B. Selection Process for Board and Committee Members

The committee chair presented an updated policy and process for the recruitment of committee members and board members.

Committee job descriptions will be further defined for clarity of roles and responsibilities. The intention is to streamline the process to integrate committee members more quickly into committee meetings.

The addition of requiring a background check for board members was included and a topic of discussion.

Questions for the future that the CEO will investigate: as volunteers sign up for in school service, will they pay for their own background checks or will the school cover the costs? Will we honor background checks from other entities or will they be required to be taken

at our preferred service provider? What elements are disqualifying (that may come up in the background check)? More research is needed before coming to a consensus on this topic.

D. Wade made a motion to Accept all elements of the recommendations with the exception of the background checks (to be voted on at another time).
