<i>Workshop Purpose</i>	
How will this workshop enhance the performance of charter schools?	<p>Our last Board Retreat was in February 2021, with Carol Wishcamper, who is a trained facilitator for Board Development. Unfortunately, Carol has since retired, however, she has recommended some colleagues we can work with. After interviewing such candidates and reviewing the qualifications of such candidates with the Board of Directors, they have selected a candidate, Joanne D'Arcangelo, and we have included the proposal in our request.</p> <p>In the aftermath of the Pandemic, the Board feels that it is imperative to re-vision our organization. What remains important to us, what do students need now, who are we and what key elements continue to define us? We would love to continue this revisioning work to crystalize our 2024 – 2026 planning goals.</p>

	As always and in Fiddlehead fashion, we will be sharing and working with our talented staff, as well as the families within our community.
