A. Opportunity for Public Comment

Anna Cash was in attendance. Anna schedules a community seed swap toward the end of February. She is wondering if we can move forward with the seed exchange.

Stephanie Mathers inquired if it could be a drive through. Anna is working on a website to do more online. There is more excitement with in person. They have discussed time slots. Many attendees are not technologically inclined.

Stefanie Zwycart is concerned about putting on an event when so many other things have been cancelled. Not typically possible to have it outside toward the end of February.

The Seed exchange in its traditional form would not be possible in February. Anna will explore options.

B. Opportunity for public comment on OPA Fee Schedule for school year 2021-2022.

Kasey, Stephanie, and Debbie reviewed updates.

- 92 Elementary students will be returning to in person learning for Semester 2. Classrooms are balanced throughout the grades, classrooms will be capped. Teachers are relieved to see the students returning. Kasey has not heard any teacher complaints. There is still a waiting list, but it is currently small.
- i-Ready MOY diagnostic and Acadience Reading assessment are underway.
- Reviewed quarantines. All quarantined individuals will return on Tuesday.
- 28 Junior High students are moving to in person learning. Students can move to online at any time.
- Credit Recovery is underway for 9th graders who lost credit semester 1.
- Stephanie has implemented a Help Room for students on their "off" day.
- Stephanie is pulling together a group of staff to explore the option of moving to 4 days/week for quarter 4. She will update the Board with information as it is explored.

B.

Quarantine Policy review and potential edits.

T. D'Hulst made a motion to table any changes to the quarantine policy.

S. Mejeur seconded the motion.

1. School manual updates. Our data supports the no quarantine if masked. Students at elementary are wearing masks. For lunch, when distances can't be maintained and everyone is unmasked, a seating chart must be maintained and followed, so we can contact trace easier rather than put out the whole class. There are concerns that the School Manual does not align completely with the CDC guidelines.

There is a concern that the playground contact is not traceable. We are concerned about the safety of the teachers.

2. Vaccines are safe and prevent seriousness of COVID, but the person may be infected and may be contagious - this is unknown. Health Department hasn't received guidance on vaccines. Jessica will inquire with the Health Department.

3. 90 day after recovery a person is considered immune.

The board **VOTED** unanimously to approve the motion.
