III. Reports

A. Education Committee

Shan reported about weekly meetings with Amber. They discussed about methods of blending Waldorf teaching with OK state standards in a very thorough spreadsheet. This document will be available for teachers to use. Amber and Shan developed themes as teaching topics and then listed the different Waldorf methods and ideas for each theme, as well as what time frame it is addressed in class. They also discussed how teachers will be involved with festivals, and assessments.

Stacey visited the Austin Waldorf School. She visited a 1st grade classroom and saw how they started their school day. She attended an all school assembly and saw the 2nd and 5th grades demonstrate (recite) to the whole school what they have recently learned. She saw how an elementary math class was taught- through teacher speaking and knocking out a count. She sat in on a class doing wet on wet painting while listening to a teacher led story. She visited an elementary handwork class, middle school strings class, sand sculpture classroom - so much artistic expression. Three words about the students at this school - engaged, attentive, confident.
