

## **ACTION: APPROVAL OF 2022-23 EPA Plan Actuals**

### **RECOMMENDATION:**

Staff requests that the Board approve the 2022-23 Education Protection Account (EPA) plan actuals as stated below.

### **BACKGROUND:**

Proposition 30, The Schools and Local Public Safety Protection Account of 2012, approved by the voters on November 6, 2012, temporarily increases the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.

Proposition 30 provides that all K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

- The spending plan must be approved by the governing board during a public meeting.
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs. (See the list of functions on the CDE website referenced below for which EPA funds may be used.)
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended.

The revenues generated from Proposition 30 are deposited into a state account called the Education Protection Account (EPA). School districts, county offices of education, and charter schools (LEAs) will receive funds from the EPA based on their proportionate share of the statewide revenue limit amount. A corresponding reduction is made to an LEA's revenue limit EPA entitlement. LEAs received EPA payments quarterly beginning with the 2013-14 Fiscal Year.

In November 2016, Proposition 55, a Tax extension, amended Proposition 30, providing continued allocation. Of the revenues generated from Section 36 of Article XIII EPA funds, 89 percent are provided to K-12 Education and 11 percent to community colleges.

It is proposed that EPA funds be used to cover salary and benefit costs of non-administrative certificated staff. The percentage of funds used per group is determined by their share of costs to the general fund. Salaries below are calculated assuming no furlough days and/or salary rollbacks. Any difference in revenue and/or expenditures will be adjusted in teacher salaries (function 1000; object 1100).
