**Span:**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

📍 Principal, Camino Nuevo Charter Academy #2

### About Our School

---

Camino Nuevo Charter Academy #2 is the Kayne Siart campus of the Camino Nuevo Charter Academy network. We serve 693 students from grades TK – 8 from underserved neighborhoods in Central Los Angeles, including Koreatown, Echo Park, and Rampart Village, with 86.1% of our students being eligible for free or reduced-price meals. Our network's mission is to educate students in a college preparatory program to be literate, critical thinkers, and independent problem solvers who are agents of social justice with sensitivity toward the world around them.

Since opening in 2010, our school has won many awards for improving educational outcomes for children in Koreatown, MacArthur Park, and other surrounding neighborhoods in Los Angeles. The list of awards includes the Grazer Outstanding Achievement in Learning (GOAL) Award, the California Association of Bilingual Education Seal of Excellence Award, the Bright Spot Award from the White House. These honors reflect our commitment to educating a diverse population, particularly English language learners and students with special needs.

Our school in particular is proud of our inclusion program, which ensures that students with disabilities have their academic needs met within the context of the general education setting. Additionally, we have a strong and unique partnership with the Los Angeles Philharmonic for our Youth Orchestra Los Angeles (YOLA) at Camino Nuevo program, wherein our students receive comprehensive music instruction both during and after school. Lastly, we provide comprehensive wellness supports for our families, including workshops, and literacy classes, understanding the critical role they play as their children's first teachers. Throughout each of these programs and strategies, our approach is guided by a foundational belief that we must

provide academic and nonacademic supports so that our students can be successful in school, college, and life.

### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## **School Facility Conditions and Planned Improvements**

The school campus is in good and safe condition. The school campus was completed in 2014. The campus comprises of 31 classrooms, office spaces, a playground, indoor eating area and is a total of 46,846 sf. Smart board technology has been added to all classrooms. Renovations of classroom window tints, outdoor turf on the play yard had been completed in the spring of 2023. Overall, the school is in good condition. The site is also secured with functioning burglar alarms.

Post installation of turf, decomposed granite was removed and replaced with a cement pad. Future planned improvements include new security cameras.

Playground improvements include replacement of the safe soft play surface.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students

Mathematics (grades 3-8 and 11)	21%	15%	27%	29%	33%	34%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

### Opportunities for Parental Involvement (School Year 2023–24)

At Camino Nuevo, we value the strengths and gifts that diverse families contribute and believe that learning must be relevant and contextual. Our Families as Partners program engages the whole family in the learning process to support our students' social, emotional, and intellectual development. Our goal is to create the strongest possible partnership between home and school to increase student achievement and success. We strongly believe that students

will find greater levels of academic success when their home and school share similar values about learning, develop a positive relationship, and work together to build a strong partnership. To ensure the development of authentic and productive relationships, Camino Nuevo offers a variety of opportunities for families to be involved both in the classroom and at the school level. Families are also able provide input to school leaders. We further demonstrate our commitment to forging genuine partnerships with all families by offering high-quality family services, including a comprehensive family workshop program and case management for families in need.

- Committees - Each school site has several leadership committees that families can join. One of them is the English Learner Advisory Committee (ELAC). Each campus with 21 or more English language learners has this committee. This committee is responsible for advising the principal and staff on programs and services for English language learners. In addition, ELAC assists the school in the development of the school's needs assessment and brainstorms ways to make families/guardians aware of the importance of regular school attendance. The Site Based Council (SBC) or the School Site Council (SSC) is another committee that families can join. It serves as an advisory council to the school site principals. This committee is responsible for reviewing policies and providing feedback on the school's LCAP goals (i.e., School Safety Plan, share resources available to support students & families, the Parent Involvement Policy, Spring and Winter Consolidated Applications, LCAP goals, and the Retention and Culmination policy).

- Annual School Satisfaction Survey - Every year during the winter, parents received a survey to share comments, suggestions, and concerns about the school. Parents can share the areas of the school they feel happiest about, areas that need improvement, and suggestions to improve school-home communication. The survey is divided into different sections: college readiness, family engagement, family support, learning behaviors, school climate, school fit, and technology/communication. Results from the survey are shared with school leaders, parents, teachers, and the Home Support Office. Data from the survey informs school decisions, helps shape the Families as Partners Program, and determines goals for the school year.

- Capacity Building/Family Workshops - Family workshops and special school events and activities are held during the school year. Student and Family Services Coordinators and/or other school leaders facilitate a variety of workshops throughout the year. Topics like SBAC, ELPAC, Mental Health, and college and career readiness, as well as how to successfully transition to middle and high school are covered. Schools also host workshops on how to have successful parent conferences, as student academic progress is monitored during these conferences three times per year (in October, January, and April) and report cards are distributed at this time. At these workshops, parents not only receive sample questions to trigger conversations with teachers, but they also receive information on how to prepare for conferences and how to follow up

with teachers afterward. In addition, during the school year, parents are encouraged to reach out to teachers in person and/or via Parent Square if any questions arise regarding their child's academic achievement. Translators are scheduled beforehand for those teachers who do not speak Spanish.

- Parent and Family Engagement Policy - The Parent and Family Engagement Policy is reviewed and updated annually during an SBC meeting. Principals gather feedback from parents and other members and make edits accordingly. The final version is available in English and Spanish by Student and Family Services Coordinators and can be found at the main office. CNCA has developed a written Title I parental involvement policy with input from Title I parents and Site Base Councils. Each year, CNCA also collects feedback from parents to inform any revisions to the policy that may be necessary. CNCA distributes the policy to parents of Title I students. It is distributed at the beginning of the school year and is available online via the CNCA website.

- School-Parent Compact – The Compact describes the best ways to support families and increase student achievement. It was developed with input from parents to create the strongest possible partnership between home, school, and students to increase academic achievement and success. Parents/guardians are encouraged to complete 15 hours of volunteer service per family per site. Attendance at workshops and school activities, completing city college classes, taking your student to the public library, or enrolling in other community-based education programs counts towards hours of volunteer service. These opportunities offer parents targeted training that empowers and motivates them to seek personal and professional growth opportunities for themselves while advocating for a quality education and life for their students.

- Professional Development/Staff Training - As part of the onboarding process, all new staff attends a week of training, including a session on our Families as Partners Program. New classified and certified staff learn how to build trusting relationships with their families and link learning in the classroom with learning at home. The session highlights how to communicate better, partner with families, and engage them as equal partners in the school community. In addition, the Student and Family Services Coordinators host sessions during Professional Development week about how to engage families in the classroom and gather feedback to plan activities. Each school has a full-time and bilingual Student and Family Services Coordinator.

- School Home Communication - Schools communicate information to families in a culturally sensitive way via the school's website, social media (Facebook/Instagram), and/or Parent Square. Schools also share information via traditional methods like a parent newsletter, robocalls, etc. Student and Family Coordinators have an open-door policy to ensure parents feel comfortable reaching out when they need support for their children and referrals for any social or medical services. All communication with families is done in English and Spanish (or any preferred language for the family), ensuring that any difficult or

complicated academic language is clearly explained in a culturally sensitive way. Translators are readily available during parent meetings, conferences, and workshops to ensure understanding and maximize communication.

- Community Partnerships - We leverage the expertise of our community partners, like Promotoras Comunitarias, Breese Foundation, and Central City Neighborhood Partners, to provide services and resources beyond academics.

- Health & Wellness - To serve the whole child and provide a continuum of care, we also provide access to mental health services, case management, community referrals, and parent support groups.

- Community Building - Each school offers opportunities to build community, like parent meetings called Coffee with the Leadership Team (or "Cafecitos"). The goal of the "Cafecitos" is for parents to learn, build community, and get updates about the school. During these monthly parent meetings, school leaders interact with families and parents get an opportunity to share concerns, ask questions, offer suggestions and provide feedback on topics covered. Other events include Open House, Math/Literacy Night, Back to School Night, and an organization-wide Parent Book Club. The annual book club is a unique opportunity for parents to model reading at home, build community with other families, and spend quality time with families from other school sites.

## **Types of Services Funded (Fiscal Year 2022–23)**

Camino Nuevo Charter Academy #2 offers after-school programming via our Expanded Learning Opportunity Program. Our ELO-P program is structured to provide a safe and supportive environment for our students that meets their developmental, physical, and social-emotional needs. Our program will incorporate elements such as adequate space indoors and outdoors for program services. Indoor areas used for the program will have adequate heat and light, room for storing belongings, and be equipped with materials to enhance learning opportunities. Recreational equipment will be plentiful and safe and under a safety review each quarter, or more often if needed to ensure safety of youth served. All program staff will be trained in safety, first aid, and trauma-informed learning practices as part of their onboarding. Since our afterschool program is located on our campus, we consider the afterschool program an extension of our school day and structure it as such. Offering the program on-site minimizes transportation barriers that could otherwise impact students who would not be able to participate. To enhance student learning we may offer enrichment field trips for students; transportation to and from offsite locations will be provided as part of the program.
