VI. Correspondence/Proposals/Reports

A. School Highlights - Presented by Heidi Gasca, Superintendent/CEO

Heidi delivered a positive report, emphasizing the strength of the school's leadership, which now includes principals for the Secondary (Lorrie Wood), Elementary (April Saade), and Virtual Paths (new leader Jenn Sheehey). Jenn was particularly praised for her immediate dedication and impact on the growing Virtual Path staff.

The most significant success is the current student count of nearly 2,000, which the school has successfully *retained* through September—a major win for budgeting and planning, credited to the admissions team.

Heidi continues to advocate in Sacramento for legislation supporting flex-based learning, stating that despite anticipated changes from Bill 414, the school's integrity ensures they will be minimally affected.

Program highlights include:

- **Student Success:** Featured Nash, an elite surfer balancing professional and academic goals.
- **Path Offerings:** The school maintains its successful GATE (Gifted and Talented Education) program and has a strong intervention team, reinforced by a new secondary intervention teacher.
- **Community:** Educational programs, outdoor classrooms, and community events are active. The school remains focused on ongoing parent education (e.g., suicide prevention, FAFSA).

Heidi gave special recognition to new admissions employee Liz, whose positive impact is credited with helping maintain the high enrollment numbers. Finally, the staff continues professional growth, having recently attended the significant CSDC conference.

B. Assessment Data Update - Presented by Jenny Craig, Director of Operations & Accountability

Jenny presented recent assessment data (i-Ready, CAASPP, ELPAC) showing student progress and defining focus areas.

1. Key Data Highlights

EL Students (ELPAC): 22 students were reclassified as fluent English proficient. A new program led by Erica Flores and Sarah Bobar will focus on standards-based, live instruction, and a November in-person ELAC meeting is planned.

i-Ready (Fall):

- **ELA:** 61% of students are on/above grade level (slight increase).
- **Math:** 47.1% are on/above grade level (2.2% decrease).
- **Tier 2/3:** The percentage of students performing below grade level remained static.

CAASPP Growth: The school exceeded its growth goal. **61%** met/exceeded standards in ELA (+3% YoY) and **54%** in Math (+4% YoY). Overall participation was high at **97.7%**.

Contiguous Enrollment: Students enrolled for three or more years scored nearly **28 points higher** than first-year students, confirming the value of long-term enrollment.

2. Focus Areas & Next Steps

Distance From Standard: While overall scores improved (2 points ELA, 10 points Math), English Learners and Students with Disabilities showed an *increase* in their distance from standard, indicating a widening gap in these groups.

Writing: The school is piloting WriteScore to address writing proficiency, which is not tested by i-Ready.

Intervention: Focus will be placed on improving the correlation between vocabulary, comprehension, and written expression.

Parent/Student Engagement: Teachers will hold in-person meetings this month to review scores, set goals, and utilize the new **Multiple Measure Reports** to guide instruction.

State Comparison: Preliminary data briefly showed the school outscored the state by **12% in ELA** and **15% in Math**.

C. Principals' Plan for 2025-2026 - Presented by Jenn Sheehey, April Saade and Lorrie Wood

The three principals—Jenn (Virtual), April (Elementary), and Lorrie (Secondary)—presented their collaborative plan, which is shifting focus to strengthening Tier 1 (core instruction) efforts to be more proactive and preventative, building upon their existing strong Tier 2 intervention programs.

1. Virtual Pathway (Jenn)

Jenn leads a pathway that has grown exponentially (from 11 to 17 teachers). The focus is on leveraging daily live interaction to build community and improve instruction:

- **Community:** Focus on Class Communities through "Fun Fridays" and group projects (e.g., virtual field trip to the State Capital).
- **Data & Goals:** Implementing detailed data chats with students and parents, embedding data sections in progress reports, and requiring student goal-setting in PLCs.
- **Tier 1 Enrichment/Remediation:** Building a dedicated 30 minutes of "Reach Time" into the schedule for every grade level to provide differentiated support (challenge for advanced, remediation for others).
- **Retention:** Aiming for a seamless continuum of support as students transition between grade levels and pathways, especially improving the retention of 8th-grade virtual students into the 9th-grade personalized pathway.

2. Elementary Personalized Pathway (April)

April's main goal is to provide instructional support for home educators to empower them in delivering effective Tier 1 instruction across subjects and curricula.

- **Anchor Documents (Completed):** Teachers created streamlined, one-page Anchor Docs for every grade level, identifying the most critical standards, fun learning ideas, resources, and developmental milestones to prevent parent overwhelm.
- **Curriculum Quest (Year-Long Initiative):** This is a detailed plan to empower parents through curriculum expertise:
 - Teachers are reviewing and becoming experts in specific curricula.
 - They are creating parent-friendly resources (slide decks, quick videos) and instructional support sheets.
- **Curriculum Communities** (small parent support groups) are launching for collaboration among those using the same curricula.
- **Parent PowerUp:** A March in-person event focused only on the elementary level, allowing parents to see, feel, and compare curriculum materials and receive core instructional professional development before making their choices for the next school year.

3. Secondary Personalized Pathway (Lorrie)

Lorrie highlighted her "Dream Team" of secondary counselors for their work streamlining high school processes (4-year planning, master agreements, course scheduling, crisis protocol, and suicide prevention training). The focus is on strengthening Tier 1 Instructional Supports and Math Mastery.

- **Instructional Support:** Secondary teachers are receiving training in Shared Responsibility (TOR/Parent) to help home educators provide effective Tier 1 support.
- **Parent Workshops:** Focused, hands-on application training will begin at the Fall Parent Power Up.
- **Goal Setting:** Teachers will meet individually with students to set accountability goals based on data review.
- **New Math Initiative: Ready, Set, Grow Middle School Math Mastery:** A multi-year effort focused on improving 7th and 8th-grade math performance, which historically lags ELA.
- **PLC Teams:** Math-credentialed teachers are leading teams to identify benchmark standards (e.g., what is needed for Algebra 1).
- **Quarterly Power Packets:** These guides, designed for mastery learning, will be created to ensure curriculum equity and provide formative assessments for home educators.
- **Goal:** Ensure every student has access to Algebra 1 by building confidence and addressing foundational needs.

XII. Comments

A. Board Comments

The board members expressed overwhelming pride, gratitude, and confidence in the presented results and the work being done by the staff and leadership.

Mike simply stated his dedication to the organization's "success, success, success."

Larry thanked Jenny specifically for presenting the data and sharing the "wonderful things that are happening." He then thanked the three principals (Jenn, April, and Lorrie) for their daily work, asking them to extend the board's appreciation to their staff for the hard work that produced the "amazing data."

Steve offered congratulations, noted that he learned a lot from the presentation ("good for us old guys"), and extended thanks to the staff the board doesn't see. He specifically acknowledged the importance of helping families and parents and praised the leadership for hiring wonderful people, calling it a "big part of what we do here." He concluded by wishing for continued success.

Bill echoed the sentiment, saying it was "truly what a pleasure" to be part of the organization, and thanked the three leaders for the hard work and leadership they provide to their staff and the board.

In short, the board offered strong, positive affirmation of the school's leadership, staff, and overall performance data.

B. CEO Comments

Heidi's comments were a brief expression of gratitude and appreciation for her entire team.

She specifically thanked the principals (Jenn, April, and Lorrie), acknowledging that they "run the ship and do an incredible job."

She also extended thanks to other key staff members present: Lara, Megan, Heather, Lauren, and Jenny.

Heidi concluded by stating her confidence that the organization will continue to have a "great year."

XIII. Closing Items

III. Oral Presentations

A. Excel Academy Charter Schools Board Member Onboarding Checklist

Heidi presented Item A, the Excel Onboarding Checklist, which was developed in response to the board's evaluation at the end of the previous year.

- **Purpose:** The checklist is a tool designed to streamline and track the onboarding process for new board members.
- **Function:** It ensures that new members are fully informed of all expectations and key information outlined in the manual. It also provides an opportunity for new members to ask questions and acknowledge that they have reviewed the required material.
- **Current Status:** This is presented as a draft checklist, and Heidi requested input, opinions, changes, or edits from the board members before finalization.

B. Board of Directors Tech Training - Presented by Lauren Hansen, Senior Communications Coordinator

Lauren provided tech training on essential Gmail organizational tools and crucial cybersecurity measures, addressing a board goal for improved technology proficiency.

1. Gmail Organization

- **Search and Star:** Use the **search bar** for refined keyword searches. **Starring** emails collects important messages in one place.
- **Labels (Folders):** Create and color-code **custom labels** to easily organize and categorize emails, reducing inbox clutter.
- **Manage Subscriptions:** Use the **Manage Subscriptions** feature (under "More") to quickly mass-unsubscribe from unwanted commercial emails.
- **Settings:** Customize inbox view (density, type) for personal preference.
- **Multiple Accounts:** Easily switch between different organizational emails by clicking the **profile icon** in the top right corner.

2. The Shield: Cybersecurity

- **Strong Passwords:** Use the **Three-Word Rule** (three random words + number + symbol) to avoid weak passwords based on personal info.
- **Phishing Warnings:** Be suspicious of emails requesting **passwords or money**, using an **urgent tone**, or coming from slightly misspelled or odd email addresses. **Always verify** the sender directly before clicking links or acting.
- **Two-Factor Authentication (2FA):** Recommended setting up 2FA for all accounts, as it provides a second layer of security (e.g., a code sent to your phone) to ensure logins are legitimate.

- **Safety Habit:** Contact the IT helpline (Lauren) if any email or situation feels suspicious.

C. Chief Business Officer Recruitment Plan - Presented by Megan Anderson, Director of Human Resources

Megan presented the comprehensive recruitment and vetting process for the next Chief Business Officer (CBO), following the upcoming retirement of the current Director of Business Services, Joe Sorerra, in June 2026.

1. Importance of the CBO Role

The CBO is considered the most critical operational executive, serving as the financial steward of the school. The role is vital for ensuring financial viability, strategic resource alignment, mitigating risk, and maintaining trust across all stakeholders.

2. Recruitment Process Overview

The school is utilizing an in-depth, strategic recruitment process:

- **Review:** The process began with a thorough review of the job description, ensuring that the duties, compliance metrics, mission, and vision are still relevant and valid for the school's current operations.
- **Advertising:** The position was strategically advertised through trusted and reputable educational partnership channels to attract top talent, enhance visibility, and support diversity goals.
- **Vetting:** Applicants went through preliminary interviews and a final selection process.

3. Applicant Pool and Vetting Success

The recruitment effort yielded a strong pool of candidates:

- **Initial Pool:** Five applicants met the minimum qualification requirements.
- **Preliminary Interviews:** Three of those applicants advanced to the preliminary interview rounds.
- **Finalists: Two applicants** were selected to advance to the final in-person interview rounds.
- **Qualifications:** Both finalists have diverse experience in classroom, flex-based learning, and district-level financial environments. They are experienced in managing large budgets and committed to compliance.

4. Final Selection Steps

To ensure a rigorous and unbiased final selection, a key component has been added:

- **Project-Based Interview:** Both finalists were extended a project-based component where they must present a strategic solution to a complex budgetary scenario, addressing expenditure and revenue growth, as if the interview panel were the Board of Directors.
- **Goal:** This project allows applicants to demonstrate their expertise, strategic thinking, and problem-solving techniques based on performance, helping to mitigate external bias.
- Megan concluded by requesting the board's continued partnership as they move toward the final selection and transition to the new CBO.

IV. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 10:10 AM.

Respectfully Submitted,
W. Hall

PARTNERING FOR DIGITAL SAFETY

NOV. 19,
2025

Dear Excel Academy Charter School Families,

As partners in your child's success and well-being, we want to address an increasingly important topic: safe and responsible personal device use and social media engagement. At Excel Academy, we are dedicated to fostering a nurturing and focused learning environment, and we know that a safe digital atmosphere contributes significantly to a successful school experience. The digital world offers wonderful opportunities, but it also presents challenges. *Your partnership is vital* in guiding our students to navigate this landscape wisely.

Our Shared Goal: Safe Digital Habits

We encourage all parents to play an active, supportive role in monitoring and guiding your child's interactions online. These simple, consistent steps can make a big difference:

• Be Aware of Personal Devices:

- Let your child know you are involved by regularly checking the content, messages, and apps on their phones, tablets, or computers. This open communication is key to building trust.
- Help establish healthy boundaries, such as setting a "device curfew" or ensuring devices stay in common family areas overnight.

• Embrace Parental Controls:

- Take advantage of the privacy and management tools already built into devices (like screen time settings and content filters) to help them manage their usage.
- Think of these controls as a helpful safety net as they learn to navigate the digital space responsibly.

• Guide Social Media Use:

- Talk with your child about the platforms they use. For younger students, consider blocking access to age-restricted sites (usually those requiring users to be 13+).
- Work with them to ensure their privacy settings are strong, and encourage them to think critically about what they share and who they connect with online.

Tues. Nov. 18 • 4-5 p.m.
Virtual Session

Part of the Parent Series, this session helps families build healthier tech habits. Explore research on screen time and learn practical strategies to unplug as a family. Parents, teachers, and administrators are all welcome to join this important conversation about building balance at home.

Highlights

Virtual Path

- 1st annual Virtual Teaching Open House! 45 teachers & staff attended 21 open classrooms.
- Fun Friday has been a huge hit! Students choose the session they most want to attend. November was a baking extravaganza!
- In October, teachers held individual parent-teacher conferences and sent personalized progress reports with student-selected goals.

Elementary

- Quick Write assessment given to each Elementary student.
- Amira reading difficulties screener given to all K-2 students
- Parent Ed provided on developmental skills for TK-1st grade students.
- Parent Ed provided on how to best support gifted learners
- Presented "Opening the GATE for Gifted Learners" at the APLUS conference in Sacramento.

Secondary

- Teachers helped students set academic goals in October with a focus on A.C.E. (Academics for College & Career Education) for all high school students.
- Created and led parent workshops at the Parent Power Up - focusing on college readiness, study skills, and writing.
- Completed half of our teacher observations and holding 1:1 follow-up meetings.

The Lead & Learn initiative—monthly optional professional development for Teachers, lead by EACS Staff—launched in October and has been a huge success! Teachers have the opportunity to learn from one another, share tips & tricks, and grow as team.

Student One Stop

Everything in One Spot

Instead of sharing multiple documents with parents, it is all on one document

Student has direct access to pacing, grades, links, etc.

Many times, in the secondary level, students make use of the information more than parents.

Ease of use

Once demonstrated to the student & parent, shifting from sheet to sheet using the tabs is easy and convenient.

Individualized Pacing

New Students Needing Help

Although rare, some students/parents who are new to independent study find it difficult to know how to plan out their weeks and days. Using this template and showing the student/parent how to use it for themselves works just like a planner.

Students Who Are Behind

When students fall behind, using this template allows them to see what to do daily and mark it complete. This, in turn, allows the parent and ToR to "see" what is being completed.

Curriculum without Built-in Pacing

While we all love Bright Thinker, eDynamic, and Imagine Learning for the built-in pacing, other great curriculum options do not have this feature. In order to help the student get organized and used to self-pacing, use this template.

Staff Spotlight

Jenny has been a cornerstone of the Excel Academy family, proudly serving as an Excel Eagle since 2014. Over the past eleven years, her unwavering loyalty and dedication have spanned numerous critical roles and departments.

As a leader, Jenny is the epitome of conscientiousness and kindness, consistently working to represent and showcase our school to ensure it stands out above the rest. There is no challenge she can't conquer—from the most complex spreadsheet and CALPADS reporting delay to assessment glitches, board presentations, and mission-critical deadlines.

We are truly honored to have her on the Executive Leadership team, where she is a constant, invaluable force driving both the significant strategic objectives and the daily efforts that make Excel Academy the very best.

ROLE OF THE BOARD

The Board of Directors (Board) is elected to provide leadership and oversight of the nonprofit corporation that operates charter school(s). The Board shall ensure that the nonprofit corporation is responsive to the values, beliefs, and priorities of the communities it serves.

The Board shall work with the Superintendent/CEO to fulfill its major responsibilities, which include:

1. Setting the direction for the nonprofit corporation through a process that involves the counties, communities, parents/guardians, students, and staff and is focused on student learning and achievement
1. Establishing an effective and efficient organizational structure for the nonprofit corporation by:
 - a. Employing the Superintendent/CEO and setting policy for hiring of other personnel
 - b. Overseeing the development and adoption of policies
 - c. Establishing academic expectations and adopting the curriculum and instructional materials
 - d. Establishing budget priorities and adopting the budget
 - e. Providing safe, adequate facilities that support the school's operations
3. Providing support to the Superintendent/CEO and other staff as they carry out the Board's direction by:
 - a. Establishing and adhering to standards of responsible governance
 - b. Making decisions and providing resources that support the nonprofit corporation priorities and goals
 - c. Upholding Board policies
 - d. Being knowledgeable about school programs and efforts to serve as effective spokespersons
4. Ensuring accountability to the public for the performance of the school(s) and compliance with the charter(s) by:
 - a. Establishing and approving all major educational and operational policies
 - b. Approval all major contracts
 - c. Approving the charter school's annual budget and overseeing the charter school's fiscal affairs
 - d. Hearing expulsion recommendations at scheduled Board of Directors' meetings to meet the required timeframe for expulsions
 - e. Evaluating the Superintendent/CEO/Superintendent who oversees the day-to-day operations of the charter school and implementing the policy direction of the Board
 - f. Developing annual goals for the charter school and long range plans with input from the Superintendent/CEO/Superintendent, teachers, and parent/guardian advisory council members
 - g. Receiving reports from, and providing recommendations to, the Superintendent/CEO/ relative to long-term strategic planning

- h. Assessing the charter school's goals, objectives, academic achievement/student progress, financial status, and any need for redirection
- i. Evaluating charter school and student performance

5. Providing leadership and advocacy on behalf of students, the educational program, and public education to build support within the local counties and communities.

GOVERNANCE STANDARDS

The Board believes its primary responsibility is to act in the best interests of every student in the school(s). The Board is also committed to parents/guardians, counties, communities, employees, the State of California, the laws pertaining to public education, and established school policies. To maximize Board effectiveness and public confidence in Board governance, Board members are expected to govern responsibly and hold themselves to the highest standards of ethical conduct.

The Board expects its members to work with each other and the Superintendent/CEO to ensure that a high-quality education is provided to each student. Each Board member shall:

1. Keep learning and achievement for all students as the primary focus
2. Value, support and advocate for public education
3. Recognize and respect differences of perspective and style on the Board and among staff, students, parents, and the counties and communities it serves
4. Act with dignity, and understand the implications of demeanor and behavior
5. Keep confidential matters confidential
6. Participate in professional development and commit the time and energy necessary to be an informed and effective leader
7. Understand the distinctions between Board and staff roles, and refrain from performing management functions that are the responsibility of the Superintendent/CEO and other staff
8. Understand that authority rests with the Board as a whole and not with individuals

Board members shall also assume collective responsibility for building unity and creating a positive organizational culture. To operate effectively, the Board shall have a unity of purpose and:

1. Keep the the nonprofit corporation focused on learning and achievement for all students
2. Communicate a common vision
3. Operate openly, with trust and integrity
4. Govern in a dignified and professional manner, treating everyone with civility and respect
5. Govern within Board-adopted policies and procedures
6. Take collective responsibility for the Board's performance
7. Annually evaluate its own effectiveness
8. Ensure opportunities for diverse views in the students, staff, counties and communities it serves to inform Board deliberations.

PUBLIC STATEMENTS

The Board recognizes its members may participate in public discourse on civic or community interest matters, including those involving the nonprofit corporation, and their right to express their personal views. However, to ensure consistent, unified communication regarding nonprofit corporation issues, Board members are expected to respect the authority of the Board to choose its representatives to communicate its positions and to abide by established protocols.

All public statements authorized to be made on behalf of the Board shall be made by the Board President or, if appropriate, by the Superintendent/CEO or other designated representative.

When speaking for the nonprofit corporation, the Board encourages its spokespersons to exercise restraint and tact and to communicate the message in a manner that promotes public confidence in the Board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the Board, nor shall Board spokespersons express any support for (or opposition to) any candidate(s) for political office. The Board must ensure that any statements or informational materials concerning proposed legislation or political candidates are provided in a neutral, nonpartisan and educational manner consistent with state and federal restrictions for 501(c)(3) nonprofits and public agencies.

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify personal viewpoints as such and not as the viewpoint of the Board.

In addition, the Board encourages members who participate on social networking sites, blogs, or other discussion or informational sites to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for students and the community. Such electronic communications are subject to the same standards and protocols established for other forms of communication. Furthermore, the Brown Act prohibits Board members from responding directly to any community on an internet-based social media platform regarding a matter that is within the subject-matter jurisdiction of the Board (e.g., charter school matters) that is made, posted, or shared by any other Board member.

DISCLOSURE OF CONFIDENTIAL/PRIVILEGED INFORMATION

The Board recognizes the importance of maintaining the confidentiality of information acquired as part of a Board member's official duties. Confidential/privileged information shall be released only to the extent authorized by law and upon approval from the Board.

Disclosure of Closed Session Information

A Board member shall not disclose confidential information acquired during a closed session to a person not entitled to receive such information, unless a majority of the Board has authorized its disclosure.

Confidential information means a communication made in a closed session that is specifically related to the basis for the Board to meet lawfully in closed session.

Other Disclosures

A Board member shall not disclose, for pecuniary gain, confidential information acquired in the course of his/her official duties. Confidential information includes information that is not a public record subject to disclosure under the Public Records Act, information that by law may not be disclosed, or information that may have a material financial effect on the Board member.

Other Disclosures (continued)

The Board may take action against any person for disclosing confidential information.

Disclosures excepted from this prohibition are those made to law enforcement officials when reporting on improper governmental activities.

BOARD MEMBER ELECTRONIC COMMUNICATIONS

The Board recognizes that electronic communication is an efficient and convenient way for Board members to communicate and expedite the exchange of information within the nonprofit corporation and with members of the public. Board members shall exercise caution to ensure that electronic communications are not used as a means for the Board to deliberate outside of an agendaized Board meeting nor to circumvent the public's right to access records regarding the nonprofit corporation.

A quorum of the Board shall not, outside of an authorized Board meeting, use a series of electronic communications of any kind including emails, texts, or communications on an internet-based social media platform, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject-matter jurisdiction of the Board (e.g., charter school matters).

Examples of permissible electronic communications concerning the nonprofit corporation include, but are not limited to, dissemination of Board meeting agendas and agenda packets, reports of activities from the Superintendent/CEO sent to Board members, and reminders regarding meeting times, dates, and places. Board members must not use the "reply all" function via email to respond to these communications.

In addition, Board members may use electronic communications to discuss matters that do not pertain to the nonprofit corporation, regardless of the number of Board members participating in the discussion. However, Board members must be clear that such communications regarding any candidates for political office or proposed legislation are their own personal viewpoints and do not represent the Board, the nonprofit corporation or the school.

Board members shall make every effort to ensure that their electronic communications conform to the same standards and protocols established for other forms of communication. A Board member may respond, as appropriate, to an electronic communication received from a member of the community and should make clear that their response does not necessarily reflect the views of the Board as a whole. Any complaint or request for information should be forwarded to the Superintendent/CEO in accordance with Board policies and procedures so that the issue may receive proper consideration and be handled through the appropriate nonprofit corporation process. As appropriate, communication received from the media shall be forwarded to the Superintendent/CEO .

To the extent possible, electronic communications regarding any nonprofit corporation-related business shall be transmitted through a nonprofit corporation-provided account. Conversely, personal communications shall not be transmitted through a nonprofit corporation-provided device or account, nor shall communications regarding candidates for political office or proposed legislation without prior approval from the Board. Board members should keep in mind that such electronic communications (those transmitted through a provided device or account, or those pertaining to charter school matters) may be subject to public disclosure under the Public Records Act.

LIMITS OF BOARD MEMBER AUTHORITY

The Board recognizes that the Board governs the nonprofit corporation and that a Board member has no individual authority. Board members shall hold the interests of the nonprofit corporation above any partisan principle, group interest, or personal interest.

Unless agreed to by the Board as a whole, individual members of the Board shall not exercise any administrative responsibility with respect to the schools or command the services of any school employee. Individual Board members shall submit requests for information to the Superintendent/CEO. Board members shall refer Board-related correspondence to the Superintendent/CEO for forwarding to the Board or for placement on the Board's agenda, as appropriate.

Individual Board members do not have the authority to resolve complaints. Any Board member approached directly by a person with a complaint should refer the complainant to the Superintendent or designee so that the problem may be properly considered and handled through the appropriate nonprofit corporation process.

A Board member whose child is attending a nonprofit corporation school should be aware of their role as a Board member when interacting with nonprofit corporation employees about their child.

The Superintendent/CEO designee shall provide a copy of the state's open meeting laws (Brown Act) to each Board member and to anyone who is elected to the Board but has not yet assumed office.

Board members and persons elected to the Board who have not yet assumed office are responsible for complying with the requirements of the Brown Act.

GUIDING PRINCIPLES FOR THE BOARD OF DIRECTORS

To preserve the collaborative and mission-driven culture of Excel Academy Charter Schools, the Board of Directors embraces the following guiding principles in its members:

- **Mission Alignment:** Demonstrates a strong commitment to Excel Academy's mission, vision, and personalized learning model.
- **Collaborative Leadership:** Engages respectfully with diverse perspectives, contributing to healthy dialogue and team cohesion.
- **Ethical and Informed Governance:** Acts with integrity and adheres to high ethical and governance standards.
- **Community and Organizational Awareness:** Understands the charter school landscape and the unique needs of the Excel Academy community.
- **Unity of Purpose:** Builds trust and shared vision, contributing to a positive, purpose-driven Board culture that supports effective decision-making.

STEPS FOR FILLING BOARD VACANCY

In accordance with the Third Amended Bylaws of Excel Academy Charter Schools (Section 6.04), when a vacancy occurs, the Board has the authority to elect a new member. The following procedural steps provide additional guidance:

- **Recognize Vacancy:** The Board formally acknowledges the vacant position during a Regular or Special Board meeting.
- **Advisory Committee Formation:** The Board appoints an advisory committee in accordance with the Third Amended Bylaws of Excel Academy Charter Schools. This action requires a Board vote during a Regular or Special Board meeting and is adopted through a formal resolution.
- **Candidate Search:** The advisory committee identifies qualified individuals through outreach and discussion and provides the Board with a list of recommended candidates. Because shared vision and Board chemistry are important, the search may be informal and based on existing networks rather than a public recruitment.
- **Observation and Engagement:** Candidate(s) may be invited to attend a Board meeting for a brief introduction and informal conversation or interview with the Board.
- **Candidate Feedback:** The advisory committee may engage in follow up conversations with candidates after the Board meeting to learn more about their impressions of the Board's operations and culture.
- **Election:** Deliberation takes place in an open meeting, followed by a majority vote of the directors.

OATH OR AFFIRMATION

It is a tradition of the Board that, prior to entering office, all Board members take an oath or affirmation.

The following oath may be administered and certified by the Superintendent/CEO and/or the Board President:

"I, _____ do solemnly swear (or affirm) that I will support and defend the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of the State of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter."

ORIENTATION & ONBOARDING

The Board recognizes the importance of providing all newly elected Board members with support and information to assist them in becoming effective members of the Board. Incoming Board members are provided an onboarding checklist designed to build their knowledge of the nonprofit corporation and an understanding of the responsibilities of their position. This onboarding checklist is composed of seven sections:

Section 1: Governance & Legal Foundations

Section 2: Oath & Ethics

Section 3: Orientation Session

Section 4: Key Policy & Document Review

Section 5: Compliance & Operations

Section 6: Training & Continuing Education

Section 7: Engagement & Follow-Up

Section 1: Upon their election, newly elected Board members shall be provided a copy of the Brown Act and informed that, pursuant to Government Code 54952.1, they must conform to the Act's requirements as if they had already assumed office. The Board Member shall review the Brown Act and confirm understanding of open meeting and teleconference rules. Incoming Board members must also complete a Form 700 within 30 days of assuming office in accordance with the Political Reform Act. Additional information for incoming Board members include the review of Board bylaws, meeting procedures, limits of individual Board member authority, the conduct of Board meetings, legal requirements related to conflict of interest and prohibited political activity; protocols for speaking with nonprofit corporation staff, members of the public, and the media; and publications on effective governance practices.

Section 2: The newly elected Board member will take the official Oath of Office administered by the Board President or Superintendent. They will additionally review Ethics & Governance Standards, including confidentiality, dignity, and unity of purpose, as well as complete the AB 2158 Ethics Training.

Section 3: Within 30 days of election, the newly elected Board Member will attend one or more Board Orientation Meetings, which may happen during open meetings. Orientation will be designed to build their knowledge of the nonprofit corporation and an understanding of the responsibilities of their position in accordance with Education code §47604(c). The Board Member will meet with the Superintendent, CBO, and other key staff to review the nonprofit corporation's vision and goals statements, Local Control and Accountability Plan (LCAP), and other comprehensive plans, student demographic data, student achievement data. The Brown Act and Public Records Act will be reviewed to ensure comprehensive understanding of the Board Member.

ORIENTATION & ONBOARDING (CONT.)

Section 4: The newly elected Board Member will receive the Board of Director's Manual, Bylaws, Articles of Incorporation, Charter Petition and current LCAP. Additionally, the Board Member will review the Employee and Fiscal Policies.

Section 5: The Superintendent/CEO and Secretary of the Corporation will meet with the newly elected Board Member to review the annual meeting calendar and organizational meeting schedule. They will ensure the Board Member gains access to their Board Email and Board on Track Portal. During this time, the Superintendent/CEO and Secretary of the Corporation will review Board compensation and reimbursement policies. The Board Member must sign acknowledgement of confidentiality, communication, and training policies.

Section 6: Within 90 days of election, the new Board Member will attend Brown Act and Charter Governance training, and will complete the FPPC Conflict of Interest/Political Reform Act training. At the appointed Board Meeting, the Board Member will participate in the annual Board self-evaluation and goal setting.

Section 7: The Superintendent/CEO or designee may offer the newly elected Board member a tour of the nonprofit corporation's administrative offices and facilities, and may introduce them to the nonprofit corporation and charter school site administrators and other staff. The Superintendent/CEO will review the relationship with the charter authorizers with the new Board Member. Lastly the Superintendent/CEO will schedule a meeting with the Board President and newly elected Board Member to ensure all areas of training and onboarding will be covered.

Upon completion of all seven sections of the Onboarding Checklist, the newly elected Board Member and Board President will sign the Onboarding document to confirm completion, which will be finalized and verified by the Secretary of the Corporation.

Incoming members are encouraged, at the nonprofit corporation's expense and with approval of the Board, to attend charter school organization workshops and conferences relevant to the needs of the individual member, the Board as a whole, or the nonprofit corporation.

BOARD TRAINING

The Board's ability to effectively and responsibly govern the nonprofit corporation is essential to promoting student achievement, building positive community relations, and protecting the public interest in the nonprofit corporation that operates charter school(s). Board members shall be provided sufficient opportunities for professional development that helps them understand their responsibilities, stay abreast of new developments in education, and develop boardsmanship skills.

The Board and/or the Superintendent/CEO or designee shall provide an orientation to newly elected or appointed Board members which includes comprehensive information regarding Board roles, policies, and procedures and the nonprofit corporation's vision and goals, operations, and current challenges. Throughout their first term, Board members shall continue to participate in additional educational opportunities designed to assist them in understanding the principles of effective governance, including, but not limited to, information on school finance and budgets, student achievement and assessment, labor relations, community relations, program evaluation, open meeting laws (the Brown Act), conflict of interest laws, and other topics necessary to govern effectively and in compliance with law.

Board members will be responsible for participating in required training programs, including but not limited to ethics training as set forth in AB 2158 (commencing on January 1, 2025). All Board members are encouraged to continuously participate in advanced training in order to reinforce boardsmanship skills and build knowledge related to key education issues. Such activities may include online courses, webinars, webcasts, and in-person attendance at workshops and conferences. In addition, workshops and consultations may be held within the nonprofit corporation on issues that involve the entire governance team.

Board members may attend a conference or similar public gathering with other Board members and/or with the Superintendent/CEO or designee in order to develop common knowledge and understanding of an issue or engage in team-building exercises. In such cases, a majority of the Board members shall not discuss among themselves, other than as part of the scheduled program, business of a specified nature that is within the nonprofit corporation's jurisdiction, so as not to violate the Brown Act open meeting laws.

Board members shall report to the Board, orally or in writing, on the Board training activities they attend, for the purpose of sharing the acquired knowledge or skills with the full Board and enlarging the benefit of the activity to the Board and nonprofit corporation.

REMUNERATION & REIMBURSEMENT

Compensation

Each member of the Board of Directors (Board) may receive a monthly compensation of \$650.00.

On an annual basis, the Board may adjust the compensation of Board members in an amount that is just and reasonable to the nonprofit corporation based on the services performed by the Board members and in consideration of comparable compensation that is paid to individuals holding similar positions at similarly-sized nonprofit organizations in the same geographic location. The Board shall adopt such compensation based on the comparable analysis, which may include a compensation study.

Board members are not required to accept payment for meetings attended.

A member may be compensated for meetings they missed when the Board finds that they were performing designated services for the nonprofit corporation that operates charter school(s) at the time of the meeting or that they were absent because of illness, jury duty, or a hardship deemed acceptable by the Board.

Reimbursement of Expenses

Board members shall be reimbursed for actual and necessary expenses incurred when performing authorized services for the nonprofit corporation. Expenses for travel, telephone, business meals, or other authorized purposes shall be in accordance with policies established for the nonprofit corporation personnel and at the same reimbursement rate.

Board members shall be reimbursed for travel expenses incurred when performing services directed by the Board.

Authorized purposes may include, but are not limited to, attendance at educational seminars or conferences designed to improve Board members' skills and knowledge; participation in regional, state, or national organizations whose activities affect the nonprofit corporation's interests; attendance at the nonprofit corporation or community events; and meetings with state or federal officials on issues of community concern.

Personal expenses shall be the responsibility of individual Board members. Personal expenses include, but are not limited to, the personal portion of any trip, alcohol, entertainment, laundry, expenses of any family member who is accompanying the Board member on the nonprofit corporation-related business, personal use of an automobile, and personal losses and traffic violation fees incurred while at the nonprofit corporation.

Any questions regarding the propriety of a particular type of expense should be resolved pursuant to the fiscal policy.

BOARD POLICIES

The Board shall adopt written policies to convey its expectations for actions that will be taken in the nonprofit corporation, clarify roles and responsibilities of the Board and Superintendent/CEO, and communicate board philosophy and positions to students, staff, parents/guardians, and the community.

The nonprofit corporation's policy development process may be revised or expanded as needed based on the issue being considered, the need for more information, or the desire to provide greater opportunities for consultation and public input.

Policies shall become effective upon Board adoption or at a future date if so designated by the Board at the time of adoption.

The Board shall prescribe and enforce rules for its own governance consistent with state law and regulations.

Bylaws governing Board operations may be amended in accordance with the process set forth in the Bylaws.

BOARD POLICIES (CONT.)

Monitoring and Evaluation

At any time, the Board and Superintendent/CEO or designee may determine that progress reports to the Board on the implementation and/or effectiveness of the policy should be scheduled. If so, the Board and Superintendent/CEO or designee shall agree upon a timeline and, as applicable, measures for evaluating the effectiveness of the policy in achieving its purpose.

Access to Policies

The Superintendent/CEO or designee shall provide for public access to current Board-adopted policies, such as by posting policies to the website or making them available upon request.

As necessary, the Superintendent/CEO or designee shall notify staff, parents/guardians, students, and other stakeholders whenever a policy that affects them is adopted or revised. They may determine the appropriate communication strategy depending on the issue. Policies shall be posted on the website when required by law.

AGENDA & MEETING MATERIALS

Any board member or member of the public may request that a matter within the jurisdiction of the Board be placed on the agenda of a regular meeting. The request shall be submitted in writing to the Superintendent/CEO or designee with supporting documents and information.

The Board President and Superintendent/CEO shall decide whether a request from a member of the public is within the subject matter jurisdiction of the Board. Items not within the subject matter jurisdiction of the Board may not be placed on the agenda. In addition, before placing the item on the agenda, the Board President and Superintendent/CEO shall determine if the item is merely a request for information or whether the issue is covered by an existing policy.

If the Board President and Superintendent/CEO do not place an item on the agenda, the Board member may request the Board to take action to determine whether the item shall be placed on the agenda.

The Board President and Superintendent/CEO shall also decide, in accordance with the Brown Act, whether an agenda item is appropriate for discussion in open or closed session, and whether the item should be an action item subject to Board vote or an information item that does not require immediate action.

In order to promote efficient meetings, the Board may bundle a number of items and act upon them together by a single vote through the use of a consent agenda. Consent items shall be items of a routine nature and items for which Board discussion is not anticipated and for which the Superintendent/CEO recommends approval. When any Board member requests the removal of an item from the consent agenda, the item shall be removed and given individual consideration for action as a regular agenda item.

At least 72 hours before each regular meeting, each Board member shall be provided a digital copy of the agenda and other available documents pertinent to the meeting.

AGENDA & MEETING MATERIALS (CONT.)

When special meetings are called, board members shall receive, at least 24 hours prior to the meeting, notice of the business to be transacted.

Board members shall review agenda materials before each meeting. Individual members may confer directly with the Superintendent/CEO or designee to ask questions and/or request additional information on agenda items. However, a majority of Board members shall not, outside of a noticed meeting, directly or through intermediaries or electronic means discuss, deliberate, or take action on any matter within the subject matter jurisdiction of the Board.

MEETING CONDUCT

All Board meetings shall begin on time and shall follow an agenda prepared in accordance with board Bylaws and posted and distributed in accordance with the Ralph M. Brown Act (open meeting requirements), the Charter Schools Act and other applicable laws.

The Board shall adopt and enforce a policy for public participation at meetings, which shall include the requirements of the Charter Schools Act for establishing two-way conference locations and posting recordings of the meetings.

The Board believes that late night meetings deter public participation, can affect the Board's decision-making ability, and can be a burden to staff. Regular board meetings shall be held between the hours of 8:00am to 4:00pm; if any Special or Emergency Board Meetings are held, they shall be adjourned by 10:00 p.m. unless extended to a specific time determined by a majority of the Board. The meeting shall be extended no more than once and subsequently may be adjourned to a later date.

Minutes

The Board recognizes that maintaining accurate minutes of Board meetings helps foster public trust in Board governance and provides a record of Board actions for use by nonprofit corporation staff and the public.

The Secretary shall keep minutes and record all official Board actions. The Board's minutes shall be public records and shall be made available to the public upon request.

The minutes of Board meetings shall include, but not be limited to:

MEETING CONDUCT (CONT.)

1. A notation of which Board members are present, in person or by teleconference, and whether a member is not present for part of the meeting due to late arrival and/or early departure
2. A list of the public comments made on agendized items and non-agendized topics
3. The specific language of each motion and the names of the Board members who made and seconded the motion
5. Any action taken by the Board, and the vote or abstention on that action of each Board member present

Upon request by a student's parent/guardian, or by the student if age 18 or older, the minutes shall not include the student's or parent/guardian's address, telephone number, date of birth, or email address, or the student's name or other directory information as defined in Education Code 49061. The request to exclude such information shall be made in writing to the Secretary.

The Superintendent/CEO or designee shall distribute a copy of the "unapproved" minutes of the previous meeting(s) with the agenda at a subsequent regular meeting. The Board shall approve the minutes as circulated or with necessary amendments.

Upon approval by the Board, the minutes shall be signed by the Board President and Board Clerk. Official Board minutes shall be stored in a secure location and shall be retained in accordance with law.

Any minutes kept for Board meetings held in closed session shall be kept separately from the minutes or recordings of regular and special meetings. Minutes of closed sessions are not public records.

BOARD SELF EVALUATION

The Board shall annually conduct a self-evaluation in order to demonstrate accountability to the community and ensure that nonprofit corporation governance effectively supports student achievement and the attainment of the nonprofit corporation's vision and goals.

The evaluation may address any area of Board responsibility, including, but not limited to, Board performance in relation to vision setting, curriculum, personnel, finance, policy development, collective bargaining, community relations, and advocacy. The evaluation may also address objectives related to Board meeting operations, relationships among Board members, relationship with the Superintendent/CEO, understanding of Board and Executive Director roles and responsibilities, communication skills, or other governance or boardsmanship skills.

The Board shall evaluate itself as a whole. Individual Board members are also expected to use the evaluation process as an opportunity to assess and set goals for their own personal performance.

BOARD SELF EVALUATION (CONT.)

Each year, the Board, with assistance from the Superintendent/CEO, shall determine an evaluation method or instrument that measures key components of Board responsibility and previously identified performance objectives. Visual and/or audio recordings of a Board meeting may only be used as an evaluation tool when consent is given by all Board members.

Any discussion involving the Board's self-evaluation shall be conducted in open session.

At the request of the Board, a facilitator may be used to assist with the evaluation process. The Board may invite the Superintendent/CEO or other individual(s) with pertinent information to provide input into the evaluation process.

Following the evaluation, the Board may set goals, define and/or refine protocols, and establish priorities and objectives for the following year's evaluation. The Board may also develop strategies for strengthening Board performance based on identified areas of need, including, but not limited to, additional training or mentorship.

SUPERINTENDENT/CEO EVALUATION

The Board and Superintendent/CEO shall annually develop and agree upon performance goals and objectives that shall serve as the basis for an annual evaluation. The evaluation process shall follow a timeline mutually agreed to by the Board and the Superintendent/CEO.

The Board shall devote a portion of at least one meeting annually for discussion and evaluation of the performance and working relationship between the Superintendent/CEO and the Board. Such meetings shall be conducted in closed session, unless mutually agreed otherwise, and allow the option to deliberate privately without the Superintendent/CEO present when discussing the final conclusions of an evaluation.

SUPERINTENDENT/CEO SUCCESSION PLANNING

Short-Term Absence Procedures

The Board should follow the procedures listed below in the event the Superintendent/CEO is temporarily unable to fulfill their duties due to an emergency or planned short term absence.

1. **Immediate Notification:** The Superintendent/CEO or Assistant Director of Human Resources will inform the Board President as soon as possible about the temporary incapacity or absence and will support the Board with communication, as directed by the Board President
2. **Special Board Meeting:** As needed, convene a Special Board meeting to discuss the situation and potential impact.
3. **Acting Superintendent/CEO:** Consult with Human Resources for the name of the Superintendent/CEO's recommended Acting Superintendent/CEO.
4. **Review and Monitor:** The situation should be reviewed at regular intervals to decide if the Acting Superintendent/CEO should continue in the role or if the regular Superintendent/CEO can resume duties.
5. **Transition Back:** Once the Superintendent/CEO resumes duties, a transition plan should be established to ensure a smooth return.

Emergency Vacancy Procedures

This section provides a guide for the Board of Directors in case the seat of the Superintendent/CEO becomes **permanently vacant through unplanned circumstances**. This ensures the continuity of leadership and minimizes disruption in the organization.

1. **Immediate Notification:** The Assistant Director of Human Resources will inform the Board President as soon as possible about the emergent vacancy and will support the Board with communication, as directed by the Board President
2. **Special Board Meeting:** Convene a Special Board meeting within 48 hours to discuss the situation and potential impact.
3. **Interim Superintendent/CEO:** Consult with Human Resources for the name of the Superintendent/CEO's recommended Interim Superintendent/CEO.
4. **Search Committee:** If needed, appoint an Superintendent/CEO Search Committee consisting of less than a quorum of the Board's Directors with the support of other staff as appropriate, such as the Assistant Director of Human Resources. Define the committee's scope, authority, and limitations in writing. Consider and decide whether the Search Committee will conduct the search itself or employ a recruiter or search firm to help find candidates. If using a recruiter/search firm, the Search Committee will be its primary point of contact and will guide the search outside of full Board meetings.
5. **Interviews and Selections:** Establish unbiased, pre-defined criteria for candidate assessment. Conduct interviews and select a candidate based on these criteria. Keep detailed records for compliance with Equal Employment Opportunity laws.
6. **Contract Development:** Involve legal counsel to draft and review the employment contract. Ensure alignment with state and federal employment laws.
7. **Public Announcement:** In the open session of a Regular Board Meeting, the Board President or Assistant Director of Human Resources will verbally summarize the employment contract's salary and benefits provisions for the Board and the public before the Board votes to approve the contract.
8. **Transition Plan:** Develop a comprehensive transition plan for both the outgoing Interim Superintendent/CEO and incoming

Planned Vacancy Procedures

This section provides a guide for the Board of Directors in case the seat of the Superintendent/CEO becomes vacant through planned circumstances. This ensures the continuity of leadership and minimizes disruption in the organization.

Option 1 :

During the course of the Superintendent/CEO's active employment, the Superintendent/CEO will develop a formal leadership pipeline to identify and nurture talent at all levels of the organization. The Superintendent/CEO will arrange for a transition period where they mentor the successor, in order to ensure a smooth transfer of knowledge and responsibilities.

1. **Initial Notice:** The Superintendent/CEO should provide written notice of departure as stipulated in their contract, including a minimum notice period.
2. **Board Meeting:** Convene a Special Board Meeting to initiate a plan and timeline for the vacancy.
3. **Contract Development:** Involve legal counsel to draft and review the employment contract. Ensure alignment with state and federal employment laws.
4. **Public Announcement:** In the open session of a Regular Board Meeting, the Board President or Assistant Director of Human Resources will verbally summarize the employment contract's salary and benefits provisions for the Board and the public before the Board votes to approve the contract.
5. **Transition Plan:** The Superintendent/CEO will arrange for a transition period where they mentor the successor, in order to ensure a smooth transfer of knowledge and responsibilities.

Option 2:

1. **Initial Notice:** The Superintendent/CEO should provide written notice of departure as stipulated in their contract, including a minimum notice period.
2. **Board Meeting:** Convene a Special Board Meeting to initiate a plan and timeline for the vacancy.
3. **Search Committee:** If needed, appoint an Superintendent/CEO Search Committee consisting of less than a quorum of the Board's Directors with the support of other staff as appropriate, such as the Assistant Director of Human Resources. Define the committee's scope, authority, and limitations in writing. Consider and decide whether the Search Committee will conduct the search itself or employ a recruiter or search firm to help find candidates. If using a recruiter/search firm, the Search Committee will be its primary point of contact and will guide the search outside of full Board meetings.

ROLE OF THE BOARD

The Board of Directors (Board) is elected to provide leadership and oversight of the nonprofit corporation that operates charter school(s). The Board shall ensure that the nonprofit corporation is responsive to the values, beliefs, and priorities of the communities it serves.

The Board shall work with the Superintendent/CEO/Executive Director to fulfill its major responsibilities, which include:

1. Setting the direction for the nonprofit corporation through a process that involves the counties, communities, parents/guardians, students, and staff and is focused on student learning and achievement
1. Establishing an effective and efficient organizational structure for the nonprofit corporation by:
 - a. Employing the Superintendent/CEO/Executive Director and setting policy for hiring of other personnel
 - b. Overseeing the development and adoption of policies
 - c. Establishing academic expectations and adopting the curriculum and instructional materials
 - d. Establishing budget priorities and adopting the budget
 - e. Providing safe, adequate facilities that support the school's operations
3. Providing support to the Superintendent/CEO/Executive Director and other staff as they carry out the Board's direction by:
 - a. Establishing and adhering to standards of responsible governance
 - b. Making decisions and providing resources that support the nonprofit corporation priorities and goals
 - c. Upholding Board policies
 - d. Being knowledgeable about school programs and efforts to serve as effective spokespersons
4. Ensuring accountability to the public for the performance of the school(s) and compliance with the charter(s) by:
 - a. Establishing and approving all major educational and operational policies
 - b. Approval all major contracts
 - c. Approving the charter school's annual budget and overseeing the charter school's fiscal affairs
 - d. Hearing expulsion recommendations at scheduled Board of Directors' meetings to meet the required timeframe for expulsions
 - e. Evaluating the Superintendent/CEO/Executive Director who oversees the day-to-day operations of the charter school and implementing the policy direction of the Board
 - f. Developing annual goals for the charter school and long range plans with input from the Superintendent/CEO/Executive Director, teachers, and parent/guardian advisory council members
 - g. Receiving reports from, and providing recommendations to, the Superintendent/CEO/Executive Director relative to long-term strategic planning

- h. Assessing the charter school's goals, objectives, academic achievement/student progress, financial status, and any need for redirection
- i. Evaluating charter school and student performance

5. Providing leadership and advocacy on behalf of students, the educational program, and public education to build support within the local counties and communities.

GOVERNANCE STANDARDS

The Board believes its primary responsibility is to act in the best interests of every student in the school(s). The Board is also committed to parents/guardians, counties, communities, employees, the State of California, the laws pertaining to public education, and established school policies. To maximize Board effectiveness and public confidence in Board governance, Board members are expected to govern responsibly and hold themselves to the highest standards of ethical conduct.

The Board expects its members to work with each other and the Superintendent/CEO/Executive Director to ensure that a high-quality education is provided to each student. Each Board member shall:

1. Keep learning and achievement for all students as the primary focus
2. Value, support and advocate for public education
3. Recognize and respect differences of perspective and style on the Board and among staff, students, parents, and the counties and communities it serves
4. Act with dignity, and understand the implications of demeanor and behavior
5. Keep confidential matters confidential
6. Participate in professional development and commit the time and energy necessary to be an informed and effective leader
7. Understand the distinctions between Board and staff roles, and refrain from performing management functions that are the responsibility of the Superintendent/CEO/Executive Director and other staff
8. Understand that authority rests with the Board as a whole and not with individuals

Board members shall also assume collective responsibility for building unity and creating a positive organizational culture. To operate effectively, the Board shall have a unity of purpose and:

1. Keep the the nonprofit corporation focused on learning and achievement for all students
2. Communicate a common vision
3. Operate openly, with trust and integrity
4. Govern in a dignified and professional manner, treating everyone with civility and respect
5. Govern within Board-adopted policies and procedures
6. Take collective responsibility for the Board's performance
7. Annually evaluate its own effectiveness
8. Ensure opportunities for diverse views in the students, staff, counties and communities it serves to inform Board deliberations.

PUBLIC STATEMENTS

The Board recognizes its members may participate in public discourse on civic or community interest matters, including those involving the nonprofit corporation, and their right to express their personal views. However, to ensure consistent, unified communication regarding nonprofit corporation issues, Board members are expected to respect the authority of the Board to choose its representatives to communicate its positions and to abide by established protocols.

All public statements authorized to be made on behalf of the Board shall be made by the Board President or, if appropriate, by the Superintendent/CEO/Executive Director or other designated representative.

When speaking for the nonprofit corporation, the Board encourages its spokespersons to exercise restraint and tact and to communicate the message in a manner that promotes public confidence in the Board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the Board, nor shall Board spokespersons express any support for (or opposition to) any candidate(s) for political office. The Board must ensure that any statements or informational materials concerning proposed legislation or political candidates are provided in a neutral, nonpartisan and educational manner consistent with state and federal restrictions for 501(c)(3) nonprofits and public agencies.

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify personal viewpoints as such and not as the viewpoint of the Board.

In addition, the Board encourages members who participate on social networking sites, blogs, or other discussion or informational sites to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for students and the community. Such electronic communications are subject to the same standards and protocols established for other forms of communication. Furthermore, the Brown Act prohibits Board members from responding directly to any community on an internet-based social media platform regarding a matter that is within the subject-matter jurisdiction of the Board (e.g., charter school matters) that is made, posted, or shared by any other Board member.

DISCLOSURE OF CONFIDENTIAL/PRIVILEGED INFORMATION

The Board recognizes the importance of maintaining the confidentiality of information acquired as part of a Board member's official duties. Confidential/privileged information shall be released only to the extent authorized by law and upon approval from the Board.

Disclosure of Closed Session Information

A Board member shall not disclose confidential information acquired during a closed session to a person not entitled to receive such information, unless a majority of the Board has authorized its disclosure.

Confidential information means a communication made in a closed session that is specifically related to the basis for the Board to meet lawfully in closed session.

Other Disclosures

A Board member shall not disclose, for pecuniary gain, confidential information acquired in the course of his/her official duties. Confidential information includes information that is not a public record subject to disclosure under the Public Records Act, information that by law may not be disclosed, or information that may have a material financial effect on the Board member.

Other Disclosures (continued)

The Board may take action against any person for disclosing confidential information.

Disclosures excepted from this prohibition are those made to law enforcement officials when reporting on improper governmental activities.

BOARD MEMBER ELECTRONIC COMMUNICATIONS

The Board recognizes that electronic communication is an efficient and convenient way for Board members to communicate and expedite the exchange of information within the nonprofit corporation and with members of the public. Board members shall exercise caution to ensure that electronic communications are not used as a means for the Board to deliberate outside of an agendaized Board meeting nor to circumvent the public's right to access records regarding the nonprofit corporation.

A quorum of the Board shall not, outside of an authorized Board meeting, use a series of electronic communications of any kind including emails, texts, or communications on an internet-based social media platform, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject-matter jurisdiction of the Board (e.g., charter school matters).

Examples of permissible electronic communications concerning the nonprofit corporation include, but are not limited to, dissemination of Board meeting agendas and agenda packets, reports of activities from the Superintendent/CEO/Executive Director sent to Board members, and reminders regarding meeting times, dates, and places. Board members must not use the "reply all" function via email to respond to these communications.

In addition, Board members may use electronic communications to discuss matters that do not pertain to the nonprofit corporation, regardless of the number of Board members participating in the discussion. However, Board members must be clear that such communications regarding any candidates for political office or proposed legislation are their own personal viewpoints and do not represent the Board, the nonprofit corporation or the school.

Board members shall make every effort to ensure that their electronic communications conform to the same standards and protocols established for other forms of communication. A Board member may respond, as appropriate, to an electronic communication received from a member of the community and should make clear that their response does not necessarily reflect the views of the Board as a whole. Any complaint or request for information should be forwarded to the Superintendent/CEO/Executive Director in accordance with Board policies and procedures so that the issue may receive proper consideration and be handled through the appropriate nonprofit corporation process. As appropriate, communication received from the media shall be forwarded to the Superintendent/CEO/Executive Director.

To the extent possible, electronic communications regarding any nonprofit corporation-related business shall be transmitted through a nonprofit corporation-provided account. Conversely, personal communications shall not be transmitted through a nonprofit corporation-provided device or account, nor shall communications regarding candidates for political office or proposed legislation without prior approval from the Board. Board members should keep in mind that such electronic communications (those transmitted through a provided device or account, or those pertaining to charter school matters) may be subject to public disclosure under the Public Records Act.

LIMITS OF BOARD MEMBER AUTHORITY

The Board recognizes that the Board governs the nonprofit corporation and that a Board member has no individual authority. Board members shall hold the interests of the nonprofit corporation above any partisan principle, group interest, or personal interest.

Unless agreed to by the Board as a whole, individual members of the Board shall not exercise any administrative responsibility with respect to the schools or command the services of any school employee. Individual Board members shall submit requests for information to the Superintendent/CEO/Executive Director. Board members shall refer Board-related correspondence to the Superintendent/CEO/Executive Director for forwarding to the Board or for placement on the Board's agenda, as appropriate.

Individual Board members do not have the authority to resolve complaints. Any Board member approached directly by a person with a complaint should refer the complainant to the Executive Director or designee so that the problem may be properly considered and handled through the appropriate nonprofit corporation process.

A Board member whose child is attending a nonprofit corporation school should be aware of their role as a Board member when interacting with nonprofit corporation employees about their child.

The Superintendent/CEO/Executive Director designee shall provide a copy of the state's open meeting laws (Brown Act) to each Board member and to anyone who is elected to the Board but has not yet assumed office.

Board members and persons elected to the Board who have not yet assumed office are responsible for complying with the requirements of the Brown Act.

GUIDING PRINCIPLES FOR THE BOARD OF DIRECTORS

To preserve the collaborative and mission-driven culture of Excel Academy Charter Schools, the Board of Directors embraces the following guiding principles in its members:

- **Mission Alignment:** Demonstrates a strong commitment to Excel Academy's mission, vision, and personalized learning model.
- **Collaborative Leadership:** Engages respectfully with diverse perspectives, contributing to healthy dialogue and team cohesion.
- **Ethical and Informed Governance:** Acts with integrity and adheres to high ethical and governance standards.
- **Community and Organizational Awareness:** Understands the charter school landscape and the unique needs of the Excel Academy community.
- **Unity of Purpose:** Builds trust and shared vision, contributing to a positive, purpose-driven Board culture that supports effective decision-making.

STEPS FOR FILLING BOARD VACANCY

In accordance with the Third Amended Bylaws of Excel Academy Charter Schools (Section 6.04), when a vacancy occurs, the Board has the authority to elect a new member. The following procedural steps provide additional guidance:

- **Recognize Vacancy:** The Board formally acknowledges the vacant position during a Regular or Special Board meeting.
- **Advisory Committee Formation:** The Board appoints an advisory committee in accordance with the Third Amended Bylaws of Excel Academy Charter Schools. This action requires a Board vote during a Regular or Special Board meeting and is adopted through a formal resolution.
- **Candidate Search:** The advisory committee identifies qualified individuals through outreach and discussion and provides the Board with a list of recommended candidates. Because shared vision and Board chemistry are important, the search may be informal and based on existing networks rather than a public recruitment.
- **Observation and Engagement:** Candidate(s) may be invited to attend a Board meeting for a brief introduction and informal conversation or interview with the Board.
- **Candidate Feedback:** The advisory committee may engage in follow up conversations with candidates after the Board meeting to learn more about their impressions of the Board's operations and culture.
- **Election:** Deliberation takes place in an open meeting, followed by a majority vote of the directors.

OATH OR AFFIRMATION

It is a tradition of the Board that, prior to entering office, all Board members take an oath or affirmation.

The following oath may be administered and certified by the Superintendent/CEO/Executive Director and/or the Board President:

"I, _____ do solemnly swear (or affirm) that I will support and defend the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of the State of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter."

ORIENTATION & ONBOARDING

The Board recognizes the importance of providing all newly elected Board members with support and information to assist them in becoming effective members of the Board. Incoming Board members are provided an ~~orientation-onboarding checklist~~ designed to build their knowledge of the nonprofit corporation and an understanding of the responsibilities of their position. ~~Such orientation may include the provision of information, support, and/or training related to Board functions, policies, protocols, and standards of conduct.~~ This onboarding checklist is composed of seven sections:

Section 1: Governance & Legal Foundations

Section 2: Oath & Ethics

Section 3: Orientation Session

Section 4: Key Policy & Document Review

Section 5: Compliance & Operations

Section 6: Training & Continuing Education

Section 7: Engagement & Follow-Up

Section 1: Upon their election, newly elected Board members shall be provided a copy of the Brown Act and informed that, pursuant to Government Code 54952.1, they must conform to the Act's requirements as if they had already assumed office. The Board Member shall review the Brown Act and confirm understanding of open meeting and teleconference rules. Incoming Board members must also complete a Form 700 within 30 days of assuming office in accordance with the Political Reform Act. Additional information for incoming Board members include the review of Board bylaws, meeting procedures, limits of individual Board member authority, the conduct of Board meetings, legal requirements related to conflict of interest and prohibited political activity; protocols for speaking with nonprofit corporation staff, members of the public, and the media; and publications on effective governance practices.

Section 2: The newly elected Board member will take the official Oath of Office administered by the Board President or Superintendent. They will additionally review Ethics & Governance Standards, including confidentiality, dignity, and unity of purpose, as well as complete the AB 2158 Ethics Training.

Section 3: Within 30 days of election, the newly elected Board Member will attend one or more Board Orientation Meetings, which may happen during open meetings. Orientation will be designed to build their knowledge of the nonprofit corporation and an understanding of the responsibilities of their position in accordance with Education code §47604(c). The Board Member will meet with the Superintendent, CBO, and other key staff to review the nonprofit corporation's vision and goals statements, Local Control and Accountability Plan (LCAP), and other comprehensive plans, student demographic data, student achievement data. The Brown Act and Public Records Act will be reviewed to ensure comprehensive understanding of the Board Member.

ORIENTATION & ONBOARDING (CONT.)

Section 4: The newly elected Board Member will receive the Board of Director's Manual, Bylaws, Articles of Incorporation, Charter Petition and current LCAP. Additionally, the Board Member will review the Employee and Fiscal Policies.

Section 5: The Superintendent/CEO and Secretary of the Corporation will meet with the newly elected Board Member to review the annual meeting calendar and organizational meeting schedule. They will ensure the Board Member gains access to their Board Email and Board on Track Portal. During this time, the Superintendent/CEO and Secretary of the Corporation will review Board compensation and reimbursement policies. The Board Member must sign acknowledgement of confidentiality, communication, and training policies.

Section 6: Within 90 days of election, the new Board Member will attend Brown Act and Charter Governance training, and will complete the FPPC Conflict of Interest/Political Reform Act training. At the appointed Board Meeting, the Board Member will participate in the annual Board self-evaluation and goal setting.

Section 7: The Superintendent/CEO or designee may offer the newly elected Board member a tour of the nonprofit corporation's administrative offices and facilities, and may introduce them to the nonprofit corporation and charter school site administrators and other staff. The Superintendent/CEO will review the relationship with the charter authorizers with the new Board Member. Lastly the Superintendent/CEO will schedule a meeting with the Board President and newly elected Board Member to ensure all areas of training and onboarding will be covered.

Upon completion of all seven sections of the Onboarding Checklist, the newly elected Board Member and Board President will sign the Onboarding document to confirm completion, which will be finalized and verified by the Secretary of the Corporation.

Incoming members are encouraged, at the nonprofit corporation's expense and with approval of the Board, to attend charter school organization workshops and conferences relevant to the needs of the individual member, the Board as a whole, or the nonprofit corporation.

~~As early as possible following the election of Board members, one or more orientation sessions may be held during open meeting(s) of the Board or scheduled 1:1 meetings with the Superintendent/CEO/Executive Director and other staff. The Board President and the Superintendent/CEO/Executive Director or designee shall develop an agenda for the meeting(s) and identify resources useful for incoming Board members.~~

~~Upon their election, incoming Board members shall be provided a copy of the Brown Act and informed that, pursuant to Government Code 54952.1, they must conform to the Act's requirements as if they had already assumed office. Incoming Board members must also complete a Form 700 within 30 days of assuming office in accordance with the Political Reform Act. Additional information for incoming Board members may include, but is not limited to, Board bylaws related to the limits of individual Board member authority, the conduct of Board meetings, and other Board operations; governance standards for ethical conduct; legal requirements related to conflict of interest and prohibited political activity; protocols for speaking with nonprofit corporation staff, members of the public, and the media; and publications on effective governance practices.~~

~~In addition, the Superintendent/CEO/Executive Director or designee shall provide incoming Board members with specific background information regarding the nonprofit corporation, including, but not limited to, the nonprofit corporation's vision and goals statements, local control and accountability plan and other comprehensive plans, student demographic data, student achievement data, nonprofit corporation policy manual, nonprofit corporation budget, and minutes of recent open Board meetings.~~

~~The Superintendent/CEO/Executive Director or designee may offer incoming Board members a tour of the nonprofit corporation's administrative offices and facilities, and may introduce them to the nonprofit corporation and charter school site administrators and other staff.~~

~~Incoming members are encouraged, at the nonprofit corporation's expense and with approval of the Board, to attend charter school organization workshops and conferences relevant to the needs of the individual member, the Board as a whole, or the nonprofit corporation.~~

BOARD TRAINING

The Board's ability to effectively and responsibly govern the nonprofit corporation is essential to promoting student achievement, building positive community relations, and protecting the public interest in the nonprofit corporation that operates charter school(s). Board members shall be provided sufficient opportunities for professional development that helps them understand their responsibilities, stay abreast of new developments in education, and develop boardsmanship skills.

The Board and/or the Superintendent/CEO/Executive Director or designee shall provide an orientation to newly elected or appointed Board members which includes comprehensive information regarding Board roles, policies, and procedures and the nonprofit corporation's vision and goals, operations, and current challenges. Throughout their first term, Board members shall continue to participate in additional educational opportunities designed to assist them in understanding the principles of effective governance, including, but not limited to, information on school finance and budgets, student achievement and assessment, labor relations, community relations, program evaluation, open meeting laws (the Brown Act), conflict of interest laws, and other topics necessary to govern effectively and in compliance with law.

Board members will be responsible for participating in required training programs, including but not limited to ethics training as set forth in AB 2158 (commencing on January 1, 2025). All Board members are encouraged to continuously participate in advanced training in order to reinforce boardsmanship skills and build knowledge related to key education issues. Such activities may include online courses, webinars, webcasts, and in-person attendance at workshops and conferences. In addition, workshops and consultations may be held within the nonprofit corporation on issues that involve the entire governance team.

Board members may attend a conference or similar public gathering with other Board members and/or with the Superintendent/CEO/Executive Director or designee in order to develop common knowledge and understanding of an issue or engage in team-building exercises. In such cases, a majority of the Board members shall not discuss among themselves, other than as part of the scheduled program, business of a specified nature that is within the nonprofit corporation's jurisdiction, so as not to violate the Brown Act open meeting laws.

Board members shall report to the Board, orally or in writing, on the Board training activities they attend, for the purpose of sharing the acquired knowledge or skills with the full Board and enlarging the benefit of the activity to the Board and nonprofit corporation.

REMUNERATION & REIMBURSEMENT

Compensation

Each member of the Board of Directors (Board) may receive a monthly compensation of \$650.00.

On an annual basis, the Board may adjust the compensation of Board members in an amount that is just and reasonable to the nonprofit corporation based on the services performed by the Board members and in consideration of comparable compensation that is paid to individuals holding similar positions at similarly-sized nonprofit organizations in the same geographic location. The Board shall adopt such compensation based on the comparable analysis, which may include a compensation study.

Board members are not required to accept payment for meetings attended.

A member may be compensated for meetings they missed when the Board finds that they were performing designated services for the nonprofit corporation that operates charter school(s) at the time of the meeting or that they were absent because of illness, jury duty, or a hardship deemed acceptable by the Board.

Reimbursement of Expenses

Board members shall be reimbursed for actual and necessary expenses incurred when performing authorized services for the nonprofit corporation. Expenses for travel, telephone, business meals, or other authorized purposes shall be in accordance with policies established for the nonprofit corporation personnel and at the same reimbursement rate.

Board members shall be reimbursed for travel expenses incurred when performing services directed by the Board.

Authorized purposes may include, but are not limited to, attendance at educational seminars or conferences designed to improve Board members' skills and knowledge; participation in regional, state, or national organizations whose activities affect the nonprofit corporation's interests; attendance at the nonprofit corporation or community events; and meetings with state or federal officials on issues of community concern.

Personal expenses shall be the responsibility of individual Board members. Personal expenses include, but are not limited to, the personal portion of any trip, alcohol, entertainment, laundry, expenses of any family member who is accompanying the Board member on the nonprofit corporation-related business, personal use of an automobile, and personal losses and traffic violation fees incurred while at the nonprofit corporation.

Any questions regarding the propriety of a particular type of expense should be resolved pursuant to the fiscal policy.

BOARD POLICIES

The Board shall adopt written policies to convey its expectations for actions that will be taken in the nonprofit corporation, clarify roles and responsibilities of the Board and Superintendent/CEO/Executive Director, and communicate board philosophy and positions to students, staff, parents/guardians, and the community.

The nonprofit corporation's policy development process may be revised or expanded as needed based on the issue being considered, the need for more information, or the desire to provide greater opportunities for consultation and public input.

Policies shall become effective upon Board adoption or at a future date if so designated by the Board at the time of adoption.

The Board shall prescribe and enforce rules for its own governance consistent with state law and regulations.

Bylaws governing Board operations may be amended in accordance with the process set forth in the Bylaws.

BOARD POLICIES (CONT.)

Monitoring and Evaluation

At any time, the Board and Superintendent/CEO/Executive Director or designee may determine that progress reports to the Board on the implementation and/or effectiveness of the policy should be scheduled. If so, the Board and Superintendent/CEO/Executive Director or designee shall agree upon a timeline and, as applicable, measures for evaluating the effectiveness of the policy in achieving its purpose.

Access to Policies

The Superintendent/CEO/Executive Director or designee shall provide for public access to current Board-adopted policies, such as by posting policies to the website or making them available upon request.

As necessary, the Superintendent/CEO/Executive Director or designee shall notify staff, parents/guardians, students, and other stakeholders whenever a policy that affects them is adopted or revised. They may determine the appropriate communication strategy depending on the issue. Policies shall be posted on the website when required by law.

AGENDA & MEETING MATERIALS

Any board member or member of the public may request that a matter within the jurisdiction of the Board be placed on the agenda of a regular meeting. The request shall be submitted in writing to the Superintendent/CEO/Executive Director or designee with supporting documents and information.

The Board President and Superintendent/CEO/Executive Director shall decide whether a request from a member of the public is within the subject matter jurisdiction of the Board. Items not within the subject matter jurisdiction of the Board may not be placed on the agenda. In addition, before placing the item on the agenda, the Board President and Superintendent/CEO/Executive Director shall determine if the item is merely a request for information or whether the issue is covered by an existing policy.

If the Board President and Superintendent/CEO/Executive Director do not place an item on the agenda, the Board member may request the Board to take action to determine whether the item shall be placed on the agenda.

The Board President and Superintendent/CEO/Executive Director shall also decide, in accordance with the Brown Act, whether an agenda item is appropriate for discussion in open or closed session, and whether the item should be an action item subject to Board vote or an information item that does not require immediate action.

In order to promote efficient meetings, the Board may bundle a number of items and act upon them together by a single vote through the use of a consent agenda. Consent items shall be items of a routine nature and items for which Board discussion is not anticipated and for which the Superintendent/CEO/Executive Director recommends approval. When any Board member requests the removal of an item from the consent agenda, the item shall be removed and given individual consideration for action as a regular agenda item.

At least 72 hours before each regular meeting, each Board member shall be provided a digital copy of the agenda and other available documents pertinent to the meeting.

AGENDA & MEETING MATERIALS (CONT.)

When special meetings are called, board members shall receive, at least 24 hours prior to the meeting, notice of the business to be transacted.

Board members shall review agenda materials before each meeting. Individual members may confer directly with the Executive Director/CEO or designee to ask questions and/or request additional information on agenda items. However, a majority of Board members shall not, outside of a noticed meeting, directly or through intermediaries or electronic means discuss, deliberate, or take action on any matter within the subject matter jurisdiction of the Board.

MEETING CONDUCT

All Board meetings shall begin on time and shall follow an agenda prepared in accordance with board Bylaws and posted and distributed in accordance with the Ralph M. Brown Act (open meeting requirements), the Charter Schools Act and other applicable laws.

The Board shall adopt and enforce a policy for public participation at meetings, which shall include the requirements of the Charter Schools Act for establishing two-way conference locations and posting recordings of the meetings.

The Board believes that late night meetings deter public participation, can affect the Board's decision-making ability, and can be a burden to staff. Regular board meetings shall be held between the hours of 8:00am to 4:00pm; if any Special or Emergency Board Meetings are held, they shall be adjourned by 10:00 p.m. unless extended to a specific time determined by a majority of the Board. The meeting shall be extended no more than once and subsequently may be adjourned to a later date.

Minutes

The Board recognizes that maintaining accurate minutes of Board meetings helps foster public trust in Board governance and provides a record of Board actions for use by nonprofit corporation staff and the public.

The Secretary shall keep minutes and record all official Board actions. The Board's minutes shall be public records and shall be made available to the public upon request.

The minutes of Board meetings shall include, but not be limited to:

MEETING CONDUCT (CONT.)

1. A notation of which Board members are present, in person or by teleconference, and whether a member is not present for part of the meeting due to late arrival and/or early departure
2. A list of the public comments made on agendized items and non-agendized topics
3. The specific language of each motion and the names of the Board members who made and seconded the motion
5. Any action taken by the Board, and the vote or abstention on that action of each Board member present

Upon request by a student's parent/guardian, or by the student if age 18 or older, the minutes shall not include the student's or parent/guardian's address, telephone number, date of birth, or email address, or the student's name or other directory information as defined in Education Code 49061. The request to exclude such information shall be made in writing to the Secretary.

The Superintendent/CEO/Executive Director or designee shall distribute a copy of the "unapproved" minutes of the previous meeting(s) with the agenda at a subsequent regular meeting. The Board shall approve the minutes as circulated or with necessary amendments.

Upon approval by the Board, the minutes shall be signed by the Board President and Board Clerk. Official Board minutes shall be stored in a secure location and shall be retained in accordance with law.

Any minutes kept for Board meetings held in closed session shall be kept separately from the minutes or recordings of regular and special meetings. Minutes of closed sessions are not public records.

BOARD SELF EVALUATION

The Board shall annually conduct a self-evaluation in order to demonstrate accountability to the community and ensure that nonprofit corporation governance effectively supports student achievement and the attainment of the nonprofit corporation's vision and goals.

The evaluation may address any area of Board responsibility, including, but not limited to, Board performance in relation to vision setting, curriculum, personnel, finance, policy development, collective bargaining, community relations, and advocacy. The evaluation may also address objectives related to Board meeting operations, relationships among Board members, relationship with the Superintendent/CEO/Executive Director, understanding of Board and Executive Director roles and responsibilities, communication skills, or other governance or boardsmanship skills.

The Board shall evaluate itself as a whole. Individual Board members are also expected to use the evaluation process as an opportunity to assess and set goals for their own personal performance.

BOARD SELF EVALUATION (CONT.)

Each year, the Board, with assistance from the Superintendent/CEO/Executive Director, shall determine an evaluation method or instrument that measures key components of Board responsibility and previously identified performance objectives. Visual and/or audio recordings of a Board meeting may only be used as an evaluation tool when consent is given by all Board members.

Any discussion involving the Board's self-evaluation shall be conducted in open session.

At the request of the Board, a facilitator may be used to assist with the evaluation process. The Board may invite the Superintendent/CEO/Executive Director or other individual(s) with pertinent information to provide input into the evaluation process.

Following the evaluation, the Board may set goals, define and/or refine protocols, and establish priorities and objectives for the following year's evaluation. The Board may also develop strategies for strengthening Board performance based on identified areas of need, including, but not limited to, additional training or mentorship.

EXECUTIVE DIRECTOR/CEO EVALUATION

The Board and Executive Director/CEO shall annually develop and agree upon performance goals and objectives that shall serve as the basis for an annual evaluation. The evaluation process shall follow a timeline mutually agreed to by the Board and the Executive Director/CEO.

The Board shall devote a portion of at least one meeting annually for discussion and evaluation of the performance and working relationship between the Executive Director/CEO and the Board. Such meetings shall be conducted in closed session, unless mutually agreed otherwise, and allow the option to deliberate privately without the Executive Director/CEO present when discussing the final conclusions of an evaluation.

EXECUTIVE DIRECTOR/CEO SUCCESSION PLANNING

Short-Term Absence Procedures

The Board should follow the procedures listed below in the event the Executive Director/CEO is temporarily unable to fulfill their duties due to an emergency or planned short term absence.

1. **Immediate Notification:** The Executive Director/CEO or Assistant Director of Human Resources will inform the Board President as soon as possible about the temporary incapacity or absence and will support the Board with communication, as directed by the Board President
2. **Special Board Meeting:** As needed, convene a Special Board meeting to discuss the situation and potential impact.
3. **Acting Executive Director/CEO:** Consult with Human Resources for the name of the Executive Director/CEO's recommended Acting Executive Director/CEO.
4. **Review and Monitor:** The situation should be reviewed at regular intervals to decide if the Acting Executive Director/CEO should continue in the role or if the regular Executive Director/CEO can resume duties.
5. **Transition Back:** Once the Executive Director/CEO resumes duties, a transition plan should be established to ensure a smooth return.

Emergency Vacancy Procedures

This section provides a guide for the Board of Directors in case the seat of the Executive Director/CEO becomes **permanently vacant through unplanned circumstances**. This ensures the continuity of leadership and minimizes disruption in the organization.

1. **Immediate Notification:** The Assistant Director of Human Resources will inform the Board President as soon as possible about the emergent vacancy and will support the Board with communication, as directed by the Board President
2. **Special Board Meeting:** Convene a Special Board meeting within 48 hours to discuss the situation and potential impact.
3. **Interim Executive Director/CEO:** Consult with Human Resources for the name of the Executive Director/CEO's recommended Interim Executive Director/CEO.
4. **Search Committee:** If needed, appoint an Executive Director/CEO Search Committee consisting of less than a quorum of the Board's Directors with the support of other staff as appropriate, such as the Assistant Director of Human Resources. Define the committee's scope, authority, and limitations in writing. Consider and decide whether the Search Committee will conduct the search itself or employ a recruiter or search firm to help find candidates. If using a recruiter/search firm, the Search Committee will be its primary point of contact and will guide the search outside of full Board meetings.
5. **Interviews and Selections:** Establish unbiased, pre-defined criteria for candidate assessment. Conduct interviews and select a candidate based on these criteria. Keep detailed records for compliance with Equal Employment Opportunity laws.
6. **Contract Development:** Involve legal counsel to draft and review the employment contract. Ensure alignment with state and federal employment laws.
7. **Public Announcement:** In the open session of a Regular Board Meeting, the Board President or Assistant Director of Human Resources will verbally summarize the employment contract's salary and benefits provisions for the Board and the public before the Board votes to approve the contract.
8. **Transition Plan:** Develop a comprehensive transition plan for both the outgoing Interim Executive Director/CEO and incoming Executive

Steps for Filling Board Vacancy

In accordance with the Third Amended Bylaws of Excel Academy Charter Schools (Section 6.04), when a vacancy occurs, the Board has the authority to elect a new member. The following procedural steps provide additional guidance:

- **Recognize Vacancy:** The Board formally acknowledges the vacant position during a Regular or Special Board meeting.
- **Advisory Committee Formation:** The Board appoints an advisory committee in accordance with the Third Amended Bylaws of Excel Academy Charter Schools. This action requires a Board vote during a Regular or Special Board meeting and is adopted through a formal resolution.
- **Candidate Search:** The advisory committee identifies qualified individuals through outreach and discussion and provides the Board with a list of recommended candidates. Because shared vision and Board chemistry are important, the search may be informal and based on existing networks rather than a public recruitment.
- **Observation and Engagement:** Candidate(s) may be invited to attend a Board meeting for a brief introduction and informal conversation or interview with the Board.
- **Candidate Feedback:** The advisory committee may engage in follow up conversations with candidates after the Board meeting to learn more about their impressions of the Board's operations and culture.
- **Election:** Deliberation takes place in an open meeting, followed by a majority vote of the directors.

Orientation & Onboarding

The Board recognizes the importance of providing all newly elected Board members with support and information to assist them in becoming effective members of the Board. Incoming Board members are provided an onboarding checklist designed to build their knowledge of the nonprofit corporation and an understanding of the responsibilities of their position. This onboarding checklist is composed of seven sections:

Section 1: Governance & Legal Foundations

Section 2: Oath & Ethics

Section 3: Orientation Session

Section 4: Key Policy & Document Review

Section 5: Compliance & Operations

Section 6: Training & Continuing Education

Section 7: Engagement & Follow-Up

Section 1: Upon their election, newly elected Board members shall be provided a copy of the Brown Act and informed that, pursuant to Government Code 54952.1, they must conform to the Act's requirements as if they had already assumed office. The Board Member shall review the Brown Act and confirm understanding of open meeting and teleconference rules. Incoming Board members must also complete a Form 700 within 30 days of assuming office in accordance with the Political Reform Act. Additional information for incoming Board members include the review of Board bylaws, meeting procedures, limits of individual Board member authority, the conduct of Board meetings, legal requirements related to conflict of interest and prohibited political activity; protocols for speaking with nonprofit corporation staff, members of the public, and the media; and publications on effective governance practices.

Orientation & Onboarding

Section 2: The newly elected Board member will take the official Oath of Office administered by the Board President or Superintendent. They will additionally review Ethics & Governance Standards, including confidentiality, dignity, and unity of purpose, as well as complete the AB 2158 Ethics Training.

Section 3: Within 30 days of election, the newly elected Board Member will attend one or more Board Orientation Meetings, which may happen during open meetings. Orientation will be designed to build their knowledge of the nonprofit corporation and an understanding of the responsibilities of their position in accordance with Education code §47604(c). The Board Member will meet with the Superintendent, CBO, and other key staff to review the nonprofit corporation's vision and goals statements, Local Control and Accountability Plan (LCAP), and other comprehensive plans, student demographic data, student achievement data. The Brown Act and Public Records Act will be reviewed to ensure comprehensive understanding of the Board Member.

Section 4: The newly elected Board Member will receive the Board of Director's Manual, Bylaws, Articles of Incorporation, Charter Petition and current LCAP. Additionally, the Board Member will review the Employee and Fiscal Policies.

Section 5: The Superintendent/CEO and Secretary of the Corporation will meet with the newly elected Board Member to review the annual meeting calendar and organizational meeting schedule. They will ensure the Board Member gains access to their Board Email and Board on Track Portal. During this time, the Superintendent/CEO and Secretary of the Corporation will review Board compensation and reimbursement policies. The Board Member must sign acknowledgement of confidentiality, communication, and training policies.

Orientation & Onboarding

Section 6: Within 90 days of election, the new Board Member will attend Brown Act and Charter Governance training, and will complete the FPPC Conflict of Interest/Political Reform Act training. At the appointed Board Meeting, the Board Member will participate in the annual Board self-evaluation and goal setting.

Section 7: The Superintendent/CEO or designee may offer the newly elected Board member a tour of the nonprofit corporation's administrative offices and facilities, and may introduce them to the nonprofit corporation and charter school site administrators and other staff. The Superintendent/CEO will review the relationship with the charter authorizers with the new Board Member. Lastly the Superintendent/CEO will schedule a meeting with the Board President and newly elected Board Member to ensure all areas of training and onboarding will be covered.

Upon completion of all seven sections of the Onboarding Checklist, the newly elected Board Member and Board President will sign the Onboarding document to confirm completion, which will be finalized and verified by the Secretary of the Corporation.

Incoming members are encouraged, at the nonprofit corporation's expense and with approval of the Board, to attend charter school organization workshops and conferences relevant to the needs of the individual member, the Board as a whole, or the nonprofit corporation.

CONTRACT FOR SERVICES BETWEEN CHARTER CONNECT, INC. AND EXCEL ACADEMY.

This contract was made effective as of 6 November 2025, by and between Charter Connect, and Excel Academy Charter School (Excel Academy) of 1 Technology Dr I-811, Irvine, CA 92618. If not accepted, this offer expires on 31 December 2025. This contract will be considered in effect once signed by, and distributed to both parties, by either email, or certified mail. Performance of services will not begin until Charter Connect receives a signed copy of this contract.

1. DESCRIPTION OF SERVICES. Beginning on 1 January 2026, Charter Connect will provide to Excel Academy the schedule of services as explained in Attachment A. The services described in Attachment A are set out on a schedule covering the next 12 months, describing specifically which services will be performed on a monthly basis. If Excel Academy does not wish for a previously contracted service to be provided in any given month, they must provide notice no later than five (5) calendar days prior to the 1st calendar day of the following month. The written notice must specifically indicate the deviation to the contract, i.e., which services should be placed on pause, and for the duration of time during which that service should be paused. Failure to state a duration of time for the stoppage of that specific service will be construed as a request to pause that service for a single (1) month period of time. The services outlined in Attachment A will then resume following the one (1) month stoppage of time. Excel Academy must maintain a minimum of one (1) service per month.

2. ALTERATIONS OF SERVICES. If Excel Academy wishes to alter services for the following month, Excel Academy must provide notice no later than five (5) calendar days prior to the 1st calendar day of the following month. The written notice must specifically indicate which services are requested. Alterations are only accepted for periods of time of one (1) month, unless clearly specified in writing, and specifically approved by Charter Connect. The services outlined in Attachment A will resume following the one (1) month period of time in which services were altered.

3. LOTTERY AND ENROLLMENT RESPONSIBILITIES Excel Academy acknowledges and agrees that it is solely responsible for conducting all student enrollment, admissions, and lottery processes in compliance with applicable federal, state, and local laws and regulations. Packed Class provides tools and services to assist in the administration of such processes but does not control, oversee, or assume responsibility for the School's compliance with legal or regulatory requirements. The School agrees to hold harmless and indemnify Packed Class, its officers, employees, and agents from and against any and all claims, liabilities, damages, costs, or expenses

(including reasonable attorneys' fees) arising out of or related to the School's enrollment or lottery practices, including but not limited to claims of non-compliance with applicable laws or regulations.

4. PAYMENT. Payment shall be made either via check or via quickbooks ACH payments to Charter Connect of P.O. Box 34 Tooele, UT 84074. Excel Academy agrees to make monthly payment(s) in accordance with Attachment A.

Payment will be in accordance with the fee schedule as indicated in Attachment A. If Excel Academy declines services for a month, or requests alterations of services, payment may change depending upon the services requested, and rendered. If changes are requested to the services outlined in Attachment A, notice must be provided no later than five (5) calendar days prior to the 1st calendar day of the following month. If this stipulation is not met, payment should be for services, and amount contemplated in Attachment A. Payment is considered complete, and non-refundable, once Excel Academy receives, and fulfills an invoice.

In addition to any other right or remedy provided by law, if Excel Academy fails to pay for the Services when due, Charter Connect has the option to treat such failure to pay as a material breach of this Contract, and may cancel this Contract and/or seek legal remedies.

5. WARRANTIES. Charter Connect shall provide its services and meet its obligations under this Contract in a timely and workmanlike manner, using knowledge and recommendations for performing the services which meet generally acceptable standards in Charter Connect's community and region, and will provide a standard of care equal to, or superior to, care used by service providers similar to Charter Connect on similar projects.

6. TERM. This Contract will terminate automatically on 31 December 2026. If Excel Academy terminates services prior to the end of the commitment term stated herein ("Early Termination"), Excel Academy shall be charged a penalty and agrees to pay \$500 per every 30 day period prior to the end of the commitment term up to \$2000 to Charter Connect, Inc..

7. OWNERSHIP OF SOCIAL MEDIA CONTACTS. Any social media contacts, including "followers" or "friends," that are acquired through accounts (including, but not limited to email addresses, blogs, Twitter, Facebook, Youtube, or other social media networks) used or created on behalf of Excel Academy, to include any and all employees of Excel Academy authorized to act as an agent of Excel Academy, are and will remain the property of Excel Academy.

8. DEFAULT. The occurrence of any of the following shall constitute a material default under this contract:

- a. The failure to make a required payment when due in accordance with Attachment A.
- b. The insolvency or bankruptcy of either party.
- c. The subjection of any of either party's property to any levy, seizure, general assignment for the benefit of creditors, application or sale for or by any creditor or government agency.
- d. The failure to make available or deliver the services as described in Attachment A in the time and manner provided for in this contract.

9. REMEDIES ON DEFAULT. In addition to any and all other rights a party may have available according to law, if a party defaults by failing to substantially perform any provision, term or condition of this Contract (including without limitation the failure to make a monetary payment when due), the other party may terminate the Contract by providing written notice to the defaulting party. This notice shall describe with sufficient detail the nature of the default. The party receiving such notice shall have 30 days from the effective date of such notice to cure the default(s). Unless waived by a party providing notice, the failure to cure the default(s) within such a time period shall result in the automatic termination of this Contract.

10. FORCE MAJEURE. If performance of this Contract or any obligation under this Contract is prevented, restricted, or interfered with by causes beyond either party's reasonable control ("Force Majeure"), and if the party unable to carry out its obligations gives the other party prompt written notice of such event, then the obligations of the party invoking this provision shall be suspended to the extent necessary by such event. The term Force Majeure shall include, without limitation, acts of God, plague, epidemic, pandemic, outbreaks of infectious disease or any other public health crisis, including quarantine or other employee restrictions, fire, explosion, vandalism, storm or other similar occurrence, orders or acts of military or civil authority, or by national emergencies, insurrections, riots, or wars, or strikes, lock-outs, work stoppages. The excused party shall use reasonable efforts under the circumstances to avoid or remove such causes of non-performance and shall proceed to perform with reasonable dispatch whenever such causes are removed or ceased. An act or omission shall be deemed within the reasonable control of a party if committed, omitted, or caused by such party, or its employees, officers, agents, or affiliates.

11. DISPUTE RESOLUTION. The parties will attempt to resolve any dispute arising out of or relating to this Agreement through friendly negotiations amongst the parties. If the matter is not resolved by negotiation, the parties will resolve the dispute using the below Alternative Dispute Resolution (ADR) procedure.

Any controversies or disputes arising out of or relating to this Agreement will be submitted to mediation in accordance with any statutory rules of mediation. If mediation does not successfully resolve the dispute, the parties may proceed to seek an alternative form of resolution in accordance with any other rights and remedies afforded to them by law.

12. DEFAMATION. Charter Connect will recommend marketing services as seen fit to meet the needs of Excel Academy. Should Excel Academy elect to deviate from Charter Connect's recommended marketing plan, then Charter Connect cannot be held responsible for unsatisfactory marketing results. Excel Academy agrees to not defame Charter Connect digitally or in any other way if Excel Academy uses marketing services other than what Charter Connect personnel recommend.

13. CONFIDENTIALITY. Charter Connect, and its employees, agents, or representatives will not at any time or in any manner, either directly or indirectly, use for the personal benefit of Charter Connect, or divulge, disclose, or communicate in any manner, any information that is proprietary to Excel Academy. Charter Connect and its employees, agents, and representatives will protect such information and treat it as strictly confidential. This provision will continue to be effective after the termination of this Contract.

14. NOTICE. Any notice or communication required or permitted under this Contract shall be sufficiently given if delivered in person or by certified mail, return receipt requested, to the addresses listed above or to such other addresses as one party may have furnished to the other in writing. The notice shall be deemed received when delivered or signed for, or on the third day after mailing if not signed for.

15. ENTIRE CONTRACT. This Contract contains the entire agreement of the parties regarding the agreement between Charter Connect to render services described in Attachment A to Excel Academy in exchange for payment as described in Attachment A, and there are no other promises or conditions in any other agreement whether oral or written. This Contract supersedes any prior written or oral agreements between the parties.

16. AMENDMENT. This Contract may be modified or amended if the amendment is made in writing and signed by both parties. Alterations to the schedule of services in Attachment A as described by paragraphs 1 and 2 above shall be considered proper

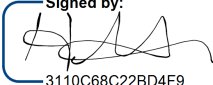

amendments if confirmed via email by the authorized agents of the parties to this contract.

17. SEVERABILITY. If any provision of this Contract shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

18. WAIVER OF CONTRACTUAL RIGHT. The failure of either party to enforce any provision of this Contract shall not be construed as a waiver or limitation of that party's right to subsequently enforce and compel strict compliance with every provision of this Contract.

19. APPLICABLE LAW. This Contract shall be governed by the laws of the State of Utah.

20. SIGNATORIES. This Agreement shall be signed on behalf of Excel Academy by Heidi Gasca, Executive Director, and on behalf of Charter Connect by Shawn Wortham, Director and effective as of the date first above written.

Item: School-Parent Compact

Edits to the School-Parent Compact include:

- Adjusted language for clarity
- Changed language regarding communication between parents and staff from just email to "communication daily, as needed."

Item: CCGI Agreement

Background: SB 153—*Education Finance: Omnibus Budget trailer bill*—took effect in July 2024 and updated Education Code § 60900(f)(3) and 60900.5. The update requires all California public local educational agencies serving students in grades 9–12 to enter into a data-sharing partnership agreement with the California College Guidance Initiative (CCGI) by January 1, 2026. These agencies must also begin providing data files by June 2026 to ensure all students receive transcript-informed accounts. For more information on the Education Code, see [here](#).

CaliforniaColleges.edu is the State of California's official college and career planning platform, which empowers students by providing them with a one-stop shop for all the tools they need to set goals for life after high school and make plans to achieve them.

By becoming a Partner District and establishing a formal data-sharing agreement with CCGI, our school district will be able to securely upload student transcript data into Californiacolleges.edu. This data is required for certain tools, such as the CSU and UC Eligibility Tools, as well as to import their verified "a-g" coursework and grades into the Cal State Apply application.

Attached please find CCGI's Data Sharing and Service Agreement. Once signed and executed, EACS will advance to the data sharing testing process and will work with CCGI's Technical Assistance team to meet the data sharing legal timeline.

School-Parent Compact

Excel Academy Charter School (EACS) distributes to parents and family members of Title I, Part A students, a school-parent compact (Compact). This Compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. This Compact describes specific ways EACS and families will partner to help children achieve the state's high academic standards. This Compact addresses the following legally required items, as well as other items suggested by parents and family members of Title I, Part A students:

- EACS's responsibility is to provide high-quality curriculum and instruction (ESSA Section 1116[d][1]).
- The ways parents and family members will be responsible for supporting their children's learning (ESSA Section 1116[d][1]).
- The importance of ongoing communication between parents, family members, and teachers through required learning period meetings; frequent reports on student progress; and access to staff (ESSA Section 1116[d][2]).
- Parent-teacher discussion, at least annually, during which the Compact shall be discussed as it relates to the individual child's achievement (ESSA Section 1116 [d][2][A]).
- Frequent reports to parents and family members on their children's progress (ESSA Section 1116[d][2][B]).
- Reasonable access to staff, opportunities for parents and family members to participate in their child's education (ESSA Section 1116[d][2][C]).

How does the EACS address this?

- EACS will provide high-quality curriculum and instruction.
- Parent, student, and teacher receipt of policies will be signed annually along with the EACS's master agreement.
- Communication and access to the staff are conducted and available through monthly learning period meetings, email communication, and social media outlets.

- Title I Family and Parent Engagement Policy and the School-Parent Compact will be discussed annually at School Site Council and ELAC meetings.
- Student progress is discussed at each learning period meeting. Report cards are provided each semester.
- Given the model of the school, the parents are highly active participants in their child's education.
- Parents have access to staff for communication daily, as needed.

EACS engages Title I, Part A parents and family members to improve the achievement of their children in meaningful interactions with the school. This Compact supports a partnership among staff, parents and family members, and the community to improve student academic achievement. To help reach these goals, EACS has established the following practices:

- ToRs share and discuss diagnostic assessment results with families and students.
- ToRs share student progress reports twice annually.
- Students participating in synchronous supplemental instruction are given newsletter updates each Learning Period, as well as supplemental progress reports twice annually.
- Overall school performance, including both CAASPP and local assessments, is shared twice annually through School Site Council and ELAC Meetings.

EACS provides Title I, Part A parents and family members with assistance in understanding the state's academic content standards, assessments, and how to monitor and improve the achievement of their children (ESSA Section 1116[e][1]) in which ways?

- Scheduled learning period meetings with the Teacher of Record.
- Pre-planning assignments to be completed for the learning periods.
- Reviewing local and state assessments and performance scores.
- Providing support for students needing interventions through the school's MTSS framework.

EACS provides Title I, Part A parents and family members with materials and training to help them improve the achievement of their children (ESSA Section 1116[e][2]) in which ways?

- Parent training and webinars
- Student Success Team meetings
- Parent resources found on the EACS website
- School Site Council, ELAC, and PAC meetings

- Observation of synchronous instruction
- Specially Designed Academic Instruction and Curriculum

With the assistance of Title I, Part A, parents and family members, EACS educates staff members on the value of parent and family member contributions, and how to work with parents and family members as equal partners (ESSA Section 1116[e][3]) in which ways?

- Teacher professional development
- Resources provided in the EACS Teacher of Record Manual

EACS coordinates and integrates the Title I, Part A parental involvement program with other programs, and conducts other activities to encourage and support parents and family members in more fully participating in the education of their children (ESSA Section 1116[e][4]) in which ways?

- EACS will provide Title I goals and action items in the School Plan for Student Achievement (SPSA) and/or Local Control Accountability Plan (LCAP).
- EACS will provide parent and student outreach events, such as Parent Academy, Parent PowerUp, Back to School Events, Science Fair, Field Trips, Inquiry Workshops, Book Clubs, Art, Music, and SEL lessons, etc.

EACS distributes information related to school and parent programs, meetings, and other activities to Title I, Part A parents and family members in a format and language that the parents and family members can understand (ESSA Section 1116[e][5]) in which ways?

- Information will be presented in a digital format that can be translated with the use of technology.
- Information will be presented in a way that is understandable to parents.
- Information that will be presented visually and verbally, as applicable.

EACS provides support for parent and family member involvement activities requested by Title I, Part A parents and family members (ESSA Section 1116[e][14]) in which ways?

- EACS will provide parent and student outreach events, such as Parent Academy, Parent PowerUp, Back to School Events, Science Fair, Field Trips, Inquiry Workshops, etc. Translators and/or other accommodations are offered to fully support family participation.

EACS provides opportunities for the participation of all Title I, Part A parents and family members, including those with limited English proficiency, disabilities, and migratory students; and the information and school reports are provided in a format and language that parents and family members can understand (ESSA

K-12 DATA SHARING AND SERVICES PARTNERSHIP AGREEMENT

THE FOUNDATION FOR CALIFORNIA COMMUNITY COLLEGES

On behalf of:
The California College Guidance Initiative

And

EXCEL ACADEMY CHARTER SCHOOLS

Agreement No. 00012980

This K-12 Data Sharing and Services Partnership Agreement (“Agreement”) is entered into by and between the Foundation for California Community Colleges, a nonprofit 501(c)(3) organization ("Foundation"), on behalf of the California College Guidance Initiative ("CCGI"), and the **EXCEL ACADEMY CHARTER SHOOLS** (“Local Educational Agency” or “LEA” or “Charter Management Organization” or “CMO”), collectively (“Parties”) to set forth the roles and responsibilities of the Parties related to LEA’s uploading of its students’ Education Records to www.CaliforniaColleges.edu ("CaliforniaColleges Website") and Foundation’s provision of account support services on the CaliforniaColleges Website, the state of California’s official college and career planning platform. The Parties understand and intend that CCGI be designated as an outsourced provider of institutional services and a “school official” with legitimate educational interests in such Educational Records as described in 34 C.F.R. 99.31(a).

I. DEFINITIONS

The following capitalized terms when used in this Agreement shall have the meanings ascribed to them respectively, in this Definitions section, unless such term is otherwise expressly defined in this Agreement.

“**Agreement**” shall have the meaning set forth in the preamble above and includes all linked addenda, schedules, and other attachments hereto (see below), as each may be amended from time to time to align CCGI’s practices with California state policy, institutional policies of the public college systems in California and the California Student Aid Commission, and to update improvements in CCGI’s security practices. Amendments to the addenda, schedules, and other attachments linked below will only take effect upon thirty (30) days’ notice to LEA. Should there be any conflict between the terms of this K-12 Data Sharing and Services Partnership Agreement and any other terms linked below, this K-12 Data Sharing and Services Partnership Agreement shall take precedence, any other conflicts shall follow the following order of precedence: (1) Terms and Conditions of Partnership, (2) Data Privacy and Security Addendum, (3) Data File Specifications, available at <https://www.cacollegeguidance.org/tcp/>. The Data File Specifications provide instructions for uploading Student Data onto the California Colleges Website.

[Terms and Conditions of Partnership](#)
[Data Privacy and Security Addendum](#)
[Data File Specifications](#)

“**CaliforniaColleges Website**” shall mean the website located at www.CaliforniaColleges.edu. The Foundation is responsible for directly contracting and compensating a third-party technology vendor (“Vendor”) for the continued operation and maintenance of www.CaliforniaColleges.edu under a separate agreement. Information describing the current Vendor can be found in the **Data Privacy and Security Addendum**, which is incorporated by reference. This definition shall also include any successor website performing the same function as www.CaliforniaColleges.edu.

“Education Record” shall have the meaning as set forth in 34 CFR §99.3 or under applicable state law. Education Records are those records that directly relate to a student and are maintained by an education agency or institution or by a party acting for the agency or institution. The term Education Record shall not include records that are otherwise excluded under 34 CFR §99.3 or applicable state laws.

“Student Data” shall mean any information (a) contained in a student's Education Record maintained by or for the LEA and provided to the CaliforniaColleges Website by an employee or agent of the LEA; or (b) acquired directly from a student or parent/legal guardian of the student through the use of the CaliforniaColleges Website, as assigned to the student or parent/legal guardian by LEA. Student Data does not include information created by a student, including, but not limited to: college lists, career assessment results, portfolios, creative writing, photographs, and account information that enables ongoing ownership of that information which is governed by CaliforniaColleges Website privacy policy.

II. TERM AND TERMINATION

A. Term. This Agreement will be deemed to be effective as of the date the Agreement is fully executed by all signatories to the Agreement and will continue until terminated by either Party. No fees will be assessed under this Agreement while CCGI continues to be the provider of operational tools for the State of California.

B. Termination for Convenience. The Parties shall have the right to terminate this Agreement for any reason or no reason, without penalty, at any time by providing the other with written notice of termination in accordance with Section V of this Agreement at least sixty (60) calendar days in advance of the Termination Date. However, it is mutually understood and agreed that if the Foundation does not receive sufficient funding from the State of California to provide the Services described in this Agreement, Foundation may without penalty, terminate this Agreement by providing LEA with written notice of termination in accordance with Section V of this Agreement at least forty-five (45) calendar days in advance of the Termination Date.

III. LEA RESPONSIBILITIES

A. Data Sharing

1. LEA shall comply with all applicable federal and state laws regarding privacy and security of Education Records and Student Data, including but not limited to those identified and discussed in the **Data Privacy and Security Addendum** attached at <https://www.cacollegeguidance.org/tcp/> and hereby incorporated by reference.
2. LEA shall upload course catalog files at least once a year to enable the use of academic planning tools by a student planning coursework at a high school operated by LEA.
3. LEA agrees to verify accuracy of courses entered by LEA into the University of California (“UC”) Course Management Portal (“CMP”) at the UC Office of the President.
4. LEA agrees to upload Education Records, in accordance with the **Data File Specifications**, attached at <https://www.cacollegeguidance.org/tcp/>, and hereby incorporated by reference. In alignment with state policy and/or to evolve functionality that serves students in the planning for and transition to college, the Data File Specifications may be iterated over time and additional optional fields may be added to the Data File Specifications. LEA data may be submitted via sFTP or an API if available.
 - a. LEA agrees to provide a centralized upload (not school site by school site) of Education Records from the local Student Information System (“SIS”) into the CaliforniaColleges Website or an FTP server, both hosted by Amazon Web Services, using a standard data format with naming conventions and using a pre-defined protocol. If CCGI has an API integration with LEA’s SIS provider, data may alternatively be shared via said API.

B. Implementation

1. LEA shall make staff, appropriate technology resources, and space available for ongoing professional development and user support.

2. LEA agrees to collaborate with Foundation staff to provide both individual user experience and technical feedback in order to improve implementation for all users.
3. LEA agrees to identify a point of contact to (1) assist the Foundation during implementation phase; and (2) navigate or immediately report any issues regarding availability of the CaliforniaColleges Website.
4. LEA is responsible for identifying and maintaining which educators at the LEA are provided accounts on the California Colleges Website. To do so LEA is responsible for compliance with Section I of the Terms and Conditions of Partnership, “Educator Account Creation, Authorization, and Maintenance” attached at <https://www.cacollegeguidance.org/tcp/> and hereby incorporated by reference.
5. LEA has identified and authorized a third-party consultant, edMAJIC, on behalf of the LEA, to access the SFTP for data file uploads and act on behalf of LEA for items pertaining to data sharing and implementation responsibilities. LEA may authorize the third-party consultant to act as LEA Admin (as defined in the Terms and Conditions of Partnership). The third-party consultant’s access is contingent on the third-party consultant having an agreement in place with the LEA. LEA must notify Foundation/CCGI when the third-party consultant agreement expires or is terminated. LEA is responsible for ensuring that the third-party consultant complies with all requirements in this Data Sharing and Services Partnership Agreement.

IV. **FOUNDATION RESPONSIBILITIES**

A. Technical and Service Level Support. The CaliforniaColleges Website is operated and maintained by Vendor. Service level support for the CaliforniaColleges Website is provided directly by Vendor. LEA should reach out to operations@californiacolleges.edu in order to facilitate communication with Vendor regarding technical issues with CaliforniaColleges Website.

B. Fees and Payments for Services. Foundation will provide the Services under this Agreement to LEA free of charge while Foundation continues to receive funding from the State of California. In the event that funding from the State of California is not sustained in future years, the Parties understand that the Foundation may assess and charge a fee for services provided to the LEA. In the event a fee is assessed, this Agreement will be amended, in writing, to affect that arrangement. Foundation shall provide LEA with a 45-day notice if funding from the State of California is reduced or discontinued.

C. Scope of Services. “Services” means the services and support offered by Foundation under this Agreement or on the CaliforniaColleges Website.

1. Foundation shall provide the necessary support for the integration of Education Records and Student Data into individual student accounts on the CaliforniaColleges Website. Foundation agrees to cooperate with representatives from the LEA to ensure the data is properly uploaded in accordance with the requirements and instructions as more fully set forth and incorporated herein as **Data File Specification** available at <https://www.cacollegeguidance.org/tcp/> to this Agreement.
2. CCGI shall maintain and process Education Records and Student Data on behalf of the LEA in a manner that meets the standards of the California Community Colleges, California State University (“CSU”), California Student Aid Commission (“CSAC”), and UC systems for verified transcript data.
3. Foundation will provide an audit report of LEA’s a-g course listings in the UC CMP database to identify discrepancies. Foundation agrees to provide technical assistance, guidance, and support to LEA staff for purposes of reconciliation of any identified discrepancies.
4. Foundation shall provide access to CSU and UC eligibility analyses, both individual student reports and aggregate tracking and reporting capability for counselors.
5. Foundation shall provide students with the ability to launch their application to the California Community Colleges using the CCCApply platform in a manner that tracks submission on the CaliforniaColleges Website.
6. Foundation shall provide students with the ability to auto-populate applications for admission to all CSU campuses with course data from their individual account on the CaliforniaColleges Website,

- when such data matches to the CMP at the UC Office of the President, and which enables students, their parent/guardian, educators in their school, and LEA to track application submission.
- 7. Foundation shall provide students with the ability to launch their application for admission to the UC using the UC application in a manner that tracks submission on the CaliforniaColleges Website. Additionally, beginning fall of 2024, students will have the ability to auto-populate course data into their UC application.
 - 8. Foundation shall provide students with the ability to initiate their Free Application for Federal Student Aid (“FAFSA”) from within the CaliforniaColleges.edu, in a manner that allows students, their parent/guardian, educators at their school site, and LEA to track the launch of this application and which enables CCGI to provide CSAC with information that supports the Cal-grant eligibility determination process.
 - 9. Foundation shall provide students with the ability to launch additional college and financial aid applications, as they may become available, as additional institutions develop articulation agreements with CCGI.
 - 10. Foundation shall provide the following support for LEA:
 - a) Technical assistance to support alignment between LEA’s a-g course list in the UC CMP and the LEA SIS.
 - b) Training opportunities.
 - c) Implementation planning and support for strategic goal setting.
 - d) User support to respond to student, educator, or parent/guardian questions or other inquiries.

V. **NOTICE**

VI. **CHARTER MANAGEMENT ORGANIZATION**

- A. CCGI and CMO agree that CMO shall have access and is authorized to manage educator accounts and send and receive data on behalf of the schools listed below. CMO shall have the ability to:
 - a. Create, modify, or deactivate educator accounts; and
 - b. Perform administrative functions as outlined in this Agreement for accounts at these schools.
- B. The parties acknowledge and agree that the Superintendent for CMO (“Superintendent”) is authorized to act on behalf of the schools listed below in matters requiring administrative oversight under this Agreement and that CMO has a legal agreement in place that authorizes such actions. In signing this Agreement, Superintendent, in their capacity as Superintendent, represents and warrants that they have the authority to bind each of the Schools individually and collectively.

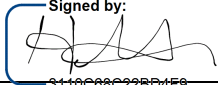

CMO is authorized to send and receive data on behalf of the following schools:

BACKGROUND:

Local Educational Agencies (LEAs), including **Excel Academy Charter Schools**, are required to revise their budgets at designated intervals throughout the fiscal year. These interim updates are mandated under the Memoranda of Understanding (MOUs) with our authorizing districts—Helendale School District and Warner Unified School District—as well as by the California Department of Education. The purpose of these revisions is to ensure that charter schools remain fiscally sound and are adequately prepared to meet both their current-year and multi-year financial obligations.

The projected year totals presented in the state financial reports reflect adjustments to Excel Academy's budget based on actual changes to local, state, and federal revenues between the Adopted Budget on July 1 and the close of the First Interim reporting period on October 31. Expenditures are also reviewed and adjusted to incorporate any known or anticipated changes at this point in the fiscal year. In addition, our MOUs require a comprehensive multi-year analysis to confirm that Excel Academy can meet its obligations over the current and subsequent two fiscal years.

The multi-year projection included in this report results in one of three possible certifications: **positive**, **qualified**, or **negative**.

- A **positive** certification indicates that the School is projected to meet its financial obligations for the current year and the following two years.
- A **qualified** certification signals that the School may not meet its financial obligations in one or more of the three years.
- A **negative** certification indicates that the School is not able to meet its financial obligations for the remainder of the current year or the upcoming year.

Excel Academy Charter Schools' 2025–26 First Interim Report is being presented with a *positive certification*.

RECOMMENDATION:

It is recommended that the Board of Directors **certify and approve the positive financial status** reflected in Excel Academy Charter Schools' First Interim Report for Fiscal Year 2025–26, as presented.

Approval of the Charter Tech Services (CTS) Agreement

Section: VIII. Business/Financial Services
Item: B. Approval of the Charter Tech Services (CTS) Agreement
Purpose: Vote
Submitted by:
Related Material: CTS Proposal for Excel Academy.pdf

BACKGROUND:

This contract will establish a new partnership with Orion Technology Group, L.L.C. d.b.a. Charter Tech Services (CTS) and Excel Academy. The goal of this relationship is to provide Excel Academy with a comprehensive technology support service that includes daily support/repair services, along with strategic technology planning for its various on-site administration and distance learning operations.

This agreement is intended to strengthen internal capacity, improve response times for technical issues, and ensure continuity of critical systems that directly support instruction and school operations. Leveraging CTS's expertise will allow staff to focus on core educational and business functions while maintaining reliable, secure, and compliant technology systems.

The proposed contract represents a strategic investment in operational stability, risk mitigation, and long-term infrastructure support.

RECOMMENDATION:

It is recommended that the Board of Directors approve the new contract with CTS to provide technology and operational support services. Approval of this agreement will strengthen system reliability, enhance operational efficiency, support instructional continuity, and mitigate technology and compliance risks. This partnership represents a strategic investment in the Charter School's infrastructure and long-term operational stability.

Technology Services Proposal for Excel Academy

Description

This document serves to describe a working relationship between Orion Technology Group, L.L.C. d.b.a. Charter Tech Services (CTS) and Excel Academy. The goal of this relationship is to provide Excel Academy with a comprehensive technology support service that includes daily support/repair services, along with strategic technology planning for its various on-site administration and distance learning operations.

Why Charter Tech Services

CTS is the leading provider of comprehensive technology support services for K-12 Education. Each year we donate more than 10% of our proceeds back to the schools we serve by sponsoring scholarships, tournaments, and other fundraisers. We differentiate ourselves from the competition by: 1) specializing in educational technology, 2) providing proactive onsite service, and 3) operating with scalable success throughout California and Colorado.

Why Outsource

1. **Save Money:** As a quick and nimble private company we're able to offer competitive benefits to our employees while still achieving significant cost savings for our clients.
2. **Expertise:** We're not just one skilled person, we've got a deep bench of experts ready to assist with your ever changing needs, without increasing your costs.
3. **Accountability:** Outsourcing provides our clients with greater ability to achieve accountable results vs. the typical HR red tape involved with employee accountability.
4. **Continuity:** Our service also provides for greater continuity as we're able to provide consistent high quality service even as individual team members naturally advance and move on in their careers.

Technology Services Proposal for Excel Academy

Comprehensive Support Composition - Typical Makeup

1. IT Management & Strategic Planning

- a. CTS will participate in weekly admin meetings with the Excel Academy administration to review service quality, response times, and discuss any upcoming projects.
- b. CTS will take a leadership role in asset management: including planned upgrades and replacements. This will include inventory tagging, secured asset tracking, and planning of long term equipment needs.
- c. CTS will be responsible for coordinating all relevant technology resources to ensure Excel Academy success, including but not limited to: internal Excel Academy staff, CTS staff members, external vendors, and 3rd party partners. This means that the Excel Academy administration sets priorities and can trust CTS will work with all relevant parties to get the job done.

 - b. These support requests may be submitted by phone, email, or in person.
 - c. CTS will be available for in-person troubleshooting, equipment exchange, and one-on-one training at any Excel Academy Office location.
 - d. Support requests may include, but are not limited to, requests for password assistance with various platforms, software installation, computer troubleshooting, office/school phone line troubleshooting, etc.
3. Excel Academy SPED Department
 - a. Excel Academy SPED Department will provide instructions to CTS on necessary Assistive Technology that must be distributed to SPED Students.
 - b. CTS expects to distribute/track Assistive Technology equipment such as Laptops, Tablets, Hotspots, Headsets, and other computer electronic devices.
 - c. CTS understands that SPED Assistive Technology requests are very time sensitive and will work with the SPED Department to find timely and appropriate delivery options.
 - d. CTS will install/manage student support Apps on laptops and tablets as requested by Excel Academy SPED Department.
4. Excel Academy Students and Parents
 - a. Excel Academy Students and Parents will submit support requests via phone and email.
 - b. CTS will follow Excel Academy instructions for validating the identity of students and parents.
5. Notes for all forms of support
 - a. CTS will utilize a central UPS account for shipping/receiving equipment to/from Teachers and Staff.
 - b. CTS will serve as a support concierge to any necessary outside tech support entities. This may include receiving end user reports of assistance needed, performing initial information gathering and research, and then reaching out to third parties as necessary (together with the end user) to ensure the issue is properly resolved and that the end user is fully supported throughout the whole process.

Technology Services Proposal for Excel Academy

Typical IT Infrastructure and Support Expectations

1. Data Collection and Evaluation

- a. CTS will perform a diligent and extensive evaluation of Excel Academy needs.
- b. CTS works with approx 50 other charter schools and will draw on these experiences when making recommendations.
- c. All recommendations will be adjusted for any/all Excel Academy unique needs.

2. Google Apps/Suite/Workspace Management

- a. CTS will manage the Google Workspace for Education account as the foundational IT platform for the organization.

3. Device Optimization

- a. CTS will assist Excel Academy Administration with conducting an equipment survey and compiling results.
- b. CTS will work directly with Students/Parents to optimize device configuration and ensure software management platforms owned/controlled by Excel Academy.
- c. CTS will migrate Windows laptop authentication to Microsoft Azure and Microsoft Intune.

4. Computer Inventory Procurement and Distribution

- a. CTS will assist Excel Academy with technology asset management, procurement, and distribution.
- b. CTS will work with the student/staff ordering platform designated by Excel Academy to process equipment requests and fulfill those requests.

5. Email / Backup and Recovery / Networking / Antivirus

- a. CTS expects to continue utilizing the email server functionality built into the Google Google Workspace for Education.
- b. CTS expects to utilize the file storage, backup, and sync capabilities that are built into the Google Workspace. These platforms are industry leaders and are available within the licensing that the school already has.
- c. CTS expects to utilize Microsoft Intune to centrally manage Windows Defender across all Azure AD connected devices. This software is the standard in the education space for Antivirus and AntiMalware protection, and offers additional advanced feature sets that may be appropriate for leadership PCs.

6. Computer Imaging / Cleanup / Deployment / Maintenance

- a. CTS expects to have full responsibility for the configuration and support of all computer hardware in use by Excel Academy Staff, Teachers, and Students.
- b. This responsibility includes but is not limited to installing central management software, configuring software, and all other aspects of computer deployment and maintenance.

7. IT Ticketing and Response

- a. CTS will strive to provide a same-day response for every support request that comes in during business hours.
- b. CTS will provide emergency response as needed, and next-business day response for non-emergency requests.

Technology Services Proposal for Excel Academy

Basic Terms

1. Services shall begin on 1/1/2026.
2. Monthly service costs shall be \$20,460 per month with 2.0 FTE dedicated to Excel Academy IT operations. Excel Academy may choose to increase FTE at any time at a prorated monthly rate.
3. *Excel Academy will monitor service capacity needs and may choose to downsize services to a level of 1.5 FTE at a base rate of \$16,500 per month (this is a base rate quoted in the 2025-2026 school year which is subject to the same yearly cost increases described below).*
4. This agreement begins with a minimum six month commitment and shall remain in effect until cancelled with at least three months' written notice (earliest cancellation would be with notice given during month 3 for termination after month 6).
5. Unless superseded by another agreement or terminated, this price will increase by 5% every July 1st, beginning July 1st of 2026.
6. CTS shall bill Excel Academy for approved third-party materials and fees necessary to provide service. Examples include: shipping/packing costs, domain registration, computer cables, laptop parts, software licensing, manufacturer repair fees.
7. Where memory of verbal discussions contradicts any part of this document, this document alone shall serve as the final agreement.
8. In the event that Excel Academy would like to otherwise hire directly, hire indirectly, or contract to receive services from CTS's employees, subcontractors, or representatives, Excel Academy agrees to provide 3 months written notice of any service change and pay a fee equal to 30% of the first year's combined salary and benefits to CTS as a recruitment and training fee for each person.
9. In the event of serious disagreement, damages shall be limited to the total labor compensation earned under this agreement within a 3 month period. Disputes shall be arbitrated by a mutually agreed upon arbitrator, with the prevailing party entitled to reimbursement of legal fees.

Additional Terms

10. In order to remain FERPA compliant: During the term of this Agreement, and thereafter in perpetuity, neither party shall without the prior written consent of the other, disclose to anyone any Confidential Information of the other. "Confidential Information" for the purposes of this Agreement shall include each party's proprietary and confidential information such as, but not limited to, any Personal Identifiable Information (PII) of students, parents, and staff of Excel Academy and its member schools. Confidential Information shall not include any information that Excel Academy makes publicly available or information which becomes publicly available through no act of CTS or Excel Academy or is rightfully received by either party from a third party.

Technology Services Proposal for Excel Academy

11. CTS shall not be liable to Excel Academy or any of its affiliates for any damages, whether incidental, direct, indirect, special, consequential or punitive damages arising out of service or equipment provided hereunder, including but not limited to loss of profits or revenue, loss of use of equipment, lost data, or loss to person or property, costs of substitute equipment or other costs even if CTS has been advised of the possibility of such damages. Regardless of the form of action, CTS's cumulative liability shall be only for loss or damage directly attributable to negligence of a CTS employee or contractor, for the cost of restoring the network to its condition prior to the negligence, but not to exceed thirty thousand Dollars. If a collection action is initiated by either party or if CTS has to defend any action by Excel Academy, CTS is entitled to its reasonable attorney fees and expenses to be paid by Excel Academy.
12. Implied Warranties are expressly disclaimed by CTS. A CTS contractor is a technician or contractor who operates on behalf of CTS, is paid by CTS and has access to CTS's service ticket management system for making time entries and charges for their work. CTS is not responsible for the acts of other technicians, contractors or consultants providing service to Excel Academy not under its control and direction. If Excel Academy purchases equipment from CTS it understands and agrees that it will look to the manufacturer for all remedies and warranties and agrees that CTS is not responsible for functioning of the equipment and has not made any express or implied warranties. CTS shall not be liable for any claim or demand against the Excel Academy by any third party on account of errors or omissions performed hereunder.
13. Force Majeure: Neither party shall be liable for any failure of or delay in performance of its obligations under this Agreement to the extent such failure or delay is due to circumstances beyond its reasonable control, including, without limitation, acts of God, acts of a public enemy, pandemics, fires, floods, wars, civil disturbances, sabotage, accidents, insurrections, terrorism, blockades, embargoes, storms, explosions, labor disputes, pandemics, acts of any governmental body, failure or delay of third parties or governmental bodies from whom approvals, authorizations, licenses, franchises or permits must be obtained, or inability to obtain labor, materials, equipment, or transportation or illness of CTS technical staff. Each party shall use reasonable efforts to minimize the duration and consequences of any failure of or delay in performance resulting from a Force Majeure event.
14. This Agreement is fully assignable by CTS. Immediately upon assignment the assignee's name, address and contact information shall be provided to the other party. This Agreement shall be fully binding and enforceable as against all permitted assignees and successors in interest.
15. Excel Academy agrees to carry liability insurance and property insurance covering any damage to its network as well as to any clients of the Excel Academy adversely affected by Excel Academy's network functioning or transmissions from its network.

SPSA - Board Meeting - 12_11 Pres.pdf

BACKGROUND:

The School Plan for Student Achievement (SPSA) is a comprehensive document aligned with the LCAP that provides details about the school's planned actions and expenditures to support student outcomes and overall performance.

RECOMMENDATION:

It is recommended the Board approve the School Plan for Student Achievement (SPSA) as presented.

School Year: **2025-26**

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Excel Academy Charter School - Helendale	California	November 20, 2025	December 11, 2025

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Excel Academy Charter School - Helendale for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a SWP is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards (34 CFR 200.25[a][1]). The improved achievement is to result from improving the entire educational program of the school (34 CFR 200.25[a][2]).

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Excel Academy Charter School - Helendale for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a SWP is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards (34 CFR 200.25[a][1]). The improved achievement is to result from improving the entire educational program of the school (34 CFR 200.25[a][2]).

Excel Academy Charter School's School Plan for Student Achievement (SPSA) is aligned with the Local Control and Accountability Plan and the Learning Continuity and Attendance Plan. Our school plan for student achievement is focused on providing students with academic support to ensure that our students have a fair, equal, and significant opportunity to obtain a high-quality, equity based education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments. Our goals are aligned with our LCAP goals: Goal 1: Increasing student academic achievement; Goal 2: Promote student engagement, high average daily attendance, and a positive school climate; Goal 3: Increase family, community connections and partnerships; Goal 4: Ensure students are on track to graduate.

Based on the 21/22 enrollment, due to our large concentration of 250 out of 612 students (40.8%) Socioeconomically Disadvantaged enrollment, Excel Academy Charter School qualified for Title I, Part A funds to assist in meeting students' educational goals.

24/25 reported enrollment showed that 331 out of 660 students (50%) were socioeconomically disadvantaged.

Evaluating the effectiveness of the Title I schoolwide plan (SWP) will be an ongoing process that includes weekly teacher monitoring of student work and course completion, monitoring and support from the leadership team, survey feedback from educational partners, and quarterly meetings with the Schoolsite Council (SSC). The LCAP input survey and annual review of the LCAP goals and action steps/services will be monitored annually.

Schoolsite Council (SSC) Meeting to review and approve SPSA: 11/20/2025

SPSA Governing Board Approval: 12/11/2025

Educational Partners Input Survey: 3/2026

Governing Board SWP Waiver: 12/09/21

LCAP Alignment, Annual Review, SSC Input: 5/21/2026

LCAP Governing Board Public Meeting for Input: 6/2026

LCAP Governing Board Public Meeting for Approval: 6/2026

Educational Partner Involvement

How, when, and with whom did Excel Academy Charter School - Helendale consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Meetings with staff and parents to notify them of the school's Title I status and Title I policies:

Schoolsite Council (SSC) Meeting 9/25/2025

Support with the alignment of the Title I plan, the LCAP was provided by the Director of Operations and Accountability.

English Learner Advisory Council (ELAC) Meeting: 11/05/2025

SSC Meeting to review and approve SPSA: 9/25/2025 (review), 11/20/2025 (review and approve)

Governing Board Meeting to present the SPSA: 12/11/2025 - The upcoming board meeting was announced at both the SSC and ELAC meetings.

Title I Parent and School Compact Board approved: Adopted 5/14/2020 - updated and board approved on 12/12/2024

Family and Parent Engagement Policy approved: Adopted 5/14/2020 - updated and board approved on 3/13/2025

To ensure parents have the opportunity to provide input, communication of the following meetings (i.e. SSC, ELAC, Board Meetings) is shared through a variety of platforms, such as the school website, school social media, Beehively, email reminders, and teacher meetings. All of these meetings are either held in person or through Zoom.

In addition, all educational partners are encouraged to attend public board meetings, English Learners Advisory Council (ELAC), Schoolsite Council (SSC), and Parent Advisory Council (PAC) meetings. Invitations are sent from the teacher, and through Beehively and social media platforms. EACS sends multiple reminders, and agendas are posted in advance. Many of these presentations are recorded and posted on the website under the accountability heading. The PAC meeting is held in conjunction with the Parent Power-Up which is a parent education event with sessions pertaining to parent/student academic support.

EACS collected parent survey feedback to assess and address family needs. In addition, EACS created an easily accessible form on our website where families can request support. Through Beehively, all documents can be translated into Spanish immediately. Translation in any other language is provided upon request. Translation services for parent/guardian meetings are always available.

The ELAC meeting was held on November 5, 2025 and the SSC meeting was held on November 20, 2025 to review, discuss, and approve the SPSA. The upcoming board meetings were announced at both meetings.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

There are no current resource inequities to report. On the contrary, EACS ensures that all students have a fair, equal, equitable, and significant opportunities to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments, we frequently review and respond based on available data.

Ongoing communication between teachers, parents, and students ensure that the department leads and administrative team are aware of specific student academic, social-emotional, and mental health needs. Students are provided with the necessary interventions, supports, services, and resources based on individual needs.

The Board of Directors meet monthly to be brought up to speed on current school progress. Achievement is shared, as well as the school's proposed action to address any barriers to learning or gaps in achievement. The board and the Superintendent then work with staff to create goals and plans to allocate resources (funding, materials, or teachers) to address the needs.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

As reported on the 2025 CA Dashboard, there are no state indicators for which the school's overall performance fell within the Red or Orange performance categories.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

In ELA, performance across student groups showed mixed results. Hispanic students declined by 3.5 points and remained in Yellow, while SED students declined by 8.9 points and dropped from Yellow to Orange (two performance levels from Green). SPED students experienced the largest decline, falling 20.3 points and moving from Orange to Red (two or more levels from Green). In contrast, students identified as Two or More Races increased by 23.8 points and

moved to Blue, and Asian students increased by 4.1 points and also moved to Blue—both groups having no color designation last year. White students maintained positive performance with a 6.9-point increase and remained in Green.

In Math, several student groups experienced notable declines. Hispanic students declined by 32.7 points and remained in Orange, while SED students declined by 12.3 points and moved from Yellow to Orange (one performance level from Yellow). SPED students declined by 7.4 points and remained in Red (two levels below Yellow) . In contrast, students identified as Two or More Races increased by 16.3 points and moved to Blue, and Asian students increased by 9.1 points and also moved to Blue—neither group having a color designation last year. White students declined by 17.8 points and moved from Blue to Yellow.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Students performing below grade level on i-Ready ELA and math diagnostic assessments receive targeted instruction through the WIN (What I Need) Intervention Program with equity-based resources to accelerate growth toward grade-level proficiency. EACS conducted a deep analysis of disaggregated i-Ready benchmark data, CAASPP results, and teacher-reviewed rosters, highlighting trends, celebrations, and actionable next steps.

This year, teachers and leadership examined performance across grade-level cohorts, student subgroups, and contiguous enrollment, while reviewing demographics, parent involvement, curriculum, disabilities, and local assessment results to identify causes of declines and strategies to move students into Green and Blue performance levels. i-Ready benchmark score reports, quick writes, and close analysis of student work inform pupil outcomes, while goal setting supports self-efficacy and motivation.

Ongoing staff collaboration ensures data-driven decisions to guide instruction, interventions, and resources to meet the needs of all learners, including socioeconomically disadvantaged students, English Learners, and students with disabilities, ultimately strengthening skills and closing learning gaps.

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Excel Academy Charter School - Helendale. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Conclusions based on this data:

1. EACS will continue to prioritize focusing on enrollment and retention by providing equitable opportunities, individualized support, and best practices for all students.
2. EACS has seen a positive outcome and significant growth on state assessments from contiguous enrollment by students who have remained with EACS for 3+ years.
3. EACS offers personalized learning opportunities and virtual instruction which provides students and parents with choice and options to secure placement that best fits the individual needs of the students. The educational paths impact retention and enrollment growth.

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	22-23	23-24	24-25	22-23	23-24	24-25
English Learners	17	27	23	3.1%	4.5%	3.5%
Fluent English Proficient (FEP)	62	67	72	11.4%	11.1%	10.9%
Reclassified Fluent English Proficient (RFEP)	41	47	49			

Conclusions based on this data:

1. EACS continues to provide the necessary support, interventions, and resources for English Learners to progress in language fluency and become reclassified. Students are required to complete ELD curriculum and participate in live instruction to strengthen language skills and close learning gaps. EACS is seeing improvement and progress in terms of reclassification.
2. Students who are reclassified fluent English proficient are monitored for progress using the CAASPP score reports (grades 3-8, 11), local i-Ready diagnostic benchmark assessments, pacing guides, completed coursework, and course related assessments. Students who are not meeting grade level expectations are provided interventions, resources, and additional support.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. EACS works diligently to ensure that our students meet the participation requirement set by the state on the CAASPP assessments. EACS has consistently exceeded the 95% required participation set by the state. In 2024, 98% of all students completed the ELA CAASPP assessments and in 2025, 99% completed the required assessments.
2. EACS continues to analyze the data across all grade levels and domains to ensure that all students are receiving the proper interventions and resources to progress and ultimately improve test scores. EACS department leads and teachers collaborate to find potential patterns, trends, and areas to focus on that will assist in program planning and restructuring. The ultimate goal is to provide the necessary individualized support for all students to strive to be lifelong learners. EACS recognizes the need to focus on developing comprehension and written expression. EACS is currently piloting a writing program.
3. EACS students are offered opportunities for test preparation which includes, for example, state online practice tests, grade level assignments geared to the state standards, and teacher-led sessions to help students prepare for the comprehensive and performance tasks in ELA, math, and CAST.

School and Student Performance Data

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://elpac.org) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. EACS continues to provide the necessary curriculum, teacher-led instruction, support, interventions, and resources for English Learner (EL) students to progress in language fluency and become reclassified. EACS is seeing improvement and progress in terms of reclassification each year.
2. EL students are required to participate in English Language Development (ELD) curriculum and live instruction to build reading, writing, listening, and speaking skills. To build motivation and self-efficacy, EL students are tasked with goal setting, and they review their goals and assess their individual progress throughout the school year with teacher guidance and support.
3. The ELD teachers walk each student through the practice tests provided by the state to ensure the students are acclimated to the organization of the assessments, are familiar with the type of test questions, and can navigate the computer.

School and Student Performance Data

Student Population

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Conclusions based on this data:

1. EACS continues to focus on attendance, retention, and providing instruction that is equitable for all students groups.

2. As indicated as goal 2 in the LCAP, EACS will continue to promote a high ADA and a positive school climate by providing high-quality teachers, clear expectations, and frequent communication. With effective intervention and support, we ensure that all students including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) maintain active engagement to learn and improve their performance. The SPSA addresses specific goals and actions that directly correlate with the four LCAP goals.

School and Student Performance Data

Overall Performance

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

Conclusions based on this data:

1. For the past three years, EACS students participated in the CAASPP assessments and have exceeded the participation requirement set by the state. EACS is pleased to see the progress our students made to remain in Green in ELA, as well as the growth with the Grad Rate, CCI and Chronic Absenteeism from 2024 to 2025. As part of the LCAP goals, EACS continues to analyze the data across all grade levels, domains, and student groups to ensure that all students are receiving equity based instruction and the proper interventions and resources to progress and ultimately improve test scores. EACS provides intensive, individualized support to all students who have fallen below grade level and face significant challenges to success. Based on the desegregated data, the administration and leadership team analyze the programs, policies, and procedures in place to ensure they are aligned with the school's mission, vision, and best practices.
2. As part of the LCAP goals, EACS continues to promote a high ADA and a positive school climate by providing high-quality teachers, clear expectations, and frequent communication to ensure low chronic absenteeism and zero suspension. With effective intervention and support, EACS ensures that all students including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) maintain active engagement to learn and improve their performance.
3. As part of the LCAP goals, EACS ensures that effective programs are in place to ensure that all students including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) are on-track to graduate from high school with increased access to expanded A-G course options, community college partnerships, and CTE pathways all aimed at preparing them for college and/or career and technical education readiness. Collaboration among all educational partners is in place to help ensure proper support to prepare high school students for required internal and state assessments.

Conclusions based on this data:

- As part of the LCAP goals, EACS continues to analyze the data across all grade levels, domains, and student groups to ensure that all students are receiving equity based instruction and the proper interventions and resources to progress and ultimately improve test scores. EACS provides intensive, individualized support to all students who have fallen below grade level and face significant challenges to success. Based on the desegregated data, the administration and leadership team analyze the programs, policies, and procedures in place to ensure they are aligned with the school's mission, vision, and best practices.
- In terms of students with disabilities testing 80.7 points below standard, the students who are testing year over year are not necessarily the same students. Since the ultimate goal is for our students with disabilities to show significant growth to no longer need an IEP, the population of students and their individual needs change from year to year. There are 49 students with disabilities who took the ELA assessment out of 349 test takers. EACS provides a full continuum of structured live academic support groups to students with identified disabilities. This allows our instructional staff to address specific sub-areas of academic need in both ELA and math, and helps to maintain progress and support towards continued growth among the SWD population.
- The EACS administrators, leadership team, and teachers recognize that there is a significant need to focus on developing writing skills for all students in preparation for the ELA and math performance tasks. Students need to be able to show problem solving and critical thinking skills in mathematics, apply knowledge and skills across standards in both ELA and mathematics, and be able to research and articulate their thoughts in essays that are organized with proper grammar and mechanics. Students in third grade are testing for the first time who have never been exposed to this type of assessment. It is critical for EACS to encourage all students to participate in the live performance task instruction so students can practice their writing skills and have the teachers evaluate their strengths and needs in order to progress on the ELA and math assessments.

Conclusions based on this data:

1. The CAST assessment results are indicated as "informational purposes" only on the CA Dashboard. The vast majority of student groups did not earn a performance color due to the low number of students represented in each group.
2. EACS is pleased with the overall progress the students made to measure proficiency and score Green. The participation grew as well as the points increased.
3. SED maintained 0.8 points and Hispanic students increased 3.8 points which kept both student groups scoring Green.

Conclusions based on this data:

1. EACS continues to provide the necessary support, interventions, and resources for English Learners to progress in language fluency and become reclassified. Individual student progress is monitored and interventions are in place.
2. Based on the internal desegregation of EL performance on both mathematics and ELA, students need the weekly live instruction to strengthen their listening and speaking skills in order to express their ideas, build confidence, and improve their comprehension, vocabulary, and pronunciation. These skills are reflected in their communication, interpretation, critical thinking, and how they express themselves and show understanding.
3. The cohort of EL students did not meet the minimum requirement for the data to be highlighted on the dashboard.

Conclusions based on this data:

1. Due to the small cohort population of 31 students, the college and career indicator did not earn a performance color.
2. As part of the LCAP, EACS maintains high expectations to ensure that all students are provided with the proper academic plan for college and career readiness. 67.7% of students were college/career ready which was a 30.2% increase from 2024.
3. EACS students choose a college or career pathway in 9th grade with choices to prepare them for college and/or career readiness. A team of teachers, counselors, and administration work together to help prepare students for their post-graduation goals.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Achievement

EACS will improve the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities by employing qualified credentialed educators, and providing challenging and engaging curriculum and standards-based assessments in language arts and mathematics. EACS will provide intensive, individualized support to students who have fallen off track and face significant challenges to success. - What Works Clearinghouse (<https://ies.ed.gov/ncee/wwd/FWW>).

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

LCAP Goal 1: EACS will improve the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities by providing challenging and engaging curriculum and standards-based assessments in language arts and mathematics. With a focus on supporting our students to achieve, the goal, along with the actions and services, focuses on monitoring each student's academic achievement. It is our top priority to continually monitor student data to identify struggling students and provide targeted interventions knowing this plays an integral role in preventing learning gaps and fostering student success. i-Ready, CAASPP, ELPAC, and end of course assessments are all metrics monitored to ensure students are on track for graduation.

Goal 1 is aligned to various actions of the goals outlined in the LCAP - Goals 1-4

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

EACS identified the need to focus on the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities, as measured by the California School Dashboard, desegregated CAASPP, ELPAC, and i-Ready data. EACS will provide intensive and individualized monitoring of students performing below grade level in the WIN (What I Need) intervention program. Ongoing data analysis by the administrators and department leads to strategic program planning and best practices.

Annual Measurable Outcomes

Annual Review

SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

As a result of implementing the following actions, Excel Academy was successful and effective in meeting the needs of all students in grades TK-12. Based on the i-Ready collected data, student progress and growth were observed in both ELA and math. Students performing below grade level expectations were provided with the necessary interventions, live instruction, resources, supplements, support, and guidance to assist in closing learning gaps.

LCAP Goal 1 - Excel Academy Charter School (EACS) will improve the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) by providing challenging

and engaging curriculum and standards-based assessments in language arts and mathematics. Excel Academy will provide intensive, individualized support to students who have fallen below grade level and face significant challenges to success.

Goal 1, Strategy/Activity 1: EACS ensured that all students have opportunities for intensive CAASPP preparations specifically low income, English learners, foster youth, and students with disabilities. Students were provided with grade-level Common Core standards review materials, opportunities to engage in live instruction focused on performance-task writing, and access to courses offered by approved educational providers.

Goal 1, Strategy/Activity 2 and 6: EACS ensured that tier III students were provided with subscriptions that are specific to their individual needs to help to close learning gaps and to assist with progress and growth. The subscriptions were made available to support and enhance students' skills in mathematics and English Language Arts.

Goal 1, Strategy/Activity 3: EACS created small, personalized communities designed to strengthen ongoing monitoring, provide targeted academic and social-emotional support, and foster meaningful connections among students, families, and staff.

Goal 1, Strategy/Activity 4: EACS streamlined communication with Title 1 parents, translated documents as needed, developed an ELAC committee, implemented quarterly meetings, sent meeting reminders to EL parents, and encouraged attendance and participation by promoting cultural awareness.

Goal 1, Strategy/Activity 5: EACS ensured that every student in grades K-11 had an i-Ready account. This is used for internal assessment data and provides personalized lessons for every student. i-Ready lesson completion was an intervention for students who are one or more grade levels behind.

Goal 1, Strategy/Activity 7: EACS held EL students accountable for completing their assigned ELD reading and writing lessons and required their participation in live instructional sessions designed to develop speaking and listening skills.

Goal 1, Strategy/Activity 8: EACS provided translated materials in home languages upon request.

Goal 1, Strategy/Activity 9: EACS ensured that Career and Technical Education courses remained a top priority to offer to students to support high school students in various pathways.

Goal 1, Strategy/Activity 10, 11, and 12: EACS students were provided with the necessary technology and supplies to support their day to day learning. Teachers were also provided with necessary supplies to support best practices in teaching.

Goal 1, Strategy/Activity 13: EACS implemented parent training that was provided to home educators to equip them with resources, strategies, and overall knowledge on various educational topics to enhance their ability to teach and educate their students.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There have not been any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal. The budgeted expenditures are aligned directly with the LCAP.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The SPSA was modified to include the updated LCAP goals and actions. In 2024, strategy/activity 1.9 was added to include the expansion of A-G completer courses and to acknowledge that all students have the opportunity to graduate as A-G completers. In addition, 1.14 was added to emphasize that all students have access to a broad course of study as indicated in the LCAP as 1.3. In 2025, the implementation of a new survey platform has been approved.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Professional Development

All staff ongoing professional development and training will take place to improve student achievement with our overall student population and specifically the at-risk students and Tier III population of WIN (What I Need) intervention students.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

LCAP 1.4: Identify and implement professional development opportunities for teachers and administrators to equip them with information and resources to better serve students and parents, for example, tools for goal setting and curriculum pacing, identifying, supporting, and monitoring students in the "What I Need" (WIN) and English Language Development (ELD) programs. Professional development will take place through organizations such as but not limited to CSSA (California Charter School Association), CSDC (Charter School Development Center), SDCOE (San Diego County Office of Education), and APLUS+. EACS will create and execute a reflective process to determine effectiveness of the provided development opportunities. (LI, FY, EL, SWD)

LCAP 3.1 - EACS will seek parent input and assess our level of stakeholder engagement through parent participation in Learning Period (LP), English Learner Advisory Committee (ELAC), Schoolsite Council (SSC), and Parent Advisory Committee (PAC) meetings, surveys, Student Council, SARC, and SPSA updates to identify our level of meaningful and transparent communication with all parents, and ensure all educational partners have opportunities for participation and input. EACS will survey educational partners to define and provide relevant staff development opportunities and training related to meeting the needs of Tier III students.

LCAP 3.3 - Professional development in cultural awareness.
Professional development for all staff - Vector Safe School Training

LCAP 3.5 - EACS will continue to maintain a safe learning environment for all students by training the teachers and staff on school-wide safety plans and Vector Safe School Trainings.

Goal 2 - Strategy/Activity 2.1, 2.2, and 2.3

The overall implementation and effectiveness of the strategies and activities that were in place exceeded our standards. The ongoing professional development and training focused on all of our students needs and impacted the at promise students greatly. In the spring of 2025, we analyzed the collected internal assessment data and saw an improvement in student achievement with our Tier III population of WIN (What I Need) students. EACS aimed at bringing about instructional change which resulted in improved student achievement across all grade levels. Repeated measure analysis results indicated significant changes in providing effective feedback and encouraging student ownership of learning.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Excel Academy was successful in meeting the needs of all students. Based on the i-Ready collected data, we saw significant growth in our students in both ELA and math from fall to spring.

Goal 3, Strategy/Action 3.1: EACS ensured progress monitoring, ongoing communication, course pacing guides, documentation of standards met, and office hours to support student achievement.

Goal 3, Strategy/Action 3.2: EACS' student data was effectively monitored through the student information system to ensure student credit completion was on target for graduation.

Goal 3, Strategy/Action 3.3: EACS' Assistant Director of Special Program, who acts as the Title 1 Coordinator/Homeless Liaison, along with the intervention team focused on making sure that all of the needs of the at-risk population were met.

Goal 3, Strategy/Action 3.4: EACS' Assistant Director of Special Programs and the Intervention Specialists lead SSTs, supported struggling students, and monitored the effectiveness of the intervention program making adjustments as needed to meet the needs of every student.

Goal 3, Strategy/Action 3.5: EACS' High School Counselors supported the growing mental, social, and emotional student needs through 1:1 counseling and through the implementation of Care Solace.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There have not been any differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal. The budgeted expenditures are aligned directly with the LCAP.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In 2024, the SPSA was modified to include the updated LCAP goals and actions. Strategy/activity 3.6 was added to include the partnership with Parsec Education to review desegregated state and local assessment data, monitor the impact of contiguous enrollment, and analyze trends within the domains of ELA and math to monitor grade level proficiency and growth. In 2025, no changes were made.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

2 School Principal

5 Classroom Teachers

2 Other School Staff

3 Parent or Community Members

Name of Members	Role
Jennifer Craig - Director of Operations and Accountability	Other School Staff
Tamara Murphy - Assistant Director of Special Programs	Other School Staff
Lorrie Wood - Secondary Principal	Principal
April Saade - Elementary Principal	Principal
Julie Boswell - Teacher	Classroom Teacher
Brittany Shafferman - Teacher	Classroom Teacher
Amy Hitzler - Teacher	Classroom Teacher
Kristen Walker - Teacher	Classroom Teacher
Lindsay Baker - Teacher	Classroom Teacher
Gabriel Herrera - Parent	Parent or Community Member
Diana Zamudio - Parent	Parent or Community Member
Adryanna Baeza - Parent	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee
	Other: Reviewed with Cabinet and Business Services

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 11/21/2024.

Attested:

	Principal, Jennifer Craig, Director on 11/20/2025
	SSC Chairperson, Tamara Murphy on 11/20/2025

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Updated by the California Department of Education, October 2023

School Year: **2025-26**

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Excel Academy Charter School - Warner	California	November 20, 2025	December 11, 2025

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Excel Academy Charter School - Warner for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a SWP is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards (34 CFR 200.25[a][1]). The improved achievement is to result from improving the entire educational program of the school (34 CFR 200.25[a][2]).

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Excel Academy Charter School - Warner for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a SWP is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards (34 CFR 200.25[a][1]). The improved achievement is to result from improving the entire educational program of the school (34 CFR 200.25[a][2]).

Excel Academy Charter School's School Plan for Student Achievement (SPSA) is aligned with the Local Control and Accountability Plan and the Learning Continuity and Attendance Plan. Our school plan for student achievement is focused on providing students with academic support to ensure that our students have a fair, equal, and significant opportunity to obtain a high-quality, equity based education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments. Our goals are aligned with our LCAP goals: Goal 1: Increasing student academic achievement; Goal 2: Promote student engagement, high average daily attendance, and a positive school climate; Goal 3: Increase family, community connections and partnerships; Goal 4: Ensure students are on track to graduate.

Based on the 21/22 enrollment, due to our large concentration of 250 out of 612 students (40.8%) Socioeconomically Disadvantaged enrollment, Excel Academy Charter School qualified for Title I, Part A funds to assist in meeting students' educational goals.

24/25 reported enrollment showed that 446 out of 1,069 students (42%) were socioeconomically disadvantaged.

Evaluating the effectiveness of the Title I schoolwide plan (SWP) will be an ongoing process that includes weekly teacher monitoring of student work and course completion, monitoring and support from the leadership team, survey feedback from educational partners, and quarterly meetings with the Schoolsite Council (SSC). The LCAP input survey and annual review of the LCAP goals and action steps/services will be monitored annually.

Schoolsite Council (SSC) Meeting to review and approve SPSA: 11/20/2025

SPSA Governing Board Approval: 12/11/2025

Educational Partners Input Survey: 3/2026

Governing Board SWP Waiver: 12/09/21

LCAP Alignment, Annual Review, SSC Input: 5/21/2026

LCAP Governing Board Public Meeting for Input: 6/2026

LCAP Governing Board Public Meeting for Approval: 6/2026

LCAP Budget Overview for Parents: 6/2026

Educational Partner Involvement

How, when, and with whom did Excel Academy Charter School - Warner consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Meetings with staff and parents to notify them of the school's Title I status and Title I policies:

Schoolsite Council (SSC) Meeting 9/25/2025

Support with the alignment of the Title I plan, the LCAP was provided by the Director of Operations and Accountability.

English Learner Advisory Council (ELAC) Meeting: 11/05/2025

SSC Meeting to review and approve SPSA: 9/25/2025 (review), 11/20/2025 (review and approve)

Governing Board Meeting to present the SPSA: 12/11/2025 - The upcoming board meeting was announced at both the SSC and ELAC meetings.

Title I Parent and School Compact Board approved: Adopted 5/14/2020 - updated and board approved on 12/12/2024

Family and Parent Engagement Policy approved: Adopted 5/14/2020 - updated and board approved on 3/13/2025

To ensure parents have the opportunity to provide input, communication of the following meetings (i.e. SSC, ELAC, Board Meetings) is shared through a variety of platforms, such as the school website, school social media, Beehively, email reminders, and teacher meetings. All of these meetings are either held in person or through Zoom.

In addition, all educational partners are encouraged to attend public board meetings, English Learners Advisory Council (ELAC), Schoolsite Council (SSC), and Parent Advisory Council (PAC) meetings. Invitations are sent from the teacher, and through Beehively and social media platforms. EACS sends multiple reminders, and agendas are posted in advance. Many of these presentations are recorded and posted on the website under the accountability heading. The PAC meeting is held in conjunction with the Parent Power-Up which is a parent education event with sessions pertaining to parent/student academic support.

EACS collected parent survey feedback to assess and address family needs. In addition, EACS created an easily accessible form on our website where families can request support. Through Beehively, all documents can be translated into Spanish immediately. Translation in any other language is provided upon request. Translation services for parent/guardian meetings are always available.

The ELAC meeting was held on November 5, 2025 and the SSC meeting was held on November 20, 2025 to review, discuss, and approve the SPSA. The upcoming board meetings were announced at both meetings.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

There are no current resource inequities to report. On the contrary, EACS ensures that all students have a fair, equal, equitable, and significant opportunities to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments, we frequently review and respond based on available data.

Ongoing communication between teachers, parents, and students ensure that the department leads and administrative team are aware of specific student academic, social-emotional, and mental health needs. Students are provided with the necessary interventions, supports, services, and resources based on individual needs.

The Board of Directors meet monthly to be brought up to speed on current school progress. Achievement is shared, as well as the school's proposed action to address any barriers to learning or gaps in achievement. The board and the Superintendent then work with staff to create goals and plans to allocate resources (funding, materials, or teachers) to address the needs.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

As reported on the 2025 CA Dashboard, there are no state indicators for which the school's overall performance fell within the Red or Orange performance categories.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

In ELA and math, there were no student groups who performed two or more levels below the "all student" performance.

In ELA, Hispanic students declined by 5.7 points and remained in Yellow, while SED students increased by 8.4 points, moving from Yellow to Green. SPED students maintained a 1.1-point increase and remained in Orange. Two or more

racers and White students maintained growth, remaining in Green with increases of 8.3 and 2.4 points, respectively. Asian students increased by 5 points, moving from Green to Blue, achieving a key goal for higher-performing subgroups. EL students showed notable growth, increasing 12.5 points and remaining in Green.

In math, Hispanic students maintained a 1.9-point increase, moving from Orange to Yellow, while SED students increased 22.3 points, moving from Yellow to Blue. SPED students increased 25.8 points, moving from Orange to Yellow. Two or more races (12.8 points), White (21.3 points), and Asian (20.6 points) students all showed strong growth, moving from Green to Blue. EL students increased 18.3 points, remaining in Green.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Students performing below grade level on i-Ready ELA and math diagnostic assessments receive targeted instruction through the WIN (What I Need) Intervention Program with equity-based resources to accelerate growth toward grade-level proficiency. EACS conducted a deep analysis of disaggregated i-Ready benchmark data, CAASPP results, and teacher-reviewed rosters, highlighting trends, celebrations, and actionable next steps.

This year, teachers and leadership examined performance across grade-level cohorts, student subgroups, and contiguous enrollment, while reviewing demographics, parent involvement, curriculum, disabilities, and local assessment results to identify causes of declines and strategies to move students into Green and Blue performance levels. i-Ready benchmark score reports, quick writes, and close analysis of student work inform pupil outcomes, while goal setting supports self-efficacy and motivation.

Ongoing staff collaboration ensures data-driven decisions to guide instruction, interventions, and resources to meet the needs of all learners, including socioeconomically disadvantaged students, English Learners, and students with disabilities, ultimately strengthening skills and closing learning gaps.

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Excel Academy Charter School - Warner. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Conclusions based on this data:

1. EACS will continue to prioritize focusing on enrollment and retention by providing equitable opportunities, individualized support, and best practices for all students.
2. EACS has seen a positive outcome and significant growth on state assessments from contiguous enrollment by students who have remained with EACS for 3+ years.
3. EACS offers personalized learning opportunities and virtual instruction which provides students and parents with choice and options to secure placement that best fits the individual needs of the students. The educational paths impact retention and enrollment growth.

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	22-23	23-24	24-25	22-23	23-24	24-25
English Learners	23	36	38	2.2%	3.7%	3.6%
Fluent English Proficient (FEP)	83	82	115	7.9%	8.5%	10.8%
Reclassified Fluent English Proficient (RFEP)	51	50	73			

Conclusions based on this data:

1. EACS continues to provide the necessary support, interventions, and resources for English Learners to progress in language fluency and become reclassified. Students are required to complete ELD curriculum and participate in live instruction to strengthen language skills and close learning gaps. EACS is seeing improvement and progress in terms of reclassification.
2. Students who are reclassified fluent English proficient are monitored for progress using the CAASPP score reports (grades 3-8, 11), local i-Ready diagnostic benchmark assessments, pacing guides, completed coursework, and course related assessments. Students who are not meeting grade level expectations are provided interventions, resources, and additional support.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. EACS works diligently to ensure that our students meet the participation requirement set by the state on the CAASPP assessments. EACS has consistently exceeded the 95% required participation set by the state. In 2024 and 2025, 96% of all students completed the ELA CAASPP assessments.
2. EACS continues to analyze the data across all grade levels and domains to ensure that all students are receiving the proper interventions and resources to progress and ultimately improve test scores. EACS department leads and teachers collaborate to find potential patterns, trends, and areas to focus on that will assist in program planning and restructuring. The ultimate goal is to provide the necessary individualized support for all students to strive to be lifelong learners. EACS recognizes the need to focus on developing comprehension and written expression. EACS is currently piloting a writing program.
3. EACS students are offered opportunities for test preparation which includes, for example, state online practice tests, grade level assignments geared to the state standards, and teacher-led sessions to help students prepare for the comprehensive and performance tasks in ELA, math, and CAST.

CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

3. EACS students are offered opportunities for test preparation which includes, for example, state online practice tests, grade level assignments geared to the state standards, and teacher-led sessions to help students prepare for the computer adaptive and performance tasks in ELA, math, and CAST.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://elpac.org) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. EACS continues to provide the necessary curriculum, teacher-led instruction, support, interventions, and resources for English Learner (EL) students to progress in language fluency and become reclassified. EACS is seeing improvement and progress in terms of reclassification each year.
2. EL students are required to participate in English Language Development (ELD) curriculum and live instruction to build reading, writing, listening, and speaking skills. To build motivation and self-efficacy, EL students are tasked with goal setting, and they review their goals and assess their individual progress throughout the school year with teacher guidance and support.
3. The ELD teachers walk each student through the practice tests provided by the state to ensure the students are acclimated to the organization of the assessments, are familiar with the type of test questions, and can navigate the computer.

School and Student Performance Data

Student Population

The 2025 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Conclusions based on this data:

1. EACS continues to focus on attendance, retention, and providing instruction that is equitable for all students groups.

2. As indicated as goal 2 in the LCAP, EACS will continue to promote a high ADA and a positive school climate by providing high-quality teachers, clear expectations, and frequent communication. With effective intervention and support, we ensure that all students including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) maintain active engagement to learn and improve their performance. The SPSA addresses specific goals and actions that directly correlate with the four LCAP goals.

Conclusions based on this data:

1. For the past three years, EACS students participated in the CAASPP assessments and have exceeded the participation requirement set by the state. EACS is pleased to see the progress our students made to remain in Green in ELA, as well as the growth with the Grad Rate, CCI and Chronic Absenteeism from 2024 to 2025. As part of the LCAP goals, EACS continues to analyze the data across all grade levels, domains, and student groups to ensure that all students are receiving equity based instruction and the proper interventions and resources to progress and ultimately improve test scores. EACS provides intensive, individualized support to all students who have fallen below grade level and face significant challenges to success. Based on the desegregated data, the administration and leadership team analyze the programs, policies, and procedures in place to ensure they are aligned with the school's mission, vision, and best practices.
2. As part of the LCAP goals, EACS continues to promote a high ADA and a positive school climate by providing high-quality teachers, clear expectations, and frequent communication to ensure low chronic absenteeism and zero suspension. With effective intervention and support, EACS ensures that all students including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) maintain active engagement to learn and improve their performance.
3. As part of the LCAP goals, EACS ensures that effective programs are in place to ensure that all students including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) are on-track to graduate from high school with increased access to expanded A-G course options, community college partnerships, and CTE pathways all aimed at preparing them for college and/or career and technical education readiness. Collaboration among all educational partners is in place to help ensure proper support to prepare high school students for required internal and state assessments.

Conclusions based on this data:

- As part of the LCAP goals, EACS continues to analyze the data across all grade levels, domains, and student groups to ensure that all students are receiving equity based instruction and the proper interventions and resources to progress and ultimately improve test scores. EACS provides intensive, individualized support to all students who have fallen below grade level and face significant challenges to success. Based on the desegregated data, the administration and leadership team analyze the programs, policies, and procedures in place to ensure they are aligned with the school's mission, vision, and best practices.
- In terms of students with disabilities testing 58 points below standard, the students who are testing year over year are not necessarily the same students. Since the ultimate goal is for our students with disabilities to show significant growth to no longer need an IEP, the population of students and their individual needs change from year to year. There are 58 students with disabilities who took the ELA assessment out of 539 test takers. EACS provides a full continuum of structured live academic support groups to students with identified disabilities. This allows our instructional staff to address specific sub-areas of academic need in both ELA and math, and helps to maintain progress and support towards continued growth among the SWD population.
- The EACS administrators, leadership team, and teachers recognize that there is a significant need to focus on developing writing skills for all students in preparation for the ELA and math performance tasks. Students need to be able to show problem solving and critical thinking skills in mathematics, apply knowledge and skills across standards in both ELA and mathematics, and be able to research and articulate their thoughts in essays that are organized with proper grammar and mechanics. Students in third grade are testing for the first time who have never been exposed to this type of assessment. It is critical for EACS to encourage all students to participate in the live performance task instruction so students can practice their writing skills and have the teachers evaluate their strengths and needs in order to progress on the ELA and math assessments.

Conclusions based on this data:

1. The CAST assessment results are indicated as "informational purposes" only on the CA Dashboard. The vast majority of student groups did not earn a performance color due to the low number of students represented in each group.
2. EACS is pleased with the overall progress the students made to measure proficiency and score Green. The participation grew as well as the points increased.
3. SED increased 5 points, Hispanic students increased 5.5 points and White students increased by 3.2 students, which kept the student groups in Blue.

Conclusions based on this data:

1. EACS continues to provide the necessary support, interventions, and resources for English Learners to progress in language fluency and become reclassified. Individual student progress is monitored and interventions are in place.
2. Based on the internal desegregation of EL performance on both mathematics and ELA, students need the weekly live instruction to strengthen their listening and speaking skills in order to express their ideas, build confidence, and improve their comprehension, vocabulary, and pronunciation. These skills are reflected in their communication, interpretation, critical thinking, and how they express themselves and show understanding.
3. The cohort of EL students did not meet the minimum requirement for the data to be highlighted on the dashboard.

Conclusions based on this data:

1. The CA Dashboard shows that EACS performed in the Green which is a significant improvement from 2024 (Orange). There were 57 students accounted for with 50.9% prepared. This was an increase of 17.5% from 2024. There were no performance colors allocated to any of the student groups for 2025.
2. As part of the LCAP, EACS maintains high expectations to ensure that all students are provided with the proper academic plan for college and career readiness.
3. EACS students choose a college or career pathway in 9th grade with choices to prepare them for college and/or career readiness. A team of teachers, counselors, and administration work together to help prepare students for their post-graduation goals.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Achievement

EACS will improve the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities by employing qualified credentialed educators, and providing challenging and engaging curriculum and standards-based assessments in language arts and mathematics. EACS will provide intensive, individualized support to students who have fallen off track and face significant challenges to success. - What Works Clearinghouse (<https://ies.ed.gov/ncee/wwd/FWW>).

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

LCAP Goal 1: EACS will improve the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities by providing challenging and engaging curriculum and standards-based assessments in language arts and mathematics. With a focus on supporting our students to achieve, the goal, along with the actions and services, focuses on monitoring each student's academic achievement. It is our top priority to continually monitor student data to identify struggling students and provide targeted interventions knowing this plays an integral role in preventing learning gaps and fostering student success. i-Ready, CAASPP, ELPAC, and end of course assessments are all metrics monitored to ensure students are on track for graduation.

Goal 1 is aligned to various actions of the goals outlined in the LCAP - Goals 1-4

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

EACS identified the need to focus on the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities, as measured by the California School Dashboard, desegregated CAASPP, ELPAC, and i-Ready data. EACS will provide intensive and individualized monitoring of students performing below grade level in the WIN (What I Need) intervention program. Ongoing data analysis by the administrators and department leads to strategic program planning and best practices.

Annual Measurable Outcomes

Annual Review

SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

As a result of implementing the following actions, Excel Academy was successful and effective in meeting the needs of all students in grades TK-12. Based on the i-Ready collected data, student progress and growth were observed in both ELA and math. Students performing below grade level expectations were provided with the necessary interventions, live instruction, resources, supplements, support, and guidance to assist in closing learning gaps.

LCAP Goal 1 - Excel Academy Charter School (EACS) will improve the academic achievement of all students, including English Learners (EL), other unduplicated student groups, and students with disabilities (SWDs) by providing challenging and engaging curriculum and standards-based assessments in language arts and mathematics. Excel Academy will provide intensive, individualized support to students who have fallen below grade level and face significant challenges to success.

Goal 1, Strategy/Activity 1: EACS ensured that all students have opportunities for intensive CAASPP preparations specifically low income, English learners, foster youth, and students with disabilities. Students were provided with grade-level Common Core standards review materials, opportunities to engage in live instruction focused on performance-task writing, and access to courses offered by approved educational providers.

Goal 1, Strategy/Activity 2 and 6: EACS ensured that tier III students were provided with subscriptions that are specific to their individual needs to help to close learning gaps and to assist with progress and growth. The subscriptions were made available to support and enhance students' skills in mathematics and English Language Arts.

Goal 1, Strategy/Activity 3: EACS created small, personalized communities designed to strengthen ongoing monitoring, provide targeted academic and social-emotional support, and foster meaningful connections among students, families, and staff.

Goal 1, Strategy/Activity 4: EACS streamlined communication with Title 1 parents, translated documents as needed, developed an ELAC committee, implemented quarterly meetings, sent meeting reminders to EL parents, and encouraged attendance and participation by promoting cultural awareness.

Goal 1, Strategy/Activity 5: EACS ensured that every student in grades K-11 had an i-Ready account. This is used for internal assessment data and provides personalized lessons for every student. i-Ready lesson completion was an intervention for students who are one or more grade levels behind.

Goal 1, Strategy/Activity 7: EACS held EL students accountable for completing their assigned ELD reading and writing lessons and required their participation in live instructional sessions designed to develop speaking and listening skills.

Goal 1, Strategy/Activity 8: EACS provided translated materials in home languages upon request.

Goal 1, Strategy/Activity 9: EACS ensured that Career and Technical Education courses remained a top priority to offer to students to support high school students in various pathways.

Goal 1, Strategy/Activity 10, 11, and 12: EACS students were provided with the necessary technology and supplies to support their day to day learning. Teachers were also provided with necessary supplies to support best practices in teaching.

Goal 1, Strategy/Activity 13: EACS implemented parent training that was provided to home educators to equip them with resources, strategies, and overall knowledge on various educational topics to enhance their ability to teach and educate their students.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There have not been any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal. The budgeted expenditures are aligned directly with the LCAP.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The SPSA was modified to include the updated LCAP goals and actions. In 2024, strategy/activity 1.9 was added to include the expansion of A-G completer courses and to acknowledge that all students have the opportunity to graduate as A-G completers. In addition, 1.14 was added to emphasize that all students have access to a broad course of study as indicated in the LCAP as 1.3. In 2025, the implementation of a new survey platform has been approved.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Professional Development

All staff ongoing professional development and training will take place to improve student achievement with our overall student population and specifically the at-risk students and Tier III population of WIN (What I Need) intervention students.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

LCAP 1.4: Identify and implement professional development opportunities for teachers and administrators to equip them with information and resources to better serve students and parents, for example, tools for goal setting and curriculum pacing, identifying, supporting, and monitoring students in the "What I Need" (WIN) and English Language Development (ELD) programs. Professional development will take place through organizations such as but not limited to CSSA (California Charter School Association), CSDC (Charter School Development Center), SDCOE (San Diego County Office of Education), and APLUS+. EACS will create and execute a reflective process to determine effectiveness of the provided development opportunities. (LI, FY, EL, SWD)

LCAP 3.1 - EACS will seek parent input and assess our level of stakeholder engagement through parent participation in Learning Period (LP), English Learner Advisory Committee (ELAC), Schoolsite Council (SSC), and Parent Advisory Committee (PAC) meetings, surveys, Student Council, SARC, and SPSA updates to identify our level of meaningful and transparent communication with all parents, and ensure all educational partners have opportunities for participation and input. EACS will survey educational partners to define and provide relevant staff development opportunities and training related to meeting the needs of Tier III students.

LCAP 3.3 - Professional development in cultural awareness.
Professional development for all staff - Vector Safe School Training

LCAP 3.5 - EACS will continue to maintain a safe learning environment for all students by training the teachers and staff on school-wide safety plans and Vector Safe School Trainings.

Goal 2 - Strategy/Activity 2.1, 2.2, and 2.3

The overall implementation and effectiveness of the strategies and activities that were in place exceeded our standards. The ongoing professional development and training focused on all of our students needs and impacted the at promise students greatly. In the spring of 2025, we analyzed the collected internal assessment data and saw an improvement in student achievement with our Tier III population of WIN (What I Need) students. EACS aimed at bringing about instructional change which resulted in improved student achievement across all grade levels. Repeated measure analysis results indicated significant changes in providing effective feedback and encouraging student ownership of learning.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Excel Academy was successful in meeting the needs of all students. Based on the i-Ready collected data, we saw significant growth in our students in both ELA and math from fall to spring.

Goal 3, Strategy/Action 3.1: EACS ensured progress monitoring, ongoing communication, course pacing guides, documentation of standards met, and office hours to support student achievement.

Goal 3, Strategy/Action 3.2: EACS' student data was effectively monitored through the student information system to ensure student credit completion was on target for graduation.

Goal 3, Strategy/Action 3.3: EACS' Assistant Director of Special Program, who acts as the Title 1 Coordinator/Homeless Liaison, along with the intervention team focused on making sure that all of the needs of the at-risk population were met.

Goal 3, Strategy/Action 3.4: EACS' Assistant Director of Special Programs and the Intervention Specialists lead SSTs, supported struggling students, and monitored the effectiveness of the intervention program making adjustments as needed to meet the needs of every student.

Goal 3, Strategy/Action 3.5: EACS' High School Counselors supported the growing mental, social, and emotional student needs through 1:1 counseling and through the implementation of Care Solace.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There have not been any differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal. The budgeted expenditures are aligned directly with the LCAP.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In 2024, the SPSA was modified to include the updated LCAP goals and actions. Strategy/activity 3.6 was added to include the partnership with Parsec Education to review desegregated state and local assessment data, monitor the impact of contiguous enrollment, and analyze trends within the domains of ELA and math to monitor grade level proficiency and growth. In 2025, no changes were made.

Budget Summary

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

2 School Principal

4 Classroom Teachers

2 Other School Staff

1 Parent or Community Members

Name of Members	Role
Jennifer Craig - Director of Operations and Accountability	Other School Staff
Tamara Murphy - Assistant Director of Special Programs	Other School Staff
Lorrie Wood - Secondary Principal	Principal
April Saade - Elementary Principal	Principal
Amy Hitzler - Teacher	Classroom Teacher
Julie Boswell - Teacher	Classroom Teacher
Amanda Haas - Teacher	Classroom Teacher
Alison DeSchaine - Teacher	Classroom Teacher
Cinthia Gomez - Parent	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee
	Other: Reviewed with Cabinet and Business Services

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 11/21/2024.

Attested:

	Principal, Jennifer Craig, Director on 11/20/2025
	SSC Chairperson, Tamara Murphy on 11/20/2025

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Excel Academy Charter School's School Plan For Student Achievement (SPSA)

December 11, 2025

The SPSA

The SPSA is a comprehensive document providing details about Excel Academy's planned actions and expenditures to support student outcomes and overall performance. These actions are connected to the school's Local Control and Accountability Plan (LCAP) goals.

Highlighted Components of the SPSA

Comprehensive Needs Assessment Based on Student Performance Data

CA State Dashboard Indicators 2025 Reflection

Analysis of student growth and explanation of any decline

CAASPP & ELPAC Results, Student Enrollment, Overall Performance

2025 CAASPP Participation & Overall Performance

- Helendale = 99% Participation in ELA & math - 1% growth from 2024
- Warner = 97% Participation in ELA & math - remained the same from 2024

***A loss score is applied for every student who did not participate to meet the 95% requirement set by the state.

Planned Improvement

- Planned Improvement Goals for the School - EACS has 3 SPSA Goals
- Aligned to the 4 LCAP Goals

Aligning Goals, Strategies/Activities and Expenditures - SPSA to LCAP

- Ensure goals, strategies, and proposed expenditures align with the LCAP
- Ensure funding is budgeted appropriately and documented accordingly

School and Student Performance Data Analysis - Conclusions were made based on the collected data (i.e. enrollment, CAASPP ELA and math achievement across three years, ELPAC results, 2025 CA Dashboard results, and goals, strategies, and proposed expenditures)

Approval of New Board Policies

Section:	X. Policy Development
Item:	A. Approval of New Board Policies
Purpose:	Vote
Submitted by:	
Related Material:	EACS -5025 Pupil Behavioral Health Policy.pdf

STUDENT SERVICES**5025-EA****PUPIL BEHAVIORAL HEALTH POLICY**

Excel Academy Charter Schools ("EACS" or "Charter School") recognizes that pupil behavioral health is essential to academic success and lifelong well-being. This policy establishes a comprehensive and coordinated framework for identifying, supporting, and responding to pupil behavioral health concerns. This framework is achieved through prevention, early intervention, and collaboration among staff, students, families, and the community.

This policy shall be implemented in accordance with Education Code § 49428.2, The Family Educational Rights and Privacy Act (FERPA), The Health Insurance Portability and Accountability Act (HIPAA), and other applicable state and federal laws governing student privacy and data security.

Policy Statement

Excel Academy shall maintain a proactive, multi-tiered system to address pupil behavioral health concerns by:

1. Administering an annual Social-Emotional Learning (SEL) survey to assess student competencies and behavioral health indicators.
2. Providing ongoing staff training in trauma-informed care, evidence-based practices, and MTSS-aligned interventions.
3. Implementing a structured, documented pre-referral process.

High-Risk Student Groups

The Charter School will implement the referral process for students identified as high-risk, including, but not limited to:

- Pupils bereaved by death or loss of a close family member or friend.
- Pupils experiencing homelessness.
- Pupils in immediate danger (i.e., suicide, missing, runaway, self-harm, substance abuse).
- Students with a 504 or IEP plan.
- Any other reported crisis.

Procedures for specific groups include:

- Pupils Experiencing Homelessness or in Foster Care: The Intervention Team confirms the status of unhoused students and provides resources. Staff connect with Teachers of Record (ToRs) to address barriers, check in periodically to ensure needs are met, and relay behavioral health concerns to necessary team members. For Foster Youth, the

STUDENT SERVICES**5025-EA****PUPIL BEHAVIORAL HEALTH POLICY**

Charter School determines parent educational rights, assesses if the independent study environment is appropriate, and coordinates with Children's Services.

- Crisis: Staff members, including Teachers of Record, receive training and resources. A crisis email template is used to ensure all necessary information is provided, and the Crisis Team provides follow-up support. The ToR Protocol requires an email to the Core Crisis Team, followed by a Support Counselor reaching out to the family, and an SST meeting if more support is needed.
- 504 Plans: If a parent requests a 504 Plan, the school asks for any record of the disability (e.g., doctor's note) but communicates that it is helpful, not required. A "504 Team Meeting" is held to determine eligibility. If the request is broad, a Student Success Team (SST) meeting is held to gather information before determining if a 504 Plan is an appropriate path. The Intervention Team confirms 504 students annually, reviews transfers with existing plans, and shares accommodations with the educational team.

Multi-Tiered System of Supports (MTSS) Integration

Behavioral health supports align with the MTSS framework:

- Tier 1: Universal Supports: Includes universal SEL instruction, Positive Behavioral Interventions and Supports (PBIS), and restorative practices. This is informed by the annual SEL survey and needs assessment.
- Tier 2: Targeted Supports: Involves targeted small-group interventions and counseling. Supports are accessed through the teacher referral process or SST. Families are engaged in the identification and referral process with informed consent.
- Tier 3: Intensive Supports: Provides intensive, individualized supports with case management and collaboration with community agencies. This tier involves counseling sessions and the referral process. Care Solace resources are shared at Tier 2 and Tier 3.

Documentation and Referral Process

Prior to a formal referral, staff must document interventions, communication with families, and consultation with support staff. Documentation must be securely maintained in the behavioral health case management system.

1. Referral Source: Parents may refer their child by reaching out to their ToR, Counselor, or Staff. ToRs or Staff may also refer students.
2. Support Offered: For all referrals, counseling with a School Counselor will be offered if needed. Access and support for Care Solace will be provided.

STUDENT SERVICES**5025-EA**

PUPIL BEHAVIORAL HEALTH POLICY

3. Consent: An informed consent form will be sent for signature to initiate academic counseling or support services.
4. Review: The Crisis Team will meet bi-monthly to review all referrals and track them via a spreadsheet.

EACS shall maintain a confidential case management system for all referrals, assigning a crisis team member to oversee each case. Records will be stored securely in compliance with FERPA and HIPAA. All referrals will be logged and monitored for outcomes.

Family Involvement and Data Privacy

Parents and guardians shall be involved at all stages of the referral and intervention process. Written consent is required before behavioral health services are provided. Families will receive culturally responsive communication and access to resources.

EACS shall comply with FERPA and HIPAA in the management and protection of student data, utilizing secure systems to manage and track referrals. Protocols will be established for safe data sharing and responsible use.

Staff for grades 7-12 will receive annual training on data protection, confidentiality, secure data sharing protocols, cybersecurity awareness, trauma-informed practices, evidence-based behavioral supports, and MTSS implementation.

Program Evaluation and Continuous Improvement

The Charter School will annually evaluate the effectiveness of behavioral health supports using data analysis, feedback, and outcomes. Continuous improvement will follow the Plan-Do-Study-Act (PDSA) model to enhance practices, training, and interventions. The MTSS and Behavioral Health Teams shall conduct regular reviews to ensure timely follow-up, evaluate intervention effectiveness, and adjust supports as needed.
