A. Updates

Team discussed the option of these meetings virtually at a time more convenient for us.

B. Mid-Year STEP Data Discussion

Closing out phase 1: Walking teachers through how to deconstruct standards, stamp key points, and build direct instruction. We see growth based on observations and feedback. Metrics were reviewed: Reviewing standards, key points, content basesd strategies displayed, students naming the objective.

STEP data
46% are on or above level in STEP
K: 69% made step progress
1st 67% made step progress
2nd 52% made step progress
3rd: 60% made step progress

The goal was 1 step level growth.
Largest % increase in those now on or above grade level is K with a 35.1% increase.

A comparison was made between last school year and this school year. Schoolwide there was a 13.3% increase in those at or above grade level this time last year.

Feedback is that students are on a good growth trajectory. Focus on exit tickets will help to build on this growth.

Next steps:

- Intervention aides will pull targeted small groups that consist of scholars 2+ step levels below target.
- Teachers will engage and calibrate in whole school intervention strategies for the top 2 components with the highest need; Reading Accuracy & Segmentation. Science of Reading will continue to be a focus of PD.

- Correlate Step growth with MAP growth in the next 2 weeks

J.Noel-Push is to look at the connection between growth in EL students
A.Pariano-- Look at the implications adminsitering of the K-2 test as opposed to 2 - 5 test.

C. Next Steps
