IV. Financial Committee Report

A. November 2025 Financials

The Finance Committee provided an overview of the school's financial position and key risk considerations. The Committee noted that delays in CSP drawdowns continue to pose a risk for charter schools statewide, including Simple Vue Academy; however, the Committee reported that Nandi and the leadership team are actively managing and mitigating this risk.

The Committee shared that QBE funding has been adjusted based on enrollment, as anticipated. It was noted that the resulting revenue change had been planned for in advance, and that CFO's financial forecast was largely accurate in projecting this adjustment.

The Committee reported a net surplus for the month of November, attributable to the receipt of RedefinED grant funds. The Committee also noted that federal funds must be fully drawn down prior to June 30, 2026. Updates were provided regarding Title funds and IDEA funding, with final allocation amounts expected to be confirmed in February. No action was taken following the report.

B. Fundraising Update

The Finance Committee shared that Board members can expect outreach from Ajuah in the coming weeks regarding individual fundraising progress.

The Committee noted that planning for future fundraising initiatives following the upcoming brunch event has not yet taken place and will be addressed at a later date. No action was taken.
