Everything is looking good, but will continue to monitor throughout the year and make sure we are hitting our plans. Expenses are trending a little high, but that is typical at this point in the year.

October 1 is the official count for revenue.

#### **B. Chromebook Purchase**

T. D'Hulst made a motion to to approve chromebook purchases with the vendor Trox.

Adding more touchscreen chromebooks to K2 to get inventory back to 1:1 in the Elementary. A lot of losses of devices from checking out devices during COVID.

#### **D. Wellness Program**

J. Howell made a motion to Wellness plan to use WellSteps for the amount listed.

M. Ward seconded the motion.

Wellsteps is a platform that we would like to use for our Wellness Program. It can do a lot more than we can do on our own as we have in the past. The incentives would be what we have already allocated into our budget. We would like to try it this year and our goal is to gain more participation from staff and help with insurance premiums moving forward

The board **VOTED** to approve the motion.

#### **E. Outdoor Learning Center**

Teresa Hislop applied for a grant last year to help with creating an outdoor learning center. Through much planning, we have decided to use outdoor space to build a pavilion with picnic tables that can be used by classes and the public.

This vote is just for the pavilion, not the tables. We just need to decide what we want it to look like. Everyone likes the look of the Sunshade version. But will need to follow-up with the vendor to make sure that it is structure safe.

This vote has been tabled until next time.

#### **IV. Administrative Report**

##### **A. Administrative Board Report**

After School Program - It's ready to start Monday, Sept 13.

- Elementary: All students who initially signed up is enrolled (56). With a ratio about 9 children to one adult. Very excited to get it started.
- Junior High is still looking for a couple more tutors, but is excited to get started.

BOY Assessments have begun

Oregon Coast Trip

- A big turn out of students and parents interested in going at the parent night
- Background checks and enough parent chaperones have signed up

- Discussed sharing information and details earlier to give parents more time to plan and get supplies together for the trip.

AVID

- Slowly implementing strategies into both buildings

Leader in Me

- The plan was to move forward to push to become a Lighthouse school. That is on hold for now as we prioritize other things.

Teacher Licensing updates

COVID

We are following guidelines from the health department. Updates on current school cases. We have the kits ready if we need to do Test to Stay. We are getting support ready if we need to move to online for students. Staff was very grateful for the approval to install air filtration in both buildings.

Enrollment

Numbers are looking good and we are continuing to add students.  
We are at a 89% retention rate.

## **B. Spain Field Trip Approval**

M. Swenson made a motion to Cancel the Spain Trip for the 21-22 school year.

T. D'Hulst seconded the motion.

Decide if we want to move forward with the Spain Trip. Preparations and fundraising will need to start now. There is a concern right now that participants will need to test positive in order to come home. This could be risky in that students/chaperones could get stuck over there. The trip occurs in April/May, which is a long way off and we don't know what is going to happen in the coming months. Would like to discuss an alternative possibly in the future.

The board **VOTED** to approve the motion.
