IV. Governance Committee

A. Updates

Brown Act Training has been moved to Mid-year Retreat February 1.

V. Reynolds arrived at 5:59 PM.

B. Board Composition and Growth

The committee is looking to bring in a minimum of two more Board members.

Guiding Questions discussed:

- Where do the following recommendations align with the reality at Soleil Academy? Where do they not?
- Do we agree with the recommendation on how many trustees the board should be composed of? If so, what does this mean for our recruitment goals?
- What is the meaning of board diversity in the context of Soleil, why it is important, and what will be done to ensure that diversity on the board is maintained? Who is the school serving, and how closely should the board reflect the school's constituency and why?

Committee next steps are to discuss a timeline to reach our goals, including how to bridge the gap with the community. The implementation of the Community Schools Grant will also play a part in this plan.

V. Finance Committee

A. Updates

B. Financials

Enrollment is currently 2 students above budget, contributing to an increase in LCFF Revenue.

The ADA composition is also different than budgeted, but since the higher grades have higher ADA rates, this contributes to the increase in LCFF.

Forecast includes some restricted one-time funds. An additional amount from Educator Effectiveness Funds and Learning Recovery Block Grants funds remains available to spend through FY27/28.

The revenue variance from the prior month is mostly related to the addition of Learning Recovery Block Grant and ELOP funds. The expense variances are mainly related to increases in Health & Welfare, Nutrition, and SPED Costs.

V. Reynolds made a motion to Approve November Financials.

S. Johnson seconded the motion.

The board **VOTED** unanimously to approve the motion.

VI. Academic Committee

A. Updates

Reviewed Key Findings:

1. Gaps in instructional quality
2. Limited interventions for students near proficiency

Priority 1: People Development

- Strategies: Data Cycles, Professional Development, Targeted Intervention
