

CNCA Independent Study Policy

Camino Nuevo Charter Academy (CNCA) may offer independent study to meet the educational needs of students enrolled at a CNCA School. Independent study is an alternative education designed to teach the knowledge and skills of the grade-level core curriculum. CNCA shall provide appropriate existing services and resources to enable student to complete their independent study successfully. Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of an assigned certificated employee or employees. Students who voluntarily choose to enroll in CNCA's independent study program have the alternative option of attending a classroom-based instructional program in a school of their district of residence or potentially at CNCA subject to capacity. CNCA's independent study program is equivalent in grade level, quality, and intellectual challenge to CNCA's classroom based in-person instruction.

These independent study policies have been established by CNCA in alignment with Education Code § 51745 et seq., updated to meet the requirements of Assembly Bill 130 (2021), and adopted pursuant to Education Code § 51747 and 5 C.C.R. § 11701. The following written policies have been adopted by the Board for implementation at CNCA schools and are effective as of the start of the 2021-22 school year:

1. The Principal or designee is responsible for managing the independent study program, which includes reviewing and granting requests for independent study for CNCA students, and for notifying the parents/guardians of all enrolled CNCA students of their option to enroll their child in in-person instruction or independent study during the 2021-2022 school year. The Principal or designee will determine if a student qualifies for independent study based on criteria including the below:
 - a. In accordance with Education Code § 51749.5(a)(3) Experienced certificated staff, who hold the appropriate subject matter credential, and are CNCA employees are available to effectively supervise students in independent study;
 - b. Ensuring the enrollment does not result in noncompliance with independent study ADA requirements (e.g., ADA-to-Certificated Teacher Ratio per Education Code § 51745.6; ensuring 80% of ADA generated by the CNCA is from classroom-based instruction per Education Code § 47612.5; etc.).
 - c. No individual with exceptional needs, as defined in Education Code § 56026, may participate in independent study unless his/her Individualized Education Program ("IEP") specifically provides for such participation. (Education Code § 51749.5(a)(7)(A).)
 - d. No student that is referred or assigned to a CNCA pursuant to Education Code § 48915 or Education Code § 48917, may be provided with instruction through independent study unless they are offered the alternative of classroom instruction and they choose independent study.

- e. In accordance with Education Code § 51747.3(c), students enrolling in the independent study program must be residents of Los Angeles County or an adjacent county.

The Principal or designee is responsible for establishing the number of available seats for short-term and full-time independent study and must consider the independent study ADA requirements (see Section 1(b)) in making these determinations. The Principal or designee may consider factors under Section 1(a)-(e) and other factors in determining the total number of full-time independent study seats and enrollment eligibility.

- 2. For students in all grade levels offered by CNCA, the maximum length of time that may elapse between the time an assignment is made and the date by which the student must complete the assigned work shall be twenty (20) school days. (Education Code § 51747(a).)
- 3. When any student fails to complete three (3) assignments during any period of twenty (20) school days, or fails to make satisfactory educational progress (defined below in Section 4), the school will conduct an evaluation to determine whether it is in the best interests of the student to remain in independent study, or whether the student should return to or otherwise be placed in a regular in-person school program. A written record of the findings of any evaluation will be maintained in the student's permanent record. This record will be maintained for a period of three years from the date of the evaluation and if the student transfers to another California public school, the record will be forwarded to that school. (Education Code § 51747(b).) CNCA schools may disenroll students who accrue ten (10) unexcused absences due to failure to turn in assignments.
- 4. For purposes of conducting the evaluation in Section 3, a student is deemed to be making satisfactory educational progress if the student is on track to enter the next grade level at the completion of the current school year and/or progressing toward their goals pursuant to their IEP. The Principal or designee is responsible for making this determination based on all of the following indicators:

The school will provide content to students aligned to grade level standards that is provided at a level of quality and
