I. Opening Items

A. Call the Meeting to Order

Darin Ryburn called a meeting of the Travel Committee committee of El Camino Charter High School to order on Wednesday Sep 4, 2019 @ 5:37 PM at El Camino Real Charter High School, Conference Room, 5440 Valley Circle Boulevard, Woodland Hills, CA 91367.

B. Record Attendance and Guests

C. Public Comments

There were no public comments,

II. Consent

A. Approve Minutes of March 29, 2019 Travel Committee Special Meeting

Darin Ryburn made a motion to approve minutes from the Travel Committee Meeting on 05-23-19.

Beatriz Chen seconded the motion.

The committee **VOTED** unanimously to approve the motion.

III. Travel Committee

A. Discuss and Possible Approval of Retroactive Reimbursement for AP Summer Conference

Mr. Ryburn noted that AP Minita Clark approved the conference fee for both of them. It was also noted that Ms. Lasarow asked admin to approve the conference just a few days before, and the request was denied because there was a similar conference in Southern California.

It was advised that Ms. Lasarow specifically wanted to attend the one in Alabama because there was a specific speaker she wanted to hear. The Committee noted that there was an issue with having a retroactive request for an out of state travel, without prior approval, for a conference that could have been attended locally. While the conference fee would be reimbursed, since the fee would have been paid had they attended the local conference, the rest of the reimbursement request would not be approved.

Darin Ryburn made a motion to approve the retroactive reimbursement for the AP Summer Conference fee only in the amount of \$650 for Samantha Lasarow and \$650 for Ian McFarlin.

Beatriz Chen seconded the motion.

The committee **VOTED** unanimously to approve the motion.

B. Discuss and Possible Approval of International Literacy Conference

Mr. Ryburn expressed concern that he could not see what benefit to the school would be justified in attending a conference in Louisiana, and that it would be a concern for approving such out of state trips without more justification being provided.

Ms. Chen also noted that there was nothing provided as to why the type of information provided at this conference would not be available at a conference in California.

Beatriz Chen made a motion to approve attendance at the International Literacy Conference.

Darin Ryburn seconded the motion.

The motion unanimously did not carry.

Roll Call

Beatriz Chen No

Darin Ryburn No

Kenneth Lee Absent

C. Discuss and Possible Vote on Trip to National High School Journalism Conference

Mr. Ryburn noted that Ms. Lasarow is not only attending, she is also receiving an award at the Conference. This not only benefits the teacher, it also provides positive marketing for the school.

Darin Ryburn made a motion to approve the trip to the National High School Journalism Conference up to \$2,000.

Beatriz Chen seconded the motion.

The committee **VOTED** unanimously to approve the motion.

D. Discuss and Possible Approval of Dance Guard Trip to Las Vegas, NV

Mr. Ryburn noted that this trip is a precursor to the national competition, and was approved by all of the administrators. It was noted that the request did not include mileage reimbursement, nor per diem meals. If the staff members will be driving, they should be reimbursed for mileage.

Darin Ryburn made a motion to approve the Dance Guard trip to Las Vegas, NV in the amount up to \$1,600, which will include hotel, entrance fee, mileage and meals.

Beatriz Chen seconded the motion.

The committee **VOTED** unanimously to approve the motion.

E. Discuss and Possible Approval of Dance Guard Trip to Dayton, OH

Mr. Ryburn noted this request included the transportation, hotel, and flight, but did not include meals. The Travel Committee added per diem rate of \$56 a day for 6 days, for an additional \$672.

Darin Ryburn made a motion to approve the Dance Guard trip to Dayton, OH in the amount up to \$7,200.00.

Beatriz Chen seconded the motion.

The committee **VOTED** unanimously to approve the motion.

IV. Closing Items

A. Adjourn Meeting

Beatriz Chen made a motion to adjourn the meeting.

Darin Ryburn seconded the motion.

The committee **VOTED** unanimously to approve the motion.

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 5:58 PM.

Respectfully Submitted,
Daniel Chang

To whom it may concern:

Our robotics team competes in the VEX robotics competition league every year in the primary high level circuit. In this league, the season consists of various tournaments hosted by high schools all over the state and country. Tournament winners eventually qualify for the State Championships and top finishers at states get to move on to the world championships.

In past years, we would also qualify for the National Championships which was run by an independent organization separate from the primary VEX league. Performing at nationals was too costly and didn't really move us closer to our goal of going to worlds. We have since stopped going to Nationals and instead diverted our attention towards WPI. VEX started an alternative route with these signature series events such as WPI. These special competitions are open to all and the winners directly qualify for the world championships, giving us a clear path to our ultimate goal.

These competitions are held to the highest of standards and invite some of the best teams in the entire nation. It is our intention to go to this event instead of Nationals so that we may have a chance at going to the world championships directly.

The following attachments will break down the competition itinerary and overall costs to the school.

The transportation situation is tricky for WPI. The actual event is about 45min away from the airport. We are requesting a charter shuttle from the airport to the hotel and then a ride back to the airport on our way back. At the site, we will be renting 1 van to shuttle the students and equipment back and forth from the hotel to the competition site. The charter bus is essential to have enough space for the luggage and the robot parts. In previous years students were holding on to the robots on their laps while in a small van. This is a potential safety hazard as the robots are made from sharp aluminum and steel parts. We want to minimize these risk factors and also keep the students together during this long trip.

Lastly, in order to shuttle the students properly, one chaperone will have to stay at the hotel, one will drive the van and a third will need to stay at the competition site. Furthermore we also need to have a female chaperone for our female members.

EDUCATIONAL BENEFIT TO BE DERIVED FROM THIS ACTIVITY

The students will get the opportunity to perform some of the great works of choral music on arguably the most prestigious stage in the world, Carnegie Hall. They will be a part of a mass choir made up of singers from around the world. They will sing works by Mozart, one of the most famous composers of classical music; and Mark Hayes, an internationally renowned contemporary choral composer.

From our invitation:

A MidAmerica Productions (MAP) concert residency in New York City is an experience to be treasured for a lifetime. Over the course of five days and four nights, participants rehearse for and perform a professionally produced concert in Carnegie Hall, one of the world's greatest music venues; and experience the attractions of a unique major American cultural center, culminating in a post-concert celebration reception cruise.

What you can expect from a MAP residency:

- More than 35 years of worldwide concert-producing expertise
- Complete, extensive, professional artistic development and administration
- Distinguished guest conductors
- The New England Symphonic Ensemble, one of the finest professional orchestras performing in New York
- World-class soloists
- MidAmerica's Audience Development Division, providing the largest possible audience for each concert
- MidAmerica's Public Relations Division, promoting your concert in your own community as well as in New York
- Professional accompanists
- Rehearsal facilities
- An exclusive post-concert celebration reception cruise
- An additional performance opportunity at a major New York church (subject to availability and level of interest on the part of participants)

Michael Trotta, a well known contemporary choral composer, went through this program. Here is what he said:

“When as an undergraduate chorister about 20 years ago, I sang at Carnegie Hall for the first time in a concert presented by MidAmerica Productions. (We sang the Duruflé Requiem under conductor Robert Bucker.) It was a seminal experience for me as a singer, performing at the highest level with an orchestra for the first time in one of the world's greatest concert halls. I came away with both an immense sense of gratitude, as well as a sense of what my life could become.”

This experience will allow them a glimpse into where choral music can take them while also training them on how to use their instrument (their voice) more effectively. The heightened experience will help them retain the knowledge that they gain in this intensive rehearsal and performance. They will get to meet other choristers from around the country and learn specific technique from a renowned conductor.

Performing at a such a grand venue for an audience of strangers creates a valuable experience for these students. A weakness for many young singers is stage presence, especially when nervous. If they plan to go into this field professionally, they will find themselves in that situation often and need to be aware of how they react and what they can do to control their nerves and still present their best performances.

CA VAPA Standards that are met on this trip:

1.4 Analyze and describe the use of musical elements and expressive devices (e.g., articulation, dynamic markings) in aural examples in a varied repertoire of music representing diverse genres, styles, and cultures.

1.5 Identify and explain a variety of compositional devices and techniques used to provide unity, variety, tension, and release in aural examples.

1.6 Analyze the use of form in a varied repertoire of music representing diverse genres, styles, and cultures.

We will need to prepare a major choral work and deliver it in a way that is impressive technically, which also emotionally connected. They will need to work on having proper vocal timbre and diction so that they can blend in with the other choirs with whom they share the stage.

2.1 Sing a repertoire of vocal literature representing various genres, styles, and cultures with expression, technical accuracy, tone quality, vowel shape, and articulation—written and memorized, by oneself and in ensembles (level of difficulty: 5 on a scale of 1–6).

2.2 Sing music written in four parts with and without accompaniment.

These works will be very challenging to learn and perform. The music is in eight vocal parts and will be accompanied by a professional orchestra. They will need to sing with technical accuracy and appropriate timbre and diction.

3.2 Explain the various roles that musicians perform, identify representative individuals who have functioned in each role, and explain their activities and achievements.

5.3 Research musical careers in radio, television, and advertising. Identify and explain the various factors involved in pursuing careers in music.

Through this process, the students will get to not only learn challenging music, but will experience working with professional producers, instrumentalists, choristers, soloists, stage managers, house managers, and conductors. They will analyze multiple works by famous composers, both past and present. This will open their eyes to so many possible careers in their future as choral singers.
