By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## About Our School

Welcome to Camino Nuevo High School No. 2!!!
The purpose of this School Accountability Report Card is to provide you, the parents and the community, with specific information about academic achievements, student safety, campus facilities, qualifications of professional staff, instructional materials and progress in meeting state standards.

The underlying philosophy of CNHS No. 2 is that when underserved students are provided equal access to rigorous, research-based educational programs in which families are an integral component, children gain the tools to achieve academic success throughout their educational careers. CNHS No. 2 serves 465 students from grades 9-12. Approximately $95 \%$ of our students qualify for free or reduced meals, and approximately $98 \%$ of our student population is Hispanic/Latino. Our students reside in some of the most historically underserved areas of Central Los Angeles, including the communities of MacArthur Park, Pico-Union, U.S., where the annual family income is among the lowest in the city.

Despite these economic and social disadvantages, our students are bucking the community trend with exceptional academic excellence, preparation for college, and civic engagement. For the graduating class of 2020, 100\% of graduating seniors met A-G requirements and $70 \%$ of graduating seniors were accepted into four-year colleges. Additionally, CNHS No. 2 students are becoming youth leaders in the community through school-based clubs, service learning projects, and involvement in college-readiness programs.

Our school has been able to overcome many of the barriers to high achievement that plague historically underserved communities. We are committed to reducing and eventually eliminating these disparities through a rigorous academic program that builds upon the diverse strengths of all students, regardless of the challenges they may bring to school. Similarly, we maintain a shared commitment to do "whatever it takes" to ensure that our students successfully navigate the social obstacles that hinder academic achievement by involving families and working relentlessly to create success for all.

## School Description and Mission Statement (School Year 2022-23)

CNHS 2 serves 488 students in grades 9-12. Ninety-one percent (91.54\%) of the students qualify for free or reduced-price meals. The ethnic composition of the 2021-2022 student body at CNHS 2 was $94.90 \%$ Hispanic, $90.45 \%$ socioeconomically disadvantaged and $19.75 \%$ English language learners and $16.56 \%$ of students with disabilities.

CHNS 2 is part of the Camino Nuevo Charter Academy (CNCA) network of schools. Camino Nuevo Charter Academy educates students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

Camino Nuevo Charter Academy was founded in 1999 by Pueblo Nuevo Development, a nonprofit community development corporation in the MacArthur Park neighborhood west of downtown Los Angeles. The first campus opened its doors to students in August 2000. Most of the residents are immigrants from Mexico and Central America. The majority of CNCA's students reside in historically underserved neighborhoods of Los Angeles such as Westlake/MacArthur Park, Pico/Union, Koreatown, and the West Adams/Byzantine Latino Quarter.

Mission Statement
Camino Nuevo Charter Academy educates students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Teacher Preparation and Placement (School Year 2020-21)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

| Mathematics (grades 3-8 and 11) | N/A | 20\% | N/A | 27\% | N/A | 33\% |

Note: Where it was the most viable option, in 2020-21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020-21 data cells for the school, district, state have N/A values because these data are not comparable to 2021-22 data.
Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.
Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

## Opportunities for Parental Involvement (School Year 2022-23)

At Camino Nuevo, we value the strengths and gifts that diverse families contribute and believe that learning must be relevant and contextual. Our Families as Partners program engages the whole family in the learning process to support our students' social, emotional, and intellectual development. Our goal is to create the strongest possible partnership between home and school to increase student achievement and success. We strongly believe that students will find greater levels of academic success when their home and school share similar values about learning, develop a positive relationship and work together to build a strong partnership. To ensure the development of authentic and productive relationships, Camino Nuevo offers a variety of opportunities for families to be involved both in the classroom, at the school level and provide input to school leaders. We further demonstrate our commitment to forging genuine partnerships with all families by offering high-quality family services, including a comprehensive family workshop program and case management for families in need.

- Each school site has several leadership committees that families can join. One of them is the English Learner Advisory Committee (ELAC): Each campus with 21 or more English learners' students has this committee. The committee is responsible for advising the principal and staff on programs and services for English learners. In addition, ELAC assists the school in the development of the school's needs assessment and brainstorms ways to make families/guardians aware of the importance of regular school attendance. The Site Based Council (SBC) or the School Site Council (SSC) serves as an advisory council to the school site principals. The committee is responsible for reviewing policies and providing feedback on the school's LCAP goals (i.e., School Safety Plan, share resources available to support students \& families, the Parent Involvement Policy, Spring and Winter Consolidated Applications, LCAP goals and the Retention and Culmination policy).
- Annual School Satisfaction Survey: Every year during the winter, parents received a survey to share comments, suggestions, and concerns about the school. Parents can share the areas of the school they feel happiest about, areas that need improvement, and suggestions to improve school-home communication. The survey is divided into different sections: college readiness, family engagement, family support, learning behaviors, school climate, school fit, and technology/communication. Results from the survey are shared with school leaders, parents, teachers, and the Home Support Office. Data from the survey informs school decisions, helps shape the Family as Partners Program, and determines goals for the school year.
- Capacity Building/Family Workshops: Family workshops and special school events and activities are held during the school year. Family Services Coordinators and/or school leaders facilitate parent workshops to explain to parents how to read and understand SBAC reports. These workshops allow parents to ask questions, share comments, and clarify doubts. During spring, they also host parent workshops to explain the school's expectations about SBAC. The workshop includes helpful tips on what parents can do to support and prep their children at home for testing. The child's academic progress is monitored during parent-teacher conferences held in October, January, and April, and report cards are distributed at this time. Schools host parent workshops twice a year on how to have successful parent conferences. Parents not only receive sample questions to trigger conversations with teachers, but they also receive information on how to prepare for conferences and how to follow up with teachers afterward. In addition, during the school year, parents are encouraged to reach out to teachers in person and/or via Parent Square if any
questions arise regarding their child's academic achievement. Translators are scheduled beforehand for those teachers who do not speak Spanish.
- Parent and Family Engagement Policy - The Parent and Family Engagement Policy is reviewed and updated annually during an SBC meeting. Principals gather feedback from parents and other members and make edits accordingly. The final version is available in English and Spanish from Family Services Coordinators and at the main office. The Families as Partners section on the annual Family Handbook of our K-12th and preschool program have been aligned to provide continuity and alignment between both programs. CNCA has developed a written Title I parental involvement policy with input from Title I parents and Site Base Councils. Each year, CNCA also collects feedback from parents to inform any revisions to the policy that may be necessary. CNCA distributes the policy to parents of Title I students. It is distributed at the beginning of the school year and is available online via the CNCA website.
- School-Parent Compact - Describes the best ways to support families and increase student achievement. It was developed with input from parents to create the strongest possible partnership between home, school, and student to increase academic achievement and success. Parents/guardians are encouraged to complete 15 hours of volunteer service per family per site. Attendance at workshops and school activities, completing city college classes, taking your student to the public library, or by enrolling in other community-based education programs will count towards hours of volunteer service. These opportunities offer parents targeted training that empowers and motivates them to seek personal and professional growth opportunities for themselves while advocating for a quality education and life for their students.
- Professional Development/Staff Training - As part of the onboarding process, all new staff attends a week of training, including a session on our Families as Partners Program. New classified and certified staff learn how to build trusting relationships with their families and link learning in the classroom with learning at home. The session highlights how to communicate better, partner with families, and engage them as equal partners in the school community. In addition, the Family Services Coordinator hosts sessions during Professional Development week about how to engage families in the classroom and gather feedback to plan activities. The school has a full-time and bilingual Family Services Coordinator.
- School Home Communication - Schools communicate information to families in a culturally sensitive way via the school's website, Facebook, and/or Parent Square. Schools also share information via traditional methods like a parent newsletter, robocalls, etc. Family Coordinators have an open-door policy to assure parents feel comfortable reaching out when they need support for their children and referrals for any social or medical services. All communication with families is done in English and Spanish (or any preferred language for the family), ensuring that any difficult or complicated academic language is clearly explained in a culturally sensitive way. Translators are readily available during parent meetings, conferences, and workshops to ensure understanding and maximize communication.
- Community Partnerships: We leverage the expertise of our community partners, like Promotoras Comunitarias, Breese Foundation, and Central City Neighborhood Partners, to provide services and resources beyond academics.
- Health \& Wellness: To serve the whole child and provide a continuum of care, we also provide access to mental health services, case management, community referrals, and parent support groups.
- Community Building: Each school offers opportunities to build a community, like parent meetings called Coffee with the Leadership Team (or "Cafecitos"), Open House, Math/Literacy Night, and Back to School Nights, and an organization-wide Parent Book Club. This annual book club is a unique opportunity for parents to model reading at home, build community with other families, and spend quality time with families from other school sites. The goal of
the "Cafecitos" is for parents to learn, build community and get updates about the school. During these monthly parent meetings, school leaders interact with families. Parents also get an opportunity to share concerns, ask questions, offer suggestions and provide feedback on topics covered.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions for School Year 2019-20 Only
(data collected between July through February, partial school year due to the COVID-19 pandemic)

|  | School <br> $\mathbf{2 0 1 9 - 2 0}$ | District <br> $\mathbf{2 0 1 9 - 2 0}$ | State <br> $\mathbf{2 0 1 9 - 2 0}$ |

| Suspensions | $0.21 \%$ | $0.44 \%$ | $2.45 \%$ |
| Expulsions | $0.00 \%$ | $0.02 \%$ | $0.05 \%$ |

Note: The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## School Safety Plan (School Year 2022-23)

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

Schools and districts must comply with California Education Code (EC) sections 32280-89. It is each school's responsibility to ensure ongoing compliance with requirements including the development, revision, and updating of its comprehensive school safety plan through a collaborative process. School site councils or designated safety committees
must work with educators, classified staff, parents, and community leaders; they must consult with law enforcement to ensure these plans are effective and current.

The school's plan includes strategies and policies to prevent and respond to potential incidents involving emergencies, natural and other disasters, hate crimes, violence, active assailants/intruders, bullying and cyberbullying, discrimination and harassment, child abuse and neglect, discipline, suspension and expulsion, and other safety aspects.

The CSSP was reviewed and approved by the school site council on February 22, 2022.
