Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

The purpose of this plan is to address the Learning loss as a result of the transition from remote instruction back to in-person instruction for the upcoming school year. The schoolwide plan is to help students participate and complete instructional tasks in person as opposed to digital means.

Our primary goals are to:

- 1) Bring the level of in-person instruction to pre-pandemic levels
- 2) counter any learning loss because of this unprecedented shift in the educational process. El Camino Real Charter High School (ECR) uses Measures of Academic Progress, or MAP Testing, to assess student learning schoolwide. Students were assessed in the areas of Math & ELA beginning the third week of August 2021 and ending the fourth week of September 2021. This provided the school with at least one measure to determine student progress or regression.

Overall, remote instruction was fairly smooth. Some highlights include:

- Clear Goals and Expectations from Administration regarding the shift to 100% remote instruction
- Weekly Professional Development from school personnel and outside agencies
- Laptops provided to all students and Wi-Fi Hotspots available for those in need

Challenges/Areas of growth during this transition include:

- Learning loss for most at-risk students as a result of COVID-19 pandemic
- Families experiencing stress due to multiple factors resulting from COVID-19 pandemic
- Inability to maintain connections with some students/families resulting in chronic absenteeism

This plan entails the specific support and measures implemented while addressing the above-mentioned bulleted points in an effort to help our most at-risk population with the transition back to in-person instruction.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

ECR plans to deepen implementation of targeted interventions and evidence-based programs formative assessments, standards-based instruction, research proven instructional strategies, and Mental Health Services. ECR plans to provide teachers with ongoing professional development, resources and delivery of

instruction via technology platforms such as Canvas and Microsoft Teams. In addition to our modified block schedule for instruction, ECR will provide extended learning opportunities for all students.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

ECR has solicited stakeholder feedback that contributed to the development of LCP, SPSA, and other plans since late spring 2020 and it continues to take place. Stakeholder groups were consulted regarding a reopening plan, virtual instruction policies, bell schedule readjustment, and nutrition services. Survey data collection and virtual meetings with stakeholders in virtual groups for School Site Council (SSC), English Learner Advisory Committee (ELAC), Parent Advisory Committee (PAC), and teacher/staff meetings have been the primary contacts. Development of the SPSA continued during the September & October 2020 SSC meetings and received approval at the November 2020 meeting.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

ECR is not a Title I school, but we do receive Title I funding for approximately 20% of our students. All Title I funds are aligned to improve student achievement for at-risk students in all subgroups.

Possible Resource Inequities Identified:

- 1) Special Services students difficulty responding to/handling remote instruction

How identified: Resource Teacher/Teacher/Parent/Student Feedback

- Course Grades/Low Performance
- Heightened Anxiety

- 2) Learning Loss for African American student population

How identified: MAP Test comparisons from Spring 19-20 & Fall 20-21

- RIT Scores show anywhere from a 10-20 point decline in both ELA and Math
- Fewer students tested but still lower scores for Fall 20-21

Strategy/Activity

Weekly Professional Developments will be held on Wednesdays.

Wednesday PD is Common Planning Day where Instructional planning takes place in departments and other groups.

ECR has adopted the PLC (Professional Learning Community) Model. PLC’s offer departments the opportunity to meet in collaborative teams and discuss Curricular Maps, CFA’s, scores, and intervention for students. These teams also collaborate on the development, implementation, and analysis of common formative assessments.

This school year we have opened PD options for staff to present to staff. Our goal is to have a variety of options for our staff to participate in including but not limited to: Mental Health, Cultural Proficiency, best instructional practices, CFA's etc.

Our Psychiatric Social Workers (PSW) also delivers PD occasionally on the topic of mental health for teachers and students. Her work involves providing educators with ways to de-stress and help students relax and relieve anxiety during the school day. Examples of how to incorporate these strategies into lessons are shared as well as tips and techniques for taking care of your overall health.

\$229,703	LCFF Funding

Goal 5

Provide targeted student support to counter learning loss associated with school closure and virtual instruction.

Identified Need

Many students have experienced setbacks in the family, academically, and emotionally due to the COVID-19 pandemic. ECR has identified its students who are most in need of support during this time.

ECR has provided Study Skills classes for identified students. Study skills class incorporates both academic and social/emotional support.

Due to bell schedule adjustment: We are expanding morning tutoring hours for students.

Additional classroom support has been provided to teachers in the classroom for special services students. We have hired more counselors and an additional PSW. There are now 2 full time PSW's and a wellness center on campus.

The intervention team has also implemented the SSPT process for students who are struggling in their classes.

A process created by our Interventionist has been established to identify struggling learners early. This referral process entails teachers completing a Referral form, then a parent being contacted by an Intervention Team member (Academic Interventionist, Counselor, or Dean) who will spend time working with the child while sharing strategies to help get the student on track. Alternatively, the

Intervention team member may refer the student to a higher level of intervention involving the School Psychologist and Psychiatric Social Worker.

Annual Review

SPSA Year Reviewed: XXXX–XX

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Various committees meet on a monthly basis to discuss and monitor the goals. SSC focuses on our most at risk students. SSC collaborates on most effective strategies such as tutoring options and parent involvement. SSC partnered with the intervention team to implement the Study Skills Class. There are 7 sections of the Study Skills class. Teachers meet monthly to discuss data and effective curriculum strategies. The intervention coordinator also closely monitors these students.

ELAC coordinator consistently attends SSC meetings to present updated data on our EL population.

The intervention team meets monthly as well to go over the various intervention programs on campus. We have an AA intervention coordinator and a Latin X coordinator. They meet with students and parents individually. The SSPT process has also been in place which helps us better identify struggling students.

PDAC meets monthly to discuss various PD options for our staff.

Equity Advisory committee was implemented this school year.

Tutoring options have expanded to morning, afternoon and weekend options for students.

Each department has come up with tutoring options for students. No longer, just Math.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

[Add text here]

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall describe the process used to develop, in partnership with stakeholders, the CSI plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the

TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the

Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]
