Q9 - Additional comments, if any.

Additional comments, if any.

Shevon is FABULOUS!!

Shevon is a wonderful leader and example to us all.

I work in the Elementary Building, so my contact with the JH Principal is limited.

The School vision and direction are two separate things. I know what the vision is, but I think the demographic of the students we serve does not line up that. Academic excellence is not something that we see often in our students. We definitely see and work on that character development with them, and usually they grow in that regard.

Shevon is great principal, and a great mentor for students and staff.

Shevon is one of the best administrators I have ever worked with.....and I have worked with some incredibly powerful administrators. I have grown more as an educator under her tutelage than i have under any other leader.
