 – Beginning Development

3 – Initial Implementation

4 – Full Implementation

5 – Full Implementation and Sustainability

Practices	Rating
Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	3
Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	5
Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	3

Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. **Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.**
    a. Schools build capacity in families to support their children at home by offering academic family workshops. Some examples include:
        i. Prepping families/students for SBAC/ELPAC
        ii. Understanding SBAC/ELPAC results/reports
        iii. Our Special Education Program
        iv. How to have Successful Parent-Teacher Conferences
        v. Getting Familiar with our Math and ELA Curriculums and Assessments
        vi. I-Ready Math
        vii. Understanding our Mental Health Program
    b. Schools conduct parent-teacher conferences in October, January and April. During these conferences, families have the opportunity to talk to teachers about their child's academic progress and learn about how they can support their child at home.
    c. Schools share academic data, school goals, updates, and helpful tips during their monthly family meetings with the leadership team.

d. Families and teachers communicate via Parent Square to celebrate successes, plan events, collect information, and share quick academic updates.

2. **Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.**

To strengthen the school and home partnership to support student outcomes, schools must continue to encourage teachers to connect with families consistently regarding their student's academic progress. Updates on student progress must not be limited to parent-teacher conferences. Schools must create more opportunities for families to learn the curriculum, assessments, and how they can support their students with homework and create positive learning environments. More professional development is also needed to guide teachers on best practices for how to present data in a family friendly way.

3. **Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.**

To improve engagement of underrepresented families, schools are encouraged to create more learning opportunities for families to better understand the education system and how their support is crucial for student achievement. A partnership must exist where teachers and families are learning from each other about how to better support the student.

Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

1 – Exploration and Research

2 – Beginning Development

Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. **Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.**
    a. Parent leaders on the School Site Council provide input on the LCAP goals, Consolidated App., School Safety Plan, Wellness Policy, Parent Involvement Policy, as well as on school practices/changes that affect their children.
    b. All families are invited to the Annual Title I Meeting where they can provide feedback on the Parent Involvement Policy. The policy is also shared via Parent Square to allow for families who couldn't attend the meeting to read through it and provide feedback. This allows all families an opportunity to provide input.
    c. Families receive an annual survey which allows them to anonymously provide feedback regarding their experience with our schools as well as what they think the schools are doing well and what the schools can improve in. Results are shared with all stakeholders

which then allows us to track trends and progress and make any adjustments needed to improve families' experiences at our schools.

d. During our monthly family meetings with the leadership team, families have ample time to ask questions, share concerns and offer solutions about any updates discussed.
e. Families can reach out to school leaders, teachers, and other staff via Parent Square, in-person, or by stopping by the office to request a meeting to share concerns, provide feedback, or inquire about an issue.

2. **Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.**

Schools need to strengthen their efforts in recruiting and training families, teachers, and staff to participate in leadership committees like SBC and ELAC. The training should include guidelines on best practices to provide constructive feedback and input.

3. **Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.**

Schools need to encourage underrepresented families to join leadership committees and use their voice to reach out to teachers, staff, and leaders. Schools are asked to provide the conditions necessary for all families to be able to attend and to feel comfortable in sharing their concerns, ideas, and suggestions to provoke change.

School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters).

1. **DATA: Reflect on the key learnings from the survey results and share what the LEA learned.**

Our latest data highlights strong, positive connections across our school community, with most students feeling safe, supported, and valued by their teachers and staff. We are thrilled to see significant growth among our 3rd to 5th graders, including a 9% increase in students who feel proud to attend Camino Nuevo Charter Academy. Additionally, the sense of belonging among this group rose by 11%. Relationships also improved across the board, showing measurable growth in connections between staff, teachers, and peers alike.

2. **MEANING: What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?**

While we are proud that our continuous focus on belonging has led to steady growth among 3rd to 12th graders, the data highlights clear opportunities to further strengthen our 6th to 12th-grade community. Even as secondary students report a rise in school pride and a modest increase in connection, we must remain dedicated to deepening their sense of belonging. Moving forward, we will target these opportunities by focusing on classroom engagement and building stronger peer-to-peer relationships.

3. **USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?**

We believe that providing students with spaces to connect with the community and have a sense of connection will have a meaningful impact on their readiness to learn and feel a sense of belonging. We have continued this strategic work with the following:

- Implementing a Culture Calendar: This is dispersed to the student body at each school and community connection is highlighted and celebrated.

- Power of Zero No Bully Program: No Bully by The Power of Zero: The No Bully Program is built on evidence-based strategies that interrupt bullying dynamics by focusing on empathy, relationship-building, and restorative problem-solving rather than punishment.
-
- Step Forward Culture: We have implemented a Step Forward Culture initiative where we are committed to building a school where every student feels safe, valued, and ready to learn. This starts with all adults stepping forward to interrupt microaggressions, model our values, and promote belonging. We're using the No Bully system, restorative justice, and trauma-informed practices to do this work together.

- Trauma-Informed Training for staff: As we continue to be strategic in our approach with students, we see the importance of staff involvement. For this reason we have spaces where teachers and school staff can learn ways to engage with students in ways that allow them to thrive and remind them of their strengths and capabilities. We believe every child-facing adult on campus can have a meaningful impact in a child's life.

- Alternatives to suspension: We have had a strong push toward restorative practices as it relates to student behavior. Not only in opportunities for staff professional development, but also in our systems. We always consider restorative ways to respond to behavior in lieu of suspension or other punitive measures whenever possible.

Access to a Broad Course of Study

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

The tools that the LEA uses to track the extent to which all students have access to, and are enrolled in, a broad course of student, include:

- A robust college counseling program aimed at enrolling all students in a-g courses
- The collection of multi-subjects teachers' schedules at the TK-5 level, with a review by administrators to look for all core subjects
- The design of an electives/specials schedule that provides students with enrichment opportunities in the arts, PE, and STEM

The LEA has a full inclusion model for both students with disabilities and multilingual learners, so they are not excluded from a broad course of study.

Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

All students are enrolled in a broad course of study with respect to the core classes. Students in grades TK-5 and high school have access to and are enrolled in a broad course of elective or enrichment offerings as well. Most students at the middle school level (grades 6-8) are enrolled in a broad course of study. Subgroups who we must prioritize in this area are middle school students who are dually identified as ELLs and students with disabilities, as well as students who are performing below grade level in both math and reading. These students are enrolled in limited enrichment electives due to intervention and / or English Language Development needs.

Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

The barrier to providing the middle school subgroups identified above access to a broad course of study is that they are in multiple academic support classes during the elective blocks.

In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

We are currently piloting a new master schedule in an attempt to ensure that all students receive both elective and academic intervention courses, as well as their core subjects.

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

LCFF Budget Overview for Parents

This chart shows the total general purpose revenue Camino Nuevo High #2 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Camino Nuevo High #2 is $11,718,999.64, of which $8,740,861.57 is Local Control Funding Formula (LCFF), $1,545,019.18 is other state funds, $816,068.10 is local funds, and $617,050.79 is federal funds. The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Camino Nuevo High #2 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

Plan Summary 2026-2027

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Camino Nuevo Charter High School #2 (CNCHS2) is part of the Camino Nuevo Charter Academy network of schools. Camino Nuevo Charter Academy educates students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

We are very proud that CNCHS2 was named a 2024 California Distinguished School. The California Distinguished Schools Program recognizes exceptional schools for closing the achievement gap and demonstrating exceptional student performance. Schools were selected by analyzing data reported through the 2023 Dashboard, with a focus on demonstrating excellence and growth in academic achievement and ensuring a positive school climate.

CNCHS2 serves 512 students in grades 9-12, of which 16.8% are English Learners (EL), and 15% are students with disabilities (SWD). 98.8% of our students are socioeconomically disadvantaged, 0.2% are foster youth, and 2.5% are homeless.

Camino Nuevo Charter Academy was founded in 1999 by Pueblo Nuevo Development, a nonprofit community development corporation in the MacArthur Park neighborhood west of downtown Los Angeles. The first campus opened its doors to students in August 2000. Most of the residents are immigrants from Mexico and Central America. The majority of CNCA’s students reside in historically underserved neighborhoods of Los Angeles such as Westlake/MacArthur Park, Pico/Union, Koreatown, and the West Adams/Byzantine Latino Quarter.

In acknowledgment of CNCA's commitment to the community schools model, the network was awarded $7.125 million in grant funds from the California Department of Education’s Community Schools Partnership Program. This funding will further accelerate and formalize the community schools approach that allows CNCA to serve as a hub of transformation for historically marginalized communities.

CNHS2 is not eligible for Equity Multiplier Funds. CNHS2’s LCAP also serves as the School Plan for Student Achievement (SPSA), and meets the educational partner engagement requirements outlined in CA EC 64001(j).

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the 2025 California School Dashboard shows an improvement in Suspension Rate (Green) and English Learner Progress (Green). The graduation rate declined slightly (Orange), as did the College/Career rating (Orange). English Language Arts (ELA) performance declined slightly, while Mathematics performance slightly increased; both were in the Yellow Performance Level.

The schoolwide suspension rate declined by 1.3 points to 0.9% overall. The suspension rate for ELs and Long-Term English Learners (LTELs) was 0% and in the Blue Performance Level. The Hispanic and SED student suspension rate declined by 1.4 points to 1%, in the Green Performance Level. The rate for SWD, however, increased 2.4 points from its previous 0% rate.

English Learner Progress increased by 18.6 points to 51.9%, above the state average. LTEL progress increased by 9.8 points to 55%, also above the state average. The percentage of ELs who decreased at least one ELPI level declined from 13.3% to 7.6%, the lowest percentage yet. The EL reclassification rate also increased to 17%.

The Graduation Rate declined by 2.4 points to 88%. The rate for Hispanic students and SED students paralleled the schoolwide rate. The EL graduation rate declined by 10 points to 76.7%; meanwhile, the SWD graduation rate increased by 22.7 points to 76%. The College/Career rating showed that 47.5% of graduates were considered "Prepared," a decrease of 15 points that still remained above the state average.

ELA performance declined by 10.7 points to +18.8 distance from standard (DFS), still above the state average. SED student performance declined by 12.3 points to +17.2 DFS, and Hispanic student performance declined by 11.9 points to +17.4 DFS; both were in the Yellow Performance Level. English Learner performance declined 33.7 points to -81.6 DFS, classified in the Red Performance Level. Achievement for SWD declined 60.2 points to -68.2 DFS, also above the state average.

Math performance increased by 3.1 points to -77.7 DFS. Hispanic student performance increased by 5.1 points to -76.8 DFS, while SED student achievement increased by 3.8 points to -77 DFS; both were in the Yellow Performance Level and just below the state average. EL performance declined by 13.5 points to -160.8 DFS, classified in the Red Performance Level. Achievement for SWD also declined by 88.9 points to -195 DFS.

The attendance rate increased slightly to 93%, while chronic absenteeism increased slightly to 23%. Climate survey data showed an increase in student perceptions of safety, along with significant increases in family satisfaction with safety (97%) and school belonging (91%).

CNHS2 did not have any items identified as Red on the 2023 Dashboard.

CNHS2 has $223,211.28 in unexpended Learning Recovery Emergency Block Grant (LREBG) funding which will be spent in the 2026-27 school year. Funds will support Goal 1, Action 3; Goal 2, Action 1; Goal 2, Action 2; Goal 3, Action 1; Goal 3, Action 3; Goal 3, Action 4; and Goal 3, Action 6.

For Goal 1, Action 3, LREBG funds will go towards supporting a research-supported mental health program to address student absenteeism. For Goal 2, Action 1, ELs are significantly underperforming the schoolwide population, despite some growth in this area, and also have a higher suspension rate. LREBG funds will be used to invest in Spanish books for student reading, an evidence-based strategy to support learning and school engagement for English Learners (ELs) by leveraging their first language as a foundation for literacy development. Research consistently shows that strong literacy skills in a student's native language positively correlate with the acquisition of a second language. Moreover, engaging with culturally relevant materials can make the library a more welcoming and inclusive space, directly contributing to increased school engagement and a stronger sense of belonging for EL students.

For Goal 2, Action 2, LREBG funds will be used to fund an additional math teacher, ELD teacher, and after-school tutoring stipends, reducing staff-pupil ratio and providing high-quality math and English Language instruction to all students, as well as additional learning opportunities for students after school.

For Goal 3, Action 1, LREBG funds will support investment in a NewsELA pro subscription, to support targeted literacy intervention for students.

For Goal 3, Action 3, LREBG funds will support the intervention coordinator position. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. A strong intervention program can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes.

For Goal 3, Action 4, LREBG funds will be used to fund a bilingual TA to support the success of our English Learners. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment.

For Goal 3, Action 6, LREBG funds will be used to support summer school and after-school teaching stipends, as well as investment in an after-school math tutoring program. These efforts improve staff-pupil ratios in the after-school and summer school program, and provide evidence-based learning supports to close learning gaps in the form of tutoring.

Student Support and Professional Development Block Grant (SSPDBG) funds will be used to support Goal 3, Action 5.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents (including parents of low-income students, English Learners, and Students with Disabilities)	CNHS 2's goal is to create the strongest possible partnership between home and school in order to increase student achievement and success. Parents are our most important partners on the road to student success. We strongly believe that students will find greater levels of academic success when their home and school share similar values about learning, develop positive relations, and when they work together to build strong partnerships. We encourage our parents to become involved as leaders through several committees: ELAC, Site Based Council (SBC) and our Advocacy Council. Site-Based Council (SBC) is a group of parents, teachers, and school staff who meet regularly to discuss school issues and provide suggestions to the school principal, including direct formal input on the LCAP. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. SBC Parent Representatives benefit from targeted trainings that not only support their own professional growth but empower them to advocate for high quality education for the benefit of their children and for the community as well. As a Title I School-Wide Program, CNHS 2 now uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document. In addition to input at meetings throughout the year where progress on metrics were discussed, the final draft of the LCAP was presented at a public meeting of the SBC, which included the Parent Advisory Committee, in June for review and approval before going to the Board of Directors. Additionally, regular Cafecitos (less formal monthly updates with the principal and team about relevant topics for all families) provide a consistent space for updates, input, and dialogue about topics related to LCAP. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were reviewed in both of these spaces throughout the year. Families also complete a school climate survey once a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Teachers and Staff	Teachers and staff have multiple avenues for being engaged in the governance of the school. As for parents, the first avenue is participation in Site Based Council (SBC), which includes parents and staff who are elected to represent on this governing body. The responsibility of SBC is to: provide guidance and direction to the principal on the goals of the school, the methods to reach these goals, budgetary priorities, the LCAP, and student outcomes. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were also reviewed regularly during PD sessions throughout the year. Additionally, the draft LCAP is made available for input via written comment before board approval in June. Teachers and staff also complete multiple surveys annually, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Students	CNHS2 is dedicated to providing opportunities for student voice in the LCAP process. For students, there are two primary avenues: the

	annual student survey and the Site-Based Council (SBC). Additionally, the draft LCAP is made available for input via written comment before board approval in June. SBC meetings are open to all, and students are welcome and encouraged to attend, to make public comment, and to connect with representatives prior to the meeting to share their concerns. In order to ensure that the voice of all students is heard, however, students complete a school climate survey twice a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Principals and Administrators	Principal and administrators are actively involved in the LCAP process, reviewing and providing data for the mid-year update, helping directly craft goals, actions, and goal analysis, and presenting information to the educational partners as described above.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Educational partners discussed and affirmed key investments to support students:
- Additional math teacher (Goal 2, Action 2)
- Longer math classes (Goal 2, Action 2)
- Reading intervention classes (Goal 3, Action 3)
- After-school tutoring (Goal 3, Action 6)
- Intervention coordinator (Goal 3, Action 3)
- Understanding by Design, student engagement strategies, and CPM strategies for math teachers (Goal 3, Action 2)
- ELD textbooks and workbooks (Goal 3, Action 4)
- Bilingual teaching assistants (Goal 3, Action 4)
- New Chromebooks for 9th grade students (Goal 3, Action 1)
- Schoolwide Vivi devices (Goal 1, Action 1)
- New computers in most computer labs (Goal 3, Action 1)

Parents also emphasized the importance of additional activities for students, including sports, supported through Goal 1, Action 3.

Parents and teachers expressed the value of math tutoring, supported through Goal 3, Action 6.

Parents and teachers also expressed the need for a review of the implementation of Securely and Yondr to support student culture, covered under Goal 1, Action 3.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Bridging Towards Belonging - Engaged School Community: We intentionally create school culture defined by connection and knowledge-building of one another, our students, and the families we serve. Together, we ensure that students are part of a safe and welcoming learning environment that meets their needs.	Broad Goal

State priorities addressed by this goal.

1, 3, 5, 6, 4

An explanation of why the LEA has developed this goal.

Our current historical context is characterized by divisiveness, disconnection, loneliness, and fear. Education feels this viscerally. Rates of depression and anxiety among youth have never been higher. We must be deliberate in building cultures of connection and belonging with and among our communities.

While absenteeism and attendance have improved, student sense of safety and connectedness is proving challenging to improve meaningfully, clarifying the ongoing importance of this area of focus.

Goal Analysis for 2025-2026

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

There were no substantive differences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, our actions have been largely effective in making progress toward our goal. Action 1, Effective Operations Management, has allowed us to increase school attendance and continued to nurture our parent engagement. However, the school dropout rate increased slightly to 5.7% and chronic absenteeism increased to 23%.

Action 2, Safe and Compliant Facility, has allowed us to maintain a "Good" FIT Score and help contribute towards the sense of safety held by students and families.

Action 3, Student & Family Supports for Strong Community, has been the primary driver of our attendance rate, lower suspension rate, and increased sense of safety and belonging. CNHS2 is continuing to work on addressing absenteeism and student survey results, through our investments in comprehensive approaches and critical supports for students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

LREBG funds will be used to support Action 3 in order to maintain the school's mental health program.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Effective Operations Management	Investments in essential school operations staff, communication, health initiatives, compliance, and core supplies contribute to a healthy, connected, and equitable learning environment.	$1,026,111.00	No
2	Safe and Compliant Facility	y We will continue investments to maintain a safe and compliant facility, including rent, utilities, housekeeping, furniture, pest control, landscaping, fire safety, accessibility, and parking.	$460,326.00	No
3	Student & Family Supports for Strong Community	LREBG Action This spending action invests in personnel, programs, and resources to cultivate a welcoming and inclusive school environment. Staff positions like the Student & Family Services Coordinator, Attendance Clerk, College Counselor Coordinator, and Culture Coordinator provide direct programming, additional supervision, stronger communication, social-emotional support and positive role models. Programs like family events, student incentives, and student celebrations foster a sense of community and belonging. Title I and Title IV funds support this action. LREBG funds will go towards supporting a mental health program. Extensive research demonstrates that unmet mental health needs in children and adolescents severely compromise cognitive development, undermine school engagement, and act as a primary driver of academic decline (Climie, n.d.). By integrating these services directly into the school environment, the program eliminates traditional cost and accessibility barriers, providing crucial early intervention during pivotal developmental years (Golberstein et al., 2023; Iachini et al., 2015). Empirical studies confirm that comprehensive school-based mental health initiatives yield significant	$848,031.00	Yes

		dividends beyond psychological well-being, directly translating to improved academic performance, enhanced math achievement scores, and measurable reductions in chronic absenteeism, suspensions, and classroom disciplinary referrals (Cipriano & Maurice, 2024; Swanson, n.d.). Ultimately, this funding creates a supportive and stable school climate, clearing the emotional and behavioral obstacles that prevent students from successfully engaging with the curriculum and fulfilling their academic potential. State priorities addressed by this goal.

1, 2, 6, 4, 7

An explanation of why the LEA has developed this goal.

There is a mass exodus of educators from the profession. Just as with students and families, we must be deliberate in building cultures of connection and belonging, as well as providing appropriate resources and support to ensure that every student has what they need to succeed.

Retaining teachers continues to be a priority, particularly as we work to build college-readiness for every student.

Overall, the actions supporting Goal 2 were very effective. Action 1, Standards-Aligned Materials, allowed us to maintain 100% student access to standards-aligned instructional materials, and CNHS2 was able to maintain its Standards Implementation of 4 - Full Implementation in both History and Science. ELD implementation, both Designated and Integrated, remained at 100%, and all students were able to access a Broad Course of Study.

Action 2, High Quality Teachers and Leadership, further supported these results. Additionally, this action supported CNCA in meeting all teacher credentialing requirements, while maintaining improved staff and leadership sense of safety and connectedness.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Standards-Aligned Instructional Materials	LREBG Action Strategic allocation towards standards-aligned instructional materials encompasses core curriculum resources, enrichment program materials, essential teacher supplies, and printing expenses for student materials. This investment ensures all students have access to high-quality, current resources that directly align with academic standards, fostering a well-rounded and effective learning environment. Title IV funds support this action. ELs are significantly underperforming the schoolwide population, despite some growth in this area, and also have a higher suspension rate. LREBG funds will be used to invest in Spanish books for student reading, an evidence-based strategy to support learning and school engagement for English Learners (ELs) by leveraging their first language as a foundation for literacy development. Research consistently shows that strong literacy skills in a student's native language positively correlate with the acquisition of a second language. Moreover, engaging with culturally relevant materials can make the library a more welcoming and inclusive space, directly contributing to increased school engagement and a stronger sense of belonging for EL students. Metrics being used to monitor this action: 3.1-3.9 LREBG funds supporting this action: $15,000	$80,850.00	No
2	High-Quality Teachers and School Leadership	LREBG Action Our investments prioritize fostering a talented and dedicated faculty. This encompasses expenses related to attracting and retaining qualified educators through competitive salaries, hiring costs, and appreciation initiatives. These efforts include the Avance Teacher Residency Program,	$2,989,073.64	No

		Emerging Leaders, and the CAO Cadre. Additionally, funding supports effective classroom instruction and a positive learning environment by providing substitute coverage for absences and allocating resources for core classroom teachers and the school principal. This action is partially funded with Title I, Title II, and Title III funding. Due to continued challenges in math achievement, LREBG funds will be used to fund an additional math teacher, reducing staff-pupil ratio and providing high-quality math instruction to all students. Additional investment will also be made in an ELD teacher and after-school tutoring stipends. In secondary education, high class sizes in foundational subjects often obscure individual student misconceptions; adding a math teacher reduces class sizes, allowing for the differentiated, continuous feedback necessary to pass gatekeeper courses like Algebra I and geometry (NCTE, 2014). Simultaneously, hiring a dedicated ELD teacher removes crucial language barriers for English Learners by providing targeted, asset-based linguistic scaffolding, preventing these students from becoming long-term English learners and ensuring equitable access to rigorous core content classes. Finally, allocating stipends for credentialed teachers to provide after-school tutoring directly operationalizes "high-dosage tutoring"—one of the most effective, research-proven interventions for accelerating secondary learning gaps (Stanford University NSSA, 2026). Utilizing the school's own certified teachers ensures the tutoring is high-quality, data-driven, and perfectly aligned with daily classroom curriculum (EdResearch for Action, 2021). 4, 8

An explanation of why the LEA has developed this goal.

To engage our students we must approach our work with an inclusive, ethnic studies and trauma-informed lens based in the belief that every single child can succeed and deserve the highest quality experience in our schools.

Academic progress has been mixed, and we need to build upon our successes and continue to close achievement gaps for all of our students.

These actions were generally effective, although progress lagged in certain areas.

Action 1, Differentiated Instructional Supports; Action 2, Professional Development; and Action 3, Instructional Leadership and Support Staffing; contributed to improved student achievement on CAASPP mathematics and continued strong ELA performance, along with growth in ELPI and the EL reclassification rate.

Action 4, the ELD Dual Language Program, supported improvement in both ELPI and EL reclassification rate.

Action 5, the Special Education Program, showed more mixed results. While the program was effective in ensuring all required services were provided, academic results for SWD declined across the board.

Action 6, Strong After-School Program, helped to reinforce all of the progress described above, as it reinforced this work beyond the school day for many of our students.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Differentiated Instructional Supports	LREBG Action Investment in this area ensures academic success for all students, with a particular focus on low-income students, English Learners, and foster youth. This includes resources like targeted curriculum materials, intervention programs (materials and software), student workbooks and supplies, culturally diverse books, academic technology expenses, and academic enrichment experiences (field trips, book fairs). These investments allow teachers to tailor instruction to individual needs and learning styles, promoting an equitable and inclusive learning environment where all students can thrive. Title IV funds support this action. LREBG funds will be used to invest in a schoolwide Newsela subscription. In secondary education, a primary barrier to academic progress is the wide variance in student reading levels, which often prevents striving readers and English Learners from accessing rigorous, grade-level	$413,447.00	Yes

		subject matter. Newsela overcomes this barrier by utilizing adaptive technology to publish real-world, high-interest informational texts at multiple Lexile levels, allowing all students to build essential background knowledge and discipline-specific vocabulary simultaneously (Anderson, 2018; Henschel, 2024). Quasi-experimental research meeting Every Student Succeeds Act (ESSA) Tier II standards demonstrates that consistent use of the platform accelerates literacy skill growth and significantly drives higher percentile point gains on standardized English Language Arts (ELA) assessments, with particularly pronounced academic growth observed among Hispanic/Latino student populations (Henschel, 2024; Hurwitz, 2025). Furthermore, by providing built-in, standards-aligned comprehension quizzes and interactive annotation features, the platform lowers resource barriers for educators across all content areas—including science and social studies—making integrated, data-driven Tier 2 multi-tiered system of supports (MTSS) literacy intervention seamless and scalable schoolwide (Hurwitz, 2025; Jáuregui, 2025). Metrics being used to monitor this action: Metrics 3.1, 3.2, and 3.8 LREBG Funds supporting this action: $10,933.09 in 26-27 school year		
2	Professional Development	This includes investments in external professional development, coaching, and professional development support from HSO staff. The focus of all professional development is supporting actions that will lead to strong academic achievement for all students, with specific emphasis on meeting the needs of low-income students and English Learners. This action is partially funded with Title II funding.	$1,360,984.00	Yes
3	Instructional Leadership and Support Staffing	LREBG Action We invest in additional staffing positions (both leadership and direct services) to ensure the academic needs of our low-income students, foster youth, and English Learners are met in every classroom. This includes the work of our assistant principals, our investments in teacher assistants, our intervention coordinator, and HSO leadership support. LREBG funds will support the intervention coordinator position. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. A strong intervention program can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes. Metrics being used to monitor this action: Metrics 3.1 - 3.9 LREBG funds supporting this action: $86,801.16	$822,779.00	Yes
4	ELD Program	LREBG Action We invest in the growth and success of our English Learners, including the specific needs of our Long-Term English Learners (LTELs) by ensuring professional development for staff in integrated and designated ELD, strong EL curriculum, Director of Biliteracy, and our ELD teacher. This action is partially funded with Title I and Title III funds. LREBG funds will be used to fund a bilingual TA to support the success of our English Learners. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment.	$194,621.00	Yes

		Metrics to monitor this action: 3.6 and 3.7 LREBG funds supporting this action: $43,414.88		
5	Special Education Program	Expenses in this action ensure that all required staffing, services, assessment, and reporting is in place for our students with disabilities, as well as essential professional development. This action is supported by Student Support and Professional Development Block Grant (SSPDBG) funds.	$1,715,586.00	No
6	Strong After-School & Summer Program	LREBG Action Our after-school & summer bridge program provides a safe and engaging space to extend learning and build connections beyond the school day. Expenses for food, equipment, as well as other supplies, along with Summer Bridge staff ensure a well-rounded program. This fosters a healthy, connected, and equitable school culture by providing access to nutritious meals, diverse activities, and positive adult role models. LREBG funds will be used to provide stipends for after-school tutoring by credentialed teachers, support summer school instruction, and invest in a math tutoring program. High school students frequently struggle with foundational skill gaps—particularly in mathematics, which acts as a primary gatekeeper to graduation and college enrollment. Providing stipends to ensure these programs are staffed by the school's own credentialed educators directly aligns with research on "high-dosage tutoring," which shows that using certified, school-affiliated teachers yields the highest academic gains because they can seamlessly align interventions with daily classroom curriculum and student data (Guryan et al., 2021; Robinson et al., 2021). Furthermore, expanding instructional time through structured after-school math programs and summer bridge sessions effectively mitigates cumulative learning loss, offering struggling students the targeted, small-group remediation required to master rigorous secondary standards without falling behind in their credit accumulation (Allensworth & Easton, 2007; Lynch & Kim, 2017). Metrics used to monitor this action: 3.1-3.9 LREBG Funds supporting this action: $107,210 in the 26-27 school year	$354,085.00	Yes

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1, Action 3	2022-23 45.6% of English Learners were chronically absent in 22-23, compared to a schoolwide rate of 29%. While performance for socioeconomically disadvantaged students closely parallels the school-wide rates (as to be expected, given the high percentage of the student body in this category), this schoolwide rate is also concerning, particularly paired with a small but notable increase in our dropout rate. We have seen the challenges that our low-income students face demonstrated on our student climate survey: while 68% feel safe at school only 31% reported a sense of school belonging. While this data is not disaggregated by subgroup, additional qualitative assessment has demonstrated that our low- income students and English Learners are particularly impacted. 2023-24 Disproportionate outcomes for ELs remained the norm for both absenteeism rates and suspension rates. 2024-25 Absenteeism: EL absenteeism increased by 3.9 points to 28.9%, 5.9 points above the schoolwide rate. Suspension Rate: EL suspension rate went down to 0%.	This action commits to an increased focus on efforts to support students' connection to school, support mental health, and provide opportunities for connection and positive relationships at school, while continuing to promote strong attendance. Our trauma-informed approach is designed with the needs of our low-income, foster youth, and English Learners in mind, although we believe this approach is appropriate and effective for all students. Additionally, the supervision and relationships provided by our campus aides will continue to strengthen a stronger sense of both physical and psychological safety.	Attendance, Chronic Absenteeism, Student Climate Survey results, dropout rates, suspension rates.
Goal 3, Action 1 Goal 3, Action 2 Goal 3, Action 3 Goal 3, Action 6	2022-23 While we have seen a strong increase in CAASPP performance for our low-income students in English Language-Arts, mathematics, and science in the past year, as discussed in our annual reflection, their performance still lags significantly behind the school-wide average. As low-income students make up 97% of our student population, this data closely parallels the school-wide data, and necessitates a school-wide response. English Learners are currently lagging behind school-wide performance on every academic	Action 1 ensures that low-income students and English Learners are provided with materials and interventions that meet their unique needs as learners, helping to address gaps in learning that may have occurred in previous years. By providing interventions, adaptive software, manipulatives, and other resources, we can ensure these students have what they need to succeed. This action also ensures that all of our students have access to appropriate academic technology, implemented in a classroom environment with a focus on learning and facility with the tools required for success on ELPAC and CAASPP. Action 2 ensures that educators are equipped with the most up-to-date instructional strategies to ensure effectiveness in	CAASPP performance in English Language Arts and mathematics, CAST performance, and growth on internal state-verified data assessments in reading and math.

metric:
- CAASPP English Language Arts: 104.4 point difference by DFS
- CAASPP Mathematics: 60.5 point difference by DFS, 25.4% difference by % meets/exceeds

While LTEL performance is not publicly available due to the small sample size tested, we know that these students continue to need additional support in order to succeed.

Additionally, on our College/Career Readiness metric, only 22% of ELs are prepared, compared to 48.5% schoolwide.

In consultation with our educational partners, as well as continued review of educational research, a number of factors are contributing to this gap:
- English Learners need additional supports and strategies implemented through Integrated ELD to help them continue to develop proficiency in English and acquire content knowledge
- Low-income students may lack access to a print-rich environment at home, as well as support with academic vocabulary in English and supplementary educational resources
- Targeted small-group instruction is key to meeting the varied needs of our low-income students and English Learners, requiring additional teaching expertise and staffing
- The CAASPP and ELPAC are both administered online in English, requiring proficiency with technology that many students, particularly our low-income students and English Learners, lack exposure to

2023-24
While EL performance on CAASPP improved, it still remains well below schoolwide performance. In math, EL declines outpaced the schoolwide decline, widening the gap. 0% of ELs met or exceeded the standard in math.

2024-25
- CAASPP ELA: 100.4 point difference by DFS; 47.6 point difference by % proficient
- CAASPP Math: 83.1 point difference by DFS; 15.5 point difference by % proficient
- College/Career Readiness: 17.2% of ELs were considered "Prepared" vs. 47.5% overall

the classroom, including trauma-informed approaches, strategic scaffolding, and appropriate designated ELD techniques.

Action 3 ensures that there is appropriate staffing for effective interventions. Instructional leadership monitors and supports successful classrooms, while additional support roles like our instructional aides and instructional coach ensure that small group interventions and other effective differentiation take place.

Action 6 ensures continued investment in a robust after-school program ensures additional supports for all students, but particularly meets the needs of low-income students, English Learners and foster families who may be less equipped to provide enrichment opportunities in English outside of the school day.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #(s)	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
Goal 3, Action 4	2022-23 While we have seen an increase in both our ELPI and reclassification rates, they lag behind state averages and our school targets. Additionally, as discussed in the actions above, we continue to see the performance of English Learners lag somewhat behind schoolwide performance. 2023-24 Both ELPI and EL reclassification rates declined slightly, demonstrating the need for continued and further investment in this arena. 2024-25 ELPI: increased to 52% EL Reclassification Rate: increased to 17%	Our ELD program is focused on meeting the comprehensive needs of our English Learners, both through direct services, as well as professional development and additional staffing to help ensure everyone is equipped and supported to help our EL students succeed. For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding allows us to fund direct services to students through our Intervention Coordinator, College Counselor Coordinator, Teacher Assistants, and Campus Aides.

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA

engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

- The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each

student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).
    - School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
    - As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
    - LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
        - Identify the action as an LREBG action;
        - Include an explanation of how research supports the selected action;
        - Identify the metric(s) being used to monitor the impact of the action; and
        - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to

replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Camino Nuevo Elementary #3

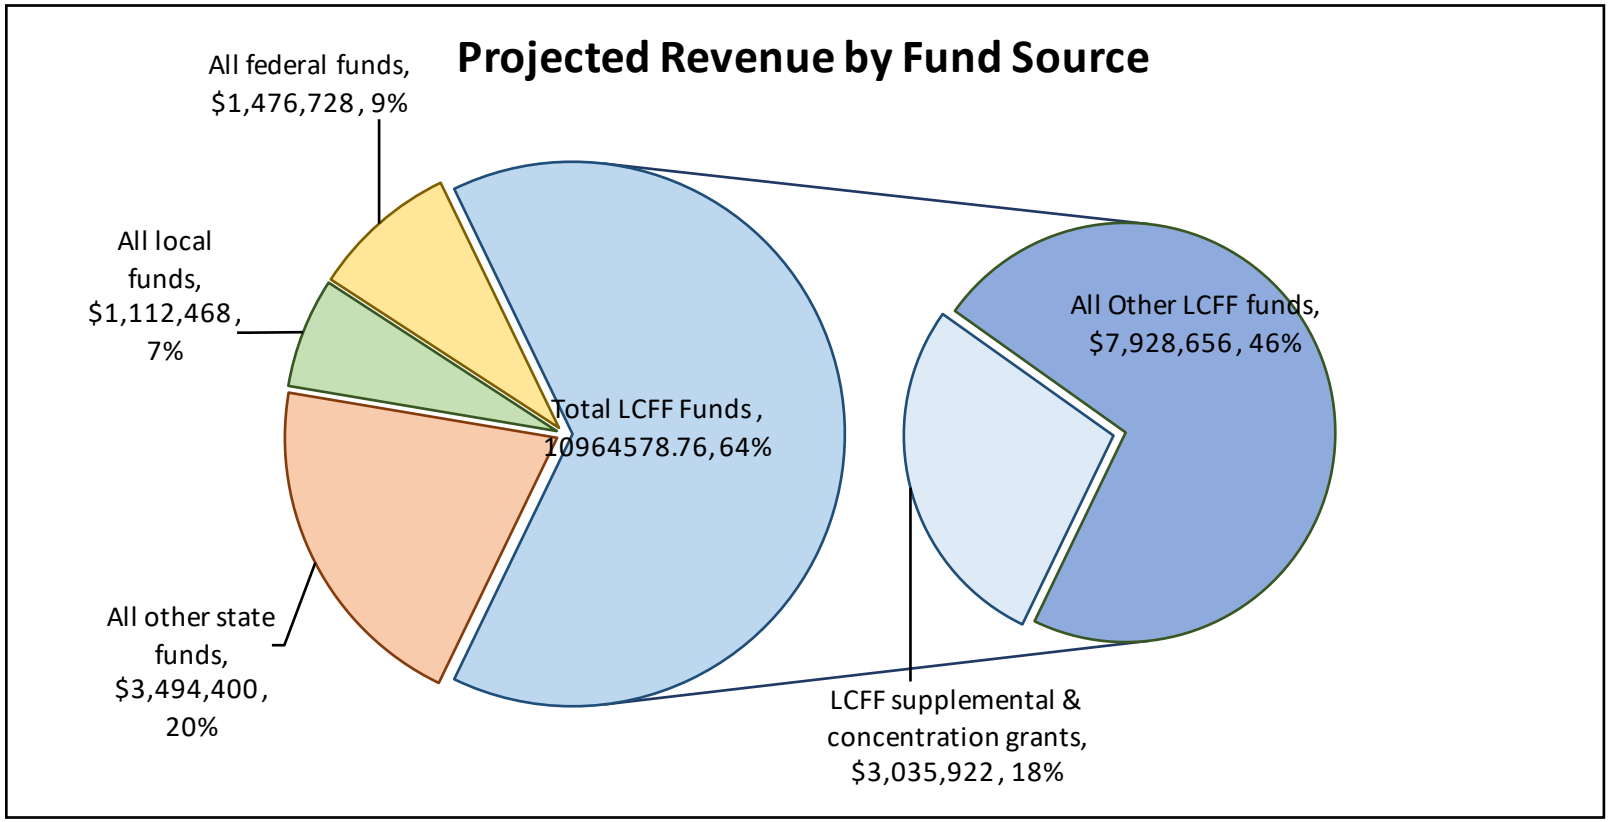

CDS Code: 19-64733-0122564

School Year: 2026-27

LEA contact information: Suzette Torres, Principal, (323) 730-7160 suzette.torres@caminonuevo.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

LCFF Budget Overview for Parents

This chart shows the total general purpose revenue Camino Nuevo Elementary #3 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Camino Nuevo Elementary #3 is $17,048,175.45, of which $10,964,578.76 is Local Control Funding Formula (LCFF), $3,494,399.88 is other state funds, $1,112,468.36 is local funds, and $1,476,728.44 is federal funds. Of the $10,964,578.76 in LCFF Funds, $3,035,922.35 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Camino Nuevo Elementary #3 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

LCFF Budget Overview for Parents

The text description of the above chart is as follows: Camino Nuevo Elementary #3 plans to spend $16,556,633.36 for the 2026-27 school year. Of that amount, $15,357,467.37 is tied to actions/services in the LCAP and $1,199,165.99 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

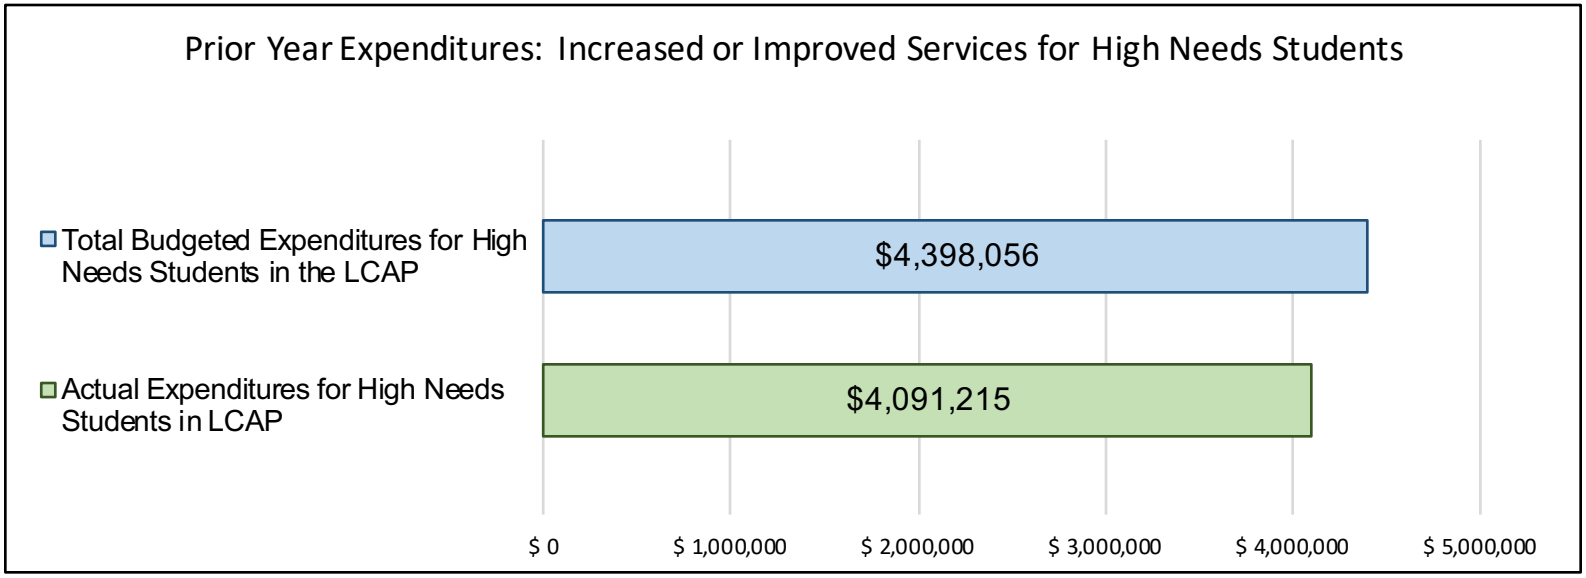

Expenses that may not be captured within the LCAP are mainly attributable to auxiliary services and costs that are not associated with the educational program. Larger expenses not mentioned include, benefits, district oversight fee, general insurance, other fees and services, depreciation and auxiliary salaries. In addition, some expenses included within are also capitalized assets and will not be recognized until later years.

Plan Summary 2026-2027

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Camino Nuevo Elementary School #3 (CNES3) is part of the Camino Nuevo Charter Academy network of schools. Camino Nuevo Charter Academy educates students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

CNES3 serves 743 students in grades TK-8, of which 47.4% are English Learners (EL), and 11.8% are students with disabilities (SWD). 85.7% of our students are socioeconomically disadvantaged, and 1.3% are homeless.

Camino Nuevo Charter Academy was founded in 1999 by Pueblo Nuevo Development, a nonprofit community development corporation in the MacArthur Park neighborhood west of downtown Los Angeles. The first campus opened its doors to students in August 2000. Most of the residents are immigrants from Mexico and Central America. The majority of CNCA's students reside in historically underserved neighborhoods of Los Angeles such as Westlake/MacArthur Park, Pico/Union, Koreatown, and the West Adams/Byzantine Latino Quarter.

In acknowledgment of CNCA's commitment to the community schools model, the network was recently awarded $7.125 million in grant funds from the California Department of Education's Community Schools Partnership Program. This funding will further accelerate and formalize the community schools approach that allows CNCA to serve as a hub of transformation for historically marginalized communities.

CNES3 is not eligible for Equity Multiplier funding. As a Title I School-Wide Program, CNES3 uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document and meeting the educational partner engagement requirements as they apply to charter schools.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the 2025 California School Dashboard shows a small improvement in Chronic Absenteeism (Orange), an improvement in Suspension Rate (Green), a small decline in English Learner Progress (Orange), a small increase in English Language Arts performance (Orange), and a small decline in Mathematics performance (Orange). All local indicators were met.

Chronic Absenteeism declined by 1.7 points to 28.9% chronically absent, above the state average of 17.1%. SED student progress was similar, declining by 1.7 points to 28.6% absentee; Hispanic student absenteeism declined by 2.1 points to 28.6%. SWD improved by 1.6 points to 38%. ELs declined by 2.9 points to 28.6%, paralleling the schoolwide rate. Long-Term English Learners (LTELs) saw an even more rapid rate of improvement, improving by 4.7 points to 29.8%. All subgroups were in the Orange Performance Level. The attendance rate also improved slightly to 91.56%.

The overall suspension rate declined by 0.3 points to 1.4%, remaining below the state average. The suspension rate for Hispanic and SED students paralleled the schoolwide rate and also declined by 0.3 points each; both were in the Green Performance Level. The suspension rate for SWD went down by 0.1 points to 3% and was in the Yellow Performance Level. The suspension rate for ELs increased by 0.5 points to 1.9% and was in the Orange Performance Level. The LTEL suspension rate also increased, going up by 2.9 points to 6.4%; it was in the Red Performance Level.

School climate survey results remained largely unchanged for students, but parent satisfaction with school safety and school belonging increased. Teacher and staff satisfaction also increased at both the elementary and middle school level.

English Learner Progress declined by 3.9 points to 44.9%, just below the state average. Progress for LTELs increased, however, by 4.5 points to 54.5% making progress, above the state average. The decrease was due in part to an increase in the percentage of ELs who decreased at least one ELPI level from 11.5% to 19.4%. The EL reclassification rate also decreased slightly to 10%.

English Language Arts progress improved by 1.7 points to -38.4 points below standard, as measured by Distance from Standard (DFS). SED student performance improved by 1 point to -39.6 DFS, and Hispanic student performance improved by 0.7 points to -38.5 DFS; both were classified in the Orange Performance Level. Performance for ELs declined by 1.1 points to -65 DFS and was also in the Orange Performance Level. SWD achievement declined by 4 points to -143.8 DFS; LTEL performance declined by 41.7 points to -138.3 DFS; both were in the Red Performance Level. Overall, English Language Arts growth was classified as "Average," and 70.9% of students improved their score from the prior year.

Mathematics progress declined by 2.7 points to -69.1 DFS. Performance for Hispanic students, SED students, and ELs all declined by 3-4 points, achieving average scores of -69.7, -70.3, and -85.6 DFS respectively, and were all classified in the Orange Performance Level. Performance for SWD increased by 1 point to -136.8 DFS and was in the Red Performance Level. LTELs saw a significant decline of 36.9 points to -173 DFS and were also in the Red Performance Level. Overall, Mathematics growth was classified as "Average," and 64.5% of students improved their score from the prior year.

The following items were identified as Red on the 2023 Dashboard and remain an area of focus in the 25-26 LCAP as described below:
- ELA CAASPP Performance for ELs (now Yellow): Addressed through Goal 3, Actions 1-4
- ELA CAASPP Performance for SWD (now Orange): Addressed through Goal 3, Actions 1-3 and Action 5
- Math CAASPP Performance for ELs (now Yellow): Addressed through Goal 3, Actions 1-4

CNES3 has $591,968.27 in unexpended Learning Recovery Emergency Block Grant (LREBG) funding which will be spent in the 2026-27 school year. Funds will be spent to support Goal 1, Action 3; Goal 2, Action 2; Goal 3, Action 3; and Goal 3, Action 4.

For Goal 1, Action 3, studies have shown that supportive mental health programming is an evidence-based approach to addressing barriers to learning. Given the continued high chronic absenteeism rates and low sense of student belonging, particularly for middle-school students, these investments remain critical.

For Goal 2, Action 2, LREBG funds will support two full-time intervention teachers, a research-supported approach that can significantly accelerate learning recovery in both foundational literacy and mathematics.

For Goal 3, Action 3, LREBG funds will be used to provide teacher assistants in five classrooms. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment. Similarly, academic intervention teachers, often working with small groups or individual students, can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes.

For Goal 3, Action 4, LREBG Funds will be used to provide a full time ELD Learning Recovery Teacher, an allowable use of funds that both reduces staff-pupil ratios and

provides an evidence-based support for our English Learners and LTELs.

CNES3 is not planning to use any Student Support & Professional Development Block Grant (SSPDBG) funds during the 26-27 year.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents (including parents of low-income students, English Learners, and Students with Disabilities)	CNES 3's goal is to create the strongest possible partnership between home and school in order to increase student achievement and success. Parents are our most important partners on the road to student success. We strongly believe that students will find greater levels of academic success when their home and school share similar values about learning, develop positive relations, and when they work together to build strong partnerships. We encourage our parents to become involved as leaders through several committees: ELAC, Site Based Council (SBC) and our Advocacy Council. Site-Based Council (SBC) is a group of parents, teachers, and school staff who meet regularly to discuss school issues and provide suggestions to the school principal, including direct formal input on the LCAP. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. SBC Parent Representatives benefit from targeted trainings that not only support their own professional growth but empower them to advocate for high quality education for the benefit of their children and for the community as well. As a Title I School-Wide Program, CNES 3 now uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document. In addition to input at meetings throughout the year where progress on metrics were discussed, the final draft of the LCAP was presented at a public meeting of the SBC, which included the Parent Advisory Committee, in June for review and approval before going to the Board of Directors. Additionally, regular Cafecitos (less formal monthly updates with the principal and team about relevant topics for all families) provide a consistent space for updates, input, and dialogue about topics related to LCAP. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were reviewed in both of these spaces throughout the year. Families also complete a school climate survey once a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Teachers and Staff	Teachers and staff have multiple avenues for being engaged in the governance of the school. As for parents, the first avenue is participation in Site Based Council (SBC), which includes parents and staff who are elected to represent on this governing body. The responsibility of SBC is to: provide guidance and direction to the principal on the goals of the school, the methods to reach these goals, budgetary priorities, the LCAP, and student outcomes. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were also reviewed regularly during PD sessions throughout the year. Additionally, the draft LCAP is made available for input via written comment before board approval in June. Teachers and staff also complete multiple surveys annually, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Students	CNES 3 is dedicated to providing opportunities for student voice in the LCAP process. For students, there are two primary avenues: the

	annual student survey and the Site-Based Council (SBC). Additionally, the draft LCAP is made available for input via written comment before board approval in June. While we do not elect SBC student representatives due to our grade span, SBC meetings are open to all, and students are welcome and encouraged to attend, to make public comment, and to connect with representatives prior to the meeting to share their concerns. In order to ensure that the voice of all students is heard, however, students complete a school climate survey twice a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Principals and Administrators	Principal and administrators are actively involved in the LCAP process, reviewing and providing data for the mid-year update, helping directly craft goals, actions, and goal analysis, and presenting information to the educational partners as described above.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Students expressed appreciation for Fantastic Friday, Merit Day, student behavior incentives, clubs, field days, and other student celebrations, which continue to be a priority as part of Goal 1, Action 3.

Students also appreciated the investments in PE and play area, also a focus of Goal 1, Action 3 and Goal 2, Action 1.

Students also expressed the desire for additional field trips, a continued priority as part of Goal 3, Action 1.

Teachers expressed that stronger curriculum choices and effective professional development are critical supports; these continue to be priorities in Goal 2, Action 1 and Goal 3, Action 2.

Teachers and staff also valued effective campus aide training and cultural celebrations on campus, a continued focus of Goal 3, Action 1.

All educational partners valued the addition of Student Council, a continued priority in Goal 1, Action 3.

Goal #	Description	Type of Goal

Together, we ensure that students are part of a safe and welcoming learning environment that meets their needs.	Broad Goal

State priorities addressed by this goal.

1, 3, 5, 6

An explanation of why the LEA has developed this goal.

Our current historical context is characterized by divisiveness, disconnection, loneliness, and fear. Education feels this viscerally. Rates of depression and anxiety among youth have never been higher. We must be deliberate in building cultures of connection and belonging with and among our communities.

While 2024 absenteeism rates have begun to decline, they are still well above historical averages, and student sense of belonging is well below our target. This remains a key priority for our school community.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, our actions have been largely effective in making progress toward our goal. Action 1, Effective Operations Management, has allowed us to maintain a 0% dropout rate, helped continue to improve school attendance and chronic absenteeism, and continued to nurture our parent engagement.

Action 2, Safe and Compliant Facility, has allowed us to maintain a "Good" FIT Score and help contribute towards the sense of safety held by teachers, staff and families.

Action 3, Student & Family Supports for Strong Community, has been the primary driver of our attendance rate, reduced absenteeism rate, and lower suspension rate. While CNCA has not yet achieved the desired growth in survey responses about school safety and connectedness, we are continuing to invest in comprehensive approaches and critical supports for students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no significant changes planned.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Effective Operations Management	Investments in essential school operations staff, communication, health initiatives, compliance, and core supplies contribute to a healthy, connected, and equitable learning environment.	$1,556,293.00	No
2	Safe and Compliant Facility	We will continue investments to maintain a safe and compliant facility, including rent, utilities, housekeeping, furniture, pest control, landscaping, fire safety, accessibility, and parking.	$836,772.00	No
3	Student & Family Supports for Strong Community	LREBG Action This spending action invests in personnel, programs, and resources to cultivate a welcoming and inclusive school environment. Staff positions like the Student & Family Services Coordinator, campus aides, and additional office assistants provide direct programming, additional supervision, stronger communication, social-emotional support and positive role models. Programs like family events, student incentives, and student celebrations foster a sense of community and belonging. Additional resources like student uniforms, security, and data software contribute to a safe and supportive learning atmosphere. This action is supported through Title IV funds. Studies have shown that supportive mental health programming is an evidence-based approach to addressing barriers to learning. Given the continued high chronic absenteeism rates and low sense of student belonging, particularly for middle-school students, these investments remain critical. State priorities addressed by this goal.

1, 2, 6, 7

An explanation of why the LEA has developed this goal.

There is a mass exodus of educators from the profession. Just as with students and families, we must be deliberate in building cultures of connection and belonging, as well as providing appropriate resources and support to ensure that every student has what they need to succeed.

In 2025, teacher retention remains a top priority and concern for teachers and staff as well as families.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the actions supporting Goal 2 were very effective. Action 1, Standards-Aligned Materials, allowed us to maintain 100% student access to standards-aligned instructional materials, and CNCA was able to maintain its Standards Implementation of 4 - Full Implementation in both History and Science. ELD implementation, both Designated and Integrated, remained at 100%, and all students were able to access a Broad Course of Study.

Action 2, High Quality Teachers and Leadership, further supported these results. Additionally, this action supported CNCA in meeting all teacher credentialing requirements, while maintaining improved teacher and leadership sense of safety and connectedness.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Standards-Aligned Instructional Materials	Strategic allocation towards standards-aligned instructional materials encompasses core curriculum resources, enrichment program materials, essential teacher supplies, and printing expenses for student materials. This investment ensures all students have access to high-quality, current resources that directly align with academic standards, fostering a well-rounded and effective learning environment.	$56,434.00	No

		This action is supported through Title IV funds.		
2	High-Quality Teachers and School Leadership	LREBG Action Our investments prioritize fostering a talented and dedicated faculty. This encompasses expenses related to attracting and retaining qualified educators through competitive salaries, hiring costs, and appreciation initiatives. These efforts include the Avance Teacher Residency Program, Emerging Leaders, and the CAO Cadre. Additionally, funding supports effective classroom instruction and a positive learning environment by providing substitute coverage for absences and allocating resources for core classroom teachers and the school principal. This action is partly funded through Title I and Title II funding. LREBG funds will be used to invest in a full-time, credentialed intervention teacher. Extensive empirical research demonstrates that high-dosage, multi-tiered interventions—particularly when led by certified specialists rather than paraprofessionals—significantly accelerate learning recovery in both foundational literacy and mathematics (Gersten et al., 2020; National Center on Intensive Intervention, 2021). By continuously analyzing student data, a dedicated interventionist can identify specific learning gaps early and deliver systematic, small-group instruction tailored to diverse student needs, including those of English Learners and students with learning disabilities (Vaughn et al., 2012). This targeted approach addresses the primary barrier of instructional pacing, preventing struggling students from falling permanently behind their peers in general education classrooms. Metrics being used to monitor this action: Metrics 3.1, 3.2, 3.3, 3.4, 3.8, and 3.9 LREBG Funds supporting this action: $150,311.51 in the 26-27 school year	$4,262,436.44	No

4, 8

An explanation of why the LEA has developed this goal.

To engage our students we must approach our work with an inclusive, ethnic studies and trauma-informed lens based in the belief that every single child can succeed and deserve the highest quality experience in our schools.

While 2024 CAASPP results show promising increases, there remain alarming discrepancies between the performance of different student groups, and overall performance lags behind the state. Continued investments are clearly needed.

Goal Analysis for 2025-2026

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

There were no substantive differences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

These actions were generally effective, although progress was mixed and lagged in certain areas.

Action 1, Differentiated Instructional Supports; Action 2, Professional Development; and Action 3, Instructional Leadership and Support Staffing; contributed to improved student achievement on CAASPP in ELA and on the California Science Test (CAST).

Action 4, the ELD Dual Language Program, supported the progress of ELs in CAASPP mathematics (based on proficiency rates). LTELs saw improved ELPI progress, but a decline in academic results on CAASPP ELA and mathematics. Simultaneously, ELPI progress and EL reclassification rates also declined slightly.

Action 5, the Special Education Program, showed more mixed results. While the program was effective in ensuring all required services were provided, academic results for SWD declined in CAASPP ELA and CAST, but improved slightly in mathematics.

Action 6, Strong After-School Program, helped to reinforce all of the progress described above, as it reinforced this work beyond the school day for many of our students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no significant changes planned.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Differentiated Instructional Supports	Investment in this area ensures academic success for all students, with a particular focus on low-income students, English Learners, and foster youth. This includes resources like targeted curriculum materials, intervention programs (materials and software), student workbooks and supplies, culturally diverse books, academic technology expenses, and academic enrichment experiences (field trips, book fairs). These investments allow teachers to tailor instruction to individual needs and learning styles, promoting an equitable and inclusive learning environment where all students can thrive. This goal was developed in part to address the Red identification for English Learners and Students with Disabilities for CAASPP ELA and Math performance on the 2023 Dashboard.	$470,564.00	Yes
2	Professional Development	This includes investments in external professional development, coaching, and professional development support from HSO staff. The focus of all professional development is supporting actions that will lead to strong academic achievement for all students, with specific emphasis on meeting the needs of low-income students and English Learners. This action is partially funded with Title II funds. This goal was developed in part to address the Red identification for English Learners and	$1,653,260.50	Yes

		Students with Disabilities for CAASPP ELA and Math performance on the 2023 Dashboard.		
3	Instructional Leadership and Support Staffing	LREBG Action We invest in additional staffing positions (both leadership and direct services) to ensure the academic needs of our low-income students, foster youth, and English Learners are met in every classroom. This includes the work of our assistant principals, our investments in teacher assistants, intervention teachers, and HSO leadership support. This action is partially funded with Title I funds. This goal was developed in part to address the Red identification for English Learners and Students with Disabilities for CAASPP ELA and Math performance on the 2023 Dashboard. LREBG funds will be used to provide teacher assistants in four classrooms. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment. Similarly, academic intervention teachers, often working with small groups or individual students, can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes. Metrics being used to monitor this action: Metrics 3.1 - 3.9 LREBG Funds supporting this action: $201,693.11	$1,405,974.00	Yes
4	ELD Program	LREBG Action We invest in the growth and success of our English Learners, including the unique needs of our Long-Term English Learners, by ensuring professional development for staff in integrated and designated ELD, strong EL curriculum, a Director of Biliteracy, a Literacy Specialist focused on TK-2 foundational literacy, as well as a Literacy Coach supporting our language program in all grades. This action is partially funded with Title III funds. This goal was developed in part to address the Red identification for English Learners for CAASPP ELA and Math performance on the 2023 Dashboard. LREBG Funds will be used to provide a full time ELD Learning Recovery Teacher, an allowable use of funds that both reduces staff-pupil ratios and provides an evidence-based support for our English Learners and LTELs. Metrics being used to monitor this action: 3.6 and 3.7 LREBG Funds supporting this action: $121,270.05	$313,128.76	Yes
5	Special Education Program	Expenses in this action ensure that all required staffing, services, assessment, and reporting is in place for our students with disabilities, as well as essential professional development. This goal was developed in part to address the Red identification for Students with Disabilities for	$2,173,596.00	No

		CAASPP ELA performance on the 2023 Dashboard.		
6	Strong After-School Program	Our after-school program provides a safe and engaging space to extend learning and build connections beyond the school day. Expenses for food, equipment, transportation (buses), enrichment programs, facility rentals, and staff training ensure a well-rounded program. This fosters a healthy, connected, and equitable school culture by providing access to nutritious meals, diverse activities, and positive adult role models.	$2,082,006.00	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1, Action 3	2022-23 Rates of Chronic Absenteeism for ELs declined more significantly than the schoolwide rate (13.8% to 10.7%). Both are now holding at an alarming 41%. While performance for socioeconomically disadvantaged students closely parallels the school-wide rates (as to be expected, given the high percentage of the student body in this category), this group declined slightly slower (by 1.1%) but still had the same high absenteeism rate. We have seen the challenges that our low-income students face demonstrated on our student climate survey: only 43% of elementary students reported feeling safe at school, along with 60% of middle school students. For our middle school students, only 30% reported a sense of school belonging. While this data is not disaggregated by subgroup, additional qualitative assessment has demonstrated that our low-income students and English Learners are particularly impacted. 2023-24 While progress has been made, the gaps between ELs and LTELs and the schoolwide absenteeism rate have actually expanded. Similarly, LTELs experienced a suspension rate of 3.4%, compared to 1.7% schoolwide. 2024-25 The EL absenteeism rate improved beyond the scholwide rate; LTELs also improved at a more rapid rate, but remained slightly worse than the overall rate. The suspension rate, however, increased for both ELs and LTELs.	This action commits to an increased focus on efforts to support students' connection to school, support mental health, and provide opportunities for connection and positive relationships at school, while continuing to promote strong attendance. Our trauma-informed approach is designed with the needs of our low-income, foster youth, and English Learners in mind, although we believe this approach is appropriate and effective for all students. Additionally, the supervision and relationships provided by our campus aides will continue to strengthen a stronger sense of both physical and psychological safety.	Attendance, Chronic Absenteeism, Student Climate Survey results, suspension rates.
Goal 3, Action 1 Goal 3, Action 2 Goal 3, Action 3 Goal 3, Action 6	2022-23 We have seen a decline or stagnation in CAASPP performance for our low-income students in English Language-Arts and mathematics in the past year, as discussed in our annual update and reflection. As low-income students make up 95% of our student population, this data closely parallels the school-wide data, and necessitates a school-wide response.	Action 1 ensures that low-income students and English Learners are provided with materials and interventions that meet their unique needs as learners, helping to address gaps in learning that may have occurred in previous years. By providing interventions, adaptive software, manipulatives, and other resources, we can ensure these students have what they need to succeed. This action also ensures that all of our students have access to appropriate academic technology, implemented in a classroom environment with a focus on	CAASPP performance in English Language Arts and mathematics, CAST performance, and growth on internal state-verified data assessments in reading and math.

Additionally, English Learners are currently lagging behind school-wide performance on every academic metric:
- CAASPP English Language Arts: 30 point difference by DFS, 26% difference by % meets/exceeds
- CAASPP Mathematics: 19 point difference by DFS, 11% difference by % meets/exceeds
- CAST: 19% difference by % meets/exceeds

LTEL performance lags even farther behind, with 0% of these students demonstrating proficiency on CAASPP ELA and Mathematics.

In consultation with our educational partners, as well as continued review of educational research, a number of factors are contributing to this gap:
- English Learners need additional supports and strategies implemented through Integrated ELD to help them continue to develop proficiency in English and acquire content knowledge
- Low-income students may lack access to a print-rich environment at home, as well as support with academic vocabulary in English and supplementary educational resources
- Targeted small-group instruction is key to meeting the varied needs of our low-income students and English Learners, requiring additional teaching expertise and staffing
- The CAASPP and ELPAC are both administered online in English, requiring proficiency with technology that many students, particularly our low-income students and English Learners, lack exposure to

2023-24
While scores improved across the board, and ELs and LTELs often improved more dramatically than the school as a whole, large gaps remain between schoolwide performance and that of ELs and LTELs. Schoolwide performance is directly aligned with performance of SED students, and continues to lag well behind the state average.

2024-25
- CAASPP ELA: 26.6 point difference between ELs and overall; 99.9 point difference between LTELs and overall

learning and facility with the tools required for success on ELPAC and CAASPP.

Action 2 ensures that educators are equipped with the most up-to-date instructional strategies to ensure effectiveness in the classroom, including trauma-informed approaches, strategic scaffolding, and appropriate designated ELD techniques.

Action 3 ensures that there is appropriate staffing for effective interventions. Instructional leadership monitors and supports successful classrooms, while additional support roles like our instructional aides and instructional coach ensure that small group interventions and other effective differentiation take place.

Action 6 ensures continued investment in a robust after-school program ensures additional supports for all students, but particularly meets the needs of low-income students, English Learners and foster families who may be less equipped to provide enrichment opportunities in English outside of the school day. While the bulk of the program is funded through ELO-P, any additional expenses will be covered by the school's LCFF funding.

	- CAASPP Math: 16.5 point difference between ELs and overall; 103.9 point difference between LTELs and overall - CAST: 23.4 point difference between ELs and overall in proficiency rate		

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #(s)	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
Goal 3, Action 4	2022-23 While our ELPI and reclassification rate have both increased over the past year, our EL reclassification rate at the elementary level is only 6.6%, showing that our students still need significant support to be ready to successfully reclassify. As discussed in the actions above, we continue to see the performance of English Learners lag somewhat behind schoolwide performance. 2023-24 ELPI and reclassification rates held largely constant, and the gaps described above in academic performance have improved but remain. 2024-25 ELPI: decreased to 44.9% EL Reclassification Rate: decreased to 10%	Our ELD program is focused on meeting the comprehensive needs of our English Learners, both through direct services, as well as professional development and additional staffing to help ensure everyone is equipped and supported to help our EL students succeed.	ELPI and EL reclassification rate, as well as EL subgroup process on all other metrics.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding allows us to fund direct services to students through our ELD Teacher, Intervention Teachers, Teacher Assistants, and Campus Aides.

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or

- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA

engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection

    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

- The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each

student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).
    - School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
    - As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
    - LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
        - Identify the action as an LREBG action;
        - Include an explanation of how research supports the selected action;
        - Identify the metric(s) being used to monitor the impact of the action; and
        - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to

replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Camino Nuevo Charter Academy
CDS Code: 19-64733-6117667
School Year: 2026-27
LEA contact information: Juliana Santos, Principal, 213-413-4245, juliana.santos@caminonuevo.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

LCFF Budget Overview for Parents

This chart shows the total general purpose revenue Camino Nuevo Charter Academy expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Camino Nuevo Charter Academy is $15,920,388.50, of which $9,369,748.83 is Local Control Funding Formula (LCFF), $3,855,222.71 is other state funds, $1,187,675.29 is local funds, and $1,507,741.67 is federal funds. Of the $9,369,748.83 in LCFF Funds, $2,625,120.28 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Camino Nuevo Charter Academy plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

LCFF Budget Overview for Parents

The text description of the above chart is as follows: Camino Nuevo Charter Academy plans to spend $15,441,031.75 for the 2026-27 school year. Of that amount, $13,887,499.93 is tied to actions/services in the LCAP and $1,553,531.82 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

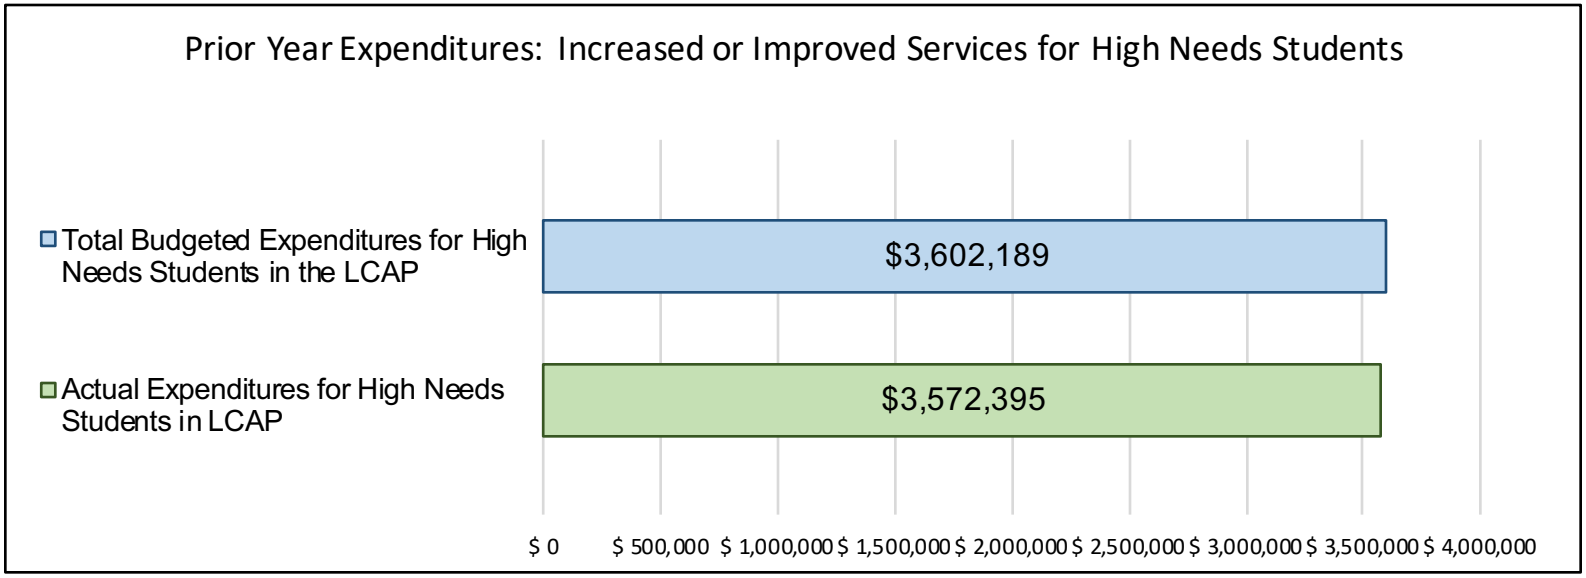

Expenses that may not be captured within the LCAP are mainly attributable to auxiliary services and costs that are not associated with the educational program. Larger expenses not mentioned include, benefits, district oversight fee, general insurance, other fees and services, depreciation and auxiliary salaries. In addition, some expenses included within are also capitalized assets and will not be recognized until later years.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Camino Nuevo Charter Academy is projecting it will receive $2,625,120.28 based on the enrollment of foster youth, English learner, and low-income students. Camino Nuevo Charter Academy must describe how it intends to increase or improve services for high needs students in the LCAP. Camino Nuevo Charter Academy plans to spend $3,617,717.83 towards meeting this requirement, as described in the LCAP.

Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what Camino Nuevo Charter Academy budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Camino Nuevo Charter Academy estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Camino Nuevo Charter Academy's LCAP budgeted $3,602,189.47 for planned actions to increase or improve services for high needs students. Camino Nuevo Charter Academy actually spent $3,572,395.39 for actions to increase or improve services for high needs students in 2025-26. The difference between the budgeted and actual expenditures of $29,794.08 had the following impact on Camino Nuevo Charter Academy's ability to increase or improve services for high needs students:

This difference did not have a meaningful impact on the planned actions and services.

Plan Summary 2026-2027

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Camino Nuevo Charter Academy (CNCA) is part of the Camino Nuevo Charter Academy network of schools. Camino Nuevo Charter Academy educates students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

CNCA serves 603 students in grades TK-8, of which 59.5% are English Learners (EL), and 12.9% are students with disabilities (SWD). 99.7% of our students are socioeconomically disadvantaged, and 4.8% are homeless. 99.8% of our students are Hispanic.

Camino Nuevo Charter Academy was founded in 1999 by Pueblo Nuevo Development, a nonprofit community development corporation in the MacArthur Park neighborhood west of downtown Los Angeles. The first campus opened its doors to students in August 2000. Most of the residents are immigrants from Mexico and Central America. The majority of CNCA’s students reside in historically underserved neighborhoods of Los Angeles such as Westlake/MacArthur Park, Pico/Union, Koreatown, and the West Adams/Byzantine Latino Quarter.

In acknowledgment of CNCA's commitment to the community schools model, the network was awarded $7.125 million in grant funds from the California Department of Education’s Community Schools Partnership Program. This funding has allowed CNCA further accelerate and formalize the community schools approach that allows CNCA to serve as a hub of transformation for historically marginalized communities.

CNCA is not eligible for Equity Multiplier funding. As a Title I School-Wide Program, CNCA Burlington now uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the 2025 California School Dashboard shows improvement in Chronic Absenteeism (Yellow), maintenance of progress in Suspension Rate (Yellow), some improvement in English Language Arts (Orange), larger growth in Mathematics (Yellow), and a small decline in English Learner Progress (Orange). All standards were met for Local Indicators, and parent and teacher climate survey results improved, while student survey results declined somewhat.

For Chronic Absenteeism, we achieved a 3.3% decrease schoolwide, bringing overall absenteeism down to 11%. Both this absenteeism rate and the rate of decrease outpaced the state average. There were no student groups in the Red performance category, but we did see a 6.4% increase in absenteeism for Long-Term English Learners (LTEL) to 16.7%; however, this rate was still lower than the state average for LTELs. English Learners (ELs) had a slightly higher absenteeism rate at 12.1%, while Socioeconomically Disadvantaged (SED) students and Students with Disabilities (SWD) had slightly lower rates, at 10.9% and 10.1% respectively. Homeless students had the lowest absenteeism rate, at 6.9%--a remarkable achievement.

The schoolwide suspension rate declined by 0.2 points to 1.2%, less than half the state average. There were no student groups in the Red or Orange performance category. Suspension rates for Hispanic students, SED, and SWD, all paralleled the schoolwide rate. ELs had a suspension rate of 0.3%, a 0.5 point decline, and LTELs had a 0% suspension rate, a decline of 5.1 points. Homeless students maintained a 0% suspension rate.

In English Language Arts, overall performance increased by 1.6 points to -39.5 points below standard. LTELs and SWD were both classified in the Red performance level. LTEL performance declined by 15 points to -102.1 DFS, just above the state average. SWD declined by 4.3 points to -109.2 DFS, 20 points below the state average. Performance for Hispanic and SED students paralleled the schoolwide average. ELs saw faster growth, improving by 7.8 points to -48.7 DFS, more than 10 points above the state average. Homeless students performance declined but remained well above the state average at -25.5 DFS. CNCA's ELA growth was classified as "Average."

In Mathematics, overall performance increased by 5.9 points to -35 DFS, beating the state average. SWD were classified in the Red performance level due to a decline of 10.5 points and an average of -125 DFS. LTEL performance increased by 11.2 points to -95.3 DFS, more than 60 points above the state average. ELs overall increased 8.6 points to -43.8 DFS, more than 40 points above the state average. Performance for Hispanic and SED students paralleled the schoolwide results. Results for Homeless students declined to -21.8 DFS but remained more than 80 points above the state average. CNCA's Mathematics Growth was classified as "Accelerated," the second-highest tier.

English Learner Performance declined by 3.2 points to 45.6% making progress, just below the state average. This was due in part to significant declines in LTELs making progress; while our rate of 53.3% of LTELs making progress exceeds the state average, it was a 20.9 point decline from the previous year. Our rate of ELs who decreased at least one ELPI level, however, declined from the previous year; this progress led to growth in the percentage of students who maintained their ELPI level, but we did not see an increase in the percentage of students progressing at least one ELPI level.

Climate surveys showed mixed results. Teacher sense of safety and connectedness improved to 74%, and parent results held fairly steady with 86% feeling a sense of safety and 74% feeling a sense of connectedness to the school community. Student sense of belonging also stayed largely the same, with 70% of 3rd-5th grade students and 38% of 6th-8th grade students saying they feel they belong at school. Student sense of safety declined by 6 points for both grade bands, however, going down to 44% for 3rd through 5th grade and 50% for grades 6-8.

CNCA has $441,303 in unexpended Learning Recovery Emergency Block Grant (LREBG) funding which will be spent in the 2026-27 school year. This funding will be used to support academic achievement for students as described in Goal 2, Action 2: High-Quality Teachers and School Leadership and Goal 3, Action 3: Instructional Leadership and Support Staffing. LREBG funds will be used to provide a full-time credentialed intervention teacher, teacher assistants in five classrooms, as well as partially funding two intervention teachers. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment. Similarly, academic intervention teachers, often working with small groups or individual students, can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes.

In addition, $75,000 of LREBG funding will go towards Goal 1, Action 3: Student & Family Supports for a Strong Community in order to support our mental health program. This is an allowable use of funds that addresses barriers to learning by providing mental health services to address pupil trauma and social-emotional learning, as well as referrals for support for family or pupil needs.

CNCA is not planning to use any Student Support and Professional Development Discretionary Block Grant (SSPDBG) funds in the 26-27 school year.

Note: CNCA did not have any Dashboard items or student groups at the lowest performance level in 2023, thus those items are not mentioned here as they are not applicable.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents (including parents of low-income students, English Learners, and Students with Disabilities)	CNCA's goal is to create the strongest possible partnership between home and school in order to increase student achievement and success. Parents are our most important partners on the road to student success. We strongly believe that students will find greater levels of academic success when their home and school share similar values about learning, develop positive relations, and when they work together to build strong partnerships. We encourage our parents to become involved as leaders through several committees: ELAC, Site Based Council (SBC) and our Advocacy Council. Site-Based Council (SBC) is a group of parents, teachers, and school staff who meet regularly to discuss school issues and provide suggestions to the school principal, including direct formal input on the LCAP. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. SBC Parent Representatives benefit from targeted trainings that not only support their own professional growth but empower them to advocate for high quality education for the benefit of their children and for the community as well. As a Title I School-Wide Program, CNCA Burlington now uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document. In addition to input at meetings throughout the year where progress on metrics were discussed, the final draft of the LCAP was presented at a public meeting of the SBC, which included the Parent Advisory Committee, in June for review and approval before going to the Board of Directors. Additionally, regular Cafecitos (less formal monthly updates with the principal and team about relevant topics for all families) provide a consistent space for updates, input, and dialogue about topics related to LCAP. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were reviewed in both of these spaces throughout the year. Families also complete a school climate survey once a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Teachers and Staff	Teachers and staff have multiple avenues for being engaged in the governance of the school. As for parents, the first avenue is participation in Site Based Council (SBC), which includes parents and staff who are elected to represent on this governing body. The responsibility of SBC is to: provide guidance and direction to the principal on the goals of the school, the methods to reach these goals, budgetary priorities, the LCAP, and student outcomes. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were also reviewed regularly during PD sessions throughout the year. Additionally, the draft LCAP is made available for input via written comment before board approval in June. Teachers and staff also complete multiple surveys annually, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Students	CNCA is dedicated to providing opportunities for student voice in the LCAP process. For students, there are two primary avenues: the

	annual student survey and the Site-Based Council (SBC). Additionally, the draft LCAP is made available for input via written comment before board approval in June. While we do not elect SBC student representatives due to our grade span, SBC meetings are open to all, and students are welcome and encouraged to attend, to make public comment, and to connect with representatives prior to the meeting to share their concerns. In order to ensure that the voice of all students is heard, however, students complete a school climate survey twice a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Principals and Administrators	Principal and administrators are actively involved in the LCAP process, reviewing and providing data for the mid-year update, helping directly craft goals, actions, and goal analysis, and presenting information to the educational partners as described above.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Parents expressed interest in adult classes; both these kinds of workshops and the staff who build partnerships with outside resources for our families continue to be funded as part of Goal 1, Action 3.

Parents also want the school to continue to put pressure on the city to follow through on commitments to the streetscape around the school. This is a priority for our operations team, funded through Goal 1, Action 1.

Parents also expressed that supporting reading is an important priority; funding for classroom libraries and enticing books for our readers is part of Goal 3, Action 1.

The combined SBC reviewed and approved a retention policy to help encourage attendance and positive school culture, supported by Goal 1, Action 3.

Families and teachers expressed appreciation for the SART approach to absenteeism, which continues to be supported through Goal 1, Action 3.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Bridging Towards Belonging - Engaged School Community: We intentionally create school culture defined by connection and knowledge-building of one another, our students, and the families we serve. Together, we ensure that students are part of a safe and welcoming learning environment that meets their needs.	Broad Goal

State priorities addressed by this goal.

1, 3, 5, 6

An explanation of why the LEA has developed this goal.

Our current historical context is characterized by divisiveness, disconnection, loneliness, and fear. Education feels this viscerally. Rates of depression and anxiety among youth have never been higher. We must be deliberate in building cultures of connection and belonging with and among our communities.

While we have seen a strong increase in our attendance and chronic absenteeism data, we want to maintain this area of strength, and continue to build a stronger community with our students and families, as measured by survey data.

2024 Dashboard data confirms this continued area of focus, as there were declines in attendance and chronic absenteeism, and a plateauing in student climate survey results.

Measuring and Reporting Results

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, our actions have been largely effective in making progress toward our goal. Action 1, Effective Operations Management, has allowed us to maintain a 0% dropout rate, helped maintain strong school attendance, improve our dropout rate, and continued to nurture our parent engagement.

Action 2, Safe and Compliant Facility, has allowed us to maintain a "Good" FIT Score and help contribute towards the sense of safety held by students and families.

Action 3, Student & Family Supports for Strong Community, has been the primary driver of our attendance rate, reduced absenteeism rate, and lower suspension rate. While CNCA has not yet achieved the desired growth in survey responses about school safety and connectedness, we are continuing to invest in comprehensive approaches and critical supports for students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

In response to feedback from our educational partners, we have worked to maintain critical programming, even as funding options have changed. For 2026-27, LREBG funds will help support Goal 1, Action 3, enabling our mental health program to address student absenteeism and belonging.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

		housekeeping, furniture, pest control, landscaping, fire safety, accessibility, and parking.		
3	Student & Family Supports for Strong Community	LREBG Action This spending action invests in personnel, programs, and resources to cultivate a welcoming and inclusive school environment. Staff positions like the Student & Family Services Coordinator and registrar provide direct programming, stronger communication, social-emotional support and positive role models. Programs like mental health programming, family events, student incentives, and student celebrations foster a sense of community and belonging. Additional resources like student uniforms, security, and data software contribute to a safe and supportive learning atmosphere. This action is partially supported with Title IV funds. LREBG funds will go towards supporting a mental health program. Extensive research demonstrates that unmet mental health needs in children and adolescents severely compromise cognitive development, undermine school engagement, and act as a primary driver of academic decline (Climie, n.d.). By integrating these services directly into the school environment, the program eliminates traditional cost and accessibility barriers, providing crucial early intervention during pivotal developmental years (Golberstein et al., 2023; Iachini et al., 2015). Empirical studies confirm that comprehensive school-based mental health initiatives yield significant dividends beyond psychological well-being, directly translating to improved academic performance, enhanced math achievement scores, and measurable reductions in chronic absenteeism, suspensions, and classroom disciplinary referrals (Cipriano & Maurice, 2024; Swanson, n.d.). Ultimately, this funding creates a supportive and stable school climate, clearing the emotional and behavioral obstacles that prevent students from successfully engaging with the curriculum and fulfilling their academic potential. Metrics being used to monitor this action: Metric 1.1, 1.2, 1.4, 1.7, and 1.8 LREBG Funds supporting this action: $75,000 in 2026-27	$1,320,603.00	Yes

An explanation of why the LEA has developed this goal.

There is a mass exodus of educators from the profession. Just as with students and families, we must be deliberate in building cultures of connection and belonging, as well as providing appropriate resources and support to ensure that every student has what they need to succeed.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the actions supporting Goal 2 were very effective. Action 1, Standards-Aligned Materials, allowed us to maintain 100% student access to standards-aligned instructional materials, and CNCA was able to maintain its Standards Implementation of 4 - Full Implementation in both History and Science. ELD implementation, both Designated and Integrated, remained at 100%, and all students were able to access a Broad Course of Study.

Action 2, High Quality Teachers and Leadership, further supported these results. Additionally, this action supported CNCA in meeting all teacher credentialing requirements, while maintaining improved teacher and leadership sense of safety and connectedness.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Standards-Aligned Instructional Materials	Strategic allocation towards standards-aligned instructional materials encompasses core curriculum resources, enrichment program materials, essential teacher supplies, and printing expenses for student materials. This investment ensures all students have access to high-quality, current resources that directly align with academic standards, fostering a well-rounded and effective learning environment.	$47,764.00	No

		This action is partially supported with Title III and Title IV funds.		
2	High-Quality Teachers and School Leadership	LREBG Action Our investments prioritize fostering a talented and dedicated faculty. This encompasses expenses related to attracting and retaining qualified educators through competitive salaries, hiring costs, and appreciation initiatives. These efforts include the Avance Teacher Residency Program, Emerging Leaders, and the CAO Cadre, as well as supporting teacher induction expenses. Additionally, funding supports effective classroom instruction and a positive learning environment by providing substitute coverage for absences and allocating resources for core classroom teachers and the school principal. This action is funded in part with Title I and Title II funds. LREBG funds will be used to invest in a full-time, credentialed intervention teacher. Extensive empirical research demonstrates that high-dosage, multi-tiered interventions—particularly when led by certified specialists rather than paraprofessionals—significantly accelerate learning recovery in both foundational literacy and mathematics (Gersten et al., 2020; National Center on Intensive Intervention, 2021). By continuously analyzing student data, a dedicated interventionist can identify specific learning gaps early and deliver systematic, small-group instruction tailored to diverse student needs, including those of English Learners and students with learning disabilities (Vaughn et al., 2012). This targeted approach addresses the primary barrier of instructional pacing, preventing struggling students from falling permanently behind their peers in general education classrooms. Metrics being used to monitor this action: Metrics 3.1, 3.2, 3.3, 3.4, 3.8, and 3.9 LREBG Funds supporting this action: $87,768.66 in the 26-27 school year	$3,309,892.84	No

An explanation of why the LEA has developed this goal.

To engage our students we must approach our work with an inclusive, ethnic studies and trauma-informed lens based in the belief that every single child can succeed and deserve the highest quality experience in our schools.

The improvement in CAASPP Mathematics results and decline in CAASPP ELA and CAST results for 2024 show the importance of maintaining this area of focus.

Goal Analysis for 2025-2026

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

There were no substantive differences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

These actions were generally effective, although progress lagged in certain areas.

Action 1, Differentiated Instructional Supports; Action 2, Professional Development; and Action 3, Instructional Leadership and Support Staffing; contributed to improved student achievement on CAASPP in both ELA and mathematics, as well as progress overall and for ELs on CAST.

Action 4, the ELD Dual Language Program, supported the progress of ELs in CAASPP ELA and mathematics, as well as science. LTELs also saw strong growth in math, but declined slightly in ELA. Simultaneously, ELPI progress and EL reclassification rates also declined slightly.

Action 5, the Special Education Program, showed more mixed results. While the program was effective in ensuring all required services were provided, academic results for SWD declined across the board.

Action 6, Strong After-School Program, helped to reinforce all of the progress described above, as it reinforced this work beyond the school day for many of our students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Educational partners expressed support for continuing our current investments, particularly focusing on literacy and books for classroom libraries, supported through Action 1.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Differentiated Instructional Supports	Investment in this area ensures academic success for all students, with a particular focus on low-income students, English Learners, and foster youth. This includes resources like targeted curriculum materials, intervention programs (materials and software), student workbooks and supplies, culturally diverse books, academic technology expenses, and academic enrichment experiences (field trips, book fairs). These investments allow teachers to tailor instruction to individual needs and learning styles, promoting an equitable and inclusive learning environment where all students can thrive.	$326,727.00	Yes
2	Professional Development	This includes investments in external professional development, coaching, and professional development support from HSO staff, as well as related PD expenses including food and materials. The focus of all professional development is supporting actions that will lead to strong academic achievement for all students, with specific emphasis on meeting the needs of low-income students and English Learners. This action is partially funded with Title II and Title IV funds.	$1,465,793.00	Yes
3	Instructional Leadership and Support Staffing	LREBG Action We invest in additional staffing positions (both leadership and direct services) to ensure the academic needs of our low-income students, foster youth, and English Learners are met in every classroom. This includes the work of our assistant principals, our investments in teacher assistants, intervention teachers, intervention coordinator, campus aides, and HSO leadership support. LREBG funds will be used to provide teacher assistants in five classrooms, as well as partially funding two intervention teachers and our intervention coordinator. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment. Similarly, academic intervention teachers, often working with small groups or individual students, can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes. Metrics being used to monitor this action: Metrics 3.1 - 3.9 LREBG Funds supporting this action: $278,534.39 in the 26-27 school year	$1,351,033.89	Yes
4	ELD Dual Language Program	We invest in the growth and success of our English Learners, including our long-term English Learners (LTELs), by ensuring professional development for staff in integrated and designated ELD, a strong EL curriculum to support language acquisition, a Director of Biliteracy, a Literacy Specialist focused on TK-2 foundational literacy, as well as a Literacy Coach supporting our dual	$283,981.68	Yes

5	Special Education Program	Expenses in this action ensure that all required staffing, services, assessment, and reporting is in place for our students with disabilities, as well as essential professional development.	$1,878,139.00	No
6	Strong After-School Program	Our after-school program provides a safe and engaging space to extend learning and build connections beyond the school day. Expenses for food, equipment, transportation (buses), enrichment programs, facility rentals, and staff training ensure a well-rounded program. This fosters a healthy, connected, and equitable school culture by providing access to nutritious meals, diverse activities, and positive adult role models.	$1,894,487.00	Yes

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1, Action 3	2.9% of English Learners were chronically absent in 22-23, a decline of 40% from the previous year. This dramatic change outpaced the schoolwide improvement of 35%, demonstrating how highly impacted our English Learners are by investments in community-building efforts, parent communication, and outreach. For 23-24, EL chronic absenteeism increased by less than the schoolwide rate, but ultimately came to closely match it at 14.6% of ELs chronically absent, demonstrating the continued need for attention and intervention. LTELs showed a smaller increase than almost any other group (1.4%), demonstrating the positive impacts of these interventions further. For 24-25, EL chronic absenteeism declined by 2.5 points to 12.1%; however, LTEL absenteeism increased to 16.7%. Low-income students saw their rate of increase match the school-wide rate, with a decline of 35% to 4.8% absent--unsurprising, given the fact that more than 99% of our students qualify as low-income. For 23-24, this trend continues with 14% of SED student chronically absent in alignment with 14.3% schoolwide. In 24-25, this continued, with 10.9% of SED students chronically absent vs 11% schoolwide. We have seen the challenges that our low-income students face demonstrated on our student climate survey: just over 50% of students reported feeling safe at school in 22-23; for 23-24 that number declined to less than 50%. For 24-25, it returned to 50%. For our middle school students, only 37% reported a sense of school belonging; this dropped to 33% in 24-25. While this data is not disaggregated by subgroup, additional qualitative assessment has demonstrated that our low-income students and English Learners are particularly impacted.	This action commits to an increased focus on efforts to support students' connection to school, support mental health, and provide opportunities for connection and positive relationships at school, while continuing to promote strong attendance. Our trauma-informed approach is designed with the needs of our low-income, foster youth, and English Learners in mind, although we believe this approach is appropriate and effective for all students. Additionally, the supervision and relationships provided by our campus aides will continue to strengthen a stronger sense of both physical and psychological safety.	Attendance, Chronic Absenteeism, Student Climate Survey results, suspension rates.
Goal 3, Action 1 Goal 3, Action 2 Goal 3, Action	2022-23: We have seen a decline or stagnation in CAASPP performance for our low-income students in English Language-Arts, mathematics, and science in the past year, as discussed in our	Action 1 ensures that low-income students and English Learners are provided with materials and interventions that meet their unique needs as learners, helping to address gaps in learning that may have occurred in previous years. By providing interventions, adaptive software, manipulatives, and	CAASPP performance in English Language Arts and mathematics, CAST performance, and growth on internal state-verified data assessments in reading and math.

3 Goal 3, Action 6	annual update. As low-income students make up 99% of our student population, this data closely parallels the school-wide data, and necessitates a school-wide response. Additionally, English Learners are currently lagging behind school-wide performance on every academic metric: 22-23 Results - CAASPP English Language Arts: 16.4 point difference by DFS, 27% difference by % meets/exceeds - CAASPP Mathematics: 10.7 point difference by DFS, 18.5% difference by % meets/exceeds - CAST: 17.5% difference by % meets/exceeds 2023-24 - CAASPP English Language Arts: 15.5 point difference by DFS; 20.9% difference by meets/exceeds - CAASPP Mathematics: 11.5 point difference by DFS; 18.7% difference by meets/exceeds - CAST: 14.2% difference in meets/exceeds; 0 EL students met the standard. 2024-25 - CAASPP ELA: 9.2 point difference by DFS; 21.1 point difference by % meets/exceeds - CAASPP Math: 8.8 point difference by DFS; 17.1 point difference by % meets/exceeds - CAST: 16.7 point difference in proficiency While LTEL performance did not significantly differ from overall EL performance in 22-23, they significantly underperformed in both ELA and Math results for 23-24 and 24-25, demonstrating the continued need for support for this student population in particular. In consultation with our educational partners, as well as continued review of educational research, a number of factors are contributing to this gap: - English Learners need additional supports and strategies implemented through Integrated ELD to help them continue to develop proficiency in English and acquire content knowledge - Low-income students may lack access to a print-rich environment at home, as well as support with academic vocabulary in English and supplementary educational resources	other resources, we can ensure these students have what they need to succeed. This action also ensures that all of our students have access to appropriate academic technology, implemented in a classroom environment with a focus on learning and facility with the tools required for success on ELPAC and CAASPP. Action 2 ensures that educators are equipped with the most up-to-date instructional strategies to ensure effectiveness in the classroom, including trauma-informed approaches, strategic scaffolding, and appropriate designated ELD techniques. Action 3 ensures that there is appropriate staffing for effective interventions. Instructional leadership monitors and supports successful classrooms, while additional support roles like our instructional aides and instructional coach ensure that small group interventions and other effective differentiation take place. Action 6 ensures continued investment in a robust after-school program ensures additional supports for all students, but particularly meets the needs of low-income students, English Learners and foster families who may be less equipped to provide enrichment opportunities in English outside of the school day. While the bulk of the program is funded through ELO-P, any additional expenses will be covered by the school's LCFF funding.

	- Targeted small-group instruction is key to meeting the varied needs of our low-income students and English Learners, requiring additional teaching expertise and staffing - The CAASPP and ELPAC are both administered online in English, requiring proficiency with technology that many students, particularly our low-income students and English Learners, lack exposure to outside school		
Goal 3, Action 4	In 22-23, CNCA saw our ELPI has hold strong while the EL reclassification rate decreased to 9.7%, showing that our students still need significant support to be ready to successfully reclassify. In 23-24, the ELPI rate declined slightly to 48.8%, but the EL reclassification rate increased to 12.4%. In 24-25, the ELPI rate declined slightly again, to 46%, and the EL reclassification rate dipped to 10%. While progress is being made in academic results, there is clearly additional work to do to support the full EL population effectively. As discussed in the actions above, we continue to see the performance of English Learners, including LtELs, lag behind schoolwide performance.	Our ELD program is focused on meeting the comprehensive needs of our English Learners, both through direct services, as well as professional development and additional staffing to help ensure everyone is equipped and supported to help our EL students succeed. Because of our dual language model, while the supports are designed with the needs of English Learners in mind, they benefit the language and literacy of all of our students	ELPI and EL reclassification rate, as well as EL subgroup process on all other metrics.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #(s)	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding allows us to fund direct services to students through our Intervention Teachers, Teacher Assistants, and Campus Aides.

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or

- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA

engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

- The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each

student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).
    - School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
    - As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
    - LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
        - Identify the action as an LREBG action;
        - Include an explanation of how research supports the selected action;
        - Identify the metric(s) being used to monitor the impact of the action; and
        - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to

replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Local Educational Agency (LEA) Name: Camino Nuevo Charter Academy #4
CDS Code: 19-64733-0124826
School Year: 2026-27
LEA contact information: Shannon Leonard, (213) 353-5300, Shannon.Leonard@CaminoNuevo.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

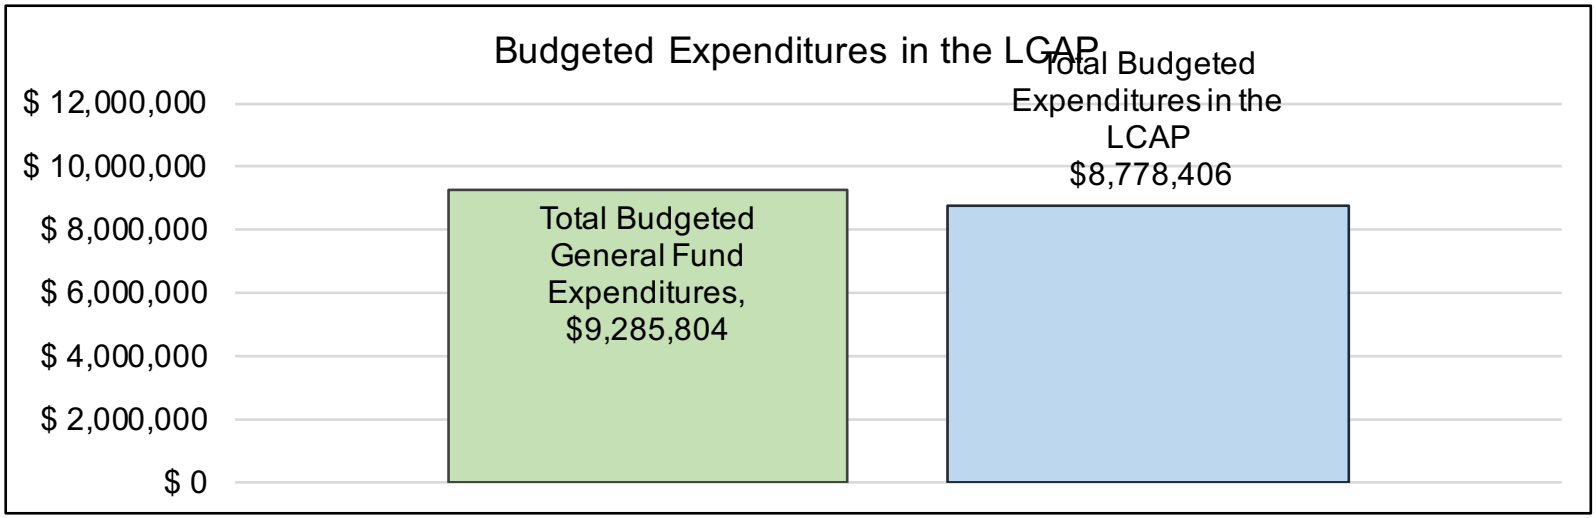

Budget Overview for the 2026-27 School Year

This chart shows the total general purpose revenue Camino Nuevo Charter Academy #4 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Camino Nuevo Charter Academy #4 is $9,308,259.39, of which $5,958,397.80 is Local Control Funding Formula (LCFF), $1,817,846.05 is other state funds, $663,138.50 is local funds, and $868,877.06 is federal funds. Of the $5,958,397.80 in LCFF Funds, $1,653,824.16 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Camino Nuevo Charter Academy #4 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

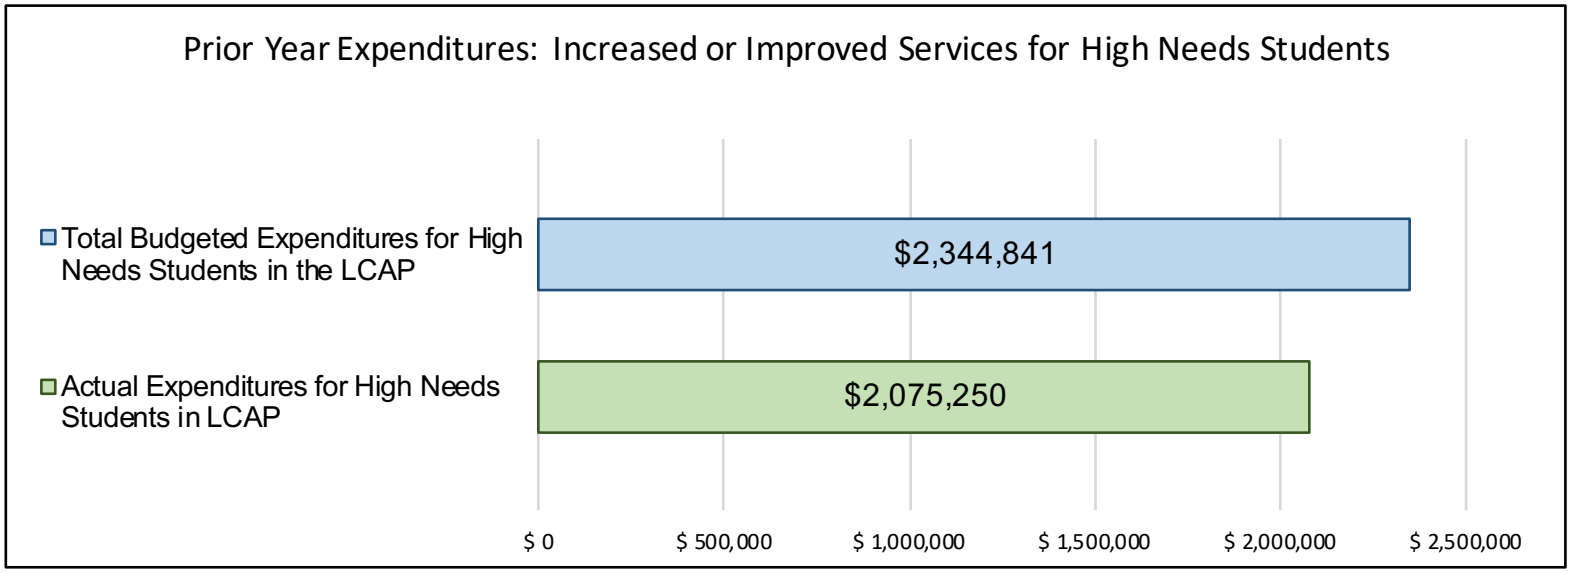

The text description of the above chart is as follows: Camino Nuevo Charter Academy #4 plans to spend $9,285,803.52 for the 2026-27 school year. Of that amount, $8,778,405.93 is tied to actions/services in the LCAP and $507,397.59 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Expenses that may not be captured within the LCAP are mainly attributable to auxiliary services and costs that are not associated with the educational program. Larger expenses not mentioned include, benefits, district oversight fee, general insurance, other fees and services, depreciation and auxiliary salaries. In addition, some expenses included within are also capitalized assets and will not be recognized until later years.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Camino Nuevo Charter Academy #4 is projecting it will receive $1,653,824.16 based on the enrollment of foster youth, English learner, and low-income students. Camino Nuevo Charter Academy #4 must describe how it intends to increase or improve services for high needs students in the LCAP. Camino Nuevo Charter Academy #4 plans to spend $2,115,846.03 towards meeting this requirement, as described in the LCAP.

Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what Camino Nuevo Charter Academy #4 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Camino Nuevo Charter Academy #4 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Camino Nuevo Charter Academy #4's LCAP budgeted $2,344,841.33 for planned actions to increase or improve services for high needs students. Camino Nuevo Charter Academy #4 actually spent $2,075,249.89 for actions to increase or improve services for high needs students in 2025-26. The difference between the budgeted and actual expenditures of $269,591.44 had the following impact on Camino Nuevo Charter Academy #4's ability to increase or improve services for high needs students:

There was no significant difference in the actions and services for high needs students.

CNCA4 serves 475 students in grades TK-8, of which 35.6% are English Learners (EL), and 16% are students with disabilities (SWD). 92.4% of our students are socioeconomically disadvantaged, and 8.2% are homeless.

Camino Nuevo Charter Academy was founded in 1999 by Pueblo Nuevo Development, a nonprofit community development corporation in the MacArthur Park neighborhood west of downtown Los Angeles. The first campus opened its doors to students in August 2000. Most of the residents are immigrants from Mexico and Central America. The majority of CNCA's students reside in historically underserved neighborhoods of Los Angeles such as Westlake/MacArthur Park, Pico/Union, Koreatown, and the West Adams/Byzantine Latino Quarter.

In acknowledgment of CNCA's commitment to the community schools model, the network was recently awarded $7.125 million in grant funds from the California Department of Education's Community Schools Partnership Program. This funding will further accelerate and formalize the community schools approach that allows CNCA to serve as a hub of transformation for historically marginalized communities.

CNCA4 is not eligible for Equity Multiplier funding. As a Title I School-Wide Program, CNCA4 uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document and meeting the educational partner engagement requirements as they apply to charter schools.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the 2025 California School Dashboard shows a small increase in Chronic Absenteeism (Red) and Suspension Rate (Orange), a decline in English Learner Progress (Red), a small decline in English Language Arts (ELA) performance (Orange), and an increase in Mathematics performance (Yellow).

Chronic absenteeism increased by 0.7 points to 31.9%, well above the state average. Hispanic student absenteeism and socioeconomically disadvantaged (SED) student absenteeism closely matched this rate, at 31% and 32.9% respectively, and were classified in the Red Performance Level. Absenteeism for Homeless students improved, however, declining 15.5 points to 45% chronically absent. SWD absenteeism declined by 5.4 points to 31.5% absentee. Both were classified in the Orange Performance Level. EL absenteeism also improved by 6.3 points to 25.4%, in the Yellow Performance Level.

The schoolwide suspension rate increased by 0.3 points to 2.1%, less than the state average. SED students had the same suspension rate, up 0.1 points from the previous year. The rate for Hispanic students declined by 0.2 points to 1.6%. Both were in the Yellow Performance Level. The EL suspension rate increased by 0.8 points to 2.1%, and the rate for Homeless students increased 2.5 points from last year's 0% rate. Both were in the Orange Performance Level. The suspension rate for SWD increased by 5.4 points to 6.5%, putting it in the Red Performance Level.

Climate survey results remained largely unchanged for students, although student sense of belonging did improve from 56% to 61% for elementary students. Parent results improved more significantly, with 91% of parents satisfied with school safety and 93% feeling a sense of belonging. Teacher satisfaction also improved to 85%.

English Learner Progress declined 9.3 points to 34.4%. LTEL progress, however, improved by 27 points to 55.6%, above the state average. The EL reclassification rate improved to 14.7%.

ELA performance declined by 0.9 points to -55 Distance from Standard (DFS). EL performance saw a similar decline of 1.2 points to -86.7 DFS, in the Red Performance Level. Hispanic students declined by 0.5 points to -57.3 DFS, and SED students declined by 2.5 points to -58.2 DFS. SWD saw an increase of 10.5 points to -109.2 DFS. All three were in the Orange Performance Level. ELA growth was classified as "Moderate."

Mathematics performance increased by 4.8 points to -71.3 DFS. Hispanic student growth was slightly higher, increasing 5.5 points to -71.5 DFS; SED students increased by 3.5 points to -73.3 DFS. Both were in the Yellow Performance Level. EL performance was largely static, increasing 0.4 points to -88.8 DFS in the Orange Performance Level. SWD saw a 7.4 point decline to -131.1 DFS, classified in the Red Performance Level. Mathematics growth was classified as "Average."

The following items were identified as Red on the 2023 Dashboard and remain an area of focus in the 25-26 LCAP as described below:
- ELA CAASPP Performance for ELs (still Red): Goal 3, Actions 1-4
- Math CAASPP Performance for ELs (now Yellow): Goal 3, Actions 1-4
- Math CAASPP Performance for SWD (now Orange):Goal 3, Actions 1-3 and Action 5
- Chronic Absenteeism for ELs (now Yellow), Hispanic students (now Yellow), SWD (now Orange), and SED students (now Yellow): Addressed through Goal 1, Action 3

CNCA4 has $196,806.83 in unexpended Learning Recovery Emergency Block Grant (LREBG) funding which will be spent in the 2026-27 school year. Funds will be spent to support Goal 1, Action 3; Goal 2, Action 1; Goal 3, Action 1; and Goal 3, Action 3.

For Goal 1, Action 3, in order to help address continuing high absenteeism rates for ELs, SWD, and Homeless students, LREBG funds will go towards the cost of evidence-based mental health services, a well-established barrier to learning and a contributor to absenteeism rates for many of our students. This intervention should support school attendance, the first step towards academic progress for many of these students.

For Goal 2, Action 1, LREBG funds will be used to fund personalized intervention instruction through i-Ready; rigorous, high-quality curriculum; and robust classroom libraries. By blending diagnostic precision, top-tier instructional materials, and immediate print access, this multi-faceted investment uses research-based strategies to close achievement gaps.

For Goal 3, Action 1, LREBG funds will be used to provide evidence-based adaptive curriculum software and data analysis tools to support intervention. These tools provide evidence-based learning supports to close learning gaps.

For Goal 3, Action 3, LREBG funds will provide an additional teacher assistant. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment.

Student Support and Professional Development Block Grant (SSPDBG) funds will be used to support Goal 2, Action 2; Goal 3, Action 2; Goal 3, Action 3; and Goal 3, Action 5.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents (including parents of low-income students, English Learners, and Students with Disabilities)	CNCA 4's goal is to create the strongest possible partnership between home and school in order to increase student achievement and success. Parents are our most important partners on the road to student success. We strongly believe that students will find greater levels of academic success when their home and school share similar values about learning, develop positive relations, and when they work together to build strong partnerships. We encourage our parents to become involved as leaders through several committees: ELAC, Site Based Council (SBC) and our Advocacy Council. Site-Based Council (SBC) is a group of parents, teachers, and school staff who meet regularly to discuss school issues and provide suggestions to the school principal, including direct formal input on the LCAP. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. SBC Parent Representatives benefit from targeted trainings that not only support their own professional growth but empower them to advocate for high quality education for the benefit of their children and for the community as well. As a Title I School-Wide Program, CNCA4 now uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document. In addition to input at meetings throughout the year where progress on metrics were discussed, the final draft of the LCAP was presented at a public meeting of the SBC, which included the Parent Advisory Committee, in June for review and approval before going to the Board of Directors. Additionally, regular Cafecitos (less formal monthly updates with the principal and team about relevant topics for all families) provide a consistent space for updates, input, and dialogue about topics related to LCAP. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were reviewed in both of these spaces throughout the year. Families also complete a school climate survey once a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Teachers and Staff	Teachers and staff have multiple avenues for being engaged in the governance of the school. As for parents, the first avenue is participation in Site Based Council (SBC), which includes parents and staff who are elected to represent on this governing body. The responsibility of SBC is to: provide guidance and direction to the principal on the goals of the school, the methods to reach these goals, budgetary priorities, the LCAP, and student outcomes. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were also reviewed regularly during PD sessions throughout the year. Additionally, the draft LCAP is made available for input via written comment before board approval in June. Teachers and staff also complete multiple surveys annually, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Students	CNCA 4 is dedicated to providing opportunities for student voice in the LCAP process. For students, there are two primary avenues: the

	annual student survey and the Site-Based Council (SBC). Additionally, the draft LCAP is made available for input via written comment before board approval in June. While we do not elect SBC student representatives due to our grade span, SBC meetings are open to all, and students are welcome and encouraged to attend, to make public comment, and to connect with representatives prior to the meeting to share their concerns. In order to ensure that the voice of all students is heard, however, students complete a school climate survey twice a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Principals and Administrators	Principal and administrators are actively involved in the LCAP process, reviewing and providing data for the mid-year update, helping directly craft goals, actions, and goal analysis, and presenting information to the educational partners as described above.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Teachers appreciated the school's investment in new, more effective literacy curriculum, a continued priority in Goal 2, Action 1 and Goal 3, Action 1.

Teachers also valued the literacy coach and intervention teacher, investments in Goal 3, Action 3.

Students and families expressed appreciation for the school's sports programming and student special events, a continued investment as part of Goal 1, Action 3.

Parents and students also appreciated the instructional approaches of their teachers, supported by Goal 2, Action 2 and Goal 3, Action 2.

Students also expressed gratitude for the campus aides, a continued investment in Goal 1, Action 3.

Students and families also emphasized the impact of elective programming, a continued priority in Goal 2, Action 1.

State priorities addressed by this goal.

1, 3, 5, 6

An explanation of why the LEA has developed this goal.

Our current historical context is characterized by divisiveness, disconnection, loneliness, and fear. Education feels this viscerally. Rates of depression and anxiety among youth have never been higher. We must be deliberate in building cultures of connection and belonging with and among our communities.

While 2024 absenteeism rates have declined, they remain above historical levels, and students' sense of connectedness to school remains remarkably low.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, our actions have been somewhat effective in making progress toward our goal. Action 1, Effective Operations Management, has allowed us to maintain a 0% dropout rate and continued to nurture our parent engagement.

Action 2, Safe and Compliant Facility, has allowed us to maintain a "Good" FIT Score and help contribute towards the sense of safety held by families.

Action 3, Student & Family Supports for Strong Community, has shown inconsistent progress in supporting our attendance rate, chronic absenteeism, and suspension rate, none of which improved this year. CNCA4 did see increases in climate survey results, however, with parents significantly more satisfied with safety and belonging, paired with a smaller increase for students. While CNCA4 has not yet achieved the desired improvement in attendance and absenteeism, we are continuing to invest in comprehensive approaches and critical supports for students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are currently no significant changes planned; however, school leadership is exploring additional strategic investments to support this goal.

1	Effective Operations Management	Investments in essential school operations staff, communication, health initiatives, compliance, and core supplies contribute to a healthy, connected, and equitable learning environment.	$626,010.00	No
2	Safe and Compliant Facility	We will continue investments to maintain a safe and compliant facility, including rent, utilities, housekeeping, furniture, pest control, landscaping, fire safety, accessibility, and parking.	$542,543.00	No
3	Student & Family Supports for Strong Community	LREBG Action This spending action invests in personnel, programs, and resources to cultivate a welcoming and inclusive school environment. Staff positions like the Student & Family Services Coordinator, registrar, and additional office assistants provide direct programming, additional supervision, stronger communication, social-emotional support and positive role models. Programs like family events, student incentives, and student celebrations foster a sense of community and belonging. Additional resources like student uniforms, security, and data software contribute to a safe and supportive learning atmosphere. This action was developed in part to address the Red identification of ELs, Hispanic students, SWD, and SED students for Chronic Absenteeism on the 2023 Dashboard. This action is partly supported through Title IV funds. In order to help address continuing high absenteeism rates for ELs, SWD, and Homeless students, LREBG funds will go towards the cost of evidence-based mental health services, a well-established barrier to learning and a contributor to absenteeism rates for many of our students.	$353,897.00	Yes

State priorities addressed by this goal.

1, 2, 6, 7

An explanation of why the LEA has developed this goal.

There is a mass exodus of educators from the profession. Just as with students and families, we must be deliberate in building cultures of connection and belonging, as well as providing appropriate resources and support to ensure that every student has what they need to succeed.

Teachers and students continue to emphasize the need to work to retain high-quality staff, and how important these relationships are to student success.

Overall, the actions supporting Goal 2 were very effective. Action 1, Standards-Aligned Materials, allowed us to maintain 100% student access to standards-aligned instructional materials, and CNCA was able to maintain its Standards Implementation of 4 - Full Implementation in both History and Science. ELD implementation, both Designated and Integrated, remained at 100%, and all students were able to access a Broad Course of Study.

Action 2, High Quality Teachers and Leadership, further supported these results. Additionally, this action supported CNCA in meeting all teacher credentialing requirements, while maintaining improved teacher and staff sense of safety and connectedness.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Standards-Aligned Instructional Materials	LREBG Action Strategic allocation towards standards-aligned instructional materials encompasses core curriculum resources, enrichment program materials, essential teacher supplies, and printing expenses for student materials. This investment ensures all students have access to high-quality, current resources that directly align with academic standards, fostering a well-rounded and effective learning environment.	$0.00	No

		This action is partly supported through Title IV funds. LREBG funds will be used to fund i-Ready software, high-quality curriculum, and books for classroom libraries. Large-scale, Every Student Succeeds Act (ESSA)-aligned efficacy studies demonstrate that utilizing i-Ready's personalized instruction as intended leads to roughly 40% greater academic growth in reading and mathematics, particularly for striving learners, by leveraging computer-assisted adaptive logic to pinpoint and remediate micro-skill deficits (Curriculum Associates, 2026). However, because digital intervention is most effective when paired with best-practice classroom instruction, pairing this software with a rigorous, high-quality core curriculum ensures that daily tier-one teaching remains standards-aligned, coherent, and equitable across all grade levels (Johns, 2024). Finally, investing in physical books to build robust classroom libraries directly addresses the resource barriers that fuel the "word gap," dramatically increasing daily independent reading volume, cultivating text-rich environments, and accelerating vocabulary acquisition and reading fluency (Krashen, 2004; Wright, 2019). Metrics being used to monitor this action: 2.3 and 3.1-3.5, 3.8, and 3.9 LREBG Funds supporting this action: $33,841.25 in the 26-27 school year		
2	High-Quality Teachers and School Leadership	Our investments prioritize fostering a talented and dedicated faculty. This encompasses expenses related to attracting and retaining qualified educators through competitive salaries, hiring costs, and appreciation initiatives. These efforts include the Avance Teacher Residency Program, Emerging Leaders, and the CAO Cadre. Additionally, funding supports effective classroom instruction and a positive learning environment by providing substitute coverage for absences and allocating resources for core classroom teachers and the school principal. This action is partially funded by Student Support and Professional Development Discretionary Block Grant (SSPDBG), Title I, Title II, and Title IV funds.	$2,482,357.98	No

4, 8

An explanation of why the LEA has developed this goal.

To engage our students we must approach our work with an inclusive, ethnic studies and trauma-informed lens based in the belief that every single child can succeed and deserve the highest quality experience in our schools.

While 2024 results showed strong improvement, there is much work remaining to be done to close gaps between subgroups and bring overall performance up to the academic standard.

Goal Analysis for 2025-2026

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

There were no substantive differences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

These actions were generally effective, although progress lagged in certain areas.

Action 1, Differentiated Instructional Supports; Action 2, Professional Development; and Action 3, Instructional Leadership and Support Staffing; contributed to improved overall student achievement on CAASPP in mathematics and maintained progress in ELA.

Action 4, the ELD Dual Language Program, supported the progress of ELs in CAASPP mathematics. While ELPI progress declined to 34.4%, EL reclassification rates improved to 14.7%.

Action 5, the Special Education Program, showed solid results. The program was both effective in ensuring all required services were provided, and academic results for SWD improved in ELA, mathematics, and science.

Action 6, Strong After-School Program, helped to reinforce all of the progress described above, as it reinforced this work beyond the school day for many of our students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are currently no significant changes planned; however, school leadership is exploring additional strategic investments to support this goal.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Differentiated Instructional Supports	LREBG Action Investment in this area ensures academic success for all students, with a particular focus on low-income students, English Learners, and foster youth. This includes resources like targeted curriculum materials, intervention programs (materials and software), student workbooks and supplies, culturally diverse books, academic technology expenses, and academic enrichment experiences (field trips, book fairs). These investments allow teachers to tailor instruction to individual needs and learning styles, promoting an equitable and inclusive learning environment where all students can thrive. This action is partially funded with Title I funds. This goal was developed in part to address the Red identification of English Learners and SWD for Math CAASPP performance, as well as the Red identification of English Learners for ELA CAASPP performance on the 2023 Dashboard. LREBG funds will be used to provide evidence-based adaptive curriculum software and data analysis tools to support intervention. These tools provide evidence-based learning supports to close learning gaps. Metrics being used to monitor this action: Metrics 3.1 - 3.9 LREBG funds supporting this action: $12,971.91	$175,864.00	Yes
2	Professional Development	This includes investments in external professional development, coaching, and professional development support from HSO staff. The focus of all professional development is supporting actions that will lead to strong academic achievement for all students, with specific emphasis on meeting the needs of low-income students and English Learners. This action is partially funded with SSPDBG and Title III funds. This goal was developed in part to address the Red identification of English Learners and SWD for Math CAASPP performance, as well as the Red identification of English Learners for ELA CAASPP performance on the 2023 Dashboard.	$914,297.00	Yes
3	Instructional Leadership and Support Staffing	LREBG Action We invest in additional staffing positions (both leadership and direct services) to ensure the academic needs of our low-income students, foster youth, and English Learners are met in every classroom. This includes the work of our assistant principals, our investments in teacher assistants, intervention teachers, and HSO leadership support. This goal was developed in part to address the Red identification of English Learners and SWD for Math CAASPP performance, as well as the Red identification of English Learners for ELA	$690,495.00	Yes

		CAASPP performance on the 2023 Dashboard. This action is partially supported through SSPDBG funds. LREBG funds will provide an additional teacher assistant. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment. Metrics being used to monitor this action: Metrics 3.1 - 3.9 LREBG funds supporting this action: $44,775.04		
4	ELD Program	We invest in the growth and success of our English Learners, including the unique needs of our Long-Term English Learners, by ensuring professional development for staff in integrated and designated ELD, strong EL curriculum and a Director of Biliteracy. This goal was developed in part to address the Red identification of English Learners for Math CAASPP performance, as well as the Red identification of English Learners for ELA CAASPP performance on the 2023 Dashboard. This action is partially supported by Title III funds.	$25,807.78	Yes
5	Special Education Program	Expenses in this action ensure that all required staffing, services, assessment, and reporting is in place for our students with disabilities, as well as essential professional development. This goal was developed in part to address the Red identification of SWD for Math CAASPP performance on the 2023 Dashboard. This action is partially supported through SSPDBG funds.	$1,671,601.00	No
6	Strong After-School Program	Our after-school program provides a safe and engaging space to extend learning and build connections beyond the school day. Expenses for food, equipment, transportation (buses), enrichment programs, facility rentals, and staff training ensure a well-rounded program. This fosters a healthy, connected, and equitable school culture by providing access to nutritious meals, diverse activities, and positive adult role models.	$1,222,062.00	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1, Action 3	2022-23 Rates of Chronic Absenteeism for ELs increased by 5.6%, in contrast to the already concerning schoolwide increase of 1.5%, putting both groups at a 43% absenteeism rate. Meanwhile, performance for socioeconomically disadvantaged students closely parallels the school-wide rates (as to be expected, given the high percentage of the student body in this category). We have seen the challenges that our low-income students face demonstrated on our student climate survey: less than 50% of students reported feeling safe at school. For our middle school students, only 38% reported a sense of school belonging. While this data is not disaggregated by subgroup, additional qualitative assessment has demonstrated that our low-income students and English Learners are particularly impacted. 2023-24 The disparate rate of absenteeism for LTELs vs ELs shows the impact of different strategies for different student populations. Similarly, Homeless students have an extraordinarily high absenteeism rate of 60.5% and need additional targeted interventions. 2024-25 Chronic absenteeism for ELs improved to 25.4%, below the schoolwide rate of 31.9%. SED absenteeism grew to 32.9%, higher than the schoolwide rate.	This action commits to an increased focus on efforts to support students' connection to school, support mental health, and provide opportunities for connection and positive relationships at school, while continuing to promote strong attendance. Our trauma-informed approach is designed with the needs of our low-income, foster youth, and English Learners in mind, although we believe this approach is appropriate and effective for all students. Additionally, the supervision and relationships provided by our campus aides will continue to strengthen a stronger sense of both physical and psychological safety.	Attendance, Chronic Absenteeism, Student Climate Survey results, suspension rates.
Goal 3, Action 1 Goal 3, Action 2 Goal 3, Action 3 Goal 3, Action 6	2022-23 We have seen a decline or stagnation in CAASPP performance for our low-income students in English Language-Arts and mathematics in the past year, as discussed in our annual update and reflection. As low-income students make up 94% of our student population, this data closely parallels the school-wide data, and necessitates a school-wide response. Additionally, English Learners are currently	Action 1 ensures that low-income students and English Learners are provided with materials and interventions that meet their unique needs as learners, helping to address gaps in learning that may have occurred in previous years. By providing interventions, adaptive software, manipulatives, and other resources, we can ensure these students have what they need to succeed. This action also ensures that all of our students have access to appropriate academic technology, implemented in a classroom environment with a focus on learning and facility with the tools required for success on ELPAC and CAASPP.	CAASPP performance in English Language Arts and mathematics, CAST performance, and growth on internal state-verified data assessments in reading and math.

lagging behind school-wide performance on every academic metric:
- CAASPP English Language Arts: 28 point difference by DFS, 26% difference by % meets/exceeds
- CAASPP Mathematics: 13 point difference by DFS, 10% difference by % meets/exceeds
- CAST: 15% difference by % meets/exceeds

LTEL performance lags even farther behind, with 0% of these students demonstrating proficiency on CAASPP Mathematics, and 6% demonstrating mastery in ELA.

In consultation with our educational partners, as well as continued review of educational research, a number of factors are contributing to this gap:
- English Learners need additional supports and strategies implemented through Integrated ELD to help them continue to develop proficiency in English and acquire content knowledge
- Low-income students may lack access to a print-rich environment at home, as well as support with academic vocabulary in English and supplementary educational resources
- Targeted small-group instruction is key to meeting the varied needs of our low-income students and English Learners, requiring additional teaching expertise and staffing
- The CAASPP and ELPAC are both administered online in English, requiring proficiency with technology that many students, particularly our low-income students and English Learners, lack exposure to

2023-24
While results improved for CAASPP Math, EL performance and LTEL performance lagged significantly behind the schoolwide performance, despite increasing. Similarly, Homeless students increased by remained dramatically under the schoolwide DFS average. Schoolwide, SED students remained well below the state average in both ELA and math.

2024-25
- CAASPP ELA Performance: EL and LTEL performance remained well below schoolwide performance; SED performance declined slightly.
- CAASPP Math Performance: EL and LTEL

Action 2 ensures that educators are equipped with the most up-to-date instructional strategies to ensure effectiveness in the classroom, including trauma-informed approaches, strategic scaffolding, and appropriate designated ELD techniques.

Action 3 ensures that there is appropriate staffing for effective interventions. Instructional leadership monitors and supports successful classrooms, while additional support roles like our instructional aides and instructional coach ensure that small group interventions and other effective differentiation take place.

Action 6 ensures continued investment in a robust after-school program ensures additional supports for all students, but particularly meets the needs of low-income students, English Learners and foster families who may be less equipped to provide enrichment opportunities in English outside of the school day. While the bulk of the program is funded through ELO-P, any additional expenses will be covered by the school's LCFF funding.

	performance remained well below schoolwide achievement; LTEL performance declined. SED performance improved, but more slowly than the overall rate.		

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #(s)	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
Goal 3, Action 4	2022-23 While our ELPI has increased over the past year, our EL reclassification rate has decreased to 11.3%, showing that our students still need significant support to be ready to successfully reclassify. As discussed in the actions above, we continue to see the performance of English Learners lag somewhat behind schoolwide performance. 2023-24 Despite growth in EL performance in math, ELPI and reclassification rates declined slightly, along with a decrease in CAASPP ELA performance. The continued need for investment in this area is clear, particularly in language acquisition for LTELs, who lagged behind the schoolwide rate in ELPAC progress. 2024-25 ELPI decreased to 34.4%, while the EL reclassification rate improved to 14.7%.	Our ELD program is focused on meeting the comprehensive needs of our English Learners, both through direct services, as well as professional development and additional staffing to help ensure everyone is equipped and supported to help our EL students succeed.	ELPI and EL reclassification rate, as well as EL subgroup process on all other metrics.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding allows us to fund direct services to students through our Teacher Assistants and Campus Aides.

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA

engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection

    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

- The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each

student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

- These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
  - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).
  - School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
  - As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
  - LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
    - Identify the action as an LREBG action;
    - Include an explanation of how research supports the selected action;
    - Identify the metric(s) being used to monitor the impact of the action; and
    - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to

replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

School Year: 2026-27
LEA contact information: Maria Duarte, Principal, 213-736-5542 Maria.Duarte@caminonuevo.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

LCFF Budget Overview for Parents

This chart shows the total general purpose revenue Camino Nuevo Charter Academy #2 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Camino Nuevo Charter Academy #2 is $15,482,744.08, of which $10,573,371.43 is Local Control Funding Formula (LCFF), $2,528,872.37 is other state funds, $1,066,812.40 is local funds, and $1,313,687.88 is federal funds. Of the $10,573,371.43 in LCFF Funds, $2,927,950.24 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Camino Nuevo Charter Academy #2 plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

LCFF Budget Overview for Parents

The text description of the above chart is as follows: Camino Nuevo Charter Academy #2 plans to spend $15,083,350.79 for the 2026-27 school year. Of that amount, $13,464,151.30 is tied to actions/services in the LCAP and $1,619,199.49 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

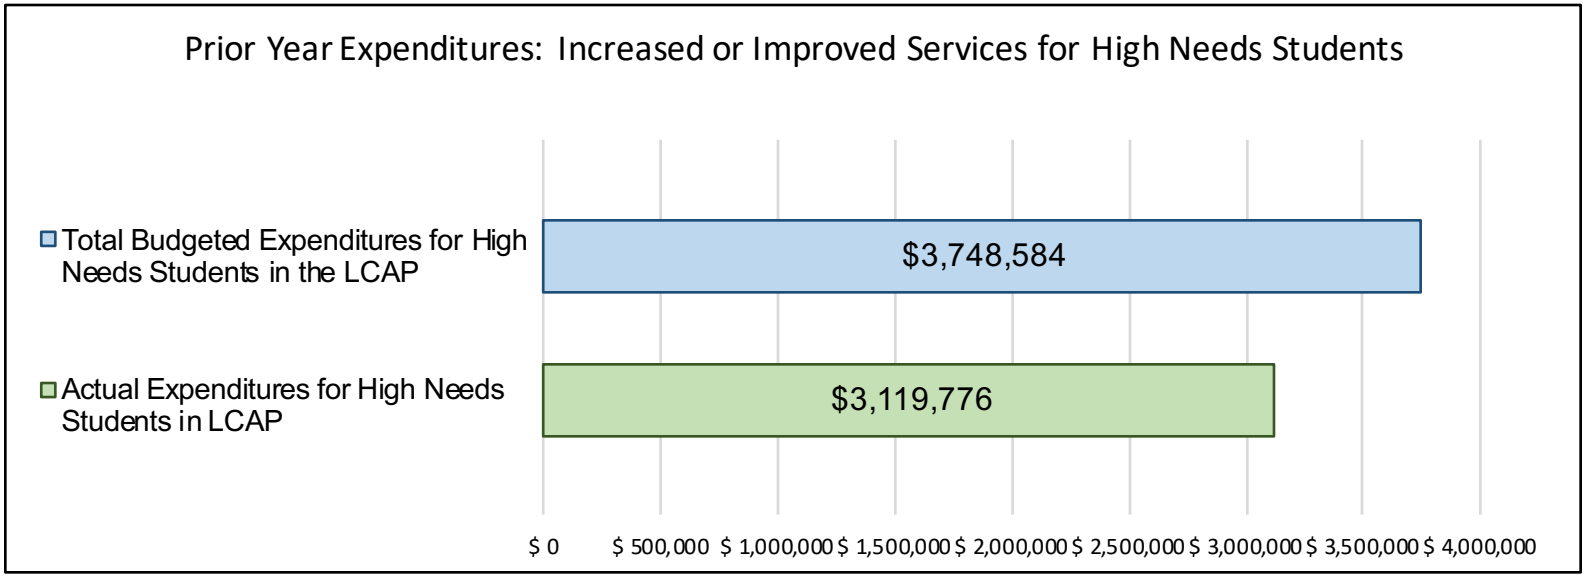

Expenses that may not be captured within the LCAP are mainly attributable to auxiliary services and costs that are not associated with the educational program. Larger expenses not mentioned include, benefits, district oversight fee, general insurance, other fees and services, depreciation and auxiliary salaries. In addition, some expenses included within are also capitalized assets and will not be recognized until later years.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

Plan Summary 2026-2027

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Camino Nuevo Charter Academy #2 (CNCA2) is part of the Camino Nuevo Charter Academy network of schools. Camino Nuevo Charter Academy educates students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

CNCA2 serves 711 students in grades TK-8, of which 46.4% are English Learners (EL), and 17.3% are students with disabilities (SWD). 94.8% of our students are socioeconomically disadvantaged, and 1.5% are homeless.

Since opening in 2010, our school has won many awards for improving educational outcomes for children in Koreatown, MacArthur Park, and other surrounding neighborhoods in Los Angeles. The list of awards includes the Grazer Outstanding Achievement in Learning (GOAL) Award, the California Association of Bilingual Education Seal of Excellence Award, and the Bright Spot Award from the White House. These honors reflect our commitment to educating a diverse population, particularly English language learners and students with special needs.

Our team is driven by these core values: inclusion, integrity, kindness, perseverance, responsibility and respect. Together, we strive to develop every child’s full potential so that they can succeed in a college-preparatory high school and feel empowered to create positive change in their communities.

Camino Nuevo Charter Academy was founded in 1999 by Pueblo Nuevo Development, a nonprofit community development corporation in the MacArthur Park neighborhood west of downtown Los Angeles. The first campus opened its doors to students in August 2000. Most of the residents are immigrants from Mexico and Central America. The majority of CNCA’s students reside in historically underserved neighborhoods of Los Angeles such as Westlake/MacArthur Park, Pico/Union, Koreatown, and the West Adams/Byzantine Latino Quarter.

In acknowledgment of CNCA's commitment to the community schools model, the network was recently awarded $7.125 million in grant funds from the California Department of Education’s Community Schools Partnership Program. This funding will further accelerate and formalize the community schools approach that allows CNCA to serve as a hub of transformation for historically marginalized communities.

CNCA2 is not eligible for Equity Multiplier funding. As a Title I School-Wide Program, CNCA2 uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document and meeting the educational partner engagement requirements as they apply to charter schools.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the 2025 California School Dashboard shows a small increase in Chronic Absenteeism (Red), improvement in Suspension Rate (Green), a decline in English Learner Progress (Orange), strong progress in English Language Arts (Yellow), and more limited progress in Mathematics (Orange).

Absenteeism increased by 0.4 points to 27.7% chronically absentee school-wide, above the state average. Hispanic student performance paralleled the schoolwide rate, with 27.2% of students chronically absent, classified in the Red Performance Level. SED student absenteeism was similar at 27.3%, classified in the Orange Performance Level, as were Students with Disabilities (SWD) at 32.1%. All three groups declined less than 1 full point. English Learner absenteeism declined a more substantial 3.6 points to 29.7% absentee. Long-Term English Learners (LTELs) had a lower absenteeism rate of 18.4%, showing a 0.6 point decline. Both groups were in the Yellow Performance Level. All subgroups had higher absenteeism rates than the state average except for LTELs.

The schoolwide suspension rate declined by 0.3 points to 1.8%, remaining below the state average. The EL suspension rate declined by 0.5 points to 1.2% and was classified Green, as was the Hispanic student suspension rate, which paralleled the schoolwide rate. The SED student suspension rate was also 1.8%, a decline of 0.2 points, in the Yellow Performance Level. The suspension rate increased for SWD by 1.8 points to 3.8%, below the state average but in the Orange Performance Level. LTELs also saw an increase of 0.9 points to 7.7%, classified in the Red Performance Level.

Climate survey results for students remained largely static, with 46% of elementary students and 55% of middle school students saying they feel safe at school, and 46% of elementary students and 32% of middle school students saying they feel a sense of belonging at school. Family satisfaction improved, however, with 90% of parents satisfied with school safety and 85% feeling a sense of belonging.

English Learner Progress declined by 7.3 points to 41.3% making progress; however, progress for LTELs improved dramatically, increasing by 19.2 points to 69.2% making progress. The EL reclassification rate also declined to 11.2%.

English Language Arts (ELA) achievement increased by 17 points to -52.6 Distance From Standard (DFS). Performance for Hispanic and SED students closely paralleled the schoolwide performance. EL performance increased by 20.2 points to -76.7 DFS, and LTEL performance saw an even more dramatic increase of 35.5 points to -90.4 DFS, above the state average. Both were classified in the Orange Performance Level. SWD also saw strong growth, improving by 22.7 points to -106.6 DFS. CNCA2's ELA growth was classified as "Accelerated," the second highest tier.

Mathematics performance increased by 2.9 points to -90.9 DFS, below the state average. Hispanic students increased by 3.5 points to -91.9 DFS, achieving the Yellow Performance Level. SED students increased by 1.9 points to -90.9 DFS, in the Orange Performance Level. SWD performance increased by 2.9 points to -143.4 DFS, in the Red Performance Level. EL performance remained fairly static at -105.5 DFS, also Red. LTELs saw a dramatic 51.2 point increase to -139.2 DFS, above the state average and in the Orange Performance Level. CNCA2's Math growth was classified as "Average."

The following items were identified as Red on the 2023 Dashboard and remain an area of focus in the 25-26 LCAP as described below:
- CAASPP ELA performance for English Learners (remains Red): Addressed through Goal 3, Actions 1-4
- CAASPP Math performance for English Learners (remains Red: Addressed through Goal 3, Actions 1-4
- Hispanic students for Chronic Absenteeism (now Yellow): Addressed through Goal 1, Action 3

CNCA2 has $397,236.88 in unexpended Learning Recovery Emergency Block Grant (LREBG) funding which will be spent in the 2026-27 school year. Funds will be spent in part towards Goal 1, Action 3, which will go towards the cost of evidence-based mental health services, a well-established barrier to learning and a contributor to absenteeism rates for many of our students. This intervention should support school attendance, the first step towards academic progress for many of these students.

LREBG funds will also provide additional support for academic success through Goal 2, Action 2 and Goal 3, Action 3. These funds support a full-time literacy coach, additional TAs and an intervention teacher. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Extensive empirical research demonstrates that teacher training and targeted professional development explain the largest variance in student reading achievement, which a literacy coach can provide. Research has also shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment.

Similarly, academic intervention teachers, often working with small groups or individual students, can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes.

CNCA2 is also using Student Support and Professional Development Block Grant (SSPDBG) funds to help support Goal 2, Action 1 and Goal 3, Action 4.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents (including parents of low-income students, English Learners, and Students with Disabilities)	CNCA 2's goal is to create the strongest possible partnership between home and school in order to increase student achievement and success. Parents are our most important partners on the road to student success. We strongly believe that students will find greater levels of academic success when their home and school share similar values about learning, develop positive relations, and when they work together to build strong partnerships. We encourage our parents to become involved as leaders through several committees: ELAC, Site Based Council (SBC) and our Advocacy Council. Site-Based Council (SBC) is a group of parents, teachers, and school staff who meet regularly to discuss school issues and provide suggestions to the school principal, including direct formal input on the LCAP. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. SBC Parent Representatives benefit from targeted trainings that not only support their own professional growth but empower them to advocate for high quality education for the benefit of their children and for the community as well. As a Title I School-Wide Program, CNCA 2 now uses the LCAP as its SPSA, accounting for both LCFF and Title spending priorities within one planning document. In addition to input at meetings throughout the year where progress on metrics were discussed, the final draft of the LCAP was presented at a public meeting of the SBC, which included the Parent Advisory Committee, in June for review and approval before going to the Board of Directors. Additionally, regular Cafecitos (less formal monthly updates with the principal and team about relevant topics for all families) provide a consistent space for updates, input, and dialogue about topics related to LCAP. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were reviewed in both of these spaces throughout the year. Families also complete a school climate survey once a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Teachers and Staff	Teachers and staff have multiple avenues for being engaged in the governance of the school. As for parents, the first avenue is participation in Site Based Council (SBC), which includes parents and staff who are elected to represent on this governing body. The responsibility of SBC is to: provide guidance and direction to the principal on the goals of the school, the methods to reach these goals, budgetary priorities, the LCAP, and student outcomes. Each year, members of the SBC are elected by their peers and they serve on the SBC until the next year's elections are held. Meetings are open to the public and community members may participate by making public comments or by connecting with their elected representative prior to the meeting. Progress towards LCAP goals, as well as proposed goals, actions, and metrics for this year's LCAP were also reviewed regularly during PD sessions throughout the year. Additionally, the draft LCAP is made available for input via written comment before board approval in June. Teachers and staff also complete multiple surveys annually, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Students	CNCA 2 is dedicated to providing opportunities for student voice in the LCAP process. For students, there are two primary avenues: the

	annual student survey and the Site-Based Council (SBC). Additionally, the draft LCAP is made available for input via written comment before board approval in June. While we do not elect SBC student representatives due to our grade span, SBC meetings are open to all, and students are welcome and encouraged to attend, to make public comment, and to connect with representatives prior to the meeting to share their concerns. In order to ensure that the voice of all students is heard, however, students complete a school climate survey twice a year, providing data for key LCAP metrics as well as input on school progress and priorities. All educational partners are also encouraged to attend bi-monthly Board Meetings. The Board Meetings are held after school at a CNCA campus and there are opportunities for public comment and staff comment throughout the meeting.
Principals and Administrators	Principal and administrators are actively involved in the LCAP process, reviewing and providing data for the mid-year update, helping directly craft goals, actions, and goal analysis, and presenting information to the educational partners as described above.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Parents suggested that the school develop a plan to engage parents in more volunteer opportunities, including morning valet, classroom support, classroom projects, etc. These efforts are supported through Goal 1, Action 3.

Students expressed appreciation for the support staff beyond the classroom, including therapists and campus aides. These priorities continue to be funded as part of Goal 1, Action 3.

Parents and students emphasized the importance of classroom teachers and support for their work, a focus of Goal 2, Action 2.

Teachers emphasized the importance of professional development and instructional coaching, a continued focus of Goal 3, Action 2.

Teachers and parents expressed appreciation for an increased emphasis on Ethnic Studies and cultural awareness, a continued area of focus in Goal 2, Action 1 and Goal 1, Action 3.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Bridging Towards Belonging - Engaged School Community: We intentionally create school culture defined by connection and knowledge-building of one another, our students, and the families we serve. Together, we ensure that students are part of a safe and welcoming learning environment that meets their needs.	Broad Goal

State priorities addressed by this goal.

1, 3, 5, 6

An explanation of why the LEA has developed this goal.

Our current historical context is characterized by divisiveness, disconnection, loneliness, and fear. Education feels this viscerally. Rates of depression and anxiety among youth have never been higher. We must be deliberate in building cultures of connection and belonging with and among our communities.

2024 data shows that students rates of connection and safety remain low, even as other engagement measures begin to rebound.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions for this goal were fairly effective in making progress towards our goal, although significant gaps remain.

Action 1, Effective Operations Management, has allowed CNCA2 to maintain a 0% dropout rate, as well as maintain improvement in attendance and absenteeism and sustain parent engagement.

Action 2, Safe and Compliant Facility, has allowed us to maintain a "Good" FIT score and supported the increased sense of safety from parents and middle school students.

Action 3, Student & Family Supports for Strong Community, has been the primary driver of our improvements in attendance, absenteeism, and suspension rate. Student climate survey results are a continued challenge, as is the rate of improvement for absenteeism, but our educational partners agree that sustaining our comprehensive approach best meets the needs of our community.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no significant changes planned.

3	Student & Family Supports for Strong Community	LREBG Action This spending action invests in personnel, programs, and resources to cultivate a welcoming and inclusive school environment. Staff positions like the Student & Family Services Coordinator provide direct programming, stronger communication, social-emotional support and positive role models. Programs like family events, student incentives, and student celebrations foster a sense of community and belonging. Additional resources like student uniforms, security, and data software contribute to a safe and supportive learning atmosphere. This goal was developed in part to address the Red identification for Hispanic students for Chronic Absenteeism on the 2023 Dashboard. This action is partially supported by Title IV funds. In order to help address increased absenteeism rates for ELs, SWD, and Homeless students, LREBG funds will go towards the cost of evidence-based mental health services, a well-established barrier to learning and a contributor to absenteeism rates for many of our students. State priorities addressed by this goal.

1, 2, 6, 7

An explanation of why the LEA has developed this goal.

There is a mass exodus of educators from the profession. Just as with students and families, we must be deliberate in building cultures of connection and belonging, as well as providing appropriate resources and support to ensure that every student has what they need to succeed.

2024 data shows that a slim majority of teachers and staff view the school climate positively, and educational partner feedback continually emphasizes the importance of teacher retention.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, the actions supporting Goal 2 were very effective. Action 1, Standards-Aligned Materials, allowed us to maintain 100% student access to standards-aligned instructional materials, and CNCA2 was able to maintain its Standards Implementation of 4 - Full Implementation in both History and Science. ELD implementation, both Designated and Integrated, remained at 100%, and all students were able to access a Broad Course of Study.

Action 2, High Quality Teachers and Leadership, further supported these results. Additionally, this action supported CNCA in meeting all teacher credentialing requirements, while maintaining improved teacher and leadership sense of safety and connectedness.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Standards-Aligned Instructional Materials	Strategic allocation towards standards-aligned instructional materials encompasses core curriculum resources, enrichment program materials, essential teacher supplies, and printing expenses for student materials. This investment ensures all students have access to high-quality, current resources that directly align with academic standards, fostering a well-rounded and effective learning environment. This action is partially supported by Student Support and Professional Development Discretionary Block Grant (SSPDBG) and Title IV funds.	$106,628.00	No

2	High-Quality Teachers and School Leadership	LREBG Action Our investments prioritize fostering a talented and dedicated faculty. This encompasses expenses related to attracting and retaining qualified educators through competitive salaries, hiring costs, and appreciation initiatives. These efforts include the Avance Teacher Residency Program, Emerging Leaders, and the CAO Cadre. Additionally, funding supports effective classroom instruction and a positive learning environment by providing substitute coverage for absences and allocating resources for core classroom teachers and the school principal. LREBG funds will be used to invest in a full-time literacy coach. Extensive empirical research demonstrates that teacher training and targeted professional development explain the largest variance in student reading achievement, even when controlling for socioeconomic factors (Al Otaiba et al., 2008). Rather than removing students from the room, an instructional coach works directly with teachers—collaborating on data analysis, modeling lessons, and structuring explicit classroom interventions (Al Otaiba et al., 2008; White-Wallace, n.d.). This directly targets foundational "instructional barriers," providing teachers with the specialized expertise needed to implement heavy-duty, evidence-based methods like the Science of Reading (Brieske-Ulenski & Kelley, 2021). Furthermore, robust implementation of a literacy coaching model has been shown to significantly accelerate first- through third-grade reading achievement growth and elevate student writing gains (Ferguson, n.d.; O'Neil-Brown, 2018). By elevating teacher self-efficacy and ensuring consistent, data-driven reading instruction, a dedicated literacy coach stabilizes early intervention efforts and drives long-term academic progress across all developmental benchmarks from transitional kindergarten through middle school. Metrics being used to monitor this action: Metrics 3.1, 3.2, 3.3, 3.4, 3.8, and 3.9 LREBG Funds supporting this action: $90,920.56 in the 26-27 school year This action is partially funded with Title I, Title II, and Title IV funding.	$3,745,061.59	No

An explanation of why the LEA has developed this goal.

To engage our students we must approach our work with an inclusive, ethnic studies and trauma-informed lens based in the belief that every single child can succeed and deserve the highest quality experience in our schools.

2024 academic data shows the continued urgency of this priority; while there were some proficiency increases in math, performance has declined in most areas.

There were no substantive differences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

These actions were generally effective, although progress lagged in certain areas.

Action 1, Differentiated Instructional Supports; Action 2, Professional Development; and Action 3, Instructional Leadership and Support Staffing; contributed to improved student achievement on CAASPP in both ELA and mathematics, as well CAST performance.

Action 4, the ELD Program, supported the incremental progress of ELs in CAASPP ELA and mathematics, along with dramatic increases for LTELs in both subjects. Simultaneously, ELPI progress and EL reclassification rates also declined slightly.

Action 5, the Special Education Program, also had strong results. The program was effective in ensuring all required services were provided and supported improved academic results for SWD across the board.

Action 6, Strong After-School Program, helped to reinforce all of the progress described above, as it reinforced this work beyond the school day for many of our students.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Differentiated Instructional Supports	Investment in this area ensures academic success for all students, with a particular focus on low-income students, English Learners, and foster youth. This includes resources like targeted curriculum materials, intervention programs (materials and software), student workbooks and supplies, culturally diverse books, academic technology expenses, and academic enrichment experiences (field trips, book fairs). These investments allow teachers to tailor instruction to individual needs and learning styles, promoting an equitable and inclusive learning environment where all students can thrive. This goal was developed in part to support the Red designation for English Learners for CAASPP ELA and Math performance on the 2023 Dashboard.	$375,591.00	Yes
2	Professional Development	This includes investments in external professional development, coaching, and professional development support from HSO staff. The focus of all professional development is supporting actions that will lead to strong academic achievement for all students, with specific emphasis on meeting the needs of low-income students and English Learners. This action is partially funded with Title II funding. This goal was developed in part to support the Red designation for English Learners for CAASPP ELA and Math performance on the 2023 Dashboard.	$1,547,251.00	Yes
3	Instructional Leadership and Support Staffing	LREBG Action We invest in additional staffing positions (both leadership and direct services) to ensure the academic needs of our low-income students, foster youth, and English Learners are met in every classroom. This includes the work of our assistant principals, our investments in teacher assistants, intervention teachers, and HSO leadership support. This goal was developed in part to support the Red designation for English Learners for CAASPP ELA and Math performance on the 2023 Dashboard. LREBG funds will be used to provide three additional teacher assistants and a full-time intervention teacher. This is an allowable use of funds which both improves staff-pupil ratios and provides evidence-based learning supports to close learning gaps. Research has shown that trained TAs who deliver targeted interventions, especially in literacy, can lead to positive gains in student attainment. Similarly, academic intervention teachers, often working with small groups or individual students, can address specific learning gaps and provide additional instructional time outside the regular classroom. These roles allow for differentiated instruction and focused remediation, which are critical for students who may be falling behind, ultimately contributing to improved academic outcomes. Metric being used to monitor the action: 3.1 - 3.9 LREBG Funds supporting this action: $159,789.10 in the 26-27 school year	$1,020,039.00	Yes

4	ELD Program	We invest in the growth and success of our English Learners, including the unique needs of our Long-Term English Learners (LTELs) by ensuring professional development for staff in integrated and designated ELD, strong EL curriculum, a Director of Biliteracy, and a Literacy Specialist focused on TK-2 foundational literacy. This action is partially funded with Title III and SSPDBG funding. This goal was developed in part to support the Red designation for English Learners for CAASPP ELA and Math performance on the 2023 Dashboard.	$128,246.68	Yes
5	Special Education Program	Expenses in this action ensure that all required staffing, services, assessment, and reporting is in place for our students with disabilities, as well as essential professional development.	$2,858,922.00	No
6	Strong After-School Program	Our after-school program provides a safe and engaging space to extend learning and build connections beyond the school day. Expenses for food, equipment, transportation (buses), enrichment programs, facility rentals, and staff training ensure a well-rounded program. This fosters a healthy, connected, and equitable school culture by providing access to nutritious meals, diverse activities, and positive adult role models.	$1,758,206.00	Yes

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1, Action 3	2022-23 Rates of Chronic Absenteeism for ELs significantly exceed the already elevated school-wide rate: 45% vs. 37%. While performance for socioeconomically disadvantaged students closely parallels the school-wide rates (as to be expected, given the high percentage of the student body in this category), this group declined slightly faster (by 0.3%) but still had a slightly higher absenteeism rate of 37.3%. We have seen the challenges that our low-income students face demonstrated on our student climate survey: just over 50% of students reported feeling safe at school. For our middle school students, only 26% reported a sense of school belonging. While this data is not disaggregated by subgroup, additional qualitative assessment has demonstrated that our low-income students and English Learners are particularly impacted. 2023-24 While attendance rates and Chronic Absenteeism rates have improved across the board, ELs still have a higher absenteeism rate than the school, as do Homeless students and SWD. An increase in suspension rates this year further demonstrates the ongoing need for support in this area. 2024-25 EL absenteeism remained above the schoolwide rate, but improved at a significantly faster rate. SED absenteeism also improved slightly faster than the schoolwide rate, and is now slightly lower. (27.3% vs. 27.7%). Similarly, suspension rates declined overall, but EL rates decreased by 0.4 points compared to a 0.2 point decline overall.	This action commits to an increased focus on efforts to support students' connection to school, support mental health, and provide opportunities for connection and positive relationships at school, while continuing to promote strong attendance. Our trauma-informed approach is designed with the needs of our low-income, foster youth, and English Learners in mind, although we believe this approach is appropriate and effective for all students. Additionally, the supervision and relationships provided by our campus aides will continue to strengthen a stronger sense of both physical and psychological safety.	Attendance, Chronic Absenteeism, Student Climate Survey results, suspension rates.
Goal 3, Action 1 Goal 3, Action 2 Goal 3, Action 3	2022-23 We have seen a decline or stagnation in CAASPP performance for our low-income students in English Language-Arts and mathematics in the past year, as discussed in our annual update and reflection. As low-income	Action 1 ensures that low-income students and English Learners are provided with materials and interventions that meet their unique needs as learners, helping to address gaps in learning that may have occurred in previous years. By providing interventions, adaptive software, manipulatives, and other resources, we can ensure these students have what	CAASPP performance in English Language Arts and mathematics, CAST performance, and growth on internal state-verified data assessments in reading and math.

Goal 3, Action 6	students make up 92% of our student population, this data closely parallels the school-wide data, and necessitates a school-wide response. Additionally, English Learners are currently lagging behind school-wide performance on every academic metric: - CAASPP English Language Arts: 32 point difference by DFS, 25% difference by % meets/exceeds - CAASPP Mathematics: 19 point difference by DFS, 12% difference by % meets/exceeds - CAST: 12% difference by % meets/exceeds LTEL performance lags even farther behind, with 0% of these students demonstrating proficiency on CAASPP Mathematics, and only 2.4% demonstrating mastering on CAASPP English Language Arts. In consultation with our educational partners, as well as continued review of educational research, a number of factors are contributing to this gap: - English Learners need additional supports and strategies implemented through Integrated ELD to help them continue to develop proficiency in English and acquire content knowledge - Low-income students may lack access to a print-rich environment at home, as well as support with academic vocabulary in English and supplementary educational resources - Targeted small-group instruction is key to meeting the varied needs of our low-income students and English Learners, requiring additional teaching expertise and staffing - The CAASPP and ELPAC are both administered online in English, requiring proficiency with technology that many students, particularly our low-income students and English Learners, lack exposure to 2023-24 Unfortunately, the gaps described above have persisted and increased in some cases. 0% of LTELs met or exceeded the standard in ELA or Math on CAASPP. ELs continue to lag behind schoolwide performance. 2024-25 While EL (and particularly LTEL) performance	they need to succeed. This action also ensures that all of our students have access to appropriate academic technology, implemented in a classroom environment with a focus on learning and facility with the tools required for success on ELPAC and CAASPP. Action 2 ensures that educators are equipped with the most up-to-date instructional strategies to ensure effectiveness in the classroom, including trauma-informed approaches, strategic scaffolding, and appropriate designated ELD techniques. Action 3 ensures that there is appropriate staffing for effective interventions. Instructional leadership monitors and supports successful classrooms, while additional support roles like our instructional aides and instructional coach ensure that small group interventions and other effective differentiation take place. Action 6 ensures continued investment in a robust after-school program ensures additional supports for all students, but particularly meets the needs of low-income students, English Learners and foster families who may be less equipped to provide enrichment opportunities in English outside of the school day. While the bulk of the program is funded through ELO-P, any additional expenses will be covered by the school's LCFF funding.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #(s)	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
Goal 3, Action 4	2022-23 While our ELPI and reclassification rate have both increased over the past year, reclassification still lags behind the state average and our school targets, showing that our students still need significant support to be ready to successfully reclassify. As discussed in the actions above, we continue to see the performance of English Learners lag somewhat behind schoolwide performance. 2023-24 The same patterns remain; ELPI and EL reclassification declined slightly this year. 2024-25 ELPI decreased to 41.3%; EL reclassification rate decreased to 11.2%.	Our ELD program is focused on meeting the comprehensive needs of our English Learners, both through direct services, as well as professional development and additional staffing to help ensure everyone is equipped and supported to help our EL students succeed.	ELPI and EL reclassification rate, as well as EL subgroup process on all other metrics.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding allows us to fund direct services to students through our Intervention Teacher, Teacher Assistants, and Campus Aides.

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA

engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

- The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each

student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).
    - School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
    - As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
    - LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
        - Identify the action as an LREBG action;
        - Include an explanation of how research supports the selected action;
        - Identify the metric(s) being used to monitor the impact of the action; and
        - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to

replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Other Observations:

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

2. **Type of Observations: Past-Due Accounts Payable and Open Credit Memoranda for 90 Days or More (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Accounts Payable Aging Report

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development (ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

Other Observations:

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development (ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development (ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

Other Observations:

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: **2/26/2026**

GOVERNANCE	RATING*
Summary of School Performance	3, Proficient

Areas of Demonstrated Strength and/or Progress

G1: GOVERNANCE STRUCTURE AND COMPLIANCE MONITORING

The Governing Board has implemented the organizational structure set forth in the school's operative charter, including committees/councils; and has a system in place to ensure it complies with the applicable open meeting requirements for local agencies (e.g., Brown Act,. Gov. Code, § 54950 et seq.)

- Review of documentation provided for oversight (i.e., Folder I: Governance Documentation) included evidence that the current Board of Directors is comprised of nine directors, which is aligned with the organization's most recent Bylaws requiring between five and eighteen directors.
- Evidence submitted by the school and the school's website included documentation that meetings of the school's governing board occur on a monthly basis and are conducted openly and provide opportunity for public participation. Agendas and minutes of meetings of the school's governing board are maintained and posted to the school website and governing board agendas include notice of reasonable accommodations for individuals with disabilities.
- Documentation provided as well as the school's website include evidence that the Advisory Compensation Committee, the Finance committee, and the Audit Committee, have held and are scheduled to hold multiple meetings for the 2025-2026 school year.

G3: RESPONSIVE AND ACCOUNTABLE GOVERNANCE - EDUCATIONAL PROGRAM

The Governing Board considers school performance data, stakeholder input, and other data to inform decision-making (e.g., approving action plans and/or resources, analysis and discussion, etc.)

- Review of governance documentation in Folder I included evidence that meetings of the school's governing board regularly include agenda items for updates and reports regarding student achievement and other key aspects of school performance and operations, from the organization's Chief Executive Officer, Vice President of Student and Family Supports, Chief Academic Officer, and Vice President of Strategy and Operations among other members of the Camino Nuevo leadership and school staff.
- For example, review of agendas and minutes included evidence that the board reviewed, discussed, and received presentations on multiple topics that included but were not limited to student achievement data, LAUSD Annual Performance-Based Oversight Visit reports, attendance and chronic absenteeism updates and data analysis, and financial reports.
- Board agendas and minutes also included documentation of the Annual Board Retreat, which occurred on September 26, 2025, that covered topics such as, "key trends that will shape the educational landscape and our community in the next 25 years," "how we can best prepare our schools and our students for the future," and "a living timeline, highlighting Camino Nuevo's first 25 years."

Management Fees: CNCA schools pay PN-EDG 12% of the operational funding for administrative services which Education Code Section 47632(f) defines as: "all funding except funding for capital outlay," as projected by PN-EDG on or about July 1, 2025, for services that include home support. In addition, to benefit and further the CNCA schools' charitable and educational purposes, since July 1, 2016, the contractual arrangements between CNCA and PN-EDG each year have been governed by an Agreement for Limited Services. Each of these Agreements is for twelve-month periods, commencing on July 1 each year, and are renewed annually. PN-EDG supports CNCA by administering many of the charitable activities that CNCA historically performed [e.g., early childhood services (TK), alumni services, development, home support office services and integrated community support services], to enable CNCA to focus on charter school operations.

Per the Tenth Amendment for Limited Services of July 1, 2025, "PN-EDG shall invoice CNCA every three (3) months for services performed, with a delineation between the Base Compensation for the limited services as described in Section 3.2, the ELOP [Expanded Learning Opportunities Program] Compensation for the services described in Section 3.3, and the Mental Health Program Compensation for the services described in Section

Powered by BoardOnTrack

3.4. CNCA shall prepay the first payment (reflecting a three (3) month period) in the amount of $1,605,470 as Base Compensation, $62,500 as ELOP Compensation, and $236,438.31 as Mental Health Program Compensation, which shall be due to PN-EDG no later than July 1, 2025. After the initial three (3) month period (July - September), the Parties shall adjust the subsequent invoice to reflect the services performed and prepaid during that period. CNCA shall submit payment to PN-EDG for each school on a monthly basis."

The CSD will continue to monitor the school's student enrollment through oversight.

Areas of Demonstrated Strength and/or Progress:

The school's net assets are positive and have been upward trending since the 2021-2022 fiscal year. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

No significant items were noted.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and/or other observations relating to the charter operator's and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each

charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

2. **Type of Observations: Past-Due Accounts Payable and Open Credit Memoranda for 90 Days or More (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Accounts Payable Aging Report

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development (ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for

accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Camino Nuevo Charter Academy (CNCA)					
Source: Independent Audit Report for the Year Ending June 30, 2025					
# of Charter Schools		**Including related parties and charter schools**		**Excluding related parties and charter schools**	
Operated	Authorized by LAUSD	Net Assets	Net Income / (Loss)	Net Assets	Net Income / (Loss)

Management Fees: CNCA schools pay PN-EDG 12% of the operational funding for administrative services which Education Code Section 47632(f) defines as: "all funding except funding for capital outlay," as projected by PN-EDG on or about July 1, 2025, for services that include home support. In addition, to benefit and further the CNCA schools' charitable and educational purposes, since July 1, 2016, the contractual arrangements between CNCA and PN-EDG each year have been governed by an Agreement for Limited Services. Each of these Agreements is for twelve-month periods, commencing on July 1 each year, and are renewed annually. PN-EDG supports CNCA by administering many of the charitable activities that CNCA historically performed [e.g., early childhood services (TK), alumni services, development, home support office services and integrated community support services], to enable CNCA to focus on charter school operations.

Per the Tenth Amendment for Limited Services of July 1, 2025, "PN-EDG shall invoice CNCA every three (3) months for services performed, with a delineation between the Base Compensation for the limited services as described in Section 3.2, the ELOP [Expanded Learning Opportunities Program] Compensation for the services described in Section 3.3, and the Mental Health Program Compensation for the services described in Section 3.4. CNCA shall prepay the first payment (reflecting a three (3) month period) in the amount of $1,605,470 as Base Compensation, $62,500 as ELOP Compensation, and $236,438.31 as Mental Health Program Compensation, which shall be due to PN-EDG no later than July 1, 2025. After the initial three (3) month period (July - September), the Parties shall adjust the subsequent invoice to reflect the services performed and prepaid during that period. CNCA shall submit payment to PN-EDG for each school on a monthly basis."

Areas of Demonstrated Strength and/or Progress:

The school's net assets are positive and have been upward trending since the 2021-2022 fiscal year. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

No significant items were noted.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and/or other observations relating to the charter operator's and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational

deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational

risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development

Powered by BoardOnTrack

(ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

Existing School 1 (Unsatisfactory)	***An existing school would receive a rating of 1 (Unsatisfactory) based on the conditions described below.***

An Unsatisfactory rating is assessed based on the following conditions, including, but not limited to:

A charter school is assessed as Unsatisfactory if the charter school does not meet the criteria for *Accomplished*, *Proficient*, or *Developing* above. The charter school was given a certain period of time to address the fiscal concerns of LAUSD (including, but not limited to, audit findings that are identified as repeat material weaknesses or significant deficiencies disclosed in the charter operator's most recent annual independent audit report, noncompliance with Generally Accepted Accounting Principles (GAAP), applicable law, LAUSD charter policy, and the school's approved charter, conflicts of interest, unresolved significant fiscal management issues, outstanding notices, etc.), but failed to provide a satisfactory response. The charter school has shown no *feasible* financial plans, and/or immediate sources of funding to maintain a viable budget and/or sustain the school's operation to mitigate the negative fiscal condition. The charter school's governing board members and/or leadership lack fiscal capacity.

Continued operation of a charter school that is assessed as Unsatisfactory may result to non-implementation of instructional programs as provided in the petition.

Note: Other circumstances and information could influence the rating and will be noted in the evaluation.

New School 2 (Developing)	***A new school would receive a rating of 2 (Developing) if the charter school, at a minimum, meets all of the Required Criteria listed below.***

REQUIRED CRITERIA

1. Interim reports and/or unaudited actuals project positive net assets;
2. Projected debt, if any, is managed efficiently and will not cause the charter school to end the fiscal year with negative net assets. The non-profit organization is financially viable to support the charter school;
3. If enrollment is significantly below the enrollment per the school's *Pupil Estimates for New or Significantly Expanding Charters* report and/or its approved petition budget, the charter school has made significant adjustments in their operations to allow for the reduced income, and submitted a revised viable three-year budget and three-year cash flow projections;
4. Governing board adopts the annual budget;
5. Governing board reviews and discusses the charter school's financial reports as evidenced by the governing board meeting minutes;
6. Reasonable requests for information made by the Charter Schools Division and LAUSD are processed or submitted by the charter school in a timely manner; and

An Unsatisfactory rating is assessed based on the following conditions, including, but not limited to:

A charter school is assessed as Unsatisfactory if the charter school does not meet the criteria for *Developing*. The charter school was given a certain period of time to address the fiscal concerns of LAUSD (including, but not limited to, noncompliance with Generally Accepted Accounting Principles (GAAP), applicable law, LAUSD charter policy, and the school's approved charter, conflicts of interest, unresolved significant fiscal management issues, outstanding notices, etc.), but failed to provide a satisfactory response. The charter school has shown no *feasible* financial plans, and/or immediate sources of funding to maintain a viable budget and/or sustain the school's operation to mitigate the negative fiscal condition. The charter school's governing board members and/or leadership lack fiscal capacity.

Continued operation of a charter school that is assessed as Unsatisfactory may result in non-implementation of instructional programs as provided in the petition.

Note: Other circumstances and information could influence the rating and will be noted in the evaluation.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

Management Fees: CNCA schools pay PN-EDG 12% of the operational funding for administrative services which Education Code Section 47632(f) defines as: "all funding except funding for capital outlay," as projected by PN-EDG on or about July 1, 2025, for services that include home support. In addition, to benefit and further the CNCA schools' charitable and educational purposes, since July 1, 2016, the contractual arrangements between CNCA and PN-EDG each year have been governed by an Agreement for Limited Services. Each of these Agreements is for twelve-month periods, commencing on July 1 each year, and are renewed annually. PN-EDG supports CNCA by administering many of the charitable activities that CNCA historically performed [e.g., early childhood services (TK), alumni services, development, home support office services and integrated community support services], to enable CNCA to focus on charter school operations.

Per the Tenth Amendment for Limited Services of July 1, 2025, "PN-EDG shall invoice CNCA every three (3) months for services performed, with a delineation between the Base Compensation for the limited services as described in Section 3.2, the ELOP [Expanded Learning Opportunities Program] Compensation for the services described in Section 3.3, and the Mental Health Program Compensation for the services described in Section

Powered by BoardOnTrack

3.4. CNCA shall prepay the first payment (reflecting a three (3) month period) in the amount of $1,605,470 as Base Compensation, $62,500 as ELOP Compensation, and $236,438.31 as Mental Health Program Compensation, which shall be due to PN-EDG no later than July 1, 2025. After the initial three (3) month period (July - September), the Parties shall adjust the subsequent invoice to reflect the services performed and prepaid during that period. CNCA shall submit payment to PN-EDG for each school on a monthly basis."

As noted above, the school has maintained a balanced budget for Fiscal Year 2024-2025, and projected a balanced budget per its 2025-2026 Second Interim Financials. According to CNCA, in order to address the current enrollment challenges, CNCA3 is implementing a comprehensive recruitment and retention strategy focused on proactive family engagement, targeted marketing, and strengthened program offerings. The CSD will continue to monitor the school's student enrollment through oversight.

Areas of Demonstrated Strength and/or Progress:

The school's net assets are positive and have been upward trending since the 2021-2022 fiscal year. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

No significant items were noted.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and/or other observations relating to the charter operator's and its charter schools' overall compliance

and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding

Powered by BoardOnTrack

bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

2. **Type of Observations: Past-Due Accounts Payable and Open Credit Memoranda for 90 Days or More (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Accounts Payable Aging Report
   - **Description of Observation:** Based on the CSD's review and analysis of CNCA's Accounts Payable Aging Report from two (2) reporting periods, the CSD noted the following:
     --As of 8/31/2025: 168 past due accounts payable and 25 open credit memoranda (that were not applied to any invoices) from 8 vendors and one (1) employee, totaling $156,283.57 and ($111,123.57), respectively, for 90 days or more.
     --As of 1/31/2026: 216 past due accounts payable and 22 open credit memoranda (that were not applied to any invoices) from 13 vendors and one (1) employee, totaling $254,225.32 and ($126,140.62), respectively, for 90 days or more.

     Details regarding these long past-due accounts payable and/or open credit memoranda are summarized below.

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements

- **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development (ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

- Board agendas and minutes also included documentation of the Annual Board Retreat, which occurred on September 26, 2025, that covered topics such as, "key trends that will shape the educational landscape and our community in the next 25 years," "how we can best prepare our schools and our students for the future," and "a living timeline, highlighting Camino Nuevo's first 25 years."

Management Fees: CNCA schools pay PN-EDG 12% of the operational funding for administrative services which Education Code Section 47632(f) defines as: "all funding except funding for capital outlay," as projected by PN-EDG on or about July 1, 2025, for services that include home support. In addition, to benefit and further the CNCA schools' charitable and educational purposes, since July 1, 2016, the contractual arrangements between CNCA and PN-EDG each year have been governed by an Agreement for Limited Services. Each of these Agreements is for twelve-month periods, commencing on July 1 each year, and are renewed annually. PN-EDG supports CNCA by administering many of the charitable activities that CNCA historically performed [e.g., early childhood services (TK), alumni services, development, home support office services and integrated community support services], to enable CNCA to focus on charter school operations.

Per the Tenth Amendment for Limited Services of July 1, 2025, "PN-EDG shall invoice CNCA every three (3) months for services performed, with a delineation between the Base Compensation for the limited services as described in Section 3.2, the ELOP [Expanded Learning Opportunities Program] Compensation for the services described in Section 3.3, and the Mental Health Program Compensation for the services described in Section

3.4. CNCA shall prepay the first payment (reflecting a three (3) month period) in the amount of $1,605,470 as Base Compensation, $62,500 as ELOP Compensation, and $236,438.31 as Mental Health Program Compensation, which shall be due to PN-EDG no later than July 1, 2025. After the initial three (3) month period (July - September), the Parties shall adjust the subsequent invoice to reflect the services performed and prepaid during that period. CNCA shall submit payment to PN-EDG for each school on a monthly basis."

As noted above, the school has maintained a balanced budget for Fiscal Year 2024-2025, and projected a balanced budget per its 2025-2026 Second Interim Financials. According to CNCA, in order to address the current enrollment challenges, CNCA4 is implementing a comprehensive recruitment and retention strategy focused on proactive family engagement, targeted marketing, and strengthened program offerings. The CSD will continue to monitor the school's student enrollment through oversight.

Areas of Demonstrated Strength and/or Progress:

The school's net assets are positive and have been upward trending since the 2021-2022 fiscal year. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

No significant items were noted.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and/or other observations relating to the charter operator's and its charter schools' overall compliance

and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding

Powered by BoardOnTrack

bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

2. **Type of Observations: Past-Due Accounts Payable and Open Credit Memoranda for 90 Days or More (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Accounts Payable Aging Report
   - **Description of Observation:** Based on the CSD's review and analysis of CNCA's Accounts Payable Aging Report from two (2) reporting periods, the CSD noted the following:
     --As of 8/31/2025: 168 past due accounts payable and 25 open credit memoranda (that were not applied to any invoices) from 8 vendors and one (1) employee, totaling $156,283.57 and ($111,123.57), respectively, for 90 days or more.
     --As of 1/31/2026: 216 past due accounts payable and 22 open credit memoranda (that were not applied to any invoices) from 13 vendors and one (1) employee, totaling $254,225.32 and ($126,140.62), respectively, for 90 days or more.

     Details regarding these long past-due accounts payable and/or open credit memoranda are summarized below.

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements

Powered by BoardOnTrack

- **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development (ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met specific renewal criteria prescribed in statute.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered the California Charter Schools Act, the *LAUSD Policy and Procedures for Charter Schools,* the factors and guidance promulgated by the California State Board of Education in evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

- ***Governance*** – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
- ***Student Achievement and Educational Performance*** – demonstrating positive academic achievement and growth for all students
- ***Organizational Management, Programs, and Operations*** – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
- ***Fiscal Operations*** – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered for the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide.* The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress; (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

G1: GOVERNANCE STRUCTURE AND COMPLIANCE MONITORING

The Governing Board has implemented the organizational structure set forth in the school's operative charter, including committees/councils; and has a system in place to ensure it complies with the applicable open meeting requirements for local agencies (e.g., Brown Act,. Gov. Code, § 54950 et seq.)

- Review of documentation provided for oversight (i.e., Folder I: Governance Documentation) included evidence that the current Board of Directors is comprised of nine directors, which is aligned with the organization's most recent Bylaws requiring between five and eighteen directors.
- Evidence submitted by the school and the school's website included documentation that meetings of the school's governing board occur on a monthly basis and are conducted openly and provide opportunity for public participation. Agendas and minutes of meetings of the school's governing board are maintained and posted to the school website and governing board agendas include notice of reasonable accommodations for individuals with disabilities.
- Documentation provided as well as the school's website include evidence that the Advisory Compensation Committee, the Finance committee, and the Audit Committee, have held and are scheduled to hold multiple meetings for the 2025-2026 school year.

- For example, review of agendas and minutes included evidence that the board reviewed, discussed, and received presentations on multiple topics that included but were not limited to student achievement data, LAUSD Annual Performance-Based Oversight Visit reports, attendance and chronic absenteeism updates and data analysis, and financial reports.
- Board agendas and minutes also included documentation of the Annual Board Retreat, which occurred on September 26, 2025, that covered topics such as, "key trends that will shape the educational landscape and our community in the next 25 years," "how we can best prepare our schools and our students for the future," and "a living timeline, highlighting Camino Nuevo's first 25 years."

Charter Operator Fiscal Information

The financial condition of the charter operator is summarized in the table below.

Camino Nuevo Charter Academy (CNCA)					
Source: Independent Audit Report for the Year Ending June 30, 2025					
# of Charter Schools		**Including related parties and charter schools**		**Excluding related parties and charter schools**	
Operated	Authorized by LAUSD	Net Assets	Net Income / (Loss)	Net Assets	Net Income / (Loss)
5	5	$52,808,660	$5,007,558	$0	$71,868

Management Fees: CNCA schools pay PN-EDG 12% of the operational funding for administrative services which Education Code Section 47632(f) defines as: "all funding except funding for capital outlay," as projected by PN-EDG on or about July 1, 2025, for services that include home support. In addition, to benefit and further the CNCA schools' charitable and educational purposes, since July 1, 2016, the contractual arrangements between CNCA and PN-EDG each year have been governed by an Agreement for Limited Services. Each of these Agreements is for twelve-month periods, commencing on July 1 each year, and are renewed annually. PN-EDG supports CNCA by administering many of the charitable activities that CNCA historically performed [e.g., early childhood services (TK), alumni services, development, home support office services and integrated community support services], to enable CNCA to focus on charter school operations.

Per the Tenth Amendment for Limited Services of July 1, 2025, "PN-EDG shall invoice CNCA every three (3) months for services performed, with a delineation between the Base Compensation for the limited services as described in Section 3.2, the ELOP [Expanded Learning Opportunities Program] Compensation for the services described in Section 3.3, and the Mental Health Program Compensation for the services described in Section 3.4. CNCA shall prepay the first payment (reflecting a three (3) month period) in the amount of $1,605,470 as Base Compensation, $62,500 as ELOP Compensation, and $236,438.31 as Mental Health Program Compensation, which shall be due to PN-EDG no later than July 1, 2025. After the initial three (3) month period (July - September), the Parties shall adjust the subsequent invoice to reflect the services performed and prepaid during that period. CNCA shall submit payment to PN-EDG for each school on a monthly basis."

On November 17, 2025, the LAUSD Board of Education approved CNHS2's renewal petition for a five (5)-year term (2026-2031) to serve up to 500 students in grades 9-12 in each year of the charter term. The CSD will continue to monitor CNHS2's student enrollment through the oversight process.

Areas of Demonstrated Strength and/or Progress:

The school's net assets are positive and have been upward trending since the 2021-2022 fiscal year. Please refer to the Financial Highlights table above.

Areas Noted for Further Growth and/or Improvement:

No significant items were noted.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

Through conducting fiscal oversight, the CSD requests and receives fiscal documents from the charter operator operating multiple charter schools (including bank statements, bank reconciliations, credit card statements, and check registers) that are currently authorized by LAUSD. The CSD reviews these financial documents—along with a sample of checks/disbursements and credit card transactions, as applicable—across these charter schools, to assess the organization's overall compliance with the charter operator governing board-approved fiscal policies and procedures, applicable federal, state, and local laws and regulations, District and charter requirements, and the effectiveness of the charter operator's internal controls and systems in place in alignment with best business practices. Any areas noted for further growth and/or improvement and/or other observations relating to the charter operator's and its charter schools' overall compliance and fiscal operations—including fiscal mismanagement, regulatory non-compliance, fiscal governance or internal control issues, or fiscally operational deficiencies, audit findings, etc. that *directly and systemically* impact the charter schools operated under the charter operator—are documented within each charter school's Annual Performance-Based Oversight Visit Report. These issues may or may not have been observed for the specific charter school under the

same charter network, based on the CSD's sampling review. Lastly, school-specific exceptions, such as the fiscal condition, unique oversight observations, or audit findings applicable to individual schools, are reviewed and documented separately for each charter school.

1. **Type of Observations: Cash Handling Practices – Fiscal Policies and Procedures Regarding Cash and Check Deposits (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted that CNCA's board-approved Fiscal Policies and Procedures (FPP) regarding cash receipt and deposit processes does not clearly define the frequency and/or dollar threshold for cash/check deposits. However, according to CNCA school leaders, the deposit schedule is within 30 business days of receipt. This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that it would review the CSD's recommendation and update its FPP. Subsequently, CNCA's fiscal policies and procedures were formally updated and approved by the board on 2/10/2026.

Item #	Statement Month	Transaction Date	Transaction Type	Amount per Bank Statement	CSD's Comments
1	June 2025	6/3/2025	Credit Desktop Check Deposit	$2,027,837.16	The CSD noted 15 checks with dates ranging from 2/21/2025 through 5/20/2025 that were deposited on 6/3/2025.
2	August 2025	8/25/2025	Credit Desktop Check Deposit	$40,000.00	The CSD noted one (1) check dated 8/15/2025 that was deposited on 8/25/2025.

   - **Charter Operator's Fiscal Policies and Procedures:**
     --Page 7 (Deposits) of CNCA FPP, approved by the board on 12/3/2024 and 6/17/2025, state: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made per assigned schedule set-up by the Chief Executive Officer, Fiscal Designee, or Site Principals.

     --Page 7 (Deposits) of CNCA FPP, approved by the board on 2/10/2026, states: "The Home Support Office Manager or designee is responsible for making bank deposits. Deposits will be made within 30 days from time of receipt. (*Exceptions to timeframe include holiday breaks and school closures)."
   - **Charter School's or Charter Operator's Response:** "Per the recommendation by the CSD an established timeframe for deposits will be added to FPP in upcoming Board Meeting on Bank Deposits as follows: Bank Deposits for checks and cash must be deposited in a timely manner at least within 30 days…" On 2/10/2026, CNCA board approved the addition of a deposit timeframe as part of its policy.
   - **CSD's Comments:** The CSD recommends that CNCA and its charter schools follow its newly established written policies and procedures regarding bank deposits to prevent the mishandling of funds and safeguarding of funds received. Delayed cash and check deposits pose financial and operational risks, including increased risk of theft or loss due to misplacement or misappropriation. The CSD will continue to monitor this issue through oversight.

2. **Type of Observations: Past-Due Accounts Payable and Open Credit Memoranda for 90 Days or More (Recurring Issue)**
   - **Source(s) of Document Reviewed:** Accounts Payable Aging Report
   - **Description of Observation:** Based on the CSD's review and analysis of CNCA's Accounts Payable Aging Report from two (2) reporting periods, the CSD noted the following:
     --As of 8/31/2025: 168 past due accounts payable and 25 open credit memoranda (that were not applied to any invoices) from 8 vendors and one (1) employee, totaling $156,283.57 and ($111,123.57), respectively, for 90 days or more.
     --As of 1/31/2026: 216 past due accounts payable and 22 open credit memoranda (that were not applied to any invoices) from 13 vendors and one (1) employee, totaling $254,225.32 and ($126,140.62), respectively, for 90 days or more.

     Details regarding these long past-due accounts payable and/or open credit memoranda are summarized below.

This observation was noted under the Other Observations section of the school's 2024-2025 Annual Performance-Based Oversight Visit Report. In response to the prior year observations, CNCA stated that they build strong vendor relationships and use coordination between departments, site managers, and tracking systems to monitor orders, invoices, and payments. In addition, CNCA stated that it commits to ongoing staff training and continuous improvement efforts to help ensure payments are processed accurately and on time.

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP does not address past-due accounts payable and open credit memoranda
- **Charter School's or Charter Operator's Response:** "While vendor-related billing constraints and site-level capacity challenges may continue to present occasional timing differences, Camino Nuevo has implemented layered controls, increased oversight, and additional staffing support to mitigate these risks. Through these efforts, Camino Nuevo is committed to continuous improvement and to ensuring that all accounts payable and credit memoranda are reviewed, resolved, and processed as timely as practicable."
- **CSD's Comments:** The CSD reiterates its prior year's recommendation in CNCA's 2024-2025 Annual Performance-Based Oversight Visit Report that CNCA revise its FPPs and implement procedures pertaining to the timely review and resolution of past due accounts payable and/or open credit memoranda and establish expectations for its staff in close coordination with its back office services provider, regarding the research, investigation, write-off, and/or payment of accounts payable and/or application of credit memoranda that have been past due and/or open for specified periods of time, and maintaining documentation of such, consistent with the industry best practices.

3. **Type of Observations: Lack of Written Guidance Regarding Interorganizational Fund Transfers and Wire Transfers**
   - **Source(s) of Document Reviewed:** Bank Statements
   - **Description of Observations:** The CSD noted two (2) transactions, summarized below, that were credited to CNCA's operating accounts. According to CNCA, these transactions represent interorganizational fund transfers between bank accounts managed by CNCA and Excellent Education Development (ExED), CNCA's back office services provider. ExED monitors account balances and recommends when transfer of funds should be made. In these instances, funds were transferred from CNCA's Los Angeles County Office of Education (LACOE) treasury accounts to maintain sufficient cash for accounts payable, payroll, and other operating costs. However, the CSD's review of CNCA's fiscal policies and procedures identified a lack of written

guidance on interorganizational fund transfers, including wire transfers. Additionally, the supporting documentation provided for the two (2) sampled transactions did not include evidence of authorization from a CNCA administrator to process the transfers.

Item #	Bank Name/ Account Number	Transaction Date	Transaction Type	Amount per Bank Statement
1	Wells Fargo x7830	6/26/2025	Credit	$1,000,000.00
2	First Bank x9429	8/6/2025	Credit	$1,000,000.00

- **Charter Operator's Fiscal Policies and Procedures:** CNCA's FPP neither addresses interorganizational fund transfers nor includes a policy on wire transfers.
- **Charter School's or Charter Operator's Response:** CNCA stated that although they did not have a fully adopted policy addressing inter-account bank and wire transfers, it has always had consistent and successful procedures in place. CNCA will develop a policy that will outline required documentation, approval thresholds, and segregation of duties by December 2026. Corrective action plan includes implementation, training, and ongoing monitoring.
- **CSD's Comments:** The CSD recommends that CNCA revise its fiscal policies and procedures to incorporate guidelines that sufficiently outline the requirements governing interorganizational fund transfers, including protocols specifying the individuals authorized to request and review potential transfers, permissible purposes for transfers, and the required supporting documentation for transfers, to establish appropriate controls, enhance transparency, and mitigate financial risk.

The Charter Schools Division will review the issues referenced above and/or the recommended updates to the school's fiscal policies by or during the next oversight visit. The results may be factored into the school's rating for next year.

Corrective Action Required:

None noted that immediate action is required to remedy concerns in this report.

The charter school's governing board members and/or leadership lack fiscal capacity.

Continued operation of a charter school that is assessed as Unsatisfactory may result to non-implementation of instructional programs as provided in the petition.

3. If enrollment is significantly below the enrollment per the school's *Pupil Estimates for New or Significantly Expanding Charters* report and/or its approved petition budget, the charter school has made significant adjustments in their operations to allow for the reduced income, and submitted a revised viable three-year budget and three-year cash flow projections;
4. Governing board adopts the annual budget;
5. Governing board reviews and discusses the charter school's financial reports as evidenced by the governing board meeting minutes;
6. Reasonable requests for information made by the Charter Schools Division and LAUSD are processed or submitted by the charter school in a timely manner; and

Items not included in 2026-27 Budget

Based on the May revise budget, the governor is proposing a 4.31% “Super COLA” for LCFF funds. This comes with a caveat - mandatory paid pregnancy leave of up to 14-weeks.

The impact of this is currently unknown as the details of this leave are still being finalized. As such, all Camino Nuevo sites are maintaining a net income cushion to offset any substitute and staff costs that may arise from this new maternity leave.

Below is the impact of the additional 1.4% COLA:

Strategic Assessment & Recommendations

Prepared by Brent Lowry, VP Finance and Business Services

Methodology Synthesis Interviews (School Leadership, SLT, HSO Directors) & Budget Review

Clear-Eyed Timeline Current Academic Year Trajectory & Potential Appeal Windows

Strategic Focus Stabilizing Local Market Retention & Enrollment Momentum

Diagnostic: Enrollment & Revenue Gaps

School Year	Enrollment	LCFF Revenue
2023-2024	488	$6.62M
2024-2025	475	$6.42M
2025-2026	438	$6.13M
2026-2027 (Proj)	401	$5.96M
4-Year Variance	**-87 Students (-18%)**	**-$664k (-10%)**

THE TK INTAKE DEFICIT

Current TK cohort stands at just **11 students**. An insufficient intake pipeline creates a cascading, structural risk to future enrollment, leaving subsequent classes unable to organically offset graduates.

THE DAILY FUNDING LEAK

Cisneros sits at **92.3% ADA**, one of the lowest in the network. This attendance leakage translates directly to forgone public revenue that is fully recoverable through operational execution.

Immediate Operational Opportunities

1. Front Office ADA: Replicating Best Practices

Align the front-office and registrar with network leaders (e.g., Burlington). Closing this ADA percentage gap adds **+$100k+ directly to net income**, fully self-funding core interventions.

2. Campus Facilities: Enforcing Visual Standards

Initiate immediate visual standards: power-wash common spaces, clear cluttered staff areas, and reset campus pride. This is an accountability and culture lever, requiring zero capital expense budget.

Recommendation: $750k Strategic Allocation from Reserves

Strategic Allocation Resolution

To capture critical summer candidate and enrollment pools, we request the approval and allocation of the full reinvestment model today, permitting immediate recruitment and spending.

$750k

Reserve Allocation Draw Authorized Today

Full funding authorization from Cisneros reserves to execute the support strategy ahead of the next board meeting.

⚠ **Staff will return next board meeting to codify these line-items with a standard budget amendment.**

This recommendation is informed by stakeholder interviews, financial analysis, and site observations during my first month. It should be viewed as a preliminary recommendation subject to refinement as additional data becomes available.

1. Academic Intervention

Prioritize critical personnel additions upfront. Focus on intervention support to push CA Dashboard performance into the blue and green.

2. Differentiated Programming

Improve retention and competitiveness against neighboring educational options with unique, visible curricular tracks. Existing examples include YOLA, Dance, etc.

3. Pipeline Development

Establish front-end enrollment support. Allocate targeted funds for localized marketing campaigns and boots-on-the-ground outreach to build the campus pipeline.

Classified Teacher Salaries (2131) $78K under budget largely due to one Castellanos intervention position being changed to a certificated role under Teacher's hourly account (**1120**)

Student Materials (4311) $156K over budget due to additional supply purchases being made with one-time funds.

Non Capitalized Equipment (4411) $406K over largely due to Dalzell Lance purchasing instruments with their Prop 28 Arts and Music in School funds, Burlington purchasing furniture for their middle school and other sites purchasing additional technology with one-time funds.

Object Code 5531: Housekeeping Service expense is Housekeeping Services (5531) $268K over budget due to substitute janitorial services needed to cover vacancies at school sites and for night custodians. In addition, some sites have extended the hours for their nighttime custodians.

FY 2026-27 Education Protection Account Spending Plan

California created the Education Protection Account (EPA) in November 2012 after the passage of Proposition 30, *The Schools and Local Public Safety Protection Act of 2012.* Proposition 30 temporarily increased the personal income tax rates for upper-income taxpayers and the sales tax rate for all taxpayers. The .25 sales tax increase expired in 2016. The income tax increase was set to expire in 2018 but was extended by voters through 2030 via Proposition 55 in November 2016.

Revenue generated from the increased taxes is deposited into the EPA and distributed to districts and charter schools every quarter.

While funds from the EPA are part of a district's or charter school's general-purpose funding, Proposition 30 specifies that EPA funds may not be used for administrative salaries or benefits or any other administrative costs. **Governing boards must annually determine the use of EPA funds at an open public meeting.**

Proposition 30 also requires all districts, counties, and charter schools to report on their websites an accounting of how much money was received from the EPA and how that money was spent.

For schools open before FY13/14, EPA funds are estimated to roughly equal 36% of a school's FY12/13 funding rate multiplied by the current year Average Daily Attendance.

For Camino Nuevo Charter Academy #1, this equates to $1,522,872.

For Camino Nuevo Charter Academy #2, this equates to $1,748,347.

For Camino Nuevo Charter Academy #3, this equates to $1,799,417.

For Camino Nuevo Charter Academy #4, this equates to $998,008.

For schools that opened in FY13/14 or later, EPA is apportioned at $200/ADA.

For Camino Nuevo High School #2, this equates to $94,000.

Funds will be used to support teacher salaries and benefits.
