

	One Time Supplement Question	Response
1	<p>A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP).</p>	<p>We engaged educational partners on the use of funds through a comprehensive input process in teacher development meetings, SBC and Parent Coffees, and Board Meetings. These input sessions were broad, related to comprehensive needs and planned actions at the site. LEA leaders then applied this input to both the LCAP and the additional Budget Act funds not included in the LCAP, which was possible because our Budget Act expenditures support the LCAP goals.</p>
2	<p>A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.</p>	<p>The LEA used additional concentration grant funds to hire academic intervention staff, campus aides, and electives teachers. All three groups of staff members work directly with students, and for purposes connect to pandemic recovery. Intervention staff (teachers and teachers' aides) provide targeted programming to address learning gaps, campus aides provide increased supervision to support with safety protocols and the readjustment to in-person school, and electives teachers allow core teachers to have increased planning time and therefore craft higher quality lessons.</p>
3	<p>A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.</p>	<p>The additional intervention staff members are part of a comprehensive academic intervention approach aimed to support recovery from the academic impacts of the COVID-19 pandemic and distance learning. Intervention teachers and teachers' aides provide instruction to students who are below grade level in reading, math, and/or English Language Development. They do so in the context of small group instruction, high dosage tutoring, and intervention courses built into the school day.</p>
4	<p>A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.</p>	<p>While nearly all positions described above are now filled, hiring for these new positions during a time when many are leaving the field of education has been difficult. The job market has been incredibly competitive for employers, and so we were not able to implement all of our plans as quickly as we envisioned. Moreover, we have implemented intervention programming within the context of the readjustment to in-person school and added challenges of implementing COVID safety protocols, including weekly PCR testing, isolating, contact tracing, and quarantining. Despite these challenges, we have seen some successes, particularly as measured by academic growth for those who were the farthest behind. We have reduced the percent of students reading two or more years below grade level from 65 to 52 percent since the beginning of the school year. The percent of students performing two or more grade levels behind in math has similarly reduced from 63 to 46 percent. This is due in large part to the additional intervention staff funded by the Rescue Plan and Emergency Relief plan.</p>

5	<p>A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.</p>	<p>Our 2021-2022 LCAP and Annual Update outline goals for improved student achievement, as measured by increased SBAC performance in ELA and math. The fiscal resources addressed in these plans are also being allocated toward expenditures aligned to student achievement goals. Our intervention program is one (Tier 1) strategy toward raising levels of academic achievement for all students, while much of our LCAP describes plans to address achievement through Tier 1 strategies. In addition, our LCAP outlines student engagement and culture goals, which our increased campus aide and elective teacher expenditures support.</p>

Goals and Actions – 12/30/21 YTD EXPENDITURE UPDATE

Goal 1

Goal #	Description
1	Foster a place-based, rigorous academic program across a broad range of study (math, language arts, science, social science, PE/athletics, and the arts) that equips all students with the knowledge, skills, and mindsets to increase college and career readiness.

An explanation of why the LEA has developed this goal.

CNCA developed this goal to address state priorities 2. Implementation of State Standards, 3. Parent Involvement, and 4. Pupil Achievement.

Actions

2	Ensure students have access and are enrolled in a broad course of study (i.e. social science, science, health, PE, VAPA, foreign language)	<p><u>PNEDG Back office support</u></p> <p>Intra-agency fees are targeted to ensure appropriate support for the school through a comprehensive structure for providing guidance, support, and administrative oversight to school leaders. Through a Content Team, Talent Team, Programs Team and Operations Team, schools receive support, guidance, and oversight in each content area, in school culture practices, in parent involvement practices, business and compliance administration and in raising student achievement. This support is in the form of ongoing back office operational support, coaching and professional development and training.</p> <p>School leadership team will ensure students have access to a variety of classes. Examples may include art, physical education, STEM, coding, engineering, and dance. Enriching courses such as these provide much needed context for building knowledge and language, both of which are essential for low income students and English Learners.</p> <p>The Principal and API will use CNCA Org-Wide aligned data- analysis systems to ensure all teachers and leaders are participating in targeted, weekly data analysis cycles across a broad range of study in which both are analyzing student data, and teaching planning to inform future instructional decisions, including targeted supports for high-needs students</p> <p>The School Operations Manager (SOM) collaborates in the development of structures and processes to increase the level of excellence of the school and oversee operations functions that allow the Instructional Team to drive student achievement. The SOM creates and manages systems for continuous improvement of school operations, collaborates with the Principal to ensure the expenditures for the school are in line with budget and priorities, manages whole office “customer service” approach to welcoming all stakeholders, and contributes to positive school culture by developing strong relationships with CNCA students, families and staff. Since low-income families have historically encountered many challenges to receiving services, the SOM leads the work at the school’s front office to ensure that our families’ school is a resource for assistance and support.</p> <p>School leadership works with PNEDG Human Resources and the Talent Department to ensure that all teachers have the correct credential to teach general ed, special ed, and EL students.</p> <p>Utilize CNCA Org-Wide aligned data-analysis systems</p>	<p>1. PE, Science teacher salary and benefits listed here. 1110 - \$132,043 3000 - \$33,011</p> <p>2. PNEDG cost 5881 - \$899,352</p> <p>3. Books 4211 - \$1,000</p> <p>4. Software 5861 - \$24,544</p> <p>5.
