## V. Presentation(s)

### A. SY2023-24 Annual Report Review and Discussion with Commissioner Makin

**\*\*\*Commissioner Makin will join at 2:30\*\*\***

Lana informed the Commission that she and Commissioner Makin met to go over the report in detail prior to the meeting.

Lana summarized the report highlights as follows:

Demographics:

- This year there were 2,717 students enrolled in the Charter School portfolio which is an increase from last year but is less than 2% of all Maine students. Schools are meeting their contracted enrollments and have wait lists.
- The Charter School students come from 143 districts and 300 cities, towns and unorganized territories.
- 23% of the students have an IEP and overall, 44% are from economically challenged families while there is variation among schools on this statistic.

#### Charter School Strengths:

- Student retention and persistence is high which is an improvement from past years.
- Students in 8 of 9 charter schools are meeting expectations for proficiency in reading on the State assessment and are either at or above the state average.
- 6 of 7 schools meet or exceed the State High School Graduation rate goal.
- Seniors in 6 of 7 schools meet or exceed the Community College benchmarks for readiness in math and reading on either the Accuplacer or SAT exams.
- In the annual Panorama survey, family satisfaction is high, scoring in the 90-99% positivity range nationally.

#### Charter School Areas to Grow

- Math - Half the schools are either approaching or not meeting expectations in math, so this is an area of focus for the schools.
- Attendance - Half the schools are above the State average for chronic absenteeism, so the schools are also focused on improving this metric.

## **VI. Executive Director/Commission Staff Report**

### **A. School Updates**

Harpswell Coastal Academy has officially dissolved as a 503(c).

Lana reported the staff is on track with activities as presented in the workflow calendar. Tom inquired about the review of differences between public and public charter school requirements for teacher certifications. Lana confirmed this project is on the work plan.

Lana reviewed the detailed timeline for the New School Application Review Process.

Mid-Year Meetings with school administrators and board members have started. The focus of the meetings is on (1) areas where schools are not meeting expectations on the performance framework and (2) progress on the short-term goals discussed in the fall professional development sessions. Reports will be provided in detail to the School Performance Committee and in summary form to the whole Commission in March.

The November Commission meeting conflicts with Veteran's Day on the 11th, so Lana proposed holding the meeting on November 18th. This will be a future agenda item for official action in addition to a vote on whether to hold a July meeting.
