STUDENT ACCIDENT & SICKNESS PROGRAMS

Student injuries can represent problems for families as well as the school involved. This is especially the case when the student is otherwise uninsured or underinsured. Accessing care can be an issue and the risk of litigation against the school may increase with every out-of-pocket dollar a family experiences.

Changes in the delivery of healthcare and personal finance

- ❗ Despite what many may think about the evolution of health care in the U.S., there remain a significant number of students who are completely uninsured for a variety of reasons.
- ❗ Another segment consists of those covered as dependents through either individual or employer health plans where co-insurance has increased dramatically.
- ❗ Choice of providers has become more limited when families discover their doctors and facilities are no longer participating in their network.
- ❗ And, while many students may be covered under Medicaid, lower reimbursement levels mean that significant number of providers do not accept Medicaid patients.
- ❗ Out-of-pocket spending for health care continues to be a leading hardship with medical debt being the #1 cause of bankruptcy in the US.*
- ❗ 60% of Americans are unable to cover an unexpected \$1,000 expense**; a concern when the average ER cost for a broken bone is \$10,000. †

By providing Student Accident Insurance, schools can help families access and pay for the medical care needed by their children following covered school-related injuries.

Student Accident Insurance can also:

- ✓ Facilitate compliance with relevant state law or Board policy (when applicable)
- ✓ Mitigate liability exposure and related costs to the school resulting from uninsured or underinsured school-related injuries
- ✓ Provide access to additional 24/7 coverage for both accidents and sickness † †
- ✓ Help families avoid serious financial hardship
- ✓ Remove financial barriers for children participating in extracurricular/co-curricular activities
- ✓ Reduce the administrative load for staff
- ✓ Foster positive relationships with the community

PLAN DESCRIPTIONS

Our plans* can provide useful insurance protection for families. They can even be used to assist with the high co-insurance, deductibles and other cost sharing requirements common to many of today's health plans. ADMINISTRATIVE SERVICES

As an MGA/TPA, Myers-Stevens & Toohey provides many services on behalf of our clients and underwriting partners. Those services include, but are not limited to, designing, marketing, and fully administering the plans.

In order to deliver those services in a first-class fashion, we must also employ a first-class team. Collectively our team members are well-versed in all of our student accident plans and are able to promptly and professionally assist customer inquiries on the spot.

Secure data collection and financial management

All data collected is solely used for delivering agreed upon services. These include enrollment of students, billings, claims adjudication and underwriting.

We take security and fraud prevention very seriously and ensure that all data records, physical or digital, are stored in compliance with all applicable regulatory statutes in secured & temperature-controlled warehouses. Our systems allow for easy data retrieval with the ability to produce premium, enrollment, and claims reports as needed.

DISTRIBUTION

We will provide your schools with both fillable electronic and paper brochures forms detailing our coverage options. Parents/guardians of every enrolled student should receive a brochure on or before the start of the School Year for optimal results. To further assist in the delivery and distribution process, we offer the following services:

Digital Distribution

- PDF brochures available in 6 different languages with direct online enrollment access
- Claim forms also available via fillable PDF format
- Seamless marketing integration through leading online registration and distribution portals
- Direct email and website marketing capabilities. We are happy to work with your internal webmasters and IT staff at no charge!

COVERAGE VERIFICATION ENSURES RESULTS

Enrollees in our voluntary plans will receive personalized Insurance Verification cards.

We believe proof of coverage is important. With proof of coverage in hand, not only is it easier for parents to access the care their children need, but providers are more inclined to "bill the insurance" first.

This enables families to focus on recovery rather than fronting the costs of care.

When it comes to handling money we are proud to contract with only top-rated financial institutions offering the latest in industry technology. We leverage these technologies to guarantee timely and secure transactions which help us cover our clients faster.

Reporting tools

Our school clients can access real-time enrollment information to verify individual student coverage. We routinely provide our clients with detailed claims reports to help

them better evaluate risk exposures and sources of injury at each of their sites.

Print Distribution

- Convenient packaging by school site – our boxes are clearly labeled as Student Insurance Materials
- Materials delivered when and where you indicate – individual sites, district office or district warehouse
- Real-time tracking – immediate confirmation of shipment status including date, delivery address and signature verification
- Each shipment includes enrollment brochures, claim forms and other necessary documents

The first Physician's visit must be within 365 days after the Accident occurs or Sickness commences. Definitions

Accident means a sudden, unexpected and unintended incident. "**Covered Accident**" means an Accident that results in Injury or loss covered by the Policy. **Injury** means accidental bodily harm sustained by the Insured that results directly from an Accident (independently of all other causes) and occurs while coverage under the Policy is in force. The Injury must be caused solely through accidental means. All injuries sustained by one person in any one Accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury. **Medically Necessary** or **Medical Necessity** means the services or supplies provided by a Hospital, Physician, or other provider that are required to identify or treat an Injury and that, as determined by Us, are: (1) consistent with the symptom or diagnosis and Treatment of Injury; (2) appropriate with regard to standards of good medical practice; (3) not solely for the convenience of the Insured; and (4) the most appropriate supply or level of service that can be safely provided. When applied to the care of an Inpatient, it further means that the Insured's medical symptoms or condition requires that the services cannot be safely provided as an Outpatient. **Sickness** means illness or disease contracted by and causing loss to the Insured Person whose Sickness is the basis of claim. Any complications or any condition arising out of a Sickness for which the Insured Person is being treated or has received Treatment will be considered as part of the original Sickness. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness. Usual, Customary and Reasonable Charges - "**Usual**" means those charges made by a provider for services and supplies rendered to all patients for the same or similar Injury. "**Customary**" means those charges made by the majority of providers in the area for the same or similar services or supplies. "**Reasonable**" means those charges that do not exceed the majority of the prevailing fees in the area for the same or similar services or supplies. "**Area**" means a county or larger geographically significant area as determined by Us. "**School Activities**" means an event or activity that is sponsored, authorized, and supervised by the School and is an official part of the School's curriculum or program.

Excess Provision

In order to keep premiums as affordable as possible, these plans pay benefits on a non-duplicating basis. This means, if a person sustains a loss covered under these plans that is covered under any other valid and collectable insurance, any amount payable or provided by the other coverage will be subtracted from the covered expenses, and we will pay benefits based on the remaining amount.
