VI. Academic Committee

A. Updates

Objectives of today's presentation: Soleil Academy Board Members will be able to:

1. Explain a baseline analysis of academic performance trends from the 2023-2024 school year, including a comparison to the 2022-2023 data.

2. Identify key areas of growth and challenges based on the comparison of academic data between the two school years.
3. Articulate how this data informs future strategic actions to close achievement gaps and promote academic progress.

Principal Serrano compared the academic data from 2023-24 to that of 2022-23.

The data confirms:

- Phonics instruction is an area of growth
- Curriculum alignment was needed
- Improvements in Tier 1 Instruction needs to be a focus.

Steps taken:

- Comprehensive Coaching Structures
- Implemented Comprehensive Curriculum & Progress Monitoring Tools

Next steps:

- Enhance Tier 1 Instruction PD Calendar
- Curriculum Alignment
- Increase Differentiation and Small Group Instruction
- Data Dive Instruction Training

Next Steps by Level

- **Leader Level:** An Instructional Leader will present a mid-year PD to ensure schoolwide alignment. Instructional Leadership will analyze 23-24 academic data, set goals, and monitor progress to support achievement.
- **Teacher Level:** Use 23-24 data to support on-grade-level students and help others grow by strengthening tiered instruction and differentiation.
- **Student Level:** Students will receive targeted instruction to reinforce on-grade-level skills or close gaps, with progress monitored and adjustments made to ensure growth

Parent joining via Zoom asked about what happens when a student is behind academically- do they get left back? Principal Serrano briefly mentioned i-Ready provides differentiated instruction and that grade retention is on a case by case basis. She will touch base with parent tomorrow to discuss her concerns.
