CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered California charter school law, as well as the *LAUSD Policy and Procedures for Charter Schools*, California State Board of Education's criteria for evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

<u>Governance</u> – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

<u>Student Achievement and Educational Performance</u> – demonstrating positive academic achievement and growth for all students

<u>Organizational Management, Programs, and Operations</u> – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school

Fiscal Operations – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide* 2021-2022. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: (4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory. In addition, the Summary of School Performance section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern. In accordance with its "tiered intervention" approach to charter school non-

compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

FISCAL OPERATIONS	RATING
You have been assessed by the Fiscal Oversight team and you are receiving the rating of 3, <i>Proficient</i> .	3
Other circumstances and information could influence the rating and are noted in this evaluation.	4
ECRCH's fiscal condition is positive and has had positive net assets since the 2017-2018 fiscal year. According to the 2020-2021 independent undit report, the school had positive net assets of \$19,881,821 and net income of \$13,854,210 when factoring in the school's obligation for its infunded post-retirement medical plan or Other Post-Employment Benefits (OPEB) and the related accrued expenses, as required by Accounting Standards Codification 715 (ASC 715). The 2021-2022 Second Interim projects positive net assets of \$21,721,248 and net income of \$1,839,427.	

Areas of Demonstrated Strength and/or Progress:

1. The school's fiscal condition is positive.

^{*}The Net Asset and Net Income figures represent the school's financial condition including its actuarial OPEB liability and related expenses for the respective fiscal years. According to the latest ASC 715 Report (issued by a certified actuary on July 12, 2021), and the 2020-2021 independent audit report, as of June 30, 2021, the school's net accumulated post-retirement benefit obligation was estimated at \$11,447,081. Per ECRCH, its accrued OPEB expenses were \$4,055,439, \$1,172,803, \$2,771,411, and \$3,238,176 for Fiscal Years 2017-2018, 2018-2019, 2019-2020, and 2020-2021, respectively. When excluding the actuarial OPEB liability (\$8,995,650 per the school's 2017-2018 audit report) and related expense, the school's net assets and net income would be \$20,962,600 and \$2,735,461, respectively, for Fiscal Year 2017-2018. When excluding the actuarial OPEB liability (\$16,387,765 per the school's 2019-2020 audit

report) and related expense, the school's net assets and net income would be \$22,415,376 and \$1,076,360, respectively, for Fiscal Year 2019-2020.

** Per ECRCH, and per the school's 2017-2018 independent audit report, the \$16,196,781 prior-year adjustments reflected in the school's 2017-2018 audit report (** as summarized in the financial table above), was primarily due to a significant decrease in the school's unfunded OPEB liability (as a result of Post-65 Retirees being required to enroll in Medicare Advantage, as per the 2017-2018 independent audit report).

***Per ECRCH's actuary, the (\$5,183,760) in prior-year adjustments reflected in the school's 2018-2019 audit report (as summarized in the financial table above) is primarily due to the increase in the Accumulated Post-Employment Benefit Obligation of \$5,182,848, and the components of the actuarial loss consist of the following factors:

- Economic conditions that were less favorable than expected on June 30, 2019, leading to a decrease in the discount rate (from to 3.65% from 4.1%);
- An increase in the number of retirees receiving benefits and the number of actively-employed participants potentially eligible for future benefits; and
- Updated mortality and trend rates.

Per ECRCH, the school made annual contributions to its OPEB in the amount of \$2,640,000, during Fiscal Years 2018-2019, 2019-2020, and 2020-2021 for each year. As of June 30, 2021, the market value of ECRCH's plan assets pertaining to its OPEB funds on deposit with its third party administrator was reported at \$21.2M, which exceeds the projected post-retirement costs under the school's OPEB plan over the next 10 years. Based on the June 30, 2021 ASC 715 Report and the 2020-2021 independent audit report, the expected retiree payments (mainly the actual pay-as-you-go costs) were estimated at \$4.6M over the next 10 years (i.e., from June 30, 2022 through June 30, 2031).

Areas Noted for Further Growth and/or Improvement:

1. Lack of Dual Signatures for Checks Over \$10,000:

Based on the CSD's review of sample check disbursements, the CSD noted one item with a check amount over \$10K that lacked a second signature (Check #1700, in the amount of \$41,000, dated 10/8/2021 and made payable to First Class Events). The copy of the canceled check provided to the CSD reflected only the signature from ECRCH's Executive Director. However, the manual approval of the purchase order documentation furnished to the CSD revealed that ECRCH's Executive Director and Assistant Principal had approved the expenditure. This issue was cited in ECRCH's 2019-20200 Annual Performance-Based Oversight Visit Report as a recurring finding.

Page 25 of ECRCH' fiscal policies and procedures on Key Accounting Thresholds states: "Checks over \$10,000 require two approvers/signatures."

In response to the CSD's observation above, ECRCH stated: "This exception will be noted to Staff, we will reinforce the FPP to ensure the process of checking for second signature when mailing out over 10k checks."

SD CHARTER SCHOOLS DIVISION SCHOOL NAME: El Camino Real Charter High

DATE OF VISIT: 4/6/2022

The CSD recommends that ECRCH implement a system to ensure that school leadership strictly adhere to its governing board-approved fiscal policies and procedures concerning reviews and approvals of checks for \$10K or more.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. Thus, the CSD's recommendations and the school's action plans concerning the above-noted findings and observations should be discussed at ECRCH's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report. It is the school's responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. Segregation of Duties Reviews – Lack of Training on School Fiscal Policies and Procedures:

Based on the CSD's Segregation of Duties (SOD) reviews conducted with ECRCH Leadership and its accounting staff, it was revealed that there are different views in terms of the training provided in the area of ECRCH Fiscal Policies and Procedures (FPPs). ECRCH Leadership indicated that training on ECRCH Fiscal Policies and Procedures is usually conducted at the beginning of the school, including a quick review of purchases. ECRCH further stated that they have an El Camino Real intranet (which serves as a resource to show staff how the process is done). ECRCH Leadership asserted that its business office also supports the staff as the need arises.

During the CSD's SOD review, ECRCH's accounting staff in charge with the day-to-day functions indicated that the school distributed the school's latest version of the ECRCH FPPs via email. For the purchasing of items, the school reminded school staff of the purchasing process at the beginning of each semester via email.

In response to the CSD's observation above, ECRCH stated: "COVID (protocols) environment prevented the normal review of the FPP with staff to start the 2021-22 School year. This training will resume at the [s]tart of the 2022-2023 School Year as we return to a more normal operating environment."

The CSD recommends the school perform periodic review of ECRCH's fiscal policies and procedures, and provide comprehensive training to all its new and existing governing board members, executive staff, and employees who are involved with financial operations, at least annually and when significant revisions are made, to ensure consistent expectations to its fiscal policies and procedures.

2. Checks Outstanding for 90 Days or More:

Based on the CSD's review and analysis of a sample of the school's Bank Reconciliation Reports for the period from August 2021 through January 2022, the CSD noted one check (Check #15664, in the amount of \$6.56, dated 8/19/2021 and made payable to a school employee) drawn on ECRCH's Operating Account Ending in X1796 that, as of January 31, 2022, had been outstanding for 90 days or more. This is a recurring issue cited in the school's 2019-2020, and 2020-2021 Annual Performance-Based Oversight Visit Reports.

Page 35 of ECRA's fiscal policies and procedures states: "Any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system."

In response to the CSD's observations above, ECRCH's Executive Director stated: "The outstanding check listed is for an Employee, who was out on a leave due to COVID that started in October. He was not in contact with the school during that time until his contested leave termination in November. Unanswered e-mails to him resulted in ECRCHS finally [v]oiding the check in February. During the pandemic we saw an increase in checks being held by Vendors due to the lack of staffing at the vendor sites (remote work)."

The CSD recommends that the school strictly adhere to its governing board-approved fiscal policies and procedures pertaining to the timely review and resolution of outstanding checks.

The Charter Schools Division will review the school's actions by or during the next oversight visit, if applicable. The results may be factored into the school's rating for next year.

Corrective Action Required:

- 28. The 2020-2021 audited and unaudited actuals do not mirror each other. ECRCH provided the following explanations for the significant variances between the Unaudited Actuals (UAR) and Audited Actuals:
 - a. A variance of (\$21,250,444) in Cash and Cash Equivalents was primarily due to the fact that the cash per the UAR was used to pay down the OPEB liability.
 - b. A variance of (\$21,250,444) in Current Assets was primarily due to the change in Cash and Cash Equivalents discussed above.
 - c. A variance of \$238,417 in Current Liabilities was primarily due to a reclassification of Other Long Term Liabilities to Current Liabilities.
 - d. A variance of (\$4,048,391) in Long-Term Liabilities was primarily due to the PPP Loan forgiven by SBA in October 2021, and ECRCH's auditors recording it as income for the 2020-20/21 audit report.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 4/6/2022

e. A variance of \$5,286,160 in Total Revenues was primarily due to the recognition of the PPP Loan forgiveness as income and STRS-related contributions recognized in the audited financials (offset with the related increased expenses).

f. A variance of \$1,477,041 in Total Expenditures was primarily due to the STRS "on-behalf contributions" (per the school's 2020-2021 audit).

- 29. The school's reported Norm Enrollment was 3,576, 3,479, 3,517, 3,652, and 3,567 for Fiscal Years 2017-2018, 2018-2019, 2019-2020, 2020-2021, and 2021-2022, respectively, representing an accumulated decrease in student enrollment of 9 students since Fiscal Year 2017-2018. ECRCH reported 3,567 Norm Enrollment for Fiscal Year 2021-2022, representing a shortfall of 59 students (1.63%) below its projected enrollment of 3,626 students for Fiscal Year 2021-2022 per its roll-out plan in its operative charter. The CSD will continue to monitor the school's student enrollment through oversight.
- 30. Per ECRCH, and per the school's 2017-2018 independent audit report, the \$16,196,781 prior-year adjustments reflected in the school's 2017-2018 audit report (** as summarized in the financial table under Areas of Demonstrated Strength and/or Progress above), was primarily due to a significant decrease in the school's unfunded Other Post-Employment Benefits (OPEB) liability (as a result of Post-65 Retirees being required to enroll in Medicare Advantage, as per the 2017-2018 independent audit report).

Per ECRCH's actuary, the (\$5,183,760) in prior-year adjustments reflected in the school's 2018-2019 audit report (*** as summarized in the financial table under Areas of Demonstrated Strength and/or Progress above) is primarily due to the increase in the Accumulated Post-Employment Benefit Obligation of \$5,182,848, and the components of the actuarial loss consist of the following factors:

- Economic conditions that were less favorable than expected on June 30, 2019, leading to a decrease in the discount rate (from to 3.65% from 4.1%)
- An increase in the number of retirees receiving benefits and the number of actively-employed participants potentially eligible for future benefits; and
- Updated mortality and trend rates.
