### **A. Record Attendance and Guests**

**B. Call the Meeting to Order**

Jonathan Wasser called a meeting of the board of directors of El Camino Real Charter High School to order on Thursday Aug 24, 2017 at 4:38 PM.

**C. Pledge of Allegiance**

**D. Public Comments**

Donna Bennett is a classified employee at ECRA. Thanked the Board for approving the retroactive pay raise for all classified.

**E. Executive Director Update**

New Student Night took place but did not go well as there were many more people than expected (@ 3,000). Next year it will be done over 3 nights, separated alphabetically by student last name. The first day of school went well, all students were enrolled by 10 a.m.

Sheryl Simmons and her husband donated 4,000 pairs of eclipse glasses, so the entire school was able to enjoy the eclipse and the school was able to use it as a learning experience.

Some challenging compliance issues has been having teachers clock out, asking for lessons plans, and having hourly employees clock in and out for lunch.

Regarding mandatory training videos for all staff, 81% of all staff have completed the Mandated Reporter: Child Abuse training within the first 2 weeks, and 70% have completed all 3 training videos.

Staff is promoting common core planning.

FCMAT (the last part of the MOU) came by in August and issued a preliminary report with 3 things we need to improve: 1) lack of procedures manual for the Business Office staff; 2) Business Office staff needed more professional development outside of ECRA; 3) lack of an integrated system, rather than having multiple systems that could cause errors in moving data from one system to the other. FCMAT will be making quarterly visits this year.

Mr. Hussey is trying to send out as much communication as possible so Board and stakeholders are informed as to what is happening.

Finally, Mr. Hussey wanted to advise that he does host international students.

**F. UTLA Update**

Carlos Monroy, UTLA Chapter Chair, noted that he and co-chair Zasha Endres has been communicating with admin and been collaboratively working on issues such as the Employee Handbook, clocking in and out, etc. Also, they are putting together a bargaining team to start negotiations again. Once the team is selected, they will let admin know. Expressed appreciation for all the Board members, including the teacher representatives Scott Silverstein, Steven Kofahl and Jonathan Wasser.

The board **VOTED** unanimously to approve the motion.

**B. June 2017 Financial Update**

The FY16-17 Year-End Net Income shows the difference between the previous forecast and the actual financials to date. The financials show a Fund Balance Restatement of negative \$24,112,988, due to the difference in the prior actuary report and the current actuary report as to the cost of lifetime benefits. The largest increase in expenses was a positive one due to the amount allocated to textbooks, which was not spent last year, but was spent this school year.

EdTec recommends re-approving the budget in the Fall, because there were some significant changes from the projected numbers. For example, there is a difference in enrollment based on what they projected and what it looks like it will actually be.

For the Shoup property, there has been a capital outlay to date of \$208,198 and total expenses paid of \$320,390, and a proposed 2017-18 budget of \$2,375,500.

**C. Discussion Regarding Increasing Contribution to Lifetime Benefits Trust**

Based on the new actuarial study, the amount needed to fully fund the lifetime benefit is \$360,000.00 per month or \$4,320,000.00 per year for a period of 14 years. This would start next year, as the actuary study has the school contributing \$1,200,000.00 this year.

This information was received at the end of last week, so a full presentation will be presented at the next Board meeting and the matter will be put to a vote.

**V. School Business**

**A.**

### **Update on Closing the Achievement Gap**

The sub-groups that the school is watching are 9th graders, African-Americans, Hispanics, ELs and Free and Reduced Priced Meal students. This will be done by monitoring A-G, SBAC, attendance, GPA, and graduation rates. Skills will be assessed through MAP Testing three times a year. In a College & Career Readiness (CC&R) class last year, about 25% of students who had once a week tutors increased their English or Math grades. Therefore, all CC&R classes for incoming 9th graders will receive AVID tutoring once a week. Last year, almost 10% of 9th graders failed 2 classes or more, and about 5% of 9th graders failed 4 classes or more.

The Board asked to see if more detail could be obtained, such as percentage scores as opposed to just the grade. This could possibly be obtained by taking snapshots of the gradebooks at weeks 5 and 20, to see if progress has been made.

The school currently has 30 ESL students and 87 EL students (2.5% of population, which is typical). School is in process of hiring 2 tutors for the ESL students, and another teacher for the EL students. And over 60 parents showed up for the English Learners Advisory Committee meeting.

### **B. Discuss and Vote on Work Education Experience Application**

Work Education Experience program allows students (juniors and seniors) to earn 10 elective credits per semester when they get jobs. The students will get to leave campus early. Mr. Dhillon meets with the students once a week and gives them a lesson plan to look over topics such as sexual harassment or how to read a paystub. Mr. Dhillon also visits each job site.

Darin Ryburn made a motion to approve the Work Education Experience application.

Steven Kofahl seconded the motion.

The board **VOTED** unanimously to approve the motion.

### **C. Introduction of Charter Advisory Committee**

Stakeholders were sent an email last year asking for interest in participating in the Charter Advisory Committee. Three parents and one teacher responded. The Committee is to serve as the liaison between stakeholders and the Board, and to review

the Board's compliance with the Charter. The Committee will meet and advise the Executive Director as to their findings.

Mr. Hussey noted that he would prefer stakeholders be involved in more productive tasks such as being part of a parent committee or school committee to assist in matters such as instruction or curriculum, as opposed to investing time in determining if the Board is complying with the Charter.

Ms. Kornack stated that she would prefer the demographics of the Committee to better represent the school.

#### **D. Discuss and Vote on Naviance Contract**

Naviance is a comprehensive college and career readiness program. It allows students to better prepare and plan for their future goals. Naviance helps students with college preparation, career exploration, and academic planning. And it helps the school by providing all the necessary information in one place. This meets the requirements of LCAP Goal 2.

Requested contract is \$28,942.15 for the first year, which will include 32 consulting hours for the college counselors to get training; then \$21,142.15 per year for years 2 and 3.

Darin Ryburn made a motion to approve the Naviance contract, at \$28,942.15 for the first year, and \$21,142.15 for years 2 and 3, with the contract to be signed by the Executive Director.

Beatriz Chen seconded the motion.

The board **VOTED** to approve the motion.

#### **E. Discuss and Vote on Change to College Readiness Block Grant**

The Board approved the College Readiness Block Grant in January, which included a budget of \$1,800 from food and posters. There was also a reallocation to properly identify that a portion of the summer school counseling hours fell in 2016-17 and a portion fell in 2017-18. Staff now seeks to use \$1,800 to provide partial scholarships for more teacher time for AP students to take college preparatory classes.

Motion tabled until next Board meeting.

#### **F. Discuss and Possible Vote on Lifetime Benefits for Certain Employees**

Three employees have been with ECR for some time; but they were paid by El Camino directly instead of LAUSD because LAUSD only allowed one employee to work as the business manager in the student store, and wouldn't pay for anyone more, and it was impossible for one employee to do all the work required. As a result, it was decided that ECR would hire these employees itself. When the school went charter, these employees became employees of ECR like the rest of staff.

The Board asked what the cost would be to provide these 3 employees with lifetime benefits. Alan Darby will provide this information at the next Board meeting.

The Motion is tabled until the next Board meeting.

**G. Discuss LAUSD's Annual Performance-Based Oversight Visit Report for 2016-2017 School Year**

LAUSD's Annual Performance-Based Oversight Visit Report for 2016-17 was reviewed.

The Summary of Ratings was reviewed, including those that were needed as developing or unsatisfactory. LAUSD is now judging us against other comparable charter schools, instead of against LAUSD schools. We received a 1 in Organizational Management, Programs and Operations, because of the failure of having all employees receive Mandated Reporter training within the statutory timeframe; and a 2 in Fiscal Operations because it was found that the school did not follow its board-approved fiscal policies and procedures, particularly with two credit card transactions.

**H. Discuss and Vote On Clarifying Language Allowing Retired Employees to Serve on Board**

The Bylaws as currently worded would potentially disqualify any retired former employee from serving on the Board, given that these retired individuals still receive a form of compensation from ECR. To do this, we would need amend the Bylaws to allow retired staff to serve; amending the Bylaws would require that we prepare and submit a material revision.

However, the concern is that a Board member who is receiving lifetime benefits may have to discuss and vote on whether to continue lifetime benefits.

Motion tabled to next meeting.

**I. Technology Update**

Ordered 800 student laptops w/ the ECR logo etched on, 20 carts with 40 laptops each. New teacher laptops ordered as well. Eight new iPads for the Board will be distributed over the course of time.

All network functions have been transferred over from LAUSD and is now in-house, including WiFi and internet services. We have to make sure all network functions are compatible and fully functional before going to the new phone system, considering VOIP.
