- Brenda

Login issues, so they will try again.

C. Finance Training

Major Points presented by Spencer Adams

Budget Summary

- Takes the detail and condenses it down.
- Separated into revenues and expenses
 - Broken down into big categories
- Revenues
 - Local - What the school collects itself. Ex: fees, donations. Mostly unrestricted.
 - State - Largest category, majority is restricted
 - Federal - all restricted
 - Difference is federal will come as an reimbursement. State will come in monthly allotments. (There are few
- Expenses
 - 8 major categories, EX: salaries
- Approved budget is what the board approves prior, and Forecast is what we are projecting.
- Revenues to Expenses for each month graphed
- Key Ratios we track
 - Where we are vs our goal
 - Bond covenants (making sure we don't go below)
- Cash Balance
 - Compare restricted to unrestricted
 - cash days on hand
- Enrollment
 - Majority of revenue is tied to enrollment
 - WPU - weighted pupil unit. (differs depending on the grade level).
 - ADM - average daily membership (Not attendance, but who is enrolled).
 - Oct. 1st Count is important

Board will approve the budget two times a year:

- approves prior - the original
- approves final budget at the end of the year
 - Then there will be an audit
- Actual expenses cannot be greater than the final approved budget. That is why we add a buffer, in case of any last-minute items that are added in.

Question:

- Any ideas of what the WPU will be in this upcoming legislation season?
 - USBE is requesting increase of 6 and Governor Cox in the past has increased it

D.

Panic Buttons

S. Zwygart made a motion to approve the request to purchase a panic button system up to \$57,380 pending the grant.

B. Lucas seconded the motion.

New legislation on safety upgrades that schools need to make.

- Funding is included in a grant, but not anticipating that it will cover all the costs.
- We had a Needs Assessment in the Fall
- Application for the funding is due this month

Panic Button cost should go into this grant.

- All employees have to have a wearable panic button
- Discussed the comparison chart
 - Major things we wanted
 - We wanted location for where the button is
 - We wanted it wifi and cell compatible
 - Discussed our current recommendation - Kokomo
 - Not planning to get it immediately get it - we need to wait for the grant money. But it is one of our higher priorities.
 - But would like to have an idea moving forward of what we would like.

Discussed:

- Should we share with our families all the safety upgrades that we have?
 - There is a risk of what you publicize, and there are strict rules of what cannot be shared.

The board **VOTED** to approve the motion.
