**Equivalency Credit Opportunities**

Prior to course scheduling or course registration for the next school term, the district will provide information to students and their parents or legal guardians about meeting credit-based graduation requirements through equivalency courses.

**Experiential Education Opportunities**

The district may grant credit, including high school graduation credit, for school planned or approved learning experiences which may be conducted away from the facilities owned, operated, or supervised by the district or conducted primarily by individuals not employed by the district.

To grant credit for such experiences, a proposal for approval of credit must be submitted to the district's designated team.

The proposal shall include the following elements:

- a) Name of program or planned learning experience;
- b) Length of time for which approval is desired;
- c) Objectives of the program or planned learning experience;
- d) Which one or more of the state learning goals and related essential academic learning requirements are part of the program or planned learning experience;
- e) Description of how credits shall be determined (completion of a district-defined course or satisfactory demonstration of proficiency or competency in the related state learning standards in accord with WAC 180-51-050(1) and WAC 180-51-051;
- f) Content outline of the program and/or major learning activities and instructional materials to be used;
- g) Description of how student performance will be assessed;
- h) Qualifications of instruction personnel;
- i) Plans for evaluation of program; and
- j) How and by whom the student will be supervised.

Approved experiences may include, but are not limited to, the following: School planned or approved learning experiences such as travel study, work study, private lessons, and education programs sponsored by governmental agencies.

**Career and Technical Education Courses Provided by the District**

~~Until September 1, 2021 the district will offer high school students with the opportunity to access at least one career and technical education course that is considered a statewide equivalency course as determined by the office of the superintendent of public instruction under RCW 28A.700.070.~~

On or after September 1, 2021, any statewide equivalency course offered by the district or assessed at a skill center will be offered for academic credit. Any approved state and local equivalency course offered by a host district in a skill center in which the district participates under an interdistrict cooperative agreement will be honored as an equivalency course by the district. Students served at any core, branch, or satellite skill center campus must have access to academic credit for any approved local or state equivalency courses offered at those sites and in accordance with transcript requirements in RCW 28A.230.097.

**Medical Lake School District Board Policy****2413****2**

The district ~~will~~ **may** also adopt local course equivalencies for career and technical education courses that are not on the list of courses approved by the superintendent of public instruction under RCW 28A.700.070.

Each high school ~~shall~~ **will** adopt core academic course equivalencies for high school career and technical courses, provided that the career and technical course has been reviewed and approved for equivalency credit by a district team appointed by the superintendent or a designee.

The district team ~~shall~~ **will** include a school administrator, the career and technical administrator, an instructor from the core academic subject area, an instructor from the appropriate career and technical course, a school counselor and a representative from the curriculum department.

Career and technical courses approved for equivalency must meet the following criteria:

- A. Align with the state's essential academic learning requirements and grade level expectations; and
- B. Align with current industry standards, as evidenced in the curriculum frameworks. The local career and technical advisory committee shall certify that courses meet industry standards.
- C. Recorded on the student's transcripts as the academic course the equivalence credit fulfills.

**Mastery/Competency-Based Credits**

The mastery/competency examination must be offered in a proctored setting with appropriate technology. The district will approve the site(s) where the examination is offered, which could include individual schools, district buildings, community colleges, universities, education service districts, or other community settings. A student may take the examination for competency. The district will award credit based on the highest examination score.

The student will be responsible for the cost of taking a competency examination. The district will offer financial assistance to students who demonstrate need, such as qualifying for free or reduced lunch.

The district will receive official test results for each student who takes a competency examination. The district will provide a letter to the student with a copy of the test results and an indication of how many credits the student will be awarded. Credits awarded will be recorded on the student's transcript with a grade of "Pass."

**Elective Credit for Paid Work Experience**

Students ages 16 and older may earn up to two elective high school credits through paid work experience according to the requirements contained in chapter 28A.600 RCW, which include pre-approval of a proposal and assessment of the student's grade-level proficiency on the state financial education learning standards. Credits earned through this policy do not restrict students from earning additional credits through cooperative worksite learning (WAC 392-410-315) through mastery/competency policy.

Students who are legally eligible for paid employment may earn elective credit for paid work experience. Students who meet the requirements below as determined by the appropriate school official will be awarded one-half elective credit for each 180 hours of paid, verified work experience. Students may earn up to a maximum of two elective high school credits through this process.

**Medical Lake School District Board Policy**

2413

3

In order to be eligible to receive elective credit, the student's High School and Beyond Plan must be updated to reflect the paid work experience. In addition, the student's paid work experience must be approved in advance and in writing by the school counselor, principal, or principal designee. Approval is contingent upon the student's submission of the following information:

- Identification of the work-based sponsor (employer) who will serve as the point of contact for the employer and participate in supervising the student during the student's employment;
- A student narrative describing how the paid work experience will enable the student to develop the knowledge and skills necessary to meet the goals of basic education, including those essential to understanding the importance of work and finance and how performance, effort, and decisions directly affect future career and educational opportunities as provided in RCW 28A.150.210(4); and
- A plan for demonstrating or otherwise assessing the student's:
  - Grade-level proficiencies on the state financial education learning standards for employment and income or financial decisions as provided in the state financial education learning standards adopted in RCW 28A.300.469; and
  - Growth in proficiency in meeting the state financial education learning standards that occurred between pre-work and post-work experiences.

The hours worked may occur during a student's school day, outside of the regular school calendar, or in accordance with WAC 180-51-050 and 180-51-051. The district will verify the number of paid hours worked by the student at least once per term.

**Courses taken before attending high school**

The district will award high school credit for computer science courses taken before attending high school if either of following occurs:

1. The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or
2. The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit because the course is similar or equivalent to a course offered at a high school in the district determined by the board.

Students who have taken and successfully completed high school courses under the circumstances above shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

**Computer Science Courses****AP Courses**

The board will approve Advanced Placement (AP) computer science courses as equivalent to high school mathematics or science, and may be used by a student to meet math or science graduation requirements. The superintendent or designee will adopt procedures to denote on the student's transcript that AP computer science qualifies as a math-based quantitative course for students who complete it in their senior year.

**Medical Lake School District Board Policy****2413****4****Mastery/Competency-based credits**

The district may award academic credit for computer science to students based on student completion of a competency examination that is aligned with the state learning standards for computer science or mathematics and course equivalency requirements adopted by the office of the superintendent of public instruction (OSPI).

To receive mastery/competency-based credits for computer science, a student must take a competency examination that OSPI has found aligns with the state learning standards for computer science or mathematics and that aligns with course equivalency requirements adopted by OSPI. The number of credits awarded will be based on the student's performance on the competency examination.

## **PREAMBLE**

Pursuant to the conditions set forth in the Educational Employment Relations Act, RCW Chapter 41.59, this constitutes an Agreement between the Medical Lake School District No. 326, hereinafter called “District,” and the Medical Lake Education Association, hereinafter called the “Association” or MLEA.

# ARTICLE I – RECOGNITION AND AGREEMENT

## Section 1 – Recognition

The District recognizes the MLEA as the exclusive bargaining representative for all regular contracted, certificated employees except for the following exclusions:

1. Superintendent
2. Central Office Administrators
3. Principals and Assistant Principals
4. Athletic Director, when that position is full time
5. Department Directors and Department Supervisors, including special education and alternative learning.
6. Any other employee who has a preponderance of supervisory duties and functions pursuant to RCW 41.59.020(d) and who works half-time or more per week on a continuing basis, whose duties and functions are separate from a classroom or teaching assignment.

When used hereinafter, the term “certificated employee” or “teacher” shall refer to all regular contracted certificated employees represented by the Association in the bargaining unit.

Elementary school Teacher on Special Assignment (TOSA) positions shall be represented by the Association, but are excluded from the transfer policy in Article VII Section 3 of this agreement.

The following substitutes will be considered members of the bargaining unit: (1) those substitutes who have worked more than thirty days within the current or preceding school year and who continue to be available for employment; and (2) those who work twenty consecutive days during the school year. The following sections of the Agreement will apply to substitutes who are members of the bargaining unit: Article V, Section 2 (Substitute Contracts)

## Section 2 – Contract Compliance

All individual certificated employee contracts between the Board and an individual certificated employee heretofore executed shall be subject to and consistent with the terms and conditions of this Agreement. If any individual certificated employee contract contains any language inconsistent with this Agreement, this Agreement during its duration shall be controlled. Rules, regulations, or practices of the District, not in conflict with this Agreement, shall be in full force.

## **Section 3 – Conformity to Law**

This Agreement shall be governed by the Constitution and Laws of the United States, the Constitution and Laws of the State of Washington, and the Rules and Regulations of the Washington Administrative Code. If any provision of this Agreement shall be found contrary to law, such provision or application shall have effect only to the extent permitted by law; all other provisions of the Agreement shall continue in effect. Any provisions of this Agreement, which are contrary to law but become legal during the life of this contract, shall take immediate effect upon the enactment of such legislation.

## **Section 4 – Nondiscrimination**

The provisions of this Agreement shall be applied equally to all employees without discrimination as to age, sex, marital status, race, color, creed, national origin, religion, political affiliation, personal and private life or the presence of any disability, unless such factors prevent the employee from performing the duties of the position. The District agrees not to interfere with the rights of employees to become members of the Association. There shall be no discrimination, interference, restraint, coercion, or harassment by the District representative against any employee. The Association recognizes its responsibility as bargaining agent and agrees to represent equally all employees in the bargaining unit without discrimination, interference, restraint, coercion, or harassment.

## **Section 5 – Individual Contracts**

Each employee shall be issued an individual employment contract, which shall be in conformity with Washington State law, State Board of Education regulations, and this Agreement. The District may issue a letter of intent for employment for the following school year prior to completion of or during good faith negotiations to determine the number of employees planning to return.

The employee will be issued the original contract, which is to be signed and returned to the District. After contracts have been approved by the Board of Directors, a copy of said contract will be returned to the employee.

A certificated employee shall have ten (10) work days to sign and return his/her contract after receipt of the contract, or the employee will have forfeited employment rights.

An employee under contract shall be released from the obligation of the contract upon request under the following conditions:

1. A letter of resignation must be submitted to the Superintendent's Office.
2. A release from contract, prior to June 15, shall be granted, provided a letter of resignation is submitted prior to that date.
3. A release from contract shall be granted after June 15, provided a satisfactory replacement can be obtained. (The replacement must be found, be available and ready for contract before the release will be granted.)
4. A release from contract shall be granted in case of illness or other personal matters that make it impossible or impractical for the employee to continue in the District.

Except for major physical or mental disability, the teacher should plan his or her retirement to coincide with the end of the school year. This practice would be in the best interests of the students and educational program.

## **Section 6 – Employment of Certificated Employees**

The District shall in all instances employ certificated employees who have proper credentials in accordance with applicable state laws, Washington Administrative Code, and by other requirements as specified by the Office of the State Superintendent of Public Instruction.

## **Section 7 – Distribution of Agreement**

- A. No later than thirty (30) days after the ratification and signing of the Agreement, the Association shall provide the District with a final proof of the Agreement for electronic distribution.
- B. There shall be two (2) signed copies of the final Agreement for the purpose of records. One (1) shall be retained by the District and one (1) by the Association.
- C. The Agreement will be distributed electronically unless otherwise mutually agreed upon by the parties.
- D. The Agreements shall be posted on the Medical Lake School District website.

## ARTICLE II – ASSOCIATION BUSINESS

### Section 1 – Dues Deduction

On or before August 25 of each school year, the Association shall give written notice to the District of the dollar amount of dues and assessments of the Association, including the National Education Association and the Washington Education Association, which dues and assessments are to be deducted in the coming school year under all payroll deduction. The total for these deductions shall not be subject to change during the school year.

The deductions authorized above shall be made in twelve (12) equal amounts from each paycheck beginning the pay period in September through the pay period in August of each year. Staff who commence employment after September or terminate employment before June shall have their deductions prorated. The District agrees to remit directly to the Washington Education Association all monies so deducted, accompanied by a list of teachers from whom the deductions have been made. A duplicate list shall be provided to the Association as receipt for said transaction. On or before the monthly pay period, the District shall notify the Association of any changes in said list due to teachers entering or leaving the employ of the District.

The employee may terminate their membership in the Association by submitting a membership cancellation request to the Washington Education Association. Upon receipt, the WEA will notify the District Payroll office of the cancellation. An employee's membership in the Association will continue year-to-year unless otherwise canceled by the employee.

The Association agrees to reimburse any teacher from whose pay dues and assessments were deducted, those sums in excess of the total amount due to the Association at that time, provided the Association or its affiliate actually received the excessive amount.

The Association will indemnify, defend, and hold the District harmless against any claim made and any suit instituted or judgment rendered against the District resulting from any deduction of Association dues. The Association agrees to refund to the District any amounts paid in error because of the dues deduction provision. In the event of any suits against the District relative to dues deductions, the Association shall select the attorney(s).

### Section 2 – District/Association Meetings

Meetings between the District and Association will be scheduled as necessary at the request of either the Superintendent or the MLEA President. The Superintendent or their designee(s) shall meet with the Association President and other Association designees. This is in no way intended to impede the grievance process.

## **Section 3 – Use of District Facilities**

The Association shall have the right to post notices of activities and matters of Association concern on the bulletin boards in each faculty lounge of each building in the District.

The Association shall have the right to use the intra-district mail and e-mail service and teacher mailboxes for Association business. All materials emanating from the Association for the bulletin board or for the mail service must be labeled as official Association materials and must bear the name(s) of the originating officer(s).

The Association will have the right to use District office equipment at reasonable times when such equipment is not otherwise in use providing that the cost of consumable supplies such as paper, etc., is rebated to the District provided the use is consistent with legal requirements.

The Association will be granted the right of using school district facilities for meetings provided arrangements for use of such facilities are made with the Principal of the respective building (see "Community Use of School Facilities" policy).

The President will be provided the agenda for regular and special Board of Directors' meetings. The preliminary School Board agenda will be sent to each building representative to post in each faculty lounge. It is the responsibility of MLEA to notify the District Office of the names of building representatives for each school year.

MLEA representatives do not need the prior consent of Building Principals/Supervisors to talk to teachers and may talk to them providing the educational process is not disrupted. Other Association representatives may be permitted in the building with the prior knowledge of the Building Principal/Supervisor and by teacher request.

## **Section 4 – No Strike – No Lockout**

The parties agree that during the term of this Agreement there shall be no strike or other economic action by the employees or the Association. There shall be no lockout or other economic action by the District. However, both parties reserve full rights of economic action including strike or lockout when both parties mutually agree to reopen this Agreement for negotiations. Both parties reserve full rights of economic action including strike or lockout at the expiration of this Agreement.

Further, it shall not be a violation of this Agreement nor shall any employee be disciplined or discriminated against for refusing to cross any lawful picket line while performing their duties.

# ARTICLE III – WORK SCHEDULES

## Section 1 – Employee Work Year

The employee work year shall consist of the number of days mandated by the state. Any extension or deduction of contract days shall be computed at the regular daily rate of the employee.

The following positions have supplemental contracts as listed below (as per RCW 28A.400.200):

School Psychologist	10 days
Speech/Language pathologist	10 days
OT/PT	10 days
Elementary-Counselor	5 days
Middle and High School Counselor	10 days
Special Education Teachers	10 days, with 5 conducted before the school year

These days will be scheduled in collaboration with the building principal and/or program supervisor.

Time sheets are to be kept for dates and hours for the above. If additional days are needed the employee will need prior approval from the Building Principal or Department Supervisor.

The Air Force Jr. ROTC program requires the Jr. ROTC instructor at Medical Lake High School to work ten (10) months; therefore, the Jr. ROTC instructor will work 210 days.

## **Section 2 – Work Day**

The starting and dismissal times, which may vary from school to school, shall be determined by the Board. The length of the assigned work day shall be substantially the same for all teachers and will consist of an average of seven and one-half (7½) consecutive hours including thirty continuous minutes duty-free lunch. Work schedules may be altered by the District if major changes are made to the schedule of a specific school (i.e., changes needed to comply with State law or WAC's if needed for double shifting, going from 7 to 6 periods, 6 to 7 periods, etc.)

Staff members shall attend the scheduled meetings of their school or scheduled meetings called at the direction of the Superintendent. Scheduled faculty meetings of the schools will be held before school and shall end at least 10 minutes before the scheduled student arrival time. Faculty meetings after school will be held within the half-hour provision. No more than two mornings per week shall be used for meetings, except IEP meetings.

The Association and the District recognize that the employees spend time outside of building hours for adequate preparation for instruction, for pupil and parent consultations, and in attendance at various co-curricular functions, such as graduation, back to school night, open house, music programs, IEP meetings, etc. The aforementioned activities are consistent with the performance and traditional expectations of professional employees.

The Association and the District also recognize that there are worthwhile activities that are beyond these traditional expectations; these may include, but are not limited to, Reading Festivals, 6th grade and Freshman transition nights, curriculum nights, etc. Certificated staff may claim additional hours for participating in these activities with the approval of their administrator.

## **Section 3 – Calendar and Emergency Closure**

The Association will survey the teachers as to their preferences concerning the school calendar and provide input to the Superintendent by the regular March Board meeting. The school calendar will be compiled after receiving input from the Association. If emergency closures necessitate deviation from the school calendar, the Association will be consulted prior to determination of calendar changes. In the event of school closure by state or local agencies because of health or safety reasons, with S.P.I. determination that time need not be made up, the closure will be at full remuneration and benefits.

# ARTICLE IV - CONDITIONS OF WORK

## SECTION 1 - ORIENTATION OF STAFF

At the annual meeting of all employees prior to the opening of school for students, the president of the Association shall have the opportunity to address the employees.

In the formal program provided by the District for the orientation for new employees, there shall be opportunity for participation by Association representatives who are employees of the District. The District will notify the MLEA president of the time and location for the new staff orientation.

The names of all employees, their buildings, and their grade and subject assignments shall be given to the MLEA president by November 1st.

## SECTION 2 - STAFF TRAINING AND DEVELOPMENT

It is recognized that an effective staff development program is necessary to provide continuing opportunities for the professional growth of certificated employees. Staff development shall be determined by activities outlined in individual building improvement action plans and district action plans and shall be developed jointly by school district administration, staff, parents and community members.

Staff development activities shall cover the following areas: 1) workshops and classes designed to meet student needs and, 2) consultant and material assistance for staff involved in curriculum innovation and change.

In the implementation of new curriculum, the district may develop and implement an in-service training program for any certificated employee(s) who will be responsible for the new curricular program.

The District shall provide a Beginning Educator Support Program (BEST) to help mentor teachers in their first three years in the profession; to include teachers in their first year of a new assignment, or their first year in the Medical Lake School District with at least three years of successful teaching experience in Washington State.

A teacher with at least three years experience who is assigned a new position will be provided a Beginning Educator Support Program (BEST) mentor at the request of their administrator.

## SECTION 3 - CLASS SIZE

The District agrees to the following class loads for all teachers at the following levels:

- Preschool 20 per session with a full time Paraeducator
- Developmental Preschool 13 per session with a full time Paraeducator
- Transitional Kindergarten 20 with a full time Paraeducator
- K-1 22
- 2 23
- 3 24
- 4 25
- 5 26
- 6-8 28
- 9-12 30
- 6-12 Math Support 20
- 6-12 Reading Support 2

### Preschool through 5th Grade Class Size Overload

For grades preschool through fifth, after the tenth day of school when a class, section or session exceeds the class size limit, a central administrator, building principal, and the affected teacher will meet to resolve this issue with one or more of the following options:

- adding another section of that level
- offering a transfer of the student to another classroom or building
- adding one hour of daily paraprofessional time
- increasing weekly prep time by ½ hour
- increasing instructional pay by 1 hour per week per student over the class size limit. These hours shall not be prorated.

The final decision to hire an additional teacher rests with the District. As much as possible, class size between different sections of the same grade level should be equal.

The District may accept Choice students over the class limit when it will assist in increasing enrollment to the point of hiring a teacher. The decision to accept Choice students over the class limit will be made by the sixth day of school.

### 6-8 Class Size Overload

If any class in grades 6-8 exceeds 28, then the average of all core classes will be computed. If the average is 25 or more a central administrator, building principal, and affected teacher will meet to resolve this issue with one or more of the following options:

- Adding another section
- Offering a transfer of student(s) to another class
- Adding one hour of daily paraprofessional time

- Increasing instructional pay by 1 hour per week per student over the class size average. For this purpose, fractional FTE would be rounded up to the next whole FTE. This pay will be retroactive to the first day of overload.

MS PE/Health classes will be provided additional paraeducator support during the weeks of classroom Health instruction.

The final decision to hire an additional teacher rests with the District. As much as possible, class sizes between different sections of the same grade level and/or courses should be equal.

### **9-12 Class Size Overload**

If any class in grades 9-12 exceeds 30, then the average of all classes will be computed. If the average is 27 or more a central administrator, building principal, and affected teacher will meet to resolve this issue with one or more of the following options:

- Adding another section
- Offering a transfer of student(s) to another class
- Adding one hour of daily paraprofessional time
- Increasing instructional pay by 1 hour per week per student over the class size average. For this purpose, fractional FTE would be rounded up to the next whole FTE. This pay will be retroactive to the first day of overload.

The final decision to hire an additional teacher rests with the District. As much as possible, class sizes between different sections of the same grade level and/or courses should be equal.

### **Elementary Combination Classes**

Elementary combination classes shall be capped at a maximum of 21 students. Combination teachers shall receive a stipend of \$4,800 per year.

### **Secondary Large Group Instruction**

At the secondary level, large group instructional programs are excluded from the above limits. Career and Technical Education class sizes will not exceed student workstations assigned to that class, i.e. work stations that exist in classes where instruction is largely dependent upon the use of special equipment, machines, or other mechanical/electronic devices of a highly individualized nature.

### **Students with IEPs**

If the composition of any one class(es) is heavily impacted by more than 25% of the students being served by the resource room, the District will add additional paraprofessional time to be determined by the IEP team. For preschool, any section with 25% or more students with IEPs will receive additional paraprofessional support for the entirety of that section.

The District recognizes that students with IEPs require extra effort and time. The District assures that the respective building principals will balance such students within each grade level, considering each teacher and work within the constraints of the class size policy. Furthermore, before a change of placement occurs for a student with an IEP, the team will meet to determine the needs of the student.

## **SECTION 4 - PREPARATION TIME**

The District will provide each full-time certificated employee at least two hundred twenty-five (225) minutes of preparation time during each instructional school week which shall include but not be limited to, at least one thirty (30) minute block, daily, and excluding blocks of less than fifteen (15) minutes, exclusive of the duty-free lunch period and half-hour before and after school.

Consideration will be given to itinerant staff schedules to accommodate appropriate travel time between building obligations. No less than 15 minutes for in-town travel and 30 minutes for travel to/from Michael Anderson Elementary from an in-town school will be scheduled. Travel time shall not be included as a part of prep time for an itinerant staff member.

Significant attempts will be made to:

1. Schedule five (5) minutes of passing time between elementary specialists' classes for the preparation of materials and/or consultation with students/teachers on discipline matters, and if not an option, then
2. Schedule back-to-back grade level classes for special classes, especially those that are highly impacted with differing material requirements from grade level to grade level, i.e., art and music, when the scheduling of back-to-back classes does not conflict with other building needs.

During the time before and after school when classroom teachers are required to be in their classroom for supervision of students, the specialist may be required to assume other responsibilities.

Preparation time shall not be assigned to other duties without consent or request of the teacher.

The District shall provide a minimum thirty continuous minutes duty-free lunch period pursuant to state law.

Teachers shall not leave their building during class or preparation periods without getting approval in advance of the building principal.

The District and the Association concur the professional usage of preparation time will benefit the instructional program. It is recommended the preparation period be devoted to duties of benefit to the teacher and the educational program of the District.

Special Education case managers may have up to five (5) days of release time per school year for the completion of IEPs and other related paperwork. For teachers who serve as a case manager for more than 20 students (for a significant period of time), there will be an additional two (2) release days offered. The release days discussed in this paragraph must be coordinated with the building principal. Should a special education teacher elect not to use these release days, they may be cashed out at the current personal leave rate.

## **SECTION 5 - STUDENT DISCIPLINE**

The primary responsibility for discipline rests with the teacher and the administration. The district will support and uphold certificated classroom teachers in their efforts to maintain reasonable student behavior

The District agrees to provide a timely response to the concerns of teachers about specific student discipline problems. In instances where a teacher has sent a student to the office for disciplinary reasons, there will be a follow-up from the office in either verbal or written form to advise the teacher as to the action taken by the office.

Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal or designee and the teacher have conferred (RCW 28A.600.020).

The District will attempt to have information available for teachers concerning applicable federal, state and local laws, district rules, regulations and policies pertaining to student rights, teacher rights, due process, and the processing of student discipline incidents. The district will provide copies of such laws, rules, regulations, and policies to teachers upon request.

## **SECTION 6 - EMPLOYEE FACILITIES**

In order to permit certificated employees to have access to their respective work areas after regular school hours for the occasions that staff members wish to work in their stations, appropriate keys may be checked out from the building principal.

The District will make provision for the following facilities:

1. Space for storage of instructional materials and supplies
2. Equipment and supplies for the preparation of instructional materials
3. A faculty lounge

4. Desk and chair for each teaching station
5. Well-lit and clean restrooms, separate from student restrooms
6. A telephone in each faculty lounge and classroom.

## **SECTION 7 - NON-INSTRUCTIONAL DUTIES**

The District will not require teachers to supervise loading or unloading buses except in those instances where the teacher is supervising his/her class in a special activity. (This does not imply that teachers will not accompany students to the bus.)

Principals will provide time during the workday for mandatory trainings (SafeSchools) to be completed by September 30 of each year.

## **SECTION 8 - INSTRUCTIONAL SUPPLEMENTAL MATERIALS/PERIODICALS**

The District will provide no more than one periodical per student in grades K through twelve. The determination of the selection will be at the building level. The District is not responsible for any periodical ordered by the teachers.

## **SECTION 9 - STUDENT TEACHERS**

Student teachers from teacher training institutions in Washington state will be placed in accordance with agreements mutually arranged between the district and the teacher training institution. The District adheres to the following regulations in the placement of student teachers with certificated staff:

1. Student teachers are not placed with teachers during their provisional period.
2. No more than one student teacher will be placed with any one staff member during a school year unless approved by the staff member and the superintendent.
3. The responsibility for assignment and coordination of the student teacher program shall be the superintendent or his/her designee.
4. No teacher will be assigned a student teacher without his/her prior consent of such an assignment. When possible, such assignment shall be announced at least two weeks before the student teacher's arrival.
5. The teacher shall receive the honorarium provided by the college or university for supervising a student teacher.

## **SECTION 10 - JOB SHARE**

A job-sharing assignment is a shared performance of the duties of one full-time, regular position by two employees. The District and MLEA recognize benefits for employees, as well as the

district, can result from job sharing. Employees wishing to establish a new or continue an existing job share position must submit a request to the Superintendent, or designee, by May 1. The District will determine, in a timely manner, whether to honor the request.

Before requesting a job share, the following steps need to be completed by the employees:

1. Employees will meet with the building principal/supervisor to decide if the position can be shared effectively. This will include a discussion of teaching methods and educational philosophies, discipline philosophies, classroom management techniques, etc. The purpose of this discussion is to determine the compatibility of the two employees to assure the success of the job share.
2. The employees and the supervisor will need to develop an agreement on issues including, but not limited to: planning time, parent conferences, attendance at district meetings, first and last day of school, early release/late start days, completion of reports, MDT's/IEP's, membership on district committees, etc. The goal of this agreement is to foster intra-team communication and to support the quality of the program offered through job share arrangements. It is understood that each member of the job share is expected to meet the regular extra duties of a full-time employee.
3. Employees will establish a work schedule that meets with the approval of the building principal/supervisor.

Employees in a job share position will:

1. Receive a contract with the salary based on his/her portion of the time shared (i.e., half time = half salary.)
2. Receive experience increments as recognized by the statewide allocation schedule (i.e., 91 days = .500 year of experience)
3. Be allowed to substitute for each other at the normal substitute pay rate or by exchanging work hours (principal/supervisor approval required)
4. Be allowed to request a transfer back into a full-time position under the Assignment, Transfer, and Vacancies language.
5. Sign an "Agreement with Job Sharing Participants"

It is extremely important that all parties work together to resolve any issues as they arise during the year to maintain the quality of the instructional program. Each year, before the May 1 job share request date, the building principal/supervisor will meet with members of the job share team to review the success of the job share.

If a job share dissolves because one of the employees moves to a full-time position, resigns, goes on leave, etc., the district will meet with the remaining employee to review the employment options (go to full-time, seek new job share partner, transfer to another position, etc.) If no agreement can be reached between the employee and the district, the district reserves the right to transfer or reassign the employee.

Job sharing is intended to be available to current employees. However, it may be impossible for specialists or others with limited or no peers in the District to find another with whom to job share. In these cases, the District will consider exceptions which allow a job share with a new employee.

NOTE: For purposes of assignment and transfer, each job share will be considered one unit as the senior employee's seniority will be used. For purposes of R.I.F., each employee in a job share will be considered individually.

After conferring with the teachers involved the decision whether to grant or discontinue a job share rests with the building administrator.

  4. An additional observation by a different evaluator.

5. Nothing prohibits an evaluator from evaluating any or all teachers as Distinguished based on the evidence within a school year.
  1. All evidence, measures and observations used in developing the final summative evaluation score must be a product of the school year in which the evaluation is conducted.
7. Upon completion of an evaluation by the principal or other evaluator, the employee shall be provided with a copy of the summative evaluation report within three (3) days.
8. The teacher will sign two (2) copies of the Final Summative Evaluation Report. The signature of the teacher does not, however, necessarily imply that the teacher agrees with its contents. The teacher shall have the right to attach any comments to the evaluation report. This may be done at the time the employee receives a copy of the report and prior to the report being forwarded to the District Personnel Office; or the comments may be forwarded to the Personnel Office within seven (7) school days following the evaluation conference

**Comprehensive Evaluation Summative Score**

A classroom teacher shall receive a summative performance rating for each of the eight (8) state evaluation criteria. Each teacher's criterion scores are established using at least 50% of the components from each criterion and 100% of the student growth components as per RCW 28A.405.100, WAC 392-191A-080 and WAC 392-191A-090.

The Summative Criteria Score is the sum of the eight criterion scores and is rated based on the summative scoring band, as follow:

Level 1 – Unsatisfactory	8-14
Level 2 – Basic	15-21
Level 3 – Proficient	22-28
Level 4 – Distinguished	29-32

**Student Growth Impact Rating**

Embedded in the instructional framework are five (5) components designated as student growth components. These components are embedded in criteria as SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1. Evaluators add up the raw score on these components and the teacher is given a score of low, average, or high based on the scores below.

Upon completion of the overall summative scoring process, the evaluator will combine only the student growth rubric scores to assess the classroom teacher's student growth impact rating.

The following scoring band will be used to determine the student growth impact rating.

5 – 12	13 - 17	18 – 20
Low	Average	High

**Impact of Low Student Growth Score**

A student growth score of "1" in any of the student growth rubrics (SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1) will result in an overall low student growth impact rating.

A classroom teacher with a preliminary rating of distinguished and with a low student growth rating will not receive an overall rating of higher than Proficient.

Classroom teachers with a low student growth rating will engage, with the evaluator, in a student growth inquiry.

### **Student Growth Inquiry**

Within two months of the certificated classroom teacher receiving the low student growth score or at the beginning of the following school year, whichever is later, the evaluator will initiate the following steps.

The evaluator will examine additional student growth data in conjunction with the other student growth evidence previously provided. If the examination still results in a low student growth score, the evaluator will examine extenuating circumstances, which may include one or more of the following: goal setting process, content and expectations, student attendance, and/or extent to which standards, curricula, and assessments are aligned.

If after the above two examinations, the classroom teacher still has a low student growth rating, the evaluator will create and implement a professional development plan to address student growth areas, a copy of which will be given to the teacher. This plan may include monthly conferences focused on improving student growth to include one or more of the following topics: student growth goal revision, refinement and progress, and/or best practices related to student growth data collection and interpretation.

### **FOCUSED EVALUATION PROCESS**

If a non-provisional teacher has scored at Proficient or higher the previous year, they may choose to be evaluated using the Focused Evaluation. The teacher may remain on the Focused Evaluation for five (5) years before returning to the Comprehensive Evaluation.

The teacher may select from any of the eight (8) state criterion for each year they are assessed using the Focused Evaluation. If the teacher selects criterion 3, 6, or 8, the student growth rubrics within those criterion shall be scored. If criterion 1, 2, 4, 5, or 7 is chosen, the teacher must complete the student growth components in criterion 3 or 6 as per WAC 392-191A-120.

The teacher will develop a plan based on a self-assessment of the selected criteria, develop written professional goals and timelines, monitor progress and make adaptations as needed. The evaluator and teacher shall mutually agree on the teacher's professional goal(s) for the year.

The teacher or the evaluator can initiate a move from the Focused to the Comprehensive Evaluation. A decision to move a teacher from a Focused to a Comprehensive evaluation must occur in writing prior to December 15th. A change to Comprehensive evaluation must be

preceded by a least one (1) meeting to discuss the need to change an opportunity for response and the decision.

### **Observations and Conferences**

Observations and conferences for the Focused evaluation shall follow the process set forth in the Comprehensive Evaluation Options 2 – 5 (with the exception of provisional employees)

### **Final Summative Score – Focused Evaluation**

The score received for the selected criterion is the score assigned as the final summative score (Distinguished = 4, Proficient = 3, Basic= 2, Unsatisfactory = 1).

If the teacher is focusing on criterion one (1), two (2), five (5), six (6), and eight (8) a minimum of 50% of the components must be scored in the selected criteria. In addition, the two (2) components from the teacher's selected student growth goal will be included in the final summative score for the focused evaluation. For criterion eight (8), only the one student growth goal will be scored.

If the teacher is focusing on criterion three (3), four (4), and seven (7) 100% of the components must be scored in the selected criteria. In addition, the two (2) components from the teacher's selected student growth goal will be included in the final summative score for the focused evaluation.

Components scores within a criterion, and the included student growth scores, will be averaged and rounded to reach a final criterion score. When a final criterion score includes a fractional number (for example 2.33), all scores with fractions below .50 will be rounded down and all fractions .50 or above will be rounded up. For example, a score of 2.33 would receive a final criterion score of 2 and a score of 2.50 would receive a final criterion score of 3.

### **SUPPORT FOR BASIC AND UNSATISFACTORY PERFORMANCE**

1. Prior to the start of school, the Association will be notified if a continuing contract teacher with five (5) or more years of teaching, is judged below Proficient (-3)
2. When a teacher's summative score falls below Proficient, at least one of the following conditions and provisions shall be granted, by mutual agreement between the teacher and the evaluator, to support the teacher's professional development:
  - a. The teacher shall be granted up to five (5) days of district funded release time to observe colleagues' instruction.
  - b. The teacher shall be granted an additional/alternative certificated employee evaluator.
  - c. The teacher will be assigned to only one (1) work location, i.e., one classroom.

- d. A mentor will be assigned.
- e. The teacher may choose to participate in a voluntary structured support plan
- f. Additional supports may include, but are not limited to: peer coaching, reading material, and District or ESD staff development courses. The District will provide and pay for any required in-service training and any required mentor (RCW 28A-405-140).

In such cases that a teacher with more than five (5) years of experience receives a summative evaluation score below Proficient, the teacher must be formally observed before October 15 the following year. If the first Formal Observation in that following year results in ongoing and specific performance concerns, a structured support plan will be mutually developed by the evaluator and teacher within five (5) days following the first Post-Observation Conference and will be completed prior to completion of the comprehensive evaluation.

## **PROBATION**

### **Purpose:**

The purpose of the probationary period is to give the teacher an opportunity to demonstrate improvement(s) in his/her areas of deficiency. The establishment of a probationary period does not adversely affect the contract status of a teacher within the meaning of RCW 28A.405.200

### **Not Satisfactory:**

Continuing contract teachers with four (4) or more years of teaching experience in the state of Washington receiving a summative score of one (1) are considered not satisfactory.

Continuing contract teachers with five (5) or more years of teaching experience in the state of Washington receiving a summative score of two (2) for two years in a row or two (2) years within a consecutive three-year period are considered not satisfactory.

Teachers may only be placed on probation from the Comprehensive Evaluation Process.

### **Notice:**

At any time after October 15, a teacher whose work is not judged satisfactory based on district evaluation criteria shall be placed on probation and notified in writing of the specific areas of deficiency and provided with a written reasonable program for improvement no later than January 20 of the academic year. The notice to the teacher shall be signed by the Superintendent/Designee.

### **Probationary Period:**

A probationary period of sixty (60) school days shall be established. Days may be added if deemed necessary to complete a program for improvement and evaluate the probationer's

performance as long as the probationary period is concluded before May 1 of the same school year.

### **Regular Meetings and Assistance:**

During the probationary period the evaluator shall meet with the teacher twice monthly to supervise and make written evaluations of the progress made by the teacher.

The principal or supervisor may authorize one additional certificated administrator to evaluate and assist the teacher in improving his or her areas of deficiency. Should the evaluator or supervisor not authorize an additional evaluator, the probationer may request that an additional certificated evaluator become part of the probationary process. This request must be implemented by including an additional experienced evaluator assigned by the ESD in which the school district is located and selected from a list of evaluation specialists compiled by the ESD, if available.

A teacher on probation may authorize an Association representative to accompany him/her at all conferences required in this section.

### **Transfers:**

The teacher may not be transferred from the supervision of the original evaluator during the period of probation. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district may occur.

### **Removal From Probationary Status:**

The teacher must be removed from probation if he/she has demonstrated improvement that results in a new comprehensive summative evaluation performance rating of Level 2 or above for a continuing contract teacher with five or fewer years of experience or of Level 3 or above for a continuing contract teacher with more than five years of experience. If the evaluator is satisfied that the teacher should be removed from probation, the teacher shall be notified in writing no later than May 15.

### **Failure to Improve:**

If the probationary teacher has not demonstrated satisfactory improvement in the area(s) of deficiency, the teacher shall be notified in writing on or before May 15 of the lack of improvement along with specific documentation. Lack of necessary improvement constitutes ground for finding probable cause for non-renewal pursuant to RCW 28A.405.210 or RCW 18A.405.300.

Immediately following the completion of a probationary period that does not produce the required comprehensive summative evaluation performance ratings specified under 3.12.8 (e) above, the teacher may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another

teacher nor may it adversely affect the probationary teacher's compensation or benefits for the remainder of the teacher's contract year. If such reassignment is not possible, the district may, at its option, place the teacher on paid leave for the balance of the contract term

**Procedural Errors:**

If a procedural error occurs in the implementation of a program for improvement, the error does not invalidate the probationer's plan for improvement or evaluation activities unless the error materially affects the effectiveness of the plan or the ability to evaluate the probationer's performance.

**GENERAL REQUIREMENTS**

**Work Site Limit:**

All observations for the purpose of evaluation must be conducted with the knowledge of the teacher at the teacher's normal work site.

**Signatures:**

The written observation report(s) and the written evaluation report(s) must be signed and dated by the observer and the evaluator respectively. Such reports are also to be signed and dated by the teacher, provided that the teacher's signature shall indicate only that he/she has received a copy of the observation and/or evaluation report, not that he/she necessarily agrees with its content.

**Copy and Response:**

A copy of each observation shall be given to the observed teacher within five (5) working days of the observation. A copy of the evaluation shall be given to the teacher by June 1. Within seven (7) days, the teacher may submit written comments concerning the report which shall be attached to the report in the teacher's file.

**Principals' Yearly Evaluation Files:**

The principal's yearly evaluation files shall be purged at the end of each school year no later than June 30.

**Surprise Bar:**

Any item on the Evaluation Form that is marked with an "Unsatisfactory" must have been preceded with a written statement and/or formal conference with the teacher in order to provide notice of the problem, specific suggestions for improvement, and reasonable time and opportunity for improvement.

**USE OF EVALUATION RESULTS**

Evaluation results shall be private and confidential and shall be used:

1. To document the satisfactory performance by a teacher of his/her assigned duties;
2. To identify area(s) for professional growth according to the criteria included on the evaluation instrument;
3. To document performance by a teacher judged unsatisfactory, based on the adopted evaluation criteria.

## **NON-CLASSROOM STAFF**

1. Non-classroom staff shall not be part of the process of evaluation of certificated employees
2. Work will continue to develop new evaluation forms for Non-Classroom Staff. Representative employees who work in those roles will be in those roles will be involved in the development process. When these documents are completed, they will be presented to MLEA for approval and ratification.

## **SECTION 2 - PERSONNEL FILE**

Certificated employees or former certificated employees shall upon request have the right to inspect all contents of their complete personnel file kept at the District Office. The employee may request representation be present during the review.

Any review of files shall be during normal business hours and shall, at the Superintendent's option, require the presence of the Superintendent or his designee. Upon request by the certificated employee, the Superintendent or his official designee shall sign to verify contents and the date.

Each certificated employee's personnel file shall contain the following minimum items of information: all certificated employee's evaluation reports, copies of annual contracts, and transcripts of academic records.

No evaluation correspondence or other material making derogatory reference to an employee's competence, character, or manner shall be placed in the personnel file without the affected employee's knowledge and opportunity to attach his/her own comments.

Certificated employees who wish documents removed from their personnel file may submit a written request to the Superintendent identifying the objectionable document. The document may be removed by the Superintendent, or if not removed, the Superintendent will provide the affected employee reasons in writing why it is not in the best interest of the District to remove the identified document.

The official personnel file of each certificated employee shall be maintained in the District Administration Office. Any records, reports, or anecdotal information maintained by the Building

Principal/Supervisor shall not be considered a part of the official personnel file and such information shall be destroyed, unless it is a part of the evaluation document placed in the personnel file at the end of each school year.

Official grievance materials may be placed in the personnel file by employee request. Official forms shall be kept in a separate grievance file. MLEA executive board may view the file

### **SECTION 3 - ASSIGNMENT, TRANSFER, AND VACANCIES**

To assure that pupils are taught by teachers working within their area of competence, teachers shall be assigned, in accordance with the regulations of the State Board of Education and Federal guidelines, to subjects, grades, and endorsements in specialty areas.

Any employee who submits a written letter of interest and who meets the minimum qualifications for the position will be provided an opportunity for an interview.

#### **SEQUENCE OF ASSIGNMENTS AND TRANSFERS:**

Teaching positions that open for the ensuing school year will be subject to the following hiring priorities:

##### **I. Building and Program Reassignments – A change in assignment within a building or program that occurs as a result of building/program needs.**

1. In-building transfers will have first consideration unless a reassignment is determined by administration to be necessary as a result of budgetary/staffing changes.
2. Openings in a building for the next school year will be announced, by email to certificated staff and Human Resources, by the building principal as early as possible, when the openings occur while school is in session. Positions shall be posted in building for five (5) business days.

1. In the event a program or programs need to be reduced, no staff opening shall be filled by means of an involuntary transfer if there is a volunteer available who meets the qualifications for the position.
2. The District will determine programs that need to be reduced. Staff input will be taken into consideration.
3. Programs that need to be reduced will be identified within a specific building. "Program" is defined as secondary building departments, individual elementary building grade levels, or district-wide special program.
4. In the event that a program reduction that contains a combined grade level or a looping situation, the person involuntarily transferred will come from either grade level using the procedures identified in this section.
5. Within the identified program, teachers will be ranked in reverse order according to:
  1. Years of experience in the District.
  2. Years of experience in building
  3. Degrees
  4. Credits
  5. A drawing by lots will be conducted to determine who shall be involuntarily transferred when all the above items are equal. Affected parties shall be invited to attend the drawing.

This shall mean weekends and/or after school, if convenient for the teacher affected.
11. The employee may request the assistance of the District to help move the employee's instructional materials.

Note: When employees move from the classroom to a specialist or itinerant position, they must be aware that, should that program be reduced or should they wish to return to an open position in the regular classroom, there can be no guarantees of placement regarding grade level or building.

## III. In-District Transfers

1. Building principals shall post all openings within their buildings as early as possible by email. The posting will be open for 5 working days.

2. When school is in session, postings will be sent to the MLEA President and posted on the District website for (5) five working days.

8. When a request for transfer is denied, he/she will be informed of the reason(s) as soon as possible.
9. Employees will only be eligible for one voluntary transfer (in-building or in-district) per school year.
10. Part-time staff will be considered for reassignment (in-building and in-district transfers) to positions of equal or greater FTE only if the additional FTE is supported within the District's budget.
11. Whenever possible, positions that open after the first day of school, which are for the current school year, will be filled by new employees. However, if positions filled after the first day of school with provisional employees continue for the following school year, interested certificated staff will have the ability to apply and transfer into these positions following the procedures in the Collective Bargaining Agreement. The provisional employee(s) shall move to an open position if available and if the District makes the decision to renew the provisional employee's contract.

#### IV. Returns from Leave

1. Employees on leave of absence are not guaranteed to return to their exact same position.
2. In the event that an employee is returning from leave and their previous assignment is no longer available, they will be placed in a new position based upon qualifications and in-district seniority by August 15th.

#### V. Positions Open-Outside Candidates

1. This pool includes long-term substitutes, one-year only contracted employees, and candidates who have submitted an application with the District.

### Extra Duty Assignments

As with all supplemental contracts (RCW 28A.400.200), these contracts are for one year only and will be posted within the building where the positions will occur. Multiple activities may be

listed on a posting, and the posting may be in written or electronic form. Certificated staff will be notified, in writing, of any extra duty academic assignments that are open within their building, such as Planned Academic Units (PAU's), extended learning, etc. Selection will be based on the candidate's qualifications. If more than one person seeking the position is qualified, selection will be determined by district seniority. If the position is not filled with certificated staff within the building, a posting will be developed for all other certificated district staff following the same selection criteria. If no certificated staff within the district accepts the position, other candidates will be considered based on qualifications. Extra duty assignments may be discontinued or substituted at the District's discretion. The decision will be made with input from the Association, and shall not be subject to the grievance procedure.

## Extended School Year Assignments

1. Those staff members who are presently assigned to special education positions who desire to teach in the summer shall not have to be interviewed. However, if the number of positions available is less than the number of employees who are interested in teaching, experience, qualifications and current assignments will be used to determine placement. If all of these factors are equal, District seniority will be used to determine placement. Employees need to notify the Program Supervisor of their interest in teaching for summer.
2. Those teachers working within the District with prior satisfactory special education experience qualifications, experience and certification shall be hired prior to seeking teachers out of the District.
3. Summer positions shall be posted by the District and teachers shall be notified of their teaching assignments as soon as possible before June 1 of each school year.
4. An evaluation at the end of summer school shall be provided each temporary (summer only) employee.
5. All leave provisions afforded during the regular school year are applicable to in-District employees during the summer.
6. The summer school administrator will conduct an observation of each certificated staff member employed in the summer school program. The administrator will share the observation with the employee in a written observation summary. The observation summary may be used as part of the employee's annual evaluation for the following school year.

## SECTION 4 - DUE PROCESS

In the event of a serious allegation, an investigation will be conducted. During the entire investigation, the teacher has the right to representation and the employee may be placed on Administrative Leave

No certificated employee shall be disciplined (including warnings, reprimands, suspensions, reduced in rank or compensation, or deprived of any professional advantage) without just cause. The specific grounds forming the basis for disciplinary action will be made available to the teacher and the Association in writing. Complaints made against a teacher or person for

whom the teacher is administratively responsible, by any parent, student, or other person will be promptly called to the attention of the teacher. Complaints not called to such teacher's attention may not be used as the basis for any disciplinary action against the teacher.

A teacher shall be entitled to have representation during any formal disciplinary action. When a request for such representation is made, no disciplinary action shall be taken with respect to the teacher until such representation is present. If a hearing is to be held between the District and employee, every effort shall be made to hold the hearing after normal school hours.

The District agrees to follow a policy of progressive discipline. Possible disciplinary actions include, but are not limited to, verbal warning, written warning, suspension without pay, or discharge. Any disciplinary action taken against a teacher shall be appropriate to the behavior which precipitates said action. The District reserves the right to move to a higher level of discipline if it is an egregious situation that warrants such action.

## **SECTION 5 - GRIEVANCE PROCEDURE**

### **Purpose**

The purpose of the grievance procedure shall be to provide a means of resolving alleged violations of the collective bargaining agreement.

The grievance procedure is deemed in the best interest of administering the collective bargaining agreement.

### **Definition**

A grievance is any condition, action or lack of action of the District or the Association which is an alleged violation of the collective bargaining agreement. A grievance may result from alleged misinterpretation or misapplication of the terms and conditions of this agreement.

### **General Conditions**

#### **1. Time Limits**

A grievance must be initiated within twenty (20) work days following the alleged violation of the collective bargaining agreement. The adjustment of grievances shall be accomplished as rapidly as possible. To that end, the number of days within which each step is prescribed to be accomplished shall be considered as maximum, and every effort shall be made to expedite the process. Under unusual circumstances, the time limit prescribed in this statement may be extended by mutual consent of the grievant/Association and the District. To the extent that time limits are expressed in days, the days shall consist of school days except after June 1, when, they shall consist of all weekdays so that the grievance may be adjusted before the close of the school year or as soon thereafter as is possible. If the employee misses the timeline for grievance, the grievance shall be dismissed.

## 2. Representation

At each formal step in the procedure, the grievant may be represented by a representative of the recognized employee organization; however, the organization shall not be obligated to represent any grievant at any step of the procedure, and whether it does so shall lie within its sole discretion. Any grievant shall have the right at any time to present grievances and to utilize each step of this procedure with counsel of his/her own choice. The Association is to be informed of any grievance procedure initiated by any individual represented by this Agreement.

## 3. Confidentiality

All matters pertaining to specific grievances shall be confidential information and shall not be disclosed or divulged by any participant in the grievance adjusting process or by any grievant or director of the District except as required by public disclosure rules.

## 4. Freedom from Reprisal

Individuals involved in grievance adjustment proceedings, whether as a grievant, a witness, a representative of the recognized employee organization, or otherwise, shall not suffer any restraint, interference, discrimination, coercion, or reprisal on account of their participation in the grievance adjusting process.

## 5. Assistance in Investigation

During the course of any investigation by the recognized employee organization (either to determine whether it will represent a grievant or to enable it to represent the grievant effectively) the District and the Association shall cooperate and furnish to each other information germane to the grievance as may be requested unless such information cannot be disclosed under the law.

6. The Association may file a grievance only at the request of the grievant.

## **PROCEDURE**

### Step One

- a. The grievance must be initiated within twenty (20) work days of the alleged violation of the collective bargaining agreement.
- b. An educator with a grievance shall discuss it first with his/her immediate supervisor.
- c. If the employee desires, he/she may be accompanied by a member of his/her professional organization.
- d. Every effort shall be made to resolve the grievance at this level in an informal manner

### Step Two

- a. If within twenty (20) work days of Step One the educator is not satisfied with the procedure outlined in Step One above, he/she or the Association may request from the building representative a form entitled "Grievance Review Request."
- b. This form is to be submitted at a meeting with the Building Principal/Supervisor.
- c. A written response from the Building Principal/Supervisor will be given to the grievant four (4) work days of the meeting.

### Step Three

- a. If within five (5) work days of the receipt of the written response, the grievant and/or Association is not satisfied with the disposition of his/her grievance at Step Two, the grievance may be appealed to the Superintendent or his/her official designee.
- b. The Superintendent will arrange for a meeting to take place within five (5) work days of receipt of the grievance.
- c. Upon conclusion of the meeting, the Superintendent shall have five (5) work days to provide a written decision, together with reasons for the decision to the grievant and the Association.

### Step Four

1. If within twenty (20) work days from receipt of the written response from the Superintendent, the grievant and/or Association is not satisfied with the disposition of the grievance at Step Three, they may appeal the decision of the Superintendent to binding arbitration. The grievant will so inform the Superintendent in writing. For grievances initiated by the Association, the final decision about going to arbitration lies with the Association Executive Board.
2. The District and the Association agree to use the rules of the American Arbitration Association.
3. The arbitrator will be chosen by the Association and the District from a list of arbitrators supplied by the American Arbitration Association by alternately striking one name at a time from the list. The first to strike a name shall be determined by lot. The arbitrator whose name remains on the list shall serve for the grievance.
4. The decision of the arbitrator shall be final and binding on both parties.
5. The cost for the services of the arbitrator, including per diem expenses, if any, will be borne equally by the Association and the District. All other costs will be borne by the party incurring them.

### **Exceptions to Time Limits**

When a grievance is submitted on or after June 1, time limits shall consist of all weekdays, excluding holidays, so that the matter may be resolved before the close of the school term or as soon as possible thereafter.

### **Cooperation of the Board and Administration**

The Board, Administration, and Association will cooperate with each other in the investigation of any grievance, and further, will furnish each other with information needed to process any grievance.

### **Released Time**

Every effort shall be made not to interrupt the educational process unless the arbitrator and/or Superintendent deem it necessary.

Non-renewal and/or discharge proceedings are not subject to the grievance procedure since state law prescribes legal process to be followed.

## **SECTION 6 - LAYOFF AND RECALL**

The term "layoff" as used herein refers to action by the District reducing the number of teachers in the District due to economic reasons only; it does not refer to any decision to discharge or non-renew an individual teacher for cause.

Teachers with valid contracts will not be laid off during any school year. All layoffs will be effectuated at the start of the following school year. In the event of a layoff, the District shall provide written notice to all affected teachers on or before May 15 of the school year preceding the year in which the layoff would occur.

In the event that the District anticipates a layoff of teachers, the District will notify the Association before May 15. The District will provide the association with pertinent financial information demonstrating conclusively that projected revenues will affect current staffing levels. Further, the District shall seek out financial assistance from available resources.

The District shall also make available to the Association an accurate up-to-date account of all voluntary gifts, contributions, donations, bequests, or pledges to the District. All such funds shall be placed in the general fund for operational expenditures unless earmarked for a specific program(s) of the District. Where anticipated revenues are categorical and depend upon actual expenditures rather than budgeted amounts, the District shall maintain these programs only to the limit of the categorical support.

One seniority list shall be compiled by the District that will include all state certificated public school staff.

### **Program**

Before any layoffs occur, the program for the District will be determined by the Board of Directors.

### **Seniority**

Layoff shall be by seniority. Seniority is defined as length of service within the state as of the teacher's first working day.

By November 1, of each school year the District will publish and distribute to all teachers and the Association a seniority list ranking each teacher from greatest to least seniority.

A finalized list shall be provided to the Association by March 1 of each year. The list shall reflect all corrections, deletions and additions of personnel for the school year.

In the event of more than one individual teacher having the same statewide seniority ranking, all teachers so affected will be ranked according to in-District seniority.

In the event of more than one teacher having the same in-District seniority ranking, all teachers so affected will be ranked in accordance with the number of education credits beyond the BA Degree from greatest to least.

In the event of more than one teacher having the same number of credits after applying the above provisions, all teachers so affected shall participate in a drawing by lot, to determine position on the seniority list. The Association and all teachers so affected shall be notified in writing of the date, place and time of the drawing. The drawing shall be conducted openly and at a time and place that will allow affected teachers and the Association to be in attendance.

#### **Layoff Procedure and Definitions**

In the event it becomes necessary to layoff teachers, the following procedure will be implemented:

1. "Indeterminate Leave" means leave because of economic reasons resulting in a reduction of teachers. Any teacher placed on indeterminate leave shall retain all accrued benefits and such other benefits as are regularly extended to any teacher on a one year leave of absence.
2. "Qualifications" means state and federal requirements for the subject area and/or grade level to which the teacher will be assigned, academic preparation in subject area and/or grade level assigned, teaching experience in subject area and/or grade level assigned.

Teachers that are to be laid off shall be placed on indeterminate leave. Teachers to be placed on indeterminate leave shall be those with the least service time in the state that has been determined by the final seniority list ranking. The District shall begin with those teachers who have one year of service or less, then two years, etc., until the necessary quota has been met. Any request for indeterminate leave shall be granted. Teachers shall not be "bumped" or reduced in seniority ranking by school employees that are not represented by the teacher group.

#### **Recall Procedure**

After program cuts have determined how many positions would be eliminated, the employees released who were not assigned to a position would go into a teacher pool. Reassignments from this pool to existing vacancies shall be made on the basis of seniority. No new teachers shall be hired to fill existing or new teaching assignments until the pool has been exhausted, unless no teachers in the pool are qualified for the position.

The District shall give written notice of recall from layoff by sending a registered or certified letter to said teacher, at his/her last known address. A copy shall be sent to the Association. It shall be the responsibility of each teacher to notify the District of any change in address. The teacher's address as it appears on the District's records shall be conclusive when used in connection with layoffs, recall, or other notice to the teacher.

### **Layoff Benefits**

An individual laid off may pay the cost of insurance benefits through the District.

All positions of substitute teachers shall be offered to teachers on recall by seniority in rotating order before any other person is offered such a position.

All benefits to which a teacher was entitled at the time of his/her layoff, including unused accumulated sick leave will be restored to the teacher upon his/her return to active employment, and the teacher will be placed on the proper step of the salary schedule for the teacher's current position according to the teacher's experience and education.

# ARTICLE VIII - TERM OF AGREEMENT

## SECTION 1 - REOPENER CLAUSE

This Agreement may be opened for amendment(s) by the mutual consent of both parties, and the Board shall not adopt policy affecting the wages, hours, terms and conditions of employment of certificated staff without negotiating with the Association. Requests for such amendment(s) by either party must be in writing and must include a summary of the proposed amendment(s).

In the event of economic changes mandated by the Washington State Legislature during the school contract year, the Association or the District may give ten (10) days notice of its desire to negotiate changes in the salary schedule and economic fringe benefits.

## SECTION 2 - TERM OF AGREEMENT

This Agreement shall be effective beginning with the 2024-2025 contract year and shall continue in effect through the 2026 - 2027 contract year (accepting salary, fringe benefits, and other economic issues of concern to the Association or new legislative actions).

This Agreement shall be open for negotiating a successor agreement not later than May 1, 2027. It is the hope of both the District and the Association that only those items of concern as expressed during the term of this agreement will be negotiated in formation of a new agreement and that the articles in this agreement that have proven satisfactory may continue in effect.

## 2024-25- Minimum Basic Education Requirement Collection

### 1. Minimum Basic Education Requirement Compliance and District Survey

---

#### Instructions and Important Information to Know Before You Begin

The State Board of Education, which is responsible for ensuring school district compliance with the requirements of the Program of Basic Education ([RCW 28A.150.220\(7\)](#), [WAC 180-16-195](#), and [WAC 180-16-200](#)), annually conducts a data collection that allows school districts to confirm compliance. Local educational agencies (LEAs) are also requested to complete this data collection. We use school district and LEA interchangeably, so even though the prompt refers to school districts, the prompt is intended to include school districts and LEAs (charter schools and tribal compacts).

Most of the prompts reflect actions and offerings for the upcoming 2024-25 school year. To implement the process of basic education certification, the SBE created the 2024-25 Basic Education Compliance Matrix (shown [here](#)), which lists required educational offerings. Basic education compliance is established through district attestation that they are providing each of the required offerings.

For the 2024-25 school year, the survey application has been updated to continue addressing the need to collect information from districts to help improve the state's K-12 educational system. It is no longer possible to complete FP 600 in iGrants as in previous years. Your responses to this survey, and responses to possible follow-up questions from SBE staff, will complete the reporting requirement for the 2024-25 school year.

The purpose of these questions is twofold. First, to help inform districts of requirements and recommendations in current law, and second, to gather information that helps the Board to promote a system that best meets the goals of basic education for all students.

School districts will only be presented with questions appropriate to their grade levels served. Please, be careful on the first and the second pages of the survey answering the questions about the name of the school district and grades your district serves. For your convenience, several questions have been provided to ensure that the application correctly displays the name of the school district that the applicant represents.

The survey includes questions about the following topics:

Grade levels served.

Days of instruction, and any related waivers.

Average instructional hours.

Graduation requirements: the High School and Beyond Plan, course offerings, and graduation pathways.

State-mandated and state-recommended educational offerings and activities.

Mastery-based crediting and learning; School Climate Survey; Healthy Youth Survey.

## **Class of 2024 graduation requirement emergency waiver administration.**

We recommend that you review the sample survey available [here](#) to gather all the information you will need in advance of completing the online form. We also provide links to the relevant statutes and rules for you to review as you need. The [2024-25 Basic Education Compliance Matrix](#) also includes links to more information on each requirement, references WSSDA model policies, and to OSPI bulletins, where appropriate.

**Quick Tip for Opening Links: Please "right click" the link and select the "Open in a new tab" to review the statute or rule, which will allow you to continue with the survey uninterrupted.**

We believe this survey will take approximately 30-40 minutes to complete. The collection tool saves your responses as you go and you can go back and change responses at any time so long as the survey is open. We included an option to save your progress and return later to complete.

**Quick Tip to Save and Continue Later: if you do need to pause the survey, a "Save" option is available in the lower right-hand corner. You will be prompted to provide an email to which a link will be sent. Use that link to continue the survey at a later time or to forward to another person.**

Please note the following tentative deadlines for Basic Education submission and certification:

If you submit your responses to the SBE on or before June 12 and there are no issues, it is likely that your school district could be certified as being in compliance with the provision of basic education for the 2024-25 school year at the SBE's June SBE meeting.

If you submit your responses on or before August 1, your school district or LEA could be certified at the August SBE meeting.

We expect to certify the final school districts at the October 16 SBE meeting, so all responses will need to be submitted no later than September 23.

Note: we encourage you to complete and submit your responses before the end of the current school year, so that you and your staff are not tasked with this over the summer or at the start of the next school year.

This survey and certification of compliance with the Program of Basic Education are the responsibility of the Washington State Board of Education. Please forward any questions you might have to Viktoria Bobyleva, Basic Education Manager, at [viktoria.bobyleva@k12.wa.us](mailto:viktoria.bobyleva@k12.wa.us). Please include the words "Basic Ed Collection" in the subject line.

### **OTHER IMPORTANT INFORMATION:**

Validation is used throughout the survey to provide additional information where responses may not meet the requirements.

This year, we again included the "Save and Continue" function that allows you to save work, end the session, and return to the survey at a later time. Look in the lower right corner of the survey screen for the words "Save and continue"

later". After selecting this option and providing your email address, a link to re-access the survey will be sent to you, which you may forward to another person as needed.

At the end of the survey, you will have the chance to Review your Responses and go back to change responses as needed.

After you submit your responses, you will receive an email confirmation with a PDF attachment showing your responses to the survey prompts. Items shown in bold red font indicate potential issues with your responses that will need to be addressed. Please contact Viktoria Bobyleva, Basic Education Manager, at viktoria.bobyleva@k12.wa.us to learn more about the potential issues.

We will post and regularly update the certification status of school districts on the [SBE website](#) but are unable to send out individual communications regarding status update. We encourage you to check the website regularly to learn about your district's status. If you have questions or concerns, please contact Viktoria Bobyleva as shown above.

**2. Grades Offered**

---

We have provided you with more options to select the grades served at your school district or LEA. In doing so, we can design survey logic to present prompts specifically targeted for the grade levels served. For example, if you represent a K-8 school district, you will not be presented with prompts for high schools and if you are a K-3 charter school, you will not be presented with prompts intended for grade 4 or higher.

We recognize that some charter schools are in the process of building out their school by adding one grade level each year to support the promotion of students to the next grade level. Please select the grade level that best describes your school district or LEA. For example, you may represent a charter school LEA serving grades K-11 when you are authorized to serve grades K-12. We would expect you to select K-12 because that grade configuration best matches the grades served for the 2024-25 school year. We also know many school districts offer Pre-Kindergarten (Pre-K) programs, but none of the prompts address Pre-K programs. If your school district serves Pre-K to grade 12, please select K-12 as that best matches your grade configuration.

4. Which of the following best describes the range of grades offered in your school district?

K-12

5. How many schools in the district serve students in any of the grades 9 through 12?

### 3. Days of Instruction and Waivers

---

By answering the following questions, school districts provide prospective assurance of meeting minimum requirements of the Program of Basic Education as described in [RCW 28A.150](#) for the 2024-25 school year.

The State Board of Education has a [FAQ on instructional hours](#), and in the end of 2022 the Office of Superintendent of Public Instruction released [Bulletin 077-22](#) regarding options for instructional funding models for the 2022-23 school year that could be taken into consideration for the 2024-25 school year. [WAC 180-16-195](#) and [WAC 180-16-200](#) have also been updated.

If the school district has questions about its compliance status, please email Viktoria Bobyleva, Basic Education Manager, at [viktoria.bobyleva@k12.wa.us](mailto:viktoria.bobyleva@k12.wa.us) for more information.

the High School and Beyond Plan ([WAC 180-51-220](#)), and  
graduation pathway options ([WAC 180-51-230](#))

The following questions provide assurance that districts' graduation requirements align with state minimum graduation requirements for the 2024-25 school year. Also, the Legislature has directed the State Board of Education to survey districts about graduation pathway options. District responses to the questions about graduation pathway options, along with other research, will be used to examine graduation pathway options and make recommendations to the Legislature on removing barriers to implementing graduation pathway options and making the options more equitable for all students.
