- **Expenditures:** The school remains under budget in most categories, with a strong emphasis on controlling costs. Additional targeted spending was encouraged, particularly in student recruitment, to ensure alignment with strategic goals.
- **Cash Flow:** The school maintains 112 days of cash on hand, exceeding the 60-day target, demonstrating strong liquidity.
- **Budget Execution:** Staff were encouraged to utilize allocated funds to avoid a significant budget surplus that may hinder planning and funding in future periods.

There were no questions from the Board. The financial position was noted as stable and strategically managed, with special attention needed on increasing enrollment to align revenue with budget projections.

B. Reports to the Board

Student representatives provided updates on recent school initiatives and student engagement efforts. Highlights included:

- Implementation of morning announcements using the school's emergency speaker system, which has increased communication and community feel among students.
- The creation of a student-managed library and a request for board members to donate high school or college-level books, especially those that have been banned in other districts.

- Planning of several student activities aimed at boosting morale and energy as the school year nears its end, such as themed spirit weeks, movie nights, and end-of-year celebrations.

The board commended the student leadership for their creativity and initiative. Board members discussed contributing books and supporting upcoming student events.

The student report was received positively, with board members offering encouragement and expressing appreciation for the students' engagement in improving school culture.

Operations Report

Angie, Interim Director of Operations, presented updates covering staffing, compliance, enrollment, and family engagement initiatives:

- **New Hires:**

- **Compliance:**

All required F-1 financial disclosures were officially submitted, marking an important compliance milestone. Angie acknowledged and thanked the board for their timely cooperation in completing this requirement.

- **Enrollment and Recruitment:**

Current enrollment stands at 52 students, with a goal of securing 50–60 new applications for the next school year. The team is actively working to confirm pending applications and increase visibility in the community. Angie and Eduardo are coordinating multiple outreach events, canvassing efforts, and incentive programs such as a student referral ice cream social to boost enrollment.

- **Community Engagement and Events:**

The team has compiled a detailed calendar of upcoming events, including Black Student and Family Night, Juneteenth, the Hazel Dell Parade, and a Multicultural Resource Fair. Angie emphasized the need for board member participation and asked for support with volunteer coordination and donations, particularly for a community Lotería Night aimed at strengthening neighborhood ties.

Executive Director's Report

Executive Director Steven Carney provided a brief but strategic overview, focused on the school's financial standing, compliance, and strategic priorities:

- **Financial Management:**

Steven noted that Rooted School Vancouver remains under budget in most major categories. While this reflects strong fiscal discipline, staff are being encouraged to utilize allocated resources, particularly in support of student recruitment and enrichment.

- **Revenue and Budget Adjustments:**

The school recently received \$28,000 in unbudgeted Title I funds, which will help offset deficits caused by lower-than-expected enrollment. Additional end-of-year investments are anticipated to further improve the financial outlook.

- **Days Cash on Hand:**

The school maintains 112 days of cash on hand, well above the 60-day target. This provides a strong cushion and reflects prudent financial stewardship.

Strategic Focus:

Steven emphasized the urgency of addressing enrollment challenges and invited board members to take an active role in recruitment and community engagement. He reiterated the school's commitment to transparency, innovation, and student-centered operations.

C. Who Do You Know? – Donor Engagement Activity

Key highlights:

- **Development as a Team Sport:** Eddie emphasized the importance of collective involvement in development and fundraising, explaining that sustainable fundraising stems from shared responsibility and relationship-building.
- **Donor Mapping Exercise:** Board members were asked to review a list of local donors who support education but have not yet donated to Rooted. The goal was to identify potential connections and begin building a donor pipeline.
- **Digital and Social Reach:** Eddie encouraged the board to consider both financial donors and those who can amplify Rooted's message through social media and peer-to-peer engagement, especially in preparation for the "Give More 24" campaign.
- **Next Steps:** Board members were tasked with reviewing the donor list offline and updating a shared document with known contacts or potential introductions. Emphasis was placed on protecting donor privacy during public meetings, so future engagement with the list will be handled outside of recorded sessions.

- **Tool Introduction:** Zeffy, a donor relationship management platform, was introduced as the database to track and manage donor outreach and relationships.
