Terms and Conditions

1. Definitions.

Terms used but not defined in this Enrollment will have the definition in the Campus and School Agreement. The following definitions also apply:

“Additional Product” means any Product identified as such in the Product Terms and chosen by Institution under this Enrollment.

“Customer,” as used in certain supplemental forms (for example, the signature form), has the same meaning as “Institution.”

“Education Platform Product” means any Product chosen by Institution under this Enrollment, and designated as an Education Platform Product in the Product Terms. Education Platform Products may only be licensed on an Organization-wide basis, or for the full Student Count.

“Education Qualified User” means an employee or contractor (except Students) who accesses or uses an Education Platform Product for the benefit of the Institution.

“Expiration Date” means the date upon which the Enrollment expires.

“Institution” means the entity that is (1) a Qualified Educational User (as defined at <http://www.microsoft.com/licensing/contracts>) as of the effective date of this agreement that has entered into this agreement with Microsoft or (2) an Affiliate of Institution that has entered into an Enrollment under this agreement. If Institution is a school district, “Institution” includes all participating schools in the same district.

“Organization-wide Count” means the total number of Education Qualified Users in the Organization as listed in the “Licensing options; rights and restrictions” table included in this Enrollment.

“Previous Enrollment or Agreement” means a School Subscription Enrollment, a Campus Subscription Enrollment, an Enrollment for Education Solutions, or an Open Value Subscription Agreement for Education Solutions.

“Qualified Device” means any device that is used by or for the benefit of the Organization or by or for the benefit of Students enrolled in the Organization and is: (1) a personal desktop computer, portable computer, workstation, or similar device capable of running Windows Pro locally (in a physical or virtual operating system environment) or (2) a device used to access a virtual desktop infrastructure (“VDI”). Qualified Devices do not include any device that is designated as a server and not used as a personal computer, or not Managed (as defined in the Product Terms at the start of the applicable initial or renewal term of the Enrollment). At its discretion, Institution may designate any device excluded above that is used by or for the benefit of the Organization as a Qualified Device for all or a subset of Education Platform Products or Online Services Institution has selected. “Qualifying Enrollment” means an Enrollment for Education Solutions, the minimum requirements of which were met and which was entered into by Institution or Institution’s Affiliate, and that is active and valid upon signing of this Enrollment. Institution must have been included in the Organization under an Enrollment for Education Solutions that is used as the Qualifying Enrollment.

“Reseller” means an entity authorized by Microsoft to resell Licenses under this program and engaged by Institution to provide pre- and post-transaction assistance related to this agreement.

“Student Count” means the total number of Students in the Organization as listed in the “Licensing options; license rights and restrictions” table included in this Enrollment.

“Student Qualified Device” means a Qualified Device owned, leased, or controlled by a Student or owned, leased, or controlled by the Organization and assigned for individual, dedicated use by a Student.

“Subscription License” means, for purposes of this Enrollment, a fixed term license that expires when the Enrollment expires or is terminated unless the buyout option is exercised. Any License ordered under this Enrollment is a Subscription License, even if it is otherwise designated on the purchase order.

2. Order requirements.

- a. Minimum order requirements for Enrollment for Education Solutions.** This Enrollment allows Institution to license Products on a subscription basis across its Organization. Institution defines its Organization and can select from two different licensing options (Education Qualified Users or Students), depending on the Users it wishes to enable to use the Products.

The initial order must include Subscription Licenses for at least:

- (i) One Education Platform Product for an Organization-wide Count of at least 1,000; or
- (ii) One Education Platform Product for a Student Count of at least 1,000; or
- (iii) A mix of Education Platform Products that may be ordered as described in the Product Terms.

These minimum requirements are waived if Institution has a Qualifying Enrollment. Institution must submit an order within 30 days of the effective date of the Enrollment. Microsoft may refuse to accept this Enrollment if it has a business reason for doing so.

- b. Additional Products.** Upon satisfying the minimum order requirements above, Institution may order Additional Products. For Additional Products identified in the Product Terms as licensed Organization-wide or for the full Student Count, Institution must order Licenses equal to the Organization-wide Count or Student Count, as applicable.
- c. Use Rights for Education Platform Products.** For Education Platform Products other than Online Services, if a new Product version has more restrictive use rights than the version that is current at the start of the applicable initial or renewal term of the Enrollment, those more restrictive use rights will not apply to Institution's use of that Product during that term.
- d. Country of usage.** Institution must specify the countries where Licenses will be used on its initial order and on any additional orders.
- e. Resellers.** Orders must be submitted to an authorized Reseller who will transmit the order to Microsoft. The Reseller and Institution determine pricing and payment terms as between them, and Microsoft will invoice the Reseller based on those terms. Resellers and other third parties do not have authority to bind or impose any obligation or liability on the Microsoft Affiliate that enters into this Enrollment.
- f. Adding Products.**
 - (i) Adding new Products not previously ordered.** New Education Platform Products and Additional Products may be added at any time by contacting a Reseller. New Additional Products, other than Online Services, may be used if an order is placed in the month the Product is first used. For Online Services not previously ordered, an initial order for the Online Service is required prior to use.
 - (ii) Adding Licenses for previously ordered Products.** For Education Platform Products other than Online Services and for Additional Products licensed Organization-wide or for the full Student Count, Institution is not required to obtain additional Licenses based on increases in the Organization-wide Count or Student Count after the date of the order. Institution must provide Microsoft with an updated Organization-wide Count or Student Count to account for any such increases on each anniversary of the Enrollment effective date during the Licensed Period. Additional Licenses for Online Services must be ordered prior to use.
 - (iii) Invoicing.** Microsoft will invoice Institution's Reseller for such Products ordered on a pro-rated basis based on the greater of (i) the number of full calendar months remaining in the Licensed Period or (ii) six months. Microsoft will invoice the Reseller for Online Services ordered on a pro-rated basis based on the number of full calendar months remaining in the Licensed Period. If Institution subsequently orders Licenses for Additional Products that were not included on Institution's initial order, Microsoft will use the price list in effect on the date of the invoice to charge Institution's Reseller for the additional Licenses. If Institution subsequently orders additional Licenses for Products that were included in Institution's initial order, Microsoft will use the price list in effect when the product was initially ordered to charge Institution's Reseller for the additional Licenses.

- g. Annual orders.** Institution must submit annual orders as follows:
- (i) Annual order requirements.** If Institution has a three-year Licensed Period, it must submit an annual order that accounts for any changes since the initial order or last annual order, including its updated Organization-wide Count or Student Count. Each annual order must include Licenses for at least the same types and quantities of Products as Institution ordered during the year following the Enrollment effective date or last anniversary date, except for permitted reductions, step-ups, add-ons and any Additional Products not ordered Organization-wide.
 - (ii) Subscription License Reductions.** Institution may reduce the quantity of Subscription Licenses at the enrollment anniversary date on a prospective basis as follows:
 1. For Enterprise Platform Products, Licenses can be reduced, as long as the initial order minimum requirements are maintained.
 2. For Additional Products ordered Organization-wide or for the full Student Count, the quantity of Licenses can be reduced provided it remains equal to Institution's Organization-wide Count or Student Count (as applicable).
 3. For other Additional Products, Institution may reduce the Licenses. If the License count is reduced to zero, then Institution's use of the applicable Subscription License will be cancelled.
 - (iii) Annual order period.** Microsoft must receive an anniversary order prior to each Enrollment anniversary date. Institution may order more often than at each Enrollment anniversary date except for Subscription License reductions.
- h. Buy-out option.** Institution may buy out active Subscription Licenses acquired under this Enrollment for Products other than Online Services (if permitted) and acquire perpetual Licenses for the latest version of the Product as of the Expiration Date by placing an order for such Licenses. A buy-out option is available if Institution has licensed the Products under one or more Enrollments (including any extensions) for at least 36 full calendar months immediately preceding the Expiration Date. To exercise its buy-out option, Institution must submit and Microsoft must receive the buy-out order no more than 30 days prior to the Expiration Date. The Expiration Date will be the invoice date for the buy-out order. Institution may order perpetual Licenses for Education Platform Products and Additional Products licensed Organization-wide in a quantity at least equal to the Organization-wide Count, but not more than the number of Qualified Devices in the Organization on the date of the buy-out order. Institution may order perpetual Licenses for Additional Products in a quantity equal to the lowest number of Licenses ordered during any of the three 12-month periods immediately preceding the expiration of the Enrollment. The buy-out option is not available for Products licensed under the Student licensing option. Except as specifically provided otherwise in the Use Rights, perpetual Licenses acquired through the buy-out option are device Licenses.
- i. How to confirm orders.** Microsoft will publish password-protected information about orders placed by Institution, including an electronic confirmation of each order, at the Volume Licensing Service Center (<https://www.microsoft.com/licensing/servicecenter>) or a successor site. Upon Microsoft's acceptance of this Enrollment, the individual designated by Institution as its Online Administrator will be granted access to this site.
- j. Step up licenses.** For Licenses eligible for a step-up under this Enrollment, Institution may step-up to a higher edition or suite. The order requirements set forth in the subsection above titled "Adding Licenses for previously ordered Products" apply to all step-ups.

3. Pricing.

- a. Subscription price.** This section shall not apply to Products licensed to Institution at special promotion prices to distributor or Reseller, as applicable.

- (i) **One-year Licensed Period.** Microsoft will not increase the price it charges to the Reseller for an annual extension of a License by more than ten percent (10%) (as determined with reference to U.S. funds, regardless of the currency in which amounts are invoiced or payment is made) over the immediately preceding one year Licensed Period if Institution submits an extension order prior to the expiration of the Enrollment for the same Products in the same quantities as ordered in the expiring Licensed Period.
- (ii) **Three-year Licensed Period.** If Institution chooses a three-year Licensed Period and complies with the ordering requirements in this Enrollment, provided Institution qualifies for the same price level for the entire Licensed Period, for any Products ordered during the Licensed Period, Microsoft will charge the Reseller the same price for a License on each annual order as when Institution first ordered the Product, except for step-ups.
- b. **Price levels.** Institution's Organization-wide Count or Student Count, as applicable, determines the price level for Education Platform Products (A, B, C, or D). If Institution chooses to extend this Enrollment, the price level will be reset at the start of the extension term based on Institution's Organization-wide Count or Student Count at the time the extension order is placed. There are no price levels for Additional Products. Provided that Institution qualifies for the same price level for the entire term, Institution's price level does not change during the term of the Enrollment. If Institution qualifies for a different price level during the applicable initial or renewal term, Microsoft may at its discretion establish a new price level for future new orders either upon Institution's request or on its own initiative.

<input checked="" type="checkbox"/>	3,000	B
<input type="checkbox"/>	10,000	C
<input type="checkbox"/>	25,000	D

- c. **Setting Prices.** The price Institution will pay to license the Products will be determined by agreement between Institution and its Reseller. However, Microsoft will provide the Reseller with pricing at the outset of this Enrollment and will not increase the prices that it charges the Reseller for the Products during the term of the Enrollment.

4. **Qualifying systems Licenses.**

The desktop operating system Licenses granted under this program are upgrade Licenses only. Full desktop operating system Licenses are not available under this program. If Institution selects the Windows Desktop Operating System Upgrade, all Qualified Devices on which Institution runs the Windows Desktop Operating System Upgrade must be licensed to run one of the qualifying operating systems identified in the Product Terms.

5. **End of Enrollment term and termination.**

- a. **General.** Microsoft will notify Institution in writing prior to the expiration of the Enrollment. The notice will advise Institution of the option to (1) renew the Enrollment, (2) submit a new Enrollment, (3) exercise the buy-out option, or (4) allow the Enrollment to expire. Microsoft will not unreasonably reject any extension order or new Enrollment. However, Microsoft may make a change to this program that will make it necessary for Institution to enter into a new agreement prior to extending or submitting new Enrollment. Each Licensed Period will start the day following the expiration of the prior Licensed Period.
- b. **Extension orders.** Institution may elect to extend its initial Licensed Period for subsequent terms not to exceed 72 consecutive months from the initial effective date using any combination of (1) extension terms of 12 full calendar months and (2) one extension term of 36 full calendar months. Institution must submit, and Microsoft must receive, an extension order prior to the expiration of the Licensed Period.
- c. **If Institution elects not to renew.**
 - (i) **Subscription Licenses buy-out.** Institution may elect to obtain perpetual Licenses as described in the Section titled "Buy-out option" for Licenses for which a buy-out is available.
 - (ii) **Expiration of Enrollment.** Institution may allow the Enrollment to expire. If the Enrollment expires, the Licenses will be cancelled and will terminate as of the Expiration Date. Any associated media must be uninstalled and destroyed, and Organization must discontinue use. Microsoft may request written certification to verify compliance. Because all Licenses acquired under this agreement are temporary, Institution will not be eligible to obtain Software Assurance for those Licenses under any other Microsoft Volume licensing program without first acquiring a perpetual License or License and Software Assurance (L&SA).
- d. **Termination for cause.** Any termination for cause of this Enrollment will be subject to the "Termination for cause" section of the Agreement.
- e. **Early termination.** If Institution terminates its Enrollment as a result of a breach by Microsoft, or if Microsoft terminates an Online Service for regulatory reasons, Microsoft will issue Institution's Reseller a credit for any amount paid in advance for the period after termination.
